Amendment by Pub. L. 114-95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114-95, set out as a note under section 6301 of this title.

**§ 6313. Eligible school attendance areas****(a) Determination****(1) In general**

A local educational agency shall use funds received under this part only in eligible school attendance areas.

**(2) Eligible school attendance areas**

For the purposes of this part—

(A) the term “school attendance area” means, in relation to a particular school, the geographical area in which the children who are normally served by that school reside; and

(B) the term “eligible school attendance area” means a school attendance area in which the percentage of children from low-income families is at least as high as the percentage of children from low-income families served by the local educational agency as a whole.

**(3) Ranking order****(A) Ranking**

Except as provided in subparagraph (B), if funds allocated in accordance with subsection (c) are insufficient to serve all eligible school attendance areas, a local educational agency shall—

(i) annually rank, without regard to grade spans, such agency’s eligible school attendance areas in which the concentration of children from low-income families exceeds 75 percent from highest to lowest according to the percentage of children from low-income families; and

(ii) serve such eligible school attendance areas in rank order.

**(B) Exception**

A local educational agency may lower the threshold in subparagraph (A)(i) to 50 percent for high schools served by such agency.

**(4) Remaining funds**

If funds remain after serving all eligible school attendance areas under paragraph (3), a local educational agency shall—

(A) annually rank such agency's remaining eligible school attendance areas from highest to lowest either by grade span or for the entire local educational agency according to the percentage of children from low-income families; and

(B) serve such eligible school attendance areas in rank order either within each grade-span grouping or within the local educational agency as a whole.

**(5) Measures**

**(A) In general**

Except as provided in subparagraph (B), a local educational agency shall use the same measure of poverty, which measure shall be the number of children aged 5 through 17 in poverty counted in the most recent census data approved by the Secretary, the number of children eligible for a free or reduced price lunch under the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq.), the number of children in families receiving assistance under the State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.], or the number of children eligible to receive medical assistance under the Medicaid Program, or a composite of such indicators, with respect to all school attendance areas in the local educational agency—

- (i) to identify eligible school attendance areas;
- (ii) to determine the ranking of each area; and
- (iii) to determine allocations under subsection (c).

**(B) Secondary schools**

For measuring the number of students in low-income families in secondary schools, the local educational agency shall use the same measure of poverty, which shall be—

- (i) the measure described under subparagraph (A); or
- (ii) subject to meeting the conditions of subparagraph (C), an accurate estimate of the number of students in low-income families in a secondary school that is calculated by applying the average percentage of students in low-income families of the elementary school attendance areas as calculated under subparagraph (A) that feed into the secondary school to the number of students enrolled in such school.

**(C) Measure of poverty**

The local educational agency shall have the option to use the measure of poverty described in subparagraph (B)(ii) after—

- (i) conducting outreach to secondary schools within such agency to inform such schools of the option to use such measure; and
- (ii) a majority of such schools have approved the use of such measure.

**(6) Exception**

This subsection shall not apply to a local educational agency with a total enrollment of less than 1,000 children.

**(7) Waiver for desegregation plans**

The Secretary may approve a local educational agency's written request for a waiver

of the requirements of subsections (a) and (c), and permit such agency to treat as eligible, and serve, any school that children attend with a State-ordered, court-ordered school desegregation plan or a plan that continues to be implemented in accordance with a State-ordered or court-ordered desegregation plan, if—

(A) the number of economically disadvantaged children enrolled in the school is at least 25 percent of the school's total enrollment; and

(B) the Secretary determines on the basis of a written request from such agency and in accordance with such criteria as the Secretary establishes, that approval of that request would further the purposes of this part.

**(b) Local educational agency discretion**

**(1) In general**

Notwithstanding subsection (a)(2), a local educational agency may—

(A) designate as eligible any school attendance area or school in which at least 35 percent of the children are from low-income families;

(B) use funds received under this part in a school that is not in an eligible school attendance area, if the percentage of children from low-income families enrolled in the school is equal to or greater than the percentage of such children in a participating school attendance area of such agency;

(C) designate and serve a school attendance area or school that is not eligible under this section, but that was eligible and that was served in the preceding fiscal year, but only for 1 additional fiscal year; and

(D) elect not to serve an eligible school attendance area or eligible school that has a higher percentage of children from low-income families if—

- (i) the school meets the comparability requirements of section 6321(c) of this title;
- (ii) the school is receiving supplemental funds from other State or local sources that are spent according to the requirements of section 6314 or 6315 of this title; and
- (iii) the funds expended from such other sources equal or exceed the amount that would be provided under this part.

**(2) Special rule**

Notwithstanding paragraph (1)(D), the number of children attending private elementary schools and secondary schools who are to receive services, and the assistance such children are to receive under this part, shall be determined without regard to whether the public school attendance area in which such children reside is assisted under subparagraph (A).

**(c) Allocations**

**(1) In general**

A local educational agency shall allocate funds received under this part to eligible school attendance areas or eligible schools, identified under subsections (a) and (b), in rank order, on the basis of the total number of

children from low-income families in each area or school.

**(2) Special rule**

**(A) In general**

Except as provided in subparagraph (B), the per-pupil amount of funds allocated to each school attendance area or school under paragraph (1) shall be at least 125 percent of the per-pupil amount of funds a local educational agency received for that year under the poverty criteria described by the local educational agency in the plan submitted under section 6312 of this title, except that this paragraph shall not apply to a local educational agency that only serves schools in which the percentage of such children is 35 percent or greater.

**(B) Exception**

A local educational agency may reduce the amount of funds allocated under subparagraph (A) for a school attendance area or school by the amount of any supplemental State and local funds expended in that school attendance area or school for programs that meet the requirements of section 6314 or 6315 of this title.

**(3) Reservation of funds**

**(A) In general**

A local educational agency shall reserve such funds as are necessary under this part, determined in accordance with subparagraphs (B) and (C), to provide services comparable to those provided to children in schools funded under this part to serve—

- (i) homeless children and youths, including providing educationally related support services to children in shelters and other locations where children may live;
- (ii) children in local institutions for neglected children; and
- (iii) if appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

**(B) Method of determination**

The share of funds determined under subparagraph (A) shall be determined—

- (i) based on the total allocation received by the local educational agency; and
- (ii) prior to any allowable expenditures or transfers by the local educational agency.

**(C) Homeless children and youths**

Funds reserved under subparagraph (A)(i) may be—

- (i) determined based on a needs assessment of homeless children and youths in the local educational agency, taking into consideration the number and needs of homeless children and youths in the local educational agency, and which needs assessment may be the same needs assessment as conducted under section 11433(b)(1) of title 42; and
- (ii) used to provide homeless children and youths with services not ordinarily provided to other students under this part, including providing—

(I) funding for the liaison designated pursuant to section 11432(g)(1)(J)(ii) of title 42; and

(II) transportation pursuant to section 11432(g)(1)(J)(iii) of such title.

**(4) Financial incentives and rewards reservation**

A local educational agency may reserve such funds as are necessary from those funds received by the local educational agency under subchapter II, and not more than 5 percent of those funds received by the local educational agency under subpart 2 of this part, to provide financial incentives and rewards to teachers who serve in schools eligible under this section and identified for comprehensive support and improvement activities or targeted support and improvement activities under section 6311(d) of this title for the purpose of attracting and retaining qualified and effective teachers.

### § 6314. Schoolwide programs

#### (a) In general

##### (1) Use of funds for schoolwide programs

###### (A) Eligibility

A local educational agency may consolidate and use funds under this part, together with other Federal, State, and local funds, in order to upgrade the entire educational program of a school that serves an eligible school attendance area in which not less than 40 percent of the children are from low-income families, or not less than 40 percent of the children enrolled in the school are from such families.

###### (B) Exception

A school that serves an eligible school attendance area in which less than 40 percent of the children are from low-income families, or a school for which less than 40 percent of the children enrolled in the school are from such families, may operate a schoolwide program under this section if the

school receives a waiver from the State educational agency to do so, after taking into account how a schoolwide program will best serve the needs of the students in the school served under this part in improving academic achievement and other factors.

##### (2) Identification of students not required

###### (A) In general

No school participating in a schoolwide program shall be required to identify—

(i) particular children under this part as eligible to participate in a schoolwide program; or

(ii) individual services as supplementary.

###### (B) Supplemental funds

In accordance with the method of determination described in section 6321(b)(2) of this title, a school participating in a schoolwide program shall use funds available to carry out this section only to supplement the amount of funds that would, in the absence of funds under this part, be made available from non-Federal sources for the school, including funds needed to provide services that are required by law for children with disabilities and English learners.

##### (3) Exemption from statutory and regulatory requirements

###### (A) Exemption

Except as provided in paragraph (2), the Secretary may, through publication of a notice in the Federal Register, exempt schoolwide programs under this section from statutory or regulatory provisions of any other noncompetitive formula grant program administered by the Secretary (other than formula or discretionary grant programs under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), except as provided in section 613(a)(2)(D) of such Act (20 U.S.C. 1413(a)(2)(D))), or any discretionary grant program administered by the Secretary, to support schoolwide programs if the intent and purposes of such other programs are met.

###### (B) Requirements

A school that chooses to use funds from such other programs shall not be relieved of the requirements relating to health, safety, civil rights, student and parental participation and involvement, services to private school children, comparability of services, maintenance of effort, uses of Federal funds to supplement, not supplant non-Federal funds (in accordance with the method of determination described in section 6321(b)(2) of this title), or the distribution of funds to State educational agencies or local educational agencies that apply to the receipt of funds from such programs.

###### (C) Records

A school that chooses to consolidate and use funds from different Federal programs under this section shall not be required to maintain separate fiscal accounting records, by program, that identify the specific activities supported by those particular funds as

long as the school maintains records that demonstrate that the schoolwide program, considered as a whole, addresses the intent and purposes of each of the Federal programs that were consolidated to support the schoolwide program.

**(b) Schoolwide program plan**

An eligible school operating a schoolwide program shall develop a comprehensive plan (or amend a plan for such a program that was in existence on the day before December 10, 2015) that—

(1) is developed during a 1-year period, unless—

(A) the local educational agency determines, in consultation with the school, that less time is needed to develop and implement the schoolwide program; or

(B) the school is operating a schoolwide program on the day before December 10, 2015, in which case such school may continue to operate such program, but shall develop amendments to its existing plan during the first year of assistance after that date to reflect the provisions of this section;

(2) is developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this subchapter), the local educational agency, to the extent feasible, tribes and tribal organizations present in the community, and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school;

(3) remains in effect for the duration of the school's participation under this part, except that the plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging State academic standards;

(4) is available to the local educational agency, parents, and the public, and the information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand; and

(5) if appropriate and applicable, is developed in coordination and integration with other Federal, State, and local services, resources, and programs, such as programs supported under this chapter, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing comprehensive support and improvement activities or targeted support and improvement activities under section 6311(d) of this title;

(6) is based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the

needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the local educational agency; and

(7) includes a description of—

(A) the strategies that the school will be implementing to address school needs, including a description of how such strategies will—

To the extent consistent with the number of eligible children identified under section 6315(c) of this title in the school district served by a local educational agency who are enrolled in private elementary schools and secondary schools, a local educational agency shall—

(A) after timely and meaningful consultation with appropriate private school officials, provide such children, on an equitable basis and individually or in combination, as requested by the officials to best meet the needs of such children, special educational services, instructional services (including evaluations to determine the progress being made in meeting such students' academic needs), counseling, mentoring, one-on-one tutoring, or other benefits under this part (such as dual or concurrent enrollment, educational radio and television, computer equipment and materials, other technology, and mobile educational services and equipment) that address their needs; and

**(2) Secular, neutral, nonideological**

Such educational services or other benefits, including materials and equipment, shall be secular, neutral, and nonideological.

**(3) Equity**

**(A) In general**

Educational services and other benefits for such private school children shall be equitable in comparison to services and other benefits for public school children participating under this part, and shall be provided in a timely manner.

To help ensure such equity for such private school children, teachers, and other educational personnel, the State educational agency involved shall designate an ombudsman to monitor and enforce the requirements of this part.

**(4) Expenditures**

Expenditures for educational services and other benefits to eligible private school children shall be equal to the proportion of funds allocated to participating school attendance areas based on the number of children from low-income families who attend private schools.

The local educational agency may determine the equitable share under subparagraph (A) each year or every 2 years.

**(5) Provision of services**

The local educational agency, or, in a case described in subsection (b)(6)(C), the State educational agency involved, may provide services under this section directly or through contracts with public and private agencies, organizations, and institutions.

**(1) In general**

To ensure timely and meaningful consultation, a local educational agency shall consult with appropriate private school officials during the design and development of such agency's programs under this part. Such agency and private school officials shall both have the goal of reaching agreement on how to provide equitable and effective programs for eligible private school children, the results of which agreement shall be transmitted to the ombudsman designated under subsection (a)(3)(B). Such process shall include consultation on issues such as—

(A) how the children's needs will be identified;

(B) what services will be offered;

(C) how, where, and by whom the services will be provided;

(D) how the services will be academically assessed and how the results of that assessment will be used to improve those services;

(F) the method or sources of data that are used under subsection (c) and section 6313(c)(1) of this title to determine the number of children from low-income families in participating school attendance areas who attend private schools;

such children, including a thorough consideration and analysis of the views of the private school officials on the provision of services through a contract with potential third-party providers;

(I) whether the agency shall provide services directly or through a separate government agency, consortium, entity, or third-party contractor;

Such meetings shall continue throughout implementation and assessment of services provided under this section.

## **(4) Discussion**

Such consultation shall include a discussion of service delivery mechanisms a local educational agency can use to provide equitable services to eligible private school children.

Each local educational agency shall maintain in the agency's records and provide to the

State educational agency involved a written affirmation signed by officials of each participating private school that the meaningful consultation required by this section has occurred. The written affirmation shall provide the option for private school officials to indicate such officials' belief that timely and meaningful consultation has not occurred or that the program design is not equitable with respect to eligible private school children. If such officials do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation that such consultation has, or attempts at such consultation have, taken place to the State educational agency.

## **(6) Compliance**

### **(A) In general**

A private school official shall have the right to file a complaint with the State educational agency asserting that the local educational agency did not engage in consultation that was meaningful and timely, did not give due consideration to the views of the private school official, or did not make a decision that treats the private school students equitably as required by this section.

### **(B) Procedure**

If the private school official wishes to file a complaint, the official shall provide the basis of the noncompliance with this section by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency.

##### (1) Funds reserved

From the amount made available for any fiscal year under subsection (a)(1), the Secretary shall—

(A) first reserve \$1,000,000 for the Republic of Palau, until Palau enters into an agreement for extension of United States educational assistance under the Compact of Free Association, and subject to such terms and conditions as the Secretary may establish, except that Public Law 95-134, permitting the consolidation of grants, shall not apply; and

(B) use the remaining funds to award grants to the outlying areas in accordance with paragraphs (2) through (5).

#### (2) Amount of grants

The Secretary shall allocate the amount available under paragraph (1)(B) to the outlying areas in proportion to their relative numbers of children, aged 5 to 17, inclusive, from families below the poverty level, on the basis of the most recent satisfactory data available from the Department of Commerce.

#### (3) Hold-harmless amounts

For each fiscal year, the amount made available to each outlying area under this subsection shall be—

(A) not less than 95 percent of the amount made available for the preceding fiscal year if the number of children counted under paragraph (2) is not less than 30 percent of the total number of children aged 5 to 17 years, inclusive, in the outlying area;

(B) not less than 90 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is between 15 percent and 30 percent; and

(C) not less than 85 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is below 15 percent.

#### (4) Ratable reductions

If the amount made available under paragraph (1)(B) for any fiscal year is insufficient to pay the full amounts that the outlying areas are eligible to receive under paragraphs (2) and (3) for that fiscal year, the Secretary shall ratably reduce those amounts.

**(b) Adjustments where necessitated by appropriations**

**(1) In general**

If the sums available under this subpart for any fiscal year are insufficient to pay the full amounts that all local educational agencies in States are eligible to receive under sections 6333, 6334, and 6335 of this title for such year, the Secretary shall ratably reduce the allocations to such local educational agencies, subject to subsections (c) and (d) of this section.

**(2) Additional funds**

If additional funds become available for making payments under sections 6333, 6334, and 6335 of this title for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

If sufficient funds are appropriated, the amounts described in paragraph (1) shall be paid to all local educational agencies that received grants under section 6334 of this title for the preceding fiscal year, regardless of whether the local educational agency meets the minimum eligibility criteria for that fiscal year described in section 6334(a)(1)(A) of this title except that a local educational agency that does not meet such minimum eligibility criteria for 4 consecutive years shall no longer be eligible to receive a hold harmless amount referred to in paragraph (1).

**(3) Applicability**

Notwithstanding any other provision of law, the Secretary shall not take into consideration the hold-harmless provisions of this sub-

section for any fiscal year for purposes of calculating State or local allocations for the fiscal year under any program administered by the Secretary other than a program authorized under this part.

**(4) Population data**

For any fiscal year for which the Secretary calculates grants on the basis of population data for counties, the Secretary shall apply the hold-harmless percentages in paragraphs (1) and (2) to counties and, if the Secretary's allocation for a county is not sufficient to meet the hold-harmless requirements of this subsection for every local educational agency within that county, the State educational agency shall reallocate funds proportionately from all other local educational agencies in the State that are receiving funds in excess of the hold-harmless amounts specified in this subsection.

(3) which read as follows: "an amount equal to 100 percent of the amount, if any, by which the amount made available to carry out sections 6333, 6334, and 6335 of this title for the current fiscal year for which the determination is made exceeds the amount available to carry out sections 6333 and 6334 of this title for fiscal year 2001 shall be allocated in accordance with section 6335 of this title."

EFFECTIVE DATE OF 2015 AMENDMENT

Amendment by Pub. L. 114-95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114-95, set out as a note under section 6301 of this title.

**§ 6333. Basic grants to local educational agencies**

**(a) Amount of grants**

**(1) Grants for local educational agencies and Puerto Rico**

Except as provided in paragraph (4) and in section 6338 of this title, the grant that a local educational agency is eligible to receive under this section for a fiscal year is the amount determined by multiplying—

(A) the number of children counted under subsection (c); and

(B) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this subparagraph shall not be less than 32 percent, or more than 48 percent, of the average per-pupil expenditure in the United States.

**(2) Calculation of grants**

**(A) Allocations to local educational agencies**

The Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) for local educational agencies, unless the Secretary and the Secretary of Commerce determine that some or all of those data are unreliable or that their use would be otherwise inappropriate, in which case—

(i) the two Secretaries shall publicly disclose the reasons for their determination in detail; and

(ii) paragraph (3) shall apply.

**(B) Allocations to large and small local educational agencies**

(i) For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section for each local educational agency.

(ii) The amount of a grant under this section for each large local educational agency shall be the amount determined under clause (i).

(iii) For small local educational agencies, the State educational agency may either—

(I) distribute grants under this section in amounts determined by the Secretary under clause (i); or

(II) use an alternative method approved by the Secretary to distribute the portion of the State's total grants under this section that is based on those small agencies.

(iv) An alternative method under clause (iii)(II) shall be based on population data that the State educational agency determines best reflect the current distribution of children in poor families among the State's small local educational agencies that meet the eligibility criteria of subsection (b).

(v) If a small local educational agency is dissatisfied with the determination of its grant by the State educational agency under clause (iii)(II), it may appeal that determination to the Secretary, who shall respond not later than 45 days after receipt of such appeal.

(vi) As used in this subparagraph—

(I) the term "large local educational agency" means a local educational agency serving an area with a total population of 20,000 or more; and

(II) the term “small local educational agency” means a local educational agency serving an area with a total population of less than 20,000.

**(3) Allocations to counties**

**(A) Calculation**

For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) for counties, and State educational agencies shall suballocate county amounts to local educational agencies, in accordance with regulations issued by the Secretary.

**(B) Direct allocations**

In any State in which a large number of local educational agencies overlap county boundaries, or for which the State believes it has data that would better target funds than allocating them by county, the State educational agency may apply to the Secretary for authority to make the allocations under this subpart for a particular fiscal year directly to local educational agencies without regard to counties.

**(C) Allocations to local educational agencies**

If the Secretary approves the State educational agency’s application under subparagraph (B), the State educational agency shall provide the Secretary an assurance that such allocations shall be made—

- (i) using precisely the same factors for determining a grant as are used under this subpart; or
- (ii) using data that the State educational agency submits to the Secretary for approval that more accurately target poverty.

**(D) Appeal**

The State educational agency shall provide the Secretary an assurance that it will establish a procedure through which a local educational agency that is dissatisfied with its determinations under subparagraph (B) may appeal directly to the Secretary for a final determination.

**(4) Puerto Rico**

**(A) In general**

For each fiscal year, the grant that the Commonwealth of Puerto Rico shall be eligible to receive under this section shall be the amount determined by multiplying the number of children counted under subsection (c) for the Commonwealth of Puerto Rico by the product of—

- (i) subject to subparagraph (B), the percentage that the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States; and
- (ii) 32 percent of the average per-pupil expenditure in the United States.

**(B) Minimum percentage**

The percentage in subparagraph (A)(i) shall not be less than—

- (i) for fiscal year 2002, 77.5 percent;

- (ii) for fiscal year 2003, 80.0 percent;
- (iii) for fiscal year 2004, 82.5 percent;
- (iv) for fiscal year 2005, 85.0 percent;
- (v) for fiscal year 2006, 92.5 percent; and
- (vi) for fiscal year 2007 and succeeding fiscal years, 100.0 percent.

**(C) Limitation**

If the application of subparagraph (B) would result in any of the 50 States or the District of Columbia receiving less under this subpart than it received under this subpart for the preceding fiscal year, the percentage in subparagraph (A) shall be the greater of—

- (i) the percentage in subparagraph (A)(i);
- (ii) the percentage specified in subparagraph (B) for the preceding fiscal year; or
- (iii) the percentage used for the preceding fiscal year.

**(b) Minimum number of children to qualify**

A local educational agency is eligible for a basic grant under this section for any fiscal year only if the number of children counted under subsection (c) for that agency is both—

- (1) 10 or more; and
- (2) more than 2 percent of the total school-age population in the agency’s jurisdiction.

**(c) Children to be counted**

**(1) Categories of children**

The number of children to be counted for purposes of this section is the aggregate of—

- (A) the number of children aged 5 to 17, inclusive, in the school district of the local educational agency from families below the poverty level as determined under paragraph (2);

- (B) the number of children (determined under paragraph (4) for either the preceding year as described in that paragraph, or for the second preceding year, as the Secretary finds appropriate) aged 5 to 17, inclusive, in the school district of such agency in institutions for neglected and delinquent children (other than such institutions operated by the United States), but not counted pursuant to subpart 1 of part D for the purposes of a grant to a State agency, or being supported in foster homes with public funds; and

- (C) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (4).

**(2) Determination of number of children**

For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data, described in paragraph (3), available from the Department of Commerce. The District of Columbia and the Commonwealth of Puerto Rico shall be treated as individual local educational agencies. If a local educational agency contains two or more counties in their entirety, then each county will be treated as if such county were a separate local educational agency for purposes of calculating grants under this part. The total

of grants for such counties shall be allocated to such a local educational agency, which local educational agency shall distribute to schools in each county within such agency a share of the local educational agency's total grant that is no less than the county's share of the population counts used to calculate the local educational agency's grant.

**(3) Population updates**

**(A) In general**

In fiscal year 2002 and each subsequent fiscal year, the Secretary shall use updated data on the number of children, aged 5 to 17, inclusive, from families below the poverty level for counties or local educational agencies, published by the Department of Commerce, unless the Secretary and the Secretary of Commerce determine that the use of the updated population data would be inappropriate or unreliable. If appropriate and reliable data are not available annually, the Secretary shall use data which are updated every 2 years.

**(B) Inappropriate or unreliable data**

If the Secretary and the Secretary of Commerce determine that some or all of the data referred to in subparagraph (A) are inappropriate or unreliable, the Secretary and the Secretary of Commerce shall publicly disclose their reasons.

**(C) Criteria of poverty**

In determining the families that are below the poverty level, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census, as the criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

**(4) Other children to be counted**

(A) For the purpose of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families above the poverty level on the basis of the number of such children from families receiving an annual income, in excess of the current criteria of poverty, from payments under a State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.]; and in making such determinations, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census for a family of four in such form as those criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(B) The Secretary shall determine the number of such children and the number of children aged 5 through 17 living in institutions for neglected or delinquent children, or being supported in foster homes with public funds, on the basis of the caseload data for the month of October of the preceding fiscal year (using, in the case of children described in the preceding sentence, the criteria of poverty and the form of such criteria required by such sentence which were determined for the calendar

year preceding such month of October) or, to the extent that such data are not available to the Secretary before January of the calendar year in which the Secretary's determination is made, then on the basis of the most recent reliable data available to the Secretary at the time of such determination.

(C) Except for the data on children living in institutions for neglected or delinquent children, the Secretary of Health and Human Services shall collect and transmit the information required by this subparagraph to the Secretary not later than January 1 of each year.

(D) For the purpose of this section, the Secretary shall consider all children who are in correctional institutions to be living in institutions for delinquent children.

**(5) Estimate**

When requested by the Secretary, the Secretary of Commerce shall make a special updated estimate of the number of children of such ages who are from families below the poverty level (as determined under paragraph (1)(A)) in each school district, and the Secretary is authorized to pay (either in advance or by way of reimbursement) the Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

**(d) State minimum**

Notwithstanding section 6332 of this title, the aggregate amount allotted for all local educational agencies within a State may not be less than the lesser of—

(1) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

(2) the average of—

(A) the amount calculated in paragraph (1), above; and

(B) the number of children in such State counted under subsection (c) in the fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

In States with an equity factor greater than or equal to .20, the weighted child counts referred to in subsection (d) shall be calculated as follows:

**(A) Weights for allocations to counties**

**(i) In general**

For each fiscal year for which the Secretary uses county population data to calculate grants, the weighted child count used to determine a county's allocation under this section is the larger of the two amounts determined under clauses (ii) and (iii).

**(ii) By percentage of children**

The amount referred to in clause (i) is determined by adding—

**(iii) By number of children**

The amount referred to in clause (i) is determined by adding—

(I) the number of children determined under section 6333(c) of this title who constitute not more than 2,311, inclusive, of the county's total population aged 5 to 17, inclusive, multiplied by 1.0;

**(ii) By percentage of children**

The amount referred to in clause (i) is determined by adding—

(I) the number of children determined under section 6333(c) of this title for that local educational agency who constitute not more than 15.58 percent, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

**(e) Maintenance of effort**

**(1) In general**

A State is entitled to receive its full allotment of funds under this section for any fiscal year if the Secretary finds that the State's fiscal effort per student or the aggregate expenditures of the State with respect to the provision of free public education by the State for the preceding fiscal year was not less than 90 percent of the fiscal effort or aggregate expenditures for the second preceding fiscal year, subject to the requirements of paragraph (2).

**(2) Reduction in case of failure to meet**

The Secretary shall reduce the amount of the allotment of funds under this section for any fiscal year in the exact proportion by which a State fails to meet the requirement of paragraph (1) by falling below 90 percent of both the fiscal effort per student and aggregate expenditures (using the measure most favorable to the State), if such State has also failed to meet such requirement (as determined using the measure most favorable to the State) for 1 or more of the 5 immediately preceding fiscal years.

**(B) Special rule**

No such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years.

**(3) Waiver**

The Secretary may waive the requirements of this subsection if the Secretary determines that a waiver would be equitable due to—

(A) exceptional or uncontrollable circumstances, such as a natural disaster or a change in the organizational structure of the State; or

(B) a precipitous decline in the financial resources of the State.

**(f) Adjustments where necessitated by appropriations**

**(1) In general**

**(2) Additional funds**

If additional funds become available for making payments under this section for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

**(3) Hold-harmless amounts**

For each fiscal year, if sufficient funds are available, the amount made available to each local educational agency under this section shall be—

**(3) Waiver authority**

A State may request, and the Secretary shall review such request and may grant, a delay of the withdrawal of authority under subsection (i) for the purpose of providing the State with the time necessary to implement the innovative assessment system statewide, if, at the conclusion of the State's approved demonstration authority period and 2-year extension—

(A) the State has met all of the requirements of this section, except transition to full statewide use of the innovative assessment system; and

(B) the State continues to comply with the other requirements of this section, and demonstrates a high-quality plan for transition to statewide use of the innovative assessment system in a reasonable period of time.

(B) effective supports for local educational agencies and school staff to implement innovative assessment systems;

(C) effective engagement and support of teachers in developing and scoring assessments and the use of high-quality professional development;

(D) effective supports for all students, particularly each of the subgroups of students, as defined in section 6311(c)(2) of this title, participating in the innovative assessment system; and

(E) standardized and calibrated scoring rubrics, and other strategies, to ensure inter-rater reliability and comparability of determinations of mastery or proficiency across local educational agencies and the State.

##### § 6393. State allocations

###### (a) State allocations

Except as provided in subsection (c), each State (other than the Commonwealth of Puerto Rico) is entitled to receive under this part an amount equal to the product of—

(1) the sum of—

(A) the average number of identified eligible migratory children aged 3 through 21 residing in the State, based on data for the preceding 3 years; and

(B) the number of identified eligible migratory children, aged 3 through 21, who received services under this part in summer or intersession programs provided by the State during the previous year; multiplied by

(2) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this paragraph shall

not be less than 32 percent, nor more than 48 percent, of the average per-pupil expenditure in the United States.

**(b) Hold harmless**

Notwithstanding subsection (a), for each of fiscal years 2017 through 2019, no State shall receive less than 90 percent of the State's allocation under this section for the preceding fiscal year.

**(c) Allocation to Puerto Rico**

**(1) In general**

For each fiscal year, the grant that the Commonwealth of Puerto Rico shall be eligible to receive under this part shall be the amount determined by multiplying the number of children who would be counted under subsection (a)(1) if such subsection applied to the Commonwealth of Puerto Rico by the product of—

(A) the percentage that the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States, subject to paragraphs (2) and (3); and

(B) 32 percent of the average per-pupil expenditure in the United States.

**(2) Minimum percentage**

The percentage described in paragraph (1)(A) shall not be less than 85 percent.

**(3) Limitation**

If the application of paragraph (2) for any fiscal year would result in any of the 50 States or the District of Columbia receiving less under this part than it received under this part for the preceding fiscal year, then the percentage described in paragraph (1)(A) that is used for the Commonwealth of Puerto Rico for the fiscal year for which the determination is made shall be the greater of the percentage in paragraph (1)(A) for such fiscal year or the percentage used for the preceding fiscal year.

**(d) Ratable reductions; reallocations**

**(1) In general**

**(A) Ratable reductions**

If, after the Secretary reserves funds under section 6398(c) of this title, the amount appropriated to carry out this part for any fiscal year is insufficient to pay in full the amounts for which all States are eligible, the Secretary shall ratably reduce each such amount.

**(B) Reallocation**

If additional funds become available for making such payments for any fiscal year, the Secretary shall allocate such funds to States in amounts that the Secretary determines will best carry out the purposes of this part.

**(2) Special rule**

**(A) Further reductions**

The Secretary shall further reduce the amount of any grant to a State under this part for any fiscal year if the Secretary determines, based on available information on the numbers and needs of migratory children in the State and the program proposed by

the State to address such needs, that such amount exceeds the amount required under section 6394 of this title.

**(B) Reallocation**

The Secretary shall reallocate such excess funds to other States whose grants under this part would otherwise be insufficient to provide an appropriate level of services to migratory children, in such amounts as the Secretary determines are appropriate.

**(e) Consortium arrangements**

**(1) In general**

In the case of a State that receives a grant of \$1,000,000 or less under this section, the Secretary shall consult with the State educational agency to determine whether consortium arrangements with another State or other appropriate entity would result in delivery of services in a more effective and efficient manner.

**(2) Proposals**

Any State, regardless of the amount of such State's allocation, may submit a consortium arrangement to the Secretary for approval.

**(3) Approval**

The Secretary shall approve a consortium arrangement under paragraph (1) or (2) if the proposal demonstrates that the arrangement will—

(A) reduce administrative costs or program function costs for State programs; and

(B) make more funds available for direct services to add substantially to the academic achievement of children to be served under this part.

**(f) Determining numbers of eligible children**

In order to determine the identified number of migratory children residing in each State for purposes of this section, the Secretary shall—

(1) use the most recent information that most accurately reflects the actual number of migratory children;

(2) develop and implement a procedure for monitoring the accuracy of such information;

(3) develop and implement a procedure for more accurately reflecting cost factors for different types of summer and intersession program designs;

(4) adjust the number of migratory children who reside in each State to take into account—

(A) the unique needs of those children participating in effective special programs provided under this part that operate during the summer and intersession periods; and

(B) the additional costs of operating such programs; and

(5) conduct an analysis of the options for adjusting the formula so as to better direct services to migratory children, including the most at-risk migratory children.

**(g) Nonparticipating States**

In the case of a State desiring to receive an allocation under this part for a fiscal year that did not receive an allocation for the previous fiscal year or that has been participating for less

than 3 consecutive years, the Secretary shall calculate the State's number of identified migratory children aged 3 through 21 for purposes of subsection (a)(1)(A) by using the most recent data available that identifies the migratory children residing in the State until data is available to calculate the 3-year average number of such children in accordance with such subsection.

Except as described in subsection (d)(1)(I), the Secretary is authorized to waive, for local educational agencies entering into agreements under this section, any provision of this chapter that would otherwise prevent such agency from using eligible Federal funds as part of such agreement.

**(d) Required terms of local flexibility demonstration agreement****(1) Application**

Each local educational agency that desires to participate in the program under this section shall submit, at such time and in such form as the Secretary may prescribe, an application to enter into a local flexibility demonstration agreement with the Secretary in order to develop and implement a school funding system based on weighted per-pupil allocations that meets the requirements of this section. The application shall include—

(G) an assurance that the local educational agency developed and will implement the local flexibility demonstration agreement in consultation with teachers, principals, other school leaders (including charter school leaders in a local educational agency that has charter schools), administrators of Federal programs impacted by the agreement, parents, community leaders, and other relevant stakeholders;

(H) an assurance that the local educational agency will use fiscal control and sound accounting procedures that ensure proper disbursement of, and accounting for, eligible Federal funds consolidated and used under such system;

### **(A) In general**

A local educational agency's school funding system based on weighted per-pupil allocations shall—

(ii) use weights or allocation amounts that allocate substantially more funding to English learners, students from low-income families, and students with any other characteristics associated with educational disadvantage chosen by the local educational agency, than to other students;

(iii) ensure that each high-poverty school receives, in the first year of the demonstration agreement—

(I) more per-pupil funding, including from Federal, State, and local sources, for low-income students than such funding received for low-income students in the year prior to entering into a demonstration agreement under this section; and

(II) at least as much per-pupil funding, including from Federal, State, and local sources, for English learners as such funding received for English learners in the year prior to entering into a demonstration agreement under this section;

(v) include all school-level actual personnel expenditures for instructional staff (including staff salary differentials for years of employment) and actual nonpersonnel expenditures in the calculation of the local educational agency's State and local education funds and eligible Federal funds to be allocated under clause (i).

### **(B) Percentage**

In establishing the percentage described in subparagraph (A)(iv) for the system, the local educational agency shall demonstrate that the percentage—

(i) under such subparagraph is sufficient to carry out the purposes of the demonstration agreement under this section and to meet each of the requirements of this subsection; and

(ii) of State and local education funds and eligible Federal funds that are not allocated through the local educational agency's school funding system based on weighted per-pupil allocations, does not undermine or conflict with the requirements of the demonstration agreement under this section.

### **(C) Expenditures**

After allocating funds through the system, the local educational agency shall charge schools for the per-pupil expenditures of State and local education funds and eligible Federal funds, including actual personnel expenditures (including staff salary differentials for years of employment) for instructional staff and actual nonpersonnel expenditures.

### **(e) Continued demonstration**

Each local educational agency with an approved application under subsection (d) shall annually—

(B) less per-pupil funding, including from Federal, State, and local sources, for English learners;

(2) make public and report to the Secretary the per-pupil expenditures (including actual personnel expenditures that include staff salary differentials for years of employment, and actual non-personnel expenditures) of State and local education funds and eligible Federal funds for each school served by the agency, disaggregated by each quartile of students attending the school based on student level of poverty and by each major racial or ethnic group in the school, for the preceding fiscal year;

(3) make public the total number of students enrolled in each school served by the agency and the number of students enrolled in each such school disaggregated by each of the subgroups of students, as defined in section 6311(c)(2) of this title; and

(4) notwithstanding paragraph (1), (2), or (3), ensure that any information to be reported or

made public under this subsection is only reported or made public if such information does not reveal personally identifiable information.

- (2) Subchapter II.
- (3) Subchapter III.
- (4) Part A of subchapter IV.
- (5) Part B of subchapter V.

The Secretary may establish a peer-review process to assist in the review of a proposed local flexibility demonstration agreement.

**(h) Noncompliance**

The Secretary may, after providing notice and an opportunity for a hearing (including the opportunity to provide supporting evidence as provided for in subsection (i)), terminate a local flexibility demonstration agreement under this section if there is evidence that the local educational agency has failed to comply with the terms of the agreement and the requirements under subsections (d) and (e).

**(i) Evidence**

If a local educational agency believes that the Secretary's determination under subsection (h) is in error for statistical or other substantive reasons, the local educational agency may provide supporting evidence to the Secretary, and the Secretary shall consider that evidence before making a final determination.

**(j) Program evaluation**

From the amount reserved for evaluation activities under section 7981 of this title, the Secretary, acting through the Director of the Institute of Education Sciences, shall, in consultation with the relevant program office at the Department, evaluate—

#### PART D—MAGNET SCHOOLS ASSISTANCE

##### CODIFICATION

Pub. L. 114-95, title IV, § 4001(b)(3)(A)–(C), Dec. 10, 2015, 129 Stat. 1967, redesignated part C (§ 7231 et seq.) of subchapter V of this chapter as part D of this subchapter.

### § 7231. Findings and purpose

#### (a) Findings

Congress makes the following findings:

(1) Magnet schools are a significant part of the Nation's effort to achieve voluntary desegregation in our Nation's schools.

(2) The use of magnet schools has increased dramatically since the inception of the magnet schools assistance program under this

chapter, with approximately 2,500,000 students nationwide attending such schools, of whom more than 69 percent are non-white.

(3) Magnet schools offer a wide range of distinctive programs that have served as models for school improvement efforts.

(4) It is in the best interests of the United States—

(A) to continue the Federal Government's support of local educational agencies that are implementing court-ordered desegregation plans and local educational agencies that are voluntarily seeking to foster meaningful interaction among students of different racial and ethnic backgrounds, beginning at the earliest stage of such students' education;

(B) to ensure that all students have equitable access to a high quality education that will prepare all students to function well in a technologically oriented and a highly competitive economy comprised of people from many different racial and ethnic backgrounds; and

(C) to continue to desegregate and diversify schools by supporting magnet schools, recognizing that segregation exists between minority and nonminority students as well as among students of different minority groups.

(5) Desegregation efforts through magnet school programs are a significant part of our Nation's effort to achieve voluntary desegregation in schools and help to ensure equal educational opportunities for all students.

#### (b) Purpose

The purpose of this part is to assist in the desegregation of schools served by local educational agencies by providing financial assistance to eligible local educational agencies for—

(1) the elimination, reduction, or prevention of minority group isolation in elementary schools and secondary schools with substantial proportions of minority students, which shall include assisting in the efforts of the United States to achieve voluntary desegregation in public schools;

(2) the development, implementation, and expansion of magnet school programs that will assist local educational agencies in achieving systemic reforms and providing all students the opportunity to meet challenging State academic standards;

(3) the development, design, and expansion of innovative educational methods and practices that promote diversity and increase choices in public elementary schools and public secondary schools and public educational programs;

(4) courses of instruction within magnet schools that will substantially strengthen the knowledge of academic subjects and the attainment of tangible and marketable career, technological, and professional skills of students attending such schools;

(5) improving the capacity of local educational agencies, including through professional development, to continue operating magnet schools at a high performance level after Federal funding for the magnet schools is terminated; and

(6) ensuring that all students enrolled in the magnet school programs have equitable access to high quality education that will enable the students to succeed academically and continue with postsecondary education or employment.

For a local educational agency that is eligible under section 7345(b)(1)(C) of this title and is a member of an educational service agency, the Secretary may determine the award amount by subtracting from the initial amount determined under paragraph (2), an amount that is equal to that local educational agency's per-pupil share of the total amount received by the educational service agency under the provisions described in section 7345(c) of this title, as long as a determination under this subparagraph would not disproportionately affect any State.

**(2) Determination of initial amount****(A) In general**

The initial amount referred to in paragraph (1) is equal to \$100 multiplied by the total number of students in excess of 50 students, in average daily attendance at the schools served by the local educational agency, plus \$20,000, except that the initial amount may not exceed \$60,000.

**(B) Special rule**

For any fiscal year for which the amount made available to carry out this part is \$265,000,000 or more, subparagraph (A) shall be applied—

- (i) by substituting "\$25,000" for "\$20,000"; and
- (ii) by substituting "\$80,000" for "\$60,000".

**(3) Ratable adjustment****(A) In general**

If the amount made available to carry out this section for any fiscal year is not sufficient to pay in full the amounts that local educational agencies are eligible to receive under paragraph (1) for such year, the Secretary shall ratably reduce such amounts for such year.

**(B) Additional amounts**

If additional funds become available for making payments under paragraph (1) for such fiscal year, payments that were reduced under subparagraph (A) shall be increased on the same basis as such payments were reduced.

**(4) Hold harmless**

For a local educational agency that is not eligible under this subpart due to amendments made by the Every Student Succeeds Act to section 7345(b)(1)(A)(ii) of this title but met the eligibility requirements under section 7345(b) of this title as such section was in effect on the day before December 10, 2015, the agency shall receive—

- (A) for fiscal year 2017, 75 percent of the amount such agency received for fiscal year 2015;

**(a) Grants to States**

**(1) In general**

From amounts appropriated under section 7355c of this title for this subpart for a fiscal year that are not reserved under subsection (c), the Secretary shall award grants (from allotments made under paragraph (2)) for the fiscal year to State educational agencies that have applications submitted under section 7351b of this title approved to enable the State educational agencies to award grants to eligible local educational agencies for local authorized activities described in section 7351a(a) of this title.

**(2) Allotment**

From amounts described in paragraph (1) for a fiscal year, the Secretary shall allot to each State educational agency for that fiscal year an amount that bears the same ratio to those amounts as the number of students in average daily attendance served by eligible local educational agencies in the State for that fiscal year bears to the number of all such students served by eligible local educational agencies in all States for that fiscal year.

**(3) Specially qualified agencies**

**(A) Eligibility and application**

If a State educational agency elects not to participate in the program under this subpart or does not have an application submitted under section 7351b of this title approved, a specially qualified agency in such State desiring a grant under this subpart may submit an application under such section directly to the Secretary to receive an award under this subpart.

**(B) Direct awards**

The Secretary may award, on a competitive basis or by formula, the amount the State educational agency is eligible to receive under paragraph (2) directly to a specially qualified agency in the State that has submitted an application in accordance with subparagraph (A) and obtained approval of the application.

**(C) Specially qualified agency defined**

In this subpart, the term “specially qualified agency” means an eligible local educational agency served by a State educational agency that does not participate in a program under this subpart in a fiscal year, that may apply directly to the Secretary for a grant in such year under this subsection.

**(b) Local awards**

(B) the agency meets the criteria established in clause (i) of subparagraph (A) and the Secretary, in accordance with paragraph (2), grants the local educational agency’s request to waive the criteria described in clause (ii) of such subparagraph.

**(2) Certification**

The Secretary shall determine whether to waive the criteria described in paragraph (1)(A)(ii) based on a demonstration by the local educational agency, and concurrence by the State educational agency, that the local educational agency is located in an area defined as rural by a governmental agency of the State.

**(3) Award basis**

A State educational agency shall award grants to eligible local educational agencies—

(A) on a competitive basis;

(B) according to a formula based on the number of students in average daily attendance served by the eligible local educational agencies or schools in the State; or

(C) according to an alternative formula, if, prior to awarding the grants, the State educational agency demonstrates, to the satisfaction of the Secretary, that the alternative formula enables the State educational agency to allot the grant funds in a manner that serves equal or greater concentrations of children from families with incomes below the poverty line, relative to the concentrations that would be served if the State educational agency used the formula described in subparagraph (B).

**(c) Reservations**

From amounts appropriated under section 7355c of this title for this subpart for a fiscal year, the Secretary shall reserve—

(1) one-half of 1 percent to make awards to elementary schools or secondary schools operated or supported by the Bureau of Indian Education, to carry out the activities authorized under this subpart; and

Ex. Ord. No. 13336, Apr. 30, 2004, 69 F.R. 25295, which established the Interagency Working Group on American Indian and Alaska Native Education and required a study, report, and conference relating to American Indian and Alaska Native students' achievement under the No Child Left Behind Act of 2001, was revoked by Ex. Ord. No. 13592, §5(c), Dec. 2, 2011, 76 F.R. 76607, set out below.

## EX. ORD. NO. 13592. IMPROVING AMERICAN INDIAN AND ALASKA NATIVE EDUCATIONAL OPPORTUNITIES AND STRENGTHENING TRIBAL COLLEGES AND UNIVERSITIES

Ex. Ord. No. 13592, Dec. 2, 2011, 76 F.R. 76603, provided: By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby order as follows:

**SECTION 1. Policy.** The United States has a unique political and legal relationship with the federally recognized American Indian and Alaska Native (AI/AN) tribes across the country, as set forth in the Constitution of the United States, treaties, Executive Orders, and court decisions. For centuries, the Federal Government's relationship with these tribes has been guided by a trust responsibility—a long-standing commitment on the part of our Government to protect the unique rights and ensure the well-being of our Nation's tribes, while respecting their tribal sovereignty. In recognition of that special commitment—and in fulfillment of the solemn obligations it entails—Federal agencies must help improve educational opportunities provided to all AI/AN students, including students attending public schools in cities and in rural areas, students attending schools operated and funded by the Department of the Interior's Bureau of Indian Education (BIE), and students attending postsecondary institutions, including Tribal Colleges and Universities (TCUs). This is an urgent need. Recent studies show that AI/AN students are dropping out of school at an alarming rate, that our Nation has made little or no progress in closing the achievement gap between AI/AN students and their non-AI/AN student counterparts, and that many Native languages are on the verge of extinction.

It is the policy of my Administration to support activities that will strengthen the Nation by expanding educational opportunities and improving educational outcomes for all AI/AN students in order to fulfill our commitment to furthering tribal self-determination and to help ensure that AI/AN students have an opportunity to learn their Native languages and histories and receive complete and competitive educations that prepare them for college, careers, and productive and satisfying lives.

My Administration is also committed to improving educational opportunities for students attending TCUs. TCUs maintain, preserve, and restore Native languages and cultural traditions; offer a high-quality college education; provide career and technical education, job training, and other career-building programs; and often serve as anchors in some of the country's poorest and most remote areas.

**SEC. 2. Definitions.** (a) “Agency” means any executive department or agency designated by the Secretary of Education and the Secretary of the Interior to participate in this order.

(b) “Indian tribe” means an Indian or Alaska Native tribe, band, nation, pueblo, village, or community that the Secretary of the Interior acknowledges to exist as an Indian tribe pursuant to the Federally Recognized Indian Tribe List Act of 1994, 25 U.S.C. 479a [et seq., now 25 U.S.C. 5130 et seq.].

(c) “American Indian and Alaska Native” means a member of an Indian tribe, as membership is defined by the tribe.

(d) “Public school” means a Head Start center or a pre-kindergarten, elementary, or secondary school that is predominantly funded by public means through the Federal Government, a State, a local educational agency, or an Indian tribal government, including a school

operated directly by or through contract or grant with the BIE, an Indian tribe, or a State, county, or local government.

(e) “Tribal Colleges and Universities” are those institutions that are chartered by their respective Indian tribes through the sovereign authority of the tribes or by the Federal Government, and defined in section 316 of the Higher Education Act of 1965 (20 U.S.C. 1059c).

SEC. 3. *White House Initiative on American Indian and Alaska Native Education.*

(a) *Establishment.* There is hereby established the White House Initiative on American Indian and Alaska Native Education (Initiative). The Secretary of Education and the Secretary of the Interior will co-chair the Initiative. The Secretary of Education shall appoint an Executive Director who shall be responsible for overseeing implementation of the Initiative. This individual shall be a senior-level, Department of Education official who shall serve as the Secretary of Education’s senior policy advisor on Federal policies affecting AI/AN education.

The Executive Director shall work closely with the BIE Director and shall provide periodic reports to the Secretaries of Education and the Interior regarding progress achieved under the Initiative. (b) *Mission and Functions.* (1) The Initiative shall help expand educational opportunities and improve educational outcomes for all AI/AN students, including opportunities to learn their Native languages, cultures, and histories and receive complete and competitive educations that prepare them for college, careers, and productive and satisfying lives, by:

(i) working closely with the Executive Office of the President to help ensure AI/AN participation in the development and implementation of key Administration priorities;

(ii) strengthening the relationship between the Department of Education, which has substantial expertise and resources to help improve Indian education, and the Department of the Interior and its BIE, which directly operates or provides grants to tribes to operate an extensive primary, secondary, and college level school system for AI/AN children and young adults;

(iii) coordinating, in consultation with the Department of Education’s Director of Indian Education, programs administered by the Department of Education and other executive branch agencies regarding AI/AN education;

(iv) serving as a liaison with other executive branch agencies on AI/AN issues and advising those agencies on how they might help to promote AI/AN educational opportunities;

(v) reporting on the development, implementation, and coordination of education policy and programs that affect AI/AN students;

(vi) furthering tribal sovereignty by supporting efforts, consistent with applicable law, to build the capacity of tribal educational agencies and TCUs to provide high-quality education services to AI/AN children;

(vii) developing in partnership with tribal educational agencies a more routine and streamlined process for entering into agreements for educational studies conducted on tribal lands;

(viii) developing sufficient data resources to inform progress on Federal performance indicators, in close collaboration with the Department of Education’s National Center for Educational Statistics;

(ix) encouraging and coordinating Federal partnerships with public, private, philanthropic, and nonprofit entities to help increase the readiness of AI/AN students for school, college, and careers, and to help increase the number and percentage of AI/AN students completing college; and

(x) developing a national network of individuals, organizations, and communities to share best practices in

AI/AN education and encouraging them to implement these practices.

(2) In order to help expand educational opportunities and improve education outcomes for AI/AN students, the Initiative shall promote, encourage, and undertake efforts, consistent with applicable law, to meet the following objectives:

(i) increasing the number and percentage of AI/AN children who enter kindergarten ready for success through improved access to high-quality early learning programs and services, including Native language immersion programs, that encourage the learning and development of AI/AN children from birth through age five;

(ii) supporting the expanded implementation of education reform strategies that have shown evidence of success in enabling AI/AN students to acquire a rigorous and well-rounded education and increasing their access to the support services that prepare them for college, careers, and civic involvement;

(iii) increasing the number and percentage of AI/AN students who have access to excellent teachers and school leaders, including effective science, technology, engineering, and mathematics (STEM), language, and special education teachers, in part by supporting efforts to improve the recruitment, development, and retention of effective AI/AN teachers and other effective teachers and school leaders, particularly through TCUs;

(iv) reducing the AI/AN student dropout rate and helping a greater number and percentage of those students who stay in high school to be ready for college and careers by the time of their graduation and college completion, in part by promoting a positive school climate and supporting successful and innovative drop-out-prevention and recovery strategies that better engage AI/AN youths in their learning and help them catch up academically;

(v) providing pathways that enable those who have dropped out to reenter educational or training programs and acquire degrees, certificates, or industry-recognized credentials and obtain quality jobs, and expanding access to high-quality education programs leading to career advancement, especially in the STEM fields, by supporting adult, career, and technical education;

(vi) increasing college access and completion for AI/AN students through strategies to strengthen the capacity of postsecondary institutions, particularly TCUs; and

(vii) helping to ensure that the unique cultural, educational, and language needs of AI/AN students are met.

(3) To facilitate a new partnership between the Department of Education and the Department of the Interior, to improve AI/AN education, the Executive Director shall work with the BIE Director and develop a Memorandum of Understanding (MOU) between the two Departments that will take advantage of both Departments’ expertise, resources, and facilities. The MOU shall be completed within 120 days of the date of this order. Among other things, the MOU shall address how the Departments will collaborate in carrying out the policy set out in section 1 of this order.

(c) *Funding and Administrative Support.* Subject to the availability of appropriations, the Department of Education shall fund the Initiative, including NACIE. The Department shall also provide administrative support for the Initiative to the extent permitted by law and within existing appropriations.

as the Secretaries of Education and the Interior may designate. Senior officials shall be designated by the heads of their respective agencies and offices. The Secretaries of Education and the Interior shall serve as the co-chairs of the Interagency Working Group.

(e) *Federal Agency Plans.* (1) Each agency designated by the co-chairs as a member of the Interagency Working Group shall develop and implement a two-part, 4-year plan of the agency's efforts to fulfill the purposes of this order, with part one of the plan focusing on all AI/AN students except for those attending TCUs, and part two focusing on AI/AN students attending TCUs. Each agency plan shall include:

(i) annual performance indicators and appropriate measurable objectives with which the agency will measure its success in meeting the goals of this order;

(ii) information on how the agency intends to increase the capacity of educational agencies and institutions, including our Nation's public schools and TCUs, to deliver high-quality education and related social services to all AI/AN students; and

(iii) agency efforts to enhance the ability of these educational agencies and institutions serving AI/AN students to compete effectively for grants, contracts, cooperative agreements, and other Federal resources with which to serve the education needs of AI/AN students, and to encourage eligible schools and colleges serving those students to apply for Federal grants and participate in Federal education programs, as appropriate. Agency plans may also emphasize access to high-quality educational opportunities for AI/AN students, consistent with requirements of the ESEA, the Individuals with Disabilities Education Act, and other applicable Federal education statutes; the preservation and revitalization of tribal languages and cultural traditions; and innovative approaches to more seamlessly align early learning, elementary, and secondary education programs with the work of TCUs.

(2) *Submission.* Each agency shall submit its plan to the Initiative by a deadline established by the co-chairs. In consultation with NACIE, the Initiative shall then review agency plans and develop, for submission to the President, a synthesized interagency plan to achieve the aims of this order.

(3) *Annual Performance Reports.* Each agency shall submit to the Initiative an Annual Performance Report that measures the agency's performance against the objectives set forth in its plan. In consultation with NACIE, the Initiative shall review and combine Annual Performance Reports from the various agencies into one annual report, which shall be submitted to the Secretaries of Education and the Interior for review.

(f) *Private Sector.* In consultation with NACIE, and consistent with applicable law, the Interagency Working Group, led by the Executive Director, shall encourage the private sector to assist State- and locally-operated public schools that serve large numbers of AI/AN students, including those attending our Nation's public schools, publicly-funded preschools, and TCUs, through increased use of such strategies as:

(1) Providing funds to support the preservation and revitalization of Native languages and cultures;

(2) Providing funds to support increased institutional endowments;

(3) Helping these schools develop expertise in financial and facilities management, information systems, and curricula; and

SEC. 4. *Study.* In carrying out this order, the Secretaries of Education and the Interior shall study and collect information on the education of AI/AN students.

SEC. 5. *General Provisions.* (a) NACIE shall serve as the Initiative's advisory committee.

(b) Insofar as the Federal Advisory Committee Act, as amended (5 U.S.C. App.), may apply to the Initiative, any functions of the President under that Act, except for those of reporting to the Congress, shall be performed by the Secretary of Education, in consultation with the Secretary of the Interior, in accordance with

the guidelines issued by the Administrator of General Services.

### § 7426. Integration of services authorized

#### (a) Plan

An entity receiving funds under this subpart may submit a plan to the Secretary for the integration of education and related services provided to Indian students.

#### (b) Consolidation of programs

Upon the receipt of an acceptable plan under subsection (a), the Secretary, in cooperation with each Federal agency providing grants for the provision of education and related services to the entity, shall authorize the entity to consolidate, in accordance with such plan, the federally funded education and related services programs of the entity and the Federal programs, or portions of the programs, serving Indian students in a manner that integrates the program services involved into a single, coordinated, comprehensive program and reduces administrative costs by consolidating administrative functions.

#### (c) Programs affected

The funds that may be consolidated in a demonstration project under any such plan referred to in subsection (a) shall include funds for any Federal program exclusively serving Indian children, or the funds reserved under any Federal program to exclusively serve Indian children, under which the entity is eligible for receipt of funds under a statutory or administrative formula for the purposes of providing education and related services that would be used to serve Indian students.

#### (d) Plan requirements

For a plan to be acceptable pursuant to subsection (b), the plan shall—

(1) identify the programs or funding sources to be consolidated;

(2) be consistent with the objectives of this section concerning authorizing the services to be integrated in a demonstration project;

(3) describe a comprehensive strategy that identifies the full range of potential educational opportunities and related services to be provided to assist Indian students to achieve the objectives set forth in this subpart;

(4) describe the way in which services are to be integrated and delivered and the results expected from the plan;

(5) identify the projected expenditures under the plan in a single budget;

(9) be approved by a committee formed in accordance with section 7424(c)(4) of this title, if such a committee exists.

#### (e) Plan review

Upon receipt of the plan from an eligible entity, the Secretary shall consult with the Secretary of each Federal department providing funds to be used to implement the plan, and with the entity submitting the plan. The parties so consulting shall identify any waivers of statutory requirements or of Federal departmental regulations, policies, or procedures necessary to enable the entity to implement the plan. Notwithstanding any other provision of law, the Secretary of the affected department shall have the authority to waive any regulation, policy, or procedure promulgated by that department that has been so identified by the entity or department, unless the Secretary of the affected department determines that such a waiver is inconsistent with the objectives of this subpart or those provisions of the statute from which the program involved derives authority that are specifically applicable to Indian students.

#### (f) Plan approval

Within 90 days after the receipt of an entity's plan by the Secretary, the Secretary shall inform the entity, in writing, of the Secretary's approval or disapproval of the plan. If the plan is disapproved, the entity shall be informed, in writing, of the reasons for the disapproval and shall be given an opportunity to amend the plan or to petition the Secretary to reconsider such disapproval.

#### (g) Responsibilities of Department of Education

Not later than 180 days after December 10, 2015, the Secretary of Education, the Secretary of the Interior, the Secretary of Health and Human Services, and the head of any other Federal department or agency identified by the Secretary of Education, shall enter into an interdepartmental memorandum of agreement pro-

**(h) Responsibilities of lead agency**

The responsibilities of the lead agency shall include—

(1) the use of a single report format related to the plan for the individual project, which shall be used by an eligible entity to report on the activities undertaken under the project;

(3) the development of a single system of Federal oversight for the project, which shall be implemented by the lead agency; and

(4) the provision of technical assistance to an eligible entity appropriate to the project, except that an eligible entity shall have the authority to accept or reject the plan for providing such technical assistance and the technical assistance provider.

**(i) Report requirements**

A single report format shall be developed by the Secretary, consistent with the requirements of this section. Such report format shall require that reports described in subsection (h), together with records maintained on the consolidated program at the local level, shall contain such information as will allow a determination that the eligible entity has complied with the requirements incorporated in its approved plan, including making a demonstration of student academic achievement, and will provide assurances to each Secretary that the eligible entity has complied with all directly applicable statutory requirements and with those directly applicable regulatory requirements that have not been waived.

**(j) No reduction in amounts**

In no case shall the amount of Federal funds available to an eligible entity involved in any demonstration project be reduced as a result of the enactment of this section.

The Secretary is authorized to take such action as may be necessary to provide for an interagency transfer of funds otherwise available to an eligible entity in order to further the objectives of this section.

**(l) Administration of funds**

**(1) In general**

Program funds for the consolidated programs shall be administered in such a manner as to allow for a determination that funds from a specific program are spent on allowable activities authorized under such program, ex-

cept that the eligible entity shall determine the proportion of the funds granted that shall be allocated to such program.

**(2) Separate records not required**

Nothing in this section shall be construed as requiring the eligible entity to maintain separate records tracing any services or activities conducted under the approved plan to the individual programs under which funds were authorized for the services or activities, nor shall the eligible entity be required to allocate expenditures among such individual programs.

**(m) Overage**

The eligible entity may commingle all administrative funds from the consolidated programs and shall be entitled to the full amount of such funds (under each program's or agency's regulations). The overage (defined as the difference between the amount of the commingled funds and the actual administrative cost of the programs) shall be considered to be properly spent for Federal audit purposes, if the overage is used for the purposes provided for under this section.

**(n) Fiscal accountability**

Nothing in this part shall be construed so as to interfere with the ability of the Secretary or the lead agency to fulfill the responsibilities for the safeguarding of Federal funds pursuant to chapter 75 of title 31.

**(1) Preliminary report**

#### § 7512. Findings

Congress finds the following:

(1) Native Hawaiians are a distinct and unique indigenous people with a historical continuity to the original inhabitants of the Hawaiian archipelago, whose society was organized as a nation and internationally recognized as a nation by the United States, Britain, France, and Japan, as evidenced by treaties governing friendship, commerce, and navigation.

(2) At the time of the arrival of the first non-indigenous people in Hawaii in 1778, the Native Hawaiian people lived in a highly organized, self-sufficient subsistence social system based on a communal land tenure system with a sophisticated language, culture, and religion.

(3) A unified monarchical government of the Hawaiian Islands was established in 1810 under Kamehameha I, the first King of Hawaii.

(4) From 1826 until 1893, the United States recognized the sovereignty and independence of the Kingdom of Hawaii, which was established in 1810 under Kamehameha I, extended full and complete diplomatic recognition to the Kingdom of Hawaii, and entered into treaties and conventions with the Kingdom of Hawaii to govern friendship, commerce and navigation in 1826, 1842, 1849, 1875, and 1887.

(5) In 1893, the sovereign, independent, internationally recognized, and indigenous government of Hawaii, the Kingdom of Hawaii, was overthrown by a small group of non-Hawaiians, including United States citizens, who were assisted in their efforts by the United States Minister, a United States naval representative, and armed naval forces of the United States. Because of the participation of United States agents and citizens in the overthrow of the Kingdom of Hawaii, in 1993 the United States apologized to Native Hawaiians for the overthrow and the deprivation of the rights of Native Hawaiians to self-determination through Public Law 103-150 (107 Stat. 1510).

(6) In 1898, the joint resolution entitled “Joint Resolution to provide for annexing the Hawaiian Islands to the United States”, approved July 7, 1898 (30 Stat. 750), ceded absolute title of all lands held by the Republic of Hawaii, including the government and crown lands of the former Kingdom of Hawaii, to the United States, but mandated that revenue generated from the lands be used “solely for

the benefit of the inhabitants of the Hawaiian Islands for educational and other public purposes”.

(7) By 1919, the Native Hawaiian population had declined from an estimated 1,000,000 in 1778 to an alarming 22,600, and in recognition of this severe decline, Congress enacted the Hawaiian Homes Commission Act, 1920 (42 Stat. 108), which designated approximately 200,000 acres of ceded public lands for homesteading by Native Hawaiians.

(8) Through the enactment of the Hawaiian Homes Commission Act, 1920, Congress affirmed the special relationship between the United States and the Native Hawaiians, which was described by then Secretary of the Interior Franklin K. Lane, who said: “One thing that impressed me . . . was the fact that the natives of the island who are our wards, I should say, and for whom in a sense we are trustees, are falling off rapidly in numbers and many of them are in poverty.”.

(9) In 1938, Congress again acknowledged the unique status of the Hawaiian people by including in the Act of June 20, 1938 (52 Stat. 781, chapter 530; 16 U.S.C. 391b, 391b-1, 392b, 392c, 396, 396a), a provision to lease lands within the National Parks extension to Native Hawaiians and to permit fishing in the area “only by native Hawaiian residents of said area or of adjacent villages and by visitors under their guidance.”.

(10) Under the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, approved March 18, 1959 (73 Stat. 4), the United States transferred responsibility for the administration of the Hawaiian Home Lands to the State of Hawaii but reaffirmed the trust relationship between the United States and the Hawaiian people by retaining the exclusive power to enforce the trust, including the power to approve land exchanges and amendments to such Act affecting the rights of beneficiaries under such Act.

(11) In 1959, under the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, the United States also ceded to the State of Hawaii title to the public lands formerly held by the United States, but mandated that such lands be held by the State “in public trust” and reaffirmed the special relationship that existed between the United States and the Hawaiian people by retaining the legal responsibility to enforce the public trust responsibility of the State of Hawaii for the betterment of the conditions of Native Hawaiians, as defined in section 201(a) of the Hawaiian Homes Commission Act, 1920.

(12) The United States has recognized and reaffirmed that—

(A) Native Hawaiians have a cultural, historic, and land-based link to the indigenous people who exercised sovereignty over the Hawaiian Islands, and that group has never relinquished its claims to sovereignty or its sovereign lands;

(B) Congress does not extend services to Native Hawaiians because of their race, but because of their unique status as the indigenous people of a once sovereign nation as to whom the United States has established a trust relationship;

(C) Congress has also delegated broad authority to administer a portion of the Federal trust responsibility to the State of Hawaii;

(D) the political status of Native Hawaiians is comparable to that of American Indians and Alaska Natives; and

(E) the aboriginal, indigenous people of the United States have—

(i) a continuing right to autonomy in their internal affairs; and

(ii) an ongoing right of self-determination and self-governance that has never been extinguished.

(13) The political relationship between the United States and the Native Hawaiian people has been recognized and reaffirmed by the United States, as evidenced by the inclusion of Native Hawaiians in—

(A) the Native American Programs Act of 1974 (42 U.S.C. 2991 et seq.);

(B) the American Indian Religious Freedom Act (42 U.S.C. 1996[1996a]);

(C) the National Museum of the American Indian Act (20 U.S.C. 80q et seq.);

(D) the Native American Graves Protection and Repatriation Act (25 U.S.C. 3001 et seq.);

(E) division A of subtitle III of title 54;

(F) the Native American Languages Act (25 U.S.C. 2901 et seq.);

(G) the American Indian, Alaska Native, and Native Hawaiian Culture and Art Development Act (20 U.S.C. 4401 et seq.);

(H) the Workforce Innovation and Opportunity Act; and

(I) the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.).

#### AMENDMENTS

2015—Pars. (14) to (21). Pub. L. 114-95, §6003(a), struck out pars. (14) to (21) which read as follows:

“(14) In 1981, Congress instructed the Office of Education to submit to Congress a comprehensive report on Native Hawaiian education. The report, entitled the ‘Native Hawaiian Educational Assessment Project’, was released in 1983 and documented that Native Hawaiians scored below parity with regard to national norms on standardized achievement tests, were disproportionately represented in many negative social and physical statistics indicative of special educational needs, and had educational needs that were related to their unique cultural situation, such as different learning styles and low self-image.

“(15) In recognition of the educational needs of Native Hawaiians, in 1988, Congress enacted title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988 (102 Stat. 130) to authorize and develop supplemental educational programs to address the unique conditions of Native Hawaiians.

“(16) In 1993, the Kamehameha Schools Bishop Estate released a 10-year update of findings of the Native Hawaiian Educational Assessment Project, which found that despite the successes of the programs established under title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988, many of the same educational needs still existed for Native Hawaiians. Subsequent reports by the Kamehameha Schools Bishop Estate and other organizations have generally confirmed those findings. For example—

“(A) educational risk factors continue to start even before birth for many Native Hawaiian children, including—

“(i) late or no prenatal care;

“(ii) high rates of births by Native Hawaiian women who are unmarried; and

“(iii) high rates of births to teenage parents;

“(B) Native Hawaiian students continue to begin their school experience lagging behind other students in terms of readiness factors such as vocabulary test scores;

“(C) Native Hawaiian students continue to score below national norms on standardized education achievement tests at all grade levels;

“(D) both public and private schools continue to show a pattern of lower percentages of Native Hawaiian students in the uppermost achievement levels and in gifted and talented programs;

“(E) Native Hawaiian students continue to be over-represented among students qualifying for special education programs provided to students with learning disabilities, mild intellectual disabilities, emotional impairment, and other such disabilities;

“(F) Native Hawaiians continue to be underrepresented in institutions of higher education and among adults who have completed four or more years of college;

“(G) Native Hawaiians continue to be disproportionately represented in many negative social and physical statistics indicative of special educational needs, as demonstrated by the fact that—

“(i) Native Hawaiian students are more likely to be retained in grade level and to be excessively absent in secondary school;

“(ii) Native Hawaiian students have the highest rates of drug and alcohol use in the State of Hawaii; and

“(iii) Native Hawaiian children continue to be disproportionately victimized by child abuse and neglect; and

“(H) Native Hawaiians now comprise over 23 percent of the students served by the State of Hawaii Department of Education, and there are and will continue to be geographically rural, isolated areas with a high Native Hawaiian population density.

“(17) In the 1998 National Assessment of Educational Progress, Hawaiian fourth-graders ranked 39th among groups of students from 39 States in reading. Given that Hawaiian students rank among the lowest groups of students nationally in reading, and that Native Ha-

waiian students rank the lowest among Hawaiian students in reading, it is imperative that greater focus be placed on beginning reading and early education and literacy in Hawaii.

“(18) The findings described in paragraphs (16) and (17) are inconsistent with the high rates of literacy and integration of traditional culture and Western education historically achieved by Native Hawaiians through a Hawaiian language-based public school system established in 1840 by Kamehameha III.

“(19) Following the overthrow of the Kingdom of Hawaii in 1893, Hawaiian medium schools were banned. After annexation, throughout the territorial and statehood period of Hawaii, and until 1986, use of the Hawaiian language as an instructional medium in education in public schools was declared unlawful. The declaration caused incalculable harm to a culture that placed a very high value on the power of language, as exemplified in the traditional saying: ‘I ka ‘ōlelo nō ke ola; I ka ‘ōlelo nō ka make. In the language rests life; In the language rests death.’.

“(20) Despite the consequences of over 100 years of nonindigenous influence, the Native Hawaiian people are determined to preserve, develop, and transmit to future generations their ancestral territory and their cultural identity in accordance with their own spiritual and traditional beliefs, customs, practices, language, and social institutions.

“(21) The State of Hawaii, in the constitution and statutes of the State of Hawaii—

“(A) reaffirms and protects the unique right of the Native Hawaiian people to practice and perpetuate their culture and religious customs, beliefs, practices, and language;

“(B) recognizes the traditional language of the Native Hawaiian people as an official language of the State of Hawaii, which may be used as the language of instruction for all subjects and grades in the public school system; and

“(C) promotes the study of the Hawaiian culture, language, and history by providing a Hawaiian education program and using community expertise as a suitable and essential means to further the program.”

2014—Par. (13)(E). Pub. L. 113-287 substituted “division A of subtitle III of title 54” for “the National Historic Preservation Act (16 U.S.C. 470 et seq.)”.

Par. (13)(H). Pub. L. 113-128 substituted “the Workforce Innovation and Opportunity Act” for “the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.)”.

2010—Par. (16)(E). Pub. L. 111-256 substituted “mild intellectual disabilities,” for “mild mental retardation,”.

#### § 7542. Findings

Congress finds and declares the following:

(1) It is the policy of the Federal Government to maximize the leadership of and participation by Alaska Natives in the planning and the management of Alaska Native education programs and to support efforts developed by and undertaken within the Alaska Native community to improve educational opportunity for all students.

(2) Many Alaska Native children enter and exit school with serious educational disadvantages.

(3) Overcoming the magnitude of the geographic challenges, historical inequities, and other barriers to successfully improving educational outcomes for Alaska Native students in rural, village, and urban settings is challenging. Significant disparities between aca-

demical achievement of Alaska Native students and non-Native students continue, including lower graduation rates, increased school dropout rates, and lower achievement scores on standardized tests.

(4) The preservation of Alaska Native cultures and languages and the integration of Alaska Native cultures and languages into education, positive identity development for Alaska Native students, and local, place-based, and culture-based programming are critical to the attainment of educational success and the long-term well-being of Alaska Native students.

(5) Improving educational outcomes for Alaska Native students increases access to employment opportunities.

(6) The Federal Government should lend support to efforts developed by and undertaken within the Alaska Native community to improve educational opportunity for Alaska Native students. In 1983, pursuant to Public Law 98-63, Alaska ceased to receive educational funding from the Bureau of Indian Affairs. The Bureau of Indian Education does not operate any schools in Alaska, nor operate or fund Alaska Native education programs. The program under this part supports the Federal trust responsibility of the United States to Alaska Natives.

(Pub. L. 89-10, title VI, § 6302, formerly title VII, § 7302, as added Pub. L. 107-110, title VII, § 701, Jan. 8, 2002, 115 Stat. 1942; renumbered title VI, § 6302, and amended Pub. L. 114-95, title VI, §§ 6001(a), (b)(1), 6004(a), Dec. 10, 2015, 129 Stat. 2046, 2067.)

## SUBCHAPTER VII—IMPACT AID

## CODIFICATION

Pub. L. 114-95, title VII, § 7001(c), Dec. 10, 2015, 129 Stat. 2074, redesignated subchapter VIII (§ 7701 et seq.) of this chapter as this subchapter.

Title VII of the Elementary and Secondary Education Act of 1965, comprising this subchapter, was originally enacted as part of Pub. L. 89-10, Apr. 11, 1965, 79 Stat. 27, and subsequently revised, restated, redesignated, and amended by other public laws. Title VII is shown, herein, as having been added as title VIII of Pub. L. 89-10 by Pub. L. 103-382, title I, § 101, Oct. 20, 1994, 108 Stat. 3749, without reference to earlier amendments because of the extensive revision of the title’s provisions by Pub. L. 103-382. Title VIII of Pub. L. 89-10 was subsequently redesignated title VII by Pub. L. 114-95, title VII, § 7001(c), Dec. 10, 2015, 129 Stat. 2074, and transferred to this subchapter. ## § 7701. Purpose

In order to fulfill the Federal responsibility to assist with the provision of educational services to federally connected children in a manner that promotes control by local educational agencies with little or no Federal or State involvement, because certain activities of the Federal Government, such as activities to fulfill the responsibilities of the Federal Government with respect to Indian tribes and activities under section 4001 of title 50, place a financial burden on the local educational agencies serving areas where such activities are carried out, and to help such children meet the same challenging State academic standards, it is the purpose of this subchapter to provide financial assistance to local educational agencies that—

(1) experience a substantial and continuing financial burden due to the acquisition of real property by the United States;

(2) educate children who reside on Federal property and whose parents are employed on Federal property;

(3) educate children of parents who are in the military services and children who live in low-rent housing;

(4) educate heavy concentrations of children whose parents are civilian employees of the Federal Government and do not reside on Federal property; or

(5) need special assistance with capital expenditures for construction activities because of the enrollments of substantial numbers of children who reside on Federal lands and because of the difficulty of raising local revenue through bond referendums for capital projects due to the inability to tax Federal property.

(Pub. L. 89-10, title VII, § 7001, formerly title VIII, § 8001, as added Pub. L. 103-382, title I, § 101, Oct. 20, 1994, 108 Stat. 3749; amended Pub. L. 106-398, § 1 [[div. (A) has been acquired by the United States since 1938;

(B) was not acquired by exchange for other Federal property in the local educational agency which the United States owned before 1939; and

(C) had an assessed value according to original records (including facsimiles or other reproductions of those records) documenting the assessed value of such property (determined as of the time or times when so acquired) prepared by the local officials referred to in subsection (b)(3) or, when such original records are not available due to unintentional destruction (such as natural disaster, fire, flooding, pest infestation, or deterioration due to age), other records, including Federal agency records, local historical records, or other records that the Secretary determines to be appropriate and reliable, aggregating 10 percent or more of the assessed value of—

(i) all real property in the local educational agency (similarly determined as of the time or times when such Federal property was so acquired); or

(ii) all real property in the local educational agency as assessed in the first year preceding or succeeding acquisition, whichever is greater, only if—

(I) the assessment of all real property in the local educational agency is not made at the same time or times that such Federal property was so acquired and assessed; and

(II) State law requires an assessment be made of property so acquired; and

(2) that such agency is not being substantially compensated for the loss in revenue resulting from such ownership by increases in revenue accruing to the agency from the conduct of Federal activities with respect to such Federal property,

then such agency shall be eligible to receive the amount described in subsection (b) or (h).

**(b) Amount**

**(1) In general**

(A)(i)(I) Subject to subclauses (II) and (III), the amount that a local educational agency shall be paid under subsection (a) for a fiscal year shall be calculated in accordance with paragraph (2).

(II) Except as provided in subclause (III), the Secretary may not reduce the amount of a payment under this section to a local educational agency for a fiscal year by (aa) the amount equal to the amount of revenue, if any, the agency received during the previous fiscal year from activities conducted on Federal property eligible under this section and located in a school district served by the agency, including amounts received from any Federal department or agency (other than the Department of Education) from such activities, by reason of receipt of such revenue, or (bb) any other amount by reason of receipt of such revenue.

(III) If the amount equal to the sum of (aa) the proposed payment under this section to a local educational agency for a fiscal year and (bb) the amount of revenue described in subclause (II)(aa) received by the agency during the previous fiscal year, exceeds the maximum amount the agency is eligible to receive under this section for the fiscal year involved, then the Secretary shall reduce the amount of the proposed payment under this section by an amount equal to such excess amount.

(i) For purposes of clause (i), the amount of revenue that a local educational agency receives during the previous fiscal year from activities conducted on Federal property shall not include payments received by the agency from the Secretary of Defense to support—

(I) the operation of a domestic dependent elementary or secondary school; or

(II) the provision of a free public education to dependents of members of the Armed Forces residing on or near a military installation.

(B) If funds appropriated under section 7714(a) of this title are insufficient to pay the amount determined under subparagraph (A), the Secretary shall calculate the payment for each eligible local educational agency in accordance with subsection (h).

(C) Notwithstanding any other provision of this subsection, a local educational agency may not be paid an amount under this section that, when added to the amount such agency receives under section 7703(b) of this title, exceeds the maximum amount that such agency is eligible to receive for such fiscal year under section 7703(b)(1)(C) of this title, or the maximum amount that such agency is eligible to receive for such fiscal year under this section, whichever is greater.

**(2) Application of current levied real property tax rate**

In calculating the amount that a local educational agency is eligible to receive for a fiscal year, the Secretary shall apply the current

levied real property tax rate for current expenditures levied by fiscally independent local educational agencies, or imputed for fiscally dependent local educational agencies, to the current annually determined estimated taxable value of such acquired Federal property.

**(3) Determination of taxable value for eligible Federal property**

**(A) In general**

In determining the estimated taxable value of such acquired Federal property for fiscal year 2010 and each succeeding fiscal year, the Secretary shall—

(i) first determine the total taxable value for the purpose of levying property tax for school purposes for current expenditures of real property located within the boundaries of such local educational agency;

(ii) then determine the per acre value of the eligible Federal property by dividing the total taxable value as determined in clause (i) by the difference between the total acres located within the boundaries of the local educational agency and the number of Federal acres eligible under this section; and

(iii) then determine the total taxable value of the eligible Federal property by multiplying the per acre value as calculated under clause (ii) by the number of Federal acres eligible under this section.

**(B) Special rules**

In the case of Federal property eligible under this section that is within the boundaries of 2 or more local educational agencies that are eligible under this section, any of such agencies may ask the Secretary to calculate (and the Secretary shall calculate) the taxable value of the eligible Federal property that is within its boundaries by—

(i) first calculating the per-acre value of the eligible Federal property separately for each eligible local educational agency that shared the Federal property, as provided in subparagraph (A)(ii);

(ii) then averaging the resulting per-acre values of the eligible Federal property from each eligible local educational agency that shares the Federal property; and

(iii) then applying the average per-acre value to determine the total taxable value of the eligible Federal property under subparagraph (A)(iii) for the requesting local educational agency.

**(c) Applicability to Tennessee Valley Authority Act**

For the purpose of this section, any real property with respect to which payments are being made under section 13 of the Tennessee Valley Authority Act of 1933 [16 U.S.C. 831] shall not be regarded as Federal property.

**(d) Ownership by United States**

The United States shall be deemed to own Federal property for the purposes of this chapter, where—

(1) prior to the transfer of Federal property, the United States owned Federal property

meeting the requirements of subparagraphs (A), (B), and (C) of subsection (a)(1); and

(2) the United States transfers a portion of the property referred to in paragraph (1) to another nontaxable entity, and the United States—

(A) restricts some or any construction on such property;

(B) requires that the property be used in perpetuity for the public purposes for which the property was conveyed;

(C) requires the grantee of the property to report to the Federal Government (or its agent) regarding information on the use of the property;

(D) except with the approval of the Federal Government (or its agent), prohibits the sale, lease, assignment, or other disposal of the property unless such sale, lease, assignment, or other disposal is to another eligible government agency; and

(E) reserves to the Federal Government a right of reversion at any time the Federal Government (or its agent) deems it necessary for the national defense.

**(e) Local educational agency containing Forest Service land and serving certain counties**

Beginning with fiscal year 1995, a local educational agency shall be deemed to meet the requirements of subsection (a)(1)(C) if such local educational agency meets the following requirements:

**(1) Acreage and acquisition by the Forest Service**

The local educational agency serves a school district that contains between 20,000 and 60,000 acres of land that has been acquired by the Forest Service of the Department of Agriculture between 1915 and 1990, as demonstrated by written evidence from the Forest Service satisfactory to the Secretary.

**(2) County charter**

The local educational agency serves a county chartered under State law in 1875 or 1890. For each fiscal year beginning on or after December 10, 2015, the Secretary shall treat local educational agencies chartered in 1871 having more than 70 percent of the county in Federal ownership as meeting the eligibility requirements of subparagraphs (A) and (C) of subsection (a)(1).

**(f) Special rule**

For each fiscal year beginning on or after December 10, 2015, a local educational agency shall be deemed to meet the requirements of subsection (a)(1)(C) if the agency was eligible under paragraph (1) or (3) of section 7702(f) of this title as such section was in effect on the day before December 10, 2015.

**(g) Former districts**

**(1) Consolidations**

For fiscal year 2006 and each succeeding fiscal year, if a local educational agency described in paragraph (2) is formed at any time after 1938 by the consolidation of 2 or more former school districts, the local educational agency may elect to have the Secretary deter-

mine its eligibility for assistance under this section for any fiscal year on the basis of 1 or more of those former districts, as designated by the local educational agency.

**(2) Eligible local educational agencies**

A local educational agency referred to in paragraph (1) is—

(A) any local educational agency that, for fiscal year 1994 or any preceding fiscal year, applied, and was determined to be eligible under, section 2(c) of the Act of September 30, 1950 (Public Law 874, 81st Congress) as that section was in effect for that fiscal year; or

(B) a local educational agency—

(i) that was formed by the consolidation of 2 or more districts, at least 1 of which was eligible for assistance under this section for the fiscal year preceding the year of the consolidation; and

(ii) which includes the designation referred to in paragraph (1) in its application under section 7705 of this title for a fiscal year beginning on or after December 10, 2015, or any timely amendment to such application.

**(3) Amount**

A local educational agency eligible under paragraph (1) shall receive a foundation payment as provided for under subparagraphs (A) and (B) of subsection (h)(1), except that the foundation payment shall be calculated based on the most recent payment received by the local educational agency based on its status prior to consolidation.

**(h) Payments with respect to fiscal years in which insufficient funds are appropriated**

For any fiscal year for which the amount appropriated under section 7714(a) of this title is insufficient to pay to each eligible local educational agency the full amount determined under subsection (b), the Secretary shall make payments to each local educational agency under this section as follows:

**(1) Foundation payments for pre-2010 recipients**

**(A) In general**

The Secretary shall first make a foundation payment to each local educational agency that is determined by the Secretary to be eligible to receive a payment under this section for the fiscal year involved and that filed a timely application, and met, or has been determined by statute to meet, the eligibility requirements of subsection (a) for fiscal year 2009.

**(B) Amount**

**(i) In general**

The amount of a payment under subparagraph (A) for a local educational agency shall be equal to the greater of 90 percent of the payment the local educational agency received from dollars appropriated for fiscal year 2009 or 90 percent of the average payment that the local educational agency received from dollars appropriated for fiscal years 2006, 2007, 2008, and 2009, and shall

be calculated without regard to the maximum payment provisions in subsection (b)(1)(C).

**(ii) Exception**

In calculating such average payment for a local educational agency that did not receive a payment under subsection (b) for 1 or more of the fiscal years between fiscal year 2006 and 2009, inclusive, the lowest such payment made to the agency for fiscal year 2006, 2007, 2008, or 2009, shall be treated as the payment that the agency received under subsection (b) for each fiscal year for which the agency did not receive such a payment.

**(C) Insufficient appropriations**

If the amount appropriated under section 7714(a) of this title is insufficient to pay the full amount determined under this paragraph for all eligible local educational agencies for the fiscal year, then the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.

**(2) Foundation payments for new applicants**

**(A) First year**

From any amounts remaining after making payments under paragraph (1) and subsection (i)(1) for the fiscal year involved, the Secretary shall make a payment, in an amount determined in accordance with subparagraph (C), to each local educational agency that the Secretary determines eligible for a payment under this section for a fiscal year after fiscal year 2009 and that did not receive a payment under paragraph (1) for the fiscal year for which such agency was determined eligible for such payment.

**(B) Second and succeeding years**

For any succeeding fiscal year after the first fiscal year that a local educational agency receives a foundation payment under subparagraph (A), the amount of the local educational agency's foundation payment under this paragraph for such succeeding fiscal year shall be equal to the local educational agency's foundation payment under this paragraph for the first fiscal year.

**(C) Amounts**

The amount of a payment under subparagraph (A) for a local educational agency shall be determined as follows:

(i) Calculate the local educational agency's maximum payment under subsection (b).

(ii) Calculate the percentage that the amount appropriated under section 7714(a) of this title for the most recent fiscal year for which the Secretary has completed making payments under this section is of the total maximum payments for such fiscal year for all local educational agencies eligible for a payment under subsection (b) and multiply the agency's maximum payment by such percentage.

(iii) Multiply the amount determined under clause (ii) by 90 percent.

**(D) Insufficient funds**

If the amount appropriated under section 7714(a) of this title is insufficient to pay the full amount determined under this paragraph for all eligible local educational agencies for the fiscal year, then the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.

**(3) Remaining funds**

From any funds remaining after making payments under paragraphs (1) and (2) for the fiscal year involved, the Secretary shall make a payment to each local educational agency that received a foundation payment under paragraph (1) or (2) or subsection (i)(1), for the fiscal year involved in an amount that bears the same relation to the remainder as a percentage share determined for the local educational agency (by dividing the maximum amount that the agency is eligible to receive under subsection (b) by the total of the maximum amounts for all such agencies) bears to the percentage share determined (in the same manner) for all local educational agencies eligible to receive a payment under this section for the fiscal year involved, except that, for the purpose of calculating a local educational agency's maximum amount under subsection (b), data from the most current fiscal year shall be used.

**(4) Data**

For each local educational agency that received a payment under this section for fiscal year 2010 or any succeeding fiscal year, the Secretary shall not make a payment under paragraph (3) to a local educational agency that fails to submit, within 60 days of the date the Secretary notifies the agency that the information is needed, the data necessary to calculate the maximum amount of a payment under subsection (b) for that local educational agency.

**(i) Special payments****(1) In general**

For any fiscal year beginning with fiscal year 2000 for which the amount appropriated to carry out this section exceeds the amount so appropriated for fiscal year 1996 and for which subsection (b)(1)(B) applies, the Secretary shall use the remainder described in subsection (h)(3) for the fiscal year involved (not to exceed the amount equal to the difference between (A) the amount appropriated to carry out this section for fiscal year 1997 and (B) the amount appropriated to carry out this section for fiscal year 1996) to increase the payment that would otherwise be made under this section to not more than 50 percent of the maximum amount determined under subsection (b) for any local educational agency described in paragraph (2).

**(2) Local educational agency described**

A local educational agency described in this paragraph is a local educational agency that—

- (A) received a payment under this section for fiscal year 1996;
- (B) serves a school district that contains all or a portion of a United States military academy;

- (C) serves a school district in which the local tax assessor has certified that at least 60 percent of the real property is federally owned; and

- (D) demonstrates to the satisfaction of the Secretary that such agency's per-pupil revenue derived from local sources for current expenditures is not less than that revenue for the preceding fiscal year.

**(j) Prior year data**

Notwithstanding any other provision of this section, in determining the eligibility of a local educational agency for a payment under subsection (b) or (h)(2) of this section for a fiscal year, and in calculating the amount of such payment, the Secretary—

- (1) shall use data from the prior fiscal year with respect to the Federal property involved, including data with respect to the assessed value of the property and the real property tax rate for current expenditures levied against or imputed to the property; and

- (2) shall use data from the second prior fiscal year with respect to determining the amount of revenue referred to in subsection (b)(1)(A)(i).

**(k) Loss of eligibility****(1) In general**

Notwithstanding any other provision of this section, the Secretary shall make a minimum payment to a local educational agency described in paragraph (2), for the first fiscal year that the agency loses eligibility for assistance under this section as a result of property located within the school district served by the agency failing to meet the definition of Federal property under section 7713(5)(C)(iii) of this title, in an amount equal to 90 percent of the amount received by the agency under this section for the preceding year.

**(2) Local educational agency described**

A local educational agency described in this paragraph is an agency that—

- (A) was eligible for, and received, a payment under this section for fiscal year 2002; and
- (B) beginning in fiscal year 2003 or a subsequent fiscal year, is no longer eligible for payments under this section as provided for in subsection (a)(1)(C) as a result of the transfer of the Federal property involved to a non-Federal entity.

## CONSOLIDATIONS

Pub. L. 113-76, div. H, title III, §309, Jan. 17, 2014, 128 Stat. 400, allowed a local educational agency formed by the consolidation of 2 or more former school districts to elect to have the Secretary of Education determine its eligibility for fiscal year 2006 and any succeeding fiscal year on the basis of 1 or more of such former districts, prior to repeal by Pub. L. 114-95, title VII, §7001(b), Dec. 10, 2015, 129 Stat. 2074.

**§ 7703. Payments for eligible federally connected children**

**(a) Computation of payment**

**(1) In general**

For the purpose of computing the amount that a local educational agency is eligible to receive under subsection (b) or (d) for any fiscal year, the Secretary shall determine the number of children who were in average daily attendance in the schools of such agency, and for whom such agency provided free public education, during the preceding school year and who, while in attendance at such schools—

(A)(i) resided on Federal property with a parent employed on Federal property situated in whole or in part within the boundaries of the school district of such agency; or

(ii) resided on Federal property with a parent who is an official of, and accredited by, a foreign government and is a foreign military officer;

(B) resided on Federal property and had a parent on active duty in the uniformed services (as defined in section 101 of title 37);

(C) resided on Indian lands;

(D)(i) had a parent on active duty in the uniformed services (as defined by section 101 of title 37) but did not reside on Federal property; or

(ii) had a parent who is an official of, and has been accredited by, a foreign government and is a foreign military officer but did not reside on Federal property;

(E) resided in low-rent housing;

(F) resided on Federal property and is not described in subparagraph (A) or (B); or

(G) resided with a parent employed on Federal property situated—

(i) in whole or in part in the county in which such agency is located, or in whole or in part in such agency if such agency is located in more than one county; or

(ii) if not in such county, in whole or in part in the same State as such agency.

**(2) Determination of weighted student units**

For the purpose of computing the basic support payment under subsection (b), the Secretary shall calculate the total number of weighted student units for a local educational agency by adding together the results obtained by the following computations:

(A) Multiply the number of children described in subparagraphs (A) and (B) of paragraph (1) by a factor of 1.0.

(B) Multiply the number of children described in paragraph (1)(C) by a factor of 1.25.

(C) Multiply the number of children described in subparagraphs (A) and (B) of paragraph (1) by a factor of .35 if the local educational agency has—

(i) a number of such children described in such subparagraphs which exceeds 5,000; and

(ii) an average daily attendance for all children which exceeds 100,000.

(D) Multiply the number of children described in subparagraph (D) of paragraph (1) by a factor of .20.

(E) Multiply the number of children described in subparagraph (E) of paragraph (1) by a factor of .10.

(F) Multiply the number of children described in subparagraphs (F) and (G) of paragraph (1) by a factor of .05.

**(3) Special rule**

The Secretary shall only compute a payment for a local educational agency for children described in subparagraph (F) or (G) of paragraph (1) if the number of such children equals or exceeds 1,000 or such number equals or exceeds 10 percent of the total number of students in average daily attendance in the schools of such agency.

**(4) Military installation and Indian housing undergoing renovation or rebuilding**

**(A) Military installation housing**

Beginning in fiscal year 2014, in determining the amount of a payment for a local educational agency for children described in paragraph (1)(D)(i), the Secretary shall consider those children as if they were children described in paragraph (1)(B) if the Secretary determines, on the basis of a certification provided to the Secretary by a designated representative of the Secretary of Defense, that those children would have resided in housing on Federal property if the housing was not undergoing renovation or rebuilding. The total number of children treated as children described in paragraph (1)(B) shall not exceed the lessor of—

(i) the total number of children eligible under paragraph (1)(B) for the year prior to the initiation of the housing project on Federal property undergoing renovation or rebuilding; or

(ii) the total number of Federally connected children enrolled at the local educational agency as stated in the application filed for the payment for the year for which the determination is made.

**(B) Indian lands**

Beginning in fiscal year 2014, in determining the amount of a payment for a local educational agency that received a payment for children that resided on Indian lands in accordance with paragraph (1)(C) for the fiscal year prior to the fiscal year for which the local educational agency is making an application, the Secretary shall consider those children to be children described in paragraph (1)(C) if the Secretary determines on the basis of a certification provided to the Secretary by a designated representative of the Secretary of the Interior or the Secretary of Housing and Urban Development that those children would have resided in housing on Indian lands if the housing was

not undergoing renovation or rebuilding. The total number of children treated as children described in paragraph (1)(C) shall not exceed the lesser of—

(i) the total number of children eligible under paragraph (1)(C) for the year prior to the initiation of the housing project on Indian lands undergoing renovation or rebuilding; or

(ii) the total number of Federally connected children enrolled at the local educational agency as stated in the application filed for the payment for the year for which the determination is made.

**(C) Eligible housing**

Renovation or rebuilding shall be defined as projects considered as capitalization, modernization, or restoration, as defined by the Secretary of Defense or the Secretary of the Interior (as the case may be) and are projects that last more than 30 days, but do not include “sustainment projects” such as painting, carpeting, or minor repairs.

**(5) Military “Build to Lease” program housing**

**(A) In general**

For purposes of computing the amount of payment for a local educational agency for children identified under paragraph (1), the Secretary shall consider children residing in housing initially acquired or constructed under the former section 2828(g) of title 10 (commonly known as the “Build to Lease” program), as added by section 801 of the Military Construction Authorization Act, 1984, or under lease of off-base property under subchapter IV of chapter 169 of title 10, to be children described under paragraph (1)(B), if the property described is—

(i) within the fenced security perimeter of the military facility; or

(ii) attached to, and under any type of force protection agreement with, the military installation upon which such housing is situated.

**(B) Additional requirements**

If the property described in subparagraph (A) is not owned by the Federal Government, is subject to taxation by a State or political subdivision of a State, and thereby generates revenues for a local educational agency that is applying to receive a payment under this section, then the Secretary—

(i) shall require the local educational agency to provide certification from an appropriate official of the Department of Defense that the property is being used to provide military housing; and

(ii) shall reduce the amount of the payment under this section by an amount equal to the amount of revenue from such taxation received in the second preceding fiscal year by such local educational agency, unless the amount of such revenue was taken into account by the State for such second preceding fiscal year and already resulted in a reduction in the amount of State aid paid to such local educational agency.

**(b) Basic support payments; insufficient appropriations; State with only one local educational agency**

**(1) Basic support payments**

**(A) In general**

From the amount appropriated under section 7714(b) of this title for a fiscal year, the Secretary is authorized to make basic support payments to eligible local educational agencies with children described in subsection (a).

**(B) Eligibility**

A local educational agency is eligible to receive a basic support payment under subparagraph (A) for a fiscal year with respect to a number of children determined under subsection (a)(1) only if the number of children so determined with respect to such agency amounts to the lesser of—

(i) at least 400 such children; or

(ii) a number of such children which equals at least 3 percent of the total number of children who were in average daily attendance, during such year, at the schools of such agency and for whom such agency provided free public education.

**(C) Maximum amount**

The maximum amount that a local educational agency is eligible to receive under this paragraph for any fiscal year is the sum of the total weighted student units, as computed under subsection (a)(2), multiplied by the greater of—

(i) one-half of the average per-pupil expenditure of the State in which the local educational agency is located for the third fiscal year preceding the fiscal year for which the determination is made;

(ii) one-half of the average per-pupil expenditure of all of the States for the third fiscal year preceding the fiscal year for which the determination is made;

(iii) the comparable local contribution rate certified by the State, as determined under regulations prescribed to carry out the Act of September 30, 1950 (Public Law 874, 81st Congress), as such regulations were in effect on January 1, 1994; or

(iv) the average per-pupil expenditure of the State in which the local educational agency is located, multiplied by the local contribution percentage.

**(D) Data**

If satisfactory data from the third preceding fiscal year are not available for any of the expenditures described in clause (i) or (ii) of subparagraph (C), the Secretary shall use data from the most recent fiscal year for which data that are satisfactory to the Secretary are available.

**(E) Increase in local contribution rate due to unusual geographic factors**

If the current expenditures in those local educational agencies which the Secretary has determined to be generally comparable to the local educational agency for which a computation is made under subparagraph (C)

are not reasonably comparable because of unusual geographical factors which affect the current expenditures necessary to maintain, in such agency, a level of education equivalent to that maintained in such other agencies, then the Secretary shall increase the local contribution rate for such agency under subparagraph (C)(iii) by such an amount which the Secretary determines will compensate such agency for the increase in current expenditures necessitated by such unusual geographical factors. The amount of any such supplementary payment may not exceed the per-pupil share (computed with regard to all children in average daily attendance), as determined by the Secretary, of the increased current expenditures necessitated by such unusual geographic factors.

(F) Beginning with fiscal year 2002, for the purpose of calculating a payment under this paragraph for a local educational agency whose local contribution rate was computed under subparagraph (C)(iii) for the previous year, the Secretary shall use a local contribution rate that is not less than 95 percent of the rate that the LEA received for the preceding year.

**(2) Basic support payments for heavily impacted local educational agencies**

**(A) In general**

(i) From the amount appropriated under section 7714(b) of this title for a fiscal year, the Secretary is authorized to make basic support payments to eligible heavily impacted local educational agencies with children described in subsection (a).

(ii) A local educational agency that receives a basic support payment under this paragraph for a fiscal year shall not be eligible to receive a basic support payment under paragraph (1) for that fiscal year.

**(B) Eligibility for heavily impacted local educational agencies**

**(i) In general**

A heavily impacted local educational agency is eligible to receive a basic support payment under subparagraph (A) with respect to a number of children determined under subsection (a)(1) if the agency—

(I) is a local educational agency—

(aa) whose boundaries are the same as a Federal military installation; or

(bb)(AA) whose boundaries are the same as an island property designated by the Secretary of the Interior to be property that is held in trust by the Federal Government; and

(BB) that has no taxing authority;

(II) is a local educational agency that—

(aa) has an enrollment of children described in subsection (a)(1) that constitutes a percentage of the total student enrollment of the agency that is not less than 45 percent;

(bb) has a per-pupil expenditure that is less than—

(AA) for an agency that has a total student enrollment of 500 or more

students, 125 percent of the average per-pupil expenditure of the State in which the agency is located; or

(BB) for any agency that has a total student enrollment of less than 500 students, 150 percent of the average per-pupil expenditure of the State in which the agency is located or the average per-pupil expenditure of 3 or more comparable local educational agencies in the State in which the agency is located; and

(cc) is an agency that has a tax rate for general fund purposes that is not less than 95 percent of the average tax rate for general fund purposes of comparable local educational agencies in the State;

(III) is a local educational agency that—

(aa) has a tax rate for general fund purposes which is not less than 125 percent of the average tax rate for general fund purposes for comparable local educational agencies in the State;

(bb)(AA) has an enrollment of children described in subsection (a)(1) that constitutes a percentage of the total student enrollment of the agency that is not less than 30 percent; or

(BB) has an enrollment of children described in subsection (a)(1) that constitutes a percentage of the total student enrollment of the agency that is not less than 20 percent, and for the 3 fiscal years preceding the fiscal year for which the determination is made, the average enrollment of children who are not described in subsection (a)(1) and who are eligible for a free or reduced price lunch under the Richard B. Russell National School Lunch Act [42 U.S.C. 1751 et seq.] constitutes a percentage of the total student enrollment of the agency that is not less than 65 percent and received assistance for fiscal year 2017 pursuant to subparagraph (G); and

(cc) received assistance under subparagraph (A) of section 7703(b)(2) of this title,<sup>1</sup> as such section was in effect on the day before December 10, 2015, for a fiscal year prior to fiscal year 2017;

(IV) is a local educational agency that received a payment for fiscal year 2015 under section 7703(b)(2)(E)<sup>1</sup> of this title (as such section was in effect for such fiscal year) and has a total student enrollment of not less than 25,000 students, of which—

(aa) not less than 35 percent are children described in subsection (a)(1); and

(bb)(AA) not less than 3,500 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1); or

<sup>1</sup> See References in Text note below.

(bb) has a per-pupil expenditure described in subclause (II)(bb) (except that a local educational agency with a total student enrollment of less than 350 students shall be deemed to have satisfied such per-pupil expenditure requirement) and has a tax rate for general fund purposes which is not less than 95 percent of the average tax rate for general fund purposes for comparable local educational agencies in the State; and

(cc) was eligible to receive assistance under subparagraph (A) for fiscal year 2001.

**(ii) Loss of eligibility**

**(I) In general**

Subject to subclause (II), a heavily impacted local educational agency that met the requirements of clause (i) for a fiscal year shall be ineligible to receive a basic support payment under subparagraph (A) if the agency fails to meet the requirements of clause (i) for a subsequent fiscal year, except that such agency shall continue to receive a basic support payment under this paragraph for the fiscal year for which the ineligibility determination is made.

**(II) Loss of eligibility due to falling below 95 percent of the average tax rate for general fund purposes**

In the case of a heavily impacted local educational agency described in subclause (II) or (V) of clause (i) that is eligible to receive a basic support payment under subparagraph (A), but that has had, for 2 consecutive fiscal years, a tax rate for general fund purposes that falls below 95 percent of the average tax rate for general fund purposes of comparable local educational agencies in the State, such agency shall be determined to be ineligible under clause (i) and ineligible to receive a basic support payment under subparagraph (A) for each fiscal year succeeding such 2 consecutive fiscal years for which the agency has such a tax rate for general fund purposes, and until the fiscal year for which the agency resumes such eligibility in accordance with clause (iii).

**(III) Taken over by State board of education**

In the case of a heavily impacted local educational agency that is eligible to re-

ceive a basic support payment under subparagraph (A), but that has been taken over by a State board of education in any 2 previous years, such agency shall be deemed to maintain heavily impacted status for 2 fiscal years following December 10, 2015.

**(iii) Eligibility**

**(I) First time**

A local educational agency seeking a payment under this paragraph for the first time shall apply for and be determined eligible under clause (i) for 2 consecutive years before receiving such a payment, and shall not receive such a payment for the first year of eligibility.

**(II) Resumption of eligibility**

A heavily impacted local educational agency described in clause (i) that becomes ineligible under such clause for 1 or more fiscal years may resume eligibility for a basic support payment under this paragraph for a subsequent fiscal year only if the agency meets the requirements of clause (i) for that subsequent fiscal year, except that such agency shall not receive a basic support payment under this paragraph until the fiscal year succeeding the fiscal year for which the eligibility determination is made.

**(C) Maximum amount for heavily impacted local educational agencies**

**(i) In general**

Except as provided in subparagraph (D), the maximum amount that a heavily impacted local educational agency is eligible to receive under this paragraph for any fiscal year is the sum of the total weighted student units, as computed under subsection (a)(2) and subject to clause (ii), multiplied by the greater of—

(I) four-fifths of the average per-pupil expenditure of the State in which the local educational agency is located for the third fiscal year preceding the fiscal year for which the determination is made; or

(II) four-fifths of the average per-pupil expenditure of all of the States for the third fiscal year preceding the fiscal year for which the determination is made.

**(ii) Calculation of weighted student units**

**(I) In general**

**(aa) Percentage enrollment**

For a local educational agency in which 35 percent or more of the total student enrollment of the schools of the agency are children described in subparagraph (D) or (E) (or a combination thereof) of subsection (a)(1), and that has an enrollment of children described in subparagraph (A), (B), or (C) of such subsection equal to at least 10 percent of the agency's total enrollment, the Secretary shall calculate the

weighted student units of those children described in subparagraph (D) or (E) of such subsection by multiplying the number of such children by a factor of 0.55.

**(bb) Exception**

Notwithstanding item (aa), a local educational agency that received a payment under this paragraph for fiscal year 2013 shall not be required to have an enrollment of children described in subparagraph (A), (B), or (C) of subsection (a)(1) equal to at least 10 percent of the agency's total enrollment and shall be eligible for the student weight as provided for in item (aa).

**(II) Enrollment of 100 or fewer children**

For a local educational agency that has an enrollment of 100 or fewer children described in subsection (a)(1), the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) by multiplying the number of such children by a factor of 1.75.

**(III) Enrollment of more than 100 children but less than 1000**

For a local educational agency that is not described under subparagraph (B)(i)(I) and has an enrollment of more than 100 but not more than 1,000 children described in subsection (a)(1), the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) by multiplying the number of such children by a factor of 1.25.

**(D) Maximum amount for large heavily impacted local educational agencies**

**(i) In general**

**(I) Formula**

Subject to clauses (ii), (iii), and (iv), the maximum amount that a heavily impacted local educational agency described in subclause (II) is eligible to receive under this paragraph for any fiscal year shall be determined in accordance with the formula described in paragraph (1)(C).

**(II) Heavily impacted local educational agency**

A heavily impacted local educational agency described in this subclause is a local educational agency that received a payment for fiscal year 2015 under section 7703(b)(2)(E)<sup>1</sup> of this title (as such section was in effect for such fiscal year) and has a total student enrollment of not less than 25,000 students, of which not less than 35 percent are children described in subsection (a)(1) and—

(aa) not less than 3,500 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1); or

(bb) not less than 7,000 of such children are children described in subparagraph (D) of subsection (a)(1).

**(ii) Factor**

For purposes of calculating the maximum amount described in clause (i), the factor used in determining the weighted student units under subsection (a)(2) with respect to children described in subparagraphs (A) and (B) of subsection (a)(1) shall be—

- (I) for fiscal year 2016, 1.35;
- (II) for each of fiscal years 2017 and 2018, 1.38;
- (III) for fiscal year 2019, 1.40;
- (IV) for fiscal year 2020, 1.42; and
- (V) for fiscal year 2021 and each fiscal year thereafter, 1.45.

**(iii) Factor for children who live off base**

For purposes of calculating the maximum amount described in clause (i), the factor used in determining the weighted student units under subsection (a)(2) with respect to children described in subsection (a)(1)(D) shall be—

- (I) for fiscal year 2016, .20;
- (II) for each of fiscal years 2017 and 2018, .22;
- (III) for each of fiscal years 2019 and 2020, .25; and
- (IV) for fiscal year 2021 and each fiscal year thereafter—

- (aa) .30 with respect to each of the first 7,000 children; and
- (bb) .25 with respect to the number of children that exceeds 7,000.

**(iv) Special rule**

Notwithstanding clauses (ii) and (iii), for fiscal year 2020 or any succeeding fiscal year, if the number of students who are children described in subparagraphs (A) and (B) of subsection (a)(1) for a local educational agency subject to this subparagraph exceeds 7,000 for such year or the number of students who are children described in subsection (a)(1)(D) for such local educational agency exceeds 12,750 for such year, then—

(I) the factor used, for the fiscal year for which the determination is being made, to determine the weighted student units under subsection (a)(2) with respect to children described in subparagraphs (A) and (B) of subsection (a)(1) shall be 1.40; and

(II) the factor used, for such fiscal year, to determine the weighted student units under subsection (a)(2) with respect to children described in subsection (a)(1)(D) shall be .20.

**(E) Data**

For purposes of providing assistance under this paragraph, the Secretary shall use student, revenue, expenditure, and tax data from the third fiscal year preceding the fiscal year for which the local educational agency is applying for assistance under this paragraph.

**(F) Determination of average tax rates for general fund purposes**

**(i) In general**

Except as provided in clause (ii), for the purpose of determining the average tax

rates for general fund purposes for local educational agencies in a State under this paragraph, the Secretary shall use either—

(I) the average tax rate for general fund purposes for comparable local educational agencies, as determined by the Secretary in regulations; or

(II) the average tax rate of all the local educational agencies in the State.

**(ii) Fiscal years 2010–2015**

**(I) In general**

For fiscal years 2010 through 2015, any local educational agency that was found ineligible to receive a payment under subparagraph (A) because the Secretary determined that it failed to meet the average tax rate requirement for general fund purposes in subparagraph (B)(i)(II)(cc), shall be considered to have met that requirement, if its State determined, through an alternate calculation of average tax rates for general fund purposes, that such local educational agency met that requirement.

**(II) Subsequent fiscal years after 2015**

For any succeeding fiscal year after 2015, any local educational agency identified in subclause (I) may continue to have its State use that alternate methodology to calculate whether the average tax rate requirement for general fund purposes under subparagraph (B)(i)(II)(cc) is met.

**(III) Availability of funds**

Notwithstanding any other provision of law limiting the period during which the Secretary may obligate funds appropriated for any fiscal year after 2012, the Secretary shall reserve a total of \$14,000,000 from funds that remain unobligated under this section from fiscal years 2015 or 2016 in order to make payments under this clause for fiscal years 2011 through 2014.

**(G) Eligibility for heavily impacted local educational agencies affected by privatization of military housing**

**(i) Eligibility**

For any fiscal year, a heavily impacted local educational agency that received a basic support payment under this paragraph for the prior fiscal year, but is ineligible for such payment for the current fiscal year under subparagraph (B) due to the conversion of military housing units to private housing described in clause (iii), or as the direct result of base realignment and closure or modularization as determined by the Secretary of Defense and force structure change or force relocation, shall be deemed to meet the eligibility requirements under subparagraph (B) for the period during which the housing units are undergoing such conversion or during such time as activities associated with base closure and realignment, modularization, force structure change, or force relocation are ongoing.

**(ii) Amount of payment**

The amount of a payment to a heavily impacted local educational agency for a fiscal year by reason of the application of clause (i), and calculated in accordance with subparagraph (C) or (D), as the case may be, shall be based on the number of children in average daily attendance in the schools of such agency for the fiscal year and under the same provisions of subparagraph (C) or (D) under which the agency was paid during the prior fiscal year.

**(iii) Conversion of military housing units to private housing described**

For purposes of clause (i), “conversion of military housing units to private housing” means the conversion of military housing units to private housing units pursuant to subchapter IV of chapter 169 of title 10 or pursuant to any other related provision of law.

**(3) Payments with respect to fiscal years in which insufficient funds are appropriated**

**(A) In general**

For any fiscal year in which the sums appropriated under section 7714(b) of this title are insufficient to pay to each local educational agency the full amount computed under paragraphs (1) and (2), the Secretary shall make payments in accordance with this paragraph.

**(B) Learning opportunity threshold payments in lieu of payments under paragraph (1)**

(i) For fiscal years described in subparagraph (A), the Secretary shall compute a learning opportunity threshold payment (hereafter in this subchapter referred to as the “threshold payment”) in lieu of basic support payments under paragraph (1) by multiplying the amount obtained under paragraph (1)(C) by the total percentage obtained by adding—

(I) the percentage of federally connected children for each local educational agency determined by calculating the fraction, the numerator of which is the total number of children described under subsection (a)(1) and the denominator of which is the total number of children in average daily attendance at the schools served by such agency; and

(II) the percentage that funds under paragraph (1)(C) represent of the total budget of the local educational agency, determined by calculating the fraction, the numerator of which is the total amount of funds calculated for each local educational agency under this paragraph, and the denominator of which is the total current expenditures for such agency in the second preceding fiscal year for which the determination is made.

(ii) Such total percentage used to calculate threshold payments under paragraph (1) shall not exceed 100.

(iii) In the case of a local educational agency providing a free public education to

students enrolled in kindergarten through grade 12, that enrolls students described in subparagraphs (A), (B), and (D) of subsection (a)(1) only in grades 9 through 12, and that received a final payment for fiscal year 2009 calculated under section 7703(b)(3) of this title (as such section was in effect on the day before December 10, 2015) for students in grades 9 through 12, the Secretary shall, in calculating the agency's payment, consider only that portion of such agency's total enrollment of students in grades 9 through 12 when calculating the percentage under clause (i)(I) and only that portion of the total current expenditures attributed to the operation of grades 9 through 12 in such agency when calculating the percentage under clause (i)(II).

(iv) In the case of a local educational agency that has a total student enrollment of fewer than 1,000 students and that has a per-pupil expenditure that is less than the average per-pupil expenditure of the State in which the agency is located or less than the average per-pupil expenditure of all the States, the total percentage used to calculate threshold payments under clause (i) shall not be less than 40 percent.

**(C) Learning opportunity threshold payments in lieu of payments under paragraph (2)**

For fiscal years described in subparagraph (A), the learning opportunity threshold payment in lieu of basic support payments under paragraph (2) shall be equal to the amount obtained under subparagraph (C) or (D) of paragraph (2), as the case may be.

**(D) Ratable distribution**

For fiscal years described in subparagraph (A), for which the sums available exceed the amount required to pay each local educational agency 100 percent of its threshold payment, the Secretary shall distribute the excess sums to each eligible local educational agency that has not received its full amount computed under paragraphs (1) or (2) (as the case may be) by multiplying—

(i) a percentage, the denominator of which is the difference between the full amount computed under paragraph (1) or (2) (as the case may be) for all local educational agencies and the amount of the threshold payment (as calculated under subparagraphs (B) and (C)) of all local educational agencies, and the numerator of which is the aggregate of the excess sums, by

(ii) the difference between the full amount computed under paragraph (1) or (2) (as the case may be) for the agency and the amount of the threshold payment (as calculated under subparagraphs (B) or (C)) of the agency, except that no local educational agency shall receive more than 100 percent of the maximum payment calculated under subparagraph (C) or (D) of paragraph (2).

**(E) Insufficient payments**

For each fiscal year described in subparagraph (A) for which the sums appropriated

are insufficient to pay each local educational agency all of the local educational agency's threshold payment described in subparagraph (B), the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.

**(F) Increases**

**(i) Increases based on insufficient funds**

If additional funds become available under 7714(b) of this title for making payments under paragraphs (1) and (2) and those funds are not sufficient to increase each local educational agency's threshold payment above 100 percent of its threshold payment described in subparagraph (B), payments that were reduced under subparagraph (E) shall be increased by the Secretary on the same basis as such payments were reduced.

**(ii) Increases based on sufficient funds**

If additional funds become available under section 7714(b) of this title for making payments under paragraphs (1) and (2) and those funds are sufficient to increase each local educational agency's threshold payment above 100 percent of its threshold payment described in subparagraph (B), the payment for each local educational agency shall be 100 percent of its threshold payment. The Secretary shall then distribute the excess sums to each eligible local educational agency in accordance with subparagraph (D).

**(G) Provision of tax rate and resulting percentage**

As soon as practicable following the payment of funds under paragraph (2) to an eligible local educational agency, the Secretary shall provide the local educational agency with a description of—

(i) the tax rate of the local educational agency; and

(ii) the percentage such tax rate represents of the average tax rate for general fund purposes of comparable local educational agencies in the State as determined under subclauses (II)(cc), III(aa), or (V)(bb) of paragraph (2)(B)(i) (as the case may be).

**(4) States with only one local educational agency**

**(A) In general**

In any of the 50 States of the United States in which there is only one local educational agency, the Secretary shall, for purposes of subparagraphs (B) and (C) of paragraph (1) or subparagraphs (B) and (C) of paragraph (2), as the case may be, paragraph (3) of this subsection, and subsection (e), consider each administrative school district in the State to be a separate local educational agency.

**(B) Computation of maximum amount of basic support payment and threshold payment**

In computing the maximum payment amount under paragraph (1)(C) or subpara-

graph (C) or (D) of paragraph (2), as the case may be, and the learning opportunity threshold payment under subparagraph (B) or (C) of paragraph (3), as the case may be, for an administrative school district described in subparagraph (A)—

(i) the Secretary shall first determine the maximum payment amount and the total current expenditures for the State as a whole; and

(ii) the Secretary shall then—

(I) proportionately allocate such maximum payment amount among the administrative school districts on the basis of the respective weighted student units of such districts; and

(II) proportionately allocate such total current expenditures among the administrative school districts on the basis of the respective number of students in average daily attendance at such districts.

**(5) Local educational agencies affected by removal of Federal property**

**(A) In general**

In computing the amount of a basic support payment under this subsection for a fiscal year for a local educational agency described in subparagraph (B), the Secretary shall meet the additional requirements described in subparagraph (C).

**(B) Local educational agency described**

A local educational agency described in this subparagraph is a local educational agency with respect to which Federal property (i) located within the boundaries of the agency, and (ii) on which one or more children reside who are receiving a free public education at a school of the agency, is transferred by the Federal Government to another entity in any fiscal year beginning on or after October 30, 2000, so that the property is subject to taxation by the State or a political subdivision of the State.

**(C) Additional requirements**

The additional requirements described in this subparagraph are the following:

(i) For each fiscal year beginning after the date on which the Federal property is transferred, a child described in subparagraph (B) who continues to reside on such property and who continues to receive a free public education at a school of the agency shall be deemed to be a child who resides on Federal property for purposes of computing under the applicable subparagraph of subsection (a)(1) the amount that the agency is eligible to receive under this subsection.

(ii)(I) For the third fiscal year beginning after the date on which the Federal property is transferred, and for each fiscal year thereafter, the Secretary shall, after computing the amount that the agency is otherwise eligible to receive under this subsection for the fiscal year involved, deduct from such amount an amount equal to the revenue received by the agency for the immediately preceding fiscal year as a result of the taxable status of the former Federal property.

(II) For purposes of determining the amount of revenue to be deducted in accordance with subclause (I), the local educational agency—

(aa) shall provide for a review and certification of such amount by an appropriate local tax authority; and

(bb) shall submit to the Secretary a report containing the amount certified under item (aa).

**(c) Prior year data**

**(1) In general**

Except as provided in subsections (b)(1)(D), (b)(2), and paragraph (2), all calculations under this section shall be based on data for each local educational agency from not later than the fiscal year preceding the fiscal year for which the agency is making application for payment.

**(2) Exception**

Calculation of payments for a local educational agency shall be based on data from the fiscal year for which the agency is making an application for payment if such agency—

(A) is newly established by a State, for the first year of operation of such agency only;

(B) was eligible to receive a payment under this section for the previous fiscal year and has had an overall increase in enrollment (as determined by the Secretary in consultation with the Secretary of Defense, the Secretary of the Interior, or the heads of other Federal agencies)—

(i)(I) of not less than 10 percent of children described in—

(aa) subparagraph (A), (B), (C), or (D) of subsection (a)(1); or

(bb) subparagraphs (F) and (G) of subsection (a)(1), but only to the extent that such children are civilian dependents of employees of the Department of Defense or the Department of the Interior; or

(II) of not less than 100 of such children; and

(ii) that is the direct result of closure or realignment of military installations under the base closure process or the relocation of members of the Armed Forces and civilian employees of the Department of Defense as part of the force structure changes or movements of units or personnel between military installations or because of actions initiated by the Secretary of the Interior or the head of another Federal agency; or

(C) was eligible to receive a payment under this section for the previous fiscal year and has had an increase in enrollment (as determined by the Secretary)—

(i) of not less than 10 percent of children described in subsection (a)(1) or not less than 100 of such children; and

(ii) that is the direct result of the closure of a local educational agency that received a payment under subsection (b)(1) or (b)(2) for the previous fiscal year.

**(d) Children with disabilities**

**(1) In general**

From the amount appropriated under section 7714(c) of this title for a fiscal year, the

Secretary shall pay to each eligible local educational agency, on a pro rata basis, the amounts determined by—

(A) multiplying the number of children described in subparagraphs (A)(ii), (B) and (C) of subsection (a)(1) who are eligible to receive services under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) by a factor of 1.0; and

(B) multiplying the number of children described in subparagraph (D) of subsection (a)(1) who are eligible to receive services under such Act by a factor of 0.5.

**(2) Use of funds**

A local educational agency that receives funds under paragraph (1) shall use such funds to provide a free appropriate public education to children described in paragraph (1) in accordance with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.).

**(e) Hold harmless**

**(1) In general**

In the case of any local educational agency eligible to receive a payment under subsection (b) whose calculated payment amount for a fiscal year is reduced by 20 percent, as compared to the amount received for the previous fiscal year, the Secretary shall pay the local educational agency, for the year of the reduction and the following 2 years, the amount determined under paragraph (2).

**(2) Amount of reduction**

Subject to paragraph (3), A local educational agency described in paragraph (1) shall receive—

(A) for the first year for which the reduced payment is determined, an amount that is not less than 90 percent of the total amount that the local educational agency received under subsection (b) for the previous fiscal year;

(B) for the second year following such reduction, an amount that is not less than 85 percent of the total amount that the local educational agency received under subparagraph (A); and

(C) for the third year following such reduction, an amount that is not less than 80 percent of the total amount that the local educational agency received under subparagraph (B).

**(3) Special rule**

For any fiscal year for which a local educational agency would receive a payment under subsection (b) in excess of the amount determined under paragraph (2), the payment received by the local educational agency for such fiscal year shall be calculated under paragraph (1) or (2) of subsection (b).

**(4) Ratable reductions**

**(A) In general**

If the sums made available under this chapter for any fiscal year are insufficient to pay the full amounts that all local educational agencies in all States are eligible to receive under paragraph (1) for such year, then the Secretary shall ratably reduce the payments to all such agencies for such year.

**(B) Additional funds**

If additional funds become available for making payments under paragraph (1) for such fiscal year, payments that were reduced under subparagraph (A) shall be increased on the same basis as such payments were reduced.

**(f) Other funds**

Notwithstanding any other provision of law, a local educational agency receiving funds under this section may also receive funds under section 386 of the National Defense Authorization Act for Fiscal Year 1993 or such section's successor authority.

### § 7709. State consideration of payments in providing State aid

#### (a) General prohibition

Except as provided in subsection (b), a State may not—

(1) consider payments under this subchapter in determining for any fiscal year—

(A) the eligibility of a local educational agency for State aid for free public education; or

<sup>1</sup> See References in Text note below.

(B) the amount of such aid; or

(2) make such aid available to local educational agencies in a manner that results in less State aid to any local educational agency that is eligible for such payment than such agency would receive if such agency were not so eligible.

**(b) State equalization plans**

**(1) In general**

A State may reduce State aid to a local educational agency that receives a payment under section 7702 or 7703(b) of this title (except the amount calculated in excess of 1.0 under section 7703(a)(2)(B) of this title and, with respect to a local educational agency that receives a payment under section 7703(b)(2) of this title, the amount in excess of the amount that the agency would receive if the agency were deemed to be an agency eligible to receive a payment under section 7703(b)(1) of this title and not section 7703(b)(2) of this title) for any fiscal year if the Secretary determines, and certifies under subsection (c)(3)(A), that the State has in effect a program of State aid that equalizes expenditures for free public education among local educational agencies in the State.

**(2) Computation**

**(A) In general**

For purposes of paragraph (1), a program of State aid equalizes expenditures among local educational agencies if, in the second fiscal year preceding the fiscal year for which the determination is made, the amount of per-pupil expenditures made by, or per-pupil revenues available to, the local educational agency in the State with the highest such per-pupil expenditures or revenues did not exceed the amount of such per-pupil expenditures made by, or per-pupil revenues available to, the local educational agency in the State with the lowest such expenditures or revenues by more than 25 percent.

**(B) Other factors**

In making a determination under this subsection, the Secretary shall—

(i) disregard local educational agencies with per-pupil expenditures or revenues above the 95th percentile or below the 5th percentile of such expenditures or revenues in the State; and

(ii) take into account the extent to which a program of State aid reflects the additional cost of providing free public education in particular types of local educational agencies, such as those that are geographically isolated, or to particular types of students, such as children with disabilities.

**(3) Exception**

Notwithstanding paragraph (2), if the Secretary determines that the State has substantially revised its program of State aid, the Secretary may certify such program for any fiscal year only if—

(A) the Secretary determines, on the basis of projected data, that the State's program

will meet the disparity standard described in paragraph (2) for the fiscal year for which the determination is made; and

(B) the State provides an assurance to the Secretary that, if final data do not demonstrate that the State's program met such standard for the fiscal year for which the determination is made, the State will pay to each affected local educational agency the amount by which the State reduced State aid to the local educational agency.

**(c) Procedures for review of State equalization plans**

**(1) Written notice**

**(A) In general**

Any State that wishes to consider payments described in subsection (b)(1) in providing State aid to local educational agencies shall submit to the Secretary, not later than 120 days before the beginning of the State's fiscal year, a written notice of such State's intention to do so.

**(B) Contents**

Such notice shall be in the form that the Secretary requires, including evidence that the State has notified each local educational agency in the State of such State's intention to consider such payments in providing State aid.

**(2) Opportunity to present views**

Before making a determination under subsection (b), the Secretary shall afford the State, and local educational agencies in the State, an opportunity to present their views.

**(3) Qualification procedures**

If the Secretary determines that a program of State aid qualifies under subsection (b), the Secretary shall—

(A) certify the program and so notify the State; and

(B) afford an opportunity for a hearing, in accordance with section 7711(a) of this title, to any local educational agency adversely affected by such certification.

**(4) Nonqualification procedures**

If the Secretary determines that a program of State aid does not qualify under subsection (b), the Secretary shall—

(A) so notify the State; and

(B) afford an opportunity for a hearing, in accordance with section 7711(a) of this title, to the State, and to any local educational agency adversely affected by such determination.

**(d) Treatment of State aid**

**(1) In general**

If a State has in effect a program of State aid for free public education for any fiscal year, which is designed to equalize expenditures for free public education among the local educational agencies of that State, payments under this subchapter for any fiscal year may be taken into consideration by such State in determining the relative—

(A) financial resources available to local educational agencies in that State; and

(B) financial need of such agencies for the provision of free public education for children served by such agency, except that a State may consider as local resources funds received under this subchapter only in proportion to the share that local tax revenues covered under a State equalization program are of total local tax revenues.

**(2) Prohibition**

A State may not take into consideration payments under this subchapter before such State's program of State aid has been certified by the Secretary under subsection (c)(3).

**(e) Remedies for State violations**

**(1) In general**

The Secretary or any aggrieved local educational agency may, not earlier than 150 days after an adverse determination by the Secretary against a State for violation of subsections (a) or (d)(2) or for failure to carry out an assurance under subsection (b)(3)(B), and if an administrative proceeding has not been concluded within such time, bring an action in a United States district court against such State for such violations or failure.

**(2) Immunity**

A State shall not be immune under the 11th amendment to the Constitution of the United States from an action described in paragraph (1).

**(3) Relief**

The court shall grant such relief as the court determines is appropriate.

#### (e) Civil penalties

##### (1) In general

Any failure to comply with a prohibition in this section shall be considered to be a violation of this section and any person subject to such prohibition who commits such violation may be liable to the United States for a civil penalty in an amount not to exceed \$1,000 for each violation, or may be subject to an administrative compliance order, or both, as determined by the Secretary. Each day a violation continues shall constitute a separate violation. In the case of any civil penalty assessed under this section, the total amount shall not exceed 50 percent of the amount of Federal funds received under any subchapter of this chapter by such person for the fiscal year in which the continuing violation occurred. **§ 9401. Purposes**

The purposes of this chapter are—

(1) to increase the availability of voluntary programs, services, and activities that support early childhood development, increase parent effectiveness, and promote the learning readiness of young children so that young children enter school ready to learn;

(2) to support parents, child care providers, and caregivers who want to incorporate early learning activities into the daily lives of young children;

(3) to remove barriers to the provision of an accessible system of early childhood learning programs in communities throughout the United States;

(4) to increase the availability and affordability of professional development activities and compensation for caregivers and child care providers; and

(5) to facilitate the development of community-based systems of collaborative service delivery models characterized by resource sharing, linkages between appropriate supports, and local planning for services.

#### SHORT TITLE; FINDINGS

Pub. L. 106-554, §1(a)(1) [title VIII, §801], Dec. 21, 2000, 114 Stat. 2763, 2763A-79, provided that:

“(a) SHORT TITLE.—This title [enacting this chapter] may be cited as the ‘Early Learning Opportunities Act’.

“(b) FINDINGS.—Congress finds that—

“(1) medical research demonstrates that adequate stimulation of a young child’s brain between birth and age 5 is critical to the physical development of the young child’s brain;

“(2) parents are the most significant and effective teachers of their children, and they alone are responsible for choosing the best early learning opportunities for their child;

“(3) parent education and parent involvement are critical to the success of any early learning program or activity;

“(4) the more intensively parents are involved in their child’s early learning, the greater the cognitive and noncognitive benefits to their children;

“(5) many parents have difficulty finding the information and support the parents seek to help their children grow to their full potential;

“(6) each day approximately 13,000,000 young children, including 6,000,000 infants or toddlers, spend some or all of their day being cared for by someone other than their parents;

“(7) quality early learning programs, including those designed to promote effective parenting, can increase the literacy rate, the secondary school graduation rate, the employment rate, and the college enrollment rate for children who have participated in voluntary early learning programs and activities;

“(8) early childhood interventions can yield substantial advantages to participants in terms of emotional and cognitive development, education, economic well-being, and health, with the latter two advantages applying to the children’s families as well;

“(9) participation in quality early learning programs, including those designed to promote effective parenting, can decrease the future incidence of teenage pregnancy, welfare dependency, at-risk behaviors, and juvenile delinquency for children;

“(10) several cost-benefit analysis studies indicate that for each \$1 invested in quality early learning programs, the Federal Government can save over \$5 by reducing the number of children and families who participate in Federal Government programs like special education and welfare;

“(11) for children placed in the care of others during the workday, the low salaries paid to the child care

staff, the lack of career progression for the staff, and the lack of child development specialists involved in early learning and child care programs, make it difficult to attract and retain the quality of staff necessary for a positive early learning experience;

“(12) Federal Government support for early learning has primarily focused on out-of-home care programs like those established under the Head Start Act [42 U.S.C. 9831 et seq.], the Child Care and Development Block Grant [Act] of 1990 [42 U.S.C. 9857 et seq.], and part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.], and these programs—

“(A) serve far fewer than half of all eligible children;

“(B) are not primarily designed to provide support for parents who care for their young children in the home; and

“(C) lack a means of coordinating early learning opportunities in each community; and

“(13) by helping communities increase, expand, and better coordinate early learning opportunities for children and their families, the productivity and creativity of future generations will be improved, and the Nation will be prepared for continued leadership in the 21st century.”

**(d) Sliding scale payments**

States and Local Councils receiving assistance under this chapter shall ensure that programs, services, and activities assisted under this chapter which customarily require a payment for such programs, services, or activities, adjust the cost of such programs, services, and activities provided to the individual or the individual’s child based on the individual’s ability to pay.

EX. ORD. NO. 13646. ESTABLISHING THE PRESIDENT'S ADVISORY COUNCIL ON FINANCIAL CAPABILITY FOR YOUNG AMERICANS

Ex. Ord. No. 13646, June 25, 2013, 78 F.R. 39159, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* To contribute to the Nation's future financial stability and increase upward economic mobility, it is the policy of the Federal Government to promote financial capability among young Americans and encourage building the financial capability of young people at an early stage in schools, families, communities, and the workplace. By starting early, young people can begin to learn the difference between wants and needs, the importance and power of saving, and the positive and productive role money can play in their lives. Having a basic understanding of money management from an early age will make our young people better equipped to tackle more complex financial decisions in their transition to adulthood, when critical decisions about financing higher education and saving for retirement can have lasting consequences for financial security. Strengthening the financial capability of our young people is an investment in our Nation's economic prosperity.

Financial capability is the capacity, based on knowledge, skills, and access, to manage financial resources prudently and effectively. Efforts to improve financial capability, which should be based on evidence of effectiveness, empower individuals to make informed choices, plan and set goals, avoid pitfalls, know where to seek help, and take other actions to better their present and long-term financial well-being.

SEC. 2. *Establishment of the Council.* There is established within the Department of the Treasury the President's Advisory Council on Financial Capability for Young Americans (Council).

SEC. 3. *Membership and Operation of the Council.* (a) The Council shall consist of:

(i) the Secretary of the Treasury (Secretary), and the Secretary of Education, who may designate a senior official from each of their respective departments to perform their Council duties; and

(ii) not more than 22 members appointed by the President from among individuals not employed by the Federal Government.

(b) Members of the Council shall include individuals with demonstrated experience or clear commitment to improving the financial capability of young people, such as individuals working with youth-serving organizations; educators and education policy experts; business leaders and employers of young workers; State, tribal, and local government policy makers; financial services providers; and innovators in financial capability. The composition of the Council shall reflect the views of diverse stakeholders.

(c) The Secretary shall invite the Director of the Bureau of Consumer Financial Protection to participate as a member of the Council, to the extent consistent with the Bureau's statutory authorities and legal obligations.

(d) The President shall designate a Chair and a Vice Chair from among the members of the Council appointed pursuant to subsection (a)(ii) of this section.

(e) Subject to the direction of the Secretary, the Chair shall convene and preside at meetings of the Council, determine its agenda, direct its work, and, as appropriate to deal with particular subjects, establish and direct the work of subgroups of the Council that shall consist exclusively of members of the Council.

(f) The Vice Chair shall perform:

(i) the duties of the Chair when the position of Chair is vacant; and

(ii) such other functions as the Chair may from time to time assign.

**SEC. 4. *Functions of the Council.*** To assist in implementing the policy set forth in section 1 of this order, the Council shall:

(a) collect information and views concerning financial capability from:

(i) executive departments and agencies (agencies), including members of the Financial Literacy and Education Commission established under title V of the Fair and Accurate Credit Transactions Act of 2003 (20 U.S.C. 9702);

(iii) financial capability innovators, educators and education policy experts, financial services providers, corporate leaders, and employers of young workers, as well as other experts;

(b) advise the President and the Secretary on means to effectively implement the policy set forth in section 1 of this order, including means to:

(i) build strong public-private partnerships between and among members of the Financial Literacy and Education Commission; other agencies; State, tribal, and local governments; and private entities to coordinate the use of high quality financial capability resources and practices in schools, families, communities, and elsewhere in order to build the financial capability of young Americans;

(ii) support ongoing research and evaluation of financial education and capability activities aimed at young people to determine and disseminate effective approaches;

(iii) effectively assess the financial capability, including both financial knowledge and financial behaviors, of young Americans;

(iv) identify and develop strategies to pilot financial capability approaches in schools and among young people that are likely to have significant effects on young Americans' financial capability, and determine ways to test and implement such innovations in a large-scale and sustainable manner;

(v) identify, develop, and measure the effectiveness of technology-driven approaches to promote financial capability among young people;

(vi) identify and test promising and tested approaches for increasing planning, saving, and investing for retirement by young people; and

(vii) promote the importance of starting to plan and act early for financial success broadly among Americans through public awareness campaigns or other means;

(c) periodically report to the President, through the Secretary, on:

(i) progress made in implementing the policy set forth in section 1 of this order; and

(ii) recommended means to further implement the policy set forth in section 1 of this order, including with respect to the matters set forth in subsection (b) of this section; and

(d) where appropriate in providing advice and recommendations, take into consideration the particular needs of traditionally underserved populations—including women and minorities.

(e) The Secretary shall designate an official within the Department of the Treasury to serve as an Executive Director to supervise the administrative support for the Council.

**SEC. 6. *Termination of the Council.*** Unless extended by the President, the Council shall terminate 2 years after the date of this order.

**SEC. 7. *General Provisions.*** (a) Insofar as the Federal Advisory Committee Act, as amended (5 U.S.C. App.) (the "Act"), may apply to the Council, any functions of the President under the Act, except for that of reporting to the Congress, shall be performed by the Secretary in accordance with the guidelines issued by the Administrator of General Services.

(b) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof, or the status of that department or agency within the Federal Government; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(d) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.
