Such effective date is Apr. 15, 2016, see 81 F.R. 14230.

§5331. Alcohol and controlled substances testing

(a) DEFINITIONS.—In this section—

(1) "controlled substance" means any substance under section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802) whose use the Secretary decides has a risk to transportation safety.

(2) "person" includes any entity organized or existing under the laws of the United States, a State, territory, or possession of the United States, or a foreign country.

(3) "public transportation" means any form of public transportation, except a form the Secretary

decides is covered adequately, for employee alcohol and controlled substances testing purposes, under section 20140 or 31306 of this title or section 2303a, 7101(i), or 7302(e) of title 46. The Secretary may also decide that a form of public transportation is covered adequately, for employee alcohol and controlled substances testing purposes, under the alcohol and controlled substance statutes or regulations of an agency within the Department of Transportation or the Coast Guard.

(b) **TESTING PROGRAM FOR PUBLIC TRANSPORTATION EMPLOYEES.**—(1)(A) In the interest of public transportation safety, the Secretary shall prescribe regulations that establish a program requiring public transportation operations that receive financial assistance under section 5307, 5309, or 5311 of this title to conduct preemployment, reasonable suspicion, random, and post-accident testing of public transportation employees responsible for safety-sensitive functions (as decided by the Secretary) for the use of a controlled substance in violation of law or a United States Government regulation, and to conduct reasonable suspicion, random, and post-accident testing of such employees for the use of alcohol in violation of law or a United States Government regulation. The regulations shall permit such operations to conduct preemployment testing of such employees for the use of alcohol.

(B) When the Secretary considers it appropriate in the interest of safety, the Secretary may prescribe regulations for conducting periodic recurring testing of public transportation employees responsible for safety-sensitive functions (as decided by the Secretary) for the use of alcohol or a controlled substance in violation of law or a Government regulation.

(2) In prescribing regulations under this subsection, the Secretary—

(A) shall require that post-accident testing of such a public transportation employee be conducted when loss of human life occurs in an accident involving public transportation; and

(B) may require that post-accident testing of such a public transportation employee be conducted when bodily injury or significant property damage occurs in any other serious accident involving public transportation.

(c) **DISQUALIFICATIONS FOR USE.**—(1) When the Secretary considers it appropriate, the Secretary shall require disqualification for an established period of time or dismissal of any employee referred to in subsection (b)(1) of this section who is found—

(A) to have used or been impaired by alcohol when on duty; or

(B) to have used a controlled substance, whether or not on duty, except as allowed for medical purposes by law or regulation.

(2) This section does not supersede any penalty applicable to a public transportation employee under another law.

(d) **TESTING AND LABORATORY REQUIREMENTS.**—In carrying out subsection (b) of this section, the Secretary shall develop requirements that shall—

(1) promote, to the maximum extent practicable, individual privacy in the collection of specimens;

(2) for laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any amendments to those guidelines, including mandatory guidelines establishing—

(A) comprehensive standards for every aspect of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this section, including standards requiring the use of the best available technology to ensure the complete reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimens collected for controlled substances testing;

(B) the minimum list of controlled substances for which individuals may be tested; and

(C) appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this section;

(3) require that a laboratory involved in controlled substances testing under this section have the capability and facility, at the laboratory, of performing screening and confirmation tests;

(4) provide that all tests indicating the use of alcohol or a controlled substance in violation of law or a Government regulation be confirmed by a scientifically recognized method of testing capable of providing quantitative information about alcohol or a controlled substance;

(5) provide that each specimen be subdivided, secured, and labeled in the presence of the tested individual and that a part of the specimen be retained in a secure manner to prevent the possibility of tampering, so that if the individual's confirmation test results are positive the individual has an opportunity to have the retained part tested by a 2d confirmation test done independently at another certified laboratory if the individual requests the 2d confirmation test not later than 3 days after being advised of the results of the first confirmation test;

(6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations that may be necessary and in consultation with the Secretary of Health and Human Services;

(7) provide for the confidentiality of test results and medical information (except information about alcohol or a controlled substance) of employees, except that this clause does not prevent the use of test results for the orderly imposition of appropriate sanctions under this section; and

(8) ensure that employees are selected for tests by nondiscriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

(e) **REHABILITATION.**—The Secretary shall prescribe regulations establishing requirements for rehabilitation programs that provide for the identification and opportunity for treatment of any public transportation employee referred to in subsection (b)(1) of this section who is found to have used alcohol or a controlled substance in violation of law or a Government regulation. The Secretary shall decide on the circumstances under which employees shall be required to participate in a program. This subsection does not prevent a public transportation operation from establishing a program under this section in cooperation with another public transportation operation.

(f) **RELATIONSHIP TO OTHER LAWS, REGULATIONS, STANDARDS, AND ORDERS.**—(1) A State or local government may not prescribe, issue, or continue in effect a law, regulation, standard, or order that is inconsistent with regulations prescribed under this section. However, a regulation prescribed under this section does not preempt a State criminal law that imposes sanctions for reckless conduct leading to loss of life, injury, or damage to property.

(2) In prescribing regulations under this section, the Secretary—

(A) shall establish only requirements that are consistent with international obligations of the United States; and

(B) shall consider applicable laws and regulations of foreign countries.

(g) **CONDITIONS ON FEDERAL ASSISTANCE.**—

(1) **INELIGIBILITY FOR ASSISTANCE.**—A person that receives funds under this chapter is not eligible for financial assistance under section 5307, 5309, or 5311 of this title if the person is required, under regulations the Secretary prescribes under this section, to establish a program of alcohol and controlled substances testing and does not establish the program in accordance with this section.

(2) **ADDITIONAL REMEDIES.**—If the Secretary determines that a person that receives funds under this chapter is not in compliance with regulations prescribed under this section, the Secretary may bar the person from receiving Federal transit assistance in an amount the Secretary considers appropriate.

5334(j)(2)	49 App.:1608(a) (1st sentence related to 12:1749a(d)).	

In subsections (c)–(f), and (j), the relevant substantive provisions of 12:1749a are substituted for "shall . . . have the functions, powers, and duties set forth in section 1749a of title 12, except subsections (c)(2) and (f) of such section" for clarity. The reference to subsection (c)(2) is omitted as obsolete because section 201(d)(1) of the Housing and Community Development Technical Amendments Act of 1984 (Public Law 98–479, 98 Stat. 2228) repealed 12:1749a(c)(2). The words "(in addition to any authority otherwise vested in him)" are omitted as surplus.

In subsection (a), the text of 49 App.:1608(a) (1st sentence related to 12:1749a(c)(8)) is omitted as obsolete. Before clause (1), the words "carrying out this chapter" are substituted for "the performance of, and with respect to, the functions, powers, and duties vested in him by this chapter" to eliminate unnecessary words. In clause (1), the words "(except terms the Secretary of Labor prescribes under section 5333(b) of this title)" are added for clarity because 49 App.:1608(a) only applies to the Secretary of Transportation and does not supersede the responsibility of the Secretary of Labor. In clause (3), the word "civil" is added for clarity. The words "contract, or other" are omitted as surplus. In clause (4), the words "bid for and . . . at any foreclosure or any other sale" are omitted as surplus. In clause (6), the words "at public or private sale", "real or personal", and "upon such terms as he may fix" are omitted as surplus. Clause (8) is substituted for 49 App.:1608(a) (1st sentence related to 12:1749a(c)(7)) to eliminate unnecessary words. In clause (9), the word "provisions" is omitted as surplus. The words "carry out this chapter" are substituted for "assure that the purposes of this subchapter will be achieved" to eliminate unnecessary words.

In subsection (b), the words "regulatory" and "regulatory proceeding" are substituted for "rulemaking" for consistency in the revised title and because "rule" and "regulation" are synonymous.

In subsection (b)(1), the words "Federal Transit Administration" are substituted for "Urban Mass Transportation Administration" because of section 3004(b) of the Intermodal Surface Transportation Efficiency Act of 1991 (Public Law 102–240, 105 Stat. 2088). The words "also" and "required by the first sentence of this paragraph" are omitted as surplus.

In subsection (c), before clause (1), the words "In the performance of, and with respect to, the functions, powers, and duties vested in him by this subchapter . . . notwithstanding the provisions of any other law" are omitted as surplus. In clause (1), the words "prepare . . . and" and "for wholly owned Government corporations" are omitted as surplus.

Subsection (d) is substituted for 49 App.:1608(a) (1st sentence related to 12:1749a(b) and last sentence) to eliminate unnecessary words.

In subsection (e), the words "such . . . as the making of loans" are omitted as surplus. The words "under this chapter" are added for clarity. The word "related" is substituted for "in connection with such financial

transactions" to eliminate unnecessary words. The words "approved by the Secretary" are omitted as surplus. The word "binding" is substituted for "final and conclusive" to eliminate unnecessary words. The words "and employees" are added for consistency in the revised title and with other titles of the United States Code.

In subsection (f), before clause (1), the words "in any way" are substituted for "complete, administer, remodel and convert, dispose of, lease and otherwise" to eliminate unnecessary words. In clause (1), the words "civil or criminal" are omitted as surplus. In clause (2), the words "political subdivision of a State" are substituted for "local" for consistency.

In subsection (g)(1), before clause (A), the words "facilities and equipment and other", "(including land)", and "first" are omitted as surplus.

In subsection (g)(3), the words "and not in lieu of" are omitted as surplus.

Subsection (i) is substituted for section 1(a)(1) (related to authority and functions reserved to Secretary of Housing and Urban Development) of Reorganization Plan No. 2 of 1968 to eliminate unnecessary words. The reference to 49 App.:1602(c)(1) is translated as a reference to 49 App.:1602(e)(1) because section 2(1) of the Urban Mass Transportation Assistance Act of 1970 (Public Law 91-453, 84 Stat. 962) redesignated subsection (c) as subsection (e). The references to 49 App.:1603(a) (1st sentence), 1604, and 1607c(b) and former 49 App.:1607a are omitted as obsolete because of section 103(a) of the National Mass Transportation Act of 1974 (Public Law 93-503, 88 Stat. 1567) and sections 303(b), 305(a), and 307 of the Federal Public Transportation Act of 1978 (Public Law 95-599, 92 Stat. 2737, 2743, 2747). Reference to 49 App.:1607c(c) is omitted because it was enacted after the Reorganization Plan and was not intended to be within the scope of the Plan.

Subsection (j)(1) is substituted for 49 App.:1608(a) (1st sentence related to 12:1749a(e)) to eliminate unnecessary words.

(1) 9.32 percent shall be apportioned each fiscal year only in urbanized areas with a population of less than 200,000 so that each of those areas is entitled to receive an amount equal to—

(A) 50 percent of the total amount apportioned multiplied by a ratio equal to the population of the area divided by the total population of all urbanized areas with populations of less than 200,000 as shown in the most recent decennial census; and

(B) 50 percent of the total amount apportioned multiplied by a ratio for the area based on population weighted by a factor, established by the Secretary, of the number of inhabitants in each square mile; and

(2) 90.68 percent shall be apportioned each fiscal year only in urbanized areas with populations of at least 200,000 as provided in subsections (b) and (c) of this section.

(b) **BASED ON FIXED GUIDEWAY VEHICLE REVENUE MILES, DIRECTIONAL ROUTE MILES, AND PASSENGER MILES.**—(1) In this subsection, "fixed guideway vehicle revenue miles" and "fixed guideway directional route miles" include passenger ferry operations directly or under contract by the designated recipient.

that each urbanized area with a population of at least 200,000 is entitled to receive an amount equal to—

(i) 60 percent of the 95.61 percent apportioned under this subparagraph multiplied by a ratio equal to the number of fixed guideway vehicle revenue miles attributable to the area, as established by the Secretary, divided by the total number of all fixed guideway vehicle revenue miles attributable to all areas; and

(ii) 40 percent of the 95.61 percent apportioned under this subparagraph multiplied by a ratio equal to the number of fixed guideway directional route miles attributable to the area, established by the Secretary, divided by the total number of all fixed guideway directional route miles attributable to all areas.

(C) Under subparagraph (A) of this paragraph, fixed guideway vehicle revenue or directional route miles, and passengers served on those miles, in an urbanized area with a population of less than 200,000, where the miles and passengers served otherwise would be attributable to an urbanized area with a population of at least 1,000,000 in an adjacent State, are attributable to the governmental authority in the State in which the urbanized area with a population of less than 200,000 is located. The authority is deemed an urbanized area with a population of at least 200,000 if the authority makes a contract for the service.

(D) A recipient's apportionment under subparagraph (A)(i) of this paragraph may not be reduced if the recipient, after satisfying the Secretary that energy or operating efficiencies would be achieved, reduces vehicle revenue miles but provides the same frequency of revenue service to the same number of riders.

(E) For purposes of subparagraph (A) and section 5337(c)(3), the Secretary shall deem to be attributable to an urbanized area not less than 27 percent of the fixed guideway vehicle revenue miles or fixed guideway directional route miles in the public transportation system of a recipient that are located outside the urbanized area for which the recipient receives funds, in addition to the fixed guideway vehicle revenue miles or fixed guideway directional route miles of the recipient that are located inside the urbanized area.

area divided by the total bus vehicle revenue miles attributable to all areas;

(ii) 25 percent of the 73.39 percent apportioned under this subparagraph multiplied by a ratio equal to the population of the area divided by the total population of all areas, as shown in the most recent decennial census; and

(iii) 25 percent of the 73.39 percent apportioned under this subparagraph multiplied by a ratio for the area based on population weighted by a factor, established by the Secretary, of the number of inhabitants in each square mile.

(B) 26.61 percent of the 90.8 percent apportioned under this paragraph shall be apportioned so that each urbanized area with a population of at least 200,000 but not more than 999,999 is entitled to receive an amount equal to—

(i) 50 percent of the 26.61 percent apportioned under this subparagraph multiplied by a ratio equal to the total bus vehicle revenue miles operated in or directly serving the urbanized area divided by the total bus vehicle revenue miles attributable to all areas;

(ii) 25 percent of the 26.61 percent apportioned under this subparagraph multiplied by a ratio equal to the population of the area divided by the total population of all areas, as shown by the most recent decennial census; and

(iii) 25 percent of the 26.61 percent apportioned under this subparagraph multiplied by a ratio for the area based on population weighted by a factor, established by the Secretary, of the number of inhabitants in each square mile.

§5340. Apportionments based on growing States and high density States formula factors

(a) **DEFINITION.**—In this section, the term "State" shall mean each of the 50 States of the United States.

(b) **ALLOCATION.**—The Secretary shall apportion the amounts made available under section 5338(b)(2)(N) ¹ in accordance with subsection (c) and subsection (d).

(c) **GROWING STATE APPORTIONMENTS.**—

(1) **APPORTIONMENT AMONG STATES.**—The amounts apportioned under subsection (b)(1) shall provide each State with an amount equal to the total amount apportioned multiplied by a ratio equal to the population of that State forecast for the year that is 15 years after the most recent decennial census, divided by the total population of all States forecast for the year that is 15 years after the most recent decennial census. Such forecast shall be based on the population trend for each State between the most recent decennial census and the most recent estimate of population made by the Secretary of Commerce.

(2) **APPORTIONMENTS BETWEEN URBANIZED AREAS AND OTHER THAN**

URBANIZED AREAS IN EACH STATE.—

(A) IN GENERAL.—The Secretary shall apportion amounts to each State under paragraph (1) so that urbanized areas in that State receive an amount equal to the amount apportioned to that State multiplied by a ratio equal to the sum of the forecast population of all urbanized areas in that State divided by the total forecast population of that State. In making the apportionment under this subparagraph, the Secretary shall utilize any available forecasts made by the State. If no forecasts are available, the Secretary shall utilize data on urbanized areas and total population from the most recent decennial census.

(B) REMAINING AMOUNTS.—Amounts remaining for each State after apportionment under subparagraph (A) shall be apportioned to that State and added to the amount made available for grants under section 5311.

(3) APPORTIONMENTS AMONG URBANIZED AREAS IN EACH STATE.—The Secretary shall apportion amounts made available to urbanized areas in each State under paragraph (2)(A) so that each urbanized area receives an amount equal to the amount apportioned under paragraph (2)(A) multiplied by a ratio equal to the population of each urbanized area divided by the sum of populations of all urbanized areas in the State. Amounts apportioned to each urbanized area shall be added to amounts apportioned to that urbanized area under section 5336, and made available for grants under section 5307.

(d) HIGH DENSITY STATE APPORTIONMENTS.—Amounts to be apportioned under subsection (b)(2) shall be apportioned as follows:

(1) ELIGIBLE STATES.—The Secretary shall designate as eligible for an apportionment under this subsection all States with a population density in excess of 370 persons per square mile.

(2) STATE URBANIZED LAND FACTOR.—For each State qualifying for an apportionment under paragraph (1), the Secretary shall calculate an amount equal to—

(A) the total land area of the State (in square miles); multiplied by

(B) 370; multiplied by

(C)(i) the population of the State in urbanized areas; divided by

(ii) the total population of the State.

(3) STATE APPORTIONMENT FACTOR.—For each State qualifying for an apportionment under paragraph (1), the Secretary shall calculate an amount equal to the difference between the total population of the State less the amount calculated in paragraph (2).

(4) STATE APPORTIONMENT.—Each State qualifying for an apportionment under paragraph (1) shall receive an amount equal to the amount to be apportioned under this subsection multiplied by the amount calculated for the State under paragraph (3) divided by the sum of the amounts calculated under paragraph (3) for all States qualifying for an apportionment under paragraph (1).

(5) APPORTIONMENTS AMONG URBANIZED AREAS IN EACH STATE.—The Secretary shall apportion amounts made available to each State under paragraph (4) so that each urbanized area receives an amount equal to the amount apportioned under paragraph (4) multiplied by a ratio equal to the population of each urbanized area divided by the sum of populations of all urbanized areas in the State. Amounts apportioned to each urbanized area shall be added to amounts apportioned to that urbanized area under section 5336, and made available for grants under section 5307.

SUBCHAPTER I—GENERAL

§5501. National Intermodal Transportation System policy

(a) GENERAL.—It is the policy of the United States Government to develop a National Intermodal Transportation System that is economically efficient and environmentally sound, provides the foundation for the United States to compete in the global economy, and will move individuals and property in an energy efficient way.

(b) SYSTEM CHARACTERISTICS.—(1) The National Intermodal Transportation System shall consist of all forms of transportation in a unified, interconnected manner, including the transportation systems of the future, to reduce energy consumption and air pollution while promoting economic development and supporting the United States' preeminent position in international commerce.

(2) The National Intermodal Transportation System shall include a National Highway System consisting of the Dwight D. Eisenhower System of Interstate and Defense Highways and those principal arterial roads that are essential for interstate and regional commerce and travel, national defense, intermodal transfer facilities, and international commerce and border crossings.

(3) The National Intermodal Transportation System shall include significant improvements in public transportation necessary to achieve national goals for improved air quality, energy conservation, international competitiveness, and mobility for elderly individuals, individuals with disabilities, and economically disadvantaged individuals in urban and rural areas of the United States.

(4) The National Intermodal Transportation System shall provide improved access to ports and airports, the Nation's link to commerce.

(5) The National Intermodal Transportation System shall give special emphasis to the contributions of the transportation sectors to increased productivity growth. Social benefits must be considered with particular attention to the external benefits of reduced air pollution, reduced traffic congestion, and other aspects of the quality of life in the United States.

(6) The National Intermodal Transportation System must be operated and maintained with insistent attention to the concepts of innovation, competition, energy efficiency, productivity, growth, and accountability. Practices that resulted in the lengthy and overly costly construction of the Dwight D. Eisenhower System of Interstate and Defense Highways must be confronted and stopped.

(7) The National Intermodal Transportation System shall be adapted to "intelligent vehicles", "magnetic levitation systems", and other new technologies, wherever feasible and economical, with benefit cost estimates given special emphasis on safety considerations and techniques for cost allocation.

(8) When appropriate, the National Intermodal Transportation System will be financed, as regards Government apportionments and reimbursements, by the Highway Trust Fund. Financial assistance will be provided to State and local governments and their instrumentalities to help carry out national goals related to mobility for elderly individuals, individuals with disabilities, and economically disadvantaged individuals.

(9) The National Intermodal Transportation System must be the centerpiece of a national investment commitment to create the new wealth of the United States for the 21st century.

(c) DISTRIBUTION AND POSTING.—The Secretary of Transportation shall distribute copies of the policy in subsections (a) and (b) of this section to each employee of the Department of Transportation and ensure that the policy is posted in all offices of the Department.

(3) "carrier" means—

(A) a motor carrier, water carrier, and rail carrier providing transportation of property in commerce; and

(B) an ocean common carrier (as defined in section 40102 of title 46) providing transportation of property in commerce.

This chapter restates 49:508 and the relevant definitions in 49:501 because the subject matter more appropriately belongs in subtitle III of title 49. The text of 49:501(a)(1) is restated to incorporate the

definitions in 49:10102. The terms defined in 49:501(a)(2) and (3) are not used in this chapter.

In clause (2), the word "including" is substituted for "For purposes of this paragraph . . . shall be treated as a beneficial owner of such property" for consistency and to eliminate unnecessary words. The words "is not a beneficial owner only because of providing or arranging for any part of the intermodal transportation of property" are substituted for "providing or arranging for any portion of intermodal transportation of property shall in no case be a beneficial owner of such property, for purposes of this paragraph, solely by reason of providing or arranging for such transportation" to eliminate unnecessary words.

In clause (3)(A), the words "(as such terms are defined in section 10102 of this title)" are omitted as unnecessary because of clause (1) of this section.

In clause (7), the words "property-carrying" are substituted for "cargo carrying" for consistency in the revised title.

AMENDMENTS

2006—Par. (3)(B). Pub. L. 109–304 substituted "section 40102 of title 46" for "section 3 of the Shipping Act of 1984 (46 App. U.S.C. 1702)".

1996—Par. (1). Pub. L. 104–291, §203(1), added par. (1) and struck out former par. (1) which read as follows: "the definitions in section 10102 of this title apply."

Pars. (6) to (8). Pub. L. 104–291, §203(2), (3), added par. (6) and redesignated former pars. (6) and (7) as (7) and (8), respectively.

§5902. Notifications and certifications

(a) **PRIOR NOTIFICATION.**—If the first carrier to which any loaded container or trailer having a projected gross cargo weight of more than 29,000 pounds is tendered for intermodal transportation is a motor carrier, the person tendering the container or trailer shall give the motor carrier a notification of the gross cargo weight and a reasonable description of the contents of the container or trailer before the tendering of the container or trailer. The notification may be transmitted electronically or by telephone. This subsection applies to any person within the United States who tenders a container or trailer subject to this chapter for intermodal transportation if the first carrier is a motor carrier.

(b) **CERTIFICATION.**—

(1) **IN GENERAL.**—A person who tenders a loaded container or trailer with an actual gross cargo weight of more than 29,000 pounds to a first carrier for intermodal transportation shall provide a certification of the contents of the container or trailer in writing, or electronically, before or when the container or trailer is so tendered.

(2) **CONTENTS OF CERTIFICATION.**—The certification required by paragraph (1) shall include—

- (A) the actual gross cargo weight;
- (B) a reasonable description of the contents of the container or trailer;
- (C) the identity of the certifying party;
- (D) the container or trailer number; and
- (E) the date of certification or transfer of data to another document, as provided for in paragraph (3).

(3) **TRANSFER OF CERTIFICATION DATA.**—A carrier who receives a certification may transfer the information contained in the certification to another document or to electronic format for forwarding to a subsequent carrier. The person transferring the information shall state on the forwarded document the date on which the data was transferred and the identity of the party who performed the transfer.

(4) **SHIPPING DOCUMENTS.**—For purposes of this chapter, a shipping document, prepared by the person who tenders a container or trailer to a first carrier, that contains the information required by paragraph (2) meets the requirements of paragraph (1).

(5) **USE OF "FREIGHT ALL KINDS" TERM.**—The term "Freight All Kinds" or "FAK" may

not be used for the purpose of certification under section 5902(b) after December 31, 2000, as a commodity description for a trailer or container if the weight of any commodity in the trailer or container equals or exceeds 20 percent of the total weight of the contents of the trailer or container. This subsection does not prohibit the use of the term after that date for rating purposes.

(6) **SEPARATE DOCUMENT MARKING.**—If a separate document is used to meet the requirements of paragraph (1), it shall be conspicuously marked "INTERMODAL CERTIFICATION".

(7) **APPLICABILITY.**—This subsection applies to any person, domestic or foreign, who first tenders a container or trailer subject to this chapter for intermodal transportation within the United States.

(c) **FORWARDING CERTIFICATIONS TO SUBSEQUENT CARRIERS.**—A carrier, agent of a carrier, broker, customs broker, freight forwarder, warehouse, or terminal operator shall forward the certification provided under subsection (b) of this section to a subsequent carrier transporting the container or trailer in intermodal transportation before or when the loaded intermodal container or trailer is tendered to the subsequent carrier. If no certification is received by the subsequent carrier before or when the container or trailer is tendered to it, the subsequent carrier may presume that no certification is required. The act of forwarding the certification may not be construed as a verification or affirmation of the accuracy or completeness of the information in the certification. If a person inaccurately transfers the information on the certification, or fails to forward the certification to a subsequent carrier, then that person is liable to any person who incurs any bond, fine, penalty, cost (including storage), or interest for any such fine, penalty, cost (including storage), or interest incurred as a result of the inaccurate transfer of information or failure to forward the certification. A subsequent carrier who incurs a bond, fine, penalty, or cost (including storage), or interest as a result of the inaccurate transfer of the information, or the failure to forward the certification, shall have a lien against the contents of the container or trailer under section 5905 in the amount of the bond, fine, penalty, or cost (including storage), or interest and all court costs and legal fees incurred by the carrier as a result of such inaccurate transfer or failure.

(d) **LIABILITY TO OWNER OR BENEFICIAL OWNER.**—If—

(1) a person inaccurately transfers information on a certification required by subsection (b)(1), or fails to forward a certification to the subsequent carrier;

(2) as a result of the inaccurate transfer of such information or a failure to forward a certification, the subsequent carrier incurs a bond, fine, penalty, or cost (including storage), or interest; and

(3) that subsequent carrier exercises its rights to a lien under section 5905,

then that person is liable to the owner or beneficial owner, or to any other person paying the amount of the lien to the subsequent carrier, for the amount of the lien and all costs related to the imposition of the lien, including court costs and legal fees incurred in connection with it.

(e) **NONAPPLICATION.**—(1) The notification and certification requirements of subsections (a) and (b) of this section do not apply to any intermodal container or trailer containing consolidated shipments loaded by a motor carrier if that motor carrier—

(A) performs the highway portion of the intermodal movement; or

(B) assumes the responsibility for any weight-related fine or penalty incurred by any other motor carrier that performs a part of the highway transportation.

(2) Subsections (a) and (b) of this section and section 5903(c) of this title do not apply to a carrier when the carrier is transferring a loaded container or trailer to another carrier during intermodal transportation, unless the carrier is also the person tendering the loaded container or trailer to the first carrier.

(3) A carrier, agent of a carrier, broker, customs broker, freight forwarder, warehouse, or terminal operator is deemed not to be a person tendering a loaded container or trailer to a first carrier under this section, unless the carrier, agent, broker, customs broker, freight forwarder, warehouse, or

terminal operator assumes legal responsibility for loading property into the container or trailer.

- (b) TRANSPORTING PRIOR TO RECEIVING CERTIFICATION.—
- (1) PRESUMPTION.—If no certification is received by a motor carrier before or when a loaded intermodal container or trailer is tendered to it, the motor carrier may presume that the gross cargo weight of the container or trailer is less than 29,001 pounds.
- (2) COPY OF CERTIFICATION NOT REQUIRED TO ACCOMPANY CONTAINER OR TRAILER.—Notwithstanding any other provision of this chapter to the contrary, a copy of the certification required by section 5902(b) is not required to accompany the intermodal container or trailer.
- (c) UNLAWFUL COERCION.—(1) A person may not coerce or attempt to coerce a person participating in intermodal transportation to transport a loaded container or trailer having an actual gross cargo weight of more than 29,000 pounds before the certification required by section 5902(b) of this title is provided.
- (2) A person, knowing that the weight of a loaded container or trailer or the weight of a tractor-trailer combination carrying the container or trailer is more than the weight allowed by applicable State law, may not coerce or attempt to coerce a carrier to transport the container or trailer or to operate the tractor-trailer combination in violation of that State law.
- (d) NOTICE TO LEASED OPERATORS.—
- (1) IN GENERAL.—If a motor carrier knows that the gross cargo weight of an intermodal container or trailer subject to the certification requirements of section 5902(b) would result in a violation of applicable State gross vehicle weight laws, then—
- (A) the motor carrier shall give notice to the operator of a vehicle which is leased by the vehicle operator to a motor carrier that transports an intermodal container or trailer of the gross cargo weight of the container or trailer as certified to the motor carrier under section 5902(b);
- (B) the notice shall be provided to the operator prior to the operator being tendered the container or trailer;
- (C) the notice required by this subsection shall be in writing, but may be transmitted electronically; and
- (D) the motor carrier shall bear the burden of proof to establish that it tendered the required notice to the operator.
- (2) REIMBURSEMENT.—If the operator of a leased vehicle transporting a container or trailer subject to this chapter is fined because of a violation of a State's gross vehicle weight laws or regulations and the lessee motor carrier cannot establish that it tendered to the operator the notice required by paragraph (1) of this subsection, then the operator shall be entitled to reimbursement from the motor carrier in the amount of any fine and court costs resulting from the failure of the motor carrier to tender the notice to the operator.

§5905. Liens

(a) GENERAL.—If a person involved in the intermodal transportation of a loaded container or trailer for which a certification is required by section 5902(b) of this title is required, because of a violation of a State's gross vehicle weight laws or regulations, to post a bond or pay a fine, penalty, cost (including storage), or interest resulting from—

For transfer of duties, powers, and authority of Research and Special Programs Administration under this chapter to the Administrator of the Pipeline and Hazardous Materials Safety Administration, see section 2(b) of Pub. L. 108–426, set out as a note under section 108 of this title.

CONGRESSIONAL FINDINGS

Pub. L. 105–178, title VII, §7301, June 9, 1998, 112 Stat. 477, provided that: "Congress finds that—

"(1) unintentional damage to underground facilities during excavation is a significant cause of disruptions in telecommunications, water supply, electric power, and other vital public services, such as hospital and air traffic control operations, and is a leading cause of natural gas and hazardous liquid pipeline accidents;

"(2) excavation that is performed without prior notification to an underground facility operator or with inaccurate or untimely marking of such a facility prior to excavation can cause damage that results in fatalities, serious injuries, harm to the environment and disruption of vital services to the public; and

"(3) protection of the public and the environment from the consequences of underground facility damage caused by excavations will be enhanced by a coordinated national effort to improve one-call notification programs in each State and the effectiveness and efficiency of one-call notification systems that operate under such programs."

§6102. Definitions

In this chapter, the following definitions apply:

(1) **ONE-CALL NOTIFICATION SYSTEM.**—The term "one-call notification system" means a system operated by an organization that has as 1 of its purposes to receive notification from excavators of intended excavation in a specified area in order to disseminate such notification to underground facility operators that are members of the system so that such operators can locate and mark their facilities in order to prevent damage to underground facilities in the course of such excavation.

(2) **STATE ONE-CALL NOTIFICATION PROGRAM.**—The term "State one-call notification program" means the State statutes, regulations, orders, judicial decisions, and other elements of law and policy in effect in a State that establish the requirements for the operation of one-call notification systems in such State.

(3) **STATE.**—The term "State" means a State, the District of Columbia, and Puerto Rico.

(4) **SECRETARY.**—The term "Secretary" means the Secretary of Transportation.

(Added Pub. L. 105–178, title VII, §7302(a), June 9, 1998, 112 Stat. 478.)

§6103. Minimum standards for State one-call notification programs

(a) **MINIMUM STANDARDS.**—

(1) **IN GENERAL.**—In order to qualify for a grant under section 6106, a State one-call notification program, at a minimum, shall provide for—

(A) appropriate participation by all underground facility operators, including all government

operators;

(B) appropriate participation by all excavators, including all government and contract excavators; and

(C) flexible and effective enforcement under State law with respect to participation in, and use of, one-call notification systems.

(2) **EXEMPTIONS PROHIBITED.**—In order to qualify for a grant under section 6106, a State one-call notification program may not exempt municipalities, State agencies, or their contractors from the one-call notification system requirements of the program.

(b) **APPROPRIATE PARTICIPATION.**—In determining the appropriate extent of participation required for types of underground facilities or excavators under subsection (a), a State shall assess, rank, and take into consideration the risks to the public safety, the environment, excavators, and vital public services associated with—

(1) damage to types of underground facilities; and

(2) activities of types of excavators.

(c) **IMPLEMENTATION.**—A State one-call notification program also shall, at a minimum, provide for and document—

(1) consideration of the ranking of risks under subsection (b) in the enforcement of its provisions;

(2) a reasonable relationship between the benefits of one-call notification and the cost of implementing and complying with the requirements of the State one-call notification program; and

(3) voluntary participation where the State determines that a type of underground facility or an activity of a type of excavator poses a de minimis risk to public safety or the environment.

(d) **PENALTIES.**—To the extent the State determines appropriate and necessary to achieve the purposes of this chapter, a State one-call notification program shall, at a minimum, provide for—

(1) administrative or civil penalties commensurate with the seriousness of a violation by an excavator or facility owner of a State one-call notification program;

(2) increased penalties for parties that repeatedly damage underground facilities because they fail to use one-call notification systems or for parties that repeatedly fail to provide timely and accurate marking after the required call has been made to a one-call notification system;

(3) reduced or waived penalties for a violation of a requirement of a State one-call notification program that results in, or could result in, damage that is promptly reported by the violator;

(4) equitable relief; and

(5) citation of violations.

(Added Pub. L. 105–178, title VII, §7302(a), June 9, 1998, 112 Stat. 479; amended Pub. L. 107–355, §2(a), Dec. 17, 2002, 116 Stat. 2985; Pub. L. 112–90, §3(a), Jan. 3, 2012, 125 Stat. 1906.)

(2) Based on the review under paragraph (1), the Secretary shall determine whether the State's one-call notification program meets the minimum standards for such a program set forth in section 6103 in order to qualify for a grant under section 6106.

(3) In order to expedite compliance under this section, the Secretary may consult with the State as to whether an existing State one-call notification program, a specific modification thereof, or a proposed State program would result in a positive determination under paragraph (2).

(4) The Secretary shall prescribe the form and manner of filing an application under this section that shall provide sufficient information about a State's one-call notification program for the Secretary to evaluate its overall effectiveness. Such information may include the nature and reasons for exceptions from required participation, the types of enforcement available, and such other information as the Secretary deems necessary.

CHAPTER 101—GENERAL PROVISIONS

Sec.

- 10101. Rail transportation policy.
- 10102. Definitions.

§10101. Rail transportation policy

In regulating the railroad industry, it is the policy of the United States Government—

(1) to allow, to the maximum extent possible, competition and the demand for services to establish reasonable rates for transportation by rail;

(2) to minimize the need for Federal regulatory control over the rail transportation system and to require fair and expeditious regulatory decisions when regulation is required;

(3) to promote a safe and efficient rail transportation system by allowing rail carriers to earn adequate revenues, as determined by the Board;

(4) to ensure the development and continuation of a sound rail transportation system with effective competition among rail carriers and with other modes, to meet the needs of the public and the national defense;

(5) to foster sound economic conditions in transportation and to ensure effective competition and coordination between rail carriers and other modes;

(6) to maintain reasonable rates where there is an absence of effective competition and where rail rates provide revenues which exceed the amount necessary to maintain the rail system and to attract capital;

(7) to reduce regulatory barriers to entry into and exit from the industry;

(8) to operate transportation facilities and equipment without detriment to the public health and safety;

(9) to encourage honest and efficient management of railroads;

(10) to require rail carriers, to the maximum extent practicable, to rely on individual rate increases, and to limit the use of increases of general applicability;

(11) to encourage fair wages and safe and suitable working conditions in the railroad industry;

(12) to prohibit predatory pricing and practices, to avoid undue concentrations of market power, and to prohibit unlawful discrimination;

(13) to ensure the availability of accurate cost information in regulatory proceedings, while

minimizing the burden on rail carriers of developing and maintaining the capability of providing such information;

(14) to encourage and promote energy conservation; and

(15) to provide for the expeditious handling and resolution of all proceedings required or permitted to be brought under this part.

Interstate Commerce Commission abolished by section 101 of Pub. L. 104-88, set out as a note under section 1301 of this title.

§10502. Authority to exempt rail carrier transportation

(a) In a matter related to a rail carrier providing transportation subject to the jurisdiction of the Board under this part, the Board, to the maximum extent consistent with this part, shall exempt a person, class of persons, or a transaction or service whenever the Board finds that the application in whole or in part of a provision of this part—

(1) is not necessary to carry out the transportation policy of section 10101 of this title; and

(2) either—

(A) the transaction or service is of limited scope; or

(B) the application in whole or in part of the provision is not needed to protect shippers from the abuse of market power.

(b) The Board may, where appropriate, begin a proceeding under this section on its own initiative or on application by the Secretary of Transportation or an interested party. The Board shall, within 90 days after receipt of any such application, determine whether to begin an appropriate proceeding. If the Board decides not to begin a class exemption proceeding, the reasons for the decision shall be published in the Federal Register. Any proceeding begun as a result of an application under this subsection shall be completed within 9 months after it is begun.

(c) The Board may specify the period of time during which an exemption granted under this section is effective.

(d) The Board may revoke an exemption, to the extent it specifies, when it finds that application in whole or in part of a provision of this part to the person, class, or transportation is necessary to carry out the transportation policy of section 10101 of this title. The Board shall, within 90 days after receipt of a request for revocation under this subsection, determine whether to begin an appropriate proceeding. If the Board decides not to begin a proceeding to revoke a class exemption, the reasons for the decision shall be published in the Federal Register. Any proceeding begun as a result of a request under this subsection shall be completed within 9 months after it is begun.

(f) The Board may exercise its authority under this section to exempt transportation that is provided by a rail carrier as part of a continuous intermodal movement.

SUBCHAPTER I—GENERAL AUTHORITY

§10701. Standards for rates, classifications, through routes, rules, and practices

(a) A through route established by a rail carrier must be reasonable. Divisions of joint rates by rail carriers must be made without unreasonable discrimination against a participating carrier and must be reasonable.

(b) A rail carrier providing transportation subject to the jurisdiction of the Board under this part may not discriminate in its rates against a connecting line of another rail carrier providing transportation subject to the jurisdiction of the Board under this part or unreasonably discriminate against that line in the distribution of traffic that is not routed specifically by the shipper.

(c) Except as provided in subsection (d) of this section and unless a rate is prohibited by a provision of this part, a rail carrier providing transportation subject to the jurisdiction of the Board under this part may establish any rate for transportation or other service provided by the rail carrier.

(d)(1) If the Board determines, under section 10707 of this title, that a rail carrier has market dominance over the transportation to which a particular rate applies, the rate established by such carrier for such transportation must be reasonable.

(2) In determining whether a rate established by a rail carrier is reasonable for purposes of this section, the Board shall give due consideration to—

(A) the amount of traffic which is transported at revenues which do not contribute to going concern value and the efforts made to minimize such traffic;

(B) the amount of traffic which contributes only marginally to fixed costs and the extent to which, if any, rates on such traffic can be changed to maximize the revenues from such traffic; and

(C) the carrier's mix of rail traffic to determine whether one commodity is paying an unreasonable share of the carrier's overall revenues,

recognizing the policy of this part that rail carriers shall earn adequate revenues, as established by the Board under section 10704(a)(2) of this title.

(3) The Board shall maintain 1 or more simplified and expedited methods for determining the reasonableness of challenged rates in those cases in which a full stand-alone cost presentation is too costly, given the value of the case.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§10704. Authority and criteria: rates, classifications, rules, and practices prescribed by Board

(a)(1) When the Board, after a full hearing, decides that a rate charged or collected by a rail carrier for transportation subject to the jurisdiction of the Board under this part, or that a classification, rule, or practice of that carrier, does or will violate this part, the Board may prescribe the maximum rate, classification, rule, or practice to be followed. The Board may order the carrier to stop the violation. When a rate, classification, rule, or practice is prescribed under this subsection, the affected carrier may not publish, charge, or collect a different rate and shall adopt the classification and observe the rule or practice prescribed by the Board.

(2) The Board shall maintain and revise as necessary standards and procedures for establishing revenue levels for rail carriers providing transportation subject to its jurisdiction under this part that are adequate, under honest, economical, and efficient management, for the infrastructure and investment needed to meet the present and future demand for rail services and to cover total operating expenses, including depreciation and obsolescence, plus a reasonable and economic profit

or return (or both) on capital employed in the business. The Board shall make an adequate and continuing effort to assist those carriers in attaining revenue levels prescribed under this paragraph. Revenue levels established under this paragraph should—

(A) provide a flow of net income plus depreciation adequate to support prudent capital outlays, assure the repayment of a reasonable level of debt, permit the raising of needed equity capital, and cover the effects of inflation; and

(B) attract and retain capital in amounts adequate to provide a sound transportation system in the United States.

(3) On the basis of the standards and procedures described in paragraph (2), the Board shall annually determine which rail carriers are earning adequate revenues.

(b) The Board may begin a proceeding under this section only on complaint. A complaint under subsection (a) of this section must be made under section 11701 of this title, but the proceeding may also be in extension of a complaint pending before the Board.

(c) In a proceeding to challenge the reasonableness of a rate, the Board shall make its determination as to the reasonableness of the challenged rate—

(1) within 9 months after the close of the administrative record if the determination is based upon a stand-alone cost presentation; or

(2) within 6 months after the close of the administrative record if the determination is based upon the methodology adopted by the Board pursuant to section 10701(d)(3).

(d)(1) The Board shall maintain procedures to ensure the expeditious handling of challenges to the reasonableness of railroad rates. The procedures shall include appropriate measures for avoiding delay in the discovery and evidentiary phases of such proceedings and exemption or revocation proceedings, including appropriate sanctions for such delay, and for ensuring prompt disposition of motions and interlocutory administrative appeals.

(2)(A) Except as provided under subparagraph (B), in a stand-alone cost rate challenge, the Board shall comply with the following timeline:

(i) Discovery shall be completed not later than 150 days after the date on which the challenge is initiated.

(ii) The development of the evidentiary record shall be completed not later than 155 days after the date on which discovery is completed under clause (i).

(iii) The closing brief shall be submitted not later than 60 days after the date on which the development of the evidentiary record is completed under clause (ii).

(iv) A final Board decision shall be issued not later than 180 days after the date on which the evidentiary record is completed under clause (ii).

(B) The Board may extend a timeline under subparagraph (A) after a request from any party or in the interest of due process.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§10705. Authority: through routes, joint classifications, rates, and divisions prescribed by Board

(a)(1) The Board may, and shall when it considers it desirable in the public interest, prescribe through routes, joint classifications, joint rates, the division of joint rates, and the conditions under which those routes must be operated, for a rail carrier providing transportation subject to the jurisdiction of the Board under this part.

(2) The Board may require a rail carrier to include in a through route substantially less than the entire length of its railroad and any intermediate railroad operated with it under common management or control if that intermediate railroad lies between the terminals of the through route only when—

(A) required under section 10741, 10742, or 11102 of this title;

(B) inclusion of those lines would make the through route unreasonably long when compared with a practicable alternative through route that could be established; or

(C) the Board decides that the proposed through route is needed to provide adequate, and more efficient or economic, transportation.

The Board shall give reasonable preference, subject to this subsection, to the rail carrier originating the traffic when prescribing through routes.

(b) The Board shall prescribe the division of joint rates to be received by a rail carrier providing transportation subject to its jurisdiction under this part when it decides that a division of joint rates established by the participating carriers under section 10703 of this title, or under a decision of the Board under subsection (a) of this section, does or will violate section 10701 of this title.

(c) If a division of a joint rate prescribed under a decision of the Board is later found to violate section 10701 of this title, the Board may decide what division would have been reasonable and order adjustment to be made retroactive to the date the complaint was filed, the date the order for an investigation was made, or a later date that the Board decides is justified. The Board may make a decision under this subsection effective as part of its original decision.

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104-88, see section 2 of Pub. L. 104-88, set out as a note under section 1301 of this title.

§10706. Rate agreements: exemption from antitrust laws

(a)(1) In this subsection—

(A) the term "affiliate" means a person controlling, controlled by, or under common control or ownership with another person and "ownership" refers to equity holdings in a business entity of at least 5 percent;

(B) the term "single-line rate" refers to a rate or allowance proposed by a single rail carrier that is applicable only over its line and for which the transportation (exclusive of terminal services by switching, drayage or other terminal carriers or agencies) can be provided by that carrier; and

(C) the term "practicably participates in the movement" shall have such meaning as the Board shall by regulation prescribe.

(2)(A) A rail carrier providing transportation subject to the jurisdiction of the Board under this part that is a party to an agreement of at least 2 rail carriers that relates to rates (including charges between rail carriers and compensation paid or received for the use of facilities and equipment), classifications, divisions, or rules related to them, or procedures for joint consideration, initiation, publication, or establishment of them, shall apply to the Board for approval of that agreement under this subsection. The Board shall approve the agreement only when it finds that the making and carrying out of the agreement will further the transportation policy of section 10101 of this title and may require compliance with conditions necessary to make the agreement further that policy as a condition of its approval. If the Board approves the agreement, it may be made and carried out under its terms and under the conditions required by the Board, and the Sherman Act (15 U.S.C. 1, et seq.), the Clayton Act (15 U.S.C. 12, et seq.), the Federal Trade Commission Act (15 U.S.C. 41, et seq.), sections 73 and 74 of the Wilson Tariff Act (15 U.S.C. 8 and 9), and the Act of June 19, 1936 (15 U.S.C. 13, 13a, 13b, 21a) do not apply to parties and other persons with respect to making or carrying out the agreement. However, the Board may not approve or continue approval of an agreement when the conditions required by it are not met or if it does not receive a verified statement under subparagraph (B) of this paragraph.

(B) The Board may approve an agreement under subparagraph (A) of this paragraph only when the rail carriers applying for approval file a verified statement with the Board. Each statement must specify for each rail carrier that is a party to the agreement—

(i) the name of the carrier;

(ii) the mailing address and telephone number of its headquarter's office; and

(iii) the names of each of its affiliates and the names, addresses, and affiliates of each of its officers and directors and of each person, together with an affiliate, owning or controlling any debt, equity, or security interest in it having a value of at least \$1,000,000.

(3)(A) An organization established or continued under an agreement approved under this subsection shall make a final disposition of a rule or rate docketed with it by the 120th day after the proposal is docketed. Such an organization may not—

(i) permit a rail carrier to discuss, to participate in agreements related to, or to vote on single-line rates proposed by another rail carrier, except that for purposes of general rate increases

and broad changes in rates, classifications, rules, and practices only, if the Board finds at any time that the implementation of this clause is not feasible, it may delay or suspend such implementation in whole or in part;

(ii) permit a rail carrier to discuss, to participate in agreements related to, or to vote on rates related to a particular interline movement unless that rail carrier practicably participates in the movement; or

(iii) if there are interline movements over two or more routes between the same end points, permit a carrier to discuss, to participate in agreements related to, or to vote on rates except with a carrier which forms part of a particular single route. If the Board finds at any time that the implementation of this clause is not feasible, it may delay or suspend such implementation in whole or in part.

(B)(i) In any proceeding in which a party alleges that a rail carrier voted or agreed on a rate or allowance in violation of this subsection, that party has the burden of showing that the vote or agreement occurred. A showing of parallel behavior does not satisfy that burden by itself.

(ii) In any proceeding in which it is alleged that a carrier was a party to an agreement, conspiracy, or combination in violation of a Federal law cited in subsection (a)(2)(A) of this section or of any similar State law, proof of an agreement, conspiracy, or combination may not be inferred from evidence that two or more rail carriers acted together with respect to an interline rate or related matter and that a party to such action took similar action with respect to a rate or related matter on another route or traffic. In any proceeding in which such a violation is alleged, evidence of a discussion or agreement between or among such rail carrier and one or more other rail carriers, or of any rate or other action resulting from such discussion or agreement, shall not be admissible if the discussion or agreement—

(I) was in accordance with an agreement approved under paragraph (2) of this subsection; or

(II) concerned an interline movement of the rail carrier, and the discussion or agreement would not, considered by itself, violate the laws referred to in the first sentence of this clause.

In any proceeding before a jury, the court shall determine whether the requirements of subclause (I) or (II) are satisfied before allowing the introduction of any such evidence.

(C) An organization described in subparagraph (A) of this paragraph shall provide that transcripts or sound recordings be made of all meetings, that records of votes be made, and that such transcripts or recordings and voting records be submitted to the Board and made available to other Federal agencies in connection with their statutory responsibilities over rate bureaus, except that such material shall be kept confidential and shall not be subject to disclosure under section 552 of title 5, United States Code.

(4) Notwithstanding any other provision of this subsection, one or more rail carriers may enter into an agreement, without obtaining prior Board approval, that provides solely for compilation, publication, and other distribution of rates in effect or to become effective. The Sherman Act (15 U.S.C. 1 et seq.), the Clayton Act (15 U.S.C. 12 et seq.), the Federal Trade Commission Act (15 U.S.C. 41 et seq.), sections 73 and 74 of the Wilson Tariff Act (15 U.S.C. 8 and 9), and the Act of June 19, 1936 (15 U.S.C. 13, 13a, 13b, 21a) shall not apply to parties and other persons with respect to making or carrying out such agreement. However, the Board may, upon application or on its own initiative, investigate whether the parties to such an agreement have exceeded its scope, and upon a finding that they have, the Board may issue such orders as are necessary, including an order dissolving the agreement, to ensure that actions taken pursuant to the agreement are limited as provided in this paragraph.

(5)(A) Whenever two or more shippers enter into an agreement to discuss among themselves that relates to the amount of compensation such shippers propose to be paid by rail carriers providing transportation subject to the jurisdiction of the Board under this part, for use by such rail carriers of rolling stock owned or leased by such shippers, the shippers shall apply to the Board for approval of that agreement under this paragraph. The Board shall approve the agreement only when it finds that the making and carrying out of the agreement will further the transportation policy set forth in

section 10101 of this title and may require compliance with conditions necessary to make the agreement further that policy as a condition of approval. If the Board approves the agreement, it may be made and carried out under its terms and under the terms required by the Board, and the antitrust laws set forth in paragraph (2) of this subsection do not apply to parties and other persons with respect to making or carrying out the agreement. The Board shall approve or disapprove an agreement under this paragraph within one year after the date application for approval of such agreement is made.

(B) If the Board approves an agreement described in subparagraph (A) of this paragraph and the shippers entering into such agreement and the rail carriers proposing to use rolling stock owned or leased by such shippers, under payment by such carriers or under a published allowance, are unable to agree upon the amount of compensation to be paid for the use of such rolling stock, any party directly involved in the negotiations may require that the matter be settled by submitting the issues in dispute to the Board. The Board shall render a binding decision, based upon a standard of reasonableness and after taking into consideration any past precedents on the subject matter of the negotiations, no later than 90 days after the date of the submission of the dispute to the Board.

(C) Nothing in this paragraph shall be construed to change the law in effect prior to October 1, 1980, with respect to the obligation of rail carriers to utilize rolling stock owned or leased by shippers.

(b) The Board may require an organization established or continued under an agreement approved under this section to maintain records and submit reports. The Board may inspect a record maintained under this section.

(c) The Board may review an agreement approved under subsection (a) of this section and shall change the conditions of approval or terminate it when necessary to comply with the public interest and subsection (a). The Board shall postpone the effective date of a change of an agreement under this subsection for whatever period it determines to be reasonably necessary to avoid unreasonable hardship.

(d) The Board may begin a proceeding under this section on its own initiative or on application. Action of the Board under this section—

- (1) approving an agreement;
- (2) denying, ending, or changing approval;
- (3) prescribing the conditions on which approval is granted; or
- (4) changing those conditions,

has effect only as related to application of the antitrust laws referred to in subsection (a) of this section.

(e)(1) The Federal Trade Commission, in consultation with the Antitrust Division of the Department of Justice, shall prepare periodically an assessment of, and shall report to the Board on—

- (A) possible anticompetitive features of—
- (i) agreements approved or submitted for approval under subsection (a) of this section; and
 - (ii) an organization operating under those agreements; and

(B) possible ways to alleviate or end an anticompetitive feature, effect, or aspect in a manner that will further the goals of this part and of the transportation policy of section 10101 of this title.

(2) Reports received by the Board under this subsection shall be published and made available to the public under section 552(a) of title 5.

AMENDMENTS

1996—Subsec. (a)(5)(C). Pub. L. 104–287 substituted "October 1, 1980," for "the effective date of the Staggers Rail Act of 1980".

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§10707. Determination of market dominance in rail rate proceedings

(a) In this section, "market dominance" means an absence of effective competition from other rail carriers or modes of transportation for the transportation to which a rate applies.

(b) When a rate for transportation by a rail carrier providing transportation subject to the jurisdiction of the Board under this part is challenged as being unreasonably high, the Board shall determine whether the rail carrier proposing the rate has market dominance over the transportation to which the rate applies. The Board may make that determination on its own initiative or on complaint. A finding by the Board that the rail carrier does not have market dominance is determinative in a proceeding under this part related to that rate or transportation unless changed or set aside by the Board or set aside by a court of competent jurisdiction.

(c) When the Board finds in any proceeding that a rail carrier proposing or defending a rate for transportation has market dominance over the transportation to which the rate applies, it may then determine that rate to be unreasonable if it exceeds a reasonable maximum for that transportation. However, a finding of market dominance does not establish a presumption that the proposed rate exceeds a reasonable maximum.

(d)(1)(A) In making a determination under this section, the Board shall find that the rail carrier establishing the challenged rate does not have market dominance over the transportation to which the rate applies if such rail carrier proves that the rate charged results in a revenue-variable cost percentage for such transportation that is less than 180 percent.

(B) For purposes of this section, variable costs for a rail carrier shall be determined only by using such carrier's unadjusted costs, calculated using the Uniform Rail Costing System cost finding methodology (or an alternative methodology adopted by the Board in lieu thereof) and indexed quarterly to account for current wage and price levels in the region in which the carrier operates, with adjustments specified by the Board. A rail carrier may meet its burden of proof under this subsection by establishing its variable costs in accordance with this paragraph, but a shipper may rebut that showing by evidence of such type, and in accordance with such burden of proof, as the Board shall prescribe.

(2) A finding by the Board that a rate charged by a rail carrier results in a revenue-variable cost percentage for the transportation to which the rate applies that is equal to or greater than 180 percent does not establish a presumption that—

(A) such rail carrier has or does not have market dominance over such transportation; or

(B) the proposed rate exceeds or does not exceed a reasonable maximum.

(a) The Board shall, as often as practicable, but in no event less often than quarterly, publish a rail cost adjustment factor which shall be a fraction, the numerator of which is the latest published Index of Railroad Costs (which index shall be compiled or verified by the Board, with appropriate adjustments to reflect the change in composition of railroad costs, including the quality and mix of material and labor) and the denominator of which is the same index for the fourth quarter of every fifth year, beginning with the fourth quarter of 1992.

(b) The rail cost adjustment factor published by the Board under subsection (a) of this section shall take into account changes in railroad productivity. The Board shall also publish a similar index that does not take into account changes in railroad productivity.

§10709. Contracts

(a) One or more rail carriers providing transportation subject to the jurisdiction of the Board under this part may enter into a contract with one or more purchasers of rail services to provide specified services under specified rates and conditions.

(b) A party to a contract entered into under this section shall have no duty in connection with services provided under such contract other than those duties specified by the terms of the contract.

(c)(1) A contract that is authorized by this section, and transportation under such contract, shall not be subject to this part, and may not be subsequently challenged before the Board or in any court on the grounds that such contract violates a provision of this part.

(2) The exclusive remedy for any alleged breach of a contract entered into under this section shall be an action in an appropriate State court or United States district court, unless the parties otherwise agree. This section does not confer original jurisdiction on the district courts of the United States based on section 1331 or 1337 of title 28, United States Code.

(d)(1) A summary of each contract for the transportation of agricultural products (including grain, as defined in section 3 of the United States Grain Standards Act (7 U.S.C. 75) and products thereof) entered into under this section shall be filed with the Board, containing such nonconfidential information as the Board prescribes. The Board shall publish special rules for such contracts in order to ensure that the essential terms of the contract are available to the general public.

(2) Documents, papers, and records (and any copies thereof) relating to a contract described in subsection (a) shall not be subject to the mandatory disclosure requirements of section 552 of title 5.

(e) Any lawful contract between a rail carrier and one or more purchasers of rail service that was in effect on October 1, 1980, shall be considered a contract authorized by this section.

(f) A rail carrier that enters into a contract as authorized by this section remains subject to the common carrier obligation set forth in section 11101, with respect to rail transportation not provided under such a contract.

(g)(1) No later than 30 days after the date of filing of a summary of a contract under this section, the Board may, on complaint, begin a proceeding to review such contract on the grounds described in this subsection.

(2)(A) A complaint may be filed under this subsection—

(i) by a shipper on the grounds that such shipper individually will be harmed because the proposed contract unduly impairs the ability of the contracting rail carrier or carriers to meet their common carrier obligations to the complainant under section 11101 of this title; or

(ii) by a port only on the grounds that such port individually will be harmed because the proposed contract will result in unreasonable discrimination against such port.

(B) In addition to the grounds for a complaint described in subparagraph (A) of this paragraph, a complaint may be filed by a shipper of agricultural commodities on the grounds that such shipper individually will be harmed because—

(i) the rail carrier has unreasonably discriminated by refusing to enter into a contract with such shipper for rates and services for the transportation of the same type of commodity under similar

conditions to the contract at issue, and that shipper was ready, willing, and able to enter into such a contract at a time essentially contemporaneous with the period during which the contract at issue was offered; or

(ii) the proposed contract constitutes a destructive competitive practice under this part.

In making a determination under clause (ii) of this subparagraph, the Board shall consider the difference between contract rates and published single car rates.

(C) For purposes of this paragraph, the term "unreasonable discrimination" has the same meaning as such term has under section 10741 of this title.

(3)(A) Within 30 days after the date a proceeding is commenced under paragraph (1) of this subsection, or within such shorter time period after such date as the Board may establish, the Board shall determine whether the contract that is the subject of such proceeding is in violation of this section.

(B) If the Board determines, on the basis of a complaint filed under paragraph (2)(B)(i) of this subsection, that the grounds for a complaint described in such paragraph have been established with respect to a rail carrier, the Board shall, subject to the provisions of this section, order such rail carrier to provide rates and service substantially similar to the contract at issue with such differentials in terms and conditions as are justified by the evidence.

SUBCHAPTER III—LIMITATIONS

§10741. Prohibitions against discrimination by rail carriers

(a)(1) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part may not subject a person, place, port, or type of traffic to unreasonable discrimination.

(2) For purposes of this section, a rail carrier engages in unreasonable discrimination when it charges or receives from a person a different compensation for a service rendered, or to be rendered,

in transportation the rail carrier may perform under this part than it charges or receives from another person for performing a like and contemporaneous service in the transportation of a like kind of traffic under substantially similar circumstances.

(b) This section shall not apply to—

(1) contracts described in section 10709 of this title;

(2) rail rates applicable to different routes; or

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§10743. Liability for payment of rates

(a)(1) Liability for payment of rates for transportation for a shipment of property by a shipper or consignor to a consignee other than the shipper or consignor, is determined under this subsection

when the transportation is provided by a rail carrier under this part. When the shipper or consignor instructs the rail carrier transporting the property to deliver it to a consignee that is an agent only, not having beneficial title to the property, the consignee is liable for rates billed at the time of delivery for which the consignee is otherwise liable, but not for additional rates that may be found to be due after delivery if the consignee gives written notice to the delivering carrier before delivery of the property—

(A) of the agency and absence of beneficial title; and

(B) of the name and address of the beneficial owner of the property if it is reconsigned or diverted to a place other than the place specified in the original bill of lading.

(2) When the consignee is liable only for rates billed at the time of delivery under paragraph (1) of this subsection, the shipper or consignor, or, if the property is reconsigned or diverted, the beneficial owner, is liable for those additional rates regardless of the bill of lading or contract under which the property was transported. The beneficial owner is liable for all rates when the property is reconsigned or diverted by an agent but is refused or abandoned at its ultimate destination if the agent gave the rail carrier in the reconsignment or diversion order a notice of agency and the name and address of the beneficial owner. A consignee giving the rail carrier, and a reconsignor or diverter giving a rail carrier, erroneous information about the identity of the beneficial owner of the property is liable for the additional rates.

(b) Liability for payment of rates for transportation for a shipment of property by a shipper or consignor, named in the bill of lading as consignee, is determined under this subsection when the transportation is provided by a rail carrier under this part. When the shipper or consignor gives written notice, before delivery of the property, to the line-haul rail carrier that is to make ultimate delivery—

(1) to deliver the property to another party identified by the shipper or consignor as the beneficial owner of the property; and

(2) that delivery is to be made to that party on payment of all applicable transportation rates;

that party is liable for the rates billed at the time of delivery and for additional rates that may be found to be due after delivery if that party does not pay the rates required to be paid under paragraph (2) of this subsection on delivery. However, if the party gives written notice to the delivering rail carrier before delivery that the party is not the beneficial owner of the property and gives the rail carrier the name and address of the beneficial owner, then the party is not liable for those additional rates. A shipper, consignor, or party to whom delivery is made that gives the delivering rail carrier erroneous information about the identity of the beneficial owner, is liable for the additional rates regardless of the bill of lading or contract under which the property was transported. This subsection does not apply to a prepaid shipment of property.

(c)(1) A rail carrier may bring an action to enforce liability under subsection (a) of this section. That rail carrier must bring the action during the period provided in section 11705(a) of this title or by the end of the 6th month after final judgment against it in an action against the consignee, or the beneficial owner named by the consignee or agent, under that section.

(2) A rail carrier may bring an action to enforce liability under subsection (b) of this section. That carrier must bring the action during the period provided in section 11705(a) of this title or by the end of the 6th month after final judgment against it in an action against the shipper, consignor, or other party under that section.

(c) The Board shall issue a certificate authorizing activities for which such authority is requested in an application filed under subsection (b) unless the Board finds that such activities are inconsistent with the public convenience and necessity. Such certificate may approve the application as filed, or with modifications, and may require compliance with conditions (other than labor protection conditions) the Board finds necessary in the public interest.

(d) The Board shall require any Class II rail carrier which receives a certificate under subsection (c) of this section to provide a fair and equitable arrangement for the protection of the interests of employees who may be affected thereby. The arrangement shall consist exclusively of one year of severance pay, which shall not exceed the amount of earnings from railroad employment of the employee during the 12-month period immediately preceding the date on which the application for such certificate is filed with the Board. The amount of such severance pay shall be reduced by the amount of earnings from railroad employment of the employee with the acquiring carrier during the 12-month period immediately following the effective date of the transaction to which the certificate applies. The parties may agree to terms other than as provided in this subsection. The Board shall not require such an arrangement from a Class III rail carrier which receives a certificate under subsection (c) of this section.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§10903. Filing and procedure for application to abandon or discontinue

(a)(1) A rail carrier providing transportation subject to the jurisdiction of the Board under this part who intends to—

- (A) abandon any part of its railroad lines; or
- (B) discontinue the operation of all rail transportation over any part of its railroad lines,

must file an application relating thereto with the Board. An abandonment or discontinuance may be carried out only as authorized under this chapter.

(2) When a rail carrier providing transportation subject to the jurisdiction of the Board under this part files an application, the application shall include—

- (A) an accurate and understandable summary of the rail carrier's reasons for the proposed abandonment or discontinuance;
- (B) a statement indicating that each interested person is entitled to make recommendations to the Board on the future of the rail line; and
- (C)(i) a statement that the line is available for subsidy or sale in accordance with section 10904 of this title, (ii) a statement that the rail carrier will promptly provide to each interested party an estimate of the annual subsidy and minimum purchase price, calculated in accordance with section 10904 of this title, and (iii) the name and business address of the person who is authorized to discuss the subsidy or sale terms for the rail carrier.

(3) The rail carrier shall—

- (A) send by certified mail notice of the application to the chief executive officer of each State that would be directly affected by the proposed abandonment or discontinuance;
- (B) post a copy of the notice in each terminal and station on each portion of a railroad line proposed to be abandoned or over which all transportation is to be discontinued;
- (C) publish a copy of the notice for 3 consecutive weeks in a newspaper of general circulation in each county in which each such portion is located;
- (D) mail a copy of the notice, to the extent practicable, to all shippers that have made significant use (as designated by the Board) of the railroad line during the 12 months preceding the filing of the application; and
- (E) attach to the application filed with the Board an affidavit certifying the manner in which subparagraphs (A) through (D) of this paragraph have been satisfied, and certifying that subparagraphs (A) through (D) have been satisfied within the most recent 30 days prior to the date the application is filed.

(b)(1) Except as provided in subsection (d), abandonment and discontinuance may occur as provided in section 10904.

(2) The Board shall require as a condition of any abandonment or discontinuance under this section provisions to protect the interests of employees. The provisions shall be at least as beneficial to those interests as the provisions established under sections 11326(a) and 24706(c) ¹ of this title before May 31, 1998.

(c)(1) In this subsection, the term "potentially subject to abandonment" has the meaning given the term in regulations of the Board. The regulations may include standards that vary by region of the United States and by railroad or group of railroads.

(2) Each rail carrier shall maintain a complete diagram of the transportation system operated, directly or indirectly, by the rail carrier. The rail carrier shall submit to the Board and publish amendments to its diagram that are necessary to maintain the accuracy of the diagram. The diagram shall—

- (A) include a detailed description of each of its railroad lines potentially subject to abandonment; and
- (B) identify each railroad line for which the rail carrier plans to file an application to abandon or discontinue under subsection (a) of this section.

(d) A rail carrier providing transportation subject to the jurisdiction of the Board under this part

may—

- (1) abandon any part of its railroad lines; or
- (2) discontinue the operation of all rail transportation over any part of its railroad lines;

only if the Board finds that the present or future public convenience and necessity require or permit the abandonment or discontinuance. In making the finding, the Board shall consider whether the abandonment or discontinuance will have a serious, adverse impact on rural and community development.

(e) Subject to this section and sections 10904 and 10905 of this title, if the Board—

(1) finds public convenience and necessity, it shall—

(A) approve the application as filed; or

(B) approve the application with modifications and require compliance with conditions that the Board finds are required by public convenience and necessity; or

(2) fails to find public convenience and necessity, it shall deny the application.

§10904. Offers of financial assistance to avoid abandonment and discontinuance

(a) In this section—

(1) the term "avoidable cost" means all expenses that would be incurred by a rail carrier in providing transportation that would not be incurred if the railroad line over which the transportation was provided were abandoned or if the transportation were discontinued. Expenses include cash inflows foregone and cash outflows incurred by the rail carrier as a result of not abandoning or discontinuing the transportation. Cash inflows foregone and cash outflows incurred include—

- (A) working capital and required capital expenditure;
- (B) expenditures to eliminate deferred maintenance;
- (C) the current cost of freight cars, locomotives, and other equipment; and
- (D) the foregone tax benefits from not retiring properties from rail service and other effects of applicable Federal and State income taxes; and

(2) the term "reasonable return" means—

- (A) if a rail carrier is not in reorganization, the cost of capital to the rail carrier, as determined by the Board; and
- (B) if a rail carrier is in reorganization, the mean cost of capital of rail carriers not in reorganization, as determined by the Board.

(b) Any rail carrier which has filed an application for abandonment or discontinuance shall provide promptly to a party considering an offer of financial assistance and shall provide concurrently to the Board—

- (1) an estimate of the annual subsidy and minimum purchase price required to keep the line or a portion of the line in operation;
- (2) its most recent reports on the physical condition of that part of the railroad line involved in the proposed abandonment or discontinuance;
- (3) traffic, revenue, and other data necessary to determine the amount of annual financial assistance which would be required to continue rail transportation over that part of the railroad line; and
- (4) any other information that the Board considers necessary to allow a potential offeror to calculate an adequate subsidy or purchase offer.

(c) Within 4 months after an application is filed under section 10903, any person may offer to subsidize or purchase the railroad line that is the subject of such application. Such offer shall be filed concurrently with the Board. If the offer to subsidize or purchase is less than the carrier's estimate stated pursuant to subsection (b)(1), the offer shall explain the basis of the disparity, and the manner in which the offer is calculated.

(d)(1) Unless the Board, within 15 days after the expiration of the 4-month period described in

subsection (c), finds that one or more financially responsible persons (including a governmental authority) have offered financial assistance regarding that part of the railroad line to be abandoned or over which all rail transportation is to be discontinued, abandonment or discontinuance may be carried out in accordance with section 10903.

(2) If the Board finds that such an offer or offers of financial assistance has been made within such period, abandonment or discontinuance shall be postponed until—

(A) the carrier and a financially responsible person have reached agreement on a transaction for subsidy or sale of the line; or

(B) the conditions and amount of compensation are established under subsection (f).

(e) Except as provided in subsection (f)(3), if the rail carrier and a financially responsible person (including a governmental authority) fail to agree on the amount or terms of the subsidy or purchase, either party may, within 30 days after the offer is made, request that the Board establish the conditions and amount of compensation.

(f)(1) Whenever the Board is requested to establish the conditions and amount of compensation under this section—

(A) the Board shall render its decision within 30 days;

(B) for proposed sales, the Board shall determine the price and other terms of sale, except that in no case shall the Board set a price which is below the fair market value of the line (including, unless otherwise mutually agreed, all facilities on the line or portion necessary to provide effective transportation services); and

(C) for proposed subsidies, the Board shall establish the compensation as the difference between the revenues attributable to that part of the railroad line and the avoidable cost of providing rail freight transportation on the line, plus a reasonable return on the value of the line.

(2) The decision of the Board shall be binding on both parties, except that the person who has offered to subsidize or purchase the line may withdraw his offer within 10 days of the Board's decision. In such a case, the abandonment or discontinuance may be carried out immediately, unless other offers are being considered pursuant to paragraph (3) of this subsection.

(3) If a rail carrier receives more than one offer to subsidize or purchase, it shall select the offeror with whom it wishes to transact business, and complete the subsidy or sale agreement, or request that the Board establish the conditions and amount of compensation before the 40th day after the expiration of the 4-month period described in subsection (c). If no agreement on subsidy or sale is reached within such 40-day period and the Board has not been requested to establish the conditions and amount of compensation, any other offeror whose offer was made within the 4-month period described in subsection (c) may request that the Board establish the conditions and amount of compensation. If the Board has established the conditions and amount of compensation, and the original offer has been withdrawn, any other offeror whose offer was made within the 4-month period described in subsection (c) may accept the Board's decision within 20 days after such decision, and the Board shall require the carrier to enter into a subsidy or sale agreement with such offeror, if such subsidy or sale agreement incorporates the Board's decision.

(4)(A) No purchaser of a line or portion of line sold under this section may transfer or discontinue service on such line prior to the end of the second year after consummation of the sale, nor may such purchaser transfer such line, except to the rail carrier from whom it was purchased, prior to the end of the fifth year after consummation of the sale.

(B) No subsidy arrangement approved under this section shall remain in effect for more than one year, unless otherwise mutually agreed by the parties.

(g) Upon abandonment of a railroad line under this chapter, the obligation of the rail carrier abandoning the line to provide transportation on that line, as required by section 11101(a), is extinguished.

§10905. Offering abandoned rail properties for sale for public purposes

When the Board approves an application to abandon or discontinue under section 10903, the Board shall find whether the rail properties that are involved in the proposed abandonment or discontinuance are appropriate for use for public purposes, including highways, other forms of mass transportation, conservation, energy production or transmission, or recreation. If the Board finds that the rail properties proposed to be abandoned are appropriate for public purposes and not required for continued rail operations, the properties may be sold, leased, exchanged, or otherwise disposed of only under conditions provided in the order of the Board. STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§10907. Railroad development

(a) In this section, the term "financially responsible person" means a person who—

(1) is capable of paying the constitutional minimum value of the railroad line proposed to be acquired; and

(2) is able to assure that adequate transportation will be provided over such line for a period of not less than 3 years.

Such term includes a governmental authority but does not include a Class I or Class II rail carrier.

(b)(1) When the Board finds that—

(A)(i) the public convenience and necessity require or permit the sale of a particular railroad line under this section; or

(ii) a railroad line is on a system diagram map as required under section 10903 of this title, but the rail carrier owning such line has not filed an application to abandon such line under section 10903 of this title before an application to purchase such line, or any required preliminary filing with respect to such application, is filed under this section; and

(B) an application to purchase such line has been filed by a financially responsible person,

the Board shall require the rail carrier owning the railroad line to sell such line to such financially responsible person at a price not less than the constitutional minimum value.

(2) For purposes of this subsection, the constitutional minimum value of a particular railroad line shall be presumed to be not less than the net liquidation value of such line or the going concern value of such line, whichever is greater.

(c)(1) For purposes of this section, the Board may determine that the public convenience and necessity require or permit the sale of a railroad line if the Board determines, after a hearing on the record, that—

(A) the rail carrier operating such line refuses within a reasonable time to make the necessary efforts to provide adequate service to shippers who transport traffic over such line;

(B) the transportation over such line is inadequate for the majority of shippers who transport traffic over such line;

(C) the sale of such line will not have a significantly adverse financial effect on the rail carrier operating such line;

(D) the sale of such line will not have an adverse effect on the overall operational performance of the rail carrier operating such line; and

(E) the sale of such line will be likely to result in improved railroad transportation for shippers that transport traffic over such line.

(2) In a proceeding under this subsection, the burden of proving that the public convenience and necessity require or permit the sale of a particular railroad line is on the person filing the application to acquire such line. If the Board finds under this subsection that the public convenience and necessity require or permit the sale of a particular railroad line, the Board shall concurrently notify the parties of such finding and publish such finding in the Federal Register.

(d) In the case of any railroad line subject to sale under subsection (a) of this section, the Board shall, upon the request of the acquiring carrier, require the selling carrier to provide to the acquiring carrier trackage rights to allow a reasonable interchange with the selling carrier or to move power equipment or empty rolling stock between noncontiguous feeder lines operated by the acquiring carrier. The Board shall require the acquiring carrier to provide the selling carrier reasonable compensation for any such trackage rights.

(e) The Board shall require, to the maximum extent practicable, the use of the employees who would normally have performed work in connection with a railroad line subject to a sale under this section.

(f) In the case of a railroad line which carried less than 3,000,000 gross ton miles of traffic per mile in the preceding calendar year, whenever a purchasing carrier under this section petitions the Board for joint rates applicable to traffic moving over through routes in which the purchasing carrier may practicably participate, the Board shall, within 30 days after the date such petition is filed and pursuant to section 10705(a) of this title, require the establishment of reasonable joint rates and divisions over such route.

(g)(1) Any person operating a railroad line acquired under this section may elect to be exempt from any of the provisions of this part, except that such a person may not be exempt from the provisions of chapter 107 of this title with respect to transportation under a joint rate.

(2) The provisions of paragraph (1) of this subsection shall apply to any line of railroad which was abandoned during the 18-month period immediately prior to October 1, 1980, and was subsequently purchased by a financially responsible person.

(h) If a purchasing carrier under this section proposes to sell or abandon all or any portion of a purchased railroad line, such purchasing carrier shall offer the right of first refusal with respect to such line or portion thereof to the carrier which sold such line under this section. Such offer shall be made at a price equal to the sum of the price paid by such purchasing carrier to such selling carrier for such line or portion thereof and the fair market value (less deterioration) of any improvements made, as adjusted to reflect inflation.

(i) Any person operating a railroad line acquired under this section may determine preconditions, such as payment of a subsidy, which must be met by shippers in order to obtain service over such lines, but such operator must notify the shippers on the line of its intention to impose such preconditions.

§10908. Regulation of solid waste rail transfer facilities

(a) **IN GENERAL.**—Each solid waste rail transfer facility shall be subject to and shall comply with all applicable Federal and State requirements, both substantive and procedural, including judicial and administrative orders and fines, respecting the prevention and abatement of pollution, the protection and restoration of the environment, and the protection of public health and safety, including laws governing solid waste, to the same extent as required for any similar solid waste management facility, as defined in section 1004(29) of the Solid Waste Disposal Act (42 U.S.C. 6903(29)) ¹ that is not owned or operated by or on behalf of a rail carrier, except as provided for in section 10909 of this chapter.

(b) **EXISTING FACILITIES.**—

(1) **STATE LAWS AND STANDARDS.**—Not later than 90 days after the date of enactment of the Clean Railroads Act of 2008, a solid waste rail transfer facility operating as of such date of enactment shall comply with all Federal and State requirements pursuant to subsection (a) other than those provisions requiring permits.

(2) **PERMIT REQUIREMENTS.**—

(A) **STATE NON-SITING PERMITS.**—Any solid waste rail transfer facility operating as of the date of enactment of the Clean Railroads Act of 2008 that does not possess a permit required pursuant to subsection (a), other than a siting permit for the facility, as of the date of enactment of the Clean Railroads Act of 2008 shall not be required to possess any such permits in order to operate the facility—

(i) if, within 180 days after such date of enactment, the solid waste rail transfer facility has submitted, in good faith, a complete application for all permits, except siting permits, required pursuant to subsection (a) to the appropriate permitting agency authorized to grant such permits; and

(ii) until the permitting agency has either approved or denied the solid waste rail transfer facility's application for each permit.

(B) **SITING PERMITS AND REQUIREMENTS.**—A solid waste rail transfer facility operating as of the date of enactment of the Clean Railroads Act of 2008 that does not possess a State siting permit required pursuant to subsection (a) as of such date of enactment shall not be required to possess any siting permit to continue to operate or comply with any State land use requirements. The Governor of a State in which the facility is located, or his or her designee, may petition the Board to require the facility to apply for a land-use exemption pursuant to section 10909 of this chapter. The Board shall accept the petition, and the facility shall be required to have a Board-issued land-use exemption in order to continue to operate, pursuant to section 10909 of this chapter.

(c) **COMMON CARRIER OBLIGATION.**—No prospective or current rail carrier customer may demand solid waste rail transfer service from a rail carrier at a solid waste rail transfer facility that does not already possess the necessary Federal land-use exemption and State permits at the location where service is requested.

(d) **NON-WASTE COMMODITIES.**—Nothing in this section or section 10909 of this chapter shall affect a rail carrier's ability to conduct transportation-related activities with respect to commodities other than solid waste.

(e) **DEFINITIONS.**—

¹ So in original. Probably should be followed by a comma.

§10909. Solid waste rail transfer facility land-use exemption

(a) **AUTHORITY.**—The Board may issue a land-use exemption for a solid waste rail transfer facility that is or is proposed to be operated by or on behalf of a rail carrier if—

(1) the Board finds that a State, local, or municipal law, regulation, order, or other requirement affecting the siting of such facility unreasonably burdens the interstate transportation of solid waste by railroad, discriminates against the railroad transportation of solid waste and a solid waste rail transfer facility, or a rail carrier that owns or operates such a facility petitions the Board for such an exemption; or

(2) the Governor of a State in which a facility that is operating as of the date of enactment of the Clean Railroads Act of 2008 is located, or his or her designee, petitions the Board to initiate a permit proceeding for that particular facility.

(b) **LAND-USE EXEMPTION PROCEDURES.**—Not later than 90 days after the date of enactment of the Clean Railroads Act of 2008, the Board shall publish procedures governing the submission and review of applications for solid waste rail transfer facility land-use exemptions. At a minimum, the procedures shall address—

(1) the information that each application should contain to explain how the solid waste rail transfer facility will not pose an unreasonable risk to public health, safety, or the environment;

(2) the opportunity for public notice and comment including notification of the municipality, the State, and any relevant Federal or State regional planning entity in the jurisdiction of which the solid waste rail transfer facility is proposed to be located;

(3) the timeline for Board review, including a requirement that the Board approve or deny an exemption within 90 days after the full record for the application is developed;

(4) the expedited review timelines for petitions for modifications, amendments, or revocations

of granted exemptions;

(5) the process for a State to petition the Board to require a solid waste transfer facility or a rail carrier that owns or operates such a facility to apply for a siting permit; and

(6) the process for a solid waste transfer facility or a rail carrier that owns or operates such a facility to petition the Board for a land-use exemption.

(c) STANDARD FOR REVIEW.—

(1) The Board may only issue a land-use exemption if it determines that the facility at the existing or proposed location does not pose an unreasonable risk to public health, safety, or the environment. In deciding whether a solid waste rail transfer facility that is or proposed to be constructed or operated by or on behalf of a rail carrier poses an unreasonable risk to public health, safety, or the environment, the Board shall weigh the particular facility's potential benefits to and the adverse impacts on public health, public safety, the environment, interstate commerce, and transportation of solid waste by rail.

(2) The Board may not grant a land-use exemption for a solid waste rail transfer facility proposed to be located on land within any unit of or land affiliated with the National Park System, the National Wildlife Refuge System, the National Wilderness Preservation System, the National Trails System, the National Wild and Scenic Rivers System, a National Reserve, a National Monument, or lands referenced in Public Law 108–421 for which a State has implemented a conservation management plan, if operation of the facility would be inconsistent with restrictions placed on such land.

(d) CONSIDERATIONS.—When evaluating an application under this section, the Board shall consider and give due weight to the following, as applicable:

(1) the land-use, zoning, and siting regulations or solid waste planning requirements of the State or State subdivision in which the facility is or will be located that are applicable to solid waste transfer facilities, including those that are not owned or operated by or on behalf of a rail carrier;

(2) the land-use, zoning, and siting regulations or solid waste planning requirements applicable to the property where the solid waste rail transfer facility is proposed to be located;

(3) regional transportation planning requirements developed pursuant to Federal and State law;

(4) regional solid waste disposal plans developed pursuant to State or Federal law;

(5) any Federal and State environmental protection laws or regulations applicable to the site;

(6) any unreasonable burdens imposed on the interstate transportation of solid waste by railroad, or the potential for discrimination against the railroad transportation of solid waste, a solid waste rail transfer facility, or a rail carrier that owns or operates such a facility; and

(7) any other relevant factors, as determined by the Board.

(e) EXISTING FACILITIES.—Upon the granting of a petition from the State in which a solid waste rail transfer facility is operating as of the date of enactment of the Clean Railroads Act of 2008 by the Board, the facility shall submit a complete application for a siting permit to the Board pursuant to the procedures issued pursuant to subsection (b). No State may enforce a law, regulation, order, or other requirement affecting the siting of a facility that is operating as of the date of enactment of the Clean Railroads Act of 2008 until the Board has approved or denied a permit pursuant to subsection (c).

(f) EFFECT OF LAND-USE EXEMPTION.—If the Board grants a land-use exemption to a solid waste rail transfer facility, all State laws, regulations, orders, or other requirements affecting the siting of a facility are preempted with regard to that facility. An exemption may require compliance with such State laws, regulations, orders, or other requirements.

(g) INJUNCTIVE RELIEF.—Nothing in this section precludes a person from seeking an injunction to enjoin a solid waste rail transfer facility from being constructed or operated by or on behalf of a rail carrier if that facility has materially violated, or will materially violate, its land-use exemption or if it failed to receive a valid land-use exemption under this section.

(h) FEES.—The Board may charge permit applicants reasonable fees to implement this section,

including the costs of third-party consultants.

(i) **DEFINITIONS.**—In this section the terms "solid waste", "solid waste rail transfer facility", and "State requirements" have the meaning given such terms in section 10908(e).

§11101. Common carrier transportation, service, and rates

(a) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part shall provide the transportation or service on reasonable request. A rail carrier shall not be found to have violated this section because it fulfills its reasonable commitments under contracts authorized under section 10709 of this title before responding to reasonable requests for service. Commitments which deprive a carrier of its ability to respond to reasonable requests for common carrier service are not reasonable.

(b) A rail carrier shall also provide to any person, on request, the carrier's rates and other service terms. The response by a rail carrier to a request for the carrier's rates and other service terms shall be—

- (1) in writing and forwarded to the requesting person promptly after receipt of the request; or
- (2) promptly made available in electronic form.

(c) A rail carrier may not increase any common carrier rates or change any common carrier service terms unless 20 days have expired after written or electronic notice is provided to any person who, within the previous 12 months—

- (1) has requested such rates or terms under subsection (b); or
- (2) has made arrangements with the carrier for a shipment that would be subject to such increased rates or changed terms.

(d) With respect to transportation of agricultural products, in addition to the requirements of subsections (a), (b), and (c), a rail carrier shall publish, make available, and retain for public inspection its common carrier rates, schedules of rates, and other service terms, and any proposed and actual changes to such rates and service terms. For purposes of this subsection, agricultural products shall include grain as defined in section 3 of the United States Grain Standards Act (7 U.S.C. 75) and all products thereof, and fertilizer.

(e) A rail carrier shall provide transportation or service in accordance with the rates and service terms, and any changes thereto, as published or otherwise made available under subsection (b), (c), or (d).

(f) The Board shall, by regulation, establish rules to implement this section. The regulations shall provide for immediate disclosure and dissemination of rates and service terms, including classifications, rules, and practices, and their effective dates. Final regulations shall be adopted by the Board not later than 180 days after January 1, 1996.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104-88, see section 2 of Pub. L. 104-88, set out as a note under section 1301 of this title.

§11102. Use of terminal facilities

(a) The Board may require terminal facilities, including main-line tracks for a reasonable distance outside of a terminal, owned by a rail carrier providing transportation subject to the jurisdiction of the Board under this part, to be used by another rail carrier if the Board finds that use to be practicable and in the public interest without substantially impairing the ability of the rail carrier owning the facilities or entitled to use the facilities to handle its own business. The rail carriers are responsible for establishing the conditions and compensation for use of the facilities. However, if the rail carriers cannot agree, the Board may establish conditions and compensation for use of the facilities under the principle controlling compensation in condemnation proceedings. The compensation shall be paid or adequately secured before a rail carrier may begin to use the facilities of another rail carrier under this section.

(b) A rail carrier whose terminal facilities are required to be used by another rail carrier under this section is entitled to recover damages from the other rail carrier for injuries sustained as the result of compliance with the requirement or for compensation for the use, or both as appropriate, in a civil action, if it is not satisfied with the conditions for use of the facilities or if the amount of the compensation is not paid promptly.

(c)(1) The Board may require rail carriers to enter into reciprocal switching agreements, where it finds such agreements to be practicable and in the public interest, or where such agreements are necessary to provide competitive rail service. The rail carriers entering into such an agreement shall establish the conditions and compensation applicable to such agreement, but, if the rail carriers cannot agree upon such conditions and compensation within a reasonable period of time, the Board may establish such conditions and compensation.

(2) The Board may require reciprocal switching agreements entered into by rail carriers pursuant to this subsection to contain provisions for the protection of the interests of employees affected thereby.

(d) The Board shall complete any proceeding under subsection (a) or (b) within 180 days after the filing of the request for relief.

SUBCHAPTER II—CAR SERVICE

§11121. Criteria

(a)(1) A rail carrier providing transportation subject to the jurisdiction of the Board under this part shall furnish safe and adequate car service and establish, observe, and enforce reasonable rules and practices on car service. The Board may require a rail carrier to provide facilities and equipment that are reasonably necessary to furnish safe and adequate car service if the Board decides that the rail carrier has materially failed to furnish that service. The Board may begin a proceeding under this paragraph when an interested person files an application with it. The Board may act only after a hearing on the record and an affirmative finding, based on the evidence presented, that—

(A) providing the facilities or equipment will not materially and adversely affect the ability of the rail carrier to provide safe and adequate transportation;

(B) the amount spent for the facilities or equipment, including a return equal to the rail carrier's current cost of capital, will be recovered; and

(C) providing the facilities or equipment will not impair the ability of the rail carrier to attract adequate capital.

(2) The Board may require a rail carrier to file its car service rules with the Board.

(b) The Board may designate and appoint agents and agencies to make and carry out its directions related to car service and matters under sections 11123 and 11124(a)(1) of this title.

(c) The Board shall consult, as it considers necessary, with the National Grain Car Council on matters within the charter of that body.

(a) The regulations of the Board on car service shall encourage the purchase, acquisition, and efficient use of freight cars. The regulations may include—

(1) the compensation to be paid for the use of a locomotive, freight car, or other vehicle;

- (2) the other terms of any arrangement for the use by a rail carrier of a locomotive, freight car, or other vehicle not owned by the rail carrier using the locomotive, freight car, or other vehicle, whether or not owned by another carrier, shipper, or third person; and
- (3) sanctions for nonobservance.

(b) The rate of compensation to be paid for each type of freight car shall be determined by the expense of owning and maintaining that type of freight car, including a fair return on its cost giving consideration to current costs of capital, repairs, materials, parts, and labor. In determining the rate of compensation, the Board shall consider the transportation use of each type of freight car, the national level of ownership of each type of freight car, and other factors that affect the adequacy of the national freight car supply.

§11123. Situations requiring immediate action to serve the public

(a) When the Board determines that shortage of equipment, congestion of traffic, unauthorized cessation of operations, failure of existing commuter rail passenger transportation operations caused by a cessation of service by the National Railroad Passenger Corporation, or other failure of traffic movement exists which creates an emergency situation of such magnitude as to have substantial adverse effects on shippers, or on rail service in a region of the United States, or that a rail carrier providing transportation subject to the jurisdiction of the Board under this part cannot transport the traffic offered to it in a manner that properly serves the public, the Board may, to promote commerce and service to the public, for a period not to exceed 30 days—

- (1) direct the handling, routing, and movement of the traffic of a rail carrier and its distribution over its own or other railroad lines;
- (2) require joint or common use of railroad facilities;
- (3) prescribe temporary through routes;
- (4) give directions for—
 - (A) preference or priority in transportation;
 - (B) embargoes; or
 - (C) movement of traffic under permits; or

(5) in the case of a failure of existing freight or commuter rail passenger transportation operations caused by a cessation of service by the National Railroad Passenger Corporation, direct the continuation of the operations and dispatching, maintenance, and other necessary infrastructure functions related to the operations.

(b)(1) Except with respect to proceedings under paragraph (2) of this subsection, the Board may act under this section on its own initiative or on application without regard to subchapter II of chapter 5 of title 5.

(2) Rail carriers may establish between themselves the terms of compensation for operations, and use of facilities and equipment, required under this section. When rail carriers do not agree on the terms of compensation under this section, the Board may establish the terms for them. The Board may act under subsection (a) before conducting a proceeding under this paragraph.

(3)(A) Except as provided in subparagraph (B), when a rail carrier is directed under this section to operate the lines of another rail carrier due to that carrier's cessation of operations, compensation for the directed operations shall derive only from revenues generated by the directed operations.

(B) In the case of a failure of existing freight or commuter rail passenger transportation operations caused by a cessation of service by the National Railroad Passenger Corporation, the Board shall provide funding to fully reimburse the directed service provider for its costs associated with the activities directed under subsection (a), including the payment of increased insurance premiums. The Board shall order complete indemnification against any and all claims associated with the provision of service to which the directed rail carrier may be exposed.

(c)(1) The Board may extend any action taken under subsection (a) of this section beyond 30 days if the Board finds that a transportation emergency described in subsection (a) continues to exist. Action by the Board under subsection (a) of this section may not remain in effect for more than 240 days beyond the initial 30-day period.

(2) The Board may not take action under this section that would—

(A) cause a rail carrier to operate in violation of this part; or

(B) impair substantially the ability of a rail carrier to serve its own customers adequately, or to fulfill its common carrier obligations.

(3) A rail carrier directed by the Board to take action under this section is not responsible, as a result of that action, for debts of any other rail carrier.

(4) In the case of a failure of existing freight or commuter rail passenger transportation operations caused by cessation of service by the National Railroad Passenger Corporation, the Board may not direct a rail carrier to undertake activities under subsection (a) to continue such operations unless—

(A) the Board first affirmatively finds that the rail carrier is operationally capable of conducting the directed service in a safe and efficient manner; and

(B) the funding for such directed service required by subparagraph (B) of subsection (b)(3) is provided in advance in appropriations Acts.

(d) In carrying out this section, the Board shall require, to the maximum extent practicable, the use of employees who would normally have performed work in connection with the traffic subject to the action of the Board.

(e) For purposes of this section, the National Railroad Passenger Corporation and any entity providing commuter rail passenger transportation shall be considered rail carriers subject to the Board's jurisdiction.

(f) For purposes of this section, the term "commuter rail passenger transportation" has the meaning given that term in section 24102(4).¹

An assignment of a right or interest under one of those instruments and an amendment to that instrument or assignment including a release, discharge, or satisfaction of any part of it shall also be filed with the Board. The instrument, assignment, or amendment must be in writing, executed by the parties to it, and acknowledged or verified under Board regulations. SUBCHAPTER II—COMBINATIONS

§11321. Scope of authority

(a) The authority of the Board under this subchapter is exclusive. A rail carrier or corporation participating in or resulting from a transaction approved by or exempted by the Board under this subchapter may carry out the transaction, own and operate property, and exercise control or franchises acquired through the transaction without the approval of a State authority. A rail carrier,

corporation, or person participating in that approved or exempted transaction is exempt from the antitrust laws and from all other law, including State and municipal law, as necessary to let that rail carrier, corporation, or person carry out the transaction, hold, maintain, and operate property, and exercise control or franchises acquired through the transaction. However, if a purchase and sale, a lease, or a corporate consolidation or merger is involved in the transaction, the carrier or corporation may carry out the transaction only with the assent of a majority, or the number required under applicable State law, of the votes of the holders of the capital stock of that corporation entitled to vote. The vote must occur at a regular meeting, or special meeting called for that purpose, of those stockholders and the notice of the meeting must indicate its purpose.

(b) A power granted under this subchapter to a carrier or corporation is in addition to and changes its powers under its corporate charter and under State law. Action under this subchapter does not establish or provide for establishing a corporation under the laws of the United States.

(c) A person is affiliated with a rail carrier under this subchapter if, because of the relationship between that person and a rail carrier, it is reasonable to believe that the affairs of another rail carrier, control of which may be acquired by that person, will be managed in the interest of the other rail carrier.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§11324. Consolidation, merger, and acquisition of control: conditions of approval

(a) The Board may begin a proceeding to approve and authorize a transaction referred to in section 11323 of this title on application of the person seeking that authority. When an application is filed with the Board, the Board shall notify the chief executive officer of each State in which property of the rail carriers involved in the proposed transaction is located and shall notify those rail carriers. The Board shall hold a public hearing unless the Board determines that a public hearing is not necessary in the public interest.

(b) In a proceeding under this section which involves the merger or control of at least two Class I railroads, as defined by the Board, the Board shall consider at least—

- (1) the effect of the proposed transaction on the adequacy of transportation to the public;
- (2) the effect on the public interest of including, or failing to include, other rail carriers in the area involved in the proposed transaction;
- (3) the total fixed charges that result from the proposed transaction;
- (4) the interest of rail carrier employees affected by the proposed transaction; and
- (5) whether the proposed transaction would have an adverse effect on competition among rail carriers in the affected region or in the national rail system.

(c) The Board shall approve and authorize a transaction under this section when it finds the transaction is consistent with the public interest. The Board may impose conditions governing the transaction, including the divestiture of parallel tracks or requiring the granting of trackage rights and access to other facilities. Any trackage rights and related conditions imposed to alleviate anticompetitive effects of the transaction shall provide for operating terms and compensation levels to ensure that such effects are alleviated. When the transaction contemplates a guaranty or assumption of payment of dividends or of fixed charges or will result in an increase of total fixed charges, the Board may approve and authorize the transaction only if it finds that the guaranty, assumption, or increase is consistent with the public interest. The Board may require inclusion of other rail carriers located in the area involved in the transaction if they apply for inclusion and the Board finds their inclusion to be consistent with the public interest.

(d) In a proceeding under this section which does not involve the merger or control of at least two Class I railroads, as defined by the Board, the Board shall approve such an application unless it finds that—

- (1) as a result of the transaction, there is likely to be substantial lessening of competition, creation of a monopoly, or restraint of trade in freight surface transportation in any region of the United States; and
- (2) the anticompetitive effects of the transaction outweigh the public interest in meeting significant transportation needs.

In making such findings, the Board shall, with respect to any application that is part of a plan or proposal developed under section 333(a)–(d) of this title, accord substantial weight to any recommendations of the Attorney General.

(e) No transaction described in section 11326(b) may have the effect of avoiding a collective bargaining agreement or shifting work from a rail carrier with a collective bargaining agreement to a rail carrier without a collective bargaining agreement.

(f)(1) To the extent provided in this subsection, a proceeding under this subchapter relating to a transaction involving at least one Class I rail carrier shall not be considered an adjudication required by statute to be determined on the record after opportunity for an agency hearing, for the purposes of

subchapter II of chapter 5 of title 5, United States Code.

(2) Ex parte communications, as defined in section 551(14) of title 5, United States Code, shall be permitted in proceedings described in paragraph (1) of this subsection, subject to the requirements of paragraph (3) of this subsection.

(3)(A) Any member or employee of the Board who makes or receives a written ex parte communication concerning the merits of a proceeding described in paragraph (1) shall promptly place the communication in the public docket of the proceeding.

(B) Any member or employee of the Board who makes or receives an oral ex parte communication concerning the merits of a proceeding described in paragraph (1) shall promptly place a written summary of the oral communication in the public docket of the proceeding.

(4) Nothing in this subsection shall be construed to require the Board or any of its members or employees to engage in any ex parte communication with any person. Nothing in this subsection or any other law shall be construed to limit the authority of the members or employees of the Board, in their discretion, to note in the docket or otherwise publicly the occurrence and substance of an ex parte communication.

(Added Pub. L. 104–88, title I, §102(a), Dec. 29, 1995, 109 Stat. 839.)

(3) The Board must conclude any evidentiary proceedings by the 180th day after the date of publication of notice under subsection (a) of this section. The Board must issue a final decision by the 90th day after the date on which it concludes the evidentiary proceedings.

(d) For all applications under this section other than those specified in subsections (b) and (c) of this section, the following conditions apply:

§11326. Employee protective arrangements in transactions involving rail carriers

(a) Except as otherwise provided in this section, when approval is sought for a transaction under sections 11324 and 11325 of this title, the Board shall require the rail carrier to provide a fair arrangement at least as protective of the interests of employees who are affected by the transaction as the terms imposed under section 5(2)(f) of the Interstate Commerce Act before February 5, 1976, and the terms established under section 24706(c) ¹ of this title. Notwithstanding this part, the arrangement may be made by the rail carrier and the authorized representative of its employees. The parties may agree to terms other than as provided in this subsection.

(c) When approval is sought under sections 11324 and 11325 for a transaction involving only Class III rail carriers, this section shall not apply.

CHAPTER 115—FEDERAL-STATE RELATIONS

Sec.

11501. Tax discrimination against rail transportation property.

11502. Withholding State and local income tax by rail carriers.

§11501. Tax discrimination against rail transportation property

(a) In this section—

(1) the term "assessment" means valuation for a property tax levied by a taxing district;

(2) the term "assessment jurisdiction" means a geographical area in a State used in determining the assessed value of property for ad valorem taxation;

(3) the term "rail transportation property" means property, as defined by the Board, owned or used by a rail carrier providing transportation subject to the jurisdiction of the Board under this part; and

(4) the term "commercial and industrial property" means property, other than transportation property and land used primarily for agricultural purposes or timber growing, devoted to a commercial or industrial use and subject to a property tax levy.

(b) The following acts unreasonably burden and discriminate against interstate commerce, and a State, subdivision of a State, or authority acting for a State or subdivision of a State may not do any of them:

(1) Assess rail transportation property at a value that has a higher ratio to the true market value of the rail transportation property than the ratio that the assessed value of other commercial and industrial property in the same assessment jurisdiction has to the true market value of the other commercial and industrial property.

(2) Levy or collect a tax on an assessment that may not be made under paragraph (1) of this subsection.

(3) Levy or collect an ad valorem property tax on rail transportation property at a tax rate that exceeds the tax rate applicable to commercial and industrial property in the same assessment jurisdiction.

(4) Impose another tax that discriminates against a rail carrier providing transportation subject

to the jurisdiction of the Board under this part.

(c) Notwithstanding section 1341 of title 28 and without regard to the amount in controversy or citizenship of the parties, a district court of the United States has jurisdiction, concurrent with other jurisdiction of courts of the United States and the States, to prevent a violation of subsection (b) of this section. Relief may be granted under this subsection only if the ratio of assessed value to true market value of rail transportation property exceeds by at least 5 percent the ratio of assessed value to true market value of other commercial and industrial property in the same assessment jurisdiction. The burden of proof in determining assessed value and true market value is governed by State law. If the ratio of the assessed value of other commercial and industrial property in the assessment jurisdiction to the true market value of all other commercial and industrial property cannot be determined to the satisfaction of the district court through the random-sampling method known as a sales assessment ratio study (to be carried out under statistical principles applicable to such a study), the court shall find, as a violation of this section—

(1) an assessment of the rail transportation property at a value that has a higher ratio to the true market value of the rail transportation property than the assessed value of all other property subject to a property tax levy in the assessment jurisdiction has to the true market value of all other commercial and industrial property; and

(2) the collection of an ad valorem property tax on the rail transportation property at a tax rate that exceeds the tax ratio rate applicable to taxable property in the taxing district.

(Added Pub. L. 104–88, title I, §102(a), Dec. 29, 1995, 109 Stat. 843.)

¹ *So in original. Does not conform to section catchline.*

§11701. General authority

(a) Except as otherwise provided in this part, the Board may begin an investigation under this part

on the Board's own initiative or upon receiving a complaint pursuant to subsection (b). If the Board finds that a rail carrier is violating this part, the Board shall take appropriate action to compel compliance with this part. If the Board finds a violation of this part in a proceeding brought on its own initiative, any remedy from such proceeding may only be applied prospectively.

(b) A person, including a governmental authority, may file with the Board a complaint about a violation of this part by a rail carrier providing transportation or service subject to the jurisdiction of the Board under this part. The complaint must state the facts that are the subject of the violation. The Board may dismiss a complaint it determines does not state reasonable grounds for investigation and action. However, the Board may not dismiss a complaint made against a rail carrier providing transportation subject to the jurisdiction of the Board under this part because of the absence of direct damage to the complainant.

(c) A formal investigative proceeding begun by the Board under subsection (a) of this section is dismissed automatically unless it is concluded by the Board with administrative finality by the end of the third year after the date on which it was begun.

(d) In any investigation commenced on the Board's own initiative, the Board shall—

(1) not later than 30 days after initiating the investigation, provide written notice to the parties under investigation, which shall state the basis for such investigation;

(2) only investigate issues that are of national or regional significance;

(3) permit the parties under investigation to file a written statement describing any or all facts and circumstances concerning a matter which may be the subject of such investigation;

(4) make available to the parties under investigation and Board members—

(A) any recommendations made as a result of the investigation; and

(B) a summary of the findings that support such recommendations;

(5) to the extent practicable, separate the investigative and decisionmaking functions of staff;

(6) dismiss any investigation that is not concluded by the Board with administrative finality within 1 year after the date on which it was commenced; and

(7) not later than 90 days after receiving the recommendations and summary of findings under paragraph (4)—

(A) dismiss the investigation if no further action is warranted; or

(B) initiate a proceeding to determine if a provision under this part has been violated.

(e)(1) Any parties to an investigation against whom a violation is found as a result of an investigation begun on the Board's own initiative may, not later than 60 days after the date of the order of the Board finding such a violation, institute an action in the United States court of appeals for the appropriate judicial circuit for de novo review of such order in accordance with chapter 7 of title 5.

(2) The court—

(A) shall have jurisdiction to enter a judgment affirming, modifying, or setting aside, in whole or in part, the order of the Board; and

(B) may remand the proceeding to the Board for such further action as the court may direct.

(Added Pub. L. 104–88, title I, §102(a), Dec. 29, 1995, 109 Stat. 845; amended Pub. L. 114–110, §12(a), (b), Dec. 18, 2015, 129 Stat. 2234.)

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§11704. Rights and remedies of persons injured by rail carriers

(a) A person injured because a rail carrier providing transportation or service subject to the jurisdiction of the Board under this part does not obey an order of the Board, except an order for the payment of money, may bring a civil action in a United States District Court to enforce that order under this subsection.

(b) A rail carrier providing transportation subject to the jurisdiction of the Board under this part is liable for damages sustained by a person as a result of an act or omission of that carrier in violation of this part. A rail carrier providing transportation subject to the jurisdiction of the Board under this part is liable to a person for amounts charged that exceed the applicable rate for the transportation.

(c)(1) A person may file a complaint with the Board under section 11701(b) of this title or bring a civil action under subsection (b) of this section to enforce liability against a rail carrier providing transportation subject to the jurisdiction of the Board under this part.

(2) When the Board makes an award under subsection (b) of this section, the Board shall order the rail carrier to pay the amount awarded by a specific date. The Board may order a rail carrier providing transportation subject to the jurisdiction of the Board under this part to pay damages only when the proceeding is on complaint. The person for whose benefit an order of the Board requiring the payment of money is made may bring a civil action to enforce that order under this paragraph if the rail carrier does not pay the amount awarded by the date payment was ordered to be made.

(d)(1) When a person begins a civil action under subsection (b) of this section to enforce an order of the Board requiring the payment of damages by a rail carrier providing transportation subject to the jurisdiction of the Board under this part, the text of the order of the Board must be included in the complaint. In addition to the district courts of the United States, a State court of general jurisdiction having jurisdiction of the parties has jurisdiction to enforce an order under this paragraph. The findings and order of the Board are competent evidence of the facts stated in them. Trial in a civil action brought in a district court of the United States under this paragraph is in the judicial district—

(A) in which the plaintiff resides;

(B) in which the principal operating office of the rail carrier is located; or

(C) through which the railroad line of that carrier runs.

In a civil action under this paragraph, the plaintiff is liable for only those costs that accrue on an appeal taken by the plaintiff.

(2) All parties in whose favor the award was made may be joined as plaintiffs in a civil action brought in a district court of the United States under this subsection and all the rail carriers that are parties to the order awarding damages may be joined as defendants. Trial in the action is in the judicial district in which any one of the plaintiffs could bring the action against any one of the defendants. Process may be served on a defendant at its principal operating office when that defendant is not in the district in which the action is brought. A judgment ordering recovery may be made in favor of any of those plaintiffs against the defendant found to be liable to that plaintiff.

(3) The district court shall award a reasonable attorney's fee as a part of the damages for which a rail carrier is found liable under this subsection. The district court shall tax and collect that fee as a part of the costs of the action.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§11706. Liability of rail carriers under receipts and bills of lading

(a) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part shall issue a receipt or bill of lading for property it receives for transportation under this part. That rail carrier and any other carrier that delivers the property and is providing transportation or service subject to the jurisdiction of the Board under this part are liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this subsection is for the actual loss or injury to the property caused by—

- (1) the receiving rail carrier;
- (2) the delivering rail carrier; or
- (3) another rail carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading.

Failure to issue a receipt or bill of lading does not affect the liability of a rail carrier. A delivering rail carrier is deemed to be the rail carrier performing the line-haul transportation nearest the destination but does not include a rail carrier providing only a switching service at the destination.

(b) The rail carrier issuing the receipt or bill of lading under subsection (a) of this section or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the rail carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount of its expenses reasonably incurred in defending a civil action brought by that person.

(c)(1) A rail carrier may not limit or be exempt from liability imposed under subsection (a) of this section except as provided in this subsection. A limitation of liability or of the amount of recovery or representation or agreement in a receipt, bill of lading, contract, or rule in violation of this section is void.

(2) A rail carrier of passengers may limit its liability under its passenger rate for loss or injury of baggage carried on trains carrying passengers.

(3) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part may establish rates for transportation of property under which—

- (A) the liability of the rail carrier for such property is limited to a value established by written declaration of the shipper or by a written agreement between the shipper and the carrier; or
- (B) specified amounts are deducted, pursuant to a written agreement between the shipper and

the carrier, from any claim against the carrier with respect to the transportation of such property.

(d)(1) A civil action under this section may be brought in a district court of the United States or in a State court.

(2)(A) A civil action under this section may only be brought—

(i) against the originating rail carrier, in the judicial district in which the point of origin is located;

(ii) against the delivering rail carrier, in the judicial district in which the principal place of business of the person bringing the action is located if the delivering carrier operates a railroad or a route through such judicial district, or in the judicial district in which the point of destination is located; and

(iii) against the carrier alleged to have caused the loss or damage, in the judicial district in which such loss or damage is alleged to have occurred.

(B) In this section, "judicial district" means (i) in the case of a United States district court, a judicial district of the United States, and (ii) in the case of a State court, the applicable geographic area over which such court exercises jurisdiction.

(e) A rail carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice. For the purposes of this subsection—

(1) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

(2) communications received from a carrier's insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reasons for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

§11707. Liability when property is delivered in violation of routing instructions

(a)(1) When a rail carrier providing transportation subject to the jurisdiction of the Board under this part diverts or delivers property to another rail carrier in violation of routing instructions in the bill of lading, both of those rail carriers are jointly and severally liable to the rail carrier that was

deprived of its right to participate in hauling that property for the total amount of the rate it would have received if it participated in hauling the property.

(2) A rail carrier is not liable under paragraph (1) of this subsection when it diverts or delivers property in compliance with an order or regulation of the Board.

(3) A rail carrier to whom property is transported is not liable under this subsection if it shows that it had no notice of the routing instructions before transporting the property. The burden of proving lack of notice is on that rail carrier.

(b) The court shall award a reasonable attorney's fee to the plaintiff in a judgment against the defendant rail carrier under subsection (a) of this section. The court shall tax and collect that fee as a part of the costs of the action.

§11708. Voluntary arbitration of certain rail rates and practices disputes

(a) **IN GENERAL.**—Not later than 1 year after the date of the enactment of the Surface Transportation Board Reauthorization Act of 2015, the Board shall promulgate regulations to establish a voluntary and binding arbitration process to resolve rail rate and practice complaints subject to the jurisdiction of the Board.

(b) **COVERED DISPUTES.**—The voluntary and binding arbitration process established pursuant to subsection (a)—

(1) shall apply to disputes involving—

(A) rates, demurrage, accessorial charges, misrouting, or mishandling of rail cars; or

(B) a carrier's published rules and practices as applied to particular rail transportation;

(2) shall not apply to disputes—

- (A) to obtain the grant, denial, stay, or revocation of any license, authorization, or exemption;
- (B) to prescribe for the future any conduct, rules, or results of general, industry-wide applicability;
- (C) to enforce a labor protective condition; or
- (D) that are solely between 2 or more rail carriers; and

(3) shall not prevent parties from independently seeking or utilizing private arbitration services to resolve any disputes the parties may have.

(c) **ARBITRATION PROCEDURES.**—

(1) **IN GENERAL.**—The Board—

- (A) may make the voluntary and binding arbitration process established pursuant to subsection (a) available only to the relevant parties;
- (B) may make the voluntary and binding arbitration process available only—
 - (i) after receiving the written consent to arbitrate from all relevant parties; and
 - (ii)(I) after the filing of a written complaint; or
 - (II) through other procedures adopted by the Board in a rulemaking proceeding;

(C) with respect to rate disputes, may make the voluntary and binding arbitration process available only to the relevant parties if the rail carrier has market dominance (as determined under section 10707); and

(D) may initiate the voluntary and binding arbitration process not later than 40 days after the date on which a written complaint is filed or through other procedures adopted by the Board in a rulemaking proceeding.

(2) **LIMITATION.**—Initiation of the voluntary and binding arbitration process shall preclude the Board from separately reviewing a complaint or dispute related to the same rail rate or practice in a covered dispute involving the same parties.

(3) **RATES.**—In resolving a covered dispute involving the reasonableness of a rail carrier's rates, the arbitrator or panel of arbitrators, as applicable, shall consider the Board's methodologies for setting maximum lawful rates, giving due consideration to the need for differential pricing to permit a rail carrier to collect adequate revenues (as determined under section 10704(a)(2)).

(d) **ARBITRATION DECISIONS.**—Any decision reached in an arbitration process under this section—

- (1) shall be consistent with sound principles of rail regulation economics;
- (2) shall be in writing;
- (3) shall contain findings of fact and conclusions;
- (4) shall be binding upon the parties; and
- (5) shall not have any precedential effect in any other or subsequent arbitration dispute.

(e) **TIMELINES.**—

(1) **SELECTION.**—An arbitrator or panel of arbitrators shall be selected not later than 14 days after the date of the Board's decision to initiate arbitration.

(2) **EVIDENTIARY PROCESS.**—The evidentiary process of the voluntary and binding arbitration process shall be completed not later than 90 days after the date on which the arbitration process is initiated unless—

- (A) a party requests an extension; and
- (B) the arbitrator or panel of arbitrators, as applicable, grants such extension request.

(3) **DECISION.**—The arbitrator or panel of arbitrators, as applicable, shall issue a decision not

later than 30 days after the date on which the evidentiary record is closed.

(4) **EXTENSIONS.**—The Board may extend any of the timelines under this subsection upon the agreement of all parties in the dispute.

(f) ARBITRATORS.—

(1) **IN GENERAL.**—Unless otherwise agreed by all of the parties, an arbitration under this section shall be conducted by an arbitrator or panel of arbitrators, which shall be selected from a roster, maintained by the Board, of persons with rail transportation, economic regulation, professional or business experience, including agriculture, in the private sector.

(2) **INDEPENDENCE.**—In an arbitration under this section, the arbitrators shall perform their duties with diligence, good faith, and in a manner consistent with the requirements of impartiality and independence.

(3) **SELECTION.**—

(A) **IN GENERAL.**—If the parties cannot mutually agree on an arbitrator, or the lead arbitrator of a panel of arbitrators, the parties shall select the arbitrator or lead arbitrator from the roster by alternately striking names from the roster until only 1 name remains meeting the criteria set forth in paragraph (1).

(B) **PANEL OF ARBITRATORS.**—If the parties agree to select a panel of arbitrators, instead of a single arbitrator, the panel shall be selected under this subsection as follows:

(i) The parties to a dispute may mutually select 1 arbitrator from the roster to serve as the lead arbitrator of the panel of arbitrators.

(ii) If the parties cannot mutually agree on a lead arbitrator, the parties shall select a lead arbitrator using the process described in subparagraph (A).

(iii) In addition to the lead arbitrator selected under this subparagraph, each party to a dispute shall select 1 additional arbitrator from the roster, regardless of whether the other party struck out the arbitrator's name under subparagraph (A).

(B) **TIME LIMIT.**—Any rate prescription shall be limited to not longer than 5 years from the date of the arbitral decision.

(h) **BOARD REVIEW.**—If a party appeals a decision under this section to the Board, the Board may review the decision under this section to determine if—

(1) the decision is consistent with sound principles of rail regulation economics;

(2) a clear abuse of arbitral authority or discretion occurred;

(3) the decision directly contravenes statutory authority; or

(4) the award limitation under subsection (g) was violated.

(A) a movement of household goods,

(B) a rate for a movement by or with a water carrier in noncontiguous domestic trade, or

(C) rates, rules, and classifications made collectively by motor carriers under agreements approved pursuant to section 13703,

(2) **THROUGH ROUTES AND DIVISIONS OF JOINT RATES.**—Through routes and divisions of joint rates for such transportation or service must be reasonable.

(b) **PRESCRIPTION BY BOARD FOR VIOLATIONS.**—When the Board finds it necessary to stop or prevent a violation of subsection (a), the Board shall prescribe the rate, classification, rule, practice, through route, or division of joint rates to be applied for such transportation or service.

(c) **FILING OF COMPLAINT.**—A complaint that a rate, classification, rule, or practice in noncontiguous domestic trade violates subsection (a) may be filed with the Board.

(d) **ZONE OF REASONABLENESS.**—

(1) **IN GENERAL.**—For purposes of this section, a rate or division of a motor carrier for service in noncontiguous domestic trade or water carrier for port-to-port service in that trade is reasonable if the aggregate of increases and decreases in any such rate or division is not more than 7.5 percent above, or more than 10 percent below, the rate or division in effect 1 year before the effective date of the proposed rate or division.

(2) **ADJUSTMENTS TO THE ZONE.**—The percentage specified in paragraph (1) shall be increased or decreased, as the case may be, by the percentage change in the Producers Price Index, as published by the Department of Labor, that has occurred during the most recent 1-year period before the date the rate or division in question first took effect.

Upon complaint from any governmental agency or authority and upon a finding of violation of subsection (a), the Board shall make such orders as are just and shall require the carrier to return, to the extent practicable, to shippers all amounts plus interest, which the Board finds to have been assessed and collected in violation of subsection (a).

§13702. Tariff requirement for certain transportation

(a) **IN GENERAL.**—Except when providing transportation for charitable purposes without charge, a carrier subject to jurisdiction under chapter 135 may provide transportation or service that is—

(1) in noncontiguous domestic trade, except with regard to bulk cargo, forest products, recycled

metal scrap, waste paper, and paper waste; or

(2) for movement of household goods;

only if the rate for such transportation or service is contained in a tariff that is in effect under this section. The carrier may not charge or receive a different compensation for the transportation or service than the rate specified in the tariff, whether by returning a part of that rate to a person, giving a person a privilege, allowing the use of a facility that affects the value of that transportation or service, or another device. A rate contained in a tariff shall be stated in money of the United States.

(b) TARIFF REQUIREMENTS FOR NONCONTIGUOUS DOMESTIC TRADE.—

(1) **FILING.**—A carrier providing transportation or service described in subsection (a)(1) shall publish and file with the Board tariffs containing the rates established for such transportation or service. The carriers shall keep such tariffs available for public inspection. The Board shall prescribe the form and manner of publishing, filing, and keeping tariffs available for public inspection under this subsection.

(2) **CONTENTS.**—The Board may prescribe any specific information and charges to be identified in a tariff, but at a minimum tariffs must identify plainly—

(A) the carriers that are parties to it;

(B) the places between which property will be transported;

(C) terminal charges if a carrier provides transportation or service subject to jurisdiction under subchapter III of chapter 135;

(D) privileges given and facilities allowed; and

(E) any rules that change, affect, or determine any part of the published rate.

(3) **INLAND DIVISIONS.**—A carrier providing transportation or service described in subsection (a)(1) under a joint rate for a through movement shall not be required to state separately or otherwise reveal in tariff filings the inland divisions of that through rate.

(4) **TIME-VOLUME RATES.**—Rates in tariffs filed under this subsection may vary with the volume of cargo offered over a specified period of time.

(5) **CHANGES.**—The Board may permit carriers to change rates, classifications, rules, and practices without filing complete tariffs under this subsection that cover matter that is not being changed when the Board finds that action to be consistent with the public interest. Those carriers may either—

(A) publish new tariffs that incorporate changes, or

(B) plainly indicate the proposed changes in the tariffs then in effect and make the tariffs as changed available for public inspection.

(6) **COMPLAINTS.**—A complaint that a rate or related rule or practice maintained in a tariff under this subsection violates section 13701(a) may be submitted to the Board for resolution.

(c) TARIFF REQUIREMENTS FOR HOUSEHOLD GOODS CARRIERS.—

(1) **IN GENERAL.**—A carrier providing transportation described in subsection (a)(2) shall maintain rates and related rules and practices in a published tariff. The tariff must be available for inspection by the Board and be made available for inspection by shippers upon reasonable request.

(2) **NOTICE OF AVAILABILITY.**—A carrier that maintains a tariff under this subsection may not enforce the provisions of the tariff unless the carrier has given notice that the tariff is available for inspection in its bill of lading or by other actual notice to individuals whose shipments are subject to the tariff.

(3) **REQUIREMENTS.**—A carrier that maintains a tariff under this subsection is bound by the tariff except as otherwise provided in this part. A tariff that does not comply with this subsection may not be enforced against any individual shipper.

(4) **INCORPORATION BY REFERENCE.**—A carrier may incorporate by reference the rates, terms, and other conditions of a tariff in agreements covering the transportation of household goods.

(5) COMPLAINTS.—A complaint that a rate or related rule or practice maintained in a tariff under this subsection violates section 13701(a) may be submitted to the Board for resolution.

(d) INVALIDATION.—The Board may invalidate a tariff prepared by a carrier or carriers under this section if that tariff violates this section or a regulation of the Board carrying out this section. (Added Pub. L. 104–88, title I, §103, Dec. 29, 1995, 109 Stat. 868.)

has effect only as related to application of the antitrust laws referred to in subsection (a).

(2) PERIODIC REVIEW OF APPROVALS.—Subject to this section, in the 5-year period beginning on the date of the enactment of this paragraph and in each 5-year period thereafter, the Board shall initiate a proceeding to review any agreement approved pursuant to this section. Any such agreement shall be continued unless the Board determines otherwise.

(d) EXISTING AGREEMENTS.—

(1) AGREEMENTS EXISTING AS OF DECEMBER 31, 1995.—Agreements approved under former section 10706(b) and in effect on December 31, 1995, shall be treated for purposes of this section as approved by the Board under this section beginning on January 1, 1996.

(2) CASES PENDING AS OF DATE OF THE ENACTMENT.—Nothing in section 227 (other than subsection (b)) of the Motor Carrier Safety Improvement Act of 1999, including the amendments made by such section, shall be construed to affect any case brought under this section that is pending before the Board as of the date of the enactment of this paragraph.

(e) LIMITATIONS ON STATUTORY CONSTRUCTION.—

(1) UNDERCHARGE CLAIMS.—Nothing in this section shall serve as a basis for any undercharge claim.

(2) OBLIGATION OF SHIPPER.—Nothing in this title, the ICC Termination Act of 1995, or any amendments or repeals made by such Act shall be construed as creating any obligation for a shipper based solely on a classification that was on file with the Interstate Commerce Commission or elsewhere on December 31, 1995.

(f) INDUSTRY STANDARD GUIDES.—

(1) IN GENERAL.—

(A) PUBLIC AVAILABILITY.—Routes, rates, classifications, mileage guides, and rules established under agreements approved under this section shall be published and made available for public inspection upon request.

(B) PARTICIPATION OF CARRIERS.—

§13704. Household goods rates—estimates; guarantees of service

(a) IN GENERAL.—

(1) **AUTHORITY.**—Subject to the provisions of paragraph (2) of this subsection, a motor carrier providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135 may establish a rate for the transportation of household goods which is based on the carrier's written, binding estimate of charges for providing such transportation.

(2) **NONPREFERENTIAL; NONPREDATORY.**—Any rate established under this subsection must be available on a nonpreferential basis to shippers and must not result in charges to shippers which are predatory.

(b) RATES FOR GUARANTEED SERVICE.—

(1) **AUTHORITY.**—Subject to the provisions of paragraph (2) of this subsection, a motor carrier providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135 may establish rates for the transportation of household goods which guarantee that the carrier will pick up and deliver such household goods at the times specified in the contract for such services and provide a penalty or per diem payment in the event the carrier fails to pick up or deliver such household goods at the specified time. (2) **AUTHORITY OF SECRETARY TO REQUIRE NONGUARANTEED SERVICE RATES.**—Before a carrier may establish a rate for any service under paragraph (1) of this subsection, the Secretary may require such carrier to have in effect and keep in effect, during any period such rate is in effect under paragraph (1), a rate for such service which does not guarantee the pick up and delivery of household goods at the times specified in the contract for such services and which does not provide a penalty or per diem payment in the event the carrier fails to pick up or deliver household goods at the specified time.

§13706. Liability for payment of rates

(a) **LIABILITY OF CONSIGNEE.**—Liability for payment of rates for transportation for a shipment of property by a shipper or consignor to a consignee other than the shipper or consignor, is determined under this section when the transportation is provided by motor carrier under this part. When the shipper or consignor instructs the carrier transporting the property to deliver it to a consignee that is an agent only, not having beneficial title to the property, the consignee is liable for rates billed at the time of delivery for which the consignee is otherwise liable, but not for additional rates that may be found to be due after delivery if the consignee gives written notice to the delivering carrier before delivery of the property—

(1) of the agency and absence of beneficial title; and

(2) of the name and address of the beneficial owner of the property if it is reconsigned or diverted to a place other than the place specified in the original bill of lading.

(b) **LIABILITY OF BENEFICIAL OWNER.**—When the consignee is liable only for rates billed at the time of delivery under subsection (a), the shipper or consignor, or, if the property is reconsigned or diverted, the beneficial owner is liable for those additional rates regardless of the bill of the lading or contract under which the property was transported. The beneficial owner is liable for all rates when the property is reconsigned or diverted by an agent but is refused or abandoned at its ultimate destination if the agent gave the carrier in the reconsignment or diversion order a notice of agency and the name and address of the beneficial owner. A consignee giving the carrier erroneous information about the identity of the beneficial owner of the property is liable for the additional rates. (Added Pub. (B) **CALCULATION OF PRORATED CHARGES.**—For purposes of subparagraph (A)(iii), the prorated percentage of the charges shall be the percentage of the total charges due to the carrier as described in clause (i) or (ii) of subparagraph (A) that is equal to the percentage of the weight of that portion of the shipment delivered to the total weight of the shipment.

(C) POST-CONTRACT SERVICES.—Subparagraph (A) does not apply to additional services requested by a shipper after the contract of service is executed that were not included in the estimate.

(1) **IN GENERAL.**—When a claim is made by a motor carrier of property (other than a household goods carrier) providing transportation subject to jurisdiction under subchapter II of chapter 105 (as in effect on December 31, 1995) or subchapter I of chapter 135, by a freight forwarder (other than a household goods freight forwarder), or by a party representing such a carrier or freight forwarder regarding the collection of rates or charges for such transportation in addition to those originally billed and collected by the carrier or freight forwarder for such transportation, the person against whom the claim is made may elect to satisfy the claim under the provisions of subsection (b), (c), or (d), upon showing that—

(A) the carrier or freight forwarder is no longer transporting property or is transporting property for the purpose of avoiding the application of this section; and

(B) with respect to the claim—

(i) the person was offered a transportation rate by the carrier or freight forwarder other than that legally on file at the time with the Board or with the Interstate Commerce Commission, as required, for the transportation service;

(ii) the person tendered freight to the carrier or freight forwarder in reasonable reliance upon the offered transportation rate;

(iii) the carrier or freight forwarder did not properly or timely file with the Board or with the Interstate Commerce Commission, as required, a tariff providing for such transportation rate or failed to enter into an agreement for contract carriage;

(iv) such transportation rate was billed and collected by the carrier or freight forwarder; and

(v) the carrier or freight forwarder demands additional payment of a higher rate filed in a tariff.

(2) **FORUM.**—If there is a dispute as to the showing under paragraph (1)(A), such dispute shall be resolved by the court in which the claim is brought. If there is a dispute as to the showing under paragraph (1)(B), such dispute shall be resolved by the Board. Pending the resolution of any such dispute, the person shall not have to pay any additional compensation to the carrier or freight forwarder.

(3) **EFFECT OF SATISFACTION OF CLAIMS.**—Satisfaction of the claim under subsection (b), (c), or (d) shall be binding on the parties, and the parties shall not be subject to chapter 119 of this title, as such chapter was in effect on December 31, 1995, or chapter 149.

(b) **CLAIMS INVOLVING SHIPMENTS WEIGHING 10,000 POUNDS OR LESS.**—A person from whom the additional legally applicable and effective tariff rate or charges are sought may elect to satisfy the claim if the shipments each weighed 10,000 pounds or less, by payment of 20 percent of the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid. In the event that a dispute arises as to the rate that was legally applicable to the shipment, such dispute shall be resolved by the Board.

(c) **CLAIMS INVOLVING SHIPMENTS WEIGHING MORE THAN 10,000 POUNDS.**—A person from whom the additional legally applicable and effective tariff rate or charges are sought may elect to satisfy the claim if the shipments each weighed more than 10,000 pounds, by payment of 15 percent of the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid. In the event that a dispute arises as to the rate that was legally applicable to the shipment, such dispute shall be resolved by the Board.

(f) STAY OF ADDITIONAL COMPENSATION.—When a person proceeds under this section to challenge the reasonableness of the legally applicable freight rate or charges being claimed by a carrier or freight forwarder in addition to those already billed and collected, the person shall not have to pay any additional compensation to the carrier or freight forwarder until the Board has made a determination as to the reasonableness of the challenged rate as applied to the freight of the person against whom the claim is made.

(g) NOTIFICATION OF ELECTION.—

(1) GENERAL RULE.—A person must notify the carrier or freight forwarder as to its election to proceed under subsection (b), (c), or (d). Except as provided in paragraphs (2), (3), and (4), such election may be made at any time.

ABOLITION OF INTERSTATE COMMERCE COMMISSION

Interstate Commerce Commission abolished by section 101 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§13711. Alternative procedure for resolving undercharge disputes

(a) **GENERAL RULE.**—It shall be an unreasonable practice for a motor carrier of property (other than a household goods carrier) providing transportation subject to jurisdiction under subchapter I of chapter 135 or, before January 1, 1996, to have provided transportation that was subject to jurisdiction under subchapter II of chapter 105, as in effect on December 31, 1995, a freight forwarder (other than a household goods freight forwarder), or a party representing such a carrier or freight forwarder to attempt to charge or to charge for a transportation service the difference between (1) the applicable rate that was lawfully in effect pursuant to a tariff that was filed in accordance with this chapter or, with respect to transportation provided before January 1, 1996, in accordance with chapter 107, as in effect on the date the transportation was provided, by the carrier or freight forwarder applicable to such transportation service, and (2) the negotiated rate for such transportation service if the carrier or freight forwarder is no longer transporting property between places described in section 13501(1) or is transporting property between places described in section 13501(1) for the purpose of avoiding application of this section.

(b) **JURISDICTION OF BOARD.**—

(1) **DETERMINATION.**—The Board shall have jurisdiction to make a determination of whether or not attempting to charge or the charging of a rate by a motor carrier or freight forwarder or party representing a motor carrier or freight forwarder is an unreasonable practice under subsection (a). If the Board determines that attempting to charge or the charging of the rate is an unreasonable practice under subsection (a), the carrier, freight forwarder, or party may not collect the difference described in subsection (a) between the applicable rate and the negotiated rate for the transportation service.

(2) **FACTORS TO CONSIDER.**—In making a determination under paragraph (1), the Board shall consider—

(A) whether the person was offered a transportation rate by the carrier or freight forwarder or party other than that legally on file with the Interstate Commerce Commission or the Board, as required, at the time of the movement for the transportation service;

(B) whether the person tendered freight to the carrier or freight forwarder in reasonable reliance upon the offered transportation rate;

(C) whether the carrier or freight forwarder did not properly or timely file with the Interstate Commerce Commission or the Board, as required, a tariff providing for such transportation rate or failed to enter into an agreement for contract carriage;

(D) whether the transportation rate was billed and collected by the carrier or freight forwarder; and

(E) whether the carrier or freight forwarder or party demands additional payment of a higher rate filed in a tariff.

(c) **STAY OF ADDITIONAL COMPENSATION.**—When a person proceeds under this section to challenge the reasonableness of the practice of a motor carrier, freight forwarder, or party described

in subsection (a) to attempt to charge or to charge the difference described in subsection (a) between the applicable rate and the negotiated rate for the transportation service in addition to those charges already billed and collected for the transportation service, the person shall not have to pay any additional compensation to the carrier, freight forwarder, or party until the Board has made a determination as to the reasonableness of the practice as applied to the freight of the person against whom the claim is made.

(d) **TREATMENT.**—Subsection (a) is an exception to the requirements of section 13702 and, for transportation provided before January 1, 1996, to the requirements of sections 10761(a) and 10762, as in effect on December 31, 1995, as such sections relate to a filed tariff rate and other general tariff requirements.

(e) **NONAPPLICABILITY OF NEGOTIATED RATE DISPUTE RESOLUTION PROCEDURE.**—If a person elects to seek enforcement of subsection (a) with respect to a rate for a transportation or service, section 13709 shall not apply to such rate.

(f) **DEFINITIONS.**—In this section, the term "negotiated rate" means a rate, charge, classification, or rule agreed upon by a motor carrier or freight forwarder and a shipper through negotiations pursuant to which no tariff was lawfully and timely filed and for which there is written evidence of such agreement.

(g) **APPLICABILITY TO PENDING CASES.**—This section shall apply to all cases and proceedings pending on January 1, 1996.

(Added Pub. L. 104–88, title I, §103, Dec. 29, 1995, 109 Stat. 877; amended Pub. L. 104–287, §5(31), Oct. 11, 1996, 110 Stat. 3391.)

(1) PREVENTION OF DISCRIMINATORY PRACTICES.—If the President, or the delegate thereof, determines that an act, policy, or practice of a foreign country contiguous to the United States, or any political subdivision or any instrumentality of any such country is unreasonable or discriminatory and burdens or restricts United States transportation companies providing, or seeking to provide, motor carrier transportation to, from, or within such foreign country, the President or such delegate may—

(A) seek elimination of such practices through consultations; or

(B) notwithstanding any other provision of law, suspend, modify, amend, condition, or restrict operations, including geographical restriction of operations, in the United States by motor carriers of property or passengers domiciled in such foreign country or owned or controlled by persons of such foreign country.

(3) REMOVAL OR MODIFICATION.—The President, or the delegate thereof, may remove or modify in whole or in part any action taken under paragraph (1)(A) if the President or such delegate determines that such removal or modification is consistent with the obligations of the United States under a trade agreement or with United States transportation policy.

(4) PROTECTION OF EXISTING OPERATIONS.—Unless and until the President, or the delegate thereof, makes a determination under paragraph (1) or (3), nothing in this subsection shall affect—

The court may award appropriate relief, including injunctive relief.

(8) LIMITATION ON STATUTORY CONSTRUCTION.—This subsection shall not be construed as affecting the requirement for all foreign motor carriers and foreign motor private carriers operating in the United States to comply with all applicable laws and regulations pertaining to fitness, safety of operations, financial responsibility, and taxes imposed by section 4481 of the Internal Revenue Code of 1986.

(d) **TRANSITION RULE.**—

(3) **TERMINATION.**—This subsection shall cease to be in effect on the transition termination date.

(e) **PENALTIES FOR FAILURE TO COMPLY WITH REGISTRATION REQUIREMENTS**

—In addition to other penalties available under law, motor carriers that fail to register their operations as required by this section or that operate beyond the scope of their registrations may be subject to the following penalties:

(1) **OUT-OF-SERVICE ORDERS.**—If, upon inspection or investigation, the Secretary determines that a motor carrier providing transportation requiring registration under this section is operating without a registration or beyond the scope of its registration, the Secretary may order the motor carrier operations out-of-service. Subsequent to the issuance of the out-of-service order, the Secretary shall provide an opportunity for review in accordance with section 554 of title 5, United States Code; except that such review shall occur not later than 10 days after issuance of such order.

(2) **PERMISSION FOR OPERATIONS.**—A person domiciled in a country contiguous to the United States with respect to which an action under subsection (c)(1)(A) or (c)(1)(B) is in effect and providing transportation for which registration is required under this section shall maintain evidence of such registration in the motor vehicle when the person is providing the transportation. The Secretary shall not permit the operation in interstate commerce in the United States of any motor vehicle in which there is not a copy of the registration issued pursuant to this section.

(2) **PRE-EXISTING CERTIFICATES AND PERMITS.**—The Secretary shall redesignate any motor carrier certificate or permit issued before the transition termination date as a motor carrier certificate of registration. On and after the transition termination date, any person holding a motor carrier certificate of registration redesignated under this paragraph may provide both contract carriage (as defined in section 13102(4)(B)) and transportation under terms and conditions meeting the requirements of section 13710(a)(1). The Secretary may not, pursuant to any regulation or form issued before or after the transition termination date, make any distinction among holders of motor carrier certificates of registration on the basis of whether the holder would have been classified as a common carrier or as a contract carrier under—

(A) subsection (d) of this section, as that section was in effect before the transition termination date; or

(B) any other provision of this title that was in effect before the transition termination date.

(3) **TRANSITION TERMINATION DATE DEFINED.**—In this section, the term "transition termination date" means the first day of January occurring more than 12 months after the date of enactment of the Unified Carrier Registration Act of 2005.

(2) **MOTOR CARRIERS OF PASSENGERS.**—In addition to the requirements of paragraph (1), the Secretary shall require a motor carrier of passengers to update its registration information, including numbers of vehicles, annual mileage, and individuals responsible for compliance with Federal safety regulations quarterly for the first 2 years after being issued a registration under this section.

(i) **REGISTRATION AS FREIGHT FORWARDER OR BROKER REQUIRED.**—A motor carrier registered under this chapter—

(1) may only provide transportation of property with—

(A) self-propelled motor vehicles owned or leased by the motor carrier; or

(B) interchanges under regulations issued by the Secretary if the originating carrier—

(i) physically transports the cargo at some point; and

(ii) retains liability for the cargo and for payment of interchanged carriers; and

(2) may not arrange transportation except as described in paragraph (1) unless the motor carrier has obtained a separate registration as a freight forwarder or broker for transportation under section 13903 or 13904, as applicable.

(j) **MEXICO-DOMICILED MOTOR CARRIERS.**—Notwithstanding any other provision of this section, upon an order in accordance with section 324(a) of the United States-Mexico-Canada Agreement Implementation Act, the Secretary shall carry out the relief specified by denying or imposing limitations on a request for registration or capping the number of requests for registration by Mexico-domiciled motor carriers of cargo to operate beyond the municipalities along the United States-Mexico international border and the commercial zones of those municipalities as directed.

EXECUTIVE DOCUMENTS

LIMITED MODIFICATION TO MORATORIUM ON ISSUANCE OF CERTIFICATES OR PERMITS WITH RESPECT TO MEXICO

Memorandum of President of the United States, May 6, 1993, 58 F.R. 27647, provided:

Memorandum for the Secretary of Transportation

Section 6 of the Bus Regulatory Reform Act of 1982 [Pub. L. 97–261, see former 49 U.S.C. 10922(m)(1), (2)] imposed a moratorium on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by persons of, a contiguous foreign country. The Act [Pub. L. 97–261, see Tables for classification] authorized the President to remove the moratorium in whole or in part for any country or political subdivision thereof upon determining that such action is in the national interest. Sixty days' advance notice to the Congress is required whenever the removal or modification applies to a contiguous foreign country or political subdivision thereof that substantially prohibits the granting of motor carrier authority to persons from the United States.

I am pleased that an agreement between the United States and Mexico has been concluded to ensure fair and reciprocal treatment for charter and tour bus interests on both sides of the border. The agreement reached, however, does not allow for full access to cross-border and domestic markets. Therefore, the moratorium must reflect the conditions under which operating authority may be issued to Mexican charter and tour companies under the agreement.

Pursuant to section 6 of the Bus Regulatory Reform Act of 1982, 49 U.S.C. section 10922(l)(2)(A) [see former 49 U.S.C. 10922(m)(2)(A)], I hereby make a limited modification to the moratorium imposed by that section and all actions taken by my predecessors under that section on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by persons of, a contiguous foreign country.

The moratorium is modified only to authorize the Interstate Commerce Commission to grant Mexican motor carriers authority to transport passengers in charter or special operations, in foreign commerce, in round trip or one-way service between Mexico and the United States pursuant to the following restrictions:

1. The Mexican motor carrier can conduct cross-border charter or special service in the United States only when the international tour or charter begins in Mexico;

2. Tickets or tour packages for such operations cannot be sold in the United States; and

3. The terms of the grants of authority given to Mexican motor carriers will be limited by the life of the agreement with Mexico covering reciprocal cross-border charter and special operations.

This action applies only to international charter and tour operations, does not allow for point-to-point service within the United States, and does not authorize companies to conduct cross-border regular route service. This action preserves the status quo with respect to Mexican trucking companies and Mexican companies engaged in regular route service, and will maintain the moratorium on those operations through September 25, 1994, unless earlier revoked or modified.

Accordingly, you are directed to notify the Congress today on my behalf that, effective 60 days hence, the

moratorium will no longer be in effect for Mexican charter and tour bus companies subject to the above stated conditions. Because of this action, the Interstate Commerce Commission will then accept and process expeditiously all applications for operating authority from Mexican owned, controlled, or domiciled charter and tour bus firms. I should note that applications in Mexico by United States charter and tour bus firms will be similarly treated.

You are hereby authorized and directed to publish this determination in the Federal Register.

WILLIAM J. CLINTON.

Memorandum of President of the United States, Jan. 1, 1994, 59 F.R. 653, provided:

Memorandum for the Secretary of Transportation

Section 6 of the Bus Regulatory Reform Act of 1982 [Pub. L. 97-261, see former 49 U.S.C. 10922(m)(1), (2)] imposed a moratorium on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by, persons of a contiguous foreign country. The Act [Pub. L. 97-261, see Tables for classification] authorized the President to remove the moratorium in whole or in part for any country or political subdivision thereof upon determining that such action is in the national interest. Sixty days' advance notice to the Congress is required whenever the removal or modification applies to a foreign contiguous country or political subdivision thereof that substantially prohibits the granting of motor carrier authority to persons from the United States.

As set forth in the Statement of Administrative Action regarding the North American Free Trade Agreement (NAFTA) that I submitted to the Congress on November 3, 1993, the moratorium with respect to Mexico will be lifted in phases to coincide with the schedule of liberalization in the relevant provisions of the NAFTA. The NAFTA specifically states that the moratorium will not apply to the provision of cross-border charter or tour bus services as of the date of entry into force of the Agreement.

This is to give public notice that, pursuant to section 6 of the Bus Regulatory Reform Act of 1982, 49 U.S.C. section 10922(l)(2)(A) [see former 49 U.S.C. 10922(m)(2)(A)], on November 3, 1993, I gave the Congress notice of my intention to make a limited modification to the moratorium imposed by that section and all actions taken by my predecessors under that section on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by, persons of Mexico. This modification will take effect on January 1, 1994, the 60th day after my notice to the Congress.

The moratorium is modified only to authorize the Interstate Commerce Commission to grant Mexican motor carriers authority to transport passengers in charter or tour bus operations, in foreign commerce, in round-trip or one-way service between Mexico and the United States.

This action applies only to international charter or tour bus operations, does not allow for point-to-point bus service within the United States, and does not authorize companies to conduct cross-border regular route bus service.

Effective January 1, 1994, the Interstate Commerce Commission will begin to accept and process expeditiously all applications for operating authority from Mexican owned, controlled, or domiciled charter and tour bus firms.

This determination shall be published in the Federal Register.

WILLIAM J. CLINTON.

EXTENSION OF MORATORIUM

Memorandum of President of the United States, Mar. 2, 1995, 60 F.R. 12393, provided:

Memorandum for the Secretary of Transportation [and] the United States Trade Representative

Pursuant to section 6 of the Bus Regulatory Reform Act of 1982, 49 U.S.C. 10922(l)(1) and (2) [Pub. L. 97-261, see former 49 U.S.C. 10922(m)(1), (2)], I hereby extend for an additional 2 years both the moratorium imposed by that section and all actions taken by my predecessors under that section on the

issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by persons of, a contiguous foreign country. This action preserves the *status quo* and will maintain the moratorium through September 19, 1996, unless earlier revoked or modified.

This memorandum shall be published in the Federal Register.

Memorandum of President of the United States, Aug. 30, 1984, 49 F.R. 35001, extended moratorium through Sept. 19, 1986.

Memorandum of President of the United States, June 5, 2001, 66 F.R. 30799, provided:

Memorandum for the Secretary of Transportation

Section 6 of the Bus Regulatory Reform Act of 1982 [Pub. L. 97–261, see former 49 U.S.C. 10922(m)(1), (2)] imposed a moratorium on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by, persons of a contiguous foreign country, and authorized the President to modify the moratorium. The Interstate Commerce Commission Termination Act of 1995 (ICCTA) [ICC Termination Act of 1995, Pub. L. 104–88, see Tables for classification] maintained these restrictions, subject to modifications made prior to the enactment of the ICCTA [Dec. 29, 1995], and authorized the President to make further modifications to the moratorium. The relevant provisions of the ICCTA are codified at 49 U.S.C. 13902.

The North American Free Trade Agreement (NAFTA) established a schedule for liberalizing certain restrictions on investment in truck and bus services. Pursuant to 49 U.S.C. 13902(c)(3), I have determined that the following modifications to the moratorium are consistent with obligations of the United States under NAFTA and with U.S. transportation policy, and that the moratorium shall be modified accordingly. First, enterprises domiciled in the United States that are owned or controlled by persons of Mexico will be allowed to obtain operating authority to provide truck services for the transportation of international cargo between points in the United States. Second, enterprises domiciled in the United States that are owned or controlled by persons of Mexico will be allowed to obtain operating authority to provide bus services between points in the United States. These modifications shall be effective today.

Pursuant to 49 U.S.C. 13902(c)(5), I have determined that expeditious action is required to implement these modifications to the moratorium. Effective today, the Department of Transportation will accept and expeditiously process applications, submitted by enterprises domiciled in the United States that are owned or controlled by persons of Mexico, to obtain operating authority to provide truck services for the transportation of international cargo between points in the United States or to provide bus services between points in the United States.

Motor carriers domiciled in the United States that are owned or controlled by persons of Mexico will be subject to the same Federal and State regulations and procedures that apply to all other U.S. carriers. These include safety regulations, such as drug and alcohol testing; insurance requirements; taxes and fees; and all other applicable laws and regulations, including those administered by the U.S. Customs Service, the Immigration and Naturalization Service, and the Department of Labor.

This memorandum shall be published in the Federal Register.

GEORGE W. BUSH.

Memorandum of President of the United States, Nov. 27, 2002, 67 F.R. 71795, provided:

Memorandum for the Secretary of Transportation

Section 6 of the Bus Regulatory Reform Act of 1982, Public Law 97–261, 96 Stat. 1103 [see former 49 U.S.C. 10922(m)(1), (2)], imposed a moratorium on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by persons of, a contiguous foreign country and authorized the President to modify the moratorium. The Interstate Commerce Commission Termination Act of 1995 (ICCTA), Public

Law 104–88, 109 Stat. 803 [ICC Termination Act of 1995, see Tables for classification], maintained these restrictions, subject to modifications made prior to the enactment of the ICCTA [Dec. 29, 1995], and empowered the President to make further modifications to the moratorium.

Pursuant to 49 U.S.C. 13902(c)(3), I modified the moratorium on June 5, 2001, to allow motor carriers domiciled in the United States that are owned or controlled by persons of Mexico to obtain operating authority to transport international cargo by truck between points in the United States and to provide bus services between points in the United States.

The North American Free Trade Agreement (NAFTA) established a schedule for liberalizing certain restrictions on the provision of bus and truck services by Mexican-domiciled motor carriers in the United States. Pursuant to 49 U.S.C. 13902(c)(3), I hereby determine that the following modifications to the moratorium are consistent with obligations of the United States under NAFTA and with our national transportation policy and that the moratorium shall be modified accordingly.

First, qualified motor carriers domiciled in Mexico will be allowed to obtain operating authority to transport passengers in cross-border scheduled bus services. Second, qualified motor carriers domiciled in Mexico will be allowed to obtain operating authority to provide cross-border truck services. The moratorium on the issuance of certificates or permits to Mexican-domiciled motor carriers for the provision of truck or bus services between points in the United States will remain in place. These modifications shall be effective on the date of this memorandum.

Furthermore, pursuant to 49 U.S.C. 13902(c)(5), I hereby determine that expeditious action is required to implement this modification to the moratorium. Effective on the date of this memorandum, the Department of Transportation is authorized to act on applications, submitted by motor carriers domiciled in Mexico, to obtain operating authority to provide cross-border scheduled bus services and cross-border truck services. In reviewing such applications, the Department shall continue to work closely with the Department of Justice, the Office of Homeland Security, and other relevant Federal departments, agencies, and offices in order to help ensure the security of the border and to prevent potential threats to national security.

Motor carriers domiciled in Mexico operating in the United States will be subject to the same Federal and State laws, regulations, and procedures that apply to carriers domiciled in the United States. These include safety regulations, such as drug and alcohol testing requirements; insurance requirements; taxes and fees; and other applicable laws and regulations, including those administered by the United States Customs Service, the Immigration and Naturalization Service, the Department of Labor, and Federal and State environmental agencies.

You are authorized and directed to publish this memorandum in the Federal Register.

GEORGE W. BUSH.

(a) CARRIERS RESPONSIBLE FOR AGENTS.—Each motor carrier providing transportation of household goods shall be responsible for all acts or omissions of any of its agents which relate to the performance of household goods transportation services (including accessorial or terminal services) and which are within the actual or apparent authority of the agent from the carrier or which are ratified by the carrier.

(b) STANDARD FOR SELECTING AGENTS.—Each motor carrier providing transportation of household goods shall use due diligence and reasonable care in selecting and maintaining agents who are sufficiently knowledgeable, fit, willing, and able to provide adequate household goods transportation services (including accessorial and terminal services) and to fulfill the obligations imposed upon them by this part and by such carrier.

(c) ENFORCEMENT.—

(1) COMPLAINT.—Whenever the Secretary has reason to believe from a complaint or investigation that an agent providing household goods transportation services (including accessorial and terminal services) under the authority of a motor carrier providing transportation of household goods has violated section 14901(e) or 14912 or is consistently not fit, willing, and able to provide adequate household goods transportation services (including accessorial and terminal services), the Secretary may issue to such agent a complaint stating the charges and containing notice of the time and place of a hearing which shall be held no later than 60 days after service of the complaint to such agent.

(2) RIGHT TO DEFEND.—The agent shall have the right to appear at such hearing and rebut the charges contained in the complaint.

(3) ORDER.—If the agent does not appear at the hearing or if the Secretary finds that the agent has violated section 14901(e) or 14912 or is consistently not fit, willing, and able to provide adequate household goods transportation services (including accessorial and terminal services), the Secretary may issue an order to compel compliance with the requirement that the agent be fit, willing, and able. Thereafter, the Secretary may issue an order to limit, condition, or prohibit such agent from any involvement in the transportation or provision of services incidental to the transportation of household goods if, after notice and an opportunity for a hearing, the Secretary finds that such agent, within a reasonable time after the date of issuance of a compliance order under this section, but in no event less than 30 days after such date of issuance, has willfully failed to comply with such order.

(4) HEARING.—Upon filing of a petition with the Secretary by an agent who is the subject of an order issued pursuant to the second sentence of paragraph (3) of this subsection and after notice, a hearing shall be held with an opportunity to be heard. At such hearing, a determination shall be made whether the order issued pursuant to paragraph (3) of this subsection should be rescinded.

(d) LIMITATION ON APPLICABILITY OF ANTITRUST LAWS.—

(1) **IN GENERAL.**—The antitrust laws, as defined in the first section of the Clayton Act (15 U.S.C. 12), do not apply to discussions or agreements between a motor carrier providing transportation of household goods and its agents (whether or not an agent is also a carrier) related solely to—

(A) rates for the transportation of household goods under the authority of the principal carrier;

(B) accessorial, terminal, storage, or other charges for services incidental to the transportation of household goods transported under the authority of the principal carrier;

(C) allowances relating to transportation of household goods under the authority of the principal carrier; and

(D) ownership of a motor carrier providing transportation of household goods by an agent or membership on the board of directors of any such motor carrier by an agent.

COLLECTION OF DATA ON DELAYS IN GOODS MOVEMENT

Pub. L. 114–94, div. A, title V, §5501(b), Dec. 4, 2015, 129 Stat. 1550, provided that: "Not later than 2

years after the date of enactment of this Act [Dec. 4, 2015], the Secretary [of Transportation] shall establish by regulation a process to collect data on delays experienced by operators of commercial motor vehicles before the loading and unloading of such vehicles and at other points in the pick-up and delivery process."

§14104. Household goods carrier operations

(a) GENERAL REGULATORY AUTHORITY.—

(1) **PAPERWORK MINIMIZATION.**—The Secretary may issue regulations, including regulations protecting individual shippers, in order to carry out this part with respect to the transportation of household goods by motor carriers subject to jurisdiction under subchapter I of chapter 135. The regulations and paperwork required of motor carriers providing transportation of household goods shall be minimized to the maximum extent feasible consistent with the protection of individual shippers.

(2) PERFORMANCE STANDARDS.—

(A) **IN GENERAL.**—Regulations of the Secretary protecting individual shippers shall include, where appropriate, reasonable performance standards for the transportation of household goods subject to jurisdiction under subchapter I of chapter 135.

(B) **FACTORS TO CONSIDER.**—In establishing performance standards under this paragraph, the Secretary shall take into account at least the following—

- (i) the level of performance that can be achieved by a well-managed motor carrier transporting household goods;
- (ii) the degree of harm to individual shippers which could result from a violation of the regulation;
- (iii) the need to set the level of performance at a level sufficient to deter abuses which result in harm to consumers and violations of regulations;
- (iv) service requirements of the carriers;
- (v) the cost of compliance in relation to the consumer benefits to be achieved from such compliance; and
- (vi) the need to set the level of performance at a level designed to encourage carriers to offer service responsive to shipper needs.

(3) **LIMITATIONS ON STATUTORY CONSTRUCTION.**—Nothing in this section shall be construed to limit the Secretary's authority to require reports from motor carriers providing transportation of household goods or to require such carriers to provide specified information to consumers concerning their past performance.

(b) ESTIMATES.—

(1) REQUIRED TO BE IN WRITING.—

(A) **IN GENERAL.**—Except as otherwise provided in this subsection, every motor carrier providing transportation of household goods described in section 13102(10)(A) as a household goods motor carrier and subject to jurisdiction under subchapter I of chapter 135 shall conduct a physical survey of the household goods to be transported on behalf of a prospective individual shipper and shall provide the shipper with a written estimate of charges for the transportation and all related services.

(B) **WAIVER.**—A shipper may elect to waive a physical survey under this paragraph by written agreement signed by the shipper before the shipment is loaded. A copy of the waiver agreement must be retained as an addendum to the bill of lading and shall be subject to the same record inspection and preservation requirements of the Secretary as are applicable to bills of lading.

(C) ESTIMATE.—

(i) **IN GENERAL.**—Notwithstanding a waiver under subparagraph (B), a carrier's statement of charges for transportation must be submitted to the shipper in writing and must indicate whether it is binding or nonbinding. The written estimate shall be based on a

physical survey of the household goods if the household goods are located within a 50-mile radius of the location of the carrier's household goods agent preparing the estimate.

(ii) **BINDING.**—A binding estimate under this paragraph must indicate that the carrier and shipper are bound by such charges. The carrier may impose a charge for providing a written binding estimate.

(iii) **NONBINDING.**—A nonbinding estimate under this paragraph must indicate that the actual charges will be based upon the actual weight of the individual shipper's shipment and the carrier's lawful tariff charges. The carrier may not impose a charge for providing a nonbinding estimate.

(2) **OTHER INFORMATION.**—At the time that a motor carrier provides the written estimate required by paragraph (1), the motor carrier shall provide the shipper a copy of the Department of Transportation publication FMCSA–ESA–03–005 (or its successor publication) entitled "Ready to Move?". Before the execution of a contract for service, the motor carrier shall provide the shipper copy of the Department of Transportation publication OCE 100, entitled "Your Rights and Responsibilities When You Move" required by section 375.213 of title 49, Code of Federal Regulations (or any successor regulation).

(3) **APPLICABILITY OF ANTITRUST LAWS.**—Any charge for an estimate of charges provided by a motor carrier to a shipper for transportation of household goods subject to jurisdiction under subchapter I of chapter 135 shall be subject to the antitrust laws, as defined in the first section of the Clayton Act (15 U.S.C. 12).

(4) **PERFECTION.**—The term "perfection", as related to a security interest, means taking action (including public filing, recording, notation on a certificate of title, and possession of collateral by the secured party), or the existence of facts, required under law to make a security interest enforceable against general creditors and subsequent lien creditors of a debtor, but does not include compliance with requirements related only to the establishment of a valid security interest between the debtor and the secured party.

(b) **REQUIREMENTS FOR PERFECTION OF SECURITY INTEREST.**—A security interest in a motor vehicle owned by, or in the possession and use of, a carrier registered under section 13902 of this title and owing payment or performance of an obligation secured by that security interest is perfected in all jurisdictions against all general, and subsequent lien, creditors of, and all persons taking a motor vehicle by sale (or taking or retaining a security interest in a motor vehicle) from, that carrier when—

(1) a certificate of title is issued for a motor vehicle under a law of a jurisdiction that requires or permits indication, on a certificate or title, of a security interest in the motor vehicle if the security interest is indicated on the certificate;

(2) a certificate of title has not been issued and the law of the State where the principal place of business of that carrier is located requires or permits public filing or recording of, or in relation to, that security interest if there has been such a public filing or recording; and

(3) a certificate of title has not been issued and the security interest cannot be perfected under paragraph (2) of this subsection, if the security interest has been perfected under the law (including the conflict of laws rules) of the State where the principal place of business of that carrier is located.

EFFECTIVE DATE

§14302. Pooling and division of transportation or earnings

(a) **APPROVAL REQUIRED.**—A carrier providing transportation subject to jurisdiction under subchapter I of chapter 135 may not agree or combine with another such carrier to pool or divide traffic or services or any part of their earnings without the approval of the Board under this section.

(b) **STANDARDS FOR APPROVAL.**—The Board may approve and authorize an agreement or combination between or among motor carriers of passengers, or between a motor carrier of passengers and a rail carrier of passengers if the carriers involved assent to the pooling or division

and the Board finds that a pooling or division of traffic, services, or earnings—

- (1) will be in the interest of better service to the public or of economy of operation; and
- (2) will not unreasonably restrain competition.

(c) PROCEDURE.—

(1) APPLICATION.—Any motor carrier of property may apply to the Board for approval of an agreement or combination with another such carrier to pool or divide traffic or any services or any part of their earnings by filing such agreement or combination with the Board not less than 50 days before its effective date.

(2) DETERMINATION OF IMPORTANCE AND RESTRAINT ON COMPETITION.—Prior to the effective date of the agreement or combination, the Board shall determine whether the agreement or combination is of major transportation importance and whether there is substantial likelihood that the agreement or combination will unduly restrain competition. If the Board determines that neither of these 2 factors exists, it shall, prior to such effective date and without a hearing, approve and authorize the agreement or combination, under such rules and regulations as the Board may issue, and for such consideration between such carriers and upon such terms and conditions as shall be found by the Board to be just and reasonable.

(3) HEARING.—If the Board determines either that the agreement or combination is of major transportation importance or that there is substantial likelihood that the agreement or combination will unduly restrain competition, the Board shall hold a hearing concerning whether the agreement or combination will be in the interest of better service to the public or of economy in operation and whether it will unduly restrain competition and shall suspend operation of such agreement or combination pending such hearing and final decision thereon. After such hearing, the Board shall indicate to what extent it finds that the agreement or combination will be in the interest of better service to the public or of economy in operation and will not unduly restrain competition and if assented to by all the carriers involved, shall to that extent, approve and authorize the agreement or combination, under such rules and regulations as the Board may issue, and for such consideration between such carriers and upon such terms and conditions as shall be found by the Board to be just and reasonable.

(4) SPECIAL RULES FOR HOUSEHOLD GOODS CARRIERS.—In the case of an application for Board approval of an agreement or combination between a motor carrier providing transportation of household goods and its agents to pool or divide traffic or services or any part of their earnings, such agreement or combination shall be presumed to be in the interest of better service to the public and of economy in operation and not to restrain competition unduly if the practices proposed to be carried out under such agreement or combination are the same as or similar to practices carried out under agreements and combinations between motor carriers providing transportation of household goods to pool or divide traffic or service of any part of their earnings approved by the Interstate Commerce Commission before January 1, 1996.

(5) STREAMLINING AND SIMPLIFYING.—The Board shall streamline, simplify, and expedite, to the maximum extent practicable, the process (including any paperwork) for submission and approval of applications under this section for agreements and combinations between motor carriers providing transportation of household goods and their agents.

(d) CONDITIONS.—The Board may impose conditions governing the pooling or division and may approve and authorize payment of a reasonable consideration between the carriers.

(e) INITIATION OF PROCEEDING.—The Board may begin a proceeding under this section on its own initiative or on application.

(f) EFFECT OF APPROVAL.—A carrier may participate in an arrangement approved by or exempted by the Board under this section without the approval of any other Federal, State, or municipal body. A carrier participating in an approved or exempted arrangement is exempt from the antitrust laws and from all other law, including State and municipal law, as necessary to let that person carry out the arrangement.

(h) DEFINITIONS.—In this section, the following definitions apply:

(1) **LIMITATION ON STATE LAW.**—No State or political subdivision thereof and no interstate agency or other political agency of 2 or more States shall enact or enforce any law, rule, regulation, standard, or other provision having the force and effect of law relating to—

(A) scheduling of interstate or intrastate transportation (including discontinuance or reduction in the level of service) provided by a motor carrier of passengers subject to jurisdiction under subchapter I of chapter 135 of this title on an interstate route;

(B) the implementation of any change in the rates for such transportation or for any charter transportation except to the extent that notice, not in excess of 30 days, of changes in schedules may be required; or

(C) the authority to provide intrastate or interstate charter bus transportation.

This paragraph shall not apply to intrastate commuter bus operations, or to intrastate bus transportation of any nature in the State of Hawaii.

(2) MATTERS NOT COVERED.—Paragraph (1) shall not restrict the safety regulatory authority of a State with respect to motor vehicles, the authority of a State to impose highway route controls or limitations based on the size or weight of the motor vehicle, or the authority of a State to regulate carriers with regard to minimum amounts of financial responsibility relating to insurance requirements and self-insurance authorization.

(b) FREIGHT FORWARDERS AND BROKERS.—

(1) GENERAL RULE.—Subject to paragraph (2) of this subsection, no State or political subdivision thereof and no intrastate agency or other political agency of 2 or more States shall enact or enforce any law, rule, regulation, standard, or other provision having the force and effect of law relating to intrastate rates, intrastate routes, or intrastate services of any freight forwarder or broker.

(2) CONTINUATION OF HAWAII'S AUTHORITY.—Nothing in this subsection and the amendments made by the Surface Freight Forwarder Deregulation Act of 1986 shall be construed to affect the authority of the State of Hawaii to continue to regulate a motor carrier operating within the State of Hawaii.

(c) MOTOR CARRIERS OF PROPERTY.—

(1) GENERAL RULE.—Except as provided in paragraphs (2) and (3), a State, political subdivision of a State, or political authority of 2 or more States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of any motor carrier (other than a carrier affiliated with a direct air carrier covered by section 41713(b)(4)) or any motor private carrier, broker, or freight forwarder with respect to the transportation of property.

(2) MATTERS NOT COVERED.—Paragraph (1)—

(A) shall not restrict the safety regulatory authority of a State with respect to motor vehicles, the authority of a State to impose highway route controls or limitations based on the size or weight of the motor vehicle or the hazardous nature of the cargo, or the authority of a State to regulate motor carriers with regard to minimum amounts of financial responsibility relating to insurance requirements and self-insurance authorization;

(B) does not apply to the intrastate transportation of household goods; and

(C) does not apply to the authority of a State or a political subdivision of a State to enact or enforce a law, regulation, or other provision relating to the regulation of tow truck operations performed without the prior consent or authorization of the owner or operator of the motor vehicle.

(3) STATE STANDARD TRANSPORTATION PRACTICES.—

(A) CONTINUATION.—Paragraph (1) shall not affect any authority of a State, political subdivision of a State, or political authority of 2 or more States to enact or enforce a law, regulation, or other provision, with respect to the intrastate transportation of property by motor carriers, related to—

(ii) uniform bills of lading or receipts for property being transported,

(iii) uniform cargo credit rules,

(iv) antitrust immunity for joint line rates or routes, classifications, mileage guides, and pooling, or

(v) antitrust immunity for agent-van line operations (as set forth in section 13907),

if such law, regulation, or provision meets the requirements of subparagraph (B).

(B) REQUIREMENTS.—A law, regulation, or provision of a State, political subdivision, or political authority meets the requirements of this subparagraph if—

- (i) the law, regulation, or provision covers the same subject matter as, and compliance with such law, regulation, or provision is no more burdensome than compliance with, a provision of this part or a regulation issued by the Secretary or the Board under this part; and
- (ii) the law, regulation, or provision only applies to a carrier upon request of such carrier.

(C) ELECTION.—Notwithstanding any other provision of law, a carrier affiliated with a direct air carrier through common controlling ownership may elect to be subject to a law, regulation, or provision of a State, political subdivision, or political authority under this paragraph.

(4) NONAPPLICABILITY TO HAWAII.—This subsection shall not apply with respect to the State of Hawaii.

(5) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to prevent a State from requiring that, in the case of a motor vehicle to be towed from private property without the consent of the owner or operator of the vehicle, the person towing the vehicle have prior written authorization from the property owner or lessee (or an employee or agent thereof) or that such owner or lessee (or an employee or agent thereof) be present at the time the vehicle is towed from the property, or both.

(d) PRE-ARRANGED GROUND TRANSPORTATION.—

(1) IN GENERAL.—No State or political subdivision thereof and no interstate agency or other political agency of 2 or more States shall enact or enforce any law, rule, regulation, standard or other provision having the force and effect of law requiring a license or fee on account of the fact that a motor vehicle is providing pre-arranged ground transportation service if the motor carrier providing such service—

(A) meets all applicable registration requirements under chapter 139 for the interstate transportation of passengers;

(B) meets all applicable vehicle and intrastate passenger licensing requirements of the State or States in which the motor carrier is domiciled or registered to do business; and

(C) is providing such service pursuant to a contract for—

(i) transportation by the motor carrier from one State, including intermediate stops, to a destination in another State; or

(ii) transportation by the motor carrier from one State, including intermediate stops in another State, to a destination in the original State.

(2) INTERMEDIATE STOP DEFINED.—In this section, the term "intermediate stop", with respect to transportation by a motor carrier, means a pause in the transportation in order for one or more passengers to engage in personal or business activity, but only if the driver providing the transportation to such passenger or passengers does not, before resuming the transportation of such passenger (or at least 1 of such passengers), provide transportation to any other person not included among the passengers being transported when the pause began.

(3) MATTERS NOT COVERED.—Nothing in this subsection shall be construed—

(A) as subjecting taxicab service to regulation under chapter 135 or section 31138;

(B) as prohibiting or restricting an airport, train, or bus terminal operator from contracting to provide preferential access or facilities to one or more providers of pre-arranged ground transportation service; and

(C) as restricting the right of any State or political subdivision of a State to require, in a nondiscriminatory manner, that any individual operating a vehicle providing prearranged ground transportation service originating in the State or political subdivision have submitted to pre-licensing drug testing or a criminal background investigation of the records of the State in which the operator is domiciled, by the State or political subdivision by which the operator is licensed to provide such service, or by the motor carrier providing such service, as a condition of providing such service.

(1) **EXCESSIVE VALUATION OF PROPERTY.**—Assess motor carrier transportation property at a value that has a higher ratio to the true market value of the motor carrier transportation property than the ratio that the assessed value of other commercial and industrial property in the same assessment jurisdiction has to the true market value of the other commercial and industrial property.

(6) DELEGATION OF AUTHORITY.—The board may contract with any person or any agency of a State to perform administrative functions required under the unified carrier registration agreement, but may not delegate its decision or policy-making responsibilities.

(7) DETERMINATION OF FEES.—

(A) RECOMMENDATION BY BOARD.—The board shall recommend to the Secretary the initial annual fees to be assessed carriers, leasing companies, brokers, and freight forwarders under the unified carrier registration agreement. In making its recommendation to the Secretary for the level of fees to be assessed in any agreement year, and in setting the fee level, the board and the Secretary shall consider—

(i) the administrative costs associated with the unified carrier registration plan and the agreement;

(ii) whether the revenues generated in the previous year and any surplus or shortage from that or prior years enable the participating States to achieve the revenue levels set by the board; and

(iii) the provisions governing fees under subsection (f)(1).

(B) SETTING FEES.—The Secretary shall set the initial annual fees for the next agreement year and any subsequent adjustment of those fees—

(i) within 90 days after receiving the board's recommendation under subparagraph (A); and

(ii) after notice and opportunity for public comment.

(8) LIABILITY PROTECTIONS FOR DIRECTORS.—No individual appointed to serve on the board shall be liable to any other director or to any other party for harm, either economic or non-economic, caused by an act or omission of the individual arising from the individual's service on the board if—

(A) the individual was acting within the scope of his or her responsibilities as a director; and

(B) the harm was not caused by willful or criminal misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the right or safety of the party harmed by the individual.

(9) INAPPLICABILITY OF FEDERAL ADVISORY COMMITTEE ACT.—The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the unified carrier registration plan, the board, or its committees.

(10) CERTAIN FEES NOT AFFECTED.—This section does not limit the amount of money a State may charge for vehicle registration or the amount of any fuel use tax a State may impose pursuant to the International Fuel Tax Agreement (as defined in section 31701).

(e) STATE PARTICIPATION.—

(1) STATE PLAN.—No State shall be eligible to participate in the unified carrier registration plan or to receive any revenues derived under the UCR agreement, unless the State submits to the Secretary, not later than 3 years after the date of enactment of the Unified Carrier Registration Act of 2005, a plan—

(A) identifying the State agency that has or will have the legal authority, resources, and qualified personnel necessary to administer the agreement in accordance with the rules and regulations promulgated by the board of directors; and

(B) demonstrating that an amount at least equal to the revenue derived by the State from the unified carrier registration agreement shall be used for motor carrier safety programs, enforcement, or the administration of the UCR plan and UCR agreement.

(2) AMENDED PLANS.—A State that submits a plan under this subsection may change the agency designated in the plan by filing an amended plan with the Secretary and the chairperson of the board of directors.

(3) WITHDRAWAL OF PLAN.—If a State withdraws, or notifies the Secretary that it is withdrawing, the plan it submitted under this subsection, the State may no longer participate in the unified carrier registration agreement or receive any portion of the revenues derived under the agreement. The Secretary shall notify the chairperson upon receiving notice from a State that it is withdrawing its plan or withdrawing from the agreement, or both.

(4) TERMINATION OF ELIGIBILITY.—If a State fails to submit a plan to the Secretary in accordance with paragraph (1) or withdraws its plan under paragraph (3), the State may not submit or resubmit a plan or participate in the agreement.

(5) PROVISION OF PLAN TO CHAIRPERSON.—The Secretary shall provide a copy of each plan submitted under this subsection to the chairperson of the board of directors not later than 10 days after date of submission of the plan.

(f) CONTENTS OF UNIFIED CARRIER REGISTRATION AGREEMENT.—The unified carrier registration agreement shall provide the following:

(1) FEES.—(A) Fees charged—

(i) to a motor carrier, motor private carrier, or freight forwarder under the UCR agreement shall be based on the number of commercial motor vehicles owned or operated by the motor carrier, motor private carrier, or freight forwarder; and

(ii) to a broker or leasing company under the UCR agreement shall be equal to the smallest fee charged to a motor carrier, motor private carrier, and freight forwarder under this paragraph.

(B) The fees shall be determined by the Secretary based upon the recommendation of the board under subsection (d)(7).

(C) The board shall develop for purposes of charging fees no more than 6 and no less than 4 brackets of carriers (including motor private carriers) based on the size of fleet.

(D) The fee scale shall be progressive in the amount of the fee.

(E) The board may ask the Secretary to adjust the fees within a reasonable range on an annual basis if the revenues derived from the fees—

(i) are insufficient to provide the revenues to which the States are entitled under this section; or

(ii) exceed those revenues.

(2) DETERMINATION OF OWNERSHIP OR OPERATION.—For purposes of this subsection, a commercial motor vehicle is owned or operated by a motor carrier, motor private

carrier, or freight forwarder if the vehicle is registered under Federal law or State law, or both, in the name of the motor carrier, motor private carrier, or freight forwarder or is controlled by the motor carrier, motor private carrier, or freight forwarder under a long term lease during a vehicle registration year.

(3) **CALCULATION OF NUMBER OF COMMERCIAL MOTOR VEHICLES OWNED OR OPERATED.**—The number of commercial motor vehicles owned or operated by a motor carrier, motor private carrier, or freight forwarder for purposes of paragraph (1) shall be based either on the number of commercial motor vehicles the motor carrier, motor private carrier, or freight forwarder has indicated it operates on its most recently filed MCS-150 or the total number of such vehicles it owned or operated for the 12-month period ending on June 30 of the year immediately prior to the registration year of the Unified Carrier Registration System. A motor carrier may include in the calculation of its fleet size for purposes of paragraph (1) any commercial motor vehicle. Motor carriers and motor private carriers in the calculation of their fleet size for purposes of paragraph (1) may elect not to include commercial motor vehicles used exclusively in the intrastate transportation of property, waste, or recyclable material.

(4) **PAYMENT OF FEES.**—Motor carriers, motor private carriers, leasing companies, brokers, and freight forwarders shall pay all fees required under this section to their base-State pursuant to the UCR Agreement.

(g) **PAYMENT OF FEES.**—Revenues derived under the UCR Agreement shall be allocated to participating States as follows:

(1) A State that participated in the SSRS in the last registration year under the SSRS ending before the date of enactment of the Unified Carrier Registration Act of 2005 and complies with subsection (e) is entitled to receive under this section a portion of the revenues generated under the UCR agreement equivalent to the revenues it received under the SSRS in such last registration year, as long as the State continues to comply with subsection (e).

(2) A State that collected intrastate registration fees from interstate motor carriers, interstate motor private carriers, or interstate exempt carriers and complies with subsection (e) is entitled to receive under this section an additional portion of the revenues generated under the UCR agreement equivalent to the revenues it received from such carriers in the last calendar year ending before the date of enactment of the Unified Carrier Registration Act of 2005, as long as the State continues to comply with subsection (e).

(3) States that comply with subsection (e) but did not participate in SSRS during such last registration year shall be entitled under this section to an annual allotment not to exceed \$500,000 from the revenues generated under the UCR agreement, as long as the State continues to comply with the provisions of subsection (e).

(4) The amount of revenues generated under the UCR agreement to which a State is entitled under this section shall be calculated by the board and approved by the Secretary.

(h) **DISTRIBUTION OF UCR AGREEMENT REVENUES.**—

(1) **ELIGIBILITY.**—Each State that is in compliance with subsection (e) shall be entitled under this section to a portion of the revenues derived from the UCR Agreement in accordance with subsection (g).

(2) **ENTITLEMENT TO REVENUES.**—A State that is in compliance with subsection (e) may retain an amount of the gross revenues it collects from motor carriers, motor private carriers, brokers, freight forwarders and leasing companies under the UCR agreement equivalent to the portion of revenues to which the State is entitled under subsection (g). All revenues a participating State collects in excess of the amount to which the State is so entitled shall be forwarded to the depository designated by the board under subsection (d)(2)(D).

(3) **DISTRIBUTION OF FUNDS FROM DEPOSITORY.**—The excess funds deposited in the depository shall be distributed by the board of directors as follows:

(A) On a pro rata basis to each participating State that did not collect revenues under the UCR agreement equivalent to the amount such State is entitled under subsection (g), except that

the sum of the gross revenues collected under the UCR agreement by a participating State and the amount distributed to it from the depository shall not exceed the amount to which the State is entitled under subsection (g).

(B) After all distributions under subparagraph (A) have been made, to pay the administrative costs of the UCR plan and the UCR agreement.

(4) **RETENTION OF CERTAIN EXCESS FUNDS.**—Any excess funds held by the depository after distributions and payments under paragraphs (3)(A) and (3)(B) shall be retained in the depository, and the fees charged under the UCR agreement to motor carriers, motor private carriers, leasing companies, freight forwarders, and brokers for the next fee year shall be reduced by the Secretary accordingly.

(i) **ENFORCEMENT.**—

(1) **CIVIL ACTIONS.**—Upon request by the Secretary, the Attorney General may bring a civil action in the United States district court described in paragraph (2) to enforce an order issued to require compliance with this section and with the terms of the UCR agreement.

(2) **VENUE.**—An action under this section may be brought only in a United States district court in the State in which compliance with the order is required.

(3) **RELIEF.**—Subject to section 1341 of title 28, the court, on a proper showing shall issue a temporary restraining order or a preliminary or permanent injunction requiring that the State or any person comply with this section.

(4) **ENFORCEMENT BY STATES.**—Nothing in this section—

(A) prohibits a participating State from issuing citations and imposing reasonable fines and penalties pursuant to the applicable laws and regulations of the State on any motor carrier, motor private carrier, freight forwarder, broker, or leasing company for failure to—

(ii) pay the fees required under subsection (f); or

(B) authorizes a State to require a motor carrier, motor private carrier, or freight forwarder to display as evidence of compliance any form of identification in excess of those permitted under section 14506 on or in a commercial motor vehicle.

(j) **APPLICATION TO INTRASTATE CARRIERS.**—Notwithstanding any other provision of this section, a State may elect to apply the provisions of the UCR agreement to motor carriers and motor private carriers and freight forwarders subject to its jurisdiction that operate solely in intrastate commerce within the borders of the State.

§14704. Rights and remedies of persons injured by carriers or brokers

(a) IN GENERAL.—

(1) **ENFORCEMENT OF ORDER.**—A person injured because a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 does not obey an order of the Secretary or the Board, as applicable, under this part, except an order for the payment of money, may bring a civil action to enforce that order under this subsection. A person may bring a civil action for injunctive relief for violations of sections 14102, 14103, and 14915(c).

(2) **DAMAGES FOR VIOLATIONS.**—A carrier or broker providing transportation or service subject to jurisdiction under chapter 135 is liable for damages sustained by a person as a result of an act or omission of that carrier or broker in violation of this part.

(b) **LIABILITY AND DAMAGES FOR EXCEEDING TARIFF RATE.**—A carrier providing transportation or service subject to jurisdiction under chapter 135 is liable to a person for amounts charged that exceed the applicable rate for transportation or service contained in a tariff in effect under section 13702.

(c) ELECTION.—

(1) **COMPLAINT TO DOT OR BOARD; CIVIL ACTION.**—A person may file a complaint with the Board or the Secretary, as applicable, under section 14701(b) or bring a civil action under subsection (b) to enforce liability against a carrier or broker providing transportation or service subject to jurisdiction under chapter 135.

(2) ORDER OF DOT OR BOARD.—

(A) **IN GENERAL.**—When the Board or Secretary, as applicable, makes an award under subsection (b) of this section, the Board or Secretary, as applicable, shall order the carrier to pay the amount awarded by a specific date. The Board or Secretary, as applicable, may order a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 to pay damages only when the proceeding is on complaint.

(B) **ENFORCEMENT BY CIVIL ACTION.**—The person for whose benefit an order of the Board or Secretary requiring the payment of money is made may bring a civil action to enforce that order under this paragraph if the carrier or broker does not pay the amount awarded by the date payment was ordered to be made.

(d) PROCEDURE.—

(1) **IN GENERAL.**—When a person begins a civil action under subsection (b) of this section to enforce an order of the Board or Secretary requiring the payment of damages by a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 of this title, the text of the order of the Board or Secretary must be included in the complaint. In addition to the district courts of the United States, a State court of general jurisdiction having jurisdiction of the parties has jurisdiction to enforce an order under this paragraph. The findings and order of the Board or Secretary are competent evidence of the facts stated in them. Trial in a civil action brought in a

district court of the United States under this paragraph is in the judicial district in which the plaintiff resides or in which the principal operating office of the carrier or broker is located. In a civil action under this paragraph, the plaintiff is liable for only those costs that accrue on an appeal taken by the plaintiff.

(2) **PARTIES.**—All parties in whose favor the award was made may be joined as plaintiffs in a civil action brought in a district court of the United States under this subsection and all the carriers that are parties to the order awarding damages may be joined as defendants. Trial in the action is in the judicial district in which any one of the plaintiffs could bring the action against any one of the defendants. Process may be served on a defendant at its principal operating office when that defendant is not in the district in which the action is brought. A judgment ordering recovery may be made in favor of any of those plaintiffs against the defendant found to be liable to that plaintiff.

(e) **ATTORNEY'S FEES.**—The district court shall award a reasonable attorney's fee under this section. The district court shall tax and collect that fee as part of the costs of the action.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11706 of this title prior to the general amendment of this subtitle by Pub. L. 104–88, §102(a).

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§14706. Liability of carriers under receipts and bills of lading

(a) **GENERAL LIABILITY.**—

(1) **MOTOR CARRIERS AND FREIGHT FORWARDERS.**—A carrier providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 shall issue a receipt or bill of lading for property it receives for transportation under this part. That carrier and any other carrier that delivers the property and is providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 or chapter 105 are liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this paragraph is for the actual loss or injury to the property caused by (A) the receiving carrier, (B) the delivering carrier, or (C) another carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading and, except in the case of a freight forwarder, applies to property reconsigned or diverted under a tariff under section 13702. Failure to issue a receipt or bill of lading does not affect the liability of a carrier. A delivering carrier is deemed to be the carrier performing the line-haul transportation nearest the destination but does not include a carrier providing only a switching service at the destination.

(2) **FREIGHT FORWARDER.**—A freight forwarder is both the receiving and delivering carrier. When a freight forwarder provides service and uses a motor carrier providing transportation subject to jurisdiction under subchapter I of chapter 135 to receive property from a consignor, the motor carrier may execute the bill of lading or shipping receipt for the freight forwarder with its consent. With the consent of the freight forwarder, a motor carrier may deliver

property for a freight forwarder on the freight forwarder's bill of lading, freight bill, or shipping receipt to the consignee named in it, and receipt for the property may be made on the freight forwarder's delivery receipt.

(b) APPORTIONMENT.—The carrier issuing the receipt or bill of lading under subsection (a) of this section or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount of its expenses reasonably incurred in defending a civil action brought by that person.

(c) SPECIAL RULES.—

(1) MOTOR CARRIERS.—

(A) SHIPPER WAIVER.—Subject to the provisions of subparagraph (B), a carrier providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 may, subject to the provisions of this chapter (including with respect to a motor carrier, the requirements of section 13710(a)), establish rates for the transportation of property (other than household goods described in section 13102(10)(A)) under which the liability of the carrier for such property is limited to a value established by written or electronic declaration of the shipper or by written agreement between the carrier and shipper if that value would be reasonable under the circumstances surrounding the transportation.

(B) CARRIER NOTIFICATION.—If the motor carrier is not required to file its tariff with the Board, it shall provide under section 13710(a)(1) to the shipper, on request of the shipper, a written or electronic copy of the rate, classification, rules, and practices upon which any rate applicable to a shipment, or agreed to between the shipper and the carrier, is based. The copy provided by the carrier shall clearly state the dates of applicability of the rate, classification, rules, or practices.

(C) PROHIBITION AGAINST COLLECTIVE ESTABLISHMENT.—No discussion, consideration, or approval as to rules to limit liability under this subsection may be undertaken by carriers acting under an agreement approved pursuant to section 13703.

(2) WATER CARRIERS.—If loss or injury to property occurs while it is in the custody of a water carrier, the liability of that carrier is determined by its bill of lading and the law applicable to water transportation. The liability of the initial or delivering carrier is the same as the liability of the water carrier.

(d) CIVIL ACTIONS.—

(1) AGAINST DELIVERING CARRIER.—A civil action under this section may be brought against a delivering carrier in a district court of the United States or in a State court. Trial, if the action is brought in a district court of the United States is in a judicial district, and if in a State court, is in a State through which the defendant carrier operates.

(2) AGAINST CARRIER RESPONSIBLE FOR LOSS.—A civil action under this section may be brought against the carrier alleged to have caused the loss or damage, in the judicial district in which such loss or damage is alleged to have occurred.

(3) JURISDICTION OF COURTS.—A civil action under this section may be brought in a United States district court or in a State court.

(4) JUDICIAL DISTRICT DEFINED.—In this section, "judicial district" means—

(A) in the case of a United States district court, a judicial district of the United States; and

(B) in the case of a State court, the applicable geographic area over which such court exercises jurisdiction.

(e) MINIMUM PERIOD FOR FILING CLAIMS.—

(1) IN GENERAL.—A carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is

computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice.

(2) SPECIAL RULES.—For the purposes of this subsection—

(A) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

(B) communications received from a carrier's insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reason for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

(f) LIMITING LIABILITY OF HOUSEHOLD GOODS CARRIERS TO DECLARED VALUE

(1) IN GENERAL.—A carrier or group of carriers subject to jurisdiction under subchapter I or III of chapter 135 may petition the Board to modify, eliminate, or establish rates for the transportation of household goods under which the liability of the carrier for that property is limited to a value established by written declaration of the shipper or by a written agreement.

(2) FULL VALUE PROTECTION OBLIGATION.—Unless the carrier receives a waiver in writing under paragraph (3), a carrier's maximum liability for household goods that are lost, damaged, destroyed, or otherwise not delivered to the final destination is an amount equal to the replacement value of such goods, subject to a maximum amount equal to the declared value of the shipment and to rules issued by the Surface Transportation Board and applicable tariffs.

(3) APPLICATION OF RATES.—The released rates established by the Board under paragraph (1) (commonly known as "released rates") shall not apply to the transportation of household goods by a carrier unless the liability of the carrier for the full value of such household goods under paragraph (2) is waived, in writing, by the shipper.

(g) MODIFICATIONS AND REFORMS.—

(1) STUDY.—The Secretary shall conduct a study to determine whether any modifications or reforms should be made to the loss and damage provisions of this section, including those related to limitation of liability by carriers.

(2) FACTORS TO CONSIDER.—In conducting the study, the Secretary, at a minimum, shall consider—

- (A) the efficient delivery of transportation services;
- (B) international and intermodal harmony;
- (C) the public interest; and
- (D) the interest of carriers and shippers.

(3) REPORT.—Not later than 12 months after January 1, 1996, the Secretary shall submit to Congress a report on the results of the study, together with any recommendations of the Secretary (including legislative recommendations) for implementing modifications or reforms identified by the Secretary as being appropriate.

§14708. Dispute settlement program for household goods carriers

(a) **OFFERING SHIPPERS ARBITRATION.**—As a condition of registration under section 13902 or 13903, a carrier providing transportation of household goods subject to jurisdiction under

subchapter I or III of chapter 135 must agree to offer in accordance with this section to shippers of household goods arbitration as a means of settling disputes between such carriers and shippers of household goods concerning damage or loss to the household goods transported and to determine whether carrier charges, in addition to those collected at delivery, must be paid by shippers for transportation and services related to transportation of household goods.

(b) ARBITRATION REQUIREMENTS.—

(1) PREVENTION OF SPECIAL ADVANTAGE.—The arbitration that is offered must be designed to prevent a carrier from having any special advantage in any case in which the claimant resides or does business at a place distant from the carrier's principal or other place of business.

(2) NOTICE OF ARBITRATION PROCEDURE.—The carrier must provide the shipper an adequate notice of the availability of neutral arbitration, including a concise easy-to-read, accurate summary of the arbitration procedure, any applicable costs, and disclosure of the legal effects of election to utilize arbitration. Such notice must be given to persons for whom household goods are to be transported by the carrier before such goods are tendered to the carrier for transportation.

(3) PROVISION OF FORMS.—Upon request of a shipper, the carrier must promptly provide such forms and other information as are necessary for initiating an action to resolve a dispute under arbitration.

(4) INDEPENDENCE OF ARBITRATOR.—Each person authorized to arbitrate or otherwise settle disputes must be independent of the parties to the dispute and must be capable, as determined under such regulations as the Secretary may issue, to resolve such disputes fairly and expeditiously. The carrier must ensure that each person chosen to settle the disputes is authorized and able to obtain from the shipper or carrier any material and relevant information to the extent necessary to carry out a fair and expeditious decisionmaking process.

(5) APPORTIONMENT OF COSTS.—No shipper may be charged more than half of the cost for instituting an arbitration proceeding that is brought under this section. In the decision, the arbitrator may determine which party shall pay the cost or a portion of the cost of the arbitration proceeding, including the cost of instituting the proceeding.

(6) REQUESTS.—The carrier must not require the shipper to agree to utilize arbitration prior to the time that a dispute arises. If the dispute involves a claim for \$10,000 or less and the shipper requests arbitration, such arbitration shall be binding on the parties. If the dispute involves a claim for more than \$10,000 and the shipper requests arbitration, such arbitration shall be binding on the parties only if the carrier agrees to arbitration.

(7) ORAL PRESENTATION OF EVIDENCE.—The arbitrator may provide for an oral presentation of a dispute concerning transportation of household goods by a party to the dispute (or a party's representative), but such oral presentation may be made only if all parties to the dispute expressly agree to such presentation and the date, time, and location of such presentation.

(8) DEADLINE FOR DECISION.—The arbitrator must, as expeditiously as possible but at least within 60 days of receipt of written notification of the dispute, render a decision based on the information gathered; except that, in any case in which a party to the dispute fails to provide in a timely manner any information concerning such dispute which the person settling the dispute may reasonably require to resolve the dispute, the arbitrator may extend such 60-day period for a reasonable period of time. A decision resolving a dispute may include any remedies appropriate under the circumstances, including repair, replacement, refund, reimbursement for expenses, compensation for damages, and an order requiring the payment of additional carrier charges.

(c) LIMITATION ON USE OF MATERIALS.—Materials and information obtained in the course of a decision making process to settle a dispute by arbitration under this section may not be used to bring an action under section 14905.

(d) ATTORNEY'S FEES TO SHIPPERS.—In any court action to resolve a dispute between a shipper of household goods and a carrier providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 concerning the transportation of household goods by such carrier, the shipper shall be awarded reasonable attorney's fees if—

(1) the shipper submits a claim to the carrier within 120 days after the date the shipment is

delivered or the date the delivery is scheduled, whichever is later;

(2) the shipper prevails in such court action; and

(3)(A) the shipper was not advised by the carrier during the claim settlement process that a dispute settlement program was available to resolve the dispute;

(B) a decision resolving the dispute was not rendered through arbitration under this section within the period provided under subsection (b)(8) of this section or an extension of such period under such subsection; or

(C) the court proceeding is to enforce a decision rendered through arbitration under this section and is instituted after the period for performance under such decision has elapsed.

(e) **ATTORNEY'S FEES TO CARRIERS.**—In any court action to resolve a dispute between a shipper of household goods and a carrier providing transportation, or service subject to jurisdiction under subchapter I or III of chapter 135 concerning the transportation of household goods by such carrier, such carrier may be awarded reasonable attorney's fees by the court only if the shipper brought such action in bad faith—

(1) after resolution of such dispute through arbitration under this section; or

(2) after institution of an arbitration proceeding by the shipper to resolve such dispute under this section but before—

(A) the period provided under subsection (b)(8) for resolution of such dispute (including, if applicable, an extension of such period under such subsection) ends; and

(B) a decision resolving such dispute is rendered.

(f) **LIMITATION OF APPLICABILITY TO COLLECT-ON-DELIVERY TRANSPORTATION.**—The provisions of this section shall apply only in the case of collect-on-delivery transportation of household goods.

(g) **REVIEW BY SECRETARY.**—Not later than 18 months after January 1, 1996, the Secretary shall complete a review of the dispute settlement program established under this section. If, after notice and opportunity for comment, the Secretary determines that changes are necessary to such program to ensure the fair and equitable resolution of disputes under this section, the Secretary shall implement such changes and transmit a report to Congress on such changes.

§15503. Authority and criteria: rates, classifications, rules, and practices prescribed by Board

(a) **IN GENERAL.**—When the Board, after a full hearing, decides that a rate charged or collected by a pipeline carrier for transportation subject to this part, or that a classification, rule, or practice of that carrier, does or will violate this part, the Board may prescribe the rate, classification, rule, or practice to be followed. In prescribing the rate, classification, rule, or practice, the Board may utilize rate reasonableness procedures that provide an effective simulation of a market-based price for a stand alone pipeline. The Board may order the carrier to stop the violation. When a rate, classification, rule, or practice is prescribed under this subsection, the affected carrier may not publish, charge, or collect a different rate and shall adopt the classification and observe the rule or practice prescribed by the Board.

(b) **FACTORS TO CONSIDER.**—When prescribing a rate, classification, rule, or practice for transportation or service by a pipeline carrier, the Board shall consider, among other factors—

- (1) the effect of the prescribed rate, classification, rule, or practice on the movement of traffic by that carrier;
- (2) the need for revenues that are sufficient, under honest, economical, and efficient management, to let the carrier provide that transportation or service; and
- (3) the availability of other economic transportation alternatives.

(c) **PROCEEDING.**—The Board may begin a proceeding under this section on complaint. A complaint under this section must contain a full statement of the facts and the reasons for the complaint and must be made under oath.

§15904. Rights and remedies of persons injured by pipeline carriers

(a) **ENFORCEMENT OF ORDERS.**—A person injured because a pipeline carrier providing transportation or service subject to this part does not obey an order of the Board, except an order for the payment of money, may bring a civil action to enforce that order under this subsection.

(b) **LIABILITY OF CARRIER.**—

(1) **EXCESSIVE CHARGES.**—A pipeline carrier providing transportation subject to this part is liable to a person for amounts charged that exceed the applicable rate for the transportation.

(2) **DAMAGES.**—A pipeline carrier providing transportation subject to this part is liable for damages sustained by a person as a result of an act or omission of that carrier in violation of this part.

(c) **COMPLAINTS.**—

(2) **PAYMENT DEADLINE.**—When the Board makes an award under subsection (b), the Board shall order the carrier to pay the amount awarded by a specific date. The Board may order a carrier providing transportation subject to this part to pay damages only when the proceeding is on complaint. The person for whose benefit an order of the Board requiring the payment of money is made may bring a civil action to enforce that order under this paragraph if the carrier does not pay the amount awarded by the date payment was ordered to be made.

(d) **CIVIL ACTIONS.**—

(1) **COMPLAINT.**—When a person begins a civil action under subsection (b) to enforce an order of the Board requiring the payment of damages by a pipeline carrier providing transportation subject to this part, the text of the order of the Board must be included in the complaint. In addition to the district courts of the United States, a State court of general jurisdiction having jurisdiction of the parties has jurisdiction to enforce an order under this paragraph. The findings and order of the Board are competent evidence of the facts stated in them. Trial in a civil action brought in a district court of the United States under this paragraph is in the judicial district in which the plaintiff resides or in which the principal operating office of the carrier is located. In a civil action under this paragraph, the plaintiff is liable for only those costs that accrue on an appeal taken by the plaintiff.

(2) **ATTORNEY'S FEES.**—The district court shall award a reasonable attorney's fee as a part of the damages for which a carrier is found liable under this subsection. The district court shall tax and collect that fee as a part of the costs of the action.

The limitation periods under subsection (b) and the 2-year period under subsection (c) are extended for 90 days from the time the carrier begins a civil action under subsection (a) to recover charges related to the same transportation or service, or collects (without beginning a civil action under that subsection) the charge for that transportation or service if that action is begun or collection is made within the appropriate period.

Section effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104–88, see section 2 of Pub. L. 104–88, set out as a note under section 1301 of this title.

§15906. Liability of pipeline carriers under receipts and bills of lading

(a) **GENERAL LIABILITY.**—A pipeline carrier providing transportation or service subject to this part shall issue a receipt or bill of lading for property it receives for transportation under this part. That carrier and any other carrier that delivers the property and is providing transportation or service subject to jurisdiction under this part are liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this subsection is for the actual loss or injury to the property caused by the carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading. Failure to issue a receipt or bill of lading does not affect the liability of a carrier.

(b) **APPORTIONMENT.**—The carrier issuing the receipt or bill of lading under subsection (a) or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount of its expenses reasonably incurred in defending a civil action brought by that person.

(c) **CIVIL ACTIONS.**—A civil action under this section may be brought against a delivering carrier in a district court of the United States or in a State court. Trial, if the action is brought in a district court of the United States is in a judicial district, and if in a State court, is in a State, through which the defendant carrier operates a line or route.

(d) **MINIMUM PERIOD FOR FILING CLAIMS.**—A pipeline carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice. For the purposes of this subsection—

(1) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

(2) communications received from a carrier's insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reasons for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

RAILROAD BRIDGE SAFETY ASSURANCE

Pub. L. 110–432, div. A, title IV, §417, Oct. 16, 2008, 122 Stat. 4890, as amended by Pub. L. 114–94, div. A, title XI, §11405, Dec. 4, 2015, 129 Stat. 1682, provided that:

"(a) IN GENERAL.—Not later than 12 months after the date of enactment of this Act [Oct. 16, 2008], the Secretary shall promulgate a regulation requiring owners of track carried on one or more railroad bridges to adopt a bridge safety management program to prevent the deterioration of railroad bridges and reduce the risk of human casualties, environmental damage, and disruption to the Nation's railroad transportation system that would result from a catastrophic bridge failure.

"(b) REQUIREMENTS.—The regulations shall, at a minimum, require each track owner to [sic]—

"(1) to develop and maintain an accurate inventory of its railroad bridges, which shall identify the location of each bridge, its configuration, type of construction, number of spans, span lengths, and all other information necessary to provide for the safe management of the bridges;

"(2) to ensure that a professional engineer competent in the field of railroad bridge engineering, or a qualified person under the supervision of the track owner, determines bridge capacity;

"(3) to maintain, and update as appropriate, a record of the safe capacity of each bridge which carries its track and, if available, maintain the original design documents of each bridge and a documentation of all repairs, modifications, and inspections of the bridge;

"(4) to develop, maintain, and enforce a written procedure that will ensure that its bridges are not loaded beyond their capacities;

"(5) to conduct regular comprehensive inspections of each bridge, at least once every year, and maintain records of those inspections that include the date on which the inspection was performed, the precise identification of the bridge inspected, the items inspected, an accurate description of the condition of those items, and a narrative of any inspection item that is found by the inspector to be a potential problem;

"(6) to ensure that the level of detail and the inspection procedures are appropriate to the configuration of the bridge, conditions found during previous inspections, and the nature of the railroad traffic moved over the bridge, including car weights, train frequency and length, levels of passenger and hazardous materials traffic, and vulnerability of the bridge to damage;

"(7) to ensure that an engineer who is competent in the field of railroad bridge engineering—

"(A) is responsible for the development of all inspection procedures;

"(B) reviews all inspection reports; and

"(C) determines whether bridges are being inspected according to the applicable procedures and frequency, and reviews any items noted by an inspector as exceptions; and

"(8) to designate qualified bridge inspectors or maintenance personnel to authorize the operation of trains on bridges following repairs, damage, or indications of potential structural problems.

"(c) USE OF BRIDGE MANAGEMENT PROGRAMS REQUIRED.—The Secretary shall instruct bridge experts to obtain copies of the most recent bridge management programs of each railroad within the expert's areas of responsibility, and require that experts use those programs when conducting bridge observations.

"(d) REVIEW OF DATA.—

"(1) IN GENERAL.—The Secretary shall establish a program to periodically review bridge inspection and maintenance data from railroad carrier bridge inspectors and Federal Railroad Administration bridge experts.

"(2) AVAILABILITY OF BRIDGE CONDITION.—

"(A) IN GENERAL.—A State or political subdivision of a State may file a request with the Secretary for a public version of a bridge inspection report generated under subsection (b)(5) for a bridge located in such State or political subdivision's jurisdiction.

"(B) PUBLIC VERSION OF REPORT.—If the Secretary determines that the request is reasonable, the Secretary shall require a railroad to submit a public version of the most recent bridge inspection report, such as a summary form, for a bridge subject to a request under subparagraph (A). The public version of a bridge inspection report shall include the date of last inspection, length of bridge, location of bridge, type of bridge, type of structure, feature crossed by bridge, and railroad contact information, along with a general statement on the condition of the bridge.

"(C) PROVISION OF REPORT.—The Secretary shall provide to a State or political subdivision of a State a public version of a bridge inspection report submitted under subparagraph (B).

"(D) TECHNICAL ASSISTANCE.—The Secretary, upon the reasonable request of State or political subdivision of a State, shall provide technical assistance to such State or political subdivision of a State to facilitate the understanding of a bridge inspection report."

§20104. Emergency authority

(a) ORDERING RESTRICTIONS AND PROHIBITIONS.—(1) If, through testing, inspection, investigation, or research carried out under this chapter, the Secretary of Transportation decides that an unsafe condition or practice, or a combination of unsafe conditions and practices, causes an emergency situation involving a hazard of death, personal injury, or significant harm to the environment, the Secretary immediately may order restrictions and prohibitions, without regard to section 20103(e) of this title, that may be necessary to abate the situation.

(2) The order shall describe the condition or practice, or a combination of conditions and practices, that causes the emergency situation and prescribe standards and procedures for obtaining relief from the order. This paragraph does not affect the Secretary's discretion under this section to maintain the order in effect for as long as the emergency situation exists.

(b) REVIEW OF ORDERS.—After issuing an order under this section, the Secretary shall provide an opportunity for review of the order under section 554 of title 5. If a petition for review is filed and the review is not completed by the end of the 30-day period beginning on the date the order was issued, the order stops being effective at the end of that period unless the Secretary decides in writing that the emergency situation still exists.

(c) CIVIL ACTIONS TO COMPEL ISSUANCE OF ORDERS.—An employee of a railroad carrier engaged in interstate or foreign commerce who may be exposed to imminent physical injury during that employment because of the Secretary's failure, without any reasonable basis, to issue an order under subsection (a) of this section, or the employee's authorized representative, may bring a civil action against the Secretary in a district court of the United States to compel the Secretary to issue an order. The action must be brought in the judicial district in which the emergency situation is alleged to exist, in which that employing carrier has its principal executive office, or for the District of Columbia. The Secretary's failure to issue an order under subsection (a) of this section may be reviewed only under section 706 of title 5.

AMENDMENTS

2008—Subsec. (a)(1). Pub. L. 110–432 substituted "death, personal injury, or significant harm to the

environment" for "death or personal injury".

§20105. State participation

(a) INVESTIGATIVE AND SURVEILLANCE ACTIVITIES.—The Secretary concerned may prescribe investigative and surveillance activities necessary to enforce the safety regulations prescribed and orders issued by the Secretary ¹ that apply to railroad equipment, facilities, rolling stock, and operations in a State. The State may participate in those activities when the safety practices for railroad equipment, facilities, rolling stock, and operations in the State are regulated by a State authority and the authority submits to the Secretary concerned an annual certification as provided in subsection (b) of this section.

(b) ANNUAL CERTIFICATION.—(1) A State authority's annual certification must include—

(A) a certification that the authority—

(i) has regulatory jurisdiction over the safety practices for railroad equipment, facilities, rolling stock, and operations in the State;

(ii) was given a copy of each safety regulation prescribed and order issued by the Secretary concerned, that applies to the equipment, facilities, rolling stock, or operations, as of the date of certification; and

(iii) is conducting the investigative and surveillance activities prescribed by the Secretary concerned under subsection (a) of this section; and

(B) a report, in the form the Secretary concerned prescribes by regulation, that includes—

(i) the name and address of each railroad carrier subject to the safety jurisdiction of the authority;

(ii) each accident or incident reported during the prior 12 months by a railroad carrier involving a fatality, personal injury requiring hospitalization, or property damage of more than \$750 (or a higher amount prescribed by the Secretary concerned), and a summary of the authority's investigation of the cause and circumstances surrounding the accident or incident;

(iii) the record maintenance, reporting, and inspection practices conducted by the authority to aid the Secretary concerned in enforcing railroad safety regulations prescribed and orders issued by the Secretary concerned, including the number of inspections made of railroad equipment, facilities, rolling stock, and operations by the authority during the prior 12 months; and

(iv) other information the Secretary concerned requires.

(2) An annual certification applies to a safety regulation prescribed or order issued after the date of the certification only if the State authority submits an appropriate certification to provide the necessary investigative and surveillance activities.

(3) If, after receipt of an annual certification, the Secretary concerned decides the State authority is not complying satisfactorily with the investigative and surveillance activities prescribed under subsection (a) of this section, the Secretary concerned may reject any part of the certification or take other appropriate action to achieve adequate enforcement. The Secretary concerned must give the authority notice and an opportunity for a hearing before taking action under this paragraph. When the Secretary concerned gives notice, the burden of proof is on the authority to show that it is complying satisfactorily with the investigative and surveillance activities prescribed by the Secretary concerned.

(c) AGREEMENT WHEN CERTIFICATION NOT RECEIVED.—(1) If the Secretary concerned does not receive an annual certification under subsection (a) of this section related to any railroad equipment, facility, rolling stock, or operation, the Secretary concerned may make an agreement with a State authority for the authority to provide any part of the investigative and surveillance activities prescribed by the Secretary concerned as necessary to enforce the safety regulations and orders applicable to the equipment, facility, rolling stock, or operation.

(2) The Secretary concerned may terminate any part of an agreement made under this subsection on finding that the authority has not provided every part of the investigative and surveillance activities to which the agreement relates. The Secretary concerned must give the authority notice and

an opportunity for a hearing before making such a finding. The finding and termination shall be published in the Federal Register and may not become effective for at least 15 days after the date of publication.

(d) AGREEMENT FOR INVESTIGATIVE AND SURVEILLANCE ACTIVITIES.—In addition to providing for State participation under this section, the Secretary concerned may make an agreement with a State to provide investigative and surveillance activities related to the duties under chapters 203–213 of this title (in the case of the Secretary of Transportation) and duties under section 114 of this title (in the case of the Secretary of Homeland Security).

(e) PAYMENT.—On application by a State authority that has submitted a certification under subsections (a) and (b) of this section or made an agreement under subsection (c) or (d) of this section, the Secretary concerned shall pay not more than 50 percent of the cost of the personnel, equipment, and activities of the authority needed, during the next fiscal year, to carry out a safety program under the certification or agreement. However, the Secretary concerned may pay an authority only when the authority assures the Secretary concerned that it will provide the remaining cost of the safety program and that the total State money expended for the safety program, excluding grants of the United States Government, will be at least as much as the average amount expended for the fiscal years that ended June 30, 1969, and June 30, 1970.

(f) MONITORING.—The Secretary concerned may monitor State investigative and surveillance practices and carry out other inspections and investigations necessary to help enforce this chapter (in the case of the Secretary of Transportation) and duties under section 114 of this title (in the case of the Secretary of Homeland Security).

(g) DEFINITIONS.—In this section—

(1) the term "safety" includes security; and

(2) the term "Secretary concerned" means—

(A) the Secretary of Transportation, with respect to railroad safety matters concerning such Secretary under laws administered by that Secretary; and

(B) the Secretary of Homeland Security, with respect to railroad safety matters concerning such Secretary under laws administered by that Secretary.

(1) to provide information, directly cause information to be provided, or otherwise directly assist in any investigation regarding any conduct which the employee reasonably believes constitutes a violation of any Federal law, rule, or regulation relating to railroad safety or security, or gross fraud, waste, or abuse of Federal grants or other public funds intended to be used for railroad safety or security, if the information or assistance is provided to or an investigation stemming from the provided information is conducted by—

(A) a Federal, State, or local regulatory or law enforcement agency (including an office of the Inspector General under the Inspector General Act of 1978 (5 U.S.C. App.; Public Law 95-452);

(B) any Member of Congress, any committee of Congress, or the Government Accountability Office; or

(C) a person with supervisory authority over the employee or such other person who has the authority to investigate, discover, or terminate the misconduct;

(2) to refuse to violate or assist in the violation of any Federal law, rule, or regulation relating to railroad safety or security;

(4) to notify, or attempt to notify, the railroad carrier or the Secretary of Transportation of a work-related personal injury or work-related illness of an employee;

(5) to cooperate with a safety or security investigation by the Secretary of Transportation, the

Secretary of Homeland Security, or the National Transportation Safety Board;

(6) to furnish information to the Secretary of Transportation, the Secretary of Homeland Security, the National Transportation Safety Board, or any Federal, State, or local regulatory or law enforcement agency as to the facts relating to any accident or incident resulting in injury or death to an individual or damage to property occurring in connection with railroad transportation; or

(7) to accurately report hours on duty pursuant to chapter 211.

(b) **HAZARDOUS SAFETY OR SECURITY CONDITIONS.**—(1) A railroad carrier engaged in interstate or foreign commerce, or an officer or employee of such a railroad carrier, shall not discharge, demote, suspend, reprimand, or in any other way discriminate against an employee for—

(A) reporting, in good faith, a hazardous safety or security condition;

(B) refusing to work when confronted by a hazardous safety or security condition related to the performance of the employee's duties, if the conditions described in paragraph (2) exist; or

(C) refusing to authorize the use of any safety-related equipment, track, or structures, if the employee is responsible for the inspection or repair of the equipment, track, or structures, when the employee believes that the equipment, track, or structures are in a hazardous safety or security condition, if the conditions described in paragraph (2) exist.

(2) A refusal is protected under paragraph (1)(B) and (C) if—

(A) the refusal is made in good faith and no reasonable alternative to the refusal is available to the employee;

(2) **DISCIPLINE.**—A railroad carrier or person covered under this section may not discipline, or threaten discipline to, an employee for requesting medical or first aid treatment, or for following orders or a treatment plan of a treating physician, except that a railroad carrier's refusal to permit an employee to return to work following medical treatment shall not be considered a violation of this section if the refusal is pursuant to Federal Railroad Administration medical standards for fitness of duty or, if there are no pertinent Federal Railroad Administration standards, a carrier's medical standards for fitness for duty. For purposes of this paragraph, the term "discipline" means to bring charges against a person in a disciplinary proceeding, suspend, terminate, place on probation, or make note of reprimand on an employee's record.

(4) APPEALS.—Any person adversely affected or aggrieved by an order issued pursuant to the procedures in section 42121(b), ³ may obtain review of the order in the United States court of appeals for the circuit in which the violation, with respect to which the order was issued, allegedly occurred or the circuit in which the complainant resided on the date of such violation. against discrimination, demotion, discharge, suspension, threats, harassment, reprimand, retaliation, or any other manner of discrimination provided by Federal or State law.

(h) **RIGHTS RETAINED BY EMPLOYEE.**—Nothing in this section shall be deemed to diminish the rights, privileges, or remedies of any employee under any Federal or State law or under any collective bargaining agreement. The rights and remedies in this section may not be waived by any agreement, policy, form, or condition of employment.

(i) **DISCLOSURE OF IDENTITY.**—

(1) Except as provided in paragraph (2) of this subsection, or with the written consent of the employee, the Secretary of Transportation or the Secretary of Homeland Security may not disclose the name of an employee of a railroad carrier who has provided information about an alleged violation of this part or, as applicable to railroad safety or security, chapter 51 or 57 of this title, or a regulation prescribed or order issued under any of those provisions.

§20110. Effect on employee qualifications and collective bargaining

This chapter does not—

(1) authorize the Secretary of Transportation to prescribe regulations and issue orders related to qualifications of employees, except qualifications specifically related to safety; or

(2) prohibit the bargaining representatives of railroad carriers and their employees from making collective bargaining agreements under the Railway Labor Act (45 U.S.C. 151 et seq.), including agreements related to qualifications of employees, that are not inconsistent with regulations prescribed and orders issued under this chapter.

(a) EXCLUSIVE AUTHORITY.—The Secretary of Transportation has exclusive authority—

(1) to impose and compromise a civil penalty for a violation of a railroad safety regulation prescribed or order issued by the Secretary;

(2) except as provided in section 20113 of this title, to request an injunction for a violation of a railroad safety regulation prescribed or order issued by the Secretary; and

(b) COMPLIANCE ORDERS.—The Secretary may issue an order directing compliance with this part or with a railroad safety regulation prescribed or order issued under this part.

(2) This subsection does not affect the Secretary's authority under section 20104 of this title to act on an emergency basis.

(d) REGULATIONS REQUIRING REPORTING OF REMEDIAL ACTIONS.—(1) The Secretary shall prescribe regulations to require that a railroad carrier notified by the Secretary that imposition of a civil penalty will be recommended for a failure to comply with this part, chapter 51 or 57 of this title, or a regulation prescribed or order issued under any of those provisions, shall report to the Secretary, not later than the 30th day after the end of the month in which the notification is received—

AMENDMENTS

2008—Subsec. (c). Pub. L. 110–432 amended subsec. (c) generally. Prior to amendment, text read as follows: "If an individual's violation of this chapter or any of the laws transferred to the jurisdiction of the Secretary of Transportation by subsection (e)(1), (2), and (6)(A) of section 6 of the Department of Transportation Act, as in effect on June 1, 1994, or a regulation prescribed or order issued by the Secretary under this chapter is shown to make that individual unfit for the performance of safety-sensitive functions, the Secretary, after notice and opportunity for a hearing, may issue an order prohibiting the individual from performing safety-sensitive functions in the railroad industry for a specified period of time or until specified conditions are met. This subsection does not affect the Secretary's authority under section 20104 of this title to act on an emergency basis."

1994—Subsec. (c). Pub. L. 103–440 inserted "this chapter or any of the laws transferred to the jurisdiction of the Secretary of Transportation by subsection (e)(1), (2), and (6)(A) of section 6 of the Department of Transportation Act, as in effect on June 1, 1994, or" after "individual's violation of".

§20112. Enforcement by the Attorney General

(a) **CIVIL ACTIONS.**—At the request of the Secretary of Transportation, the Attorney General may bring a civil action in a district court of the United States—

(1) to enjoin a violation of, or to enforce, this part, except for section 20109 of this title, or a railroad safety regulation prescribed or order issued by the Secretary;

(2) to collect a civil penalty imposed or an amount agreed on in compromise under section 21301, 21302, or 21303 of this title; or

(3) to enforce a subpoena, request for admissions, request for production of documents or other tangible things, or request for testimony by deposition issued by the Secretary under this part.

(b) **VENUE.**—(1) Except as provided in paragraph (2) of this subsection, a civil action under this section may be brought in the judicial district in which the violation occurred or the defendant has its principal executive office. If an action to collect a penalty is against an individual, the action also may be brought in the judicial district in which the individual resides.

(2) A civil action to enforce a subpoena issued by the Secretary or a compliance order issued under section 20111(b) of this title may be brought in the judicial district in which the defendant resides, does business, or is found.

20112(b)(2)	45:437(a) (last sentence related to venue).	

In subsection (a), before clause (1), the words "At the request of the Secretary of Transportation" are substituted for "at the request of the Secretary" in 45:439(a), and are made applicable to all of the source provisions restated in this subsection, for clarity and consistency. The words "at the request of the Secretary" in 45:439(a) are interpreted and restated to mean that the Secretary's request is to the Attorney General rather than to the district court. See H.R. Rept. No. 91–1194, 91st Cong., 2d Sess., p. 20 (1970). The words "the Attorney General may bring a civil action in a district court of the United States" are substituted for "such district court shall have jurisdiction, upon petition by the Attorney General" in 45:437(a) (last sentence), "The district courts of the United States shall have jurisdiction, upon petition by the Attorney General" in 45:437(d)(2), and "The United States district court shall . . . upon petition by the Attorney General on behalf of the United States . . . have jurisdiction" in 45:439(a) for clarity and consistency. It is not necessary to restate that the district court has jurisdiction because of 28:1331 and 1345. See also the statement of Senator Prouty in 115 Cong. Rec. 40205 (1969) explaining that similar language in section 110 of S. 1933, 91st Cong., 1st Sess. (the derivative source for 45:439) would grant the Attorney General the power to seek injunctions. Clauses (1)–(3) are substituted for the source provisions to eliminate unnecessary words. In clause (1), the words "subject to the provisions of rules 65(a) and (b) of the Federal Rules of Civil Procedure" in 45:439(a) are omitted as surplus because the Federal Rules of Civil Procedure (28 App. U.S.C.) apply in the district court unless otherwise provided. In clause (2), the words "or an amount agreed on in compromise" are added for clarity.

In subsection (b)(1), the text of 45:439(c) (words before 1st comma) is omitted because it applies only to actions brought by a State authority. See discussion of the cross-reference in the note for section 20113(c) of the revised title. The last sentence is substituted for "in which the individual resides" in 45:438(c) because of the restatement.

In subsection (b)(2), the words "compliance order issued under section 20111(b) of this title" are substituted

for "order, or directive" because the latter words are interpreted as referring to "orders directing compliance" in 45:437(a) (2d sentence), restated in section 20111(b).

AMENDMENTS

2008—Subsec. (a)(1). Pub. L. 110–432, §309(1), inserted "this part, except for section 20109 of this title, or" after "enforce,".

Subsec. (a)(2). Pub. L. 110–432, §309(2), substituted "21301, 21302, or 21303" for "21301".

Subsec. (a)(3). Pub. L. 110–432, §309(3), (4), substituted "subpoena, request for admissions, request for production of documents or other tangible things, or request for testimony by deposition" for "subpena" and "part." for "chapter."

§20113. Enforcement by the States

(a) **INJUNCTIVE RELIEF.**—If the Secretary of Transportation does not begin a civil action under section 20112 of this title to enjoin the violation of a railroad safety regulation prescribed or order issued by the Secretary not later than 15 days after the date the Secretary receives notice of the violation and a request from a State authority participating in investigative and surveillance activities under section 20105 of this title that the action be brought, the authority may bring a civil action in a district court of the United States to enjoin the violation. This subsection does not apply if the Secretary makes an affirmative written finding that the violation did not occur or that the action is not necessary because of other enforcement action taken by the Secretary related to the violation.

(b) **IMPOSITION AND COLLECTION OF CIVIL PENALTIES.**—If the Secretary does not impose the applicable civil penalty for a violation of a railroad safety regulation prescribed or order issued by the Secretary not later than 60 days after the date of receiving notice from a State authority participating in investigative and surveillance activities under section 20105 of this title, the authority may bring a civil action in a district court of the United States to impose and collect the penalty. This paragraph does not apply if the Secretary makes an affirmative written finding that the violation did not occur.

(c) **VENUE.**—A civil action under this section may be brought in the judicial district in which the violation occurred or the defendant has its principal executive office. However, a State authority may not bring an action under this section outside the State.

----------	---	---

In subsection (a), the language about jurisdiction in 45:439(a) (related to actions by States) is omitted for the reasons explained in the revision note for section 20112(a) of the revised title.

In subsection (b), the word "impose" is substituted for "assess" for consistency. The words "the authority may bring a civil action in an appropriate district court of the United States" are substituted for "agency may apply to the United States district court" for consistency in the revised title and with other titles of the United States Code. The words "included in or made applicable to such rule, regulation, order, or standard" are omitted as surplus.

In subsection (c), the reference to "section 207(d)" in section 210(c) of the Federal Railroad Safety Act of 1970 (Public Law 91–458, 84 Stat. 971), as added by section 9(b) of the Federal Railroad Safety Authorization Act of 1980 (Public Law 96–423, 94 Stat. 1815), is assumed to have been intended as a reference to section 207(c). The Federal Railroad Safety Authorization Act of 1980 was derived from S. 2730, which in turn was derived from H.R. 7104. See 126 Cong. Rec. 26535 (1980). Section 207(d) in an earlier version of H.R. 7104 was redesignated as section 207(c) during the legislative process and no section 207(d) was enacted. See H.R. Rept. No. 96–1025, 96th Cong., 2d Sess., pp. 14, 15 (1980).

§20114. Judicial procedures

(a) **CRIMINAL CONTEMPT.**—In a trial for criminal contempt for violating an injunction or restraining order issued under this chapter, the violation of which is also a violation of this chapter, the defendant may demand a jury trial. The defendant shall be tried as provided in rule 42(b) of the Federal Rules of Criminal Procedure (18 App. U.S.C.).

(b) **SUBPENAS FOR WITNESSES.**—A subpoena for a witness required to attend a district court of the United States in an action brought under this chapter may be served in any judicial district.

(c) **REVIEW OF AGENCY ACTION.**—Except as provided in section 20104(c) of this title, a proceeding to review a final action of the Secretary of Transportation under this part or, as applicable to railroad safety, chapter 51 or 57 of this title shall be brought in the appropriate court of appeals as provided in chapter 158 of title 28.

In subsection (a), the words "the defendant may demand a jury trial" are substituted for "trial shall be by the court, or, upon demand of the accused, by a jury" to eliminate unnecessary words and for consistency in the revised title.

In subsection (b), the words "may be served in any judicial district" are substituted for "may run into any

other district" for clarity.

In subsection (c), the words "a final action of the Secretary" are substituted for "Any final agency action taken by the Secretary" to eliminate unnecessary words. The words "this part or, as applicable to railroad safety, chapter 51 or 57 of this title" are substituted for "this subchapter or under any of the other Federal railroad safety laws, as defined in section 441(e) of this title" because of the restatement. The words "is subject to judicial review as provided in chapter 7 of title 5" are omitted as unnecessary because 5:ch. 7 applies unless otherwise stated. The words "by and in the manner prescribed" are omitted as surplus.

§20115. User fees

(a) SCHEDULE OF FEES.—The Secretary of Transportation shall prescribe by regulation a schedule of fees for railroad carriers subject to this chapter. The fees—

(1) shall cover the costs of carrying out this chapter (except section 20108(a));

(2) shall be imposed fairly on the railroad carriers, in reasonable relationship to an appropriate combination of criteria such as revenue ton-miles, track miles, passenger miles, or other relevant factors; and

(3) may not be based on that part of industry revenues attributable to a railroad carrier or class of railroad carriers.

(b) COLLECTION PROCEDURES.—The Secretary shall prescribe procedures to collect the fees. The Secretary may use the services of a department, agency, or instrumentality of the United States Government or of a State or local authority to collect the fees, and may reimburse the department, agency, or instrumentality a reasonable amount for its services.

(c) COLLECTION, DEPOSIT, AND USE.—(1) The Secretary shall impose and collect fees under this section for each fiscal year before the end of the fiscal year.

(2) Fees collected under this section shall be deposited in the general fund of the Treasury as offsetting receipts. The fees may be used, to the extent provided in advance in an appropriation law, only to carry out this chapter.

(3) Fees prescribed under this section shall be imposed in an amount sufficient to pay for the costs of activities under this chapter. However, the total fees received for a fiscal year may not be more than 105 percent of the total amount of the appropriations for the fiscal year for activities to be financed by the fees.

(d) ANNUAL REPORT.—(1) Not later than 90 days after the end of each fiscal year in which fees are collected under this section, the Secretary shall report to Congress on—

(A) the amount of fees collected during that fiscal year;

(B) the impact of the fees on the financial health of the railroad industry and its competitive position relative to each competing mode of transportation; and

(C) the total cost of Government safety activities for each other competing mode of transportation, including any part of that total cost defrayed by Government user fees.

(2) Not later than 90 days after submitting a report for a fiscal year, the Secretary shall submit to Congress recommendations for corrective legislation if the report includes a finding that—

(A) there has been an impact from the fees on the financial health of the railroad industry or its competitive position relative to each competing mode of transportation; or

(B) there is a significant difference in the burden of Government user fees on the railroad industry and other competing modes of transportation.

(e) EXPIRATION.—This section expires on September 30, 1995.

§20140. Alcohol and controlled substances testing

(a) DEFINITION.—In this section, "controlled substance" means any substance under section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802) specified by the Secretary of Transportation.

(b) GENERAL.—(1) In the interest of safety, the Secretary of Transportation shall prescribe regulations and issue orders, not later than October 28, 1992, related to alcohol and controlled substances use in railroad operations. The regulations shall establish a program requiring—

(A) a railroad carrier to conduct preemployment, reasonable suspicion, random, and post-accident testing of all railroad employees responsible for safety-sensitive functions (as decided by the Secretary) for the use of a controlled substance in violation of law or a United States Government regulation, and to conduct reasonable suspicion, random, and post-accident testing of such employees for the use of alcohol in violation of law or a United States Government regulation; the regulations shall permit such railroad carriers to conduct preemployment testing of such employees for the use of alcohol; and

(B) when the Secretary considers it appropriate, disqualification for an established period of time or dismissal of any employee found—

(i) to have used or been impaired by alcohol when on duty; or

(ii) to have used a controlled substance, whether or not on duty, except as allowed for medical purposes by law or a regulation or order under this chapter.

(2) When the Secretary of Transportation considers it appropriate in the interest of safety, the Secretary may prescribe regulations and issue orders requiring railroad carriers to conduct periodic recurring testing of railroad employees responsible for safety-sensitive functions (as decided by the Secretary) for the use of alcohol or a controlled substance in violation of law or a Government regulation.

(c) TESTING AND LABORATORY REQUIREMENTS.—In carrying out this section, the Secretary of Transportation shall develop requirements that shall—

(1) promote, to the maximum extent practicable, individual privacy in the collection of specimens;

(2) for laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any amendments to those guidelines, including mandatory guidelines establishing—

(A) comprehensive standards for every aspect of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this section, including standards requiring the use of the best available technology to ensure the complete reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimens collected for controlled substances testing;

(B) the minimum list of controlled substances for which individuals may be tested; and

(C) appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this section;

- (3) require that a laboratory involved in controlled substances testing under this section have the capability and facility, at the laboratory, of performing screening and confirmation tests;
- (4) provide that all tests indicating the use of alcohol or a controlled substance in violation of law or a Government regulation be confirmed by a scientifically recognized method of testing capable of providing quantitative information about alcohol or a controlled substance;
- (5) provide that each specimen be subdivided, secured, and labeled in the presence of the tested individual and that a part of the specimen be retained in a secure manner to prevent the possibility of tampering, so that if the individual's confirmation test results are positive the individual has an opportunity to have the retained part tested by a 2d confirmation test done independently at another certified laboratory if the individual requests the 2d confirmation test not later than 3 days after being advised of the results of the first confirmation test;
- (6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations that may be necessary and in consultation with the Secretary of Health and Human Services;
- (7) provide for the confidentiality of test results and medical information (other than information about alcohol or a controlled substance) of employees, except that this clause does not prevent the use of test results for the orderly imposition of appropriate sanctions under this section; and
- (8) ensure that employees are selected for tests by nondiscriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

(d) REHABILITATION.—The Secretary of Transportation shall prescribe regulations or issue orders establishing requirements for rehabilitation programs that at least provide for the identification and opportunity for treatment of railroad employees responsible for safety-sensitive functions (as decided by the Secretary) in need of assistance in resolving problems with the use of alcohol or a controlled substance in violation of law or a Government regulation. The Secretary shall decide on the circumstances under which employees shall be required to participate in a program. Each railroad carrier is encouraged to make such a program available to all of its employees in addition to employees responsible for safety-sensitive functions. This subsection does not prevent a railroad carrier from establishing a program under this subsection in cooperation with another railroad carrier.

(e) INTERNATIONAL OBLIGATIONS AND FOREIGN LAWS AND REGULATIONS.—In carrying out this section, the Secretary of Transportation—

- (1) shall establish only requirements that are consistent with international obligations of the United States; and
- (2) shall consider applicable laws and regulations of foreign countries.

(f) OTHER REGULATIONS ALLOWED.—This section does not prevent the Secretary of Transportation from continuing in effect, amending, or further supplementing a regulation prescribed or order issued before October 28, 1991, governing the use of alcohol or a controlled substance in railroad operations.

Subchapter II of chapter 5 of title 5 does not apply to a temporary regulation or to an amendment to a temporary regulation.

(c) REVIEW OF REGULATIONS.—The Secretary shall review the Secretary's regulations on locomotive visibility. Not later than December 31, 1993, the Secretary shall complete the current research of the Department of Transportation on locomotive visibility. In conducting the review, the Secretary shall collect relevant information from operational experience by rail carriers using enhanced visibility measures.

(d) REGULATORY PROCEEDING.—Not later than June 30, 1994, the Secretary shall begin a regulatory proceeding to prescribe final regulations requiring substantially enhanced locomotive visibility measures. In the proceeding, the Secretary shall consider at least—

(1) revisions to the existing locomotive headlight standards, including standards for placement and intensity;

(2) requiring the use of reflective material to enhance locomotive visibility;

(3) requiring the use of additional alerting lights, including ditch, crossing, strobe, and oscillating lights;

(4) requiring the use of auxiliary lights to enhance locomotive visibility when viewed from the side;

- (3) upon receiving a report pursuant to paragraph (1)(A) or (B), and after contacting trains

pursuant to paragraph (2), contact, as necessary, appropriate public safety officials having jurisdiction over the grade crossing to provide them with the information necessary for them to direct traffic, assist in the removal of the disabled vehicle, or carry out other activities as appropriate;

(4) upon receiving a report pursuant to paragraph (1)(C) or (D), timely investigate the report, remove the obstruction if possible, or correct the unsafe circumstance; and

(5) ensure the placement at each grade crossing on rights-of-way that it owns of appropriately located signs, on which shall appear, at a minimum—

(A) a toll-free telephone number to be used for placing calls described in paragraph (1) to the railroad carrier dispatching trains on that right-of-way;

(a) **DEFINITIONS.**—As used in this section—

(1) the term "highway-rail grade crossing" includes any street or highway crossing over a line of railroad at grade;

(2) the term "locomotive horn" refers to a train-borne audible warning device meeting standards specified by the Secretary of Transportation; and

(3) the term "supplementary safety measure" refers to a safety system or procedure, provided by the appropriate traffic control authority or law enforcement authority responsible for safety at the highway-rail grade crossing, that is determined by the Secretary to be an effective substitute for the locomotive horn in the prevention of highway-rail casualties. A traffic control arrangement that prevents careless movement over the crossing (e.g., as where adequate median barriers prevent movement around crossing gates extending over the full width of the lanes in the particular direction of travel), and that conforms to standards prescribed by the Secretary under this subsection, shall be deemed to constitute a supplementary safety measure. The following do not, individually or in combination, constitute supplementary safety measures within the meaning of this subsection: standard traffic control devices or arrangements such as reflectorized crossbucks, stop signs, flashing lights, flashing lights with gates that do not completely block travel over the line of railroad, or traffic signals.

(b) REQUIREMENT.—The Secretary of Transportation shall prescribe regulations requiring that a locomotive horn shall be sounded while each train is approaching and entering upon each public highway-rail grade crossing.

(c) EXCEPTION.—(1) In issuing such regulations, the Secretary may except from the requirement to sound the locomotive horn any categories of rail operations or categories of highway-rail grade crossings (by train speed or other factors specified by regulation)—

(A) that the Secretary determines not to present a significant risk with respect to loss of life or serious personal injury;

(B) for which use of the locomotive horn as a warning measure is impractical; or

(C) for which, in the judgment of the Secretary, supplementary safety measures fully compensate for the absence of the warning provided by the locomotive horn.

(2) In order to provide for safety and the quiet of communities affected by train operations, the Secretary may specify in such regulations that any supplementary safety measures must be applied to all highway-rail grade crossings within a specified distance along the railroad in order to be excepted from the requirement of this section.

(d) APPLICATION FOR WAIVER OR EXEMPTION.—Notwithstanding any other provision of this subchapter, the Secretary may not entertain an application for waiver or exemption of the regulations issued under this section unless such application shall have been submitted jointly by the railroad carrier owning, or controlling operations over, the crossing and by the appropriate traffic control authority or law enforcement authority. The Secretary shall not grant any such application unless, in the judgment of the Secretary, the application demonstrates that the safety of highway users will not be diminished.

(e) DEVELOPMENT OF SUPPLEMENTARY SAFETY MEASURES.—(1) In order to promote the quiet of communities affected by rail operations and the development of innovative safety measures at highway-rail grade crossings, the Secretary may, in connection with demonstration of proposed new supplementary safety measures, order railroad carriers operating over one or more crossings to cease temporarily the sounding of locomotive horns at such crossings. Any such measures shall have been subject to testing and evaluation and deemed necessary by the Secretary prior to actual use in lieu of the locomotive horn.

(2) The Secretary may include in regulations issued under this subsection special procedures for approval of new supplementary safety measures meeting the requirements of subsection (c)(1) of this section following successful demonstration of those measures.

(f) SPECIFIC RULES.—The Secretary may, by regulation, provide that the following crossings over railroad lines shall be subject, in whole or in part, to the regulations required under this section:

(1) Private highway-rail grade crossings.

(2) Pedestrian crossings.

(3) Crossings utilized primarily by nonmotorized vehicles and other special vehicles.

Regulations issued under this subsection shall not apply to any location where persons are not authorized to cross the railroad.

(g) ISSUANCE.—The Secretary shall issue regulations required by this section pertaining to categories of highway-rail grade crossings that in the judgment of the Secretary pose the greatest safety hazard to rail and highway users not later than 24 months following November 2, 1994. The Secretary shall issue regulations pertaining to any other categories of crossings not later than 48 months following November 2, 1994.

(h) IMPACT OF REGULATIONS.—The Secretary shall include in regulations prescribed under this section a concise statement of the impact of such regulations with respect to the operation of section 20106 of this title (national uniformity of regulation).

(i) REGULATIONS.—In issuing regulations under this section, the Secretary—

(1) shall take into account the interest of communities that—

(A) have in effect restrictions on the sounding of a locomotive horn at highway-rail grade crossings; or

(B) have not been subject to the routine (as defined by the Secretary) sounding of a locomotive horn at highway-rail grade crossings;

(2) shall work in partnership with affected communities to provide technical assistance and shall provide a reasonable amount of time for local communities to install supplementary safety measures, taking into account local safety initiatives (such as public awareness initiatives and highway-rail grade crossing traffic law enforcement programs) subject to such terms and conditions as the Secretary deems necessary, to protect public safety; and

(3) may waive (in whole or in part) any requirement of this section (other than a requirement of this subsection or subsection (j)) that the Secretary determines is not likely to contribute significantly to public safety.

(j) **EFFECTIVE DATE OF REGULATIONS.**—Any regulations under this section shall not take effect before the 365th day following the date of publication of the final rule.

§20156. Railroad safety risk reduction program

(a) IN GENERAL.—

(1) PROGRAM REQUIREMENT.—Not later than 4 years after the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary of Transportation, by regulation, shall require each railroad carrier that is a Class I railroad, a railroad carrier that has inadequate safety performance (as determined by the Secretary), or a railroad carrier that provides intercity rail passenger or commuter rail passenger transportation—

(A) to develop a railroad safety risk reduction program under subsection (d) that systematically evaluates railroad safety risks on its system and manages those risks in order to reduce the numbers and rates of railroad accidents, incidents, injuries, and fatalities;

(B) to submit its program, including any required plans, to the Secretary for review and approval; and

(C) to implement the program and plans approved by the Secretary.

(2) RELIANCE ON PILOT PROGRAM.—The Secretary may conduct behavior-based safety and other research, including pilot programs, before promulgating regulations under this subsection and thereafter. The Secretary shall use any information and experience gathered through such research and pilot programs under this subsection in developing regulations under this section.

(3) REVIEW AND APPROVAL.—The Secretary shall review and approve or disapprove railroad safety risk reduction program plans within a reasonable period of time. If the proposed plan is not approved, the Secretary shall notify the affected railroad carrier as to the specific areas in which the proposed plan is deficient, and the railroad carrier shall correct all deficiencies within a reasonable period of time following receipt of written notice from the Secretary. The Secretary shall annually conduct a review to ensure that the railroad carriers are complying with their plans.

(4) VOLUNTARY COMPLIANCE.—A railroad carrier that is not required to submit a railroad safety risk reduction program under this section may voluntarily submit a program that meets the requirements of this section to the Secretary. The Secretary shall approve or disapprove any program submitted under this paragraph.

(b) CERTIFICATION.—The chief official responsible for safety of each railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall certify that the contents of the program are accurate and that the railroad carrier will implement the contents of the program as approved by the Secretary.

(c) RISK ANALYSIS.—In developing its railroad safety risk reduction program, each railroad carrier required to submit such a program pursuant to subsection (a) shall identify and analyze the aspects of its railroad, including operating rules and practices, infrastructure, equipment, employee levels and schedules, safety culture, management structure, employee training, and other matters, including those not covered by railroad safety regulations or other Federal regulations, that impact railroad safety.

(d) PROGRAM ELEMENTS.—

(1) IN GENERAL.—Each railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall develop a comprehensive safety risk reduction program to

improve safety by reducing the number and rates of accidents, incidents, injuries, and fatalities that is based on the risk analysis required by subsection (c) through—

- (A) the mitigation of aspects that increase risks to railroad safety; and
- (B) the enhancement of aspects that decrease risks to railroad safety.

(2) **REQUIRED COMPONENTS.**—Each railroad carrier's safety risk reduction program shall include a risk mitigation plan in accordance with this section, a technology implementation plan that meets the requirements of subsection (e), and a fatigue management plan that meets the requirements of subsection (f).

(e) TECHNOLOGY IMPLEMENTATION PLAN.—

(1) **IN GENERAL.**—As part of its railroad safety risk reduction program, a railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall develop, and periodically update as necessary, a 10-year technology implementation plan that describes the railroad carrier's plan for development, adoption, implementation, maintenance, and use of current, new, or novel technologies on its system over a 10-year period to reduce safety risks identified under the railroad safety risk reduction program. Any updates to the plan are subject to review and approval by the Secretary.

(2) **TECHNOLOGY ANALYSIS.**—A railroad carrier's technology implementation plan shall include an analysis of the safety impact, feasibility, and cost and benefits of implementing technologies, including processor-based technologies, positive train control systems (as defined in section 20157(i)), electronically controlled pneumatic brakes, rail integrity inspection systems, rail integrity warning systems, switch position monitors and indicators, trespasser prevention technology, highway-rail grade crossing technology, and other new or novel railroad safety technology, as appropriate, that may mitigate risks to railroad safety identified in the risk analysis required by subsection (c).

(3) **IMPLEMENTATION SCHEDULE.**—A railroad carrier's technology implementation plan shall contain a prioritized implementation schedule for the development, adoption, implementation, and use of current, new, or novel technologies on its system to reduce safety risks identified under the railroad safety risk reduction program.

(4) **POSITIVE TRAIN CONTROL.**—Except as required by section 20157 (relating to the requirements for implementation of positive train control systems), the Secretary shall ensure that—

(A) each railroad carrier's technology implementation plan required under paragraph (1) that includes a schedule for implementation of a positive train control system complies with that schedule; and

(B) each railroad carrier required to submit such a plan implements a positive train control system pursuant to such plan by December 31, 2018.

(f) FATIGUE MANAGEMENT PLAN.—

(1) **IN GENERAL.**—As part of its railroad safety risk reduction program, a railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall develop and update at least once every 2 years a fatigue management plan that is designed to reduce the fatigue experienced by safety-related railroad employees and to reduce the likelihood of accidents, incidents, injuries, and fatalities caused by fatigue. Any such update shall be subject to review and approval by the Secretary.

(2) **TARGETED FATIGUE COUNTERMEASURES.**—A railroad carrier's fatigue management plan shall take into account the varying circumstances of operations by the railroad on different parts of its system, and shall prescribe appropriate fatigue countermeasures to address those varying circumstances.

(3) **ADDITIONAL ELEMENTS.**—A railroad shall consider the need to include in its fatigue management plan elements addressing each of the following items, as applicable:

- (A) Employee education and training on the physiological and human factors that affect

fatigue, as well as strategies to reduce or mitigate the effects of fatigue, based on the most current scientific and medical research and literature.

(B) Opportunities for identification, diagnosis, and treatment of any medical condition that may affect alertness or fatigue, including sleep disorders.

(C) Effects on employee fatigue of an employee's short-term or sustained response to emergency situations, such as derailments and natural disasters, or engagement in other intensive working conditions.

(D) Scheduling practices for employees, including innovative scheduling practices, on-duty call practices, work and rest cycles, increased consecutive days off for employees, changes in shift patterns, appropriate scheduling practices for varying types of work, and other aspects of employee scheduling that would reduce employee fatigue and cumulative sleep loss.

(E) Methods to minimize accidents and incidents that occur as a result of working at times when scientific and medical research have shown increased fatigue disrupts employees' circadian rhythm.

(F) Alertness strategies, such as policies on napping, to address acute drowsiness and fatigue while an employee is on duty.

(G) Opportunities to obtain restful sleep at lodging facilities, including employee sleeping quarters provided by the railroad carrier.

(H) The increase of the number of consecutive hours of off-duty rest, during which an employee receives no communication from the employing railroad carrier or its managers, supervisors, officers, or agents.

(I) Avoidance of abrupt changes in rest cycles for employees.

(J) Additional elements that the Secretary considers appropriate.

(g) CONSENSUS.—

(1) **IN GENERAL.**—Each railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall consult with, employ good faith, and use its best efforts to reach agreement with, all of its directly affected employees, including any nonprofit employee labor organization representing a class or craft of directly affected employees of the railroad carrier, on the contents of the safety risk reduction program.

(2) **STATEMENT.**—If the railroad carrier and its directly affected employees, including any nonprofit employee labor organization representing a class or craft of directly affected employees of the railroad carrier, cannot reach consensus on the proposed contents of the plan, then directly affected employees and such organization may file a statement with the Secretary explaining their views on the plan on which consensus was not reached. The Secretary shall consider such views during review and approval of the program.

(h) **ENFORCEMENT.**—The Secretary shall have the authority to assess civil penalties pursuant to chapter 213 for a violation of this section, including the failure to submit, certify, or comply with a safety risk reduction program, risk mitigation plan, technology implementation plan, or fatigue management plan.

(G) any other information requested by the Secretary.

(2) PLAN REVIEW.—The Secretary shall at least annually conduct reviews to ensure that railroad carriers or other entities are complying with the revised plan submitted under subsection

(a), including any amendments or any alternative schedule and sequence approved by the Secretary. Such railroad carriers or other entities shall provide such information as the Secretary determines necessary to adequately conduct such reviews.

(3) **PUBLIC AVAILABILITY.**—Not later than 60 days after receipt, the Secretary shall make available to the public on the Internet Web site of the Department of Transportation any report submitted pursuant to paragraph (1) or subsection (d), but may exclude, as the Secretary determines appropriate—

(f) **OTHER RAILROAD CARRIERS.**—Nothing in this section restricts the discretion of the Secretary to require railroad carriers other than those specified in subsection (a) to implement a positive train control system pursuant to this section or section 20156, or to specify the period by which implementation shall occur that does not exceed the time limits established in this section or section 20156. In exercising such discretion, the Secretary shall, at a minimum, consider the risk to railroad employees and the public associated with the operations of the railroad carrier.

(g) **REGULATIONS.**—

(1) **IN GENERAL.**—The Secretary shall prescribe regulations or issue orders necessary to implement this section, including regulations specifying in appropriate technical detail the essential functionalities of positive train control systems, and the means by which those systems will be qualified.

(C) RETAINED REVIEW AUTHORITY.—The Secretary retains the authority to review revised plans submitted under subsection (a)(1) and is authorized to require modifications of those plans to the extent necessary to ensure that such plans include the descriptions under subsection (a)(2)(A)(i), the contents under subsection (a)(2)(A)(ii), and the year or years, totals, and summary under subsection (a)(2)(A)(iii)(I) through (VI).

(h) CERTIFICATION.—

(1) IN GENERAL.—The Secretary shall not permit the installation of any positive train control system or component in revenue service unless the Secretary has certified that any such system or component has been approved through the approval process set forth in part 236 of title 49, Code of Federal Regulations, and complies with the requirements of that part.

(2) PROVISIONAL OPERATION.—Notwithstanding the requirements of paragraph (1), the Secretary may authorize a railroad carrier or other entity to commence operation in revenue service of a positive train control system or component to the extent necessary to enable the safe implementation and operation of a positive train control system in phases.

(i) DEFINITIONS.—In this section:

(1) EQUIVALENT OR GREATER LEVEL OF SAFETY.—The term "equivalent or greater level of safety" means the compliance of a railroad carrier with—

(A) appropriate operating rules in place immediately prior to the use or implementation of such carrier's positive train control system, except that such rules may be changed by such carrier to improve safe operations; and

(B) all applicable safety regulations, except as specified in subsection (j).

(2) HARDWARE.—The term "hardware" means a locomotive apparatus, a wayside interface unit (including any associated legacy signal system replacements), switch position monitors needed for a positive train control system, physical back office system equipment, a base station radio, a wayside radio, a locomotive radio, or a communication tower or pole.

(3) INTEROPERABILITY.—The term "interoperability" means the ability to control locomotives of the host railroad and tenant railroad to communicate with and respond to the positive train control system, including uninterrupted movements over property boundaries.

(4) MAIN LINE.—The term "main line" means a segment or route of railroad tracks over which 5,000,000 or more gross tons of railroad traffic is transported annually, except that—

(A) the Secretary may, through regulations under subsection (g), designate additional tracks as main line as appropriate for this section; and

(B) for intercity rail passenger transportation or commuter rail passenger transportation routes or segments over which limited or no freight railroad operations occur, the Secretary shall define the term "main line" by regulation.

(5) POSITIVE TRAIN CONTROL SYSTEM.—The term "positive train control system" means a system designed to prevent train-to-train collisions, over-speed derailments, incursions into established work zone limits, and the movement of a train through a switch left in the wrong position.

(j) **EARLY ADOPTION.**—

(1) **OPERATIONS.**—From the date of enactment of the Positive Train Control Enforcement and Implementation Act of 2015 through the 1-year period beginning on the date on which the last Class I railroad carrier's positive train control system subject to subsection (a) is certified by the Secretary under subsection (h)(1) of this section and is implemented on all of that railroad carrier's lines required to have operations governed by a positive train control system, any railroad carrier, including any railroad carrier that has its positive train control system certified by the Secretary, shall not be subject to the operational restrictions set forth in sections 236.567 and 236.1029 of title 49, Code of Federal Regulations, that would apply where a controlling locomotive that is operating in, or is to be operated in, a positive train control-equipped track segment experiences a positive train control system failure, a positive train control operated consist is not provided by another railroad carrier when provided in interchange, or a positive train control system otherwise fails to initialize, cuts out, or malfunctions, provided that such carrier operates at an equivalent or greater level of safety than the level achieved immediately prior to the use or implementation of its positive train control system.

(2) **SAFETY ASSURANCE.**—During the period described in paragraph (1), if a positive train control system that has been certified and implemented fails to initialize, cuts out, or malfunctions, the affected railroad carrier or other entity shall make reasonable efforts to determine the cause of the failure and adjust, repair, or replace any faulty component causing the system failure in a timely manner.

(3) **PLANS.**—The positive train control safety plan for each railroad carrier or other entity shall describe the safety measures, such as operating rules and actions to comply with applicable safety regulations, that will be put in place during any system failure.

(4) **NOTIFICATION.**—During the period described in paragraph (1), if a positive train control system that has been certified and implemented fails to initialize, cuts out, or malfunctions, the affected railroad carrier or other entity shall submit a notification to the appropriate regional office of the Federal Railroad Administration within 7 days of the system failure, or under alternative location and deadline requirements set by the Secretary, and include in the notification a description of the safety measures the affected railroad carrier or other entity has in place.

(k) **SMALL RAILROADS.**—Not later than 120 days after the date of the enactment of this Act,¹ the Secretary shall amend section 236.1006(b)(4)(iii)(B) of title 49, Code of Federal Regulations (relating to equipping locomotives for applicable Class II and Class III railroads operating in positive train control territory) to extend each deadline under such section by 3 years.

(l) **REVENUE SERVICE DEMONSTRATION.**—When a railroad carrier or other entity subject to (a)(1)² notifies the Secretary it is prepared to initiate revenue service demonstration, it shall also notify any applicable tenant railroad carrier or other entity subject to subsection (a)(1).

(m) **REPORTS ON POSITIVE TRAIN CONTROL SYSTEM PERFORMANCE.**—

(1) **IN GENERAL.**—Each host railroad subject to this section or subpart I of part 236 of title 49, Code of Federal Regulations, shall electronically submit to the Secretary of Transportation a Report of PTC System Performance on Form FRA F 6180.152, which shall be submitted on or before the applicable due date set forth in paragraph (3) and contain the information described in paragraph (2), which shall be separated by the host railroad, each applicable tenant railroad, and each positive train control-governed track segment, consistent with the railroad's positive train control Implementation Plan described in subsection (a)(1).

(2) **REQUIRED INFORMATION.**—Each report submitted pursuant to paragraph (1) shall include, for the applicable reporting period—

(A) the number of positive train control system initialization failures, disaggregated by the number of initialization failures for which the source or cause was the onboard subsystem, the wayside subsystem, the communications subsystem, the back office subsystem, or a non-positive train control component;

(B) the number of positive train control system cut outs, disaggregated by each component

listed in subparagraph (A) that was the source or cause of such cut outs;

(C) the number of positive train control system malfunctions, disaggregated by each component listed in subparagraph (A) that was the source or cause of such malfunctions;

(D) the number of enforcements by the positive train control system;

(E) the number of enforcements by the positive train control system in which it is reasonable to assume an accident or incident was prevented;

(F) the number of scheduled attempts at initialization of the positive train control system;

(G) the number of train miles governed by the positive train control system; and

(H) a summary of any actions the host railroad and its tenant railroads are taking to reduce the frequency and rate of initialization failures, cut outs, and malfunctions, such as any actions to correct or eliminate systemic issues and specific problems.

(3) DUE DATES.—

(A) **IN GENERAL.**—Except as provided in subparagraph (B), each host railroad shall electronically submit the report required under paragraph (1) not later than—

(i) April 30, for the period from January 1 through March 31;

(ii) July 31, for the period from April 1 through June 30;

(iii) October 31, for the period from July 1 through September 30; and

(iv) January 31, for the period from October 1 through December 31 of the prior calendar year.

(B) **FREQUENCY REDUCTION.**—Beginning on the date that is 3 years after the date of enactment of the Passenger Rail Expansion and Rail Safety Act of 2021, the Secretary shall reduce the frequency with which host railroads are required to submit the report described in paragraph (1) to not less frequently than twice per year, unless the Secretary—

(i) determines that quarterly reporting is in the public interest; and

(ii) publishes a justification for such determination in the Federal Register.

(4) **TENANT RAILROADS.**—Each tenant railroad that operates on a host railroad's positive train control-governed main line and is not currently subject to an exception under section 236.1006(b) of title 49, Code of Federal Regulations, shall submit the information described in paragraph (2) to each applicable host railroad on a continuous basis.

(5) **ENFORCEMENTS.**—Any railroad operating a positive train control system classified under Federal Railroad Administration Type Approval number FRA–TA–2010–001 or FRA–TA–2013–003 shall begin submitting the metric required under paragraph (2)(D) not later than January 31, 2023.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 2015 AMENDMENT

Amendment by Pub. L. 114–94 effective Oct. 1, 2015, see section 1003 of Pub. L. 114–94, set out as a note under section 5313 of Title 5, Government Organization and Employees.

§20161. Fostering introduction of new technology to improve safety at highway-rail grade crossings

(a) FINDINGS.—

(1) Collisions between highway users and trains at highway-rail grade crossings continue to cause an unacceptable loss of life, serious personal injury, and property damage.

(2) While elimination of at-grade crossings through consolidation of crossings and grade separations offers the greatest long-term promise for optimizing the safety and efficiency of the two modes of transportation, over 140,000 public grade crossings remain on the general rail system—approximately one for each route mile on the general rail system.

(3) Conventional highway traffic control devices such as flashing lights and gates are often effective in warning motorists of a train's approach to an equipped crossing.

(4) Since enactment of the Highway Safety Act of 1973, over \$4,200,000,000 of Federal funding has been invested in safety improvements at highway-rail grade crossings, yet a majority of public highway-rail grade crossings are not yet equipped with active warning systems.

(5) The emergence of new technologies presents opportunities for more effective and affordable warnings and safer passage of highway users and trains at remaining highway-rail grade crossings.

(6) Implementation of new crossing safety technology will require extensive cooperation between highway authorities and railroad carriers.

(7) Federal Railroad Administration regulations establishing performance standards for processor-based signal and train control systems provide a suitable framework for qualification of new or novel technology at highway-rail grade crossings, and the Federal Highway Administration's Manual on Uniform Traffic Control Devices provides an appropriate means of determining highway user interface with such new technology.

(b) POLICY.—It is the policy of the United States to encourage the development of new technology that can prevent loss of life and injuries at highway-rail grade crossings. The Secretary of Transportation is designated to carry out this policy in consultation with States and necessary public and private entities.

(c) SUBMISSION OF NEW TECHNOLOGY PROPOSALS.—Railroad carriers and railroad suppliers may submit for review and approval to the Secretary such new technology designed to improve safety at highway-rail grade crossings. The Secretary shall approve by order the new technology designed to improve safety at highway-rail grade crossings in accordance with Federal Railroad Administration standards for the development and use of processor-based signal and train control systems and shall consider the effects on safety of highway-user interface with the new technology.

(d) EFFECT OF SECRETARIAL APPROVAL.—If the Secretary approves by order new technology to provide warning to highway users at a highway-rail grade crossing and such technology is installed at a highway-rail grade crossing in accordance with the conditions of the approval, this determination preempts any State statute or regulation concerning the adequacy of the technology in providing warning at the crossing.

"(5) determine whether such programs reflect the current operating practices of the railroad carrier;

"(6) assess the current practice by which railroads utilize simulator training, or any other technologies used to train and qualify locomotive engineers and conductors by examining how such technologies are used;

"(7) consider international experience and practice using similar technology, as appropriate, particularly before qualifying locomotive engineers on new or unfamiliar equipment, new train control, diagnostics, or other on-board technology;

"(8) assess the current practice for familiarizing locomotive engineers and conductors with new territory and using recurrency training to expose such personnel to normal and abnormal conditions; and

"(9) ensure that locomotive engineers and conductor training programs are considered separately, as appropriate, based on the unique requirements and regulations.

"(b) AUDIT SCHEDULING.—The Secretary shall—

"(1) schedule the audits required under subsection (a) to ensure that—

"(A) each Class I railroad, including the National Railroad Passenger Corporation and other intercity passenger rail providers, is audited not less frequently than once every 5 years; and

(11) SUBSTANTIALLY TRANSFORMED.—The term "substantially transformed" means a component of a railroad freight car that undergoes an applicable change in tariff classification as a result of the manufacturing process, as described in chapter 4 and related annexes of the USMCA or any subsequent free trade agreement between the United States, Mexico, and Canada.

(12) USMCA.—The term "USMCA" has the meaning given the term in section 3 of the United States-Mexico-Canada Agreement Implementation Act (19 U.S.C. 4502).

(b) REQUIREMENTS FOR RAILROAD FREIGHT CARS.—

(1) LIMITATION ON RAILROAD FREIGHT CARS.—A railroad freight car wholly manufactured on or after the date that is 1 year after the date of issuance of the regulations required under subsection (c)(1) may only operate on the United States general railroad system of transportation if—

(A) the railroad freight car is manufactured, assembled, and substantially transformed, as applicable, by a qualified manufacturer in a qualified facility;

(B) none of the sensitive technology located on the railroad freight car, including components necessary to the functionality of the sensitive technology, originates from a country of concern or is sourced from a state-owned enterprise; and

(C) none of the content of the railroad freight car, excluding sensitive technology, originates from a country of concern or is sourced from a state-owned enterprise that has been determined by a recognized court or administrative agency of competent jurisdiction and legal authority to have violated or infringed valid United States intellectual property rights of another including such a finding by a Federal district court under title 35 or the U.S. International Trade Commission under section 337 of the Tariff Act of 1930 (19 U.S.C. 1337).

(2) LIMITATION ON RAILROAD FREIGHT CAR CONTENT.—

(A) PERCENTAGE LIMITATION.—

(i) **INITIAL LIMITATION.**—Not later than 1 year after the date of issuance of the regulations required under subsection (c)(1), a railroad freight car described in paragraph (1) may operate on the United States general railroad system of transportation only if not more than 20 percent of the content of the railroad freight car, calculated by the net cost of all components of the car and excluding the cost of sensitive technology, originates from a country of concern or is sourced from a state-owned enterprise.

(ii) **SUBSEQUENT LIMITATION.**—Effective beginning on the date that is 3 years after the date of issuance of the regulations required under subsection (c)(1), a railroad freight car described in paragraph (1) may operate on the United States general railroad system of transportation only if not more than 15 percent of the content of the railroad freight car, calculated by the net cost of all components of the car and excluding the cost of sensitive technology, originates from a country of concern or is sourced from a state-owned enterprise.

(B) **CONFLICT.**—The percentages specified in clauses (i) and (ii) of subparagraph (A), as applicable, shall apply notwithstanding any apparent conflict with provisions of chapter 4 of the USMCA.

(B) **REGISTRATION OF NONCOMPLIANT CARS PROHIBITED.**—A railroad freight car manufacturer may not register, or cause to be registered, a railroad freight car that does not comply with the requirements under this section in the Association of American Railroad's ¹ Umler system.

(4) CIVIL PENALTIES.—

(A) **IN GENERAL.**—Pursuant to section 21301, the Secretary of Transportation may assess a civil penalty of not less than \$100,000, but not more than \$250,000, for each violation of this

section for each railroad freight car.

(B) PROHIBITION ON OPERATION FOR VIOLATIONS.—The Secretary of Transportation may prohibit a railroad freight car manufacturer with respect to which the Secretary has assessed more than 3 violations under subparagraph (A) from providing additional railroad freight cars for operation on the United States general railroad system of transportation until the Secretary determines—

- (i) such manufacturer is in compliance with this section; and
- (ii) all civil penalties assessed to such manufacturer pursuant to subparagraph (A) have been paid in full.

In subsection (b), the words before clause (1) are substituted for "*Provided*, That nothing in sections 1 to 7 of this title shall apply to" in 45:6 because 45:9, 11, and 16 provide that 45:9 and 11–16 apply to the same vehicles and trains as 45:1–7 apply to. In clause (1), the word "coal" is added for clarity because of the decision of the Supreme Court in *Baltimore & Ohio Railway Co. v. STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104–287 effective July 5, 1994, see section 8(1) of Pub. L. 104–287, set out as a note under section 5303 of this title.

§20302. General requirements

(a) **GENERAL.**—Except as provided in subsection (c) of this section and section 20303 of this title, a railroad carrier may use or allow to be used on any of its railroad lines—

(1) a vehicle only if it is equipped with—

(A) couplers coupling automatically by impact, and capable of being uncoupled, without the necessity of individuals going between the ends of the vehicles;

(B) secure sill steps and efficient hand brakes; and

(C) secure ladders and running boards when required by the Secretary of Transportation, and, if ladders are required, secure handholds or grab irons on its roof at the top of each ladder;

(2) except as otherwise ordered by the Secretary, a vehicle only if it is equipped with secure grab irons or handholds on its ends and sides for greater security to individuals in coupling and uncoupling vehicles;

(3) a vehicle only if it complies with the standard height of drawbars required by regulations prescribed by the Secretary;

(4) a locomotive only if it is equipped with a power-driving wheel brake and appliances for operating the train-brake system; and

(5) a train only if—

(A) enough of the vehicles in the train are equipped with power or train brakes so that the engineer on the locomotive hauling the train can control the train's speed without the necessity of brake operators using the common hand brakes for that purpose; and

(B) at least 50 percent of the vehicles in the train are equipped with power or train brakes and the engineer is using the power or train brakes on those vehicles and on all other vehicles equipped with them that are associated with those vehicles in the train.

(b) **REFUSAL TO RECEIVE VEHICLES NOT PROPERLY EQUIPPED.**—A railroad carrier complying with subsection (a)(5)(A) of this section may refuse to receive from a railroad line of a connecting railroad carrier or a shipper a vehicle that is not equipped with power or train brakes that will work and readily interchange with the power or train brakes in use on the vehicles of the complying railroad carrier.

(c) **COMBINED VEHICLES LOADING AND HAULING LONG COMMODITIES**.—Notwithstanding subsection (a)(1)(B) of this section, when vehicles are combined to load and haul long commodities, only one of the vehicles must have hand brakes during the loading and hauling.

(d) **AUTHORITY TO CHANGE REQUIREMENTS.**—The Secretary may—

(1) change the number, dimensions, locations, and manner of application prescribed by the Secretary for safety appliances required by subsection (a)(1)(B) and (C) and (2) of this section only for good cause and after providing an opportunity for a full hearing;

(2) amend regulations for installing, inspecting, maintaining, and repairing power and train brakes only for the purpose of achieving safety; and

(3) increase, after an opportunity for a full hearing, the minimum percentage of vehicles in a train that are required by subsection (a)(5)(B) of this section to be equipped and used with power or train brakes.

(e) **SERVICES OF ASSOCIATION OF AMERICAN RAILROADS.**—In carrying out subsection (d)(2) and (3) of this section, the Secretary may use the services of the Association of American Railroads.

In subsection (a), before clause (1), the words "Except as provided in subsection (c) of this section and section 20303 of this title" are added to alert the reader to the exceptions restated in subsection (c) and section 20303. The words "use or allow to be used" are substituted for "haul or permit to be hauled or used" in 45:2 and 11, "use" in 45:4 and 12, "use" and "run" in 45:1, "operated" and "used, hauled, or permitted to be used or hauled" in 45:9, "using . . . running . . . hauling or permitting to be hauled or used" in 45:6, and "used" in 45:8 for consistency in this section and to eliminate unnecessary words. See *United States v. St. Louis Southwestern Ry. Co. of Texas*, 184 F. 28, 32 (5th Cir., 1910); *United States v. Chicago, M. & St. P. Ry. Co.*, 149 F. 486, 488 (D.S.D. Iowa, 1906). The words "That from and after the first day of January, eighteen hundred and ninety-eight", "That on and after the first day of January, eighteen hundred and ninety-eight", and "That from and after the first day of July, eighteen hundred and ninety-five" in sections 1, 2, and 4, respectively, of the Act of March 2, 1893 (ch. 196, 27 Stat. 531), are omitted as obsolete. The words "a railroad carrier . . . on any of its railroad lines" are substituted for "any railroad . . . on its line" in 45:1, "any such railroad . . . on its line" in 45:2, "any railroad company" in 45:4, "railroads in the Territories and the District of Columbia . . . used on any railroad, and in the Territories and the District of Columbia" in 45:8, "Whenever, as provided in sections 1 to 7 of this title" and "any railroad" in 45:9, and "any railroad subject to the provisions of sections 11 to 16 of this title . . . on its line" in 45:11 for clarity, for consistency in the revised title, to eliminate unnecessary words, and because of the definition of "railroad carrier" in section 20102 of the revised title. See *Southern Ry. Co. v. United States*, 222 U.S. 20, 26 (1911). In clauses (1)–(3), the word "vehicle" is substituted for "any car" in 45:2, "car" in 45:4, "all trains, locomotives, tenders, cars, and

similar vehicles used on . . . all other locomotives, tenders, cars, and similar vehicles used in connection therewith" in 45:8, and "any car subject to the provisions of said sections . . . to wit: All cars" in 45:11, and "any car or vehicle" in 45:12 for clarity, for consistency in the revised title, to eliminate unnecessary words, and because of the definition of "vehicle" in section 20301 of the revised title. In clause (1)(A), a comma is placed after the word "uncoupled" for clarity. See *Johnson v. Southern Pacific Co.*, 196 U.S. 1, 18 (1904). In clause (1)(C), the words "by the Secretary of Transportation" are added for clarity because of 45:12. In clause (3), the words "required by regulations prescribed by the Secretary" are substituted for "the standard now fixed or the standard so prescribed . . . the standard so prescribed by the Secretary" in 45:12 for clarity and to eliminate unnecessary words. The words "Said Secretary is given authority, after hearing, to modify or change, and to prescribe the standard height of drawbars and to fix the time within which such modification or change shall become effective and obligatory" are omitted as surplus because of 49:322(a). The words "and prior to the time so fixed . . . and after the time so fixed" are omitted as surplus. In clause (4), the word "locomotive" is substituted for "any locomotive engine" in 45:1 and "all trains, locomotives, tenders, cars, and similar vehicles used on . . . all other locomotives, tenders, cars, and similar vehicles used in connection therewith" in 45:8 for clarity and to eliminate unnecessary words. In clause (5)(B), the words "the engineer is using the power or train brakes on those vehicles and on all other vehicles equipped with them that are associated with those vehicles in the train" are substituted for "their brakes used and operated by the engineer of the locomotive drawing such train; and all power-braked cars in such train which are associated together with said 50 per centum shall have their brakes so used and operated" and "all . . . locomotives, tenders, cars, and similar vehicles" for clarity and consistency in this section. The text of section 2 (2d sentence) of the Act of March 2, 1903 (ch. 976, 32 Stat. 943), as added by section (1)(b) of the Power or Train Brakes Safety Appliance Act of 1958 (Public Law 85-375, 72 Stat. 86), is omitted as executed.

In subsection (b), the words "A railroad carrier complying with subsection (a)(5)(A) of this section" are substituted for "any railroad shall have equipped a sufficient number of its cars so as to comply with the provisions of section 1 of this title" in 45:3 and "The provisions and requirements of sections 1 to 7 of this title shall be held to apply to railroads in the Territories and the District of Columbia" in 45:8 for clarity, for consistency in this section, and because of the definition of "railroad carrier" in section 20102 of the revised title. The words "a vehicle that is not equipped with power or train brakes that will work and readily interchange with the power or train brakes in use on the vehicles of the complying railroad carrier" are substituted for "any cars not equipped sufficiently, in accordance with said section, with such power or train brakes as will work and readily interchange with the brakes in use on its own cars, as required by sections 1 to 7 of this title" in 45:3 for clarity and to eliminate unnecessary words.

In subsection (c), the words "Notwithstanding subsection (a)(1)(B) of this section" are added for clarity.

In subsection (d)(1), the words "change . . . only for . . . and after" are substituted for "shall remain as the standards of equipment to be used on all cars subject to the provisions of sections 11 to 16 of this title, unless changed by an order of said Secretary of Transportation to be made after . . . and for" for clarity and to eliminate unnecessary words. The text of section 3 (proviso) of the Act of April 14, 1910 (ch. 160, 36 Stat. 298), is omitted as obsolete.

In subsection (d)(2), the text of 45:9 (2d sentence words before proviso) is omitted as executed.

In subsection (d)(3), the words "to more fully carry into effect the objects of said sections" and "from time to time" are omitted as surplus. The words "an opportunity for" are added for clarity and consistency in the revised title and with other titles of the Code. The words "equipped and used" are substituted for "operated" for consistency in this section.

In subsection (e), the words "and may avail himself of the advice and assistance of any department, commission, or board of the United States Government, and of State governments" are omitted as unnecessary because of 49:301(6) and (7) and 322(c). The words "but no official or employee of the United States shall receive any additional compensation for such service except as now permitted by law" are omitted as surplus because of 5:5533.

§20303. Moving defective and insecure vehicles needing repairs

(a) GENERAL.—A vehicle that is equipped in compliance with this chapter whose equipment becomes defective or insecure nevertheless may be moved when necessary to make repairs, without a penalty being imposed under section 21302 of this title, from the place at which the defect or insecurity was first discovered to the nearest available place at which the repairs can be made—

(1) on the railroad line on which the defect or insecurity was discovered; or

(2) at the option of a connecting railroad carrier, on the railroad line of the connecting carrier, if

not farther than the place of repair described in clause (1) of this subsection.

(b) **USE OF CHAINS INSTEAD OF DRAWBARS.**—A vehicle in a revenue train or in association with commercially-used vehicles may be moved under this section with chains instead of drawbars only when the vehicle contains livestock or perishable freight.

(c) **LIABILITY.**—The movement of a vehicle under this section is at the risk only of the railroad carrier doing the moving. This section does not relieve a carrier from liability in a proceeding to recover damages for death or injury of a railroad employee arising from the movement of a vehicle with equipment that is defective, insecure, or not maintained in compliance with this chapter.

SIGNAL PROTECTION

Pub. L. 114–94, div. A, title XI, §11408, Dec. 4, 2015, 129 Stat. 1684, provided that:

"(a) IN GENERAL.—Not later than 18 months after the date of enactment of this Act [Dec. 4, 2015], the Secretary [of Transportation] shall initiate a rulemaking to require that on-track safety regulations, whenever practicable and consistent with other safety requirements and operational considerations, include requiring implementation of redundant signal protection for maintenance-of-way work crews who depend on a train dispatcher to provide signal protection.

"(b) ALTERNATIVE SAFETY MEASURES.—The Secretary shall consider exempting from any final requirements of this section each segment of track for which operations are governed by a positive train control system certified under section 20157 of title 49, United States Code, or any other safety technology or practice that would achieve an equivalent or greater level of safety in providing additional signal protection."

§20502. Requirements for installation and use

(a) INSTALLATION.—(1) When the Secretary of Transportation decides after an investigation that it is necessary in the public interest, the Secretary may order a railroad carrier to install, on any part of its railroad line, a signal system that complies with requirements of the Secretary. The order

must allow the carrier a reasonable time to complete the installation. A carrier may discontinue or materially alter a signal system required under this paragraph only with the approval of the Secretary.

(2) A railroad carrier ordered under paragraph (1) of this subsection to install a signal system on one part of its railroad line may not be held negligent for not installing the system on any part of its line that was not included in the order. If an accident or incident occurs on a part of the line on which the signal system was not required to be installed and was not installed, the use of the system on another part of the line may not be considered in a civil action brought because of the accident or incident.

(b) USE.—A railroad carrier may allow a signal system to be used on its railroad line only when the system, including its controlling and operating appurtenances—

(1) may be operated safely without unnecessary risk of personal injury; and

(2) has been inspected and can meet any test prescribed under this chapter.

§20702. Inspections, repairs, and inspection and repair reports

(a) GENERAL.—The Secretary of Transportation shall—

(1) become familiar, so far as practicable, with the condition of every locomotive and tender and its parts and appurtenances;

(2) inspect every locomotive and tender and its parts and appurtenances as necessary to carry out this chapter, but not necessarily at stated times or at regular intervals; and

(3) ensure that every railroad carrier makes inspections of locomotives and tenders and their parts and appurtenances as required by regulations prescribed by the Secretary and repairs every defect that is disclosed by an inspection before a defective locomotive, tender, part, or appurtenance is used again.

(b) NONCOMPLYING LOCOMOTIVES, TENDERS, AND PARTS.—(1) When the Secretary finds that a locomotive, tender, or locomotive or tender part or appurtenance owned or operated by a railroad carrier does not comply with this chapter or a regulation prescribed under this chapter, the Secretary shall give the carrier written notice describing any defect resulting in noncompliance. Not later than 5 days after receiving the notice of noncompliance, the carrier may submit a written request for a reinspection. On receiving the request, the Secretary shall provide for the reinspection by an officer or employee of the Department of Transportation who did not make the original inspection. The reinspection shall be made not later than 15 days after the date the Secretary gives the notice of noncompliance.

(2) Immediately after the reinspection is completed, the Secretary shall give written notice to the railroad carrier stating whether the locomotive, tender, part, or appurtenance is in compliance. If the original finding of noncompliance is sustained, the carrier has 30 days after receipt of the notice to file an appeal with the Secretary. If the carrier files an appeal, the Secretary, after providing an opportunity for a proceeding, may revise or set aside the finding of noncompliance.

(3) A locomotive, tender, part, or appurtenance found not in compliance under this subsection may be used only after it is—

(A) repaired to comply with this chapter and regulations prescribed under this chapter; or

(B) found on reinspection or appeal to be in compliance.

(c) REPORTS.—A railroad carrier shall make and keep, in the way the Secretary prescribes by regulation, a report of every—

(1) inspection made under regulations prescribed by the Secretary; and

(2) repair made of a defect disclosed by such an inspection.

(d) CHANGES IN INSPECTION PROCEDURES.—A railroad carrier may change a rule or instruction of the carrier governing the inspection by the carrier of the locomotives and tenders and locomotive and tender parts and appurtenances of the carrier when the Secretary approves a request filed by the carrier to make the change.

(1) immediately shall file with the Secretary of Transportation a written statement of the fact of the accident or incident; and

(2) when the locomotive is disabled to the extent it cannot be operated under its own power, shall preserve intact all parts affected by the accident or incident, if possible without interfering with traffic, until an investigation of the accident or incident is completed.

(b) INVESTIGATIONS.—The Secretary shall—

(1) investigate each accident and incident reported under subsection (a) of this section;

(2) inspect each part affected by the accident or incident; and

(3) make a complete and detailed report on the cause of the accident or incident.

(c) PUBLICATION AND USE OF INVESTIGATION REPORTS.—When the Secretary considers publication to be in the public interest, the Secretary may publish a report of an investigation made under this section, stating the cause of the accident or incident and making

appropriate recommendations. No part of a report may be admitted into evidence or used in a civil action for damages resulting from a matter mentioned in the report.

railroad carrier shall file a report with the Secretary of Transportation on all accidents and incidents resulting in injury or death to an individual or damage to equipment or a roadbed arising from the carrier's operations during the month. The report shall be under oath and shall state the nature, cause, and circumstances of each reported accident or incident. If a railroad carrier assigns human error as a cause, the report shall include, at the option of each employee whose error is alleged, a statement by the employee explaining any factors the employee alleges contributed to the accident or incident.

§21102. Nonapplication, exemption, and alternate hours of service regime

(a) GENERAL.—This chapter does not apply to a situation involving any of the following:

(1) a casualty.

(2) an unavoidable accident.

(3) an act of God.

(4) a delay resulting from a cause unknown and unforeseeable to a railroad carrier or its officer or agent in charge of the employee when the employee left a terminal.

(b) EXEMPTION.—The Secretary of Transportation may exempt a railroad carrier having not more than 15 employees covered by this chapter from the limitations imposed by this chapter. The Secretary may allow the exemption after a full hearing, for good cause shown, and on deciding that the exemption is in the public interest and will not affect safety adversely. The exemption shall be for a specific period of time and is subject to review at least annually. The exemption may not authorize a carrier to require or allow its employees to be on duty more than a total of 16 hours in a 24-hour period.

(c) APPLICATION OF HOURS OF SERVICE REGIME TO COMMUTER AND INTERCITY

PASSENGER RAILROAD TRAIN EMPLOYEES.—

(1) When providing commuter rail passenger transportation or intercity rail passenger transportation, the limitations on duty hours for train employees of railroad carriers, including public authorities operating passenger service, shall be solely governed by old section 21103 until the earlier of—

(A) the effective date of regulations prescribed by the Secretary under section 21109(b) of this chapter; or

(B) the date that is 3 years following the date of enactment of the Rail Safety Improvement Act of 2008.

(2) After the date on which old section 21103 ceases to apply, pursuant to paragraph (1), to the limitations on duty hours for train employees of railroad carriers with respect to the provision of commuter rail passenger transportation or intercity rail passenger transportation, the limitations on duty hours for train employees of such railroad carriers shall be governed by new section 21103, except as provided in paragraph (3).

(3) After the effective date of the regulations prescribed by the Secretary under section 21109(b) of this title, such carriers shall—

(A) comply with the limitations on duty hours for train employees with respect to the provision of commuter rail passenger transportation or intercity rail passenger transportation as prescribed by such regulations; and

(B) be exempt from complying with the provisions of old section 21103 and new section 21103 for such employees.

(4) In this subsection:

(A) The terms "commuter rail passenger transportation" and "intercity rail passenger transportation" have the meaning given those terms in section 24102 of this title.

(C) ¹ The term "new section 21103" means section 21103 of this chapter as amended by the Rail Safety Improvement Act of 2008.

(D) The term "old section 21103" means section 21103 of this chapter as it was in effect on the day before the enactment of that Act.

(i) an employee may work a seventh consecutive day if that employee completed his or her final period of on-duty time on his or her sixth consecutive day at a terminal other than his or her home terminal; and

(ii) any employee who works a seventh consecutive day pursuant to subparagraph (i) shall have at least 72 consecutive hours off duty at the employee's home terminal during which time the employee is unavailable for any service for any railroad carrier; or

(B) except as provided in subparagraph (A), 7 consecutive days, unless that employee has had at least 72 consecutive hours off duty at the employee's home terminal during which time the employee is unavailable for any service for any railroad carrier, if—

(i) for a period of 18 months following the date of enactment of the Rail Safety Improvement Act of 2008, an existing collective bargaining agreement expressly provides for such a schedule or, following the expiration of 18 months after the date of enactment of the Rail Safety Improvement Act of 2008, collective bargaining agreements entered into during such period expressly provide for such a schedule;

(ii) such a schedule is provided for by a pilot program authorized by a collective

bargaining agreement; or

(iii) such a schedule is provided for by a pilot program under section 21108 of this chapter related to employees' work and rest cycles.

The Secretary may waive paragraph (4), consistent with the procedural requirements of section 20103, if a collective bargaining agreement provides a different arrangement and such an arrangement is in the public interest and consistent with railroad safety.

(b) DETERMINING TIME ON DUTY.—In determining under subsection (a) of this section the time a train employee is on or off duty, the following rules apply:

(1) Time on duty begins when the employee reports for duty and ends when the employee is finally released from duty.

(2) Time the employee is engaged in or connected with the movement of a train is time on duty.

(3) Time spent performing any other service for the railroad carrier during a 24-hour period in which the employee is engaged in or connected with the movement of a train is time on duty.

(4) Time spent in deadhead transportation to a duty assignment is time on duty, but time spent in deadhead transportation from a duty assignment to the place of final release is neither time on duty nor time off duty.

(5) An interim period available for rest at a place other than a designated terminal is time on duty.

(6) An interim period available for less than 4 hours rest at a designated terminal is time on duty.

(7) An interim period available for at least 4 hours rest at a place with suitable facilities for food and lodging is not time on duty when the employee is prevented from getting to the employee's designated terminal by any of the following:

(A) a casualty.

(B) a track obstruction.

(C) an act of God.

(D) a derailment or major equipment failure resulting from a cause that was unknown and unforeseeable to the railroad carrier or its officer or agent in charge of that employee when that employee left the designated terminal.

(c) LIMBO TIME LIMITATION AND ADDITIONAL REST REQUIREMENT.—

(1) A railroad carrier may not require or allow an employee—

(A) to exceed a total of 40 hours per calendar month spent—

(i) waiting for deadhead transportation; or

(ii) in deadhead transportation from a duty assignment to the place of final release,

following a period of 12 consecutive hours on duty that is neither time on duty nor time off duty, not including interim rest periods, during the period from the date of enactment of the Rail Safety Improvement Act of 2008 to one year after such date of enactment; and

(B) to exceed a total of 30 hours per calendar month spent—

(i) waiting for deadhead transportation; or

(ii) in deadhead transportation from a duty assignment to the place of final release,

following a period of 12 consecutive hours on duty that is neither time on duty nor time off duty, not including interim rest periods, during the period beginning one year after the date of enactment of the Rail Safety Improvement Act of 2008 except that the Secretary may further limit the monthly limitation pursuant to regulations prescribed under section 21109.

(2) The limitations in paragraph (1) shall apply unless the train carrying the employee is directly delayed by—

(A) a casualty;

(B) an accident;

- (C) an act of God;
- (D) a derailment;
- (E) a major equipment failure that prevents the train from advancing; or
- (F) a delay resulting from a cause unknown and unforeseeable to a railroad carrier or its officer or agent in charge of the employee when the employee left a terminal.

(3) Each railroad carrier shall report to the Secretary, in accordance with procedures established by the Secretary, each instance where an employee subject to this section spends time waiting for deadhead transportation or in deadhead transportation from a duty assignment to the place of final release in excess of the requirements of paragraph (1).

(4) If—

- (A) the time spent waiting for deadhead transportation or in deadhead transportation from a duty assignment to the place of final release that is not time on duty, plus
- (B) the time on duty,

exceeds 12 consecutive hours, the railroad carrier and its officers and agents shall provide the employee with additional time off duty equal to the number of hours by which such sum exceeds 12 hours.

(d) EMERGENCIES.—A train employee on the crew of a wreck or relief train may be allowed to remain or go on duty for not more than 4 additional hours in any period of 24 consecutive hours when an emergency exists and the work of the crew is related to the emergency. In this subsection, an emergency ends when the track is cleared and the railroad line is open for traffic.

(e) COMMUNICATION DURING TIME OFF DUTY.—During a train employee's minimum off-duty period of 10 consecutive hours, as provided under subsection (a) or during an interim period of at least 4 consecutive hours available for rest under subsection (b)(7) or during additional off-duty hours under subsection (c)(4), a railroad carrier, and its officers and agents, shall not communicate with the train employee by telephone, by pager, or in any other manner that could reasonably be expected to disrupt the employee's rest. Nothing in this subsection shall prohibit communication necessary to notify an employee of an emergency situation, as defined by the Secretary. The Secretary may waive the requirements of this paragraph for commuter or intercity passenger railroads if the Secretary determines that such a waiver will not reduce safety and is necessary to maintain such railroads' efficient operations and on-time performance of its trains.

EFFECTIVE DATE OF 2008 AMENDMENT

Amendment by Pub. L. 110–432 effective 9 months after Oct. 16, 2008, see section 108(g) of Pub. L. 110–432, set out as a note under section 21101 of this title.

§21104. Limitations on duty hours of signal employees

(a) IN GENERAL.—Except as provided in subsection (c) of this section, a railroad carrier and its officers and agents may not require or allow its signal employees to remain or go on duty and a contractor or subcontractor to a railroad carrier and its officers and agents may not require or allow its signal employees to remain or go on duty—

- (1) for a period in excess of 12 consecutive hours; or
- (2) unless that employee has had at least 10 consecutive hours off duty during the prior 24 hours.

(b) DETERMINING TIME ON DUTY.—In determining under subsection (a) of this section the time a signal employee is on duty or off duty, the following rules apply:

(1) Time on duty begins when the employee reports for duty and ends when the employee is finally released from duty.

(2) Time spent performing any other service for the railroad carrier during a 24-hour period in which the employee is engaged in installing, repairing, or maintaining signal systems is time on duty.

(3) Time spent returning from a trouble call, whether the employee goes directly to the employee's residence or by way of the employee's headquarters, is neither time on duty nor time off duty.

(4) If, at the end of scheduled duty hours, an employee has not completed the trip from the final outlying worksite of the duty period to the employee's headquarters or directly to the employee's residence, the time after the scheduled duty hours necessarily spent in completing the trip to the residence or headquarters is neither time on duty nor time off duty.

(5) If an employee is released from duty at an outlying worksite before the end of the employee's scheduled duty hours to comply with this section, the time necessary for the trip from the worksite to the employee's headquarters or directly to the employee's residence is neither time on duty nor time off duty.

(6) Time spent in transportation on an ontrack vehicle, including time referred to in paragraphs (3)–(5) of this subsection, is time on duty.

(7) A regularly scheduled meal period or another release period of at least 30 minutes but not more than one hour is time off duty and does not break the continuity of service of the employee under this section, but a release period of more than one hour is time off duty and does break the continuity of service.

(c) EMERGENCIES.—A signal employee may be allowed to remain or go on duty for not more than 4 additional hours in any period of 24 consecutive hours when an emergency exists and the work of that employee is related to the emergency. In this subsection, an emergency ends when the signal system is restored to service. A signal employee may not be allowed to remain or go on duty under the emergency authority provided under this subsection to conduct routine repairs, routine maintenance, or routine inspection of signal systems.

(d) COMMUNICATION DURING TIME OFF DUTY.—During a signal employee's minimum off-duty period of 10 consecutive hours, as provided under subsection (a), a railroad carrier or a contractor or subcontractor to a railroad carrier, and its officers and agents, shall not communicate with the signal employee by telephone, by pager, or in any other manner that could reasonably be expected to disrupt the employee's rest. Nothing in this subsection shall prohibit communication necessary to notify an employee of an emergency situation, as defined by the Secretary.

(e) EXCLUSIVITY.—The hours of service, duty hours, and rest periods of signal employees shall be governed exclusively by this chapter. Signal employees operating motor vehicles shall not be subject to any hours of service rules, duty hours or rest period rules promulgated by any Federal authority, including the Federal Motor Carrier Safety Administration, other than the Federal Railroad Administration.

(2) a waiver of compliance with this chapter as it will be effective 9 months after the enactment of the Rail Safety Improvement Act of 2008,

to enable the establishment of one or more pilot projects to demonstrate the possible benefits of implementing alternatives to the strict application of the requirements of this chapter, including requirements concerning maximum on-duty and minimum off-duty periods.

(b) GRANTING OF WAIVERS.—The Secretary may, after notice and opportunity for comment, approve such waivers described in subsection (a) for a period not to exceed two years, if the Secretary determines that such a waiver of compliance is in the public interest and is consistent with railroad safety.

(c) EXTENSIONS.—Any such waiver, based on a new petition, may be extended for additional periods of up to two years, after notice and opportunity for comment. An explanation of any waiver

granted under this section shall be published in the Federal Register.

(d) **REPORT.**—The Secretary of Transportation shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives, no later than December 31, 2012, or, if no projects are completed prior to December 31, 2012, no later than 6 months after the completion of a pilot project, a report that—

(1) explains and analyzes the effectiveness of any pilot project established pursuant to a waiver granted under subsection (a);

(2) describes the status of all other waivers granted under subsection (a) and their related pilot projects, if any; and

(3) recommends any appropriate legislative changes to this chapter.

(e) **DEFINITION.**—For purposes of this section, the term "directly affected covered service employees" means covered service employees to whose hours of service the terms of the waiver petitioned for specifically apply.

AMENDMENTS

2008—Pub. L. 110–432 amended section generally, revising and restating provisions of former subsec. (a) relating to waivers as subsecs. (a) to (c), provisions of former subsec. §21109. Regulatory authority

(a) **IN GENERAL.**—In order to improve safety and reduce employee fatigue, the Secretary may prescribe regulations—

(1) to reduce the maximum hours an employee may be required or allowed to go or remain on duty to a level less than the level established under this chapter;

(2) to increase the minimum hours an employee may be required or allowed to rest to a level greater than the level established under this chapter;

(3) to limit or eliminate the amount of time an employee spends waiting for deadhead transportation or in deadhead transportation from a duty assignment to the place of final release that is considered neither on duty nor off duty under this chapter;

(4) for signal employees—

(A) to limit or eliminate the amount of time that is considered to be neither on duty nor off duty under this chapter that an employee spends returning from an outlying worksite after scheduled duty hours or returning from a trouble call to the employee's headquarters or directly to the employee's residence; and

(B) to increase the amount of time that constitutes a release period, that does not break the continuity of service and is considered time off duty; and

(5) to require other changes to railroad operating and scheduling practices, including unscheduled duty calls, that could affect employee fatigue and railroad safety.

(b) **REGULATIONS GOVERNING THE HOURS OF SERVICE OF TRAIN EMPLOYEES OF COMMUTER AND INTERCITY PASSENGER RAILROAD CARRIERS.**—Within 3 years after

the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary shall prescribe regulations and issue orders to establish hours of service requirements for train employees engaged in commuter rail passenger transportation and intercity rail passenger transportation (as defined in section 24102 of this title) that may differ from the requirements of this chapter. Such regulations and orders may address railroad operating and scheduling practices, including unscheduled duty calls, communications during time off duty, and time spent waiting for deadhead transportation or in deadhead transportation from a duty assignment to the place of final release, that could affect employee fatigue and railroad safety.

(c) **CONSIDERATIONS.**—In issuing regulations under subsection (a) the Secretary shall consider scientific and medical research related to fatigue and fatigue abatement, railroad scheduling and operating practices that improve safety or reduce employee fatigue, a railroad's use of new or novel technology intended to reduce or eliminate human error, the variations in freight and passenger railroad scheduling practices and operating conditions, the variations in duties and operating conditions for employees subject to this chapter, a railroad's required or voluntary use of fatigue management plans covering employees subject to this chapter, and any other relevant factors.

(d) **TIME LIMITS.**—

(1) If the Secretary determines that regulations are necessary under subsection (a), the Secretary shall first request that the Railroad Safety Advisory Committee develop proposed regulations and, if the Committee accepts the task, provide the Committee with a reasonable time period in which to complete the task.

(2) If the Secretary requests that the Railroad Safety Advisory Committee accept the task of developing regulations under subsection (b) and the Committee accepts the task, the Committee shall reach consensus on the rulemaking within 18 months after accepting the task. If the Committee does not reach consensus within 18 months after the Secretary makes the request, the Secretary shall prescribe appropriate regulations within 18 months.

(3) If the Secretary does not request that the Railroad Safety Advisory Committee accept the task of developing regulations under subsection (b), the Secretary shall prescribe regulations within 3 years after the date of enactment of the Rail Safety Improvement Act of 2008.

(e) **PILOT PROJECTS.**—

(1) **IN GENERAL.**—Not later than 2 years after the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary shall conduct at least 2 pilot projects of sufficient size and scope to analyze specific practices which may be used to reduce fatigue for train and engine and other railroad employees as follows:

(A) A pilot project at a railroad or railroad facility to evaluate the efficacy of communicating to employees notice of their assigned shift time 10 hours prior to the beginning of their assigned shift as a method for reducing employee fatigue.

(B) A pilot project at a railroad or railroad facility to evaluate the efficacy of requiring railroads who use employee scheduling practices that subject employees to periods of unscheduled duty calls to assign employees to defined or specific unscheduled call shifts that are followed by shifts not subject to call, as a method for reducing employee fatigue.

(2) **WAIVER.**—The Secretary may temporarily waive the requirements of this section, if necessary, to complete a pilot project under this subsection.

(f) **DUTY CALL DEFINED.**—In this section the term "duty call" means a telephone call that a railroad places to an employee to notify the employee of his or her assigned shift time.

SUBCHAPTER I—CIVIL PENALTIES

§21301. Chapter 201 general violations

(a) **PENALTY.**—(1) A person may not fail to comply with section 20160 or with a regulation prescribed or order issued by the Secretary of Transportation under chapter 201 of this title. Subject to section 21304 of this title, a person violating section 20160 of this title or a regulation prescribed or order issued by the Secretary under chapter 201 is liable to the United States Government for a civil penalty. The Secretary shall impose the penalty applicable under paragraph (2) of this subsection. A separate violation occurs for each day the violation continues.

(2) The Secretary shall include in, or make applicable to, each regulation prescribed and order issued under chapter 201 of this title a civil penalty for a violation. The Secretary shall impose a civil penalty for a violation of section 20160 of this title. The amount of the penalty shall be at least \$500 but not more than \$25,000. However, when a grossly negligent violation or a pattern of repeated

violations has caused an imminent hazard of death or injury to individuals, or has caused death or injury, the amount may be not more than \$100,000.

(3) The Secretary may find that a person has violated this chapter or a regulation prescribed or order, special permit, or approval issued under this chapter only after notice and an opportunity for a hearing. The Secretary shall impose a penalty under this section by giving the person written notice of the amount of the penalty. The Secretary may compromise the amount of a civil penalty by settlement agreement without issuance of an order. In determining the amount of a compromise, the Secretary shall consider—

(A) the nature, circumstances, extent, and gravity of the violation;

(B) with respect to the violator, the degree of culpability, any history of violations, the ability to pay, and any effect on the ability to continue to do business; and

(C) other matters that justice requires.

(4) The Attorney General may bring a civil action in an appropriate district court of the United States to collect a civil penalty imposed or compromise under this section and any accrued interest on the civil penalty. In the civil action, the amount and appropriateness of the civil penalty shall not be subject to review.

(b) SETOFF.—The Government may deduct the amount of a civil penalty imposed or compromised under this section from amounts it owes the person liable for the penalty.

(c) DEPOSIT IN TREASURY.—A civil penalty collected under this section or section 20113(b) of this title shall be deposited in the Treasury as miscellaneous receipts.

In subsection (a), the words "impose" and "imposed" are substituted for "assessed", for consistency in the revised title.

In subsection (a)(1), the first 2 sentences are substituted for 45:438(a) and (c) (1st sentence) for consistency in the revised title and to eliminate unnecessary words. The words "(including but not limited to a railroad; any manager, supervisor, official, or other employee or agent of a railroad; any owner, manufacturer, lessor, or lessee of railroad equipment, track, or facilities; any independent contractor providing goods or services to a railroad; and any employee of such owner, manufacturer, lessor, lessee, or independent contractor)" are omitted as surplus because of the definition of "person" in 1:1 and because the provision being violated indicates to whom it applies. The word "shall" in 45:438(c) (1st sentence) is retained from the source provisions. For a discussion of whether the authority of the Secretary of Transportation to impose a penalty is mandatory or permissive, see *Railway Labor Executives' Ass'n v. Dole*, 760 F.2d 1021, 1024, 1025 (9th Cir. 1985); H.R. Conf. Rept. No. 100–637, 100th Cong., 2d Sess., p. 20; 134 Cong. Rec. H3470, May 23, 1988 (daily ed.); 134 Cong. Rec. See also section 6 of this bill that provides that this bill restates, without substantive change, the provisions of law replaced by this bill, and that this bill may not be construed as making a substantive change in the law restated. Therefore, the word "shall" in this subsection has the same meaning it has under existing law. The words "A separate violation" are substituted for "a separate offense" for consistency.

In subsection (a)(3), the words "may compromise the amount . . . to not less than \$500" are substituted for "may, however, be compromised . . . for any amount, but in no event for an amount less than the minimum provided in subsection (b) of this section" for clarity and to eliminate unnecessary words. In clause (B), the words "prior or subsequent" are omitted as unnecessary.

In subsection (c), the words "deposited in" are substituted for "covered into" for consistency in the revised title and with other titles of the United States Code.

This amends 49:21301(a)(1) to clarify the restatement of 45:438(a) by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 891).

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104–287 effective July 5, 1994, see section 8(1) of Pub. L. 104–287, set out as a note under section 5303 of this title.

§21302. Chapter 201 accident and incident violations and chapter 203–209 violations

(a) PENALTY.—(1) Subject to section 21304 of this title, a person violating a regulation prescribed or order issued under chapter 201 of this title related to accident and incident reporting or investigation, or violating chapters 203–209 of this title or a regulation or requirement prescribed or order issued under chapters 203–209, is liable to the United States Government for a civil penalty. (2) The Secretary of Transportation imposes a civil penalty under this subsection. The amount of the penalty shall be at least \$500 but not more than \$25,000. However, when a grossly negligent violation or a pattern of repeated violations has caused an imminent hazard of death or injury to individuals, or has caused death or injury, the amount may be not more than \$100,000.

(3) The Secretary may compromise the amount of the civil penalty under section 3711 of title 31. In determining the amount of a compromise, the Secretary shall consider—

- (A) the nature, circumstances, extent, and gravity of the violation;
- (B) with respect to the violator, the degree of culpability, any history of violations, the ability to pay, and any effect on the ability to continue to do business; and
- (C) other matters that justice requires.

(4) If the Secretary does not compromise the amount of the civil penalty, the Secretary shall refer the matter to the Attorney General for collection.

(b) CIVIL ACTIONS TO COLLECT.—The Attorney General shall bring a civil action in a district court of the United States to collect a civil penalty that is referred to the Attorney General for collection under subsection (a) of this section. The action may be brought in the judicial district in which the violation occurred or the defendant has its principal executive office. If the action is against an individual, the action also may be brought in the judicial district in which the individual resides.

In subsection (a)(1), the words "(including but not limited to a railroad; any manager, supervisor, official, or other employee or agent of a railroad; any owner, manufacturer, lessor, or lessee of railroad equipment, track, or facilities; any independent contractor providing goods or services to a railroad; and any employee of such owner, manufacturer, lessor, lessee, or independent contractor)" are omitted as surplus because of the definition of "person" in 1:1 and because the provision being violated indicates to whom it applies. The words "violating a regulation prescribed or order issued under chapter 201 of this title related to accident and incident reporting or investigation" are substituted for "violating . . . any rule, regulation, order, or standard issued under . . . the Federal Railroad Safety Act of 1970 [45 U.S.C. 431 et seq.] pertaining to accident reporting or investigations" in 45:43, and the words "violating chapters 203–209 of this title or a regulation or requirement prescribed or order issued under chapters 203–209" are substituted for various language in the source provisions, for clarity, for consistency in this section, and to eliminate unnecessary words. The words "liable to the United States Government for a civil penalty" are substituted for "liable to a penalty" for clarity. The text of 45:438(b) (related to 45:39) is omitted as covered by 45:43.

In subsection (a)(2), the words "The Secretary of Transportation imposes a civil penalty under this subsection" are substituted for "to be assessed by the Secretary of Transportation" in 45:6, "Such penalty shall be assessed by the Secretary of Transportation" in 45:13, the text of 45:10 (words after 7th comma) and 14 (words after semicolon), and "in such amount . . . as the Secretary of Transportation deems reasonable" in 45:34 and 43 and 49 App.:26(h) for clarity and to eliminate unnecessary words. The words "per violation" are omitted as surplus.

In subsections (a)(3) and (b), the words "Attorney General" are substituted for "United States attorney", "such attorneys, subject to the direction of the Attorney General", "proper United States attorney" and "proper United States attorneys" because of 28:509.

In subsection (a)(3), the words "section 3711 of title 31" are substituted for "the Federal Claims Collection Act of 1966" and "sections 3711 and 3716 to 3718 of title 31" because the Federal Claims Collection Act of 1966 has been repealed and reenacted as part of title 31 and penalties are compromised under 31:3711. In clause (B), the words "prior or subsequent" are omitted as unnecessary.

In subsection (a)(4), the words "the Secretary shall refer the matter to the Attorney General for collection" are substituted for "recovered in a suit or suits to be brought by" for clarity. The words "and it shall also be the duty of the Secretary of Transportation to lodge with . . . information of any such violations as may come to his knowledge" and "and it shall be the duty of the director of locomotive inspection to give information . . . of all violations coming to his knowledge" are omitted as obsolete.

In subsection (b), the words "The Attorney General shall bring a civil action in a district court of the United States to collect a civil penalty that is referred to the Attorney General for collection under subsection (a) of this section" are substituted for "and it shall be the duty of such United States attorney to bring such suits upon duly verified information being lodged with him of such violation having occurred" in 45:6, and for "It shall be the duty of such attorneys to bring such suits upon duly verified information being lodged with them showing such violations having occurred" in 49 App.:26, for clarity and consistency in this section and with other provisions of the revised title.

AMENDMENTS

2008—Subsec. (a)(2). Pub. L. 110–432 substituted "\$25,000." for "\$10,000." and "\$100,000." for "\$20,000."

§21303. Chapter 211 violations

(a) **PENALTY.**—(1) Subject to section 21304 of this title, a person violating chapter 211 of this title, including section 21103 (as such section was in effect on the day before the date of enactment of the Rail Safety Improvement Act of 2008), or violating any provision of a waiver applicable to that person that has been granted under section 21108 of this title, is liable to the United States Government for a civil penalty. An act by an individual that causes a railroad carrier to be in violation is a violation. For a violation of section 21106 of this title, a separate violation occurs for each day a facility is not in compliance.

(2) The Secretary of Transportation imposes a civil penalty under this subsection. The amount of the penalty shall be at least \$500 but not more than \$25,000. However, when a grossly negligent violation or a pattern of repeated violations has caused an imminent hazard of death or injury to individuals, or has caused death or injury, the amount may be not more than \$100,000.

(3) The Secretary may compromise the amount of the civil penalty under section 3711 of title 31. In determining the amount of a compromise, the Secretary shall consider—

- (A) the nature, circumstances, extent, and gravity of the violation;
- (B) with respect to the violator, the degree of culpability, any history of violations, the ability to pay, and any effect on the ability to continue to do business; and
- (C) other matters that justice requires.

(4) If the Secretary does not compromise the amount of the civil penalty, the Secretary shall refer the matter to the Attorney General for collection.

(b) **CIVIL ACTIONS TO COLLECT.**—(1) The Attorney General shall bring a civil action in a

district court of the United States to collect a civil penalty that is referred to the Attorney General for collection under subsection (a) of this section after satisfactory information is presented to the Attorney General. The action may be brought in the judicial district in which the violation occurred or the defendant has its principal executive office. If the action is against an individual, the action also may be brought in the judicial district in which the individual resides.

(2) A civil action under this subsection must be brought not later than 2 years after the date of the violation unless administrative notification under section 3711 of title 31 is given within that 2-year period to the person committing the violation. However, even if notification is given, the action must be brought within the period specified in section 2462 of title 28.

(c) IMPUTATION OF KNOWLEDGE.—In any proceeding under this section, a railroad carrier is deemed to know the acts of its officers and agents.

In this section, the words "Attorney General" are substituted for "United States attorney" because of 28:509. The words "civil action" are substituted for "suit or suits", "action", and "prosecutions" for consistency with rule 2 of the Federal Rules of Civil Procedure (28 App. U.S.C.).

In subsection (a)(1), the words "(including but not limited to a railroad; any manager, supervisor, official, or other employee or agent of a railroad; any owner, manufacturer, lessor, or lessee of railroad equipment, track, or facilities; any independent contractor providing goods or services to a railroad; and any employee of such owner, manufacturer, lessor, lessee, or independent contractor)" are omitted as surplus because of the definition of "person" in 1:1 and because the provision being violated indicates to whom it applies. The words "violating chapter 211 of this title" are substituted for "that requires or permits any employee to go, be, or remain on duty in violation of section 62, section 63, or section 63a of this title, or that violates any other provision of this chapter" to eliminate unnecessary words. The words "to the United States Government for a civil penalty" are substituted for "for a penalty" for consistency in the revised title and with other titles of the United States Code.

In subsection (a)(2), the words "The Secretary of Transportation imposes a civil penalty under this subsection" are substituted for "as the Secretary of Transportation deems reasonable" for clarity and consistency.

In subsection (a)(3), the words "section 3711 of title 31" are substituted for "sections 3711 and 3716 to 3718 of title 31" because penalties are compromised under 31:3711. In clause (B), the words "prior or subsequent" are omitted as unnecessary.

In subsection (a)(4), the words "the Secretary shall refer the matter to the Attorney General for collection" are substituted for "recovered in a suit or suits to be brought by" for clarity. The text of 45:64a(b) is omitted as obsolete.

In subsection (b)(1), the words "The Attorney General shall bring a civil action in a district court of the United States to collect a civil penalty that is referred to the Attorney General for collection under subsection (a) of this section after satisfactory information is presented to the Attorney General" are substituted for "It shall be the duty of the United States attorney to bring such an action upon satisfactory information being lodged with him" for clarity and consistency in this section and with other provisions of the revised title.

In subsection (c), the words "any proceeding" are substituted for "all prosecutions" for consistency in the revised title.

AMENDMENTS

2015—Pub. L. 114–94, div. A, title XI, §11301(c)(4), Dec. 4, 2015, 129 Stat. 1648, struck out item 22108 "Authorization of appropriations".

§22101. Financial assistance for State projects

(a) **GENERAL.**—The Secretary of Transportation shall provide financial assistance to a State, as provided under this chapter, for a rail freight assistance project of the State when a rail carrier subject to part A of subtitle IV of this title maintains a rail line in the State. The assistance is for the cost of—

(1) acquiring, in any way the State considers appropriate, an interest in a rail line or rail property to maintain existing, or to provide future, rail freight transportation, but only if the Surface Transportation Board has authorized, or exempted from the requirements of that authorization, the abandonment of, or the discontinuance of rail transportation on, the rail line related to the project;

(2) improving and rehabilitating rail property on a rail line to the extent necessary to allow adequate and efficient rail freight transportation on the line, but only if the rail carrier certifies that the rail line related to the project carried not more than 5,000,000 gross ton-miles of freight a mile in the prior year; and

(3) building rail or rail-related facilities (including new connections between at least 2 existing rail lines, intermodal freight terminals, sidings, bridges, and relocation of existing lines) to improve the quality and efficiency of the rail freight transportation, but only if the rail carrier certifies that the rail line related to the project carried not more than 5,000,000 gross ton-miles of freight a mile in the prior year.

(b) **CALCULATING COST-BENEFIT RATIO.**—The Secretary shall establish a methodology for calculating the ratio of benefits to costs of projects proposed under this chapter. In establishing the methodology, the Secretary shall consider the need for equitable treatment of different regions of the United States and different commodities transported by rail. The establishment of the methodology is committed to the discretion of the Secretary.

(c) **CONDITIONS.**—(1) Assistance for a project shall be provided under this chapter only if—

(A) a rail carrier certifies that the rail line related to the project carried more than 20 carloads a mile during the most recent year during which transportation was provided by the carrier on the

line; and

(B) the ratio of benefits to costs for the project, as calculated using the methodology established under subsection (b) of this section, is more than 1.0.

(2) If the rail carrier that provided the transportation on the rail line is no longer in existence, the applicant for the project shall provide the information required by the certification under paragraph (1)(A) of this subsection in the way the Secretary prescribes.

(3) The Secretary may waive the requirement of paragraph (1)(A) or (2) of this subsection if the Secretary—

(A) decides that the rail line has contractual guarantees of at least 40 carloads a mile for each of the first 2 years of operation of the proposed project; and

(B) finds that there is a reasonable expectation that the contractual guarantees will be fulfilled.

(d) LIMITATIONS ON AMOUNTS.—A State may not receive more than 15 percent of the amounts provided in a fiscal year under this chapter. Not more than 20 percent of the amounts available under this chapter may be provided in a fiscal year for any one project.

§22105. Sharing project costs

(a) GENERAL.—(1) The United States Government's share of the costs of financial assistance for a project under this chapter is 50 percent, except that for assistance provided under section 22101(a)(2) of this title, the Government's share is 70 percent. The State may pay its share of the costs in cash or through the following benefits, to the extent that the benefits otherwise would not be provided:

- (A) forgiveness of taxes imposed on a rail carrier or its property.
- (B) real and tangible personal property (provided by the State or a person for the State) necessary for the safe and efficient operation of rail freight transportation.
- (C) track rights secured by the State for a rail carrier.
- (D) the cash equivalent of State salaries for State employees working on the State project, except overhead and general administrative costs.

(2) A State may pay more than its required percentage share of the costs of a project under this chapter. When a State, or a person acting for a State, pays more than the State share of the costs of its projects during a fiscal year, the excess amount shall be applied to the State share for the costs of the State projects for later fiscal years.

(b) AGREEMENTS TO COMBINE AMOUNTS.—States may agree to combine any part of the amounts made available under this chapter to carry out a project that is eligible for assistance under this chapter when—

- (1) the project will benefit each State making the agreement; and
- (2) the agreement is not a violation of State law.

CHAPTER 223—CAPITAL GRANTS FOR CLASS II AND CLASS III RAILROADS

Sec.

22301. Capital grants for class II and class III railroads.

EDITORIAL NOTES

AMENDMENTS

2007—Pub. L. 110–140, title XI, §1112(a), Dec. 19, 2007, 121 Stat. 1758, substituted "CAPITAL GRANTS FOR CLASS II AND CLASS III RAILROADS" for "LIGHT DENSITY RAIL LINE PILOT PROJECTS" in chapter heading and "Capital grants for class II and class III railroads" for "Light density rail

line pilot projects" in item 22301.

§22301. Capital grants for class II and class III railroads

(a) ESTABLISHMENT OF PROGRAM.—

(1) ESTABLISHMENT.—The Secretary of Transportation shall establish a program for making capital grants to class II and class III railroads. Such grants shall be for projects in the public interest that—

- (A)(i) rehabilitate, preserve, or improve railroad track (including roadbed, bridges, and related track structures) used primarily for freight transportation;
- (ii) facilitate the continued or greater use of railroad transportation for freight shipments; and
- (iii) reduce the use of less fuel efficient modes of transportation in the transportation of such shipments; or
- (B) demonstrate innovative technologies and advanced research and development that increase fuel economy, reduce greenhouse gas emissions, and lower the costs of operation.

(2) PROVISION OF GRANTS.—Grants may be provided under this chapter—

- (A) directly to the class II or class III railroad; or
- (B) with the concurrence of the class II or class III railroad, to a State or local government.

(3) STATE COOPERATION.—Class II and class III railroad applicants for a grant under this chapter are encouraged to utilize the expertise and assistance of State transportation agencies in applying for and administering such grants. State transportation agencies are encouraged to provide such expertise and assistance to such railroads.

(4) REGULATIONS.—Not later than October 1, 2008, the Secretary shall issue final regulations to implement the program under this section.

(b) MAXIMUM FEDERAL SHARE.—The maximum Federal share for carrying out a project under this section shall be 80 percent of the project cost. The non-Federal share may be provided by any non-Federal source in cash, equipment, or supplies. Other in-kind contributions may be approved by the Secretary on a case-by-case basis consistent with this chapter.

(c) USE OF FUNDS.—Grants provided under this section shall be used to implement track capital projects as soon as possible. In no event shall grant funds be contractually obligated for a project later than the end of the third Federal fiscal year following the year in which the grant was awarded. Any funds not so obligated by the end of such fiscal year shall be returned to the Secretary for reallocation.

(d) EMPLOYEE PROTECTION.—The Secretary shall require as a condition of any grant made under this section that the recipient railroad provide a fair arrangement at least as protective of the interests of employees who are affected by the project to be funded with the grant as the terms imposed under section 11326(a), as in effect on the date of the enactment of this chapter.

(e) LABOR STANDARDS.—

(1) PREVAILING WAGES.—The Secretary shall ensure that laborers and mechanics employed by contractors and subcontractors in construction work financed by a grant made under this section will be paid wages not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor under subchapter IV of chapter 31 of title 40 (commonly known as the "Davis-Bacon Act"). The Secretary shall make a grant under this section only after being assured that required labor standards will be maintained on the construction work.

(2) WAGE RATES.—Wage rates in a collective bargaining agreement negotiated under the Railway Labor Act (45 U.S.C. 151 et seq.) are deemed for purposes of this subsection to comply with the ¹ subchapter IV of chapter 31 of title 40.

(f) STUDY.—The Secretary shall conduct a study of the projects carried out with grant assistance under this section to determine the extent to which the program helps promote a reduction in fuel use

associated with the transportation of freight and demonstrates innovative technologies that increase fuel economy, reduce greenhouse gas emissions, and lower the costs of operation. Not later than March 31, 2009, the Secretary shall submit a report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the study, including any recommendations the Secretary considers appropriate regarding the program.

(g) **AUTHORIZATION OF APPROPRIATIONS.**—There is authorized to be appropriated to the Secretary \$50,000,000 for each of fiscal years 2008 through 2011 for carrying out this section.

(Added Pub. L. 110–140, title XI, §1112(a), Dec. 19, 2007, 121 Stat. 1758; amended Pub. L. 110–432, div. A, title VII, §701(b), Oct. 16, 2008, 122 Stat. 4906.)

In this chapter:

(1) **COST.**—

(A) The term "cost" means the estimated long-term cost to the Government of a direct loan or loan guarantee or modification thereof, calculated on a net present value basis, excluding

administrative costs and any incidental effects on governmental receipts or outlays.

(B) The cost of a direct loan shall be the net present value, at the time when the direct loan is disbursed, of the following estimated cash flows:

(i) Loan disbursements.

(ii) Repayments of principal.

(iii) Payments of interest and other payments by or to the Government over the life of the loan after adjusting for estimated defaults, prepayments, fees, penalties, and other recoveries.

Calculation of the cost of a direct loan shall include the effects of changes in loan terms resulting from the exercise by the borrower of an option included in the loan contract.

(C) The cost of a loan guarantee shall be the net present value, at the time when the guaranteed loan is disbursed, of the following estimated cash flows:

(i) Payments by the Government to cover defaults and delinquencies, interest subsidies, or other payments.

(ii) Payments to the Government, including origination and other fees, penalties, and recoveries.

Calculation of the cost of a loan guarantee shall include the effects of changes in loan terms resulting from the exercise by the guaranteed lender of an option included in the loan guarantee contract, or by the borrower of an option included in the guaranteed loan contract.

(D) The cost of a modification is the difference between the current estimate of the net present value of the remaining cash flows under the terms of a direct loan or loan guarantee contract, and the current estimate of the net present value of the remaining cash flows under the terms of the contract, as modified.

(E) In estimating net present values, the discount rate shall be the average interest rate on marketable Treasury securities of similar maturity to the cash flows of the direct loan or loan guarantee for which the estimate is being made.

(F) When funds are obligated for a direct loan or loan guarantee, the estimated cost shall be based on the current assumptions, adjusted to incorporate the terms of the loan contract, for the fiscal year in which the funds are obligated.

(2) **CURRENT.**—The term "current" has the same meaning as in section 250(c)(9) of the Balanced Budget and Emergency Deficit Control Act of 1985.

(3) **DIRECT LOAN.**—The term "direct loan" means a disbursement of funds by the Government to a non-Federal borrower under a contract that requires the repayment of such funds. The term includes the purchase of, or participation in, a loan made by another lender and financing arrangements that defer payment for more than 90 days, including the sale of a Government asset on credit terms. The term does not include the acquisition of a federally guaranteed loan in satisfaction of default claims.

(4) **DIRECT LOAN OBLIGATION.**—The term "direct loan obligation" means a binding agreement by the Secretary to make a direct loan when specified conditions are fulfilled by the borrower.

(5) **INTERMODAL.**—The term "intermodal" means of or relating to the connection between rail service and other modes of transportation, including all parts of facilities at which such connection is made.

(6) **INVESTMENT-GRADE RATING.**—The term "investment-grade rating" means a rating of BBB minus, Baa 3, bbb minus, BBB(low), or higher assigned by a rating agency.

(7) **LOAN GUARANTEE.**—The term "loan guarantee" means any guarantee, insurance, or other pledge with respect to the payment of all or a part of the principal or interest on any debt obligation of a non-Federal borrower to a non-Federal lender, but does not include the insurance of deposits, shares, or other withdrawable accounts in financial institutions.

(8) **LOAN GUARANTEE COMMITMENT.**—The term "loan guarantee commitment" means a binding agreement by the Secretary to make a loan guarantee when specified conditions are fulfilled by the borrower, the lender, or any other party to the guarantee agreement.

(9) **MASTER CREDIT AGREEMENT.**—The term "master credit agreement" means an agreement to make 1 or more direct loans or loan guarantees at future dates for a program of related projects on terms acceptable to the Secretary.

(10) **MODIFICATION.**—The term "modification" means any Government action that alters the estimated cost of an outstanding direct loan (or direct loan obligation) or an outstanding loan guarantee (or loan guarantee commitment) from the current estimate of cash flows. This includes the sale of loan assets, with or without recourse, and the purchase of guaranteed loans. This also includes any action resulting from new legislation, or from the exercise of administrative discretion under existing law, that directly or indirectly alters the estimated cost of outstanding direct loans (or direct loan obligations) or loan guarantees (or loan guarantee commitments) such as a change in collection procedures.

(11) **PROJECT OBLIGATION.**—The term "project obligation" means a note, bond, debenture, or other debt obligation issued by a borrower in connection with the financing of a project, other than a direct loan or loan guarantee under this chapter.

- (7) private entities with controlling ownership in 1 or more freight railroads other than Class I carriers.

(b) ELIGIBLE PURPOSES.—

(1) IN GENERAL.—Direct loans and loan guarantees authorized under this section shall be used—

- (A) to acquire, improve, or rehabilitate intermodal or rail equipment or facilities, including track, components of track, cuts and fills, stations, tunnels, bridges, yards, buildings, and shops,

and to finance costs related to those activities, including pre-construction costs;

(F) to finance economic development, including commercial and residential development, and related infrastructure and activities, that—

(i) incorporates private investment of greater than 20 percent of total project costs;

(ii) is physically connected to, or is within ½ mile of, a fixed guideway transit station, an intercity bus station, a passenger rail station, or a multimodal station, provided that the location includes service by a railroad;

(iii) demonstrates the ability of the applicant to commence the contracting process for construction not later than 90 days after the date on which the direct loan or loan guarantee is obligated for the project under this chapter; and

(iv) demonstrates the ability to generate new revenue for the relevant passenger rail station or service by increasing ridership, increasing tenant lease payments, or carrying out other activities that generate revenue exceeding costs.

(2) OPERATING EXPENSES NOT ELIGIBLE.—Direct loans and loan guarantees under this section shall not be used for railroad operating expenses.

(c) PRIORITY PROJECTS.—In granting applications for direct loans or guaranteed loans under this section, the Secretary shall give priority to projects that—

(d) EXTENT OF AUTHORITY.—The aggregate unpaid principal amounts of obligations under direct loans and loan guarantees made under this section shall not exceed \$35,000,000,000 at any one time. Of this amount, not less than \$7,000,000,000 shall be available solely for projects primarily benefiting freight railroads other than Class I carriers. (1) DIRECT LOANS.—The interest rate on a direct loan under this section shall be not less than the yield on United States Treasury securities of a similar maturity to the maturity of the secured loan on the date of execution of the loan agreement.

(2) LOAN GUARANTEES.—The Secretary shall not make a loan guarantee under this section if the interest rate for the loan exceeds that which the Secretary determines to be reasonable, taking into consideration the prevailing interest rates and customary fees incurred under similar obligations in the private capital market.

(f) INFRASTRUCTURE PARTNERS.—

(1) AUTHORITY OF SECRETARY.—In lieu of or in combination with appropriations of budget authority to cover the costs of direct loans and loan guarantees as required under section 504(b)(1) of the Federal Credit Reform Act of 1990, including the cost of a modification thereof, the Secretary may accept on behalf of an applicant for assistance under this section a commitment from a non-Federal source, including a State or local government or agency or public benefit corporation or public authority thereof, to fund in whole or in part credit risk premiums and modification costs with respect to the loan that is the subject of the application or modification. In no event shall the aggregate of appropriations of budget authority and credit risk premiums described in this paragraph with respect to a direct loan or loan guarantee be less than the cost of that direct loan or loan guarantee.

(2) CREDIT RISK PREMIUM AMOUNT.—The Secretary shall determine the amount required for credit risk premiums under this subsection on the basis of—

- (A) the circumstances of the applicant, including the amount of collateral offered, if any;
- (B) the proposed schedule of loan disbursements;
- (C) historical data on the repayment history of similar borrowers;
- (D) consultation with the Congressional Budget Office; and
- (E) any other factors the Secretary considers relevant.

(3) CREDITWORTHINESS.—Upon receipt of a proposal from an applicant under this section, the Secretary shall accept as a basis for determining the amount of the credit risk premium under paragraph (2) any of the following in addition to the value of any collateral described in paragraph (6):

- (A) The net present value of a future stream of State or local subsidy income or other dedicated revenues to secure the direct loan or loan guarantee.
- (B) Adequate coverage requirements to ensure repayment, on a non-recourse basis, from cash flows generated by the project or any other dedicated revenue source, including—
 - (i) tolls;
 - (ii) user fees, including operating or tenant charges, facility rents, or other fees paid by transportation service providers or operators for access to, or the use of, infrastructure, including rail lines, bridges, tunnels, yards, or stations; or
 - (iii) payments owing to the obligor under a public-private partnership.
- (C) An investment-grade rating on the direct loan or loan guarantee, as applicable, except that if the total amount of the direct loan or loan guarantee is greater than \$150,000,000, the applicant shall have an investment-grade rating from at least 2 rating agencies on the direct loan or loan guarantee.
- (D) Revenue from projected freight or passenger demand for the project based on regionally developed economic forecasts, including projections of any modal diversion resulting from the project.

(4) PAYMENT OF PREMIUMS.—Credit risk premiums under this subsection shall be paid to the Secretary before the disbursement of loan amounts (and in the case of a modification, before the modification is executed), to the extent appropriations are not available to the Secretary to meet the costs of direct loans and loan guarantees, including costs of modifications thereof.

(5) COHORTS OF LOANS.—Subject to the availability of funds appropriated by Congress under section 22406(a)(2), for any direct loan issued before the date of enactment of the Fixing America's Surface Transportation Act (Public Law 114–94) pursuant to sections 501 through 504 of the Railroad Revitalization and Regulatory Reform Act of 1976 (Public Law 94–210), the Secretary shall repay the credit risk premiums of such loan, with interest accrued thereon, not later than—

- (A) 60 days after the date of enactment of the Surface Transportation Investment Act of 2021 if the borrower has satisfied all obligations attached to such loan; or

(B) if the borrower has not yet satisfied all obligations attached to such loan, 60 days after the date on which all obligations attached to such loan have been satisfied.

(6) COLLATERAL.—

(A) TYPES OF COLLATERAL.—An applicant or infrastructure partner may propose tangible and intangible assets as collateral, exclusive of goodwill. The Secretary, after evaluating each such asset—

(i) shall accept a net liquidation value of collateral; and

(ii) shall consider and may accept—

(I) the market value of collateral; or

(II) in the case of a blanket pledge or assignment of an entire operating asset or basket of assets as collateral, the market value of assets, or, the market value of the going concern, considering—

(aa) inclusion in the pledge of all the assets necessary for independent operational utility of the collateral, including tangible assets such as real property, track and structure, motive power, equipment and rolling stock, stations, systems and maintenance facilities and intangible assets such as long-term shipping agreements, easements, leases and access rights such as for trackage and haulage;

(bb) interchange commitments; and

(cc) the value of the asset as determined through the cost or market approaches, or the market value of the going concern, with the latter considering discounted cash flows for a period not to exceed the term of the direct loan or loan guarantee.

(B) APPRAISAL STANDARDS.—In evaluating appraisals of collateral under subparagraph (A), the Secretary shall consider—

(i) adherence to the substance and principles of the Uniform Standards of Professional Appraisal Practice, as developed by the Appraisal Standards Board of the Appraisal Foundation; and

(ii) the qualifications of the appraisers to value the type of collateral offered.

(7) REPAYMENT OF CREDIT RISK PREMIUMS.—The Secretary shall return credit risk premiums paid, and interest accrued on such premiums, to the original source when all obligations of a loan or loan guarantee have been satisfied. This paragraph applies to any project that has been granted assistance under this section after the date of enactment of the Surface Transportation Investment Act of 2021.

(g) PREREQUISITES FOR ASSISTANCE.—The Secretary shall not make a direct loan or loan guarantee under this section unless the Secretary has made a finding in writing that—

(1) repayment of the obligation is required to be made within a term that is not longer than the shorter of—

(A) 75 years after the date of substantial completion of the project;

(B) the estimated useful life of the rail equipment or facilities to be acquired, rehabilitated, improved, developed, or established, subject to an adequate determination of long-term risk; or

(C) for projects determined to have an estimated useful life that is longer than 35 years, the period that is equal to the sum of—

(i) 35 years; and

(ii) the product of—

(I) the difference between the estimated useful life and 35 years; multiplied by

(II) 75 percent.

Such arrangements shall be determined by the execution of an agreement between the representatives of the railroads and the representatives of their employees, not later than 120 days after February 5, 1976. In the absence of such an executed agreement, the Secretary of Labor shall prescribe the applicable protective arrangements, not later than 150 days after February 5, 1976.

(D) that if an applicant has selected the proposed operator of its service competitively, that the applicant provide written justification to the Secretary showing why the proposed operator is the best, taking into account costs and other factors;

(E) that each proposed project meet all safety and security requirements that are applicable to the project under law; and

(F) that each project be compatible with, and operated in conformance with—

(i) plans developed pursuant to the requirements of section 135 of title 23, United States Code; and

(ii) the national rail plan (if it is available);

(2) select projects—

(A) that are anticipated to result in significant improvements to intercity rail passenger service, including, but not limited to, consideration of—

(i) the project's levels of estimated ridership, increased on-time performance, reduced trip time, additional service frequency to meet anticipated or existing demand, or other significant service enhancements as measured against minimum standards developed under section 207 of the Passenger Rail Investment and Improvement Act of 2008;

(ii) the project's anticipated favorable impact on air or highway traffic congestion, capacity, or safety; and

(iii) identification of the project by the Surface Transportation Board as necessary to improve the on-time performance and reliability of intercity passenger rail under section 24308(f);

(B) for which there is a high degree of confidence that the proposed project is feasible and will result in the anticipated benefits, as indicated by—

(i) the project's precommencement compliance with environmental protection requirements;

(ii) the readiness of the project to be commenced;

(iii) the timing and amount of the project's future noncommitted investments;

(iv) the commitment of any affected host rail carrier to ensure the realization of the anticipated benefits; and

(v) other relevant factors as determined by the Secretary; and

(C) for which the level of the anticipated benefits compares favorably to the amount of Federal funding requested under this chapter; and

(3) give greater consideration to projects—

(A) that are anticipated to result in benefits to other modes of transportation and to the public at large, including, but not limited to, consideration of the project's—

(i) encouragement of intermodal connectivity through provision of direct connections between train stations, airports, bus terminals, subway stations, ferry ports, and other modes of transportation;

(ii) anticipated improvement of freight or commuter rail operations;

(iii) encouragement of the use of positive train control technologies;

(i) donated property interests or services;

(ii) financial contributions by freight and commuter rail carriers commensurate with the benefit expected to their operations; and

(iii) financial commitments from host railroads, non-Federal governmental entities, nongovernmental entities, and others.

(d) STATE RAIL PLANS.—State rail plans completed before the date of enactment of the Passenger Rail Investment and Improvement Act of 2008 that substantially meet the requirements of

chapter 227 of this title, as determined by the Secretary pursuant to section 22506 ¹ of this title, shall be deemed by the Secretary to have met the requirements of subsection (c)(1)(A) of this section.

(e) AMTRAK ELIGIBILITY.—To receive a grant under this section, Amtrak may enter into a cooperative agreement with 1 or more States to carry out 1 or more projects on a State rail plan's ranked list of rail capital projects developed under section 22504(a)(5) ¹ of this title. For such a grant, Amtrak may not use Federal funds authorized under section 101(a) or (c) of the Passenger Rail Investment and Improvement Act of 2008 to fulfill the non-Federal share requirements under subsection (g) of this section.

(f) LETTERS OF INTENT AND EARLY SYSTEMS WORK AGREEMENTS.—

(1) The Secretary may issue a letter of intent to an applicant announcing an intention to obligate, for a major capital project under this section, an amount from future available budget authority specified in law that is not more than the amount stipulated as the financial participation of the Secretary in the project.

(2) At least 30 days before issuing a letter under paragraph (1) of this subsection, the Secretary shall notify in writing the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the House and Senate Committees on Appropriations of the proposed letter or agreement. The Secretary shall include with the notification a copy of the proposed letter or agreement, the criteria used in subsection (c) for selecting the project for a grant award, and a description of how the project meets such criteria.

(3) An obligation or administrative commitment may be made only when amounts are appropriated. The letter of intent shall state that the contingent commitment is not an obligation of the Federal Government, and is subject to the availability of appropriations under Federal law and to Federal laws in force or enacted after the date of the contingent commitment.

(g) FEDERAL SHARE OF NET PROJECT COST.—

(1)(A) Based on engineering studies, studies of economic feasibility, and information on the expected use of equipment or facilities, the Secretary shall estimate the net project cost.

(B) A grant for the project shall not exceed 80 percent of the project net capital cost.

(C) The Secretary shall give priority in allocating future obligations and contingent commitments to incur obligations to grant requests seeking a lower Federal share of the project net capital cost.

(2) Up to an additional 20 percent of the required non-Federal funds may be funded from amounts appropriated to or made available to a department or agency of the Federal Government that are eligible to be expended for transportation.

(3) The following amounts, not to exceed \$15,000,000 per fiscal year, shall be available to each applicant as a credit toward an applicant's matching requirement for a grant awarded under this section—

(A) in each of fiscal years 2009, 2010, and 2011—

(i) 50 percent of the average of amounts expended in fiscal years 2002 through 2008 by an applicant for capital projects related to intercity passenger rail service; and

(ii) 50 percent of the average of amounts expended in fiscal years 2002 through 2008 by an applicant for operating costs of such service; and

(B) in each of fiscal years 2010, 2011 and 2012, 50 percent of the amount by which the amounts expended for capital projects and operating costs related to intercity passenger rail service by an applicant in the prior fiscal year exceed the average capital and operating expenditures made for such service in fiscal years 2006, 2007, and 2008.

The Secretary may require such information as necessary to verify such expenditures. Credits made available to an applicant in a fiscal year under this paragraph may only be applied towards grants awarded in that fiscal year.

(4) The Federal share of expenditures for capital improvements under this chapter may not

exceed 100 percent.

(h) 2-YEAR AVAILABILITY.—Funds appropriated under this section shall remain available until expended. If any amount provided as a grant under this section is not obligated or expended for the purposes described in subsection (a) within 2 years after the date on which the State received the grant, such sums shall be returned to the Secretary for other intercity passenger rail development projects under this section at the discretion of the Secretary.

(i) COOPERATIVE AGREEMENTS.—

(1) IN GENERAL.—A metropolitan planning organization, State transportation department, or other project sponsor may enter into an agreement with any public, private, or nonprofit entity to cooperatively implement any project funded with a grant under this chapter.

(2) FORMS OF PARTICIPATION.—Participation by an entity under paragraph (1) may consist of—

(A) ownership or operation of any land, facility, locomotive, rail car, vehicle, or other physical asset associated with the project;

(B) cost-sharing of any project expense;

(C) carrying out administration, construction management, project management, project operation, or any other management or operational duty associated with the project; and

(D) any other form of participation approved by the Secretary.

(3) SUBALLOCATION.—A State may allocate funds under this section to any entity described in paragraph (1).

(j) LARGE CAPITAL PROJECT REQUIREMENTS.—

(1) IN GENERAL.—For a grant awarded under this chapter for an amount in excess of \$1,000,000,000, the following conditions shall apply:

(A) The Secretary may not obligate any funding unless the applicant demonstrates, to the satisfaction of the Secretary, that the applicant has committed, and will be able to fulfill, the non-Federal share required for the grant within the applicant's proposed project completion timetable.

(B) The Secretary may not obligate any funding for work activities that occur after the completion of final design unless—

(i) the applicant submits a financial plan to the Secretary that generally identifies the sources of the non-Federal funding required for any subsequent segments or phases of the corridor service development program covering the project for which the grant is awarded;

(ii) the grant will result in a useable segment, a transportation facility, or equipment, that has operational independence; and

(iii) the intercity passenger rail benefits anticipated to result from the grant, such as increased speed, improved on-time performance, reduced trip time, increased frequencies, new service, safety improvements, improved accessibility, or other significant enhancements, are detailed by the grantee and approved by the Secretary.

(C)(i) The Secretary shall ensure that the project is maintained to the level of utility that is necessary to support the benefits approved under subparagraph (B)(iii) for a period of 20 years from the date on which the useable segment, transportation facility, or equipment described in subparagraph (B)(ii) is placed in service.

(ii) If the project property is not maintained as required under clause (i) for a 12-month period, the grant recipient shall refund a pro-rata share of the Federal contribution, based upon the percentage remaining of the 20-year period that commenced when the project property was placed in service.

(2) EARLY WORK.—The Secretary may allow a grantee subject to this subsection to engage in at-risk work activities subsequent to the conclusion of final design if the Secretary determines

that such work activities are reasonable and necessary.

(k) **SMALL CAPITAL PROJECTS.**—The Secretary shall make not less than 5 percent annually available from the amounts authorized under section 101(c) of the Passenger Rail Investment and Improvement Act of 2008 beginning in fiscal year 2009 for grants for capital projects eligible under this section not exceeding \$2,000,000, including costs eligible under section 209(d) ¹ of that Act. For grants awarded under this subsection, the Secretary may waive requirements of this section, including State rail plan requirements, as appropriate.

(l) **NONMOTORIZED TRANSPORTATION ACCESS AND STORAGE.**—Grants under this chapter may be used to provide access to rolling stock for nonmotorized transportation, including bicycles, and recreational equipment, and to provide storage capacity in trains for such transportation, equipment, and other luggage, to ensure passenger safety.

AMENDMENTS

2019—Pub. L. 115–420 renumbered section 24404 of this title as this section and substituted "section 22902" for "section 24402".

§22905. Grant conditions

(a) **BUY AMERICA.**—(1) The Secretary of Transportation may obligate an amount that may be appropriated to carry out this chapter for a project only if the steel, iron, and manufactured goods used in the project are produced in the United States.

(2) The Secretary of Transportation may waive paragraph (1) of this subsection if the Secretary finds that—

(A) applying paragraph (1) would be inconsistent with the public interest;

(B) the steel, iron, and goods produced in the United States are not produced in a sufficient and reasonably available amount or are not of a satisfactory quality;

(C) rolling stock or power train equipment cannot be bought and delivered in the United States within a reasonable time; or

(D) including domestic material will increase the cost of the overall project by more than 25 percent.

(3) For purposes of this subsection, in calculating the components' costs, labor costs involved in final assembly shall not be included in the calculation.

(4) If the Secretary determines that it is necessary to waive the application of paragraph (1) based on a finding under paragraph (2), the Secretary shall, before the date on which such finding takes effect—

(A) publish in the Federal Register a detailed written justification as to why the waiver is needed; and

(B) provide notice of such finding and an opportunity for public comment on such finding for a reasonable period of time not to exceed 15 days.

(5) Not later than December 31, 2012, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce,

Science, and Transportation of the Senate a report on any waivers granted under paragraph (2).

(6) The Secretary of Transportation may not make a waiver under paragraph (2) of this subsection for goods produced in a foreign country if the Secretary, in consultation with the United States Trade Representative, decides that the government of that foreign country—

(A) has an agreement with the United States Government under which the Secretary has waived the requirement of this subsection; and

(B) has violated the agreement by discriminating against goods to which this subsection applies that are produced in the United States and to which the agreement applies.

(7) A person is ineligible to receive a contract or subcontract made with amounts authorized under this chapter if a court or department, agency, or instrumentality of the Government decides the person intentionally—

(A) affixed a "Made in America" label, or a label with an inscription having the same meaning, to goods sold in or shipped to the United States that are used in a project to which this subsection applies but not produced in the United States; or

(B) represented that goods described in subparagraph (A) of this paragraph were produced in the United States.

(8) The Secretary may not impose any limitation on assistance provided under this chapter that restricts a State from imposing more stringent requirements than this subsection on the use of articles, materials, and supplies mined, produced, or manufactured in foreign countries in projects carried out with that assistance or restricts a recipient of that assistance from complying with those State-imposed requirements.

(9) The Secretary may allow a manufacturer or supplier of steel, iron, or manufactured goods to correct after bid opening any certification of noncompliance or failure to properly complete the certification (but not including failure to sign the certification) under this subsection if such manufacturer or supplier attests under penalty of perjury that such manufacturer or supplier submitted an incorrect certification as a result of an inadvertent or clerical error. The burden of establishing inadvertent or clerical error is on the manufacturer or supplier.

(10) A party adversely affected by an agency action under this subsection shall have the right to seek review under section 702 of title 5.

(11) The requirements of this subsection shall only apply to projects for which the costs exceed \$100,000.

(b) **OPERATORS DEEMED RAIL CARRIERS AND EMPLOYERS FOR CERTAIN PURPOSES.**—A person that conducts rail operations over rail infrastructure constructed or improved with funding provided in whole or in part in a grant made under this chapter shall be considered a rail carrier as defined in section 10102(5) of this title for purposes of this title and any other statute that adopts that definition or in which that definition applies, including—

(1) the Railroad Retirement Act of 1974 (45 U.S.C. 231 et seq.);

(2) the Railway Labor Act (45 U.S.C. 151 et seq.); and

(3) the Railroad Unemployment Insurance Act (45 U.S.C. 351 et seq.).

(c) **GRANT CONDITIONS.**—The Secretary shall require as a condition of making any grant under this chapter for a project that uses rights-of-way owned by a railroad that—

(1) a written agreement exist between the applicant and the railroad regarding such use and ownership, including—

(A) any compensation for such use;

(B) assurances regarding the adequacy of infrastructure capacity to accommodate both existing and future freight and passenger operations;

(C) an assurance by the railroad that collective bargaining agreements with the railroad's employees (including terms regulating the contracting of work) will remain in full force and effect according to their terms for work performed by the railroad on the railroad transportation corridor; and

(D) an assurance that an applicant complies with liability requirements consistent with section 28103 of this title; and

(2) the applicant agrees to comply with—

(A) the standards of section 24312 of this title, as such section was in effect on September 1, 2003, with respect to the project in the same manner that Amtrak is required to comply with those standards for construction work financed under an agreement made under section 24308(a) of this title; and

(B) the protective arrangements that are equivalent to the protective arrangements established under section 22404 with respect to employees affected by actions taken in connection with the project to be financed in whole or in part by grants under this chapter.

(d) REPLACEMENT OF EXISTING INTERCITY PASSENGER RAIL SERVICE.—

(1) COLLECTIVE BARGAINING AGREEMENT FOR INTERCITY PASSENGER RAIL PROJECTS.—Any entity providing intercity passenger railroad transportation that begins operations after the date of enactment of this Act ¹ on a project funded in whole or in part by grants made under this chapter and replaces intercity rail passenger service that was provided by Amtrak, unless such service was provided solely by Amtrak to another entity or unless Amtrak ceased providing intercity passenger railroad transportation over the affected route more than 3 years before the commencement of new service, as of such date shall enter into an agreement with the authorized bargaining agent or agents for adversely affected employees of the predecessor provider that—

(A) gives each such qualified employee of the predecessor provider priority in hiring according to the employee's seniority on the predecessor provider for each position with the replacing entity that is in the employee's craft or class and is available within 3 years after the termination of the service being replaced;

(B) establishes a procedure for notifying such an employee of such positions;

(C) establishes a procedure for such an employee to apply for such positions; and

(D) establishes rates of pay, rules, and working conditions.

(2) IMMEDIATE REPLACEMENT SERVICE.—

(A) NEGOTIATIONS.—If the replacement of preexisting intercity rail passenger service occurs concurrent with or within a reasonable time before the commencement of the replacing entity's rail passenger service, the replacing entity shall give written notice of its plan to replace existing rail passenger service to the authorized collective bargaining agent or agents for the potentially adversely affected employees of the predecessor provider at least 90 days before the date on which it plans to commence service. Within 5 days after the date of receipt of such written notice, negotiations between the replacing entity and the collective bargaining agent or agents for the employees of the predecessor provider shall commence for the purpose of reaching agreement with respect to all matters set forth in subparagraphs (A) through (D) of paragraph (1). The negotiations shall continue for 30 days or until an agreement is reached, whichever is sooner. If at the end of 30 days the parties have not entered into an agreement with respect to all such matters, the unresolved issues shall be submitted for arbitration in accordance with the procedure set forth in subparagraph (B).

(B) ARBITRATION.—If an agreement has not been entered into with respect to all matters set forth in subparagraphs (A) through (D) of paragraph (1) as described in subparagraph (A) of this paragraph, the parties shall select an arbitrator. If the parties are unable to agree upon the selection of such arbitrator within 5 days, either or both parties shall notify the National Mediation Board, which shall provide a list of seven arbitrators with experience in arbitrating rail labor protection disputes. Within 5 days after such notification, the parties shall alternately strike names from the list until only 1 name remains, and that person shall serve as the neutral arbitrator. Within 45 days after selection of the arbitrator, the arbitrator shall conduct a hearing on the dispute and shall render a decision with respect to the unresolved issues among the

matters set forth in subparagraphs (A) through (D) of paragraph (1). The arbitrator shall be guided by prevailing national standard rates of pay, benefits, and working conditions for comparable work. This decision shall be final, binding, and conclusive upon the parties. The salary and expenses of the arbitrator shall be borne equally by the parties; all other expenses shall be paid by the party incurring them.

(3) **SERVICE COMMENCEMENT.**—A replacing entity under this subsection shall commence service only after an agreement is entered into with respect to the matters set forth in subparagraphs (A) through (D) of paragraph (1) or the decision of the arbitrator has been rendered.

(4) **SUBSEQUENT REPLACEMENT OF SERVICE.**—If the replacement of existing rail passenger service takes place within 3 years after the replacing entity commences intercity passenger rail service, the replacing entity and the collective bargaining agent or agents for the adversely affected employees of the predecessor provider shall enter into an agreement with respect to the matters set forth in subparagraphs (A) through (D) of paragraph (1). If the parties have not entered into an agreement with respect to all such matters within 60 days after the date on which the replacing entity replaces the predecessor provider, the parties shall select an arbitrator using the procedures set forth in paragraph (2)(B), who shall, within 20 days after the commencement of the arbitration, conduct a hearing and decide all unresolved issues. This decision shall be final, binding, and conclusive upon the parties.

(e) **INAPPLICABILITY TO CERTAIN RAIL OPERATIONS.**—Nothing in this section applies to—

(1) commuter rail passenger transportation (as defined in section 24102) operations of a State or local governmental authority (as those terms are defined in section 5302) eligible to receive financial assistance under section 5307 of this title, or to its contractor performing services in connection with commuter rail passenger operations (as so defined);

(2) the Alaska Railroad or its contractors; or

(3) Amtrak's access rights to railroad rights of way and facilities under current law.

(f) **LIMITATION.**—No grants shall be provided under this chapter for commuter rail passenger transportation (as defined in section 24102(3)).

(A) give preference to a proposed project for which the proposed Federal share of total project costs does not exceed 50 percent; and

(B) after factoring in preference to projects under subparagraph (A), select projects that will maximize the net benefits of the funds appropriated for use under this section, considering the cost-benefit analysis of the proposed project, including anticipated private and public benefits relative to the costs of the proposed project and factoring in the other considerations described in paragraph (2).

(2) OTHER CONSIDERATIONS.—The Secretary shall also consider the following:

(A) The degree to which the proposed project's business plan considers potential private sector participation in the financing, construction, or operation of the project.

(B) The recipient's past performance in developing and delivering similar projects, and previous financial contributions.

(C) Whether the recipient has or will have the legal, financial, and technical capacity to carry out the proposed project, satisfactory continuing control over the use of the equipment or facilities, and the capability and willingness to maintain the equipment or facilities.

(g) RURAL AREAS.—

(1) IN GENERAL.—Of the amounts appropriated under this section, at least 25 percent shall be available for projects in rural areas. The Secretary shall consider a project to be in a rural area if all or the majority of the project (determined by the geographic location or locations where the majority of the project funds will be spent) is located in a rural area.

(2) **DEFINITION OF RURAL AREA.**—In this subsection, the term "rural area" means any area not in an urbanized area, as defined by the Bureau of the Census.

(h) FEDERAL SHARE OF TOTAL PROJECT COSTS.—

(1) **TOTAL PROJECT COSTS.**—The Secretary shall estimate the total costs of a project under this section based on the best available information, including any available engineering studies, studies of economic feasibility, environmental analyses, and information on the expected use of equipment or facilities.

(l) SPECIAL TRANSPORTATION CIRCUMSTANCES.—

(1) **IN GENERAL.**—In carrying out this chapter, the Secretary shall allocate an appropriate portion of the amounts available to programs in this chapter to provide grants to States—

(A) in which there is no intercity passenger rail service, for the purpose of funding freight rail capital projects that are on a State rail plan developed under chapter 227, including highway construction over rail facilities as an alternative to construction or improvement of a highway-rail grade crossing, that provide public benefits (as defined in chapter 227), as determined by the Secretary; or

(B) in which the rail transportation system is not physically connected to rail systems in the continental United States or may not otherwise qualify for a grant under this section due to the unique characteristics of the geography of that State or other relevant considerations, for the purpose of funding transportation-related capital projects.

(2) **DEFINITION.**—For the purposes of this subsection, the term "appropriate portion" means a share, for each State subject to paragraph (1), not less than the share of the total railroad route miles in such State of the total railroad route miles in the United States, excluding from all totals the route miles exclusively used for tourist, scenic, and excursion railroad operations.

§24101. Findings, mission, and goals

(a) **FINDINGS.**—(1) Public convenience and necessity require that Amtrak, to the extent its budget allows, provide modern, cost-efficient, and energy-efficient intercity rail passenger transportation throughout the United States.

(2) Rail passenger transportation can help alleviate overcrowding of airways and airports and on highways.

(3) A traveler in the United States should have the greatest possible choice of transportation most convenient to the needs of the traveler.

(4) A greater degree of cooperation is necessary among Amtrak, other rail carriers, State, regional, and local governments, the private sector, labor organizations, and suppliers of services and equipment in order to meet the intercity passenger rail needs of the United States.

(5) Modern and efficient intercity passenger and commuter rail passenger transportation is

important to the viability and well-being of major urban and rural areas and to the energy conservation and self-sufficiency goals of the United States.

(6) As a rail passenger transportation entity, Amtrak should be available to operate commuter rail passenger transportation through its subsidiary, Amtrak Commuter, under contract with commuter authorities that do not provide the transportation themselves as part of the governmental function of the State.

(7) The Northeast Corridor is a valuable resource of the United States used by intercity and commuter rail passenger transportation and freight transportation.

(8) Greater coordination between intercity and commuter rail passenger transportation is required.

(9) Long-distance routes are valuable resources of the United States that are used by rural and urban communities.

(b) **MISSION.**—The mission of Amtrak is to provide efficient and effective intercity passenger rail mobility consisting of high quality service that is trip-time competitive with other intercity travel options and that is consistent with the goals set forth in subsection (c).

(c) **GOALS.**—Amtrak shall—

(1) use its best business judgment in acting to maximize the benefits of Federal investments, including—

- (A) offering competitive fares;
- (B) increasing revenue from the transportation of mail and express;
- (C) offering food service that meets the needs of its customers;
- (D) improving its contracts with rail carriers over whose tracks Amtrak operates;
- (E) controlling or reducing management and operating costs; and
- (F) providing economic benefits to the communities it serves;

(2) minimize Government subsidies by encouraging State, regional, and local governments and the private sector, separately or in combination, to share the cost of providing rail passenger transportation, including the cost of operating facilities;

(3) carry out strategies to achieve immediately maximum productivity and efficiency consistent with safe and efficient transportation;

(4) operate Amtrak trains, to the maximum extent feasible, to all station stops within 15 minutes of the time established in public timetables;

(5) develop transportation on rail corridors subsidized by States and private parties;

(6) implement schedules based on a systemwide average speed of at least 60 miles an hour that can be achieved with a degree of reliability and passenger comfort;

(7) encourage rail carriers to assist in improving intercity rail passenger transportation;

(8) improve generally the performance of Amtrak through comprehensive and systematic operational programs and employee incentives;

(9) provide additional or complementary intercity transportation service to ensure mobility in times of national disaster or other instances where other travel options are not adequately available;

(10) carry out policies that ensure equitable access to the Northeast Corridor by intercity and commuter rail passenger transportation;

(11) coordinate the uses of the Northeast Corridor, particularly intercity and commuter rail passenger transportation;

(12) maximize the use of its resources, including the most cost-effective use of employees, facilities, and real property; and

(13) support and maintain established long-distance routes to provide value to the Nation by serving customers throughout the United States and connecting urban and rural communities.

(d) **INCREASING REVENUES.**—Amtrak is encouraged to make agreements with private sector entities and to undertake initiatives that are consistent with good business judgment and designed to generate additional revenues to advance the goals described in subsection (c).

H, title I, §150, Dec. 8, 2004, 118 Stat. 3221, which provided that for the purpose of assisting State-supported intercity rail service, in order to demonstrate whether competition would provide higher quality rail passenger service at reasonable prices, the Secretary of Transportation, working with affected States, was to develop and implement a procedure for fair competitive bidding by Amtrak and non-Amtrak operators for State-supported routes, was from the Consolidated Appropriations Act, 2005, and was not repeated in subsequent appropriation acts.

Similar provisions were contained in the following prior appropriation act:

Pub. L. 108–199, div. F, title I, §151, Jan. 23, 2004, 118 Stat. 303.

"(2) Amtrak is facing a financial crisis, with growing and substantial debt obligations severely limiting its ability to cover operating costs and jeopardizing its long-term viability;

"(3) immediate action is required to improve Amtrak's financial condition if Amtrak is to survive;

"(4) all of Amtrak's stakeholders, including labor, management, and the Federal Government, must participate in efforts to reduce Amtrak's costs and increase its revenues;

"(5) additional flexibility is needed to allow Amtrak to operate in a businesslike manner in order to manage costs and maximize revenues;

"(6) Amtrak should ensure that new management flexibility produces cost savings without compromising safety;

"(7) Amtrak's management should be held accountable to ensure that all investment by the Federal Government and State governments is used effectively to improve the quality of service and the long-term financial health of Amtrak;

"(8) Amtrak and its employees should proceed quickly with proposals to modify collective bargaining agreements to make more efficient use of manpower and to realize cost savings which are necessary to reduce Federal financial assistance;

"(9) Amtrak and intercity bus service providers should work cooperatively and develop coordinated intermodal relationships promoting seamless transportation services which enhance travel options and increase operating efficiencies;

"(10) Amtrak's Strategic Business Plan calls for the establishment of a dedicated source of capital funding for Amtrak in order to ensure that Amtrak will be able to fulfill the goals of maintaining—

FISCAL ACCOUNTABILITY

Pub. L. 105–134, title II, §§202–205, Dec. 2, 1997, 111 Stat. 2578–2582, as amended by Pub. L. 108–271, §8(b), July 7, 2004, 118 Stat. 814; Pub. L. 110–432, div. B, title II, §218(a)(2), Oct. 16, 2008, 122 Stat. 4930,

provided that:

"SEC. 202. INDEPENDENT ASSESSMENT.

"(a) INITIATION.—Not later than 15 days after the date of enactment of this Act [Dec. 2, 1997], the Secretary of Transportation shall contract with an entity independent of Amtrak and not in any contractual relationship with Amtrak, and independent of the Department of Transportation, to conduct a complete independent assessment of the financial requirements of Amtrak through fiscal year 2002. The entity shall have demonstrated knowledge about railroad industry accounting requirements, including the uniqueness of the industry and of Surface Transportation Board accounting requirements. The Department of Transportation, Office of Inspector General, shall approve the entity's statement of work and the award and shall oversee the contract. In carrying out its responsibilities under the preceding sentence, the Inspector General's Office shall perform such overview and validation or verification of data as may be necessary to assure that the assessment conducted under this subsection meets the requirements of this section.

"(b) ASSESSMENT CRITERIA.—The Secretary and Amtrak shall provide to the independent entity estimates of the financial requirements of Amtrak for the period described in subsection (a), using as a base the fiscal year 1997 appropriation levels established by the Congress. The independent assessment shall be based on an objective analysis of Amtrak's funding needs.

"(c) CERTAIN FACTORS TO BE TAKEN INTO ACCOUNT.—The independent assessment shall take into account all relevant factors, including Amtrak's—

"(1) cost allocation process and procedures;

"(2) expenses related to intercity rail passenger service, commuter service, and any other service Amtrak provides;

"(3) Strategic Business Plan, including Amtrak's projected expenses, capital needs, ridership, and revenue forecasts; and

"(4) assets and liabilities.

For purposes of paragraph (3), in the capital needs part of its Strategic Business Plan Amtrak shall distinguish between that portion of the capital required for the Northeast Corridor and that required outside the Northeast Corridor, and shall include rolling stock requirements, including capital leases, 'state of good repair' requirements, and infrastructure improvements.

"(d) BIDDING PRACTICES.—

"(1) STUDY.—The independent assessment also shall determine whether, and to what extent, Amtrak has performed each year during the period from 1992 through 1996 services under contract at amounts less than the cost to Amtrak of performing such services with respect to any activity other than the provision of intercity rail passenger transportation, or mail or express transportation. For purposes of this clause, the cost to Amtrak of performing services shall be determined using generally accepted accounting principles for contracting. If identified, such contracts shall be detailed in the report of the independent assessment, as well as the methodology for preparation of bids to reflect Amtrak's actual cost of performance.

"(2) REFORM.—If the independent assessment performed under this subparagraph reveals that Amtrak has performed services under contract for an amount less than the cost to Amtrak of performing such services, with respect to any activity other than the provision of intercity rail passenger transportation, or mail or express transportation, then Amtrak shall revise its methodology for preparation of bids to reflect its cost of performance.

"(e) DEADLINE.—The independent assessment shall be completed not later than 180 days after the contract is awarded, and shall be submitted to the Council established under section 203, the Secretary of Transportation, the Committee on Commerce, Science, and Transportation of the United States Senate, and the Committee on Transportation and Infrastructure of the United States House of Representatives.
