(2) If the institution determines that the student inadvertently borrowed amounts in excess of such annual or aggregate maximum loan limits, such institution shall allow the student to repay any amount borrowed in excess of such limits prior to certifying the student’s eligibility for further assistance under this subchapter.

**(g) Verification of immigration status**

**(1) In general**

The Secretary shall implement a system under which the statements and supporting documentation, if required, of an individual declaring that such individual is in compliance with the requirements of subsection (a)(5) shall be verified prior to the individual’s receipt of a grant, loan, or work assistance under this subchapter.

**(2) Special rule**

The documents collected and maintained by an eligible institution in the admission of a student to the institution may be used by the student in lieu of the documents used to establish both employment authorization and identity under section 1324a(b)(1)(B) of title 8 to verify eligibility to participate in work-study programs under part C of this subchapter.

**(3) Verification mechanisms**

The Secretary is authorized to verify such statements and supporting documentation through a data match, using an automated or other system, with other Federal agencies that may be in possession of information relevant to such statements and supporting documentation.

**(4) Review**

(A) the institution—

(i) shall provide a reasonable opportunity to submit to the institution evidence indicating a satisfactory immigration status, and

(ii) may not delay, deny, reduce, or terminate the individual’s eligibility for the

grant, loan, or work assistance on the basis of the individual's immigration status until such a reasonable opportunity has been provided; and

(B) if there are submitted documents which the institution determines constitute reasonable evidence indicating such status—

(i) the institution shall transmit to the Immigration and Naturalization Service either photostatic or other similar copies of such documents, or information from such documents, as specified by the Immigration and Naturalization Service, for official verification,

(ii) pending such verification, the institution may not delay, deny, reduce, or terminate the individual's eligibility for the grant, loan, or work assistance on the basis of the individual's immigration status, and

**(h) Limitations of enforcement actions against institutions**

The Secretary shall not take any compliance, disallowance, penalty, or other regulatory action against an institution of higher education with respect to any error in the institution's determination to make a student eligible for a grant, loan, or work assistance based on citizenship or immigration status—

(1) if the institution has provided such eligibility based on a verification of satisfactory immigration status by the Immigration and Naturalization Service,

(2) because the institution, under subsection (g)(4)(A)(i), was required to provide a reasonable opportunity to submit documentation, or

(3) because the institution, under subsection (g)(4)(B)(i), was required to wait for the response of the Immigration and Naturalization Service to the institution's request for official verification of the immigration status of the student.

**(i) Validity of loan guarantees for loan payments made before immigration status verification completed**

Notwithstanding subsection (h),<sup>1</sup> if—

(3) amounts are paid under the loan subject to such guaranty, and

(4) there is a subsequent determination that, because of an unsatisfactory immigration status, the individual is not eligible for the loan,

the official of the institution making the determination shall notify and instruct the entity making the loan to cease further payments under the loan, but such guaranty shall not be voided or otherwise nullified with respect to such payments made before the date the entity receives the notice.

**(3) Special rule**

For award years beginning prior to July 1, 2008, the Secretary shall not take any compliance, disallowance, penalty, or other action based on a violation of this subsection against a student or an eligible institution when such action arises out of such institution's prior award of student assistance under this subchapter if the institution demonstrates to the satisfaction of the Secretary that its course of instruction would have been in conformance with the requirements of this subsection.

**(m) Students with a first baccalaureate or professional degree**

A student shall not be ineligible for assistance under parts B, C, D, and E of this subchapter because such student has previously received a baccalaureate or professional degree.

**(n) Data base matching**

To enforce the Selective Service registration provisions of section 3811(f) of title 50, the Secretary shall conduct data base matches with the Selective Service, using common demographic data elements. Appropriate confirmation, through an application output document or through other means, of any person's registration shall fulfill the requirement to file a separate statement of compliance. In the absence of a confirmation from such data matches, an institution may also use data or documents that support either the student's registration, or the

absence of a registration requirement for the student, to fulfill the requirement to file a separate statement of compliance. The mechanism for reporting the resolution of nonconfirmed matches shall be prescribed by the Secretary in regulations.

**(o) Study abroad**

Nothing in this chapter shall be construed to limit or otherwise prohibit access to study abroad programs approved by the home institution at which a student is enrolled. An otherwise eligible student who is engaged in a program of study abroad approved for academic credit by the home institution at which the student is enrolled shall be eligible to receive grant, loan, or work assistance under this subchapter, without regard to whether such study abroad program is required as part of the student's degree program.

(2) If there is a determination by the Secretary that the social security number provided to an eligible institution by a student is incorrect, the institution shall deny or terminate the student's eligibility for any grant, loan, or work assistance under this subchapter until such time as the student provides documented evidence of a social security number that is determined by the institution to be correct.

(3) If there is a determination by the Secretary that the social security number provided to an eligible institution by a student is incorrect, and a correct social security number cannot be provided by such student, and a loan has been guaranteed for such student under part B of this subchapter, the institution shall notify and instruct the lender and guaranty agency making and guaranteeing the loan, respectively, to cease further disbursements of the loan, but such guaranty shall not be voided or otherwise nullified with respect to such disbursements made before the date that the lender and the guaranty agency receives such notice.

(4) Nothing in this subsection shall permit the Secretary to take any compliance, disallowance, penalty, or other regulatory action against—

(A) any institution of higher education with respect to any error in a social security number, unless such error was a result of fraud on the part of the institution; or

(B) any student with respect to any error in a social security number, unless such error was a result of fraud on the part of the student.

**(2) Leave of absence**

**(A) Leave not treated as withdrawal**

In the case of a student who takes 1 or more leaves of absence from an institution for not more than a total of 180 days in any 12-month period, the institution may consider the student as not having withdrawn from the institution during the leave of absence, and not calculate the amount of grant and loan assistance provided under this subchapter that is to be returned in accordance with this section if—

- (i) the institution has a formal policy regarding leaves of absence;
- (ii) the student followed the institution's policy in requesting a leave of absence; and
- (iii) the institution approved the student's request in accordance with the institution's policy.

**(B) Consequences of failure to return**

If a student does not return to the institution at the expiration of an approved leave of absence that meets the requirements of subparagraph (A), the institution shall calculate the amount of grant and loan assistance provided under this subchapter that is to be returned in accordance with this section based on the day the student withdrew (as determined under subsection (c)).

**(3) Calculation of amount of subchapter IV assistance earned**

**(A) In general**

The amount of grant or loan assistance under this subchapter that is earned by the recipient for purposes of this section is calculated by—

- (i) determining the percentage of grant and loan assistance under this subchapter that has been earned by the student, as described in subparagraph (B); and
- (ii) applying such percentage to the total amount of such grant and loan assistance that was disbursed (and that could have been disbursed) to the student, or on the student's behalf, for the payment period or period of enrollment for which the assistance was awarded, as of the day the student withdrew.

**(B) Percentage earned**

For purposes of subparagraph (A)(i), the percentage of grant or loan assistance under this subchapter that has been earned by the student is—

- (i) equal to the percentage of the payment period or period of enrollment for which assistance was awarded that was completed (as determined in accordance with subsection (d)) as of the day the student withdrew, provided that such date occurs on or before the completion of 60 percent of the payment period or period of enrollment; or
- (ii) 100 percent, if the day the student withdrew occurs after the student has

completed (as determined in accordance with subsection (d)) 60 percent of the payment period or period of enrollment.

**(C) Percentage and amount not earned**

For purposes of subsection (b), the amount of grant and loan assistance awarded under this subchapter that has not been earned by the student shall be calculated by—

- (i) determining the complement of the percentage of grant assistance under subparts 1 and 3 of part A, or loan assistance under parts B, D, and E, that has been earned by the student described in subparagraph (B); and
- (ii) applying the percentage determined under clause (i) to the total amount of such grant and loan assistance that was disbursed (and that could have been disbursed) to the student, or on the student's behalf, for the payment period or period of enrollment, as of the day the student withdrew.

**(4) Differences between amounts earned and amounts received**

**(A) In general**

After determining the eligibility of the student for a late disbursement or post-withdrawal disbursement (as required in regulations prescribed by the Secretary), the institution of higher education shall contact the borrower and obtain confirmation that the loan funds are still required by the borrower. In making such contact, the institution shall explain to the borrower the borrower's obligation to repay the funds following any such disbursement. The institution shall document in the borrower's file the result of such contact and the final determination made concerning such disbursement.

**(B) Return**

If the student has received more grant or loan assistance than the amount earned as calculated under paragraph (3)(A), the unearned funds shall be returned by the institution or the student, or both, as may be required under paragraphs (1) and (2) of subsection (b), to the programs under this subchapter in the order specified in subsection (b)(3).

**(b) Return of subchapter IV program funds**

**(1) Responsibility of the institution**

The institution shall return not later than 45 days from the determination of withdrawal, in the order specified in paragraph (3), the lesser of—

- (A) the amount of grant and loan assistance awarded under this subchapter that has not been earned by the student, as calculated under subsection (a)(3)(C); or
- (B) an amount equal to—
  - (i) the total institutional charges incurred by the student for the payment period or period of enrollment for which such assistance was awarded; multiplied by
  - (ii) the percentage of grant and loan assistance awarded under this subchapter that has not been earned by the student, as described in subsection (a)(3)(C)(i).

**(2) Responsibility of the student****(A) In general**

The student shall return assistance that has not been earned by the student as described in subsection (a)(3)(C)(ii) in the order specified in paragraph (3) minus the amount the institution is required to return under paragraph (1).

**(B) Special rule**

The student (or parent in the case of funds due to a loan borrowed by a parent under part B or D) shall return or repay, as appropriate, the amount determined under subparagraph (A) to—

- (i) a loan program under this subchapter in accordance with the terms of the loan; and
- (ii) a grant program under this subchapter, as an overpayment of such grant and shall be subject to—

**(C) Grant overpayment requirements****(i) In general**

Notwithstanding subparagraphs (A) and (B), a student shall only be required to return grant assistance in the amount (if any) by which—

- (II) 50 percent of the total grant assistance received by the student under this subchapter for the payment period or period of enrollment.

**(ii) Minimum**

A student shall not be required to return amounts of \$50 or less.

**(D) Waivers of Federal Pell Grant repayment by students affected by disasters**

The Secretary may waive the amounts that students are required to return under this section with respect to Federal Pell Grants if the withdrawals on which the returns are based are withdrawals by students—

- (i) who were residing in, employed in, or attending an institution of higher education that is located in an area in which the President has declared that a major disaster exists, in accordance with section 5170 of title 42;
- (ii) whose attendance was interrupted because of the impact of the disaster on the student or the institution; and
- (iii) whose withdrawal ended within the academic year during which the designation occurred or during the next succeeding academic year.

**(E) Waivers of grant assistance repayment by students affected by disasters**

In addition to the waivers authorized by subparagraph (D), the Secretary may waive the amounts that students are required to return under this section with respect to any

other grant assistance under this subchapter if the withdrawals on which the returns are based are withdrawals by students—

- (i) who were residing in, employed in, or attending an institution of higher education that is located in an area in which the President has declared that a major disaster exists, in accordance with section 5170 of title 42;
- (ii) whose attendance was interrupted because of the impact of the disaster on the student or the institution; and
- (iii) whose withdrawal ended within the academic year during which the designation occurred or during the next succeeding academic year.

**(3) Order of return of subchapter IV funds****(A) In general**

Excess funds returned by the institution or the student, as appropriate, in accordance with paragraph (1) or (2), respectively, shall be credited to outstanding balances on loans made under this subchapter to the student or on behalf of the student for the payment period or period of enrollment for which a return of funds is required. (ii) the student otherwise provided official notification to the institution of the intent to withdraw; or

(iii) in the case of a student who does not begin the withdrawal process or otherwise notify the institution of the intent to withdraw, the date that is the mid-point of the payment period for which assistance under this subchapter was disbursed or a later date documented by the institution; or

**(2) Special rule**

Notwithstanding paragraph (1), if the institution determines that a student did not begin the withdrawal process, or otherwise notify the institution of the intent to withdraw, due to illness, accident, grievous personal loss, or other such circumstances beyond the student's control, the institution may determine the appropriate withdrawal date.

**(d) Percentage of the payment period or period of enrollment completed**

For purposes of subsection (a)(3)(B), the percentage of the payment period or period of enrollment for which assistance was awarded that was completed, is determined—

**§ 1091c. Readmission requirements for servicemembers**

**(a) Definition of service in the uniformed services**

In this section, the term “service in the uniformed services” means service (whether voluntary or involuntary) on active duty in the Armed Forces, including such service by a member of the National Guard or Reserve, for a period of more than 30 days under a call or order to active duty of more than 30 days.

**(b) Discrimination against students who serve in the uniformed services prohibited**

A person who is a member of, applies to be a member of, performs, has performed, applies to perform, or has an obligation to perform, service in the uniformed services shall not be denied readmission to an institution of higher education on the basis of that membership, application for membership, performance of service, application for service, or obligation.

**(c) Readmission procedures**

**(1) In general**

Any student whose absence from an institution of higher education is necessitated by reason of service in the uniformed services shall be entitled to readmission to the institution of higher education if—

be compromised or otherwise adversely affected by public knowledge.

**(B) Failure to give advance notice**

Any student (or an appropriate officer of the Armed Forces or official of the Department of Defense) who did not give advance written or verbal notice of service to the appropriate official at the institution of higher education in accordance with paragraph (1)(A) may meet the notice requirement by submitting, at the time the student seeks readmission, an attestation to the student's institution of higher education that the student performed service in the uniformed services that necessitated the student's absence from the institution of higher education.

**(3) Applicability**

This section shall apply to a student who is absent from an institution of higher education by reason of service in the uniformed services if such student's cumulative period of service in the Armed Forces (including the National Guard or Reserve), with respect to the institution of higher education for which a student seeks readmission, does not exceed five years, except that any such period of service shall not include any service—

(A) that is required, beyond five years, to complete an initial period of obligated service;

REFERENCES IN TEXT

Sections 251 and 252 of title 14, referred to in subsec. (c)(3)(C)(i), probably should be references to sections 2127 and 2128 of title 14. Prior to amendment by Pub. Sections 359, 360, 367, and 712 of title 14, referred to in subsec. (c)(3)(C)(i), were renumbered sections 2308, 2309, 2314, and 3713, respectively, of title 14 by Pub. The Secretary shall provide additional direct links to information resources from which students may obtain information about fraudulent and deceptive practices in the provision of services related to student financial aid.

(4) The Secretary shall widely publicize the location of the information described in paragraph (1) among the public, eligible institutions, and eligible lenders, and promote the use of such information by prospective students, enrolled students, families of prospective and enrolled students, and borrowers.

crimes that are violent are alcohol- or drug-related, there are currently no comprehensive data on campus crimes;

"(3) out of 8,000 postsecondary institutions participating in Federal student aid programs, only 352 colleges and universities voluntarily provide crime statistics directly through the Uniform Crime Report of the Federal Bureau of Investigation, and other institutions report data indirectly, through local police agencies or States, in a manner that does not permit campus statistics to be separated;

"(A) to encourage the development on all campuses of security policies and procedures;

"(B) for uniformity and consistency in the reporting of crimes on campus; and

"(C) to encourage the development of policies and procedures to address sexual assaults and racial violence on college campuses."

## IMPROVING REPAYMENT OPTIONS FOR FEDERAL STUDENT LOAN BORROWERS

Memorandum of President of the United States, June 7, 2012, 77 F.R. 35241, provided:

Memorandum for the Secretary of Education [and] the Secretary of the Treasury

More individuals than ever before are using student loans to finance college. Nearly two-thirds of college graduates borrow to pay for college, with an average debt upon graduation of about \$26,300. While a college education remains an excellent investment, this debt can be overly burdensome, especially for recent graduates during the first few years of their careers.

The Income-Based Repayment (IBR) plan for Federal student loans currently allows former students to cap their student loan payments at 15 percent of their current discretionary income. This plan can be an effective tool for helping individuals to manage their debt, especially during challenging economic times.

Over the past several years, my Administration has worked to improve repayment options available to borrowers, including through passage of an enhanced Income-Based Repayment plan, which will cap a Federal student loan borrower's monthly payments at 10 percent of his or her discretionary income starting in 2014. And we are pursuing administrative action that may extend these lower payments to some students as soon as the end of this calendar year.

However, too few borrowers are aware of the options available to them to help manage their student loan debt, including reducing their monthly payment through IBR. Additionally, too many borrowers have had difficulties navigating and completing the IBR application process once they have started it.

For many borrowers, the most significant challenge in completing the IBR application has been the income-verification process, which, until recently, required borrowers to provide a signed copy of their income tax return. Although the Department of Education has recently removed some of the hurdles to completing the process, too many borrowers are still struggling to access this important repayment option due to difficulty in applying.

Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

SECTION 1. *Streamlined Application Process for Income-Based Repayment Plans.* By September 30, 2012, the Secretary of Education, in coordination with the Commissioner of Internal Revenue, shall create a streamlined online application process for IBR that allows student loan borrowers with federally held loans to import their Internal Revenue Service income data directly into the IBR application. This process will allow income information to be seamlessly transmitted so that borrowers can complete the application at one sitting. Federal direct student loan borrowers shall no longer be required to contact their loan servicer as the first step to apply.

SEC. 2. *Integrated Online and Mobile Resources for Loan Repayment Options and Debt Management.* By July 15, 2012, the Secretary of Education shall:

(a) create integrated online and mobile resources for students and former students to use in learning about Federal student aid, including an explanation of (1) the current IBR plan, which allows student loan borrowers to cap their monthly loan payments at 15 percent of their discretionary income and be eligible to have their remaining loan balances forgiven after 25 years of responsible payments; and (2) the proposed Pay As You Earn plan, which will allow many students to cap their monthly loan repayments at 10 percent of their discretionary income and be eligible for loan forgiveness after 20 years of responsible repayment; and

(b) develop and make available to borrowers an online tool to help students make better financial decisions, including understanding their loan debt and its impact on their everyday lives. This tool should incorporate key elements of best practices in financial literacy and link to students' actual Federal loan data to help them understand their individual circumstances and options for repayment.

SEC. 3. *Improved Notification of the Income-Based Repayment Plan.* The Secretary of Education shall instruct Federal direct student loan servicers to make borrowers aware of the option to participate in IBR before a student leaves school and upon entering repayment. Within 1 year of the date of this memorandum, the Department of Education shall make available, for institutions of higher education, a model exit counseling module that will enable students to understand their repayment options before leaving school and to choose a repayment plan for their student loans that best meets their needs.

SEC. 4. *General Provisions.* (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The Secretary of Education is hereby authorized and directed to publish this memorandum in the Federal Register.

ESTABLISHING A WHITE HOUSE TASK FORCE TO PROTECT STUDENTS FROM SEXUAL ASSAULT

Memorandum for the Heads of Executive Departments and Agencies

Memorandum of President of the United States, Jan. 22, 2014, 79 F.R. 4385, provided:

The prevalence of rape and sexual assault at our Nation's institutions of higher education is both deeply troubling and a call to action. Studies show that about

one in five women is a survivor of attempted or completed sexual violence while in college. In addition, a substantial number of men experience sexual violence during college. Although schools have made progress in addressing rape and sexual assault, more needs to be done to ensure safe, secure environments for students of higher education.

There are a number of Federal laws aimed at making our campuses safer, and the Departments of Education and Justice have been working to enforce them. Among other requirements, institutions of higher education participating in Federal student financial assistance programs (institutions), including colleges, universities, community colleges, graduate and professional schools, for-profit schools, trade schools, and career and technical schools, must provide students with information on programs aimed at preventing rape and sexual assault, and on procedures for students to reporting rape and sexual assault. Institutions must also adopt and publish grievance procedures that provide for the prompt and equitable resolution of rape and sexual assault complaints, and investigate reports of rape and sexual assault and take swift action to prevent their recurrence. Survivors of rape and sexual assault must also be provided with information on how to access the support and services they need. Reports show, however, that institutions' compliance with these Federal laws is uneven and, in too many cases, inadequate. Building on existing enforcement efforts, we must strengthen and address compliance issues and provide institutions with additional tools to respond to and address rape and sexual assault.

Therefore, I am directing the Office of the Vice President and the White House Council on Women and Girls to lead an interagency effort to address campus rape and sexual assault, including coordinating Federal enforcement efforts by executive departments and agencies (agencies) and helping institutions meet their obligations under Federal law. To these ends, it is hereby ordered as follows:

SECTION 1. *Establishment of the White House Task Force to Protect Students from Sexual Assault.* There is established a White House Task Force to Protect Students from Sexual Assault (Task Force). The Task Force shall be co-chaired by designees of the Office of the Vice President and the White House Council on Women and Girls.

(a) Membership of the Task Force. In addition to the Co-Chairs, the Task Force shall consist of the following members:

(i) the Attorney General;

(ii) the Secretary of the Interior;

(iii) the Secretary of Health and Human Services;

(iv) the Secretary of Education;

(v) the Director of the Office of Science and Technology Policy;

(vi) the Director of the Domestic Policy Council;

(vii) the Cabinet Secretary; and

(viii) the heads of agencies or offices as the Co-Chairs may designate.

(b) A member of the Task Force may designate, to perform the Task Force functions of the member, senior officials who are part of the member's agency or office, and who are full-time officers or employees of the Federal Government.

SEC. 2. *Mission and Function of the Task Force.* (a) The Task Force shall work with agencies to develop a coordinated Federal response to campus rape and sexual assault. The functions of the Task Force are advisory only and shall include making recommendations to meet the following objectives:

(i) providing institutions with evidence-based best and promising practices for preventing and responding to rape and sexual assault;

(ii) building on the Federal Government's existing enforcement efforts to ensure that institutions comply fully with their legal obligations to prevent and respond to rape and sexual assault;

(iii) increasing the transparency of the Federal Government's enforcement activities concerning rape and

sexual assault, consistent with applicable law and the interests of affected students;

(iv) broadening the public's awareness of individual institutions' compliance with their legal obligation to address rape and sexual assault; and

(v) facilitating coordination among agencies engaged in addressing rape and sexual assault and those charged with helping bring institutions into compliance with the law.

(b) In accordance with applicable law and in addition to regular meetings, the Task Force shall consult with external stakeholders, including institution officials, student groups, parents, athletic and educational associations, local rape crisis centers, and law enforcement agencies.

(c) Because rape and sexual assault also occur in the elementary and secondary school context, the Task Force shall evaluate how its proposals and recommendations may apply to, and may be implemented by, schools, school districts, and other elementary and secondary educational entities receiving Federal financial assistance.

SEC. 3. *Action Plan.* (a) Within 90 days of the date of this memorandum, the Task Force shall develop and submit proposals and recommendations to the President for:

(i) providing examples of instructions, policies, and protocols for institutions, including: rape and sexual assault policies; prevention programs; crisis intervention and advocacy services; complaint and grievance procedures; investigation protocols; adjudicatory procedures; disciplinary sanctions; and training and orientation modules for students, staff, and faculty;

(ii) measuring the success of prevention and response efforts at institutions, whether through compliance with individual policies or through broader assessments of campus climate, attitudes and safety, and providing the public with this information;

(iii) maximizing the Federal Government's effectiveness in combatting campus rape and sexual assault by, among other measures, making its enforcement activities transparent and accessible to students and prospective students nationwide; and

(iv) promoting greater coordination and consistency among the agencies and offices that enforce the Federal laws addressing campus rape and sexual assault and support improved campus responses to sexual violence.

(b) Within 1 year of the date of this memorandum, and then on an annual basis, the Task Force shall provide a report to the President on implementation efforts with respect to this memorandum.

SEC. 4. *General Provisions.* (a) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(b) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an agency or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) The heads of agencies and offices shall assist and provide information to the Task Force, consistent with applicable law, as may be necessary to carry out the functions of the Task Force. Each agency and office shall bear its own expenses of participating in the Task Force.

(d) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(e) The Secretary of Education is authorized and directed to publish this memorandum in the Federal Register.

HELPING STRUGGLING FEDERAL STUDENT LOAN  
BORROWERS MANAGE THEIR DEBT

Memorandum of President of the United States, June 9, 2014, 79 F.R. 33843, provided:

Memorandum for the Secretary of the Treasury[, and] the Secretary of Education

A college education is the single most important investment that Americans can make in their futures. College remains a good investment, resulting in higher earnings and a lower risk of unemployment. Unfortunately, for many low- and middle-income families, college is slipping out of reach. Over the past three decades, the average tuition at a public four-year college has more than tripled, while a typical family's income has increased only modestly. More students than ever are relying on loans to pay for college. Today, 71 percent of those earning a bachelor's degree graduate with debt, which averages \$29,400. While most students are able to repay their loans, many feel burdened by debt, especially as they seek to start a family, buy a home, launch a business, or save for retirement.

Over the past several years, my Administration has worked to ensure that college remains affordable and student debt is manageable, including through raising the maximum Pell Grant award by nearly \$1,000, creating the American Opportunity Tax Credit, and expanding access to student loan repayment plans, where monthly obligations are calibrated to a borrower's income and debt. These income-driven repayment plans, like my Pay As You Earn plan, which caps a Federal student loan borrower's payments at 10 percent of income, can be an effective tool to help individuals manage their debt, and pursue their careers while avoiding consequences of defaulting on a Federal student loan, such as a damaged credit rating, a tax refund offset, or garnished wages.

While my Administration has made significant strides in expanding repayment options available to borrowers and building awareness of income-driven repayment plans, more needs to be done. Currently, not all student borrowers of Federal Direct Loans can cap their monthly loan payments at 10 percent of income, and too many struggling borrowers are still unaware of the options available to them to help responsibly manage their debt.

Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

SECTION 1. *Expanding the President's Pay As You Earn Plan to More Federal Direct Loan Borrowers.* Within 1 year after the date of this memorandum, the Secretary of Education shall propose regulations that will allow additional students who borrowed Federal Direct Loans to cap their Federal student loan payments at 10 percent of their income. The Secretary shall seek to target this option to those borrowers who would otherwise struggle to repay their loans. The Secretary shall issue final regulations in a timely fashion after considering all public comments, as appropriate, with the goal of making the repayment option available to borrowers by December 31, 2015.

SEC. 2. *Improving Communication Strategies to Help Vulnerable Borrowers.* By December 31, 2014, the Secretary of Education shall develop, evaluate, and implement new targeted strategies to reach borrowers who may be struggling to repay their Federal student loans to ensure that they have the information they need to select the best repayment option and avoid future default. In addition to focusing on borrowers who have fallen behind on their loan payments, the Secretary's effort shall focus on borrowers who have left college without completing their education, borrowers who have missed their first loan payment, and borrowers (especially those with low balances) who have defaulted on their loans to help them rehabilitate their loans with income-based monthly payments. The Secretary of Education shall incorporate data analytics into the communications efforts and evaluate these new strategies to identify areas for improvement and build on successful practices.

SEC. 3. *Encouraging Support and Awareness of Repayment Options for Borrowers During Tax Filing Season.* By September 30, 2014, the Secretary of the Treasury and the Secretary of Education shall invite private-sector entities to enter into partnerships to better educate borrowers about income-based repayment plans during the tax filing season in 2015. Building off of prior work, the Secretaries shall further develop effective ways to inform borrowers about their repayment options during the tax filing season in 2015, as well as through personalized financial management tools.

SEC. 4. *Promoting Stronger Collaboration to Ensure That Students and Their Families Have the Information They Need to Make Informed Borrowing Decisions.* By September 30, 2014, the Secretary of Education, in consultation with the Secretary of the Treasury, shall develop a pilot project to test the effectiveness of loan counseling resources, including the Department of Education's Financial Awareness Counseling Tool. The Secretary of Education shall convene higher education experts and student-debt researchers to identify ways to evaluate and strengthen loan counseling for Federal student loan borrowers. Additionally, the Secretaries shall collaborate with organizations representing students, teachers, nurses, social workers, entrepreneurs, and business owners, among others, to help borrowers represented by these organizations learn more about the repayment options that are available to them in financing their investment in higher education and managing their debt, and to provide more comparative, customized resources to those borrowers when possible.

SEC. 5. *General Provisions.* (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) The Secretary of Education is hereby authorized and directed to publish this memorandum in the Federal Register.

STUDENT AID BILL OF RIGHTS TO HELP ENSURE  
AFFORDABLE LOAN REPAYMENT

Memorandum of President of the United States, Mar. 10, 2015, 80 F.R. 13475, provided:

Memorandum for the Secretary of the Treasury[,] the Secretary of Education[,] the Commissioner of Social Security[,] the Director of the Consumer Financial Protection Bureau[,] the Director of the Office of Management and Budget[,] the Director of the Office of Science and Technology Policy[, and] the Director of the Domestic Policy Council

America thrived in the 20th century in large part because we had the most educated workforce in the world. Today, more than ever, Americans need knowledge and skills to meet the demands of a growing global economy. Since many students borrow to pay for postsecondary education, it is imperative they be able to manage their debt as they embark on their careers.

My Administration has taken historic action to ensure that college remains affordable and student debt remains manageable. We have eliminated tens of billions of dollars in student loan subsidies paid to banks in order to increase the maximum Pell grant by nearly \$1,000 and provide a path for borrowers to limit payments on many student loans to 10 percent of income, and we have worked with the Congress to enact the

American Opportunity Tax Credit, worth \$10,000 over 4 years of college. We have promoted innovation and competition to bring down college costs, increased completion rates, and given consumers clear, transparent information on college performance.

College remains an excellent investment, and student loans enable many who could not otherwise do so to access further education. However, there is more work to do to help students repay their loans responsibly. In 2013, college graduates owed an average of \$28,400 in Federal and private loans. More than one in eight Federal borrowers default on their loans within 3 years of leaving school. My Administration has already put in place significant protections that ensure borrowers with credit cards and mortgages are treated fairly. We can and should do much more to give students affordable ways to meet their responsibilities and repay their loans.

Now is the time for stronger protections for the more than 40 million Americans with student loan debt. All student loan borrowers should have access to an efficient and responsive complaint and feedback system that holds loan servicers accountable and promotes transparency, the information and flexibility they need to repay their loan responsibly and avoid default, and protections to ensure that they will be treated fairly even if they struggle to repay their loans.

Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

SECTION 1. *State-of-the-Art Complaint and Feedback System.*

(a) *Complaints and Feedback Regarding Federal Financial Aid.* By July 1, 2016, the Secretary of Education shall develop and implement a simple process for borrowers to file complaints regarding Federal financial aid, including those pertaining to lenders, loan servicers, private collection agencies, and institutions of higher education. The process shall allow people to file a complaint and monitor its progress toward resolution. In addition, the Department of Education will provide data from the complaint system to other enforcement agencies that are responsible for oversight of Federal student loan lenders, loan servicers, private collection agencies, and institutions of higher education. By October 1, 2017, and annually thereafter, the Department of Education shall publish a report summarizing and analyzing the content in and resolution of borrower complaints and feedback received through the process. By October 1, 2015, the Secretary of Education shall report to the President, through the Director of the Domestic Policy Council and the Director of the Office of Management and Budget, on the optimal way to address other student complaints regarding institutions of higher education that participate in Federal student financial aid programs.

(b) *Coordination Among Other Enforcement Agencies.* By October 1, 2015, the Secretary of Education shall, in consultation with the Director of the Consumer Financial Protection Bureau, recommend to the President, through the Director of the Domestic Policy Council and the Director of the Office of Management and Budget, a process for sharing information with relevant enforcement agencies so that those enforcement agencies may refer matters where there may be violations of consumer protection law.

SEC. 2. *Helping Borrowers Repay Their Loans and Avoid Default.*

(a) *Higher Standards for Federal Direct Loan Servicing.* By January 1, 2016, the Secretary of Education shall require all Federal Direct student loan servicers to provide enhanced disclosures to borrowers and strengthened consumer protections. These disclosures and consumer protections shall be improved throughout the loan repayment process, and shall include disclosures to borrowers regarding loan transfers from one servicer to another and notifications when borrowers become delinquent or have incomplete applications to change repayment plans. As soon as practicable, the Secretary shall direct all Federal Direct student loan servicers to

apply prepayments to loans with the highest interest rate to ensure consistency across servicers, unless otherwise instructed by borrowers.

(b) *Regular Review of Student Loan Performance and Borrower Trends.* The Director of the Office of Management and Budget and the Secretary of Education shall convene quarterly an interagency task force consisting of the Department of the Treasury, Department of Education, Office of Management and Budget, and Domestic Policy Council to monitor trends in the student loan portfolio, budget costs, and borrower assistance efforts. No later than August 1, 2015, the task force shall review recommendations for the Department of Education from its members and the Consumer Financial Protection Bureau on best practices in performance-based contracting to better ensure that servicers help borrowers responsibly make affordable monthly payments on their student loans.

(c) *Additional Protections for Student Loan Borrowers.* By October 1, 2015, the Secretary of Education, in consultation with the Secretary of the Treasury and the Director of the Consumer Financial Protection Bureau, shall issue a report to the President, through the Director of the Office of Management and Budget, on (i) whether statutory or regulatory changes are needed to current provisions that permit the Secretary of Education to specify acts or omissions at institutions of higher education that borrowers may assert as a defense to repayment of a direct loan; and (ii) after assessing the potential applicability of consumer protections in the mortgage and credit card markets to student loans, recommendations for statutory or regulatory changes in this area, including, where appropriate, strong servicing standards, flexible repayment opportunities for all student loan borrowers, and changes to bankruptcy laws.

(d) *Higher Customer Service Standards in Income-Driven Repayment Plans.* By October 1, 2015, the Secretary of Education and the Secretary of the Treasury shall report to the President, through the Director of the Domestic Policy Council and the Director of the Office of Management and Budget, on the feasibility of developing a system to give borrowers the opportunity to authorize the Internal Revenue Service to release income information for multiple years for the purposes of automatically determining monthly payments under income-driven repayment plans.

(e) *Finding New and Better Ways to Communicate with Student Loan Borrowers.* By January 1, 2016, the Secretary of Education shall report to the President, through the Director of the Domestic Policy Council, on the findings of a pilot program to test new methods for communicating with borrowers who have Federal Direct student loans on which they are at least 140 days delinquent but which have not entered default. By January 1, 2017, the Secretary shall also, in consultation with the Director of the White House Office of Science and Technology Policy, develop and implement at least five behaviorally designed pilot programs to identify the most effective ways to communicate with borrowers to maximize successful borrower repayment and help reduce delinquency and default and report to the President, through the Director of the Domestic Policy Council, on the status and results of those pilot programs.

(f) *Making it Easier for Federal Direct Student Loan Borrowers to Repay Their Student Loans.* As soon as practicable, the Secretary of Education shall establish a centralized point of access for all Federal student loan borrowers in repayment, including a central location for account information and payment processing for all Federal student loan servicing, regardless of the specific servicer.

**SEC. 3. Fair Treatment for Struggling and Distressed Borrowers.**

(a) *Raising Standards for Student Loan Debt Collectors.* By July 1, 2015, the Secretary of Education shall implement actions to ensure that the debt collection process for defaulted Federal student loans is fair, transparent,

charges reasonable fees to defaulted borrowers, and effectively assists borrowers in meeting their obligations and returning to good standing. By January 1, 2016, the Secretary of Education shall publish a quarterly performance report on the Department's private debt collection agency contractors that includes the underlying data, disaggregated by contractor.

(b) *Providing Clarity on the Rights of Borrowers in Bankruptcy.* By July 1, 2015, the Secretary of Education shall issue information highlighting factors the courts have used in their determination of undue hardship, to assist parties who must determine whether to contest an undue hardship discharge in bankruptcy of a Federal student loan.

(c) *Protecting Social Security Benefits for Borrowers with Disabilities.* By July 1, 2015, the Secretary of Education and the Director of the Office of Management and Budget, in consultation with the Commissioner of Social Security, shall develop a plan to identify Federal student loan borrowers who receive Social Security Disability Insurance (SSDI) and determine which beneficiaries qualify for a total and permanent disability discharge of their student loans under the Higher Education Act of 1965. The plan shall specify a process for the Secretary of Education to stop collection on qualified borrowers in order to ensure that SSDI benefits are not reduced to repay student loans that are eligible for discharge. In addition, the Secretary of Education and the Director of the Office of Management and Budget, in consultation with the Commissioner of Social Security, shall identify the best way to communicate with other SSDI recipients who hold student loans about their repayment options, including income-driven plans, and assist them in entering those plans.

(d) *Debt Collection Pilot Program.* By July 1, 2016, the Secretary of the Treasury, in consultation with the Secretary of Education, shall report to the President, through the Director of the Domestic Policy Council and the Director of the Office of Management and Budget, on the initial findings of an ongoing pilot program that uses the Department of the Treasury's Bureau of the Fiscal Service to collect on a sample of defaulted Federal student loan debts to help determine how to improve the collection process for defaulted Federal student loans.

(i) the authority granted by law to an agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

## § 1092a. Combined payment plan

### (a) Eligibility for plan

Upon the request of the borrower, a lender described in subparagraph (A), (B), or (C) of section 1078-3(a)(1) of this title, or an eligible lender as defined in section 719 of the Public Health Service Act (42 U.S.C. 292o) may, with respect to a consolidation loan made under section 1078-3 of this title (and section 1087-2(o) of this title as in effect prior to the enactment of section 1078-3

of this title) and loans guaranteed under part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.), offer a combined payment plan under which the lender shall submit one bill to the borrower for the repayment of all such loans for the monthly or other similar period of repayment.

**(b) Applicability of other requirements**

A lender offering a combined payment plan shall comply with all provisions of section 1078-3 of this title applicable to loans consolidated or to be consolidated and shall comply with all provisions of part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.) applicable to loans under that subpart which are made part of the combined payment plan, except that a lender offering a combined payment plan under this section may offer consolidation loans pursuant to section 1078-3(b)(1)(A) of this title if such lender holds any outstanding loan of a borrower which is selected for inclusion in a combined payment plan.

**(c) Lender eligibility**

Such lender may offer a combined payment plan only if—

- (1) the lender holds an outstanding loan of that borrower which is selected by the borrower for incorporation into a combined payment plan pursuant to this section (including loans which are selected by the borrower for consolidation under this section); or
- (2) the borrower certifies that the borrower has sought and has been unable to obtain a combined payment plan from the holders of the outstanding loans of that borrower.

**(d) Borrower selection of competing offers**

In the case of multiple offers by lenders to administer a combined payment plan for a borrower, the borrower shall select from among them the lender to administer the combined payment plan including its loan consolidation component.

**(e) Effect of plan**

Upon selection of a lender to administer the combined payment plan, the lender may reissue any loan under part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.) selected by the borrower for incorporation in the combined payment plan which is not held by such lender and the proceeds of such reissued loan shall be paid by the lender to the holder or holders of the loans so selected to discharge the liability on such loans, if—

- (1) the lender selected to administer the combined payment plan has determined to its satisfaction, in accordance with reasonable and prudent business practices, for each loan being reissued (A) that the loan is a legal, valid, and binding obligation of the borrower; (B) that each such loan was made and serviced in compliance with applicable laws and regulations; and (C) the insurance on such loan is in full force and effect; and
- (2) the loan being reissued was not in default (as defined in section 707(e)(3) of the Public Health Service Act [42 U.S.C. 292f(e)(3)]) at the time the request for a combined payment plan is made.

**(f) Notes and insurance certificates**

(1) Each loan reissued under subsection (e) shall be evidenced by a note executed by the borrower. The Secretary of Health and Human Services shall insure such loan under a certificate of comprehensive insurance with no insurance limit, but any such certificate shall only be issued to an authorized holder of loans insured under part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.) (including the Student Loan Marketing Association). Such certificates shall provide that all loans reissued under this section shall be fully insured against loss of principal and interest. Any insurance issued with respect to loans reissued under this section shall be excluded from the limitation on maximum insurance authority set forth in section 710 of the Public Health Service Act [42 U.S.C. 292i]. Notwithstanding the provisions of section 729(a)<sup>1</sup> of the Public Health Service Act, the reissued loan shall be made in an amount, including outstanding principal, capitalized interest, accrued unpaid interest not yet capitalized, and authorized late charges. The proceeds of each such loan will be paid by the lender to the holder of the original loan being reissued and the borrower's obligation to that holder on that loan shall be discharged.

(2) Except as otherwise specifically provided for under the provisions of this section, the terms of any reissued loan shall be the same as the terms of the original loan. The maximum repayment period for a loan reissued under this section shall not exceed the remainder of the period which would have been permitted on the original loan. If the lender holds more than one loan insured under part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.), the maximum repayment period for all such loans may extend to the latest date permitted for any individual loan. Any reissued loan may be consolidated with any other Health Education Assistance Loan as provided in the Public Health Service Act [42 U.S.C. 201 et seq.], and, with the concurrence of the borrower, repayment of any such loans during any period may be made in amounts that are less than the interest that accrues on such loans during that period.

**(g) Termination of borrower eligibility**

The status of an individual as an eligible combined payment plan borrower terminates upon receipt of a combined payment plan.

**(h) Fees and premiums**

No origination fee or insurance premium shall be charged to the borrower on any combined payment plan, and no origination fee or insurance premium shall be payable by the lender to the Secretary of Health and Human Services.

**(i) Commencement of repayment**

Repayment of a combined payment plan shall commence within 60 days after the later of the date of acceptance of the lender's offer to administer a combined payment plan, the making of the consolidation loan or the reissuance of any Health Education Assistance Loans pursuant to subsection (e).

In establishing such data system, the Secretary shall place a priority on providing for the monitoring of enrollment, student

In managing the National Student Loan Data System, the Secretary shall take actions necessary to maintain confidence in the data system, including, at a minimum—

(B) describes the categories of individuals or entities that may access the data relating to such grant or loan through the data system, and for what purposes access is allowed;

(C) defines and explains the categories of information included in the data system;

**§ 1094a. Regulatory relief and improvement**

**(a) Quality Assurance Program**

**(1) In general**

The Secretary is authorized to select institutions for voluntary participation in a Quality Assurance Program that provides participating institutions with an alternative management approach through which individual schools develop and implement their own comprehensive systems, related to processing and disbursement of student financial aid, verification of student financial aid application data, and entrance and exit interviews, thereby enhancing program integrity within the student aid delivery system.

**(2) Criteria and consideration**

The Quality Assurance Program authorized by this section shall be based on criteria that include demonstrated institutional performance, as determined by the Secretary, and shall take into consideration current quality assurance goals, as determined by the Secretary. The selection criteria shall ensure the

participation of a diverse group of institutions of higher education with respect to size, mission, and geographical distribution.

**(3) Waiver**

The Secretary is authorized to waive for any institution participating in the Quality Assurance Program any regulations dealing with reporting or verification requirements in this subchapter that are addressed by the institution’s alternative management system, and may substitute such quality assurance reporting as the Secretary determines necessary to ensure accountability and compliance with the purposes of the programs under this subchapter. The Secretary shall not modify or waive any statutory requirements pursuant to this paragraph.

**(4) Determination**

The Secretary is authorized to determine—

(A) when an institution that is unable to administer the Quality Assurance Program shall be removed from such program; and

(B) when institutions desiring to cease participation in such program will be required to complete the current award year under the requirements of the Quality Assurance Program.

**(5) Review and evaluation**

The Secretary shall review and evaluate the Quality Assurance Program conducted by each participating institution and, on the basis of that evaluation, make recommendations regarding amendments to this chapter that will streamline the administration and enhance the integrity of Federal student assistance programs. Such recommendations shall be submitted to the authorizing committees.

**(b) Regulatory improvement and streamlining experiments**

**(1) In general**

The Secretary shall continue the voluntary participation of any experimental sites in existence as of July 1, 2007, unless the Secretary determines that such site’s participation has not been successful in carrying out the purposes of this section. Any experimental sites approved by the Secretary prior to such date that have not been successful in carrying out the purposes of this section shall be discontinued not later than June 30, 2010.

**(2) Report**

The Secretary shall review and evaluate the experience of institutions participating as experimental sites and shall, on a biennial basis, submit a report based on the review and evaluation to the authorizing committees. Such report shall include—

(A) a list of participating institutions and the specific statutory or regulatory waivers granted to each institution;

(B) the findings and conclusions reached regarding each of the experiments conducted; and

(C) recommendations for amendments to improve and streamline this chapter, based on the results of the experiment.

**(3) Selection****(A) In general**

The Secretary is authorized to periodically select a limited number of additional institutions for voluntary participation as experimental sites to provide recommendations to the Secretary on the impact and effectiveness of proposed regulations or new management initiatives.

**(B) Waivers**

The Secretary is authorized to waive, for any institution participating as an experimental site under subparagraph (A), any requirements in this subchapter, including requirements related to the award process and disbursement of student financial aid (such as innovative delivery systems for modular or compressed courses, or other innovative systems), verification of student financial aid application data, entrance and exit interviews, or other management procedures or processes as determined in the negotiated rulemaking process under section 1098a of this title, or regulations prescribed under this subchapter, that will bias the results of the experiment, except that the Secretary shall not waive any provisions with respect to award rules (other than an award rule related to an experiment in modular or compressed schedules), grant and loan maximum award amounts, and need analysis requirements unless the waiver of such provisions is authorized by another provision under this subchapter.

**(4) Determination of success**

For the purposes of paragraph (1), the Secretary shall make a determination of success regarding an institution's participation as an experimental site based on—

(A) the ability of the experimental site to reduce administrative burdens to the institution, as documented in the Secretary's biennial report under paragraph (2), without creating costs for the taxpayer; and

(B) whether the experimental site has improved the delivery of services to, or otherwise benefited, students.

**(c) "Current award year" defined**

For purposes of this section, the term "current award year" means the award year during which the participating institution indicates the institution's intention to cease participation.

The Secretary is authorized to waive or modify any provision described in paragraph (1) as may be necessary to ensure that—

nancial assistance because of their status as affected individuals;

(D) the calculation under section 484B(b)(2) of the Act (20 U.S.C. 1091b(b)(2)) of the amount a student is required to return in the case of an affected individual may be modified so that no overpayment will be required to be returned or repaid if the institution has documented (i) the student’s status as an affected individual in the student’s file, and (ii) the amount of any overpayment discharged; and

(E) institutions of higher education, eligible lenders, guaranty agencies, and other entities participating in the student assistance programs under title IV of the Act that are located in areas that are declared disaster areas by any Federal, State or local official in connection with a national emergency, or whose operations are significantly affected by such a disaster, may be granted temporary relief from requirements that are rendered infeasible or unreasonable by a national emergency, including due diligence requirements and reporting deadlines.

It is the sense of Congress that—

(1) all institutions offering postsecondary education should provide a full refund to students who are affected individuals for that portion of a period of instruction such student was unable to complete, or for which such individual did not receive academic credit, because he or she was called up for active duty or active service; and

(2) if affected individuals withdraw from a course of study as a result of such active duty or active service, such institutions should make every effort to minimize deferral of enrollment or reapplication requirements and should provide the greatest flexibility possible with administrative deadlines related to those applications.

**(b) Definition of full refund**

For purposes of this section, a full refund includes a refund of required tuition and fees, or a credit in a comparable amount against future tuition and fees.

### § 1099b. Recognition of accrediting agency or association

#### (a) Criteria required

No accrediting agency or association may be determined by the Secretary to be a reliable authority as to the quality of education or training offered for the purposes of this chapter or for other Federal purposes, unless the agency or association meets criteria established by the Secretary pursuant to this section. The Secretary shall, after notice and opportunity for a hearing, establish criteria for such determinations. Such criteria shall include an appropriate measure or measures of student achievement. Such criteria shall require that—

(1) the accrediting agency or association shall be a State, regional, or national agency

or association and shall demonstrate the ability and the experience to operate as an accrediting agency or association within the State, region, or nationally, as appropriate;

(2) such agency or association—

(A)(i) for the purpose of participation in programs under this chapter, has a voluntary membership of institutions of higher education and has as a principal purpose the accrediting of institutions of higher education; or

(ii) for the purpose of participation in other programs administered by the Department of Education or other Federal agencies, has a voluntary membership and has as its principal purpose the accrediting of institutions of higher education or programs;

(B) is a State agency approved by the Secretary for the purpose described in subparagraph (A); or

(C) is an agency or association that, for the purpose of determining eligibility for student assistance under this subchapter, conducts accreditation through (i) a voluntary membership organization of individuals participating in a profession, or (ii) an agency or association which has as its principal purpose the accreditation of programs within institutions, which institutions are accredited by another agency or association recognized by the Secretary;

(3) if such agency or association is an agency or association described in—

(A) subparagraph (A)(i) of paragraph (2), then such agency or association is separate and independent, both administratively and financially of any related, associated, or affiliated trade association or membership organization;

(B) subparagraph (B) of paragraph (2), then such agency or association has been recognized by the Secretary on or before October 1, 1991; or

(C) subparagraph (C) of paragraph (2) and such agency or association has been recognized by the Secretary on or before October 1, 1991, then the Secretary may waive the requirement that such agency or association is separate and independent, both administratively and financially of any related, associated, or affiliated trade association or membership organization upon a demonstration that the existing relationship has not served to compromise the independence of its accreditation process;

(4)(A) such agency or association consistently applies and enforces standards that respect the stated mission of the institution of higher education, including religious missions, and that ensure that the courses or programs of instruction, training, or study offered by the institution of higher education, including distance education or correspondence courses or programs, are of sufficient quality to achieve, for the duration of the accreditation period, the stated objective for which the courses or the programs are offered; and

(B) if such agency or association has or seeks to include within its scope of recognition the evaluation of the quality of institu-

tions or programs offering distance education or correspondence education, such agency or association shall, in addition to meeting the other requirements of this subpart, demonstrate to the Secretary that—

(i) the agency or association's standards effectively address the quality of an institution's distance education or correspondence education in the areas identified in paragraph (5), except that—

(I) the agency or association shall not be required to have separate standards, procedures, or policies for the evaluation of distance education or correspondence education institutions or programs in order to meet the requirements of this subparagraph; and

(II) in the case that the agency or association is recognized by the Secretary, the agency or association shall not be required to obtain the approval of the Secretary to expand its scope of accreditation to include distance education or correspondence education, provided that the agency or association notifies the Secretary in writing of the change in scope; and

(ii) the agency or association requires an institution that offers distance education or correspondence education to have processes through which the institution establishes that the student who registers in a distance education or correspondence education course or program is the same student who participates in and completes the program and receives the academic credit;

(5) the standards for accreditation of the agency or association assess the institution's—

(A) success with respect to student achievement in relation to the institution's mission, which may include different standards for different institutions or programs, as established by the institution, including, as appropriate, consideration of State licensing examinations, consideration of course completion, and job placement rates;

(B) curricula;

(C) faculty;

(D) facilities, equipment, and supplies;

(E) fiscal and administrative capacity as appropriate to the specified scale of operations;

(F) student support services;

(G) recruiting and admissions practices, academic calendars, catalogs, publications, grading and advertising;

(H) measures of program length and the objectives of the degrees or credentials offered;

(I) record of student complaints received by, or available to, the agency or association; and

(J) record of compliance with its program responsibilities under this subchapter based on the most recent student loan default rate data provided by the Secretary, the results of financial or compliance audits, program reviews, and such other information as the Secretary may provide to the agency or association;

except that subparagraphs (A), (H), and (J) shall not apply to agencies or associations described in paragraph (2)(A)(ii) of this subsection;

(6) such an agency or association shall establish and apply review procedures throughout the accrediting process, including evaluation and withdrawal proceedings, which comply with due process procedures that provide—

(A) for adequate written specification of—

(i) requirements, including clear standards for an institution of higher education or program to be accredited; and

(ii) identified deficiencies at the institution or program examined;

(B) for sufficient opportunity for a written response, by an institution or program, regarding any deficiencies identified by the agency or association to be considered by the agency or association—

(i) within a timeframe determined by the agency or association; and

(ii) prior to final action in the evaluation and withdrawal proceedings;

(C) upon the written request of an institution or program, for an opportunity for the institution or program to appeal any adverse action under this section, including denial, withdrawal, suspension, or termination of accreditation, taken against the institution or program, prior to such action becoming final at a hearing before an appeals panel that—

(i) shall not include current members of the agency's or association's underlying decisionmaking body that made the adverse decision; and

(ii) is subject to a conflict of interest policy;

(D) for the right to representation and participation by counsel for an institution or program during an appeal of the adverse action;

(E) for a process, in accordance with written procedures developed by the agency or association, through which an institution or program, before a final adverse action based solely upon a failure to meet a standard or criterion pertaining to finances, may on one occasion seek review of significant financial information that was unavailable to the institution or program prior to the determination of the adverse action, and that bears materially on the financial deficiencies identified by the agency or association;

(F) in the case that the agency or association determines that the new financial information submitted by the institution or program under subparagraph (E) meets the criteria of significance and materiality described in such subparagraph, for consideration by the agency or association of the new financial information prior to the adverse action described in such subparagraph becoming final; and

(G) that any determination by the agency or association made with respect to the new financial information described in subparagraph (E) shall not be separately appealable by the institution or program;

(7) such agency or association shall notify the Secretary and the appropriate State licensing or authorizing agency within 30 days of the accreditation of an institution or any final denial, withdrawal, suspension, or termination of accreditation or placement on probation of an institution, together with any other adverse action taken with respect to an institution; and

(8) such agency or association shall make available to the public, upon request, and to the Secretary, and the State licensing or authorizing agency a summary of any review resulting in a final accrediting decision involving denial, termination, or suspension of accreditation, together with the comments of the affected institution.

**(b) "Separate and independent" defined**

For the purpose of subsection (a)(3), the term "separate and independent" means that—

(1) the members of the postsecondary education governing body of the accrediting agency or association are not elected or selected by the board or chief executive officer of any related, associated, or affiliated trade association or membership organization;

(2) among the membership of the board of the accrediting agency or association there shall be one public member (who is not a member of any related trade or membership organization) for each six members of the board, with a minimum of one such public member, and guidelines are established for such members to avoid conflicts of interest;

(3) dues to the accrediting agency or association are paid separately from any dues paid to any related, associated, or affiliated trade association or membership organization; and

(4) the budget of the accrediting agency or association is developed and determined by the accrediting agency or association without review or resort to consultation with any other entity or organization.

**(c) Operating procedures required**

No accrediting agency or association may be recognized by the Secretary as a reliable authority as to the quality of education or training offered by an institution seeking to participate in the programs authorized under this subchapter, unless the agency or association—

(1) performs, at regularly established intervals, on-site inspections and reviews of institutions of higher education (which may include unannounced site visits) with particular focus on educational quality and program effectiveness, and ensures that accreditation team members are well-trained and knowledgeable with respect to their responsibilities, including those regarding distance education;

(2) monitors the growth of programs at institutions that are experiencing significant enrollment growth;

(3) requires an institution to submit for approval to the accrediting agency a teach-out plan upon the occurrence of any of the following events:

(A) the Department notifies the accrediting agency of an action against the institution pursuant to section 1094(f) of this title;

(B) the accrediting agency acts to withdraw, terminate, or suspend the accreditation of the institution; or

(C) the institution notifies the accrediting agency that the institution intends to cease operations;

(4) requires that any institution of higher education subject to its jurisdiction which plans to establish a branch campus submit a business plan, including projected revenues and expenditures, prior to opening the branch campus;

(5) agrees to conduct, as soon as practicable, but within a period of not more than 6 months of the establishment of a new branch campus or a change of ownership of an institution of higher education, an on-site visit of that branch campus or of the institution after a change of ownership;

(6) requires that teach-out agreements among institutions are subject to approval by the accrediting agency or association consistent with standards promulgated by such agency or association;

(7) makes available to the public and the State licensing or authorizing agency, and submits to the Secretary, a summary of agency or association actions, including—

(A) the award of accreditation or re-accreditation of an institution;

(B) final denial, withdrawal, suspension, or termination of accreditation of an institution, and any findings made in connection with the action taken, together with the official comments of the affected institution; and

(C) any other adverse action taken with respect to an institution or placement on probation of an institution;

(8) discloses publicly whenever an institution of higher education subject to its jurisdiction is being considered for accreditation or reaccreditation; and

(9) confirms, as a part of the agency's or association's review for accreditation or re-accreditation, that the institution has transfer of credit policies—

(A) that are publicly disclosed; and

(B) that include a statement of the criteria established by the institution regarding the transfer of credit earned at another institution of higher education.

**(d) Length of recognition**

No accrediting agency or association may be recognized by the Secretary for the purpose of this chapter for a period of more than 5 years.

**(e) Initial arbitration rule**

The Secretary may not recognize the accreditation of any institution of higher education unless the institution of higher education agrees to submit any dispute involving the final denial, withdrawal, or termination of accreditation to initial arbitration prior to any other legal action.

**(f) Jurisdiction**

Notwithstanding any other provision of law, any civil action brought by an institution of higher education seeking accreditation from, or

accredited by, an accrediting agency or association recognized by the Secretary for the purpose of this subchapter and involving the denial, withdrawal, or termination of accreditation of the institution of higher education, shall be brought in the appropriate United States district court.

**(g) Limitation on scope of criteria**

Nothing in this chapter shall be construed to permit the Secretary to establish criteria for accrediting agencies or associations that are not required by this section. Nothing in this chapter shall be construed to prohibit or limit any accrediting agency or association from adopting additional standards not provided for in this section. Nothing in this section shall be construed to permit the Secretary to establish any criteria that specifies, defines, or prescribes the standards that accrediting agencies or associations shall use to assess any institution's success with respect to student achievement.

**(h) Change of accrediting agency**

The Secretary shall not recognize the accreditation of any otherwise eligible institution of higher education if the institution of higher education is in the process of changing its accrediting agency or association, unless the eligible institution submits to the Secretary all materials relating to the prior accreditation, including materials demonstrating reasonable cause for changing the accrediting agency or association.

**(i) Dual accreditation rule**

The Secretary shall not recognize the accreditation of any otherwise eligible institution of higher education if the institution of higher education is accredited, as an institution, by more than one accrediting agency or association, unless the institution submits to each such agency and association and to the Secretary the reasons for accreditation by more than one such agency or association and demonstrates to the Secretary reasonable cause for its accreditation by more than one agency or association. If the institution is accredited, as an institution, by more than one accrediting agency or association, the institution shall designate which agency's accreditation shall be utilized in determining the institution's eligibility for programs under this chapter.

**(j) Impact of loss of accreditation**

An institution may not be certified or recertified as an institution of higher education under section 1002 of this title and subpart 3 of this part or participate in any of the other programs authorized by this chapter if such institution—

(1) is not currently accredited by any agency or association recognized by the Secretary;

(2) has had its accreditation withdrawn, revoked, or otherwise terminated for cause during the preceding 24 months, unless such withdrawal, revocation, or termination has been rescinded by the same accrediting agency; or

(3) has withdrawn from accreditation voluntarily under a show cause or suspension order during the preceding 24 months, unless such order has been rescinded by the same accrediting agency.

**(k) Religious institution rule**

Notwithstanding subsection (j), the Secretary shall allow an institution that has had its accreditation withdrawn, revoked, or otherwise terminated, or has voluntarily withdrawn from an accreditation agency, to remain certified as an institution of higher education under section 1002 of this title and subpart 3 of this part for a period sufficient to allow such institution to obtain alternative accreditation, if the Secretary determines that the reason for the withdrawal, revocation, or termination—

(1) is related to the religious mission or affiliation of the institution; and

(2) is not related to the accreditation criteria provided for in this section.

**(l) Limitation, suspension, or termination of recognition**

(1) If the Secretary determines that an accrediting agency or association has failed to apply effectively the criteria in this section, or is otherwise not in compliance with the requirements of this section, the Secretary shall—

(A) after notice and opportunity for a hearing, limit, suspend, or terminate the recognition of the agency or association; or

(B) require the agency or association to take appropriate action to bring the agency or association into compliance with such requirements within a timeframe specified by the Secretary, except that—

(i) such timeframe shall not exceed 12 months unless the Secretary extends such period for good cause; and

(ii) if the agency or association fails to bring the agency or association into compliance within such timeframe, the Secretary shall, after notice and opportunity for a hearing, limit, suspend, or terminate the recognition of the agency or association.

(2) The Secretary may determine that an accrediting agency or association has failed to apply effectively the standards provided in this section if an institution of higher education seeks and receives accreditation from the accrediting agency or association during any period in which the institution is the subject of any interim action by another accrediting agency or association, described in paragraph (2)(A)(i), (2)(B), or (2)(C) of subsection (a) of this section, leading to the suspension, revocation, or termination of accreditation or the institution has been notified of the threatened loss of accreditation, and the due process procedures required by such suspension, revocation, termination, or threatened loss have not been completed.

**(m) Limitation on Secretary's authority**

The Secretary may only recognize accrediting agencies or associations which accredit institutions of higher education for the purpose of enabling such institutions to establish eligibility to participate in the programs under this chapter or which accredit institutions of higher education or higher education programs for the purpose of enabling them to establish eligibility to participate in other programs administered by the Department of Education or other Federal agencies.

**(n) Independent evaluation**

(1) The Secretary shall conduct a comprehensive review and evaluation of the performance of all accrediting agencies or associations which seek recognition by the Secretary in order to determine whether such accrediting agencies or associations meet the criteria established by this section. The Secretary shall conduct an independent evaluation of the information provided by such agency or association. Such evaluation shall include—

(A) the solicitation of third-party information concerning the performance of the accrediting agency or association; and

(B) site visits, including unannounced site visits as appropriate, at accrediting agencies and associations, and, at the Secretary's discretion, at representative member institutions.

(2) The Secretary shall place a priority for review of accrediting agencies or associations on those agencies or associations that accredit institutions of higher education that participate most extensively in the programs authorized by this subchapter and on those agencies or associations which have been the subject of the most complaints or legal actions.

(3) The Secretary shall consider all available relevant information concerning the compliance of the accrediting agency or association with the criteria provided for in this section, including any complaints or legal actions against such agency or association. In cases where deficiencies in the performance of an accreditation agency or association with respect to the requirements of this section are noted, the Secretary shall take these deficiencies into account in the recognition process. The Secretary shall not, under any circumstances, base decisions on the recognition or denial of recognition of accreditation agencies or associations on criteria other than those contained in this section. When the Secretary decides to recognize an accrediting agency or association, the Secretary shall determine the agency or association's scope of recognition. If the agency or association reviews institutions offering distance education courses or programs and the Secretary determines that the agency or association meets the requirements of this section, then the agency shall be recognized and the scope of recognition shall include accreditation of institutions offering distance education courses or programs.

(4) The Secretary shall maintain sufficient documentation to support the conclusions reached in the recognition process, and, if the Secretary does not recognize any accreditation agency or association, shall make publicly available the reason for denying recognition, including reference to the specific criteria under this section which have not been fulfilled.

**(o) Regulations**

The Secretary shall by regulation provide procedures for the recognition of accrediting agencies or associations and for the appeal of the Secretary's decisions. Notwithstanding any other provision of law, the Secretary shall not promulgate any regulation with respect to the standards of an accreditation agency or association described in subsection (a)(5).

**(p) Rule of construction**

Nothing in subsection (a)(5) shall be construed to restrict the ability of—

(1) an accrediting agency or association to set, with the involvement of its members, and to apply, accreditation standards for or to institutions or programs that seek review by the agency or association; or

(2) an institution to develop and use institutional standards to show its success with respect to student achievement, which achievement may be considered as part of any accreditation review.

**(q) Review of scope changes**

The Secretary shall require a review, at the next available meeting of the National Advisory Committee on Institutional Quality and Integrity, of any change in scope undertaken by an agency or association under subsection (a)(4)(B)(i)(II) if the enrollment of an institution that offers distance education or correspondence education that is accredited by such agency or association increases by 50 percent or more within any one institutional fiscal year.

#### SUBPART 3—ELIGIBILITY AND CERTIFICATION PROCEDURES

### § 1099c. Eligibility and certification procedures

#### (a) General requirement

For purposes of qualifying institutions of higher education for participation in programs under this subchapter, the Secretary shall determine the legal authority to operate within a State, the accreditation status, and the administrative capability and financial responsibility of an institution of higher education in accordance with the requirements of this section.

#### (b) Single application form

The Secretary shall prepare and prescribe a single application form which—

(1) requires sufficient information and documentation to determine that the requirements of eligibility, accreditation, financial responsibility, and administrative capability of the institution of higher education are met;

(2) requires a specific description of the relationship between a main campus of an institution of higher education and all of its branches, including a description of the student aid processing that is performed by the main campus and that which is performed at its branches;

(3) requires—

(A) a description of the third party servicers of an institution of higher education; and

(B) the institution to maintain a copy of any contract with a financial aid service provider or loan servicer, and provide a copy of any such contract to the Secretary upon request;

(4) requires such other information as the Secretary determines will ensure compliance

with the requirements of this subchapter with respect to eligibility, accreditation, administrative capability and financial responsibility; and

(5) provides, at the option of the institution, for participation in one or more of the programs under part B or D.

**(c) Financial responsibility standards**

(1) The Secretary shall determine whether an institution has the financial responsibility required by this subchapter on the basis of whether the institution is able—

(A) to provide the services described in its official publications and statements;

(B) to provide the administrative resources necessary to comply with the requirements of this subchapter; and

(C) to meet all of its financial obligations, including (but not limited to) refunds of institutional charges and repayments to the Secretary for liabilities and debts incurred in programs administered by the Secretary.

(2) Notwithstanding paragraph (1), if an institution fails to meet criteria prescribed by the Secretary regarding ratios that demonstrate financial responsibility, then the institution shall provide the Secretary with satisfactory evidence of its financial responsibility in accordance with paragraph (3). Such criteria shall take into account any differences in generally accepted accounting principles, and the financial statements required thereunder, that are applicable to for-profit, public, and nonprofit institutions. The Secretary shall take into account an institution's total financial circumstances in making a determination of its ability to meet the standards herein required.

(3) The Secretary shall determine an institution to be financially responsible, notwithstanding the institution's failure to meet the criteria under paragraphs (1) and (2), if—

(A) such institution submits to the Secretary third-party financial guarantees that the Secretary determines are reasonable, such as performance bonds or letters of credit payable to the Secretary, which third-party financial guarantees shall equal not less than one-half of the annual potential liabilities of such institution to the Secretary for funds under this subchapter, including loan obligations discharged pursuant to section 1087 of this title, and to students for refunds of institutional charges, including funds under this subchapter;

(B) such institution has its liabilities backed by the full faith and credit of a State, or its equivalent;

(C) such institution establishes to the satisfaction of the Secretary, with the support of a financial statement audited by an independent certified public accountant in accordance with generally accepted auditing standards, that the institution has sufficient resources to ensure against the precipitous closure of the institution, including the ability to meet all of its financial obligations (including refunds of institutional charges and repayments to the Secretary for liabilities and debts incurred in programs administered by the Secretary); or

(D) such institution has met standards of financial responsibility, prescribed by the Sec-

retary by regulation, that indicate a level of financial strength not less than those required in paragraph (2).

(4) If an institution of higher education that provides a 2-year or 4-year program of instruction for which the institution awards an associate or baccalaureate degree fails to meet the criteria imposed by the Secretary pursuant to paragraph (2), the Secretary shall waive that particular requirement for that institution if the institution demonstrates to the satisfaction of the Secretary that—

(A) there is no reasonable doubt as to its continued solvency and ability to deliver quality educational services;

(B) it is current in its payment of all current liabilities, including student refunds, repayments to the Secretary, payroll, and payment of trade creditors and withholding taxes; and

(C) it has substantial equity in school-occupied facilities, the acquisition of which was the direct cause of its failure to meet the criteria.

(5) The determination as to whether an institution has met the standards of financial responsibility provided for in paragraphs (2) and (3)(C) shall be based on an audited and certified financial statement of the institution. Such audit shall be conducted by a qualified independent organization or person in accordance with standards established by the American Institute of Certified Public Accountants. Such statement shall be submitted to the Secretary at the time such institution is considered for certification or recertification under this section. If the institution is permitted to be certified (provisionally or otherwise) and such audit does not establish compliance with paragraph (2), the Secretary may require that additional audits be submitted.

(6)(A) The Secretary shall establish requirements for the maintenance by an institution of higher education of sufficient cash reserves to ensure repayment of any required refunds.

(B) The Secretary shall provide for a process under which the Secretary shall exempt an institution of higher education from the requirements described in subparagraph (A) if the Secretary determines that the institution—

(i) is located in a State that has a tuition recovery fund that ensures that the institution meets the requirements of subparagraph (A);

(ii) contributes to the fund; and

(iii) otherwise has legal authority to operate within the State.

**(d) Administrative capacity standard**

The Secretary is authorized—

(1) to establish procedures and requirements relating to the administrative capacities of institutions of higher education, including—

(A) consideration of past performance of institutions or persons in control of such institutions with respect to student aid programs; and

(B) maintenance of records; and

(2) to establish such other reasonable procedures as the Secretary determines will contribute to ensuring that the institution of higher education will comply with administrative capability required by this subchapter.

**(e) Financial guarantees from owners**

(1) Notwithstanding any other provision of law, the Secretary may, to the extent necessary to protect the financial interest of the United States, require—

(A) financial guarantees from an institution participating, or seeking to participate, in a program under this subchapter, or from one or more individuals who the Secretary determines, in accordance with paragraph (2), exercise substantial control over such institution, or both, in an amount determined by the Secretary to be sufficient to satisfy the institution's potential liability to the Federal Government, student assistance recipients, and other program participants for funds under this subchapter; and

(B) the assumption of personal liability, by one or more individuals who exercise substantial control over such institution, as determined by the Secretary in accordance with paragraph (2), for financial losses to the Federal Government, student assistance recipients, and other program participants for funds under this subchapter, and civil and criminal monetary penalties authorized under this subchapter.

(2)(A) The Secretary may determine that an individual exercises substantial control over one or more institutions participating in a program under this subchapter if the Secretary determines that—

(i) the individual directly or indirectly controls a substantial ownership interest in the institution;

(ii) the individual, either alone or together with other individuals, represents, under a voting trust, power of attorney, proxy, or similar agreement, one or more persons who have, individually or in combination with the other persons represented or the individual representing them, a substantial ownership interest in the institution; or

(iii) the individual is a member of the board of directors, the chief executive officer, or other executive officer of the institution or of an entity that holds a substantial ownership interest in the institution.

(B) The Secretary may determine that an entity exercises substantial control over one or more institutions participating in a program under this subchapter if the Secretary determines that the entity directly or indirectly holds a substantial ownership interest in the institution.

(3) For purposes of this subsection, an ownership interest is defined as a share of the legal or beneficial ownership or control of, or a right to share in the proceeds of the operation of, an institution or institution's parent corporation. An ownership interest may include, but is not limited to—

(A) a sole proprietorship;

(B) an interest as a tenant-in-common, joint tenant, or tenant by the entirety;

(C) a partnership; or

(D) an interest in a trust.

(4) The Secretary shall not impose the requirements described in subparagraphs (A) and (B) of paragraph (1) on an institution that—

(A) has not been subjected to a limitation, suspension, or termination action by the Secretary or a guaranty agency within the preceding 5 years;

(B) has not had, during its 2 most recent audits of the institutions conduct of programs under this subchapter, an audit finding that resulted in the institution being required to repay an amount greater than 5 percent of the funds the institution received from programs under this subchapter for any year;

(C) meets and has met, for the preceding 5 years, the financial responsibility standards under subsection (c); and

(D) has not been cited during the preceding 5 years for failure to submit audits required under this subchapter in a timely fashion.

(5) For purposes of section 1094(c)(1)(G) of this title, this section shall also apply to individuals or organizations that contract with an institution to administer any aspect of an institution's student assistance program under this subchapter.

(6) Notwithstanding any other provision of law, any individual who—

(A) the Secretary determines, in accordance with paragraph (2), exercises substantial control over an institution participating in, or seeking to participate in, a program under this subchapter;

(B) is required to pay, on behalf of a student or borrower, a refund of unearned institutional charges to a lender, or to the Secretary; and

(C) willfully fails to pay such refund or willfully attempts in any manner to evade payment of such refund,

shall, in addition to other penalties provided by law, be liable to the Secretary for the amount of the refund not paid, to the same extent with respect to such refund that such an individual would be liable as a responsible person for a penalty under section 6672(a) of title 26 with respect to the nonpayment of taxes.

**(f) Actions on applications and site visits**

The Secretary shall ensure that prompt action is taken by the Department on any application required under subsection (b). The personnel of the Department of Education may conduct a site visit at each institution before certifying or recertifying its eligibility for purposes of any program under this subchapter. The Secretary shall establish priorities by which institutions are to receive site visits, and shall, to the extent practicable, coordinate such visits with site visits by States, guaranty agencies, and accrediting bodies in order to eliminate duplication, and reduce administrative burden.

**(g) Time limitations on, and renewal of, eligibility****(1) General rule**

After the expiration of the certification of any institution under the schedule prescribed under this section (as this section was in effect prior to October 7, 1998), or upon request for initial certification from an institution not previously certified, the Secretary may certify the eligibility for the purposes of any program authorized under this subchapter of

each such institution for a period not to exceed 6 years.

**(2) Notification**

The Secretary shall notify each institution of higher education not later than 6 months prior to the date of the expiration of the institution's certification.

**(h) Provisional certification of institutional eligibility**

(1) Notwithstanding subsections (d) and (g), the Secretary may provisionally certify an institution's eligibility to participate in programs under this subchapter—

(A) for not more than one complete award year in the case of an institution of higher education seeking an initial certification; and

(B) for not more than 3 complete award years if—

(i) the institution's administrative capability and financial responsibility is being determined for the first time;

(ii) there is a complete or partial change of ownership, as defined under subsection (i), of an eligible institution; or

(iii) the Secretary determines that an institution that seeks to renew its certification is, in the judgment of the Secretary, in an administrative or financial condition that may jeopardize its ability to perform its financial responsibilities under a program participation agreement.

(2) Whenever the Secretary withdraws the recognition of any accrediting agency, an institution of higher education which meets the requirements of accreditation, eligibility, and certification on the day prior to such withdrawal, the Secretary may, notwithstanding the withdrawal, continue the eligibility of the institution of higher education to participate in the programs authorized by this subchapter for a period not to exceed 18 months from the date of the withdrawal of recognition.

(3) If, prior to the end of a period of provisional certification under this subsection, the Secretary determines that the institution is unable to meet its responsibilities under its program participation agreement, the Secretary may terminate the institution's participation in programs under this subchapter.

**(i) Treatment of changes of ownership**

(1) An eligible institution of higher education that has had a change in ownership resulting in a change of control shall not qualify to participate in programs under this subchapter after the change in control (except as provided in paragraph (3)) unless it establishes that it meets the requirements of section 1002 of this title (other than the requirements in subsections (b)(5) and

(c)(3)<sup>1</sup>) and this section after such change in control.

(2) An action resulting in a change in control may include (but is not limited to)—

(A) the sale or transfer, upon the death of an owner of an institution, of the ownership interest of the deceased in that institution to a family member or to a person holding an ownership interest in that institution; or

(B) another action determined by the Secretary to be a routine business practice.

(4)(A) The Secretary may provisionally certify an institution seeking approval of a change in ownership based on the preliminary review by the Secretary of a materially complete application that is received by the Secretary within 10 business days of the transaction for which the approval is sought.

(B) A provisional certification under this paragraph shall expire not later than the end of the month following the month in which the transaction occurred, except that if the Secretary has not issued a decision on the application for the change of ownership within that period, the Secretary may continue such provisional certification on a month-to-month basis until such decision has been issued.

**(j) Treatment of branches**

(1) A branch of an eligible institution of higher education, as defined pursuant to regulations of the Secretary, shall be certified under this subpart before it may participate as part of such institution in a program under this subchapter, except that such branch shall not be required to meet the requirements of sections 1002(b)(1)(E) and 1002(c)(1)(C) of this title prior to seeking such certification. Such branch is required to be in existence at least 2 years after the branch is certified by the Secretary as a branch campus participating in a program under this subchapter, prior to seeking certification as a main campus or free-standing institution.

(2) The Secretary may waive the requirement of section 1001(a)(2) of this title for a branch that (A) is not located in a State, (B) is affiliated with an eligible institution, and (C) was participating in one or more programs under this subchapter on or before January 1, 1992.

**(2) Special rule**

An institution of higher education that conducts a teach-out through the establishment of an additional location described in paragraph (1) shall be permitted to establish a permanent additional location at a closed institution and shall not be required—

L. 89-329 and transferred to part F (§1067q) of subchapter III of this chapter.

**§ 1099d. Competitive loan auction pilot program**

**(a) Definitions**

In this section:

**(1) Eligible Federal PLUS Loan**

The term “eligible Federal PLUS Loan” means a loan described in section 1078-2 of this

title made to a parent of a dependent student who is a new borrower on or after July 1, 2009.

**(2) Eligible lender**

The term “eligible lender” has the meaning given the term in section 1085 of this title.

**(b) Pilot program**

The Secretary shall carry out a pilot program under which the Secretary establishes a mechanism for an auction of eligible Federal PLUS Loans in accordance with this subsection. The pilot program shall meet the following requirements:

**(1) Planning and implementation**

During the period beginning on September 27, 2007, and ending on June 30, 2009, the Secretary shall plan and implement the pilot program under this subsection. During the planning and implementation, the Secretary shall consult with other Federal agencies with knowledge of, and experience with, auction programs, including the Federal Communication Commission and the Department of the Treasury.

**(2) Origination and disbursement; applicability of section 1078-2**

Beginning on July 1, 2009, the Secretary shall arrange for the origination and disbursement of all eligible Federal PLUS Loans in accordance with the provisions of this subsection and the provisions of section 1078-2 of this title that are not inconsistent with this subsection.

**(3) Loan origination mechanism**

The Secretary shall establish a loan origination auction mechanism that meets the following requirements:

**(A) Auction for each State**

The Secretary administers an auction under this paragraph for each State, under which eligible lenders compete to originate eligible Federal PLUS Loans under this paragraph at all institutions of higher education within such State.

**(B) Prequalification process**

The Secretary establishes a prequalification process for eligible lenders desiring to participate in an auction under this paragraph that contains, at a minimum—

(i) a set of borrower benefits and servicing requirements each eligible lender shall meet in order to participate in such an auction;

(ii) an assessment of each such eligible lender’s capacity, including capital capacity, to participate effectively; and

(iii) a commitment from such eligible lender that, if the lender has a winning bid under subparagraph (F), the lender will enter into the agreement required under subparagraph (G).

**(C) Timing and origination**

Each State auction takes place every 2 years, and the eligible lenders with the winning bids for the State are the only eligible lenders permitted to originate eligible Fed-

eral PLUS Loans made under this paragraph for the cohort of students at the institutions of higher education within the State until the students graduate from or leave the institutions of higher education.

**(D) Bids**

Each eligible lender's bid consists of the amount of the special allowance payment (after the application of section 1087-1(b)(2)(I)(v) of this title) the eligible lender proposes to accept from the Secretary with respect to the eligible Federal PLUS Loans made under this paragraph in lieu of the amount determined under section 1087-1(b)(2)(I) of this title.

**(E) Maximum bid**

The maximum bid allowable under this paragraph shall not exceed the amount of the special allowance payable on eligible Federal PLUS Loans made under this paragraph computed under section 1087-1(b)(2)(I) of this title (other than clauses (ii), (iii), (iv), and (vi) of such section), except that for purposes of the computation under this subparagraph, section 1087-1(b)(2)(I)(i)(III) of this title shall be applied by substituting "1.79 percent" for "2.34 percent".

**(F) Winning bids**

The winning bids for each State auction shall be the 2 bids containing the lowest and the second lowest proposed special allowance payments, subject to subparagraph (E).

**(G) Agreement with Secretary; compliance**

**(i) Agreement**

Each eligible lender having a winning bid under subparagraph (F) shall enter into an agreement with the Secretary under which the eligible lender—

(I) agrees to originate eligible Federal PLUS Loans under this paragraph to each borrower who—

(aa) seeks an eligible Federal PLUS Loan under this paragraph to enable a dependent student to attend an institution of higher education within the State;

(bb) is eligible for an eligible Federal PLUS Loan; and

(cc) elects to borrow from the eligible lender; and

(II) agrees to accept a special allowance payment (after the application of section 1087-1(b)(2)(I)(v) of this title) from the Secretary with respect to the eligible Federal PLUS Loans originated under subclause (I) in the amount proposed in the second lowest winning bid described in subparagraph (F) for the applicable State auction.

**(ii) Compliance**

If an eligible lender with a winning bid under subparagraph (F) fails to enter into the agreement required under clause (i), or fails to comply with the terms of such agreement, the Secretary may sanction such eligible lender through one or more of the following:

(I) The assessment of a penalty on such eligible lender for any eligible Federal PLUS Loans that such eligible lender fails to originate under this paragraph in accordance with the agreement required under clause (i), in the amount of the additional costs (including the amounts of any increase in special allowance payments) incurred by the Secretary in obtaining another eligible lender to originate such eligible Federal PLUS Loans. The Secretary shall collect such penalty by—

(aa) reducing the amount of any payments otherwise due to such eligible lender from the Secretary by the amount of the penalty; or

(bb) requesting any other Federal agency to reduce the amount of any payments due to such eligible lender from such agency by the amount of the penalty, in accordance with section 3716 of title 31.

(II) A prohibition of bidding by such lender in other auctions under this section.

(III) The limitation, suspension, or termination of such eligible lender's participation in the loan program under part B.

(IV) Any other enforcement action the Secretary is authorized to take under part B.

**(H) Sealed bids; confidentiality**

All bids are sealed and the Secretary keeps the bids confidential, including following the announcement of the winning bids.

**(I) Eligible lender of last resort**

**(i) In general**

In the event that there is no winning bid under subparagraph (F), the students at the institutions of higher education within the State that was the subject of the auction shall be served by an eligible lender of last resort, as determined by the Secretary.

**(ii) Determination of eligible lender of last resort**

Prior to the start of any auction under this paragraph, eligible lenders that desire to serve as an eligible lender of last resort shall submit an application to the Secretary at such time and in such manner as the Secretary may determine. Such application shall include an assurance that the eligible lender will meet the prequalification requirements described in subparagraph (B).

**(iii) Geographic location**

The Secretary shall identify an eligible lender of last resort for each State.

**(iv) Notification timing**

The Secretary shall not identify any eligible lender of last resort until after the announcement of all the winning bids for a State auction for any year.

**(v) Maximum special allowance**

The Secretary is authorized to set a special allowance payment that shall be payable to a lender of last resort for a State under this subparagraph, which special allowance payment shall be kept confidential, including following the announcement of winning bids. The Secretary shall set such special allowance payment so that it incurs the lowest possible cost to the Federal Government, taking into consideration the lowest bid that was submitted in an auction for such State and the lowest bid submitted in a similar State, as determined by the Secretary.

**(J) Guarantee against losses**

Each eligible Federal PLUS Loan originated under this paragraph shall be insured by a guaranty agency in accordance with part B, except that, notwithstanding section 1078(b)(1)(G) of this title, such insurance shall be in an amount equal to 99 percent of the unpaid principal and interest due on the loan.

**(K) Loan fees**

The Secretary shall not collect a loan fee under section 1087-1(d) of this title with respect to an eligible Federal Plus Loan originated under this paragraph.

In the event a borrower with eligible Federal PLUS Loans made under this paragraph wishes to consolidate the loans, the borrower shall notify the eligible lender who originated the loans under this paragraph.

**(iii) Limitation on eligible lender option to consolidate**

The option described in clause (i) shall not apply if—

(I) the borrower includes in the notification in clause (ii) verification of consolidation terms and conditions offered by an eligible lender other than the eligible lender described in clause (i); and

(II) not later than 10 days after receiving such notification from the borrower, the eligible lender described in clause (i) does not agree to match such terms and conditions, or provide more favorable terms and conditions to such borrower than the offered terms and conditions described in subclause (I).

**(iv) Consolidation of additional loans**

If a borrower has a Federal Direct PLUS Loan or a loan made on behalf of a dependent student under section 1078-2 of this title and seeks to consolidate such loan with an eligible Federal PLUS Loan made

under this paragraph, then the eligible lender that originated the borrower's loan under this paragraph may include in the consolidation under this subparagraph a Federal Direct PLUS Loan or a loan made on behalf of a dependent student under section 1078-2 of this title, but only if—

(I) in the case of a Federal Direct PLUS Loan, the eligible lender agrees, not later than 10 days after the borrower requests such consolidation from the lender, to match the consolidation terms and conditions that would otherwise be available to the borrower if the borrower consolidated such loans in the loan program under part D; or

(II) in the case of a loan made on behalf of a dependent student under section 1078-2 of this title, the eligible lender agrees, not later than 10 days after the borrower requests such consolidation from the lender, to match the consolidation terms and conditions offered by an eligible lender other than the eligible lender that originated the borrower's loans under this paragraph.

**(v) Special allowance on consolidation loans that include loans made under this paragraph**

The applicable special allowance payment for loans consolidated under this paragraph shall be equal to the lesser of—

**(c) Required initial evaluation**

The Secretary and Secretary of the Treasury shall jointly conduct an evaluation, in consultation with the Office of Management and Budget, the Congressional Budget Office, and the Comptroller General, of the pilot program carried out by the Secretary under this section. The evaluation shall determine—

(1) the extent of the savings to the Federal Government that are generated through the pilot program, compared to the cost the Federal Government would have incurred in operating the PLUS loan program under section 1078-2 of this title in the absence of the pilot program;

(2) the number of lenders that participated in the pilot program, and the extent to which

the pilot program generated competition among lenders to participate in the auctions under the pilot program;

#### PART A—HISPANIC-SERVING INSTITUTIONS

#### PRIOR PROVISIONS

A prior part A consisted of sections 1102 to 1102j and related to State and local programs for teacher excellence prior to the general amendment of this subchapter by Pub. L. 105-244.

### § 1101. Findings; purpose; and program authority

#### (a) Findings

Congress makes the following findings:

(1) Hispanic Americans are at high risk of not enrolling or graduating from institutions of higher education.

(2) Disparities between the enrollment of non-Hispanic white students and Hispanic stu-

dents in postsecondary education are increasing. Between 1973 and 1994, enrollment of white secondary school graduates in 4-year institutions of higher education increased at a rate two times higher than that of Hispanic secondary school graduates.

(3) Despite significant limitations in resources, Hispanic-serving institutions provide a significant proportion of postsecondary opportunities for Hispanic students.

(4) Relative to other institutions of higher education, Hispanic-serving institutions are underfunded. Such institutions receive significantly less in State and local funding, per full-time equivalent student, than other institutions of higher education.

(5) Hispanic-serving institutions are succeeding in educating Hispanic students despite significant resource problems that—

(A) limit the ability of such institutions to expand and improve the academic programs of such institutions; and

(B) could imperil the financial and administrative stability of such institutions.

(6) There is a national interest in remedying the disparities described in paragraphs (2) and (4) and ensuring that Hispanic students have an equal opportunity to pursue postsecondary opportunities.

#### (b) Purpose

The purpose of this subchapter is to—

(1) expand educational opportunities for, and improve the academic attainment of, Hispanic students; and

(2) expand and enhance the academic offerings, program quality, and institutional stability of colleges and universities that are educating the majority of Hispanic college students and helping large numbers of Hispanic students and other low-income individuals complete postsecondary degrees.

#### (c) Program authority

The Secretary shall provide grants and related assistance to Hispanic-serving institutions to enable such institutions to improve and expand their capacity to serve Hispanic students and other low-income individuals.

Subsec. (b). Pub. L. 110-315, § 703(a), added subsec. (b) and struck out former subsec. (b). Prior to amendment, text read as follows: “After consultation with appropriate Federal and nonprofit agencies and organizations, the Secretary shall designate areas of national need. In making such designations, the Secretary shall take into account the extent to which the interest in the area is compelling, the extent to which other Federal programs support postbaccalaureate study in the area concerned, and an assessment of how the program could achieve the most significant impact with available resources.”

### § 1135b. Criteria for applications

#### (a) Selection of applications

The Secretary shall make grants to academic departments, programs and units of institutions of higher education on the basis of applications submitted in accordance with subsection (b). Applications shall be ranked on program quality by review panels of nationally recognized scholars and evaluated on the quality and effectiveness of the academic program and the achievement and promise of the students to be served. To the extent possible (consistent with other provisions of this section), the Secretary shall make awards that are consistent with recommendations of the review panels.

#### (b) Contents of applications

An academic department, program or unit of an institution of higher education, in the department, program or unit’s application for a grant, shall—

- (1) describe the current academic program of the applicant for which the grant is sought;
- (2) provide assurances that the applicant will provide, from other non-Federal sources, for the purposes of the fellowship program under this subpart an amount equal to at least 25 percent of the amount of the grant received under this subpart, which contribution may be in cash or in kind, fairly valued;
- (3) set forth policies and procedures to assure that, in making fellowship awards under

this subpart, the institution will seek talented students from traditionally underrepresented backgrounds, as determined by the Secretary;

(4) describe the number, types, and amounts of the fellowships that the applicant intends to offer with grant funds provided under this part;

(7) provide assurances that, in the event that funds made available to the academic department, program or unit under this subpart are insufficient to provide the assistance due a student under the commitment entered into between the academic department, program or unit and the student, the academic department, program or unit will, from any funds available to the department, program or unit, fulfill the commitment to the student;

(8) provide that the applicant will comply with the limitations set forth in section 1135d of this title;

(9) provide assurances that the academic department will provide at least 1 year of supervised training in instruction for students; and

### § 1232g. Family educational and privacy rights

#### (a) Conditions for availability of funds to educational agencies or institutions; inspection and review of education records; specific information to be made available; procedure for access to education records; reasonableness of time for such access; hearings; written explanations by parents; definitions

(1)(A) No funds shall be made available under any applicable program to any educational agency or institution which has a policy of denying, or which effectively prevents, the parents of students who are or have been in attendance at a school of such agency or at such institution, as the case may be, the right to inspect and review the education records of their children. If any material or document in the education record of a student includes information on more than one student, the parents of one of such students shall have the right to inspect and review only such part of such material or document as relates to such student or to be informed of the specific information contained in such part of such material. Each educational agency or institution shall establish appropriate procedures for the granting of a request by parents for access to the education records of their children within a reasonable period of time, but in no case more than forty-five days after the request has been made.

(B) No funds under any applicable program shall be made available to any State educational agency (whether or not that agency is an educational agency or institution under this section) that has a policy of denying, or effectively prevents, the parents of students the right to inspect and review the education records maintained by the State educational agency on their children who are or have been in attendance at

any school of an educational agency or institution that is subject to the provisions of this section.

(C) The first sentence of subparagraph (A) shall not operate to make available to students in institutions of postsecondary education the following materials:

(i) financial records of the parents of the student or any information contained therein;

(ii) confidential letters and statements of recommendation, which were placed in the education records prior to January 1, 1975, if such letters or statements are not used for purposes other than those for which they were specifically intended;

(iii) if the student has signed a waiver of the student's right of access under this subsection in accordance with subparagraph (D), confidential recommendations—

(I) respecting admission to any educational agency or institution,

(II) respecting an application for employment, and

(III) respecting the receipt of an honor or honorary recognition.

(D) A student or a person applying for admission may waive his right of access to confidential statements described in clause (iii) of subparagraph (C), except that such waiver shall apply to recommendations only if (i) the student is, upon request, notified of the names of all persons making confidential recommendations and (ii) such recommendations are used solely for the purpose for which they were specifically intended. Such waivers may not be required as a condition for admission to, receipt of financial aid from, or receipt of any other services or benefits from such agency or institution.

(2) No funds shall be made available under any applicable program to any educational agency or institution unless the parents of students who are or have been in attendance at a school of such agency or at such institution are provided an opportunity for a hearing by such agency or institution, in accordance with regulations of the Secretary, to challenge the content of such student's education records, in order to insure that the records are not inaccurate, misleading, or otherwise in violation of the privacy rights of students, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading or otherwise inappropriate data contained therein and to insert into such records a written explanation of the parents respecting the content of such records.

(3) For the purposes of this section the term "educational agency or institution" means any public or private agency or institution which is the recipient of funds under any applicable program.

(4)(A) For the purposes of this section, the term "education records" means, except as may be provided otherwise in subparagraph (B), those records, files, documents, and other materials which—

(i) records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute;

(ii) records maintained by a law enforcement unit of the educational agency or institution that were created by that law enforcement unit for the purpose of law enforcement;

(iii) in the case of persons who are employed by an educational agency or institution but who are not in attendance at such agency or institution, records made and maintained in the normal course of business which relate exclusively to such person in that person's capacity as an employee and are not available for use for any other purpose; or

(iv) records on a student who is eighteen years of age or older, or is attending an institution of postsecondary education, which are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his professional or paraprofessional capacity, or assisting in that capacity, and which are made, maintained, or used only in connection with the provision of treatment to the student, and are not available to anyone other than persons providing such treatment, except that such records can be personally reviewed by a physician or other appropriate professional of the student's choice.

(5)(A) For the purposes of this section the term "directory information" relating to a student includes the following: the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.

(B) Any educational agency or institution making public directory information shall give public notice of the categories of information which it has designated as such information with respect to each student attending the institution or agency and shall allow a reasonable period of time after such notice has been given for a parent to inform the institution or agency that any or all of the information designated should not be released without the parent's prior consent.

(6) For the purposes of this section, the term "student" includes any person with respect to whom an educational agency or institution maintains education records or personally identifiable information, but does not include a person who has not been in attendance at such agency or institution.

(A) other school officials, including teachers within the educational institution or local educational agency, who have been determined by such agency or institution to have legitimate educational interests, including the educational interests of the child for whom consent would otherwise be required;

(i) before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve the student whose records are released, or

(ii) after November 19, 1974, if—

(I) the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve, prior to adjudication, the student whose records are released; and

(II) the officials and authorities to whom such information is disclosed certify in writing to the educational agency or institution that the information will not be disclosed to any other party except as provided under State law without the prior written consent of the parent of the student.<sup>1</sup>

(F) organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted;

(G) accrediting organizations in order to carry out their accrediting functions;

(H) parents of a dependent student of such parents, as defined in section 152 of title 26;

(I) subject to regulations of the Secretary, in connection with an emergency, appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons;

(J)(i) the entity or persons designated in a Federal grand jury subpoena, in which case the court shall order, for good cause shown, the educational agency or institution (and any officer, director, employee, agent, or attorney for such agency or institution) on which the subpoena is served, to not disclose to any person the existence or contents of the subpoena or any information furnished to the grand jury in response to the subpoena; and

(ii) the entity or persons designated in any other subpoena issued for a law enforcement purpose, in which case the court or other issuing agency may order, for good cause shown, the educational agency or institution (and any officer, director, employee, agent, or attorney for such agency or institution) on which the subpoena is served, to not disclose to any person the existence or contents of the subpoena or any information furnished in response to the subpoena;

(K) the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of State and local educational and other agencies and institutions receiving funding or providing benefits of 1 or more programs authorized under the Richard B. (i) any data collected under this subparagraph shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and

(ii) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; and

(L) an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in section 5304 of title 25), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

<sup>1</sup> So in original. The period probably should be a semicolon.

Nothing in subparagraph (E) of this paragraph shall prevent a State from further limiting the number or type of State or local officials who will continue to have access thereunder.

(2) No funds shall be made available under any applicable program to any educational agency or institution which has a policy or practice of releasing, or providing access to, any personally identifiable information in education records other than directory information, or as is permitted under paragraph (1) of this subsection, unless—

(A) there is written consent from the student's parents specifying records to be released, the reasons for such release, and to whom, and with a copy of the records to be released to the student's parents and the student if desired by the parents, or

(B) except as provided in paragraph (1)(J), such information is furnished in compliance with judicial order, or pursuant to any lawfully issued subpoena, upon condition that parents and the students are notified of all such orders or subpoenas in advance of the compliance therewith by the educational institution or agency, except when a parent is a party to a court proceeding involving child abuse and neglect (as defined in section 3 of the Child Abuse Prevention and Treatment Act (42 U.S.C. 5101 note)) or dependency matters, and the order is issued in the context of that proceeding, additional notice to the parent by the educational agency or institution is not required.

(3) Nothing contained in this section shall preclude authorized representatives of (A) the Comptroller General of the United States, (B) the Secretary, or (C) State educational authorities from having access to student or other records which may be necessary in connection with the audit and evaluation of Federally-supported education programs, or in connection with the enforcement of the Federal legal requirements which relate to such programs: *Provided*, That except when collection of personally identifiable information is specifically authorized by Federal law, any data collected by such officials shall be protected in a manner which will not permit the personal identification of students and their parents by other than those officials, and such personally identifiable data shall be destroyed when no longer needed for such audit, evaluation, and enforcement of Federal legal requirements.

(4)(A) Each educational agency or institution shall maintain a record, kept with the education records of each student, which will indicate all individuals (other than those specified in paragraph (1)(A) of this subsection), agencies, or organizations which have requested or obtained access to a student's education records maintained by such educational agency or institution, and which will indicate specifically the legitimate interest that each such person, agency, or organization has in obtaining this information. Such record of access shall be available only to parents, to the school official and his assistants who are responsible for the custody of such records, and to persons or organizations authorized in, and under the conditions of, clauses (A) and (C) of paragraph (1) as a means of auditing the operation of the system.

(B) With respect to this subsection, personal information shall only be transferred to a third party on the condition that such party will not permit any other party to have access to such information without the written consent of the parents of the student. If a third party outside the educational agency or institution permits access to information in violation of paragraph (2)(A), or fails to destroy information in violation of paragraph (1)(F), the educational agency or institution shall be prohibited from permitting access to information from education records to that third party for a period of not less than five years.

(5) Nothing in this section shall be construed to prohibit State and local educational officials from having access to student or other records which may be necessary in connection with the audit and evaluation of any federally or State supported education program or in connection with the enforcement of the Federal legal requirements which relate to any such program, subject to the conditions specified in the proviso in paragraph (3).

(6)(A) Nothing in this section shall be construed to prohibit an institution of postsecondary education from disclosing, to an alleged victim of any crime of violence (as that term is defined in section 16 of title 18), or a nonforcible sex offense, the final results of any disciplinary proceeding conducted by such institution against the alleged perpetrator of such crime or offense with respect to such crime or offense.

(B) Nothing in this section shall be construed to prohibit an institution of postsecondary education from disclosing the final results of any disciplinary proceeding conducted by such institution against a student who is an alleged perpetrator of any crime of violence (as that term is defined in section 16 of title 18), or a nonforcible sex offense, if the institution determines as a result of that disciplinary proceeding that the student committed a violation of the institution's rules or policies with respect to such crime or offense.

(C) For the purpose of this paragraph, the final results of any disciplinary proceeding—

(i) shall include only the name of the student, the violation committed, and any sanction imposed by the institution on that student; and

(ii) may include the name of any other student, such as a victim or witness, only with the written consent of that other student.

(7)(A) Nothing in this section may be construed to prohibit an educational institution from disclosing information provided to the institution under section 14071<sup>2</sup> of title 42 concerning registered sex offenders who are required to register under such section.

(B) The Secretary shall take appropriate steps to notify educational institutions that disclosure of information described in subparagraph (A) is permitted.

Regulations established under this subsection shall include provisions controlling the use, dissemination, and protection of such data. No survey or data-gathering activities shall be conducted by the Secretary, or an administrative head of an education agency under an applicable program, unless such activities are authorized by law.

**(d) Students' rather than parents' permission or consent**

For the purposes of this section, whenever a student has attained eighteen years of age, or is attending an institution of postsecondary education, the permission or consent required of and the rights accorded to the parents of the student shall thereafter only be required of and accorded to the student.

**(e) Informing parents or students of rights under this section**

No funds shall be made available under any applicable program to any educational agency or institution unless such agency or institution effectively informs the parents of students, or the students, if they are eighteen years of age or older, or are attending an institution of postsecondary education, of the rights accorded them by this section.

**(f) Enforcement; termination of assistance**

The Secretary shall take appropriate actions to enforce this section and to deal with violations of this section, in accordance with this chapter, except that action to terminate assistance may be taken only if the Secretary finds there has been a failure to comply with this section, and he has determined that compliance cannot be secured by voluntary means.

**(g) Office and review board; creation; functions**

The Secretary shall establish or designate an office and review board within the Department for the purpose of investigating, processing, reviewing, and adjudicating violations of this section and complaints which may be filed concerning alleged violations of this section. **(h) Disciplinary records; disclosure**

Nothing in this section shall prohibit an educational agency or institution from—

(1) including appropriate information in the education record of any student concerning disciplinary action taken against such student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community; or

(2) disclosing such information to teachers and school officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

**(i) Drug and alcohol violation disclosures**

**(1) In general**

Nothing in this Act or the Higher Education Act of 1965 [20 U.S.C. 1001 et seq.] shall be construed to prohibit an institution of higher education from disclosing, to a parent or legal guardian of a student, information regarding any violation of any Federal, State, or local law, or of any rule or policy of the institution, governing the use or possession of alcohol or a controlled substance, regardless of whether that information is contained in the student's education records, if—

(A) the student is under the age of 21; and

(B) the institution determines that the student has committed a disciplinary violation with respect to such use or possession.

**(2) State law regarding disclosure**

Nothing in paragraph (1) shall be construed to supersede any provision of State law that prohibits an institution of higher education from making the disclosure described in subsection (a).

**(j) Investigation and prosecution of terrorism**

**(1) In general**

Notwithstanding subsections (a) through (i) or any provision of State law, the Attorney General (or any Federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) may submit a written application to a court of competent jurisdiction for an ex parte order requiring an educational agency or institution to permit the Attorney General (or his designee) to—

(A) collect education records in the possession of the educational agency or institution that are relevant to an authorized investigation or prosecution of an offense listed in section 2332b(g)(5)(B) of title 18, or an act of domestic or international terrorism as defined in section 2331 of that title; and

(B) for official purposes related to the investigation or prosecution of an offense described in paragraph (1)(A), retain, disseminate, and use (including as evidence at trial or in other administrative or judicial proceedings) such records, consistent with such guidelines as the Attorney General, after consultation with the Secretary, shall issue to protect confidentiality.

**(2) Application and approval**

(A) IN GENERAL.—An application under paragraph (1) shall certify that there are specific and articulable facts giving reason to believe that the education records are likely to contain information described in paragraph (1)(A).

(B) The court shall issue an order described in paragraph (1) if the court finds that the application for the order includes the certification described in subparagraph (A).

**(3) Protection of educational agency or institution**

An educational agency or institution that, in good faith, produces education records in accordance with an order issued under this subsection shall not be liable to any person for that production.

### § 1234. Office of Administrative Law Judges

#### (a) Establishment; duties

The Secretary shall establish in the Department of Education an Office of Administrative Law Judges (hereinafter in this subchapter referred to as the “Office”) which shall conduct—

(1) recovery of funds hearings pursuant to section 1234a of this title,

(2) withholding hearings pursuant to section 1234d of this title,

(3) cease and desist hearings pursuant to section 1234e of this title, and

(4) other proceedings designated by the Secretary.

#### (b) Appointment

The administrative law judges (hereinafter “judges”) of the Office shall be appointed by the

Secretary in accordance with section 3105 of title 5.

**(c) Employment requirements; chief judge**

The judges shall be officers or employees of the Department. The judges shall meet the requirements imposed for administrative law judges pursuant to section 3105 of title 5. In choosing among equally qualified candidates for such positions the Secretary shall give favorable consideration to the candidates' experience in State or local educational agencies and their knowledge of the workings of Federal education programs in such agencies. The Secretary shall designate one of the judges of the Office to be the chief judge.

**(d) Assignment of judges**

For the purposes of conducting hearings described in subsection (a), the chief judge shall assign a judge to each case or class of cases. A judge shall be disqualified in any case in which the judge has a substantial interest, has been of counsel, is or has been a material witness, or is so related to or connected with any party or the party's attorney as to make it improper for the judge to be assigned to the case.

**(e) Review and evidentiary functions**

The judge shall review and may require that evidence be taken on the sufficiency of the preliminary departmental determination as set forth in section 1234a of this title.

**(f) Conduct of proceedings; costs and fees of parties**

(1) The proceedings of the Office shall be conducted according to such rules as the Secretary shall prescribe by regulation in conformance with the rules relating to hearings in title 5, sections 554, 556, and 557.

(2) The provisions of title 5, section 504, relating to costs and fees of parties, shall apply to the proceedings before the Department.

**(g) Discovery; scope, time, etc.; issue and enforcement of subpoenas**

(1) In order to secure a fair, expeditious, and economical resolution of cases and where the judge determines that the discovered information is likely to elicit relevant information with respect to an issue in the case, is not sought primarily for the purposes of delay or harassment, and would serve the ends of justice, the judge may order a party to—

- (A) produce relevant documents;
- (B) answer written interrogatories that inquire into relevant matters; and
- (C) have depositions taken.

The judge shall set a time limit of 90 days on the discovery period. The judge may extend this period for good cause shown. At the request of any party, the judge may establish a specific schedule for the conduct of discovery.

(2) In order to carry out the provisions of subsections (f)(1) and (g)(1), the judge is authorized to issue subpoenas and apply to the appropriate court of the United States for enforcement of a subpoena. The court may enforce the subpoena as if it pertained to a proceeding before that court.

**(h) Mediation of disputes**

The Secretary shall establish a process for the voluntary mediation of disputes pending before

the Office. The mediator shall be agreed to by all parties involved in mediation and shall be independent of the parties to the dispute. In the mediation of disputes the Secretary shall consider mitigating circumstances and proportion of harm pursuant to section 1234b of this title. In accordance with rule 408 of the Federal Rules of Evidence, evidence of conduct or statements made in compromise negotiations shall not be admissible in proceedings before the Office. Mediation shall be limited to 120 days, except that the mediator may grant extensions of such period.

**§ 1234a. Recovery of funds**

**(a) Preliminary departmental decision; grounds of determination; notice requirements; prima facie case; amount of funds recoverable**

(1) Whenever the Secretary determines that a recipient of a grant or cooperative agreement under an applicable program must return funds because the recipient has made an expenditure of funds that is not allowable under that grant or cooperative agreement, or has otherwise failed to discharge its obligation to account properly for funds under the grant or cooperative agreement, the Secretary shall give the re-

recipient written notice of a preliminary departmental decision and notify the recipient of its right to have that decision reviewed by the Office and of its right to request mediation.

(2) In a preliminary departmental decision, the Secretary shall have the burden of establishing a prima facie case for the recovery of funds, including an analysis reflecting the value of the program services actually obtained in a determination of harm to the Federal interest. The facts to serve as the basis of the preliminary departmental decision may come from an audit report, an investigative report, a monitoring report, or other evidence. The amount of funds to be recovered shall be determined on the basis of section 1234b of this title.

(3) For the purpose of paragraph (2), failure by a recipient to maintain records required by law, or to allow the Secretary access to such records, shall constitute a prima facie case.

**(b) Review of preliminary departmental decision; form and contents of application for review; inadequate preliminary decisions; duties of recipient to subrecipients after preliminary decision; burden of proof**

(1) A recipient that has received written notice of a preliminary departmental decision and that desires to have such decision reviewed by the Office shall submit to the Office an application for review not later than 60 days after receipt of notice of the preliminary departmental decision. The application shall be in the form and contain the information specified by the Office. As expeditiously as possible, the Office shall return to the Secretary for such action as the Secretary considers appropriate any preliminary departmental decision which the Office determines does not meet the requirements of subsection (a)(2).

(2) In cases where the preliminary departmental decision requests a recovery of funds from a State recipient, that State recipient may not recover funds from an affected local educational agency unless that State recipient has—

(A) transmitted a copy of the preliminary departmental decision to any affected subrecipient within 10 days of the date that the State recipient in a State administered program received such written notice; and

(B) consulted with each affected subrecipient to determine whether the State recipient should submit an application for review under paragraph (1).

(3) In any proceeding before the Office under this section, the burden shall be upon the recipient to demonstrate that it should not be required to return the amount of funds for which recovery is sought in the preliminary departmental decision under subsection (a).

**(c) Time for hearing**

A hearing shall be set 90 days after receipt of a request for review of a preliminary departmental decision by the Office, except that such 90-day requirement may be waived at the discretion of the judge for good cause.

**(d) Review of findings of fact in preliminary decision; conclusiveness; remand; new or modified findings**

(1) Upon review of a decision of the Office by the Secretary, the findings of fact by the Office, if supported by substantial evidence, shall be conclusive. However, the Secretary, for good cause shown, may remand the case to the Office to take further evidence, and the Office may thereupon make new or modified findings of fact and may modify its previous action. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(2) During the conduct of such review, there shall not be any ex parte contact between the Secretary and individuals representing the Department or the recipient.

**(e) Time for filing petition for review of preliminary decision**

Parties to the proceeding shall have 30 days to file a petition for review of a decision of the administrative law judges with the Office of the Secretary.

**(f) Stay of collection or other adverse action by Secretary against recipient**

(1) If a recipient submits a timely application for review of a preliminary departmental decision, the Secretary shall take no collection action until the decision of the Office upholding the preliminary Department decision in whole or in part becomes final agency action under subsection (g).

(2) If a recipient files a timely petition for judicial review under section 1234g of this title, the Secretary shall take no collection action until judicial review is completed.

(3) The filing of an application for review under paragraph (1) or a petition for judicial review under paragraph (2) shall not affect the authority of the Secretary to take any other adverse action under this subchapter against the recipient.

**(g) Preliminary decision as final agency action**

A decision of the Office regarding the review of a preliminary departmental decision shall become final agency action 60 days after the recipient receives written notice of the decision unless the Secretary either—

(1) modifies or sets aside the decision, in whole or in part, in which case the decision of the Secretary shall become final agency action when the recipient receives written notice of the Secretary's action, or

(2) remands the decision to the Office.

**(h) Publication of decisions as final agency actions**

The Secretary shall publish decisions that have become final agency action under subsection (g) in the Federal Register or in another appropriate publication within 60 days.

**(i) Collection amounts and procedures**

may be collected by the Secretary in accordance with chapter 37 of title 31.

**(j) Compromise of preliminary departmental decisions; preconditions; notice requirements**

(1) Notwithstanding any other provision of law, the Secretary may, subject to the notice requirements of paragraph (2), compromise any preliminary departmental decision under this section which does not exceed the amount agreed to be returned by more than \$200,000, if the Secretary determines that (A) the collection of any or all of the amount thereof would not be practical or in the public interest, and (B) the practice which resulted in the preliminary departmental decision has been corrected and will not recur.

(2) Not less than 45 days prior to the exercise of the authority to compromise a preliminary departmental decision pursuant to paragraph (1), the Secretary shall publish in the Federal Register a notice of intention to do so. The notice shall provide interested persons an opportunity to comment on any proposed action under this subsection through the submission of written data, views, or arguments.

**(k) Limitation period respecting return of funds**

No recipient under an applicable program shall be liable to return funds which were expended in a manner not authorized by law more than 5 years before the recipient received written notice of a preliminary departmental decision.

**(l) Foregoing of interest during period of administrative review**

No interest shall be charged arising from a claim during the administrative review of the preliminary departmental decision.

1988—Pub. L. 100-297 amended section generally, substituting provisions relating to recovery of funds for provisions relating to audit determinations.

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-297 effective 180 days after Apr. 28, 1988, but not applicable to recipients receiving written notice to return funds prior to that date, see section 3501(b) of Pub. L. 100-297, set out as a note under section 1234 of this title.

**§ 1234b. Measure of recovery**

**(a) Amount returned proportionate to extent of harm violation caused to an identifiable Federal interest; reduction; determination of identifiable Federal interest**

(1) A recipient determined to have made an unallowable expenditure, or to have otherwise

failed to discharge its responsibility to account properly for funds, shall be required to return funds in an amount that is proportionate to the extent of the harm its violation caused to an identifiable Federal interest associated with the program under which the recipient received the award. Such amount shall be reduced in whole or in part by an amount that is proportionate to the extent the mitigating circumstances caused the violation.

(2) For the purpose of paragraph (1), an identifiable Federal interest includes, but is not limited to, serving only eligible beneficiaries; providing only authorized services or benefits; complying with expenditure requirements and conditions (such as set-aside, excess cost, maintenance of effort, comparability, supplement-not-supplant, and matching requirements); preserving the integrity of planning, application, recordkeeping, and reporting requirements; and maintaining accountability for the use of funds.

**(b) Reduction or waiver of amount based on mitigating circumstances; burden of proof; determination of mitigating circumstances; weight, etc., of written request for guidance**

(1) When a State or local educational agency is determined to have made an unallowable expenditure, or to have otherwise failed to discharge its responsibility to account properly for funds, and mitigating circumstances exist, as described in paragraph (2), the judge shall reduce such amount by an amount that is proportionate to the extent the mitigating circumstances caused the violation. Furthermore, the judge is authorized to determine that no recovery is justified when mitigating circumstances warrant. The burden of demonstrating the existence of mitigating circumstances shall be upon the State or local educational agency.

(2) For the purpose of paragraph (1), mitigating circumstances exist only when it would be unjust to compel the recovery of funds because the State or local educational agency—

(A) actually and reasonably relied upon erroneous written guidance provided by the Department;

(B) made an expenditure or engaged in a practice after—

(i) the State or local educational agency submitted to the Secretary, in good faith, a written request for guidance with respect to the expenditure or practice at issue, and

(ii) a Department official did not respond within 90 days of receipt by the Department of such request; or

(C) actually and reasonably relied upon a judicial decree issued to the recipient.

(3) A written request for guidance as described in paragraph (2) sent by certified mail (return receipt requested) shall be conclusive proof of receipt by the Department.

(4) If the Secretary responds to a written request for guidance described in paragraph (2)(B) more than 90 days after its receipt, the State or local educational agency that submitted the request shall comply with the guidance received at the earliest practicable time.

(5) In order to demonstrate the existence of the mitigating circumstances described in para-

graph (2)(B), the State or local educational agency shall demonstrate that—

(A) the written request for guidance accurately described the proposed expenditure or practice and included the facts necessary for a determination of its legality; and

(B) the written request for guidance contained a certification by the chief legal officer of the State educational agency that such officer had examined the proposed expenditure or practice and believed the proposed expenditure or practice was permissible under then applicable State and Federal law; and

(C) the State or local educational agency reasonably believed that the proposed expenditure or practice was permissible under then applicable State and Federal law.

(6) The Secretary shall disseminate to State educational agencies responses to written requests for guidance, described in paragraph (5), that reflect significant interpretations of applicable law or policy.

**(c) Review of written requests for guidance on periodic basis**

The Secretary shall periodically review the written requests for guidance submitted under this section to determine the need for new or supplementary regulatory or other guidance under applicable programs.

(Pub. L. 90-247, title IV, §453, as added Pub. L. 95-561, title XII, §1232, Nov. 1, 1978, 92 Stat. 2349; amended Pub. L. 100-297, title III, §3501(a), Apr. 28, 1988, 102 Stat. 353.)

AMENDMENTS

1988—Pub. L. 100-297 amended section generally, substituting provisions relating to measure of recovery for provisions relating to withholdings. See section 1234d of this title.

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-297 effective 180 days after Apr. 28, 1988, but not applicable to recipients receiving written notice to return funds prior to that date, see section 3501(b) of Pub. L. 100-297, set out as a note under section 1234 of this title.

**§ 1234c. Remedies for existing violations**

(a) Whenever the Secretary has reason to believe that any recipient of funds under any applicable program is failing to comply substantially with any requirement of law applicable to such funds, the Secretary may—

(1) withhold further payments under that program, as authorized by section 1234d of this title;

(2) issue a complaint to compel compliance through a cease and desist order of the Office, as authorized by section 1234e of this title;

(3) enter into a compliance agreement with a recipient to bring it into compliance, as authorized by section 1234f of this title; or

(4) take any other action authorized by law with respect to the recipient.

(b) Any action, or failure to take action, by the Secretary under this section shall not preclude the Secretary from seeking a recovery of funds under section 1234a of this title.

(1) the practices or procedures of the recipient that resulted in the violation of law have been corrected, and that the recipient is in all other respects in compliance with the requirements of that program, provided that the recipient was notified of any noncompliance with such requirements and given a reasonable period of time to remedy such noncompliance;

(2) the recipient has submitted to the Secretary a plan for the use of those funds pursuant to the requirements of that program and, to the extent possible, for the benefit of the population that was affected by the failure to comply or by the misuse of funds that resulted in the recovery; and

**(b) Terms and conditions of repayment**

Any payments by the Secretary under this section shall be subject to such other terms and conditions as the Secretary considers necessary to accomplish the purposes of the affected programs, including—

(1) the submission of periodic reports on the use of funds provided under this section; and

SUBCHAPTER I—GENERAL PROVISIONS

§ 1400. Short title; findings; purposes

(a) Short title

This chapter may be cited as the “Individuals with Disabilities Education Act”.

(b) Omitted

(c) Findings

Congress finds the following:

(1) Disability is a natural part of the human experience and in no way diminishes the right of individuals to participate in or contribute to society. Improving educational results for children with disabilities is an essential element of our national policy of ensuring equality of opportunity, full participation, independent living, and economic self-sufficiency for individuals with disabilities.

(2) Before the date of enactment of the Education for All Handicapped Children Act of 1975 (Public Law 94-142), the educational needs of millions of children with disabilities were not being fully met because—

(A) the children did not receive appropriate educational services;

(B) the children were excluded entirely from the public school system and from being educated with their peers;

(C) undiagnosed disabilities prevented the children from having a successful educational experience; or

(D) a lack of adequate resources within the public school system forced families to find services outside the public school system.

(3) Since the enactment and implementation of the Education for All Handicapped Children Act of 1975, this chapter has been successful in ensuring children with disabilities and the families of such children access to a free appropriate public education and in improving educational results for children with disabilities.

(4) However, the implementation of this chapter has been impeded by low expectations, and an insufficient focus on applying replicable research on proven methods of teaching and learning for children with disabilities.

(5) Almost 30 years of research and experience has demonstrated that the education of children with disabilities can be made more effective by—

(A) having high expectations for such children and ensuring their access to the general education curriculum in the regular classroom, to the maximum extent possible, in order to—

(i) meet developmental goals and, to the maximum extent possible, the challenging expectations that have been established for all children; and

(ii) be prepared to lead productive and independent adult lives, to the maximum extent possible;

(B) strengthening the role and responsibility of parents and ensuring that families of such children have meaningful opportunities to participate in the education of their children at school and at home;

(C) coordinating this chapter with other local, educational service agency, State, and Federal school improvement efforts, including improvement efforts under the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.], in order to ensure that such children benefit from such efforts and that special education can become a service for such children rather than a place where such children are sent;

(D) providing appropriate special education and related services, and aids and supports in the regular classroom, to such children, whenever appropriate;

(E) supporting high-quality, intensive preservice preparation and professional development for all personnel who work with children with disabilities in order to ensure that such personnel have the skills and

knowledge necessary to improve the academic achievement and functional performance of children with disabilities, including the use of scientifically based instructional practices, to the maximum extent possible;

(F) providing incentives for whole-school approaches, scientifically based early reading programs, positive behavioral interventions and supports, and early intervening services to reduce the need to label children as disabled in order to address the learning and behavioral needs of such children;

(G) focusing resources on teaching and learning while reducing paperwork and requirements that do not assist in improving educational results; and

(H) supporting the development and use of technology, including assistive technology devices and assistive technology services, to maximize accessibility for children with disabilities.

(6) While States, local educational agencies, and educational service agencies are primarily responsible for providing an education for all children with disabilities, it is in the national interest that the Federal Government have a supporting role in assisting State and local efforts to educate children with disabilities in order to improve results for such children and to ensure equal protection of the law.

(7) A more equitable allocation of resources is essential for the Federal Government to meet its responsibility to provide an equal educational opportunity for all individuals.

(8) Parents and schools should be given expanded opportunities to resolve their disagreements in positive and constructive ways.

(9) Teachers, schools, local educational agencies, and States should be relieved of irrelevant and unnecessary paperwork burdens that do not lead to improved educational outcomes.

(10)(A) The Federal Government must be responsive to the growing needs of an increasingly diverse society.

(B) America's ethnic profile is rapidly changing. In 2000, 1 of every 3 persons in the United States was a member of a minority group or was limited English proficient.

(C) Minority children comprise an increasing percentage of public school students.

(D) With such changing demographics, recruitment efforts for special education personnel should focus on increasing the participation of minorities in the teaching profession in order to provide appropriate role models with sufficient knowledge to address the special education needs of these students.

(11)(A) The limited English proficient population is the fastest growing in our Nation, and the growth is occurring in many parts of our Nation.

(B) Studies have documented apparent discrepancies in the levels of referral and placement of limited English proficient children in special education.

(C) Such discrepancies pose a special challenge for special education in the referral of, assessment of, and provision of services for, our Nation's students from non-English language backgrounds.

(12)(A) Greater efforts are needed to prevent the intensification of problems connected with

mislabeling and high dropout rates among minority children with disabilities.

(B) More minority children continue to be served in special education than would be expected from the percentage of minority students in the general school population.

(C) African-American children are identified as having intellectual disabilities and emotional disturbance at rates greater than their White counterparts.

(D) In the 1998–1999 school year, African-American children represented just 14.8 percent of the population aged 6 through 21, but comprised 20.2 percent of all children with disabilities.

(E) Studies have found that schools with predominately White students and teachers have placed disproportionately high numbers of their minority students into special education.

(13)(A) As the number of minority students in special education increases, the number of minority teachers and related services personnel produced in colleges and universities continues to decrease.

(B) The opportunity for full participation by minority individuals, minority organizations, and Historically Black Colleges and Universities in awards for grants and contracts, boards of organizations receiving assistance under this chapter, peer review panels, and training of professionals in the area of special education is essential to obtain greater success in the education of minority children with disabilities.

(14) As the graduation rates for children with disabilities continue to climb, providing effective transition services to promote successful post-school employment or education is an important measure of accountability for children with disabilities.

#### **(d) Purposes**

The purposes of this chapter are—

(1)(A) to ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;

(B) to ensure that the rights of children with disabilities and parents of such children are protected; and

(C) to assist States, localities, educational service agencies, and Federal agencies to provide for the education of all children with disabilities;

(2) to assist States in the implementation of a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families;

(3) to ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services; and

(4) to assess, and ensure the effectiveness of, efforts to educate children with disabilities.

**(a) Grants to States**

The Secretary shall make grants to States, outlying areas, and freely associated States, and provide funds to the Secretary of the Interior, to assist them to provide special education and related services to children with disabilities in accordance with this subchapter.

**(2) Maximum amount**

The maximum amount of the grant a State may receive under this section—

(A) for fiscal years 2005 and 2006 is—

(i) the number of children with disabilities in the State who are receiving special education and related services—

(I) aged 3 through 5 if the State is eligible for a grant under section 1419 of this title; and

(II) aged 6 through 21; multiplied by

(ii) 40 percent of the average per-pupil expenditure in public elementary schools and secondary schools in the United States; and

(B) for fiscal year 2007 and subsequent fiscal years is—

(i) the number of children with disabilities in the 2004-2005 school year in the State who received special education and related services—

(I) aged 3 through 5 if the State is eligible for a grant under section 1419 of this title; and

(II) aged 6 through 21; multiplied by

(ii) 40 percent of the average per-pupil expenditure in public elementary schools and secondary schools in the United States; adjusted by

(iii) the rate of annual change in the sum of—

(I) 85 percent of such State's population described in subsection (d)(3)(A)(i)(II); and

(II) 15 percent of such State's population described in subsection (d)(3)(A)(i)(III).

**(b) Outlying areas and freely associated States; Secretary of the Interior**

**(1) Outlying areas and freely associated States**

**(A) Funds reserved**

From the amount appropriated for any fiscal year under subsection (i), the Secretary

shall reserve not more than 1 percent, which shall be used—

(i) to provide assistance to the outlying areas in accordance with their respective populations of individuals aged 3 through 21; and

(ii) to provide each freely associated State a grant in the amount that such freely associated State received for fiscal year 2003 under this subchapter, but only if the freely associated State meets the applicable requirements of this subchapter, as well as the requirements of section 1411(b)(2)(C) of this title as such section was in effect on the day before December 3, 2004.

**(B) Special rule**

The provisions of Public Law 95-134, permitting the consolidation of grants by the outlying areas, shall not apply to funds provided to the outlying areas or the freely associated States under this section.

**(C) Definition**

In this paragraph, the term “freely associated States” means the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau.

**(2) Secretary of the Interior**

From the amount appropriated for any fiscal year under subsection (i), the Secretary shall reserve 1.226 percent to provide assistance to the Secretary of the Interior in accordance with subsection (h).

**(c) Technical assistance**

**(1) In general**

The Secretary may reserve not more than ½ of 1 percent of the amounts appropriated under this subchapter for each fiscal year to provide technical assistance activities authorized under section 1416(i) of this title.

**(2) Maximum amount**

The maximum amount the Secretary may reserve under paragraph (1) for any fiscal year is \$25,000,000, cumulatively adjusted by the rate of inflation as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

**(d) Allocations to States**

**(1) In general**

After reserving funds for technical assistance, and for payments to the outlying areas, the freely associated States, and the Secretary of the Interior under subsections (b) and (c) for a fiscal year, the Secretary shall allocate the remaining amount among the States in accordance with this subsection.

**(2) Special rule for use of fiscal year 1999 amount**

If a State received any funds under this section for fiscal year 1999 on the basis of children aged 3 through 5, but does not make a free appropriate public education available to all children with disabilities aged 3 through 5 in the State in any subsequent fiscal year, the

Secretary shall compute the State’s amount for fiscal year 1999, solely for the purpose of calculating the State’s allocation in that subsequent year under paragraph (3) or (4), by subtracting the amount allocated to the State for fiscal year 1999 on the basis of those children.

**(3) Increase in funds**

If the amount available for allocations to States under paragraph (1) for a fiscal year is equal to or greater than the amount allocated to the States under this paragraph for the preceding fiscal year, those allocations shall be calculated as follows:

**(A) Allocation of increase**

**(i) In general**

Except as provided in subparagraph (B), the Secretary shall allocate for the fiscal year—

(I) to each State the amount the State received under this section for fiscal year 1999;

(II) 85 percent of any remaining funds to States on the basis of the States’ relative populations of children aged 3 through 21 who are of the same age as children with disabilities for whom the State ensures the availability of a free appropriate public education under this subchapter; and

(III) 15 percent of those remaining funds to States on the basis of the States’ relative populations of children described in subclause (II) who are living in poverty.

**(ii) Data**

For the purpose of making grants under this paragraph, the Secretary shall use the most recent population data, including data on children living in poverty, that are available and satisfactory to the Secretary.

**(B) Limitations**

Notwithstanding subparagraph (A), allocations under this paragraph shall be subject to the following:

**(i) Preceding year allocation**

No State’s allocation shall be less than its allocation under this section for the preceding fiscal year.

**(ii) Minimum**

No State’s allocation shall be less than the greatest of—

(I) the sum of—

(aa) the amount the State received under this section for fiscal year 1999; and

(bb) ⅓ of 1 percent of the amount by which the amount appropriated under subsection (i) for the fiscal year exceeds the amount appropriated for this section for fiscal year 1999;

(II) the sum of—

(aa) the amount the State received under this section for the preceding fiscal year; and

(bb) that amount multiplied by the percentage by which the increase in the funds appropriated for this section from the preceding fiscal year exceeds 1.5 percent; or

(III) the sum of—

(aa) the amount the State received under this section for the preceding fiscal year; and

(bb) that amount multiplied by 90 percent of the percentage increase in the amount appropriated for this section from the preceding fiscal year.

**(iii) Maximum**

Notwithstanding clause (ii), no State's allocation under this paragraph shall exceed the sum of—

(I) the amount the State received under this section for the preceding fiscal year; and

(II) that amount multiplied by the sum of 1.5 percent and the percentage increase in the amount appropriated under this section from the preceding fiscal year.

**(C) Ratable reduction**

If the amount available for allocations under this paragraph is insufficient to pay those allocations in full, those allocations shall be ratably reduced, subject to subparagraph (B)(i).

**(4) Decrease in funds**

If the amount available for allocations to States under paragraph (1) for a fiscal year is less than the amount allocated to the States under this section for the preceding fiscal year, those allocations shall be calculated as follows:

**(A) Amounts greater than fiscal year 1999 allocations**

If the amount available for allocations is greater than the amount allocated to the States for fiscal year 1999, each State shall be allocated the sum of—

(i) the amount the State received under this section for fiscal year 1999; and

(ii) an amount that bears the same relation to any remaining funds as the increase the State received under this section for the preceding fiscal year over fiscal year 1999 bears to the total of all such increases for all States.

**(B) Amounts equal to or less than fiscal year 1999 allocations**

**(i) In general**

If the amount available for allocations under this paragraph is equal to or less than the amount allocated to the States for fiscal year 1999, each State shall be allocated the amount the State received for fiscal year 1999.

**(ii) Ratable reduction**

If the amount available for allocations under this paragraph is insufficient to make the allocations described in clause (i), those allocations shall be ratably reduced.

**(e) State-level activities**

**(1) State administration**

**(A) In general**

For the purpose of administering this subchapter, including paragraph (3), section 1419 of this title, and the coordination of activities under this subchapter with, and providing technical assistance to, other programs that provide services to children with disabilities—

(i) the maximum amount the State was eligible to reserve for State administration under this subchapter for fiscal year 2004; and

(ii) \$800,000,

by the rate of inflation as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

**(C) Certification**

Prior to expenditure of funds under this paragraph, the State shall certify to the Secretary that the arrangements to establish responsibility for services pursuant to section 1412(a)(12)(A) of this title are current.

**(D) Subchapter III**

Funds reserved under subparagraph (A) may be used for the administration of subchapter III, if the State educational agency is the lead agency for the State under such subchapter.

**(2) Other State-level activities**

**(A) State-level activities**

**(i) In general**

Except as provided in clause (iii), for the purpose of carrying out State-level activities, each State may reserve for each of the fiscal years 2005 and 2006 not more than 10 percent from the amount of the State's allocation under subsection (d) for each of the fiscal years 2005 and 2006, respectively. by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor).

**(ii) Small State adjustment**

Notwithstanding clause (i) and except as provided in clause (iii), in the case of a State for which the maximum amount reserved for State administration is not greater than \$850,000, the State may reserve for the purpose of carrying out State-level activities for each of the fiscal years 2005 and 2006, not more than 10.5 percent from the amount of the State's allocation under subsection (d) for each of the fiscal years 2005 and 2006, respectively. For fiscal year 2007 and each subsequent fiscal year, such State may reserve the maximum amount the State was eligible to reserve under the preceding sentence for fiscal year 2006 (cumulatively adjusted by the rate of inflation as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor).

**(iii) Exception**

If a State does not reserve funds under paragraph (3) for a fiscal year, then—

(I) in the case of a State that is not described in clause (ii), for fiscal year 2005 or 2006, clause (i) shall be applied by substituting "9.0 percent" for "10 percent"; and

(II) in the case of a State that is described in clause (ii), for fiscal year 2005 or 2006, clause (ii) shall be applied by substituting "9.5 percent" for "10.5 percent".

**(3) Local educational agency risk pool**

**(A) In general**

**(i) Reservation of funds**

For the purpose of assisting local educational agencies (including a charter school that is a local educational agency or a consortium of local educational agencies) in addressing the needs of high need children with disabilities, each State shall have the option to reserve for each fiscal year 10 percent of the amount of funds the State reserves for State-level activities under paragraph (2)(A)—

(I) to establish and make disbursements from the high cost fund to local educational agencies in accordance with this paragraph during the first and suc-

**(ii) Definition of local educational agency**

In this paragraph the term “local educational agency” includes a charter school that is a local educational agency, or a consortium of local educational agencies.

**(B) Limitation on uses of funds**

**(i) Establishment of high cost fund**

A State shall not use any of the funds the State reserves pursuant to subparagraph (A)(i), but may use the funds the State reserves under paragraph (1), to establish and support the high cost fund.

**(ii) Innovative and effective cost sharing**

A State shall not use more than 5 percent of the funds the State reserves pursuant to subparagraph (A)(i) for each fiscal year to support innovative and effective ways of cost sharing among consortia of local educational agencies.

**(C) State plan for high cost fund**

**(i) Definition**

The State educational agency shall establish the State’s definition of a high need child with a disability, which definition shall be developed in consultation with local educational agencies.

**(ii) State plan**

The State educational agency shall develop, not later than 90 days after the State reserves funds under this paragraph, annually review, and amend as necessary, a State plan for the high cost fund. Such State plan shall—

(IV) establish an annual schedule by which the State educational agency shall make its distributions from the high cost fund each fiscal year.

**(iii) Public availability**

The State shall make its final State plan publicly available not less than 30 days before the beginning of the school year, including dissemination of such information on the State website.

**(F) Assurance of a free appropriate public education**

Nothing in this paragraph shall be construed—

grams that were created not later than January 1, 2004, and are currently in operation, if such program serves children that meet the requirement of the definition of a high need child with a disability as described in subparagraph (C)(ii)(I).

**(H) Medicaid services not affected**

Disbursements provided under this paragraph shall not be used to pay costs that otherwise would be reimbursed as medical assistance for a child with a disability under the State medicaid program under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.].

**(I) Remaining funds**

Funds reserved under subparagraph (A) in any fiscal year but not expended in that fiscal year pursuant to subparagraph (D) shall be allocated to local educational agencies for the succeeding fiscal year in the same manner as funds are allocated to local educational agencies under subsection (f) for the succeeding fiscal year.

**(4) Inapplicability of certain prohibitions**

A State may use funds the State reserves under paragraphs (1) and (2) without regard to—

Any State eligible to receive a grant under section 1419 of this title may use funds made available under paragraph (1)(A), subsection (f)(3), or section 1419(f)(5) of this title to develop and implement a State policy jointly with the lead agency under subchapter III and the State educational agency to provide early intervention services (which shall include an educational component that promotes school readiness and incorporates preliteracy, language, and numeracy skills) in accordance with subchapter III to children with disabilities who are eligible for services under section 1419 of this title and who previously received services under subchapter III until such children enter, or are eligible under State law to enter, kindergarten, or elementary school as appropriate.

**(f) Subgrants to local educational agencies**

**(1) Subgrants required**

Each State that receives a grant under this section for any fiscal year shall distribute any funds the State does not reserve under subsection (e) to local educational agencies (including public charter schools that operate as local educational agencies) in the State that have established their eligibility under section 1413 of this title for use in accordance with this subchapter.

**(2) Procedure for allocations to local educational agencies**

For each fiscal year for which funds are allocated to States under subsection (d), each State shall allocate funds under paragraph (1) as follows:

**(A) Base payments**

The State shall first award each local educational agency described in paragraph (1) the amount the local educational agency would have received under this section for fiscal year 1999, if the State had distributed 75 percent of its grant for that year under section 1411(d) of this title as section 1411(d) was then in effect.

**(B) Allocation of remaining funds**

After making allocations under subparagraph (A), the State shall—

(i) allocate 85 percent of any remaining funds to those local educational agencies on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within the local educational agency's jurisdiction; and

(ii) allocate 15 percent of those remaining funds to those local educational agencies in accordance with their relative numbers of children living in poverty, as determined by the State educational agency.

**(3) Reallocation of funds**

If a State educational agency determines that a local educational agency is adequately providing a free appropriate public education to all children with disabilities residing in the area served by that local educational agency with State and local funds, the State educational agency may reallocate any portion of the funds under this subchapter that are not needed by that local educational agency to provide a free appropriate public education to other local educational agencies in the State that are not adequately providing special education and related services to all children with disabilities residing in the areas served by those other local educational agencies.

**(g) Definitions**

In this section:

**(1) Average per-pupil expenditure in public elementary schools and secondary schools in the United States**

The term "average per-pupil expenditure in public elementary schools and secondary schools in the United States" means—

(A) without regard to the source of funds—

(i) the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the determination is made (or, if satisfactory data for that year are not available, during the most recent preceding fiscal year for which satisfactory data are available) of all local educational agencies in the 50 States and the District of Columbia; plus

(ii) any direct expenditures by the State for the operation of those agencies; divided by

The amount of such payment for any fiscal year shall be equal to 80 percent of the amount allotted under subsection (b)(2) for that fiscal year. Of the amount described in the preceding sentence—

(i) 80 percent shall be allocated to such schools by July 1 of that fiscal year; and

(ii) 20 percent shall be allocated to such schools by September 30 of that fiscal year.

**(B) Calculation of number of children**

In the case of Indian students aged 3 to 5, inclusive, who are enrolled in programs affiliated with the Bureau of Indian Affairs (referred to in this subsection as the “BIA”) schools and that are required by the States in which such schools are located to attain or maintain State accreditation, and which schools have such accreditation prior to October 7, 1991, the school shall be allowed to count those children for the purpose of distribution of the funds provided under this paragraph to the Secretary of the Interior. The Secretary of the Interior shall be responsible for meeting all of the requirements of this subchapter for those children, in accordance with paragraph (2).

**(C) Additional requirement**

With respect to all other children aged 3 to 21, inclusive, on reservations, the State educational agency shall be responsible for ensuring that all of the requirements of this subchapter are implemented.

**(2) Submission of information**

The Secretary of Education may provide the Secretary of the Interior amounts under para-

graph (1) for a fiscal year only if the Secretary of the Interior submits to the Secretary of Education information that—

(A) demonstrates that the Department of the Interior meets the appropriate requirements, as determined by the Secretary of Education, of sections 1412 of this title (including monitoring and evaluation activities) and 1413 of this title;

(B) includes a description of how the Secretary of the Interior will coordinate the provision of services under this subchapter with local educational agencies, tribes and tribal organizations, and other private and Federal service providers;

(D) includes an assurance that the Secretary of the Interior will provide such information as the Secretary of Education may require to comply with section 1418 of this title;

(E) includes an assurance that the Secretary of the Interior and the Secretary of Health and Human Services have entered into a memorandum of agreement, to be provided to the Secretary of Education, for the coordination of services, resources, and personnel between their respective Federal, State, and local offices and with State and local educational agencies and other entities to facilitate the provision of services to Indian children with disabilities residing on or near reservations (such agreement shall provide for the apportionment of responsibilities and costs, including child find, evaluation, diagnosis, remediation or therapeutic measures, and (where appropriate) equipment and medical or personal supplies as needed for a child to remain in school or a program); and

(F) includes an assurance that the Department of the Interior will cooperate with the Department of Education in its exercise of monitoring and oversight of this application, and any agreements entered into between the Secretary of the Interior and other entities under this subchapter, and will fulfill its duties under this subchapter.

**(3) Applicability**

The Secretary shall withhold payments under this subsection with respect to the information described in paragraph (2) in the same manner as the Secretary withholds payments under section 1416(e)(6) of this title.

**(4) Payments for education and services for Indian children with disabilities aged 3 through 5**

**(A) In general**

With funds appropriated under subsection (i), the Secretary of Education shall make payments to the Secretary of the Interior to be distributed to tribes or tribal organiza-

tions (as defined under section 5304 of title 25) or consortia of tribes or tribal organizations to provide for the coordination of assistance for special education and related services for children with disabilities aged 3 through 5 on reservations served by elementary schools and secondary schools for Indian children operated or funded by the Department of the Interior. The amount of such payments under subparagraph (B) for any fiscal year shall be equal to 20 percent of the amount allotted under subsection (b)(2).

**(B) Distribution of funds**

The Secretary of the Interior shall distribute the total amount of the payment under subparagraph (A) by allocating to each tribe, tribal organization, or consortium an amount based on the number of children with disabilities aged 3 through 5 residing on reservations as reported annually, divided by the total of those children served by all tribes or tribal organizations.

**(C) Submission of information**

To receive a payment under this paragraph, the tribe or tribal organization shall submit such figures to the Secretary of the Interior as required to determine the amounts to be allocated under subparagraph (B). This information shall be compiled and submitted to the Secretary of Education.

**(D) Use of funds**

The funds received by a tribe or tribal organization shall be used to assist in child find, screening, and other procedures for the early identification of children aged 3 through 5, parent training, and the provision of direct services. These activities may be carried out directly or through contracts or cooperative agreements with the BIA, local educational agencies, and other public or private nonprofit organizations. The tribe or tribal organization is encouraged to involve Indian parents in the development and implementation of these activities. The tribe or tribal organization shall, as appropriate, make referrals to local, State, or Federal entities for the provision of services or further diagnosis.

**(E) Biennial report**

To be eligible to receive a grant pursuant to subparagraph (A), the tribe or tribal organization shall provide to the Secretary of the Interior a biennial report of activities undertaken under this paragraph, including the number of contracts and cooperative agreements entered into, the number of children contacted and receiving services for each year, and the estimated number of children needing services during the 2 years following the year in which the report is made. The Secretary of the Interior shall include a summary of this information on a biennial basis in the report to the Secretary of Education required under this subsection. The Secretary of Education may require any additional information from the Secretary of the Interior.

## § 1412. State eligibility

### (a) In general

A State is eligible for assistance under this subchapter for a fiscal year if the State submits a plan that provides assurances to the Secretary that the State has in effect policies and procedures to ensure that the State meets each of the following conditions:

#### (1) Free appropriate public education

##### (A) In general

A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive, including children with disabilities who have been suspended or expelled from school.

##### (B) Limitation

The obligation to make a free appropriate public education available to all children with disabilities does not apply with respect to children—

(i) aged 3 through 5 and 18 through 21 in a State to the extent that its application to those children would be inconsistent with State law or practice, or the order of any court, respecting the provision of public education to children in those age ranges; and

(ii) aged 18 through 21 to the extent that State law does not require that special education and related services under this subchapter be provided to children with disabilities who, in the educational placement prior to their incarceration in an adult correctional facility—

(I) were not actually identified as being a child with a disability under section 1401 of this title; or

(II) did not have an individualized education program under this subchapter.

##### (C) State flexibility

A State that provides early intervention services in accordance with subchapter III to a child who is eligible for services under section 1419 of this title, is not required to provide such child with a free appropriate public education.

#### (2) Full educational opportunity goal

The State has established a goal of providing full educational opportunity to all children with disabilities and a detailed timetable for accomplishing that goal.

#### (3) Child find

##### (A) In general

All children with disabilities residing in the State, including children with disabili-

ties who are homeless children or are wards of the State and children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services.

##### (B) Construction

Nothing in this chapter requires that children be classified by their disability so long as each child who has a disability listed in section 1401 of this title and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under this subchapter.

#### (4) Individualized education program

An individualized education program, or an individualized family service plan that meets the requirements of section 1436(d) of this title, is developed, reviewed, and revised for each child with a disability in accordance with section 1414(d) of this title.

#### (5) Least restrictive environment

##### (A) In general

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

##### (B) Additional requirement

###### (i) In general

A State funding mechanism shall not result in placements that violate the requirements of subparagraph (A), and a State shall not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability a free appropriate public education according to the unique needs of the child as described in the child's IEP.

###### (ii) Assurance

If the State does not have policies and procedures to ensure compliance with clause (i), the State shall provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that such mechanism does not result in such placements.

#### (6) Procedural safeguards

##### (A) In general

Children with disabilities and their parents are afforded the procedural safeguards required by section 1415 of this title.

##### (B) Additional procedural safeguards

Procedures to ensure that testing and evaluation materials and procedures utilized

for the purposes of evaluation and placement of children with disabilities for services under this chapter will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

**(7) Evaluation**

Children with disabilities are evaluated in accordance with subsections (a) through (c) of section 1414 of this title.

**(8) Confidentiality**

Agencies in the State comply with section 1417(c) of this title (relating to the confidentiality of records and information).

**(9) Transition from subchapter III to preschool programs**

Children participating in early intervention programs assisted under subchapter III, and who will participate in preschool programs assisted under this subchapter, experience a smooth and effective transition to those preschool programs in a manner consistent with section 1437(a)(9) of this title. By the third birthday of such a child, an individualized education program or, if consistent with sections 1414(d)(2)(B) and 1436(d) of this title, an individualized family service plan, has been developed and is being implemented for the child. The local educational agency will participate in transition planning conferences arranged by the designated lead agency under section 1435(a)(10) of this title.

**(10) Children in private schools**

**(A) Children enrolled in private schools by their parents**

**(i) In general**

To the extent consistent with the number and location of children with disabilities in the State who are enrolled by their parents in private elementary schools and secondary schools in the school district served by a local educational agency, provision is made for the participation of those children in the program assisted or carried out under this subchapter by providing for such children special education and related services in accordance with the following requirements, unless the Secretary has arranged for services to those children under subsection (f):

(I) Amounts to be expended for the provision of those services (including direct services to parentally placed private school children) by the local educational agency shall be equal to a proportionate amount of Federal funds made available under this subchapter.

(II) In calculating the proportionate amount of Federal funds, the local educational agency, after timely and meaningful consultation with representatives of private schools as described in clause (iii), shall conduct a thorough and com-

plete child find process to determine the number of parentally placed children with disabilities attending private schools located in the local educational agency.

(III) Such services to parentally placed private school children with disabilities may be provided to the children on the premises of private, including religious, schools, to the extent consistent with law.

(IV) State and local funds may supplement and in no case shall supplant the proportionate amount of Federal funds required to be expended under this subparagraph.

(V) Each local educational agency shall maintain in its records and provide to the State educational agency the number of children evaluated under this subparagraph, the number of children determined to be children with disabilities under this paragraph, and the number of children served under this paragraph.

**(ii) Child find requirement**

**(I) In general**

The requirements of paragraph (3) (relating to child find) shall apply with respect to children with disabilities in the State who are enrolled in private, including religious, elementary schools and secondary schools.

**(II) Equitable participation**

The child find process shall be designed to ensure the equitable participation of parentally placed private school children with disabilities and an accurate count of such children.

**(III) Activities**

In carrying out this clause, the local educational agency, or where applicable, the State educational agency, shall undertake activities similar to those activities undertaken for the agency's public school children.

**(IV) Cost**

The cost of carrying out this clause, including individual evaluations, may not be considered in determining whether a local educational agency has met its obligations under clause (i).

**(V) Completion period**

Such child find process shall be completed in a time period comparable to that for other students attending public schools in the local educational agency.

**(iii) Consultation**

To ensure timely and meaningful consultation, a local educational agency, or where appropriate, a State educational agency, shall consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children, including regarding—

(I) the child find process and how parentally placed private school children suspected of having a disability can participate equitably, including how parents, teachers, and private school officials will be informed of the process;

(II) the determination of the proportionate amount of Federal funds available to serve parentally placed private school children with disabilities under this subparagraph, including the determination of how the amount was calculated;

(III) the consultation process among the local educational agency, private school officials, and representatives of parents of parentally placed private school children with disabilities, including how such process will operate throughout the school year to ensure that parentally placed private school children with disabilities identified through the child find process can meaningfully participate in special education and related services;

(IV) how, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities, including a discussion of types of services, including direct services and alternate service delivery mechanisms, how such services will be apportioned if funds are insufficient to serve all children, and how and when these decisions will be made; and

(V) how, if the local educational agency disagrees with the views of the private school officials on the provision of services or the types of services, whether provided directly or through a contract, the local educational agency shall provide to the private school officials a written explanation of the reasons why the local educational agency chose not to provide services directly or through a contract.

**(iv) Written affirmation**

When timely and meaningful consultation as required by clause (iii) has occurred, the local educational agency shall obtain a written affirmation signed by the representatives of participating private schools, and if such representatives do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation of the consultation process to the State educational agency.

**(v) Compliance**

**(I) In general**

A private school official shall have the right to submit a complaint to the State educational agency that the local educational agency did not engage in consultation that was meaningful and timely, or did not give due consideration to the views of the private school official.

**(II) Procedure**

If the private school official wishes to submit a complaint, the official shall provide the basis of the noncompliance with this subparagraph by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency. If the private school official is dissatisfied with the decision of the State educational agency, such official may submit a complaint to the Secretary by providing the basis of the noncompliance with this subparagraph by the local educational agency to the Secretary, and the State educational agency shall forward the appropriate documentation to the Secretary.

**(vi) Provision of equitable services**

**(I) Directly or through contracts**

The provision of services pursuant to this subparagraph shall be provided—

(aa) by employees of a public agency; or

(bb) through contract by the public agency with an individual, association, agency, organization, or other entity.

**(II) Secular, neutral, nonideological**

Special education and related services provided to parentally placed private school children with disabilities, including materials and equipment, shall be secular, neutral, and nonideological.

**(vii) Public control of funds**

The control of funds used to provide special education and related services under this subparagraph, and title to materials, equipment, and property purchased with those funds, shall be in a public agency for the uses and purposes provided in this chapter, and a public agency shall administer the funds and property.

**(B) Children placed in, or referred to, private schools by public agencies**

**(i) In general**

Children with disabilities in private schools and facilities are provided special education and related services, in accordance with an individualized education program, at no cost to their parents, if such children are placed in, or referred to, such schools or facilities by the State or appropriate local educational agency as the means of carrying out the requirements of this subchapter or any other applicable law requiring the provision of special education and related services to all children with disabilities within such State.

**(ii) Standards**

In all cases described in clause (i), the State educational agency shall determine whether such schools and facilities meet standards that apply to State educational agencies and local educational agencies and that children so served have all the rights the children would have if served by such agencies.

**(C) Payment for education of children enrolled in private schools without consent of or referral by the public agency**

**(i) In general**

Subject to subparagraph (A), this subchapter does not require a local educational agency to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made a free appropriate public education available to the child and the parents elected to place the child in such private school or facility.

**(ii) Reimbursement for private school placement**

If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private elementary school or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the agency had not made a free appropriate public education available to the child in a timely manner prior to that enrollment.

**(iii) Limitation on reimbursement**

The cost of reimbursement described in clause (ii) may be reduced or denied—

(I) if—

(aa) at the most recent IEP meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or

(bb) 10 business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in item (aa);

(II) if, prior to the parents' removal of the child from the public school, the public agency informed the parents, through the notice requirements described in section 1415(b)(3) of this title, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for such evaluation; or

(III) upon a judicial finding of unreasonableness with respect to actions taken by the parents.

**(iv) Exception**

Notwithstanding the notice requirement in clause (iii)(I), the cost of reimbursement—

(I) shall not be reduced or denied for failure to provide such notice if—

(aa) the school prevented the parent from providing such notice;

(bb) the parents had not received notice, pursuant to section 1415 of this title, of the notice requirement in clause (iii)(I); or

(cc) compliance with clause (iii)(I) would likely result in physical harm to the child; and

(II) may, in the discretion of a court or a hearing officer, not be reduced or denied for failure to provide such notice if—

(aa) the parent is illiterate or cannot write in English; or

(bb) compliance with clause (iii)(I) would likely result in serious emotional harm to the child.

**(11) State educational agency responsible for general supervision**

**(A) In general**

The State educational agency is responsible for ensuring that—

(i) the requirements of this subchapter are met;

(ii) all educational programs for children with disabilities in the State, including all such programs administered by any other State agency or local agency—

(I) are under the general supervision of individuals in the State who are responsible for educational programs for children with disabilities; and

(II) meet the educational standards of the State educational agency; and

(iii) in carrying out this subchapter with respect to homeless children, the requirements of subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) are met.

**(B) Limitation**

Subparagraph (A) shall not limit the responsibility of agencies in the State other than the State educational agency to provide, or pay for some or all of the costs of, a free appropriate public education for any child with a disability in the State.

**(C) Exception**

Notwithstanding subparagraphs (A) and (B), the Governor (or another individual pursuant to State law), consistent with State law, may assign to any public agency in the State the responsibility of ensuring that the requirements of this subchapter are met with respect to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons.

**(12) Obligations related to and methods of ensuring services**

**(A) Establishing responsibility for services**

The Chief Executive Officer of a State or designee of the officer shall ensure that an

interagency agreement or other mechanism for interagency coordination is in effect between each public agency described in subparagraph (B) and the State educational agency, in order to ensure that all services described in subparagraph (B)(i) that are needed to ensure a free appropriate public education are provided, including the provision of such services during the pendency of any dispute under clause (iii). Such agreement or mechanism shall include the following:

**(i) Agency financial responsibility**

An identification of, or a method for defining, the financial responsibility of each agency for providing services described in subparagraph (B)(i) to ensure a free appropriate public education to children with disabilities, provided that the financial responsibility of each public agency described in subparagraph (B), including the State medicaid agency and other public insurers of children with disabilities, shall precede the financial responsibility of the local educational agency (or the State agency responsible for developing the child's IEP).

**(ii) Conditions and terms of reimbursement**

The conditions, terms, and procedures under which a local educational agency shall be reimbursed by other agencies.

**(iii) Interagency disputes**

Procedures for resolving interagency disputes (including procedures under which local educational agencies may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

**(iv) Coordination of services procedures**

Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in subparagraph (B)(i).

**(B) Obligation of public agency**

**(i) In general**

If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy pursuant to subparagraph (A), to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in section 1401(1) relating to assistive technology devices, 1401(2) relating to assistive technology services, 1401(26) relating to related services, 1401(33) relating to supplementary aids and services, and 1401(34) of this title relating to transition services) that are necessary for ensuring a free appropriate public education to children with disabilities within the State, such public agency shall fulfill that obligation or responsibility, either directly or

through contract or other arrangement pursuant to subparagraph (A) or an agreement pursuant to subparagraph (C).

**(ii) Reimbursement for services by public agency**

If a public agency other than an educational agency fails to provide or pay for the special education and related services described in clause (i), the local educational agency (or State agency responsible for developing the child's IEP) shall provide or pay for such services to the child. Such local educational agency or State agency is authorized to claim reimbursement for the services from the public agency that failed to provide or pay for such services and such public agency shall reimburse the local educational agency or State agency pursuant to the terms of the interagency agreement or other mechanism described in subparagraph (A)(i) according to the procedures established in such agreement pursuant to subparagraph (A)(ii).

**(C) Special rule**

The requirements of subparagraph (A) may be met through—

(i) State statute or regulation;

(ii) signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

(iii) other appropriate written methods as determined by the Chief Executive Officer of the State or designee of the officer and approved by the Secretary.

**(13) Procedural requirements relating to local educational agency eligibility**

The State educational agency will not make a final determination that a local educational agency is not eligible for assistance under this subchapter without first affording that agency reasonable notice and an opportunity for a hearing.

**(14) Personnel qualifications**

**(A) In general**

The State educational agency has established and maintains qualifications to ensure that personnel necessary to carry out this subchapter are appropriately and adequately prepared and trained, including that those personnel have the content knowledge and skills to serve children with disabilities.

**(B) Related services personnel and paraprofessionals**

The qualifications under subparagraph (A) include qualifications for related services personnel and paraprofessionals that—

(i) are consistent with any State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services;

(ii) ensure that related services personnel who deliver services in their dis-

cipline or profession meet the requirements of clause (i) and have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and

(iii) allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with State law, regulation, or written policy, in meeting the requirements of this subchapter to be used to assist in the provision of special education and related services under this subchapter to children with disabilities.

**(C) Qualifications for special education teachers**

The qualifications described in subparagraph (A) shall ensure that each person employed as a special education teacher in the State who teaches elementary school, middle school, or secondary school—

(i) has obtained full State certification as a special education teacher (including participating in an alternate route to certification as a special educator, if such alternate route meets minimum requirements described in section 2005.56(a)(2)(ii) of title 34, Code of Federal Regulations, as such section was in effect on November 28, 2008), or passed the State special education teacher licensing examination, and holds a license to teach in the State as a special education teacher, except with respect to any teacher teaching in a public charter school who shall meet the requirements set forth in the State's public charter school law;

(ii) has not had special education certification or licensure requirements waived on an emergency, temporary, or provisional basis; and

(iii) holds at least a bachelor's degree.<sup>1</sup>

**(D) Policy**

In implementing this section, a State shall adopt a policy that includes a requirement that local educational agencies in the State take measurable steps to recruit, hire, train, and retain personnel who meet the applicable requirements described in this paragraph to provide special education and related services under this subchapter to children with disabilities.

**(E) Rule of construction**

Notwithstanding any other individual right of action that a parent or student may maintain under this subchapter, nothing in this paragraph shall be construed to create a right of action on behalf of an individual student for the failure of a particular State educational agency or local educational agency staff person to meet the applicable requirements described in this paragraph, or to prevent a parent from filing a complaint about staff qualifications with the State educational agency as provided for under this subchapter.

**(15) Performance goals and indicators**

The State—

(A) has established goals for the performance of children with disabilities in the State that—

(i) promote the purposes of this chapter, as stated in section 1400(d) of this title;

(ii) are the same as the State's long-term goals and measurements of interim progress for children with disabilities under section 6311(c)(4)(A)(i) of this title;

(iii) address graduation rates and dropout rates, as well as such other factors as the State may determine; and

(iv) are consistent, to the extent appropriate, with any other goals and standards for children established by the State;

(B) has established performance indicators the State will use to assess progress toward achieving the goals described in subparagraph (A), including measurements of interim progress for children with disabilities under section 6311(c)(4)(A)(i) of this title; and

(C) will annually report to the Secretary and the public on the progress of the State, and of children with disabilities in the State, toward meeting the goals established under subparagraph (A), which may include elements of the reports required under section 6311(h) of this title.

**(16) Participation in assessments**

**(A) In general**

All children with disabilities are included in all general State and districtwide assessment programs, including assessments described under section 6311 of this title, with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs.

**(B) Accommodation guidelines**

The State (or, in the case of a districtwide assessment, the local educational agency) has developed guidelines for the provision of appropriate accommodations.

**(C) Alternate assessments**

**(i) In general**

The State (or, in the case of a districtwide assessment, the local educational agency) has developed and implemented guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in regular assessments under subparagraph (A) with accommodations as indicated in their respective individualized education programs.

**(ii) Requirements for alternate assessments**

The guidelines under clause (i) shall provide for alternate assessments that—

(I) are aligned with the challenging State academic content standards under section 6311(b)(1) of this title and alternate academic achievement standards under section 6311(b)(1)(E) of this title; and

(II) if the State has adopted alternate academic achievement standards per-

<sup>1</sup> So in original.

mitted under section 6311(b)(1)(E) of this title, measure the achievement of children with disabilities against those standards.

**(iii) Conduct of alternate assessments**

The State conducts the alternate assessments described in this subparagraph.

**(D) Reports**

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) makes available to the public, and reports to the public with the same frequency and in the same detail as it reports on the assessment of nondisabled children, the following:

(i) The number of children with disabilities participating in regular assessments, and the number of those children who were provided accommodations in order to participate in those assessments.

(ii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(I).

(iii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(II).

(iv) The performance of children with disabilities on regular assessments and on alternate assessments (if the number of children with disabilities participating in those assessments is sufficient to yield statistically reliable information and reporting that information will not reveal personally identifiable information about an individual student), compared with the achievement of all children, including children with disabilities, on those assessments.

**(E) Universal design**

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) shall, to the extent feasible, use universal design principles in developing and administering any assessments under this paragraph.

**(17) Supplementation of State, local, and other Federal funds**

**(A) Expenditures**

Funds paid to a State under this subchapter will be expended in accordance with all the provisions of this subchapter.

**(B) Prohibition against commingling**

Funds paid to a State under this subchapter will not be commingled with State funds.

**(C) Prohibition against supplantation and conditions for waiver by Secretary**

Except as provided in section 1413 of this title, funds paid to a State under this subchapter will be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of State or local educational agencies) expended for special education and related services provided to children with disabilities under this subchapter and in no case to supplant such Federal, State, and local

funds, except that, where the State provides clear and convincing evidence that all children with disabilities have available to them a free appropriate public education, the Secretary may waive, in whole or in part, the requirements of this subparagraph if the Secretary concurs with the evidence provided by the State.

**(18) Maintenance of State financial support**

**(A) In general**

The State does not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

**(B) Reduction of funds for failure to maintain support**

The Secretary shall reduce the allocation of funds under section 1411 of this title for any fiscal year following the fiscal year in which the State fails to comply with the requirement of subparagraph (A) by the same amount by which the State fails to meet the requirement.

**(C) Waivers for exceptional or uncontrollable circumstances**

The Secretary may waive the requirement of subparagraph (A) for a State, for 1 fiscal year at a time, if the Secretary determines that—

(i) granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or

(ii) the State meets the standard in paragraph (17)(C) for a waiver of the requirement to supplement, and not to supplant, funds received under this subchapter.

**(D) Subsequent years**

If, for any year, a State fails to meet the requirement of subparagraph (A), including any year for which the State is granted a waiver under subparagraph (C), the financial support required of the State in future years under subparagraph (A) shall be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.

**(19) Public participation**

Prior to the adoption of any policies and procedures needed to comply with this section (including any amendments to such policies and procedures), the State ensures that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

**(20) Rule of construction**

In complying with paragraphs (17) and (18), a State may not use funds paid to it under this subchapter to satisfy State-law mandated funding obligations to local educational agencies, including funding based on student attendance or enrollment, or inflation.

**(21) State advisory panel****(A) In general**

The State has established and maintains an advisory panel for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the State.

**(B) Membership**

Such advisory panel shall consist of members appointed by the Governor, or any other official authorized under State law to make such appointments, be representative of the State population, and be composed of individuals involved in, or concerned with, the education of children with disabilities, including—

- (i) parents of children with disabilities (ages birth through 26);
- (ii) individuals with disabilities;
- (iii) teachers;
- (iv) representatives of institutions of higher education that prepare special education and related services personnel;
- (v) State and local education officials, including officials who carry out activities under subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.);
- (vi) administrators of programs for children with disabilities;
- (vii) representatives of other State agencies involved in the financing or delivery of related services to children with disabilities;
- (viii) representatives of private schools and public charter schools;

- (x) a representative from the State child welfare agency responsible for foster care; and
- (xi) representatives from the State juvenile and adult corrections agencies.

**(C) Special rule**

A majority of the members of the panel shall be individuals with disabilities or parents of children with disabilities (ages birth through 26).

**(D) Duties**

The advisory panel shall—

- (i) advise the State educational agency of unmet needs within the State in the education of children with disabilities;
- (ii) comment publicly on any rules or regulations proposed by the State regarding the education of children with disabilities;
- (iii) advise the State educational agency in developing evaluations and reporting on data to the Secretary under section 1418 of this title;
- (iv) advise the State educational agency in developing corrective action plans to address findings identified in Federal monitoring reports under this subchapter; and

(v) advise the State educational agency in developing and implementing policies relating to the coordination of services for children with disabilities.

**(22) Suspension and expulsion rates****(A) In general**

The State educational agency examines data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities—

- (i) among local educational agencies in the State; or
- (ii) compared to such rates for non-disabled children within such agencies.

**(B) Review and revision of policies**

If such discrepancies are occurring, the State educational agency reviews and, if appropriate, revises (or requires the affected State or local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure that such policies, procedures, and practices comply with this chapter.

**(23) Access to instructional materials****(A) In general**

The State adopts the National Instructional Materials Accessibility Standard for the purposes of providing instructional materials to blind persons or other persons with print disabilities, in a timely manner after the publication of the National Instructional Materials Accessibility Standard in the Federal Register.

**(B) Rights of State educational agency**

Nothing in this paragraph shall be construed to require any State educational agency to coordinate with the National Instructional Materials Access Center. If a State educational agency chooses not to coordinate with the National Instructional Materials Access Center, such agency shall provide an assurance to the Secretary that the agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

**(C) Preparation and delivery of files**

If a State educational agency chooses to coordinate with the National Instructional Materials Access Center, not later than 2 years after December 3, 2004, the agency, as part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, shall enter into a written contract with the publisher of the print instructional materials to—

- (i) require the publisher to prepare and, on or before delivery of the print instructional materials, provide to the National Instructional Materials Access Center electronic files containing the contents of

the print instructional materials using the National Instructional Materials Accessibility Standard; or

(ii) purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

**(D) Assistive technology**

In carrying out this paragraph, the State educational agency, to the maximum extent possible, shall work collaboratively with the State agency responsible for assistive technology programs.

**(E) Definitions**

In this paragraph:

**(i) National Instructional Materials Access Center**

The term “National Instructional Materials Access Center” means the center established pursuant to section 1474(e) of this title.

**(ii) National Instructional Materials Accessibility Standard**

The term “National Instructional Materials Accessibility Standard” has the meaning given the term in section 1474(e)(3)(A) of this title.

**(iii) Specialized formats**

The term “specialized formats” has the meaning given the term in section 1474(e)(3)(D) of this title.

**(24) Overidentification and disproportionality**

The State has in effect, consistent with the purposes of this chapter and with section 1418(d) of this title, policies and procedures designed to prevent the inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment described in section 1401 of this title.

**(25) Prohibition on mandatory medication**

**(A) In general**

The State educational agency shall prohibit State and local educational agency personnel from requiring a child to obtain a prescription for a substance covered by the Controlled Substances Act (21 U.S.C. 801 et seq.) as a condition of attending school, receiving an evaluation under subsection (a) or (c) of section 1414 of this title, or receiving services under this chapter.

**(B) Rule of construction**

Nothing in subparagraph (A) shall be construed to create a Federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student’s academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under paragraph (3).

**(b) State educational agency as provider of free appropriate public education or direct services**

If the State educational agency provides free appropriate public education to children with

disabilities, or provides direct services to such children, such agency—

(1) shall comply with any additional requirements of section 1413(a) of this title, as if such agency were a local educational agency; and

(2) may use amounts that are otherwise available to such agency under this subchapter to serve those children without regard to section 1413(a)(2)(A)(i) of this title (relating to excess costs).

**(c) Exception for prior State plans**

**(1) In general**

If a State has on file with the Secretary policies and procedures that demonstrate that such State meets any requirement of subsection (a), including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the Secretary shall consider such State to have met such requirement for purposes of receiving a grant under this subchapter.

**(2) Modifications made by State**

Subject to paragraph (3), an application submitted by a State in accordance with this section shall remain in effect until the State submits to the Secretary such modifications as the State determines necessary. This section shall apply to a modification to an application to the same extent and in the same manner as this section applies to the original plan.

**(3) Modifications required by the Secretary**

If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), there is a new interpretation of this chapter by a Federal court or a State’s highest court, or there is an official finding of noncompliance with Federal law or regulations, then the Secretary may require a State to modify its application only to the extent necessary to ensure the State’s compliance with this subchapter.

**(d) Approval by the Secretary**

**(1) In general**

If the Secretary determines that a State is eligible to receive a grant under this subchapter, the Secretary shall notify the State of that determination.

**(2) Notice and hearing**

The Secretary shall not make a final determination that a State is not eligible to receive a grant under this subchapter until after providing the State—

(A) with reasonable notice; and

(B) with an opportunity for a hearing.

**(e) Assistance under other Federal programs**

Nothing in this chapter permits a State to reduce medical and other assistance available, or to alter eligibility, under titles V and XIX of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq.] with respect to the provision of a free appropriate public education for children with disabilities in the State.

**(f) By-pass for children in private schools****(1) In general**

If, on December 2, 1983, a State educational agency was prohibited by law from providing for the equitable participation in special programs of children with disabilities enrolled in private elementary schools and secondary schools as required by subsection (a)(10)(A), or if the Secretary determines that a State educational agency, local educational agency, or other entity has substantially failed or is unwilling to provide for such equitable participation, then the Secretary shall, notwithstanding such provision of law, arrange for the provision of services to such children through arrangements that shall be subject to the requirements of such subsection.

**(2) Payments****(A) Determination of amounts**

If the Secretary arranges for services pursuant to this subsection, the Secretary, after consultation with the appropriate public and private school officials, shall pay to the provider of such services for a fiscal year an amount per child that does not exceed the amount determined by dividing—

- (i) the total amount received by the State under this subchapter for such fiscal year; by
- (ii) the number of children with disabilities served in the prior year, as reported to the Secretary by the State under section 1418 of this title.

**(B) Withholding of certain amounts**

Pending final resolution of any investigation or complaint that may result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State educational agency the amount the Secretary estimates will be necessary to pay the cost of services described in subparagraph (A).

**(C) Period of payments**

The period under which payments are made under subparagraph (A) shall continue until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency to meet the requirements of subsection (a)(10)(A).

**(3) Notice and hearing****(A) In general**

The Secretary shall not take any final action under this subsection until the State educational agency affected by such action has had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary's designee to show cause why such action should not be taken.

**(B) Review of action**

If a State educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A), such agency may, not later than 60 days after no-

tice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the Secretary's action, as provided in section 2112 of title 28.

**(C) Review of findings of fact**

The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

**(D) Jurisdiction of court of appeals; review by United States Supreme Court**

Upon the filing of a petition under subparagraph (B), the United States court of appeals shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

### § 1413. Local educational agency eligibility

#### (a) In general

A local educational agency is eligible for assistance under this subchapter for a fiscal year if such agency submits a plan that provides assurances to the State educational agency that the local educational agency meets each of the following conditions:

##### (1) Consistency with State policies

The local educational agency, in providing for the education of children with disabilities within its jurisdiction, has in effect policies, procedures, and programs that are consistent

with the State policies and procedures established under section 1412 of this title.

#### (2) Use of amounts

##### (A) In general

Amounts provided to the local educational agency under this subchapter shall be expended in accordance with the applicable provisions of this subchapter and—

(i) shall be used only to pay the excess costs of providing special education and related services to children with disabilities;

(ii) shall be used to supplement State, local, and other Federal funds and not to supplant such funds; and

(iii) shall not be used, except as provided in subparagraphs (B) and (C), to reduce the level of expenditures for the education of children with disabilities made by the local educational agency from local funds below the level of those expenditures for the preceding fiscal year.

##### (B) Exception

Notwithstanding the restriction in subparagraph (A)(iii), a local educational agency may reduce the level of expenditures where such reduction is attributable to—

(i) the voluntary departure, by retirement or otherwise, or departure for just cause, of special education personnel;

(ii) a decrease in the enrollment of children with disabilities;

(iii) the termination of the obligation of the agency, consistent with this subchapter, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the State educational agency, because the child—

(I) has left the jurisdiction of the agency;

(II) has reached the age at which the obligation of the agency to provide a free appropriate public education to the child has terminated; or

(III) no longer needs such program of special education; or

(iv) the termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

##### (C) Adjustment to local fiscal effort in certain fiscal years

###### (i) Amounts in excess

Notwithstanding clauses (ii) and (iii) of subparagraph (A), for any fiscal year for which the allocation received by a local educational agency under section 1411(f) of this title exceeds the amount the local educational agency received for the previous fiscal year, the local educational agency may reduce the level of expenditures otherwise required by subparagraph (A)(iii) by not more than 50 percent of the amount of such excess.

###### (ii) Use of amounts to carry out activities under ESEA

If a local educational agency exercises the authority under clause (i), the agency

shall use an amount of local funds equal to the reduction in expenditures under clause (i) to carry out activities authorized under the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.].

**(iii) State prohibition**

Notwithstanding clause (i), if a State educational agency determines that a local educational agency is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a) or the State educational agency has taken action against the local educational agency under section 1416 of this title, the State educational agency shall prohibit the local educational agency from reducing the level of expenditures under clause (i) for that fiscal year.

**(iv) Special rule**

The amount of funds expended by a local educational agency under subsection (f) shall count toward the maximum amount of expenditures such local educational agency may reduce under clause (i).

**(D) Schoolwide programs under title I of the ESEA**

Notwithstanding subparagraph (A) or any other provision of this subchapter, a local educational agency may use funds received under this subchapter for any fiscal year to carry out a schoolwide program under section 1114 of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6314], except that the amount so used in any such program shall not exceed—

(i) the number of children with disabilities participating in the schoolwide program; multiplied by

(ii)(I) the amount received by the local educational agency under this subchapter for that fiscal year; divided by

(II) the number of children with disabilities in the jurisdiction of that agency.

**(3) Personnel development**

The local educational agency shall ensure that all personnel necessary to carry out this subchapter are appropriately and adequately prepared, subject to the requirements of section 1412(a)(14) of this title and section 2102(b) of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6612(b)].

**(4) Permissive use of funds**

**(A) Uses**

Notwithstanding paragraph (2)(A) or section 1412(a)(17)(B) of this title (relating to commingled funds), funds provided to the local educational agency under this subchapter may be used for the following activities:

**(i) Services and aids that also benefit nondisabled children**

For the costs of special education and related services, and supplementary aids and services, provided in a regular class or other education-related setting to a child with a disability in accordance with the

individualized education program of the child, even if 1 or more nondisabled children benefit from such services.

**(ii) Early intervening services**

To develop and implement coordinated, early intervening educational services in accordance with subsection (f).

**(iii) High cost education and related services**

To establish and implement cost or risk sharing funds, consortia, or cooperatives for the local educational agency itself, or for local educational agencies working in a consortium of which the local educational agency is a part, to pay for high cost special education and related services.

**(B) Administrative case management**

A local educational agency may use funds received under this subchapter to purchase appropriate technology for recordkeeping, data collection, and related case management activities of teachers and related services personnel providing services described in the individualized education program of children with disabilities, that is needed for the implementation of such case management activities.

**(5) Treatment of charter schools and their students**

In carrying out this subchapter with respect to charter schools that are public schools of the local educational agency, the local educational agency—

(A) serves children with disabilities attending those charter schools in the same manner as the local educational agency serves children with disabilities in its other schools, including providing supplementary and related services on site at the charter school to the same extent to which the local educational agency has a policy or practice of providing such services on the site to its other public schools; and

(B) provides funds under this subchapter to those charter schools—

(i) on the same basis as the local educational agency provides funds to the local educational agency's other public schools, including proportional distribution based on relative enrollment of children with disabilities; and

(ii) at the same time as the agency distributes other Federal funds to the agency's other public schools, consistent with the State's charter school law.

**(6) Purchase of instructional materials**

**(A) In general**

Not later than 2 years after December 3, 2004, a local educational agency that chooses to coordinate with the National Instructional Materials Access Center, when purchasing print instructional materials, shall acquire the print instructional materials in the same manner and subject to the same conditions as a State educational agency acquires print instructional materials under section 1412(a)(23) of this title.

**(B) Rights of local educational agency**

Nothing in this paragraph shall be construed to require a local educational agency to coordinate with the National Instructional Materials Access Center. If a local educational agency chooses not to coordinate with the National Instructional Materials Access Center, the local educational agency shall provide an assurance to the State educational agency that the local educational agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

**(7) Information for State educational agency**

The local educational agency shall provide the State educational agency with information necessary to enable the State educational agency to carry out its duties under this subchapter, including, with respect to paragraphs (15) and (16) of section 1412(a) of this title, information relating to the performance of children with disabilities participating in programs carried out under this subchapter.

**(8) Public information**

The local educational agency shall make available to parents of children with disabilities and to the general public all documents relating to the eligibility of such agency under this subchapter.

**(9) Records regarding migratory children with disabilities**

The local educational agency shall cooperate in the Secretary's efforts under section 1308 of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6398] to ensure the linkage of records pertaining to migratory children with a disability for the purpose of electronically exchanging, among the States, health and educational information regarding such children.

**(b) Exception for prior local plans****(1) In general**

If a local educational agency or State agency has on file with the State educational agency policies and procedures that demonstrate that such local educational agency, or such State agency, as the case may be, meets any requirement of subsection (a), including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the State educational agency shall consider such local educational agency or State agency, as the case may be, to have met such requirement for purposes of receiving assistance under this subchapter.

**(2) Modification made by local educational agency**

Subject to paragraph (3), an application submitted by a local educational agency in accordance with this section shall remain in effect until the local educational agency submits to the State educational agency such modifications as the local educational agency determines necessary.

**(3) Modifications required by State educational agency**

If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), there is a new interpretation of this chapter by Federal or State courts, or there is an official finding of noncompliance with Federal or State law or regulations, then the State educational agency may require a local educational agency to modify its application only to the extent necessary to ensure the local educational agency's compliance with this subchapter or State law.

**(c) Notification of local educational agency or State agency in case of ineligibility**

If the State educational agency determines that a local educational agency or State agency is not eligible under this section, then the State educational agency shall notify the local educational agency or State agency, as the case may be, of that determination and shall provide such local educational agency or State agency with reasonable notice and an opportunity for a hearing.

**(d) Local educational agency compliance****(1) In general**

If the State educational agency, after reasonable notice and an opportunity for a hearing, finds that a local educational agency or State agency that has been determined to be eligible under this section is failing to comply with any requirement described in subsection (a), the State educational agency shall reduce or shall not provide any further payments to the local educational agency or State agency until the State educational agency is satisfied that the local educational agency or State agency, as the case may be, is complying with that requirement.

**(2) Additional requirement**

Any State agency or local educational agency in receipt of a notice described in paragraph (1) shall, by means of public notice, take such measures as may be necessary to bring the pendency of an action pursuant to this subsection to the attention of the public within the jurisdiction of such agency.

**(3) Consideration**

In carrying out its responsibilities under paragraph (1), the State educational agency shall consider any decision made in a hearing held under section 1415 of this title that is adverse to the local educational agency or State agency involved in that decision.

**(e) Joint establishment of eligibility****(1) Joint establishment****(A) In general**

A State educational agency may require a local educational agency to establish its eligibility jointly with another local educational agency if the State educational agency determines that the local educational agency will be ineligible under this

section because the local educational agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

**(B) Charter school exception**

A State educational agency may not require a charter school that is a local educational agency to jointly establish its eligibility under subparagraph (A) unless the charter school is explicitly permitted to do so under the State's charter school law.

**(2) Amount of payments**

If a State educational agency requires the joint establishment of eligibility under paragraph (1), the total amount of funds made available to the affected local educational agencies shall be equal to the sum of the payments that each such local educational agency would have received under section 1411(f) of this title if such agencies were eligible for such payments.

**(3) Requirements**

Local educational agencies that establish joint eligibility under this subsection shall—

(A) adopt policies and procedures that are consistent with the State's policies and procedures under section 1412(a) of this title; and

(B) be jointly responsible for implementing programs that receive assistance under this subchapter.

**(4) Requirements for educational service agencies**

**(A) In general**

If an educational service agency is required by State law to carry out programs under this subchapter, the joint responsibilities given to local educational agencies under this subsection shall—

(i) not apply to the administration and disbursement of any payments received by that educational service agency; and

(ii) be carried out only by that educational service agency.

**(B) Additional requirement**

Notwithstanding any other provision of this subsection, an educational service agency shall provide for the education of children with disabilities in the least restrictive environment, as required by section 1412(a)(5) of this title.

**(f) Early intervening services**

**(1) In general**

A local educational agency may not use more than 15 percent of the amount such agency receives under this subchapter for any fiscal year, less any amount reduced by the agency pursuant to subsection (a)(2)(C), if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated, early intervening services, which may include inter-agency financing structures, for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten

through grade 3) who have not been identified as needing special education or related services but who need additional academic and behavioral support to succeed in a general education environment.

**(2) Activities**

In implementing coordinated, early intervening services under this subsection, a local educational agency may carry out activities that include—

(A) professional development (which may be provided by entities other than local educational agencies) for teachers and other school staff to enable such personnel to deliver scientifically based academic instruction and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and

(B) providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

**(3) Construction**

Nothing in this subsection shall be construed to limit or create a right to a free appropriate public education under this subchapter.

**(4) Reporting**

Each local educational agency that develops and maintains coordinated, early intervening services under this subsection shall annually report to the State educational agency on—

(A) the number of students served under this subsection; and

(B) the number of students served under this subsection who subsequently receive special education and related services under this chapter during the preceding 2-year period.

**(5) Coordination with Elementary and Secondary Education Act of 1965**

Funds made available to carry out this subsection may be used to carry out coordinated, early intervening services aligned with activities funded by, and carried out under, the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.] if such funds are used to supplement, and not supplant, funds made available under the Elementary and Secondary Education Act of 1965 for the activities and services assisted under this subsection.

**(g) Direct services by the State educational agency**

**(1) In general**

A State educational agency shall use the payments that would otherwise have been available to a local educational agency or to a State agency to provide special education and related services directly to children with disabilities residing in the area served by that local educational agency, or for whom that State agency is responsible, if the State educational agency determines that the local educational agency or State agency, as the case may be—

(A) has not provided the information needed to establish the eligibility of such local

educational agency or State agency under this section;

(B) is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a);

(C) is unable or unwilling to be consolidated with 1 or more local educational agencies in order to establish and maintain such programs; or

(D) has 1 or more children with disabilities who can best be served by a regional or State program or service delivery system designed to meet the needs of such children.

**(2) Manner and location of education and services**

The State educational agency may provide special education and related services under paragraph (1) in such manner and at such locations (including regional or State centers) as the State educational agency considers appropriate. Such education and services shall be provided in accordance with this subchapter.

**(h) State agency eligibility**

Any State agency that desires to receive a subgrant for any fiscal year under section 1411(f) of this title shall demonstrate to the satisfaction of the State educational agency that—

(1) all children with disabilities who are participating in programs and projects funded under this subchapter receive a free appropriate public education, and that those children and their parents are provided all the rights and procedural safeguards described in this subchapter; and

(2) the agency meets such other conditions of this section as the Secretary determines to be appropriate.

**(i) Disciplinary information**

The State may require that a local educational agency include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit such statement to the same extent that such disciplinary information is included in, and transmitted with, the student records of nondisabled children. The statement may include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other individuals involved with the child. If the State adopts such a policy, and the child transfers from 1 school to another, the transmission of any of the child's records shall include both the child's current individualized education program and any such statement of current or previous disciplinary action that has been taken against the child.

**(j) State agency flexibility**

**(1) Adjustment to State fiscal effort in certain fiscal years**

For any fiscal year for which the allotment received by a State under section 1411 of this title exceeds the amount the State received for the previous fiscal year and if the State in school year 2003–2004 or any subsequent school

year pays or reimburses all local educational agencies within the State from State revenue 100 percent of the non-Federal share of the costs of special education and related services, the State educational agency, notwithstanding paragraphs (17) and (18) of section 1412(a) of this title and section 1412(b) of this title, may reduce the level of expenditures from State sources for the education of children with disabilities by not more than 50 percent of the amount of such excess.

**(2) Prohibition**

Notwithstanding paragraph (1), if the Secretary determines that a State educational agency is unable to establish, maintain, or oversee programs of free appropriate public education that meet the requirements of this subchapter, or that the State needs assistance, intervention, or substantial intervention under section 1416(d)(2)(A) of this title, the Secretary shall prohibit the State educational agency from exercising the authority in paragraph (1).

**(3) Education activities**

If a State educational agency exercises the authority under paragraph (1), the agency shall use funds from State sources, in an amount equal to the amount of the reduction under paragraph (1), to support activities authorized under the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.] or to support need based student or teacher higher education programs.

**(4) Report**

For each fiscal year for which a State educational agency exercises the authority under paragraph (1), the State educational agency shall report to the Secretary the amount of expenditures reduced pursuant to such paragraph and the activities that were funded pursuant to paragraph (3).

**(5) Limitation**

Notwithstanding paragraph (1), a State educational agency may not reduce the level of expenditures described in paragraph (1) if any local educational agency in the State would, as a result of such reduction, receive less than 100 percent of the amount necessary to ensure that all children with disabilities served by the local educational agency receive a free appropriate public education from the combination of Federal funds received under this chapter and State funds received from the State educational agency.

### § 1414. Evaluations, eligibility determinations, individualized education programs, and educational placements

#### (a) Evaluations, parental consent, and reevaluations

##### (1) Initial evaluations

###### (A) In general

A State educational agency, other State agency, or local educational agency shall conduct a full and individual initial evaluation in accordance with this paragraph and subsection (b), before the initial provision of special education and related services to a child with a disability under this subchapter.

###### (B) Request for initial evaluation

Consistent with subparagraph (D), either a parent of a child, or a State educational agency, other State agency, or local educational agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

###### (C) Procedures

###### (i) In general

Such initial evaluation shall consist of procedures—

(I) to determine whether a child is a child with a disability (as defined in 1401

of this title) within 60 days of receiving parental consent for the evaluation, or, if the State establishes a timeframe within which the evaluation must be conducted, within such timeframe; and

(II) to determine the educational needs of such child.

###### (ii) Exception

The relevant timeframe in clause (i)(I) shall not apply to a local educational agency if—

(I) a child enrolls in a school served by the local educational agency after the relevant timeframe in clause (i)(I) has begun and prior to a determination by the child’s previous local educational agency as to whether the child is a child with a disability (as defined in section 1401 of this title), but only if the subsequent local educational agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent local educational agency agree to a specific time when the evaluation will be completed; or

(II) the parent of a child repeatedly fails or refuses to produce the child for the evaluation.

#### (D) Parental consent

##### (i) In general

###### (I) Consent for initial evaluation

The agency proposing to conduct an initial evaluation to determine if the child qualifies as a child with a disability as defined in section 1401 of this title shall obtain informed consent from the parent of such child before conducting the evaluation. Parental consent for evaluation shall not be construed as consent for placement for receipt of special education and related services.

###### (II) Consent for services

An agency that is responsible for making a free appropriate public education available to a child with a disability under this subchapter shall seek to obtain informed consent from the parent of such child before providing special education and related services to the child.

##### (ii) Absence of consent

###### (I) For initial evaluation

If the parent of such child does not provide consent for an initial evaluation under clause (i)(I), or the parent fails to respond to a request to provide the consent, the local educational agency may pursue the initial evaluation of the child by utilizing the procedures described in section 1415 of this title, except to the extent inconsistent with State law relating to such parental consent.

###### (II) For services

If the parent of such child refuses to consent to services under clause (i)(II), the local educational agency shall not provide special education and related

services to the child by utilizing the procedures described in section 1415 of this title.

**(III) Effect on agency obligations**

If the parent of such child refuses to consent to the receipt of special education and related services, or the parent fails to respond to a request to provide such consent—

(aa) the local educational agency shall not be considered to be in violation of the requirement to make available a free appropriate public education to the child for the failure to provide such child with the special education and related services for which the local educational agency requests such consent; and

(bb) the local educational agency shall not be required to convene an IEP meeting or develop an IEP under this section for the child for the special education and related services for which the local educational agency requests such consent.

**(iii) Consent for wards of the State**

**(I) In general**

If the child is a ward of the State and is not residing with the child's parent, the agency shall make reasonable efforts to obtain the informed consent from the parent (as defined in section 1401 of this title) of the child for an initial evaluation to determine whether the child is a child with a disability.

**(II) Exception**

The agency shall not be required to obtain informed consent from the parent of a child for an initial evaluation to determine whether the child is a child with a disability if—

(aa) despite reasonable efforts to do so, the agency cannot discover the whereabouts of the parent of the child;

(bb) the rights of the parents of the child have been terminated in accordance with State law; or

(cc) the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

**(E) Rule of construction**

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

**(2) Reevaluations**

**(A) In general**

A local educational agency shall ensure that a reevaluation of each child with a disability is conducted in accordance with subsections (b) and (c)—

(i) if the local educational agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or

(ii) if the child's parents or teacher requests a reevaluation.

**(B) Limitation**

A reevaluation conducted under subparagraph (A) shall occur—

(i) not more frequently than once a year, unless the parent and the local educational agency agree otherwise; and

(ii) at least once every 3 years, unless the parent and the local educational agency agree that a reevaluation is unnecessary.

**(b) Evaluation procedures**

**(1) Notice**

The local educational agency shall provide notice to the parents of a child with a disability, in accordance with subsections (b)(3), (b)(4), and (c) of section 1415 of this title, that describes any evaluation procedures such agency proposes to conduct.

**(2) Conduct of evaluation**

In conducting the evaluation, the local educational agency shall—

(A) use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information, including information provided by the parent, that may assist in determining—

(i) whether the child is a child with a disability; and

(ii) the content of the child's individualized education program, including information related to enabling the child to be involved in and progress in the general education curriculum, or, for preschool children, to participate in appropriate activities;

(B) not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability or determining an appropriate educational program for the child; and

(C) use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

**(3) Additional requirements**

Each local educational agency shall ensure that—

(A) assessments and other evaluation materials used to assess a child under this section—

(i) are selected and administered so as not to be discriminatory on a racial or cultural basis;

(ii) are provided and administered in the language and form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is not feasible to so provide or administer;

(iii) are used for purposes for which the assessments or measures are valid and reliable;

(iv) are administered by trained and knowledgeable personnel; and

(v) are administered in accordance with any instructions provided by the producer of such assessments;

(B) the child is assessed in all areas of suspected disability;

(C) assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided; and

(D) assessments of children with disabilities who transfer from 1 school district to another school district in the same academic year are coordinated with such children's prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.

**(4) Determination of eligibility and educational need**

Upon completion of the administration of assessments and other evaluation measures—

(A) the determination of whether the child is a child with a disability as defined in section 1401(3) of this title and the educational needs of the child shall be made by a team of qualified professionals and the parent of the child in accordance with paragraph (5); and

(B) a copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent.

**(5) Special rule for eligibility determination**

In making a determination of eligibility under paragraph (4)(A), a child shall not be determined to be a child with a disability if the determinant factor for such determination is—

(A) lack of appropriate instruction in reading, including in the essential components of reading instruction (as defined in section 6368(3) of this title, as such section was in effect on the day before December 10, 2015);

(B) lack of instruction in math; or

(C) limited English proficiency.

**(6) Specific learning disabilities**

**(A) In general**

Notwithstanding section 1406(b) of this title, when determining whether a child has a specific learning disability as defined in section 1401 of this title, a local educational agency shall not be required to take into consideration whether a child has a severe discrepancy between achievement and intellectual ability in oral expression, listening comprehension, written expression, basic reading skill, reading comprehension, mathematical calculation, or mathematical reasoning.

**(B) Additional authority**

In determining whether a child has a specific learning disability, a local educational agency may use a process that determines if the child responds to scientific, research-based intervention as a part of the evaluation procedures described in paragraphs (2) and (3).

**(c) Additional requirements for evaluation and reevaluations**

**(1) Review of existing evaluation data**

As part of an initial evaluation (if appropriate) and as part of any reevaluation under this section, the IEP Team and other qualified professionals, as appropriate, shall—

(A) review existing evaluation data on the child, including—

(i) evaluations and information provided by the parents of the child;

(ii) current classroom-based, local, or State assessments, and classroom-based observations; and

(iii) observations by teachers and related services providers; and

(B) on the basis of that review, and input from the child's parents, identify what additional data, if any, are needed to determine—

(i) whether the child is a child with a disability as defined in section 1401(3) of this title, and the educational needs of the child, or, in case of a reevaluation of a child, whether the child continues to have such a disability and such educational needs;

(ii) the present levels of academic achievement and related developmental needs of the child;

(iii) whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and

(iv) whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the individualized education program of the child and to participate, as appropriate, in the general education curriculum.

**(2) Source of data**

The local educational agency shall administer such assessments and other evaluation measures as may be needed to produce the data identified by the IEP Team under paragraph (1)(B).

**(3) Parental consent**

Each local educational agency shall obtain informed parental consent, in accordance with subsection (a)(1)(D), prior to conducting any reevaluation of a child with a disability, except that such informed parental consent need not be obtained if the local educational agency can demonstrate that it had taken reasonable measures to obtain such consent and the child's parent has failed to respond.

**(4) Requirements if additional data are not needed**

If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability and to determine the child's educational needs, the local educational agency—

(A) shall notify the child's parents of—

(i) that determination and the reasons for the determination; and

(ii) the right of such parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child's educational needs; and

(B) shall not be required to conduct such an assessment unless requested to by the child's parents.

**(5) Evaluations before change in eligibility**

**(A) In general**

Except as provided in subparagraph (B), a local educational agency shall evaluate a child with a disability in accordance with this section before determining that the child is no longer a child with a disability.

**(B) Exception**

**(i) In general**

The evaluation described in subparagraph (A) shall not be required before the termination of a child's eligibility under this subchapter due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for a free appropriate public education under State law.

**(ii) Summary of performance**

For a child whose eligibility under this subchapter terminates under circumstances described in clause (i), a local educational agency shall provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's postsecondary goals.

**(d) Individualized education programs**

**(1) Definitions**

In this chapter:

**(A) Individualized education program**

**(i) In general**

The term "individualized education program" or "IEP" means a written statement for each child with a disability that is developed, reviewed, and revised in accordance with this section and that includes—

(III) a description of how the child's progress toward meeting the annual goals described in subclause (II) will be measured and when periodic reports on the progress the child is making toward meeting the annual goals (such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards) will be provided;

(IV) a statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided for the child—

(AA) the child cannot participate in the regular assessment; and

(BB) the particular alternate assessment selected is appropriate for the child;

(VII) the projected date for the beginning of the services and modifications described in subclause (IV), and the anticipated frequency, location, and duration of those services and modifications; and

(VIII) beginning not later than the first IEP to be in effect when the child is 16, and updated annually thereafter—

(aa) appropriate measurable postsecondary goals based upon age appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills;

(bb) the transition services (including courses of study) needed to assist the child in reaching those goals; and

(cc) beginning not later than 1 year before the child reaches the age of majority under State law, a statement that the child has been informed of the child's rights under this chapter, if any, that will transfer to the child on reaching the age of majority under section 1415(m) of this title.

**(ii) Rule of construction**

Nothing in this section shall be construed to require—

(I) that additional information be included in a child's IEP beyond what is explicitly required in this section; and

(II) the IEP Team to include information under 1 component of a child's IEP that is already contained under another component of such IEP.

**(B) Individualized education program team**

The term “individualized education program team” or “IEP Team” means a group of individuals composed of—

(i) the parents of a child with a disability;

(ii) not less than 1 regular education teacher of such child (if the child is, or may be, participating in the regular education environment);

(iii) not less than 1 special education teacher, or where appropriate, not less than 1 special education provider of such child;

(iv) a representative of the local educational agency who—

(v) an individual who can interpret the instructional implications of evaluation results, who may be a member of the team described in clauses (ii) through (vi);

(vi) at the discretion of the parent or the agency, other individuals who have knowledge or special expertise regarding the child, including related services personnel as appropriate; and

(vii) whenever appropriate, the child with a disability.

**(C) IEP Team attendance**

**(i) Attendance not necessary**

A member of the IEP Team shall not be required to attend an IEP meeting, in whole or in part, if the parent of a child

with a disability and the local educational agency agree that the attendance of such member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.

**(ii) Excusal**

A member of the IEP Team may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if—

(I) the parent and the local educational agency consent to the excusal; and

(II) the member submits, in writing to the parent and the IEP Team, input into the development of the IEP prior to the meeting.

**(iii) Written agreement and consent required**

A parent's agreement under clause (i) and consent under clause (ii) shall be in writing.

**(D) IEP Team transition**

In the case of a child who was previously served under subchapter III, an invitation to the initial IEP meeting shall, at the request of the parent, be sent to the subchapter III service coordinator or other representatives of the subchapter III system to assist with the smooth transition of services.

**(2) Requirement that program be in effect**

**(A) In general**

At the beginning of each school year, each local educational agency, State educational agency, or other State agency, as the case may be, shall have in effect, for each child with a disability in the agency's jurisdiction, an individualized education program, as defined in paragraph (1)(A).

**(B) Program for child aged 3 through 5**

In the case of a child with a disability aged 3 through 5 (or, at the discretion of the State educational agency, a 2-year-old child with a disability who will turn age 3 during the school year), the IEP Team shall consider the individualized family service plan that contains the material described in section 1436 of this title, and that is developed in accordance with this section, and the individualized family service plan may serve as the IEP of the child if using that plan as the IEP is—

(i) consistent with State policy; and

(ii) agreed to by the agency and the child's parents.

**(C) Program for children who transfer school districts**

**(i) In general**

**(I) Transfer within the same State**

In the case of a child with a disability who transfers school districts within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in the same State, the local

educational agency shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the local educational agency adopts the previously held IEP or develops, adopts, and implements a new IEP that is consistent with Federal and State law.

**(II) Transfer outside State**

In the case of a child with a disability who transfers school districts within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in another State, the local educational agency shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the local educational agency conducts an evaluation pursuant to subsection (a)(1), if determined to be necessary by such agency, and develops a new IEP, if appropriate, that is consistent with Federal and State law.

**(ii) Transmittal of records**

To facilitate the transition for a child described in clause (i)—

(I) the new school in which the child enrolls shall take reasonable steps to promptly obtain the child's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous school in which the child was enrolled, pursuant to section 99.31(a)(2) of title 34, Code of Federal Regulations; and

(II) the previous school in which the child was enrolled shall take reasonable steps to promptly respond to such request from the new school.

**(3) Development of IEP**

**(A) In general**

In developing each child's IEP, the IEP Team, subject to subparagraph (C), shall consider—

- (i) the strengths of the child;
- (ii) the concerns of the parents for enhancing the education of their child;
- (iii) the results of the initial evaluation or most recent evaluation of the child; and
- (iv) the academic, developmental, and functional needs of the child.

**(B) Consideration of special factors**

The IEP Team shall—

(i) in the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

(ii) in the case of a child with limited English proficiency, consider the language needs of the child as such needs relate to the child's IEP;

(iii) in the case of a child who is blind or visually impaired, provide for instruction

in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the child;

(iv) consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and

(v) consider whether the child needs assistive technology devices and services.

**(C) Requirement with respect to regular education teacher**

A regular education teacher of the child, as a member of the IEP Team, shall, to the extent appropriate, participate in the development of the IEP of the child, including the determination of appropriate positive behavioral interventions and supports, and other strategies, and the determination of supplementary aids and services, program modifications, and support for school personnel consistent with paragraph (1)(A)(i)(IV).

**(D) Agreement**

In making changes to a child's IEP after the annual IEP meeting for a school year, the parent of a child with a disability and the local educational agency may agree not to convene an IEP meeting for the purposes of making such changes, and instead may develop a written document to amend or modify the child's current IEP.

**(E) Consolidation of IEP Team meetings**

To the extent possible, the local educational agency shall encourage the consolidation of reevaluation meetings for the child and other IEP Team meetings for the child.

**(F) Amendments**

Changes to the IEP may be made either by the entire IEP Team or, as provided in subparagraph (D), by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent shall be provided with a revised copy of the IEP with the amendments incorporated.

**(4) Review and revision of IEP**

**(A) In general**

The local educational agency shall ensure that, subject to subparagraph (B), the IEP Team—

(i) reviews the child's IEP periodically, but not less frequently than annually, to determine whether the annual goals for the child are being achieved; and

(ii) revises the IEP as appropriate to address—

(I) any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate;

(II) the results of any reevaluation conducted under this section;

(III) information about the child provided to, or by, the parents, as described in subsection (c)(1)(B);

(IV) the child's anticipated needs; or

(V) other matters.

**(B) Requirement with respect to regular education teacher**

A regular education teacher of the child, as a member of the IEP Team, shall, consistent with paragraph (1)(C), participate in the review and revision of the IEP of the child.

**(5) Multi-year IEP demonstration**

**(A) Pilot program**

**(i) Purpose**

The purpose of this paragraph is to provide an opportunity for States to allow parents and local educational agencies the opportunity for long-term planning by offering the option of developing a comprehensive multi-year IEP, not to exceed 3 years, that is designed to coincide with the natural transition points for the child.

**(ii) Authorization**

In order to carry out the purpose of this paragraph, the Secretary is authorized to approve not more than 15 proposals from States to carry out the activity described in clause (i).

**(iii) Proposal**

**(I) In general**

A State desiring to participate in the program under this paragraph shall submit a proposal to the Secretary at such time and in such manner as the Secretary may reasonably require.

**(II) Content**

The proposal shall include—

(aa) assurances that the development of a multi-year IEP under this paragraph is optional for parents;

(bb) assurances that the parent is required to provide informed consent before a comprehensive multi-year IEP is developed;

(cc) a list of required elements for each multi-year IEP, including—

(AA) measurable goals pursuant to paragraph (1)(A)(i)(II), coinciding with natural transition points for the child, that will enable the child to be involved in and make progress in the general education curriculum and that will meet the child's other needs that result from the child's disability; and

(BB) measurable annual goals for determining progress toward meeting the goals described in subitem (AA); and

(dd) a description of the process for the review and revision of each multi-year IEP, including—

(AA) a review by the IEP Team of the child's multi-year IEP at each of the child's natural transition points;

(BB) in years other than a child's natural transition points, an annual review of the child's IEP to determine the child's current levels of progress and whether the annual goals for the child are being achieved, and a requirement to amend the IEP, as appropriate, to enable the child to continue to meet the measurable goals set out in the IEP;

(CC) if the IEP Team determines on the basis of a review that the child is not making sufficient progress toward the goals described in the multi-year IEP, a requirement that the local educational agency shall ensure that the IEP Team carries out a more thorough review of the IEP in accordance with paragraph (4) within 30 calendar days; and

(DD) at the request of the parent, a requirement that the IEP Team shall conduct a review of the child's multi-year IEP rather than or subsequent to an annual review.

**(B) Report**

Beginning 2 years after December 3, 2004, the Secretary shall submit an annual report to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate regarding the effectiveness of the program under this paragraph and any specific recommendations for broader implementation of such program, including—

(i) reducing—

(I) the paperwork burden on teachers, principals, administrators, and related service providers; and

(II) noninstructional time spent by teachers in complying with this subchapter;

(ii) enhancing longer-term educational planning;

(iii) improving positive outcomes for children with disabilities;

(iv) promoting collaboration between IEP Team members; and

(v) ensuring satisfaction of family members.

**(C) Definition**

In this paragraph, the term "natural transition points" means those periods that are close in time to the transition of a child with a disability from preschool to elementary grades, from elementary grades to middle or junior high school grades, from middle or junior high school grades to secondary school grades, and from secondary school grades to post-secondary activities, but in no case a period longer than 3 years.

**(6) Failure to meet transition objectives**

If a participating agency, other than the local educational agency, fails to provide the

transition services described in the IEP in accordance with paragraph (1)(A)(i)(VIII), the local educational agency shall reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

**(7) Children with disabilities in adult prisons**

**(A) In general**

The following requirements shall not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons:

(i) The requirements contained in section 1412(a)(16) of this title and paragraph (1)(A)(i)(VI) (relating to participation of children with disabilities in general assessments).

(ii) The requirements of items (aa) and (bb) of paragraph (1)(A)(i)(VIII) (relating to transition planning and transition services), do not apply with respect to such children whose eligibility under this subchapter will end, because of such children's age, before such children will be released from prison.

**(B) Additional requirement**

If a child with a disability is convicted as an adult under State law and incarcerated in an adult prison, the child's IEP Team may modify the child's IEP or placement notwithstanding the requirements of sections<sup>1</sup> 1412(a)(5)(A) of this title and paragraph (1)(A) if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

**(e) Educational placements**

Each local educational agency or State educational agency shall ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

**(f) Alternative means of meeting participation**

When conducting IEP team<sup>2</sup> meetings and placement meetings pursuant to this section, section 1415(e) of this title, and section 1415(f)(1)(B) of this title, and carrying out administrative matters under section 1415 of this title (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a local educational agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

**§ 1415. Procedural safeguards**

**(a) Establishment of procedures**

Any State educational agency, State agency, or local educational agency that receives assistance under this subchapter shall establish and maintain procedures in accordance with this section to ensure that children with disabilities and their parents are guaranteed procedural safeguards with respect to the provision of a free appropriate public education by such agencies.

**(b) Types of procedures**

The procedures required by this section shall include the following:

(1) An opportunity for the parents of a child with a disability to examine all records relating to such child and to participate in meetings with respect to the identification, evaluation, and educational placement of the child, and the provision of a free appropriate public education to such child, and to obtain an independent educational evaluation of the child.

(2)(A) Procedures to protect the rights of the child whenever the parents of the child are not known, the agency cannot, after reasonable ef-

forts, locate the parents, or the child is a ward of the State, including the assignment of an individual to act as a surrogate for the parents, which surrogate shall not be an employee of the State educational agency, the local educational agency, or any other agency that is involved in the education or care of the child. In the case of—

(B) The State shall make reasonable efforts to ensure the assignment of a surrogate not more than 30 days after there is a determination by the agency that the child needs a surrogate.

(3) Written prior notice to the parents of the child, in accordance with subsection (c)(1), whenever the local educational agency—

(A) proposes to initiate or change; or

(B) refuses to initiate or change,

the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education to the child.

(4) Procedures designed to ensure that the notice required by paragraph (3) is in the native language of the parents, unless it clearly is not feasible to do so.

(5) An opportunity for mediation, in accordance with subsection (e).

(6) An opportunity for any party to present a complaint—

(A) with respect to any matter relating to the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education to such child; and

(B) which sets forth an alleged violation that occurred not more than 2 years before the date the parent or public agency knew or should have known about the alleged action that forms the basis of the complaint, or, if the State has an explicit time limitation for presenting such a complaint under this subchapter, in such time as the State law allows, except that the exceptions to the timeline described in subsection (f)(3)(D) shall apply to the timeline described in this subparagraph.

(7)(A) Procedures that require either party, or the attorney representing a party, to provide due process complaint notice in accordance with subsection (c)(2) (which shall remain confidential)—

(i) to the other party, in the complaint filed under paragraph (6), and forward a copy of such notice to the State educational agency; and

(ii) that shall include—

(I) the name of the child, the address of the residence of the child (or available contact information in the case of a homeless child), and the name of the school the child is attending;

(8) Procedures that require the State educational agency to develop a model form to assist parents in filing a complaint and due process complaint notice in accordance with paragraphs (6) and (7), respectively.

### **(c) Notification requirements**

#### **(1) Content of prior written notice**

The notice required by subsection (b)(3) shall include—

(A) a description of the action proposed or refused by the agency;

(B) an explanation of why the agency proposes or refuses to take the action and a description of each evaluation procedure, assessment, record, or report the agency used as a basis for the proposed or refused action;

(C) a statement that the parents of a child with a disability have protection under the procedural safeguards of this subchapter and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained;

(D) sources for parents to contact to obtain assistance in understanding the provisions of this subchapter;

(E) a description of other options considered by the IEP Team and the reason why those options were rejected; and

(F) a description of the factors that are relevant to the agency's proposal or refusal.

#### **(2) Due process complaint notice**

##### **(A) Complaint**

The due process complaint notice required under subsection (b)(7)(A) shall be deemed to be sufficient unless the party receiving the notice notifies the hearing officer and the other party in writing that the receiving party believes the notice has not met the requirements of subsection (b)(7)(A).

##### **(B) Response to complaint**

###### **(i) Local educational agency response**

###### **(I) In general**

If the local educational agency has not sent a prior written notice to the parent regarding the subject matter contained in the parent's due process complaint notice, such local educational agency shall, within 10 days of receiving the complaint, send to the parent a response that shall include—

(aa) an explanation of why the agency proposed or refused to take the action raised in the complaint;

(bb) a description of other options that the IEP Team considered and the reasons why those options were rejected;

(dd) a description of the factors that are relevant to the agency's proposal or refusal.

## **(II) Sufficiency**

A response filed by a local educational agency pursuant to subclause (I) shall not be construed to preclude such local educational agency from asserting that the parent's due process complaint notice was insufficient where appropriate.

### **(ii) Other party response**

Except as provided in clause (i), the non-complaining party shall, within 10 days of receiving the complaint, send to the complainant a response that specifically addresses the issues raised in the complaint.

### **(C) Timing**

The party providing a hearing officer notification under subparagraph (A) shall provide the notification within 15 days of receiving the complaint.

### **(D) Determination**

Within 5 days of receipt of the notification provided under subparagraph (C), the hearing officer shall make a determination on the face of the notice of whether the notification meets the requirements of subsection (b)(7)(A), and shall immediately notify the parties in writing of such determination.

- (III) to a prevailing State educational agency or local educational agency

**(D) Prohibition of attorneys' fees and related costs for certain services**

**(i) In general**

Attorneys' fees may not be awarded and related costs may not be reimbursed in any action or proceeding under this section for services performed subsequent to the time of a written offer of settlement to a parent if—

**(C) Additional authority**

If school personnel seek to order a change in placement that would exceed 10 school days and the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability pursuant to subparagraph (E), the relevant disciplinary procedures applicable to children without disabilities may be ap-

plied to the child in the same manner and for the same duration in which the procedures would be applied to children without disabilities, except as provided in section 1412(a)(1) of this title although it may be provided in an interim alternative educational setting.

(II) if the conduct in question was the direct result of the local educational agency's failure to implement the IEP.

**(ii) Manifestation**

If the local educational agency, the parent, and relevant members of the IEP Team determine that either subclause (I) or (II) of clause (i) is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

**(F) Determination that behavior was a manifestation**

If the local educational agency, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child's disability, the IEP Team shall—

(i) conduct a functional behavioral assessment, and implement a behavioral intervention plan for such child, provided that the local educational agency had not conducted such assessment prior to such determination before the behavior that re-

**(G) Special circumstances**

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, in cases where a child—

The interim alternative educational setting in subparagraphs (C) and (G) of paragraph (1) shall be determined by the IEP Team.

**(3) Appeal**

**(A) In general**

**(B) Authority of hearing officer**

**(i) In general**

A hearing officer shall hear, and make a determination regarding, an appeal requested under subparagraph (A).

**(ii) Change of placement order**

When an appeal under paragraph (3) has been requested by either the parent or the local educational agency—

**(A) In general**

A child who has not been determined to be eligible for special education and related services under this subchapter and who has engaged in behavior that violates a code of student conduct, may assert any of the protections provided for in this subchapter if the local educational agency had knowledge (as determined in accordance with this paragraph) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

**(B) Basis of knowledge**

A local educational agency shall be deemed to have knowledge that a child is a child with a disability if, before the behavior that precipitated the disciplinary action occurred—

**(D) Conditions that apply if no basis of knowledge**

**(i) In general**

If a local educational agency does not have knowledge that a child is a child with a disability (in accordance with subparagraph (B) or (C)) prior to taking disciplinary measures against the child, the child may be subjected to disciplinary measures applied to children without disabilities who engaged in comparable behaviors consistent with clause (ii).

**(ii) Limitations**

If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under this subsection, the evaluation shall be conducted in an expedited manner. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency shall provide special education and related services in accordance with this subchapter, except that, pending the results of the evaluation, the child shall remain in the educational placement determined by school authorities.

**(6) Referral to and action by law enforcement and judicial authorities**

**(A) Rule of construction**

Nothing in this subchapter shall be construed to prohibit an agency from reporting a crime committed by a child with a disability to appropriate authorities or to prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

If any State is dissatisfied with the Secretary's action with respect to the eligibility of the State under section 1412 of this title, such State may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. - (II) allocate 85 percent of any remaining funds to States on the basis of the States' relative populations of children aged 3 through 5; and
- (III) allocate 15 percent of those remaining funds to States on the basis of the States' relative populations of all children aged 3 through 5 who are living in poverty.

**(ii) Data**

For the purpose of making grants under this paragraph, the Secretary shall use the most recent population data, including data on children living in poverty, that are available and satisfactory to the Secretary.

**(B) Limitations**

Notwithstanding subparagraph (A), allocations under this paragraph shall be subject to the following:

**(i) Preceding years**

No State's allocation shall be less than its allocation under this section for the preceding fiscal year.

**(ii) Minimum**

No State's allocation shall be less than the greatest of—

(I) the sum of—

(aa) the amount the State received under this section for fiscal year 1997; and

(bb)  $\frac{1}{3}$  of 1 percent of the amount by which the amount appropriated under subsection (j) for the fiscal year exceeds the amount appropriated for this section for fiscal year 1997;

(II) the sum of—

(aa) the amount the State received under this section for the preceding fiscal year; and

(bb) that amount multiplied by the percentage by which the increase in the funds appropriated under this section from the preceding fiscal year exceeds 1.5 percent; or

(III) the sum of—

(aa) the amount the State received under this section for the preceding fiscal year; and

(bb) that amount multiplied by 90 percent of the percentage increase in the amount appropriated under this section from the preceding fiscal year.

**(iii) Maximum**

Notwithstanding clause (ii), no State's allocation under this paragraph shall exceed the sum of—

(I) the amount the State received under this section for the preceding fiscal year; and

(II) that amount multiplied by the sum of 1.5 percent and the percentage increase in the amount appropriated under this section from the preceding fiscal year.

**(C) Ratable reductions**

If the amount available for allocations under this paragraph is insufficient to pay those allocations in full, those allocations shall be ratably reduced, subject to subparagraph (B)(i).

**(3) Decrease in funds**

If the amount available for allocations to States under paragraph (1) for a fiscal year is less than the amount allocated to the States under this section for the preceding fiscal year, those allocations shall be calculated as follows:

**(A) Allocations**

If the amount available for allocations is greater than the amount allocated to the States for fiscal year 1997, each State shall be allocated the sum of—

(i) the amount the State received under this section for fiscal year 1997; and

(ii) an amount that bears the same relation to any remaining funds as the increase the State received under this section for the preceding fiscal year over fiscal year 1997 bears to the total of all such increases for all States.

**(B) Ratable reductions**

If the amount available for allocations is equal to or less than the amount allocated

to the States for fiscal year 1997, each State shall be allocated the amount the State received for fiscal year 1997, ratably reduced, if necessary.

**(d) Reservation for State activities**

**(1) In general**

Each State may reserve not more than the amount described in paragraph (2) for administration and other State-level activities in accordance with subsections (e) and (f).

**(2) Amount described**

(A) the percentage increase, if any, from the preceding fiscal year in the State's allocation under this section; or

(B) the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

**(e) State administration**

**(1) In general**

For the purpose of administering this section (including the coordination of activities under this subchapter with, and providing technical assistance to, other programs that provide services to children with disabilities) a State may use not more than 20 percent of the maximum amount the State may reserve under subsection (d) for any fiscal year.

**(2) Administration of subchapter III**

Funds described in paragraph (1) may also be used for the administration of subchapter III.

**(f) Other State-level activities**

Each State shall use any funds the State reserves under subsection (d) and does not use for administration under subsection (e)—

(1) for support services (including establishing and implementing the mediation process required by section 1415(e) of this title), which may benefit children with disabilities younger than 3 or older than 5 as long as those services also benefit children with disabilities aged 3 through 5;

(2) for direct services for children eligible for services under this section;

(3) for activities at the State and local levels to meet the performance goals established by the State under section 1412(a)(15) of this title;

(4) to supplement other funds used to develop and implement a statewide coordinated services system designed to improve results for children and families, including children with disabilities and their families, but not more than 1 percent of the amount received by the State under this section for a fiscal year;

(5) to provide early intervention services (which shall include an educational component that promotes school readiness and incorporates preliteracy, language, and numeracy skills) in accordance with subchapter III to

children with disabilities who are eligible for services under this section and who previously received services under subchapter III until such children enter, or are eligible under State law to enter, kindergarten; or

(6) at the State's discretion, to continue service coordination or case management for families who receive services under subchapter III.

**(g) Subgrants to local educational agencies**

**(1) Subgrants required**

Each State that receives a grant under this section for any fiscal year shall distribute all of the grant funds that the State does not reserve under subsection (d) to local educational agencies in the State that have established their eligibility under section 1413 of this title, as follows:

**(A) Base payments**

The State shall first award each local educational agency described in paragraph (1) the amount that agency would have received under this section for fiscal year 1997 if the State had distributed 75 percent of its grant for that year under section 1419(c)(3) of this title, as such section was then in effect.

**(B) Allocation of remaining funds**

After making allocations under subparagraph (A), the State shall—

(i) allocate 85 percent of any remaining funds to those local educational agencies on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within the local educational agency's jurisdiction; and

(ii) allocate 15 percent of those remaining funds to those local educational agencies in accordance with their relative numbers of children living in poverty, as determined by the State educational agency.

**(2) Reallocation of funds**

If a State educational agency determines that a local educational agency is adequately providing a free appropriate public education to all children with disabilities aged 3 through 5 residing in the area served by the local educational agency with State and local funds, the State educational agency may reallocate any portion of the funds under this section that are not needed by that local educational agency to provide a free appropriate public education to other local educational agencies in the State that are not adequately providing special education and related services to all children with disabilities aged 3 through 5 residing in the areas the other local educational agencies serve.

**(h) Subchapter III inapplicable**

Subchapter III does not apply to any child with a disability receiving a free appropriate public education, in accordance with this subchapter, with funds received under this section.

In this section, the term "State" means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

**(j) Authorization of appropriations**

There are authorized to be appropriated to carry out this section such sums as may be necessary.

**SUBCHAPTER III—INFANTS AND TODDLERS WITH DISABILITIES****§ 1431. Findings and policy****(a) Findings**

Congress finds that there is an urgent and substantial need—

(1) to enhance the development of infants and toddlers with disabilities, to minimize their potential for developmental delay, and to recognize the significant brain development that occurs during a child's first 3 years of life;

(2) to reduce the educational costs to our society, including our Nation's schools, by minimizing the need for special education and related services after infants and toddlers with disabilities reach school age;

(3) to maximize the potential for individuals with disabilities to live independently in society;

(4) to enhance the capacity of families to meet the special needs of their infants and toddlers with disabilities; and

(5) to enhance the capacity of State and local agencies and service providers to identify, evaluate, and meet the needs of all children, particularly minority, low-income, inner city, and rural children, and infants and toddlers in foster care.

**(b) Policy**

It is the policy of the United States to provide financial assistance to States—

(1) to develop and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency system that provides early intervention services for infants and toddlers with disabilities and their families;

(2) to facilitate the coordination of payment for early intervention services from Federal, State, local, and private sources (including public and private insurance coverage);

(3) to enhance State capacity to provide quality early intervention services and expand and improve existing early intervention services being provided to infants and toddlers with disabilities and their families; and

(4) to encourage States to expand opportunities for children under 3 years of age who would be at risk of having substantial developmental delay if they did not receive early intervention services.

(3) A timely, comprehensive, multidisciplinary evaluation of the functioning of each infant or toddler with a disability in the State, and a family-directed identification of the needs of each family of such an infant or toddler, to assist appropriately in the development of the infant or toddler.
