BACKGROUND

Over the past 6 decades, Congress has enacted a substantial body of law consisting of separate Acts dealing with pollution of air, water, and land generally and with specific pollutants in particular. That body of law has come to be known generally as “environmental law”. Those Acts are presently classified to several titles of the United States Code in disparate places. This bill is the first in a series to consolidate those Acts in a single title 55, “Environment”. The bill will enact subtitle I, “General Provisions” (consisting primarily of definitions for the title, establishment of the Environmental Protection Agency, and national environmental policy), and subtitle II, “Air” (consisting of the Clean Air Act and related laws). It is contemplated that subsequent bills will enact subtitles relating to water, land, and particular substances.

The bill restates the laws as a new positive law title of the United States Code to replace the former provisions, which are repealed by the bill.

The bill was prepared by the Office of the Law Revision Counsel as part of the Office’s ongoing responsibility under section 205(c) of House Resolution No. 988, 93d Congress, as enacted into law by Public Law 93–554 (2 U.S.C. 285b), “[t]o prepare, and submit to the Committee on the Judiciary one title at a time, a complete compilation, restatement, and revision of the general and permanent laws of the United States”.

RESTATEMENT DOES NOT CHANGE MEANING OR EFFECT OF
EXISTING LAW

The bill is a codification measure prepared in accordance with section 205(c) of House Resolution No. 988, 93d Congress as enacted into law by Public Law 93–554 (2 U.S.C. 285b). The purpose of the bill is to enact a restatement of certain existing law relating to the environment as a positive law title of the United States Code. The restatement of existing law does not change the meaning or effect of the existing law. The restatement consolidates various provisions that were enacted separately over a period of many years, reorganizing them, conforming style and terminology, modernizing obsolete language, and correcting drafting errors. These changes serve to remove ambiguities, contradictions, and other imperfections, but they do not change the meaning or effect of the existing law or impair the precedential value of earlier judicial decisions or other interpretations.

The courts have repeatedly held that the restatement of existing law in a bill such as this one does not change the meaning or effect of the existing law unless Congress explicitly expresses the intent to do so. See, e.g., the following:

Finley v. United States, 490 U.S. 545, 553–55 (1989).

Former United States Code Section	Disposition
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(4)).	Repealed as unnecessary and obsolete. Transferred to the Administrator the function of establishing tolerances for pesticide chemicals under sections 406, 408, and 409 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 343, 346a, 348), together with authority to monitor compliance with the tolerances and the effectiveness of surveillance and enforcement and provide technical assistance to the States and conduct research under that Act and the Public Health Service Act. The paragraph is unnecessary with respect to section 406 because section 4 amends that section to specify the function that is to be performed by the Administrator (rather than the Secretary of Health and Human Services) under that section. The paragraph is unnecessary with respect to section 408 because the section has previously been amended, and section 4 makes a clarifying amendment to that section, to specify the function that is to be performed by the Administrator (rather than the Secretary of Health and Human Services) under that section. The paragraph is obsolete with respect to section 409 because of the amendments to the definitions of the terms “pesticide chemical”, “pesticide”, and “food additive” in section 201 of the Federal Food, Drug, and Cosmetic Act made by Pub. L. 104–170 § 402(a) and (b), which had the result of eliminating the function of the Administrator under section 409.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(5)).	55 U.S.C. 103105(a)(2)
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(6)).	Repealed as unnecessary because the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.) has previously been amended to specify the functions that are to be performed by the Administrator (rather than the Atomic Energy Commission) under that Act.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(7)).	Repealed as unnecessary because section 4 amends section 274h of the Atomic Energy Act of 1954 (42 U.S.C. 2021(h)) to specify the functions that are to be performed by the Administrator (rather than the Federal Radiation Council) under that section.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(8)(i)).	Repealed as unnecessary because the Federal Insecticide, Fungicide, and Rodenticide Act has previously been amended to specify the functions that are to be performed by the Administrator under that Act.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(8)(iii)).	Repealed as unnecessary because section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a) has previously been amended to specify the functions that are to be performed by the Administrator (rather than the Secretary of Agriculture) under that section.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(8)(iii)).	55 U.S.C. 103105(a)(3)
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(9) through end of subparagraph (1)).	55 U.S.C. 103105(a)(4)
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(a)(9) subparagraph (2) through end of paragraph (9)).	Repealed as unnecessary because section 4 amends section 169(d)(3) of the Internal Revenue Code of 1986 to specify that the Administrator is the Federal certifying authority.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(b)(1)).	Repealed as unnecessary because the Federal Water Pollution Control Act has previously been amended to specify, in section 503 (33 U.S.C. 1363), that the Water Pollution Control Board is established in EPA, and repealed as obsolete because the hearing boards transferred under the provision were eliminated in the amendment of the Federal Water Pollution Control Board made by Pub. L. 92–500.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 2(b)(2)).	Repealed as obsolete because the Air Quality Advisory Board transferred under the provision was abolished by section 115 of Pub. L. 95–95.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 3).	55 U.S.C. 103105(b)
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 4).	Repealed as obsolete, the transfers of personnel, property, records, and unexpended balances of appropriations, allocations, and other funds under the provision having been executed.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 5).	Repealed as obsolete. Provided for service of interim officers of EPA until EPA offices were filled.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 6).	Repealed as obsolete. Abolished the Federal Water Quality Administration and the Federal Radiation Council.
42 U.S.C. 4321 note; 5 U.S.C. App. (Reorganization Plan No. 3 of 1970, § 7).	Repealed as obsolete. Provided an effective date for the reorganization plan.

SECTION-BY-SECTION EXPLANATION

SECTION 1—TABLE OF CONTENTS

Section 1 of the bill provides a table of contents for the Act.

SECTION 2—PURPOSE; RESTATEMENT DOES NOT CHANGE MEANING OR EFFECT OF EXISTING LAW

Section 2(a) of the bill provides that the purpose is to codify certain existing laws relating to the environment as a positive law title of the United States Code.

Section 2(b)(1) of the bill provides that the restatement of existing law does not change the meaning or effect of the existing law (see the explanation above, under the heading “Restatement Does Not Change Meaning or Effect of Existing Law”).

Section 2(b)(2) of the bill creates a rule of construction to provide that, notwithstanding the plain meaning rule or other rules of statutory construction, a change in wording made in the restatement of existing law serves to clarify the existing law, but not to change the meaning or effect of the existing law. This rule of construction applies whether or not a change in wording is explained by a revision note appearing in a congressional report accompanying the bill. The bill provides that if such a revision note does appear, a court is required to consider the revision note in interpreting the change.

SECTION 3—ENACTMENT OF TITLE 55, UNITED STATES CODE

Section 3(a) of the bill enacts title 55, United States Code, and section 3(b) restates source law criminal provisions in title 18 of the Code. For each section of those titles, the source law citations, along with any revision notes, are set out below. In the revision notes, where language is quoted from a source provision, the enacted language, as it appears in the Statutes at Large rather than in the United States Code, is shown. This is because language appearing in a non-positive law title of the United States Code may vary slightly from the enacted language as necessary to integrate the source provision into the United States Code.

TITLE 55 SECTION SOURCE CREDIT TABLES AND REVISION NOTES

TITLE 55—ENVIRONMENT

The following revisions are made throughout the title:

For consistency, defined terms that may have title-wide applicability are moved to 55 U.S.C. 101101.

For consistency, references to the Environmental Protection Agency are generally changed to refer to the Administrator (except when reference is made to the Environmental Protection Agency as an agency rather than as the person with responsibility for carrying out an action).

Provisions that relate solely to an event in the past are omitted. In a provision requiring that an action of continuing effect be taken by a date that has passed, the words that specify the date by which the action was required to have been taken are omitted, and the words describing the action that is of continuing effect are restated with appropriate modification.

The word “may” is substituted for “is authorized to” to eliminate unnecessary words, for clarity, and for consistency in the title.

The word “shall” is substituted for “is authorized and directed to” to eliminate unnecessary words, for clarity, and for consistency in the title.

The word “includes” is substituted for “includes, but is not limited to” and similar phrases to eliminate unnecessary words, for clarity, and for consistency in the title, because “includes” is used only in the sense of inclusion and not in any sense of exclusion.

The word “ensure” is substituted for “assure” or “insure” as necessary for consistency in the title.

The word “such” is replaced, where appropriate, by “the” or “that” or by the term to which it refers for clarity, for consistency in the title, and to conform to standard English usage.

The word “that” is substituted for “which” where used as a restrictive relative pronoun for consistency in the title and to conform to standard English usage.

The word “regulation” is substituted for “rule” where used to mean “regulation” for consistency in the title.

The word “consider” is substituted for “deem” except where it is used to express a legal fiction, for consistency in the title.

In references to a section or other provision of a law, parenthetical summaries of the contents of the provision following the section number or other provision designation are omitted as unnecessary, for clarity, and for consistency in the title.

In subsection (a)(3)(L), words describing the costs for which a fee is required to be charged until the fee requirement is superseded by approval of a fee program under title V of the Clean Air Act are omitted because of the promulgation of part 70 of title 40, Code of Federal Regulations, and the approval of fee programs under that part.

In subsection (a)(4)(B), “enforcement orders under section 113(d)” is omitted because section 113(d), as amended by section 701 of Public Law 101–549 (104 Stat. 2672), no longer authorizes such orders.

In paragraph (5) of subsection (a), a subparagraph providing that “[f]or purposes of this paragraph and paragraph (2)(B), the term ‘transportation control measure’ does not include any measure which is an ‘indirect source review program’” is omitted because neither paragraph (5) nor paragraph (2)(B) uses that term.

In subsection (a), paragraph (6) of section 110(a) of the Clean Air Act (42 U.S.C. 7410(a)), relating to the requirements of section 113(d) of the Clean Air Act (42 U.S.C. 7413(d)), is omitted because those provisions are being repealed as obsolete.

In subsections (a)(6) and (g), “an order under section 113(d)” is omitted because section 113(d), as amended by section 701 of Public Law 101–549 (104 Stat. 2672), no longer authorizes orders of the kind intended to be referred to.

In subsection (g), a reference to a primary nonferrous smelter order under section 119 of the Clean Air Act (42 U.S.C. 7419) is omitted because that section is being repealed as obsolete.

In subsection (a), “except subsection (r)” is omitted from the matter preceding paragraph (1) and in paragraph (10), “Except in subsection (q)” is inserted before “the term” for clarity, because “owner or operator” is the only term defined in subsection (a) that is used in subsection (q) without definition.

In subsection (a)(3), the definition of “carcinogenic effect” is recast as a definition of “carcinogenic” because the former term is not used in the section and to cause the definition to apply to the term “carcinogenic” where that term is used in the section.

In subsection (a)(3)(A), “November 15, 1990” is substituted for “the date of enactment” for clarity.

In subsection (a)(7)(A), “potential to emit, considering controls, in the aggregate” is substituted for “potential to emit considering controls, in the aggregate” for clarity.

In subsection (i)(8), section 112(i)(8)(B)(ii) of the Clean Air Act (42 U.S.C. 7412(i)(8)(B)(ii)), providing for emission limitations applicable to coke oven batteries if the Administrator fails to promulgate such emission limitations, is omitted because of the promulgation of subpart L of part 63 of title 40, Code of Federal Regulations.

In subsection (i)(8), section 112(i)(8)(C) of the Clean Air Act (42 U.S.C. 7412(i)(8)(C)), which required the Administrator, not later than January 1, 2007, to review the emission limitations promulgated under 42 U.S.C. 7412(i)(8)(B) and revise, as necessary, the emission limitations to reflect the lowest achievable emission rate at the time for a coke oven battery that is rebuilt or a replacement at a coke oven plant for an existing battery, is omitted as obsolete.

In subsection (j)(3)(C), “Solid Waste Disposal Act” is substituted for “Resource Conservation and Recovery Act” to make clear that what is intended to be referred to is the Solid Waste Disposal Act

(which was amended in total by section 2 of the Resource Conservation and Recovery Act) and not section 1, 3, or 4 of the Resource Conservation and Recovery Act (90 Stat. 2795, 2840).

In subsection (j)(4), “In addition to the national urban air toxics strategy authorized by paragraph (3)” is omitted as unnecessary.

In subsection (a), in the matter following paragraph (2), “and in carrying out the requirements of section 113(d) (relating to certain enforcement orders)” is omitted because section 113(d) of the Clean Air Act (42 U.S.C. 7413(d)), as amended by section 701 of Public Law 101–549 (104 Stat. 2672), no longer authorizes such orders.

In subsection (a), in the matter preceding paragraph (1), “For purposes of section 306 of the Clean Air Act Amendments of 1990”, referring to section 306 of Pub. L. 101–549, is omitted as obsolete. In subsection (b)(4)(A), “for the following” is substituted for “for the following substances or mixtures” to eliminate unnecessary words and for consistency with the word “opacity” in clause (ii), since opacity is not a substance or mixture.

In subsection (d)(2)(C), “members of the public” is substituted for “interested members of the public” to eliminate an unnecessary word and make clear that a member of the public need not demonstrate any particular interest in a facility to be entitled to inspect and copy monitoring results.

In subsection (g)(3), “After the effective date of any performance standard” is omitted as unnecessary.

In paragraphs (1), (2), and (3) of subsection (b), “baseline concentration of sulfur dioxide and particulate matter” is substituted for “baseline concentration of those pollutants” for clarity.

In subsection (c)(1)(D), “the baseline concentration” is substituted for “the baseline concentration determined in accordance with section 169(4)” for clarity and consistency and to eliminate unnecessary words, because “baseline concentration” is a defined term.

In subsection (a)(2)(A)(i), “national seashore” is substituted for “seashore” for clarity.

In subsection (c), “Such Indian governing body shall be subject in all respect to the provisions of subsection (e)” is omitted as unnecessary because that subsection, which appears as subsection (d) of this section, so provides by its own terms.

In subsection (d)(2)(D)(i), “denied a permit under subparagraph (C)(iii)(I)” is substituted for “denied a certification under subparagraph (C)(iii)(I)” for consistency with subparagraph (C)(iii)(I).

In subsection (d)(2)(D)(iii)(I)(aa), “major emitting facility” is substituted for “any facility” for clarity.

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>

In subsection (a)(1), “A total of \$8,000,000 per year for 5 years is authorized to be appropriated for the Environmental Protection Agency and the other Federal agencies to conduct this research.” is omitted as obsolete.

In subsection (c)(2)(B), “(B) VOTING.—Decisions of, and recommendations and requests to the Administrator, by an interstate transport commission may be made only by a majority vote of all members other than the Administrator and the Federal agency representatives (or designees).” is substituted for “(B) EX OFFICIO MEMBERS.—All representatives of the Federal Government shall be ex officio members.” for clarity and for consistency with 55 U.S.C. 215108(b)(2). The term “ex officio” means by virtue of office, without any appointment other than that resulting from holding a particular office. To the extent that the statement “All representatives of the Federal Government shall be ex officio members” refers to the Administrator, the statement is true but unnecessary. To the extent that the statement fails to mention that a Governor of a State is an ex officio member, the statement is incomplete. To the extent that the statement refers to a representative of each Federal agency charged with the direct management of an area, the statement is false because such a representative has to be appointed. In these circumstances, it appears that “ex officio” is intended to mean nonvoting.

In subsection (c)(2)(C), “shall not be subject to the Federal Advisory Committee Act (5 U.S.C. App.)” is substituted for “shall be exempt from the requirements of the Federal Advisory Committee Act (5 U.S.C. Appendix 2, Section 1)” for consistency with section 215108(b)(4) and to make clear that it is the entire Federal Advisory Committee Act, and not only section 1 of that Act, from which a visibility transport commission is exempt.

In subsection (e)(2), “emission limitations” is substituted for “emission limits” for consistency in the title.

221111(u)	42 U.S.C. 7545(d)	Act of July 14, 1955, ch. 360, title II, § 211(d)

In subsection (d)(4)(C)(vi)(VI), “any fuel additive registered in accordance with subsection (c)” is substituted for “any fuel additive registered in accordance with subsection (b), including any fuel additive registered in accordance with subsection (b) after the enactment of this subclause” to eliminate unnecessary words.

In subsection (f)(3), “any vehicle or engine” is substituted for “any vehicle” for clarity.

In the 2d sentence of subsection (i)(2), “to distinguish the non-motor vehicle diesel fuel from motor vehicle diesel fuel” is substituted for “to segregate it from motor vehicle diesel fuel” for clarity.

In subsection (k)(2)(A)(ii), “any air-quality related and nonair-quality related health and environmental impacts and energy requirements” is substituted for “any nonair-quality and other air-quality related health and environmental impacts and energy requirements” for clarity.

In subparagraph (B)(iii)(III) of subsection (k)(2), “requirements” is substituted for “standards” for consistency with subparagraph (A) and paragraph (3)(B).

In subsection (k)(2)(B), clauses (i) through (v) and the last sentence of clause (vi) of section 211(k)(2)(B) of the Clean Air Act (42 U.S.C. 7545(k)(2)(B)) are omitted because final regulations described in that sentence were promulgated before July 1, 2007. See 72 Fed. Reg. 8428 (February 26, 2007).

In subsection (o)(1), “In this subsection” is substituted for “In this section” to avoid conflict between definitions of the terms “renewable biomass” and “renewable fuel” as used in subsections (o) and (q).

In subclauses (I) and (II) of subsection (o)(2)(A)(i), “sold or introduced into commerce in the contiguous States” is substituted for “sold or introduced into commerce in the United States (except in noncontiguous States or territories)” for clarity and to eliminate unnecessary words.

In subparagraphs (A) and (B)(ii)(II) of subsection (o)(3), “sold or introduced into commerce” is substituted for “sold or introduced into commerce in the United States” to eliminate unnecessary words.

In subsection (o), paragraph (8) of 42 U.S.C. 7545(o), which required the Secretary of Energy, not later than 180 days after August 8, 2005, to conduct a study assessing whether the renewable fuel requirement under paragraph (2) will likely result in significant adverse impacts on consumers in 2006 and to make recommendations to the Administrator concerning waiver of the requirements of paragraph (2), and directing the Administrator, not later than 270 days after that date, to waive the renewable fuel requirement by reducing the national quantity of renewable fuel required in calendar year 2006, is omitted as obsolete.

In subsection (o)(11)(A)(i), “for purposes of other provisions of this chapter” is substituted for “for purposes of other provisions (including section 165) of this Act” to eliminate unnecessary words because the section 165 that is referred to is part of the Act that is referred to, namely, the Clean Air Act.

In subsection (p), paragraph (3) of section 211(q) of the Clean Air Act (42 U.S.C. 7545(q)), which required the Administrator, not later than one year after August 8, 2005, to conduct a study, and report to Congress the results of the study, on the effects of ethanol content in gasoline on permeation, is omitted as obsolete.

In subsection (q)(1)(A), “a fuel or component of fuel that has been approved by the Secretary of Energy” is substituted for “fuel and components of fuel that have been approved by the Department of

Energy, as defined in section 301 of the Energy Policy Act of 1992 (42 U.S.C. 13211)” to eliminate unnecessary words and for clarity because 42 U.S.C. 13211 does not define the term “Department of Energy” or any other term used in the subparagraph.

In subparagraph (C) of subsection (q)(1), “The term ‘renewable biomass’ means” is substituted for “The term ‘renewable biomass’ is, as defined in Presidential Executive Order 13134, published in the Federal Register on August 16, 1999” to eliminate unnecessary words and for clarity because the definition of “renewable biomass” in the subparagraph differs from the definition in Executive Order No. 13134.

In subsection (r)(1), “it shall not be a violation of this chapter” is substituted for “it shall not be a violation of this subtitle” because titles of the Clean Air Act are divided into parts rather than subtitles, and part A of title II of the Clean Air Act is restated as chapter 221 of title 55.

In subsection (r)(1)(D), “the retailer does not, between June 1 and September 15 of any year” is substituted for “the retailer does not, between June 1 and September 15 of each year” for clarity.

In subsection (s), paragraphs (2) through (4) of section 211(u) of the Clean Air Act (42 U.S.C. 7545(u)), providing that unless the American Society for Testing and Materials adopts a standard for diesel fuel containing 20 percent biodiesel and a standard for diesel fuel containing 5 percent biodiesel within 1 year after December 18, 2007, the Administrator shall promulgate a regulation setting standards within 18 months after December 18, 2007, are omitted as obsolete because of the adoption of ASTM D975–08a, ASTM D396–08b, ASTM D7567–08, and ASTM D6751–08a.

In subsection (s)(2)(A), “sold or distributed in commerce” is substituted for “sold or distributed in interstate commerce” to make clear that commerce described in subparagraph (B) of 55 U.S.C. 221101(1) is included as well as commerce described in subparagraph (A) of 55 U.S.C. 221101(1).

In the 1st sentence of subsection (u)(1), “violation or failure” is substituted for “violation” for clarity.

In the 2d sentence of subsection (u)(1), “each day” is substituted for “each and every day” to eliminate unnecessary words, for clarity, and for consistency in the title.
