Nothing herein contained, however, shall be construed to require a vessel upon arriving at the quarantine anchorage to undergo quarantine inspection during the hours of darkness, unless the quarantine officer at such quarantine station shall deem an immediate inspection necessary to protect the public health; nor shall any provision of this Act be construed to require uniformity in the regulations governing the hours during which quarantine inspection may be obtained at the various ports of the United States.

"SEC. 15. The certificate of health required by section 5 of this Act, shall, upon the arrival of any vessel from foreign ports at the anchorage or place established for quarantine inspection purposes in any port of the United States, be procurable at any time within which quarantine services are performed at such station from the quarantine health officer, following satisfactory inspection.

The quarantine officer in each port of entry shall promptly forward to the collector of customs at such port an itemized statement of the quarantine services rendered to each vessel at the prescribed charges, which charges shall be paid to the collector of customs by said vessel prior to clearance or departure from such port. All such collections shall be accounted for by the collector of customs and shall be covered into the Treasury as miscellaneous receipts.
