(c) Title I of the Defense Production Act of 1950 is hereby amended by adding the following section:

(2) By adding after subsection (a) the following new subsection:

"(b) Whenever the President deems it necessary in the interest of national defense, he may acquire by purchase, donation, or other means of transfer, or may cause proceedings to be instituted in any court having jurisdiction of such proceedings to acquire by condemnation, any real property, including facilities, temporary use thereof, or other interest therein, together with any personal property located thereon or used therewith, that he deems necessary for the national defense, such proceedings to be in accordance with the Act of August 1, 1888 (25 Stat. 357), as amended, or any other applicable Federal statute. Before condemnation proceedings are instituted pursuant to this section, an effort shall be made to acquire the property involved by negotiation unless, because of reasonable doubt as to the identity of the owner or owners, because of the large number of persons with whom it would be necessary to negotiate, or for other reasons, the effort to acquire by negotiation would involve, in the judgment of the President, such delay in acquiring the property as to be contrary to the interest of national defense. In any condemnation proceeding instituted pursuant to this section, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under the

"(b) Subject to the limitations in subsection (a), purchases and commitments to purchase and sales under such subsection may be made without regard to the limitations of existing law, for such quantities, and on such terms and conditions, including advance payments, and for such periods, but not extending beyond June 30, 1962, as the President deems necessary, except that purchases or commitments to purchase involving higher than established ceiling prices (or if there be no established ceiling prices, currently prevailing market prices) or anticipated loss on resale shall not be made unless it is determined that supply of the materials could not be effectively increased at lower prices or on terms more favorable to the Government, or that such purchases are necessary to assure the availability to the United States of overseas supplies.

"(c) If the President finds—

"(1) that under generally fair and equitable ceiling prices for any raw or nonprocessed material, there will result a decrease in supplies from high-cost sources of such material, and that the continuation of such supplies is necessary to carry out the objectives of the Act; or

"(2) that an increase in cost of transportation is temporary in character and threatens to impair maximum production or supply in any area at stable prices of any materials,

“(2) In any case in which the Administration certifies to any officer of the Government having procurement powers that the Administration is competent to perform any specific Government procurement contract to be let by any such officers, such officer shall be authorized to let such procurement contract to the Administration upon such terms and conditions as may be agreed upon between the Administration and the procurement officer.

“(c) (1) Whoever makes any statement knowing it to be false, or whoever willfully overvalues any security, for the purpose of obtaining for himself or for any applicant any loan, or extension thereof by renewal, deferment of action, or otherwise, or the acceptance, release, or substitution of security therefor, or for the purpose of influencing in any way the action of the Administration, or for the purpose of obtaining money, property, or anything of value, under this section, shall be punished by a fine of not more than \$5,000 or by imprisonment for not more than two years, or both.

Penalties.

“(2) Whoever, being connected in any capacity with the Administration (A) embezzles, abstracts, purloins, or willfully misapplies any moneys, funds, securities, or other things of value, whether belonging to it or pledged or otherwise entrusted to it, or (B) with intent to defraud the Administration or any other body politic or corporate, or any individual, or to deceive any officer, auditor, or examiner of the Administration makes any false entry in any book, report, or statement of or to the Administration, or, without being duly authorized, draws any order or issues, puts forth, or assigns any note, debenture, bond, or other obligation, or draft, bill of exchange, mortgage, judgment, or decree thereof, or (C) with intent to defraud participates, shares, receives directly or indirectly any money, profit, property, or benefit through any transaction, loan, commission, contract, or any other act of the Administration, or (D) gives any unauthorized information concerning any future action or plan of the Administration which might affect the value of securities, or, having such knowledge, invests or speculates, directly or indirectly, in the securities or property of any company or corporation receiving loans or other assistance from the Administration shall be punished by a fine of not more than \$10,000 or by imprisonment for not more than five years, or both.

“(d) (1) It shall be the duty of the Administration and it is hereby empowered, to coordinate and to ascertain the means by which the productive capacity of small-business concerns can be most effectively utilized for national defense and essential civilian production.

Utilization of small-business concerns.

“(2) It shall be the duty of the Administration and it is hereby empowered, to consult and cooperate with appropriate governmental agencies in the issuance of all orders limiting or expanding production by, or in the formulation of policy in granting priorities to, business concerns. All such governmental agencies are required, before issuing such orders or announcing such priority policies, to consult with the Administration in order that small-business concerns will be most effectively utilized in the production of articles, equipment, supplies and materials for national defense and essential civilian purposes.

Cooperation with governmental agencies.

Powers.

“(e) The Administration shall have power, and it is hereby directed, whenever it determines such action is necessary—

“(1) to make a complete inventory of all productive facilities of small-business concerns which can be used for defense and essential civilian production or to arrange for such inventory to be made by any other governmental agency which has the facilities. In making any such inventory, the appropriate agencies in the several States shall be requested to furnish an inventory of the productive facilities of small-business concerns in each respective State if such an inventory is available or in prospect;

“(2) to consult and cooperate with officers of the Government having procurement powers, in order to utilize the potential productive capacity of plants operated by small-business concerns;

“(3) to obtain information as to methods and practices which Government prime contractors utilize in letting subcontracts and to take action to encourage the letting of subcontracts by prime contractors to small-business concerns at prices and on conditions and terms which are fair and equitable;

“(4) to take such action, authorized under this section, as is necessary to provide small-business concerns with an adequate incentive, excluding subsidies, to engage in defense and essential civilian production and to facilitate the conversion and equipping of plants of small-business concerns for such production;

“(5) to determine within any industry the concerns, firms, persons, corporations, partnerships, cooperatives, or other business enterprises, which are to be designated ‘small-business concerns’ for the purpose of effectuating the provisions of this section;

“(6) to certify to Government procurement officers with respect to the competency, as to capacity and credit, of any small-business concern or group of such concerns to perform a specific Government procurement contract;

“(7) to obtain from any Federal department, establishment, or agency engaged in defense procurement or in the financing of defense procurement or production such reports concerning the letting of contracts and subcontracts and making of loans to business concerns as it may deem pertinent in carrying out its functions under this Act;

“(8) to obtain from suppliers of materials information pertaining to the method of filling orders and the bases for allocating their supply, whenever it appears that any small business is unable to obtain materials for defense or essential civilian production from its normal sources;

“(9) to make studies and recommendations to the appropriate Federal agencies to insure a fair and equitable share of materials, supplies, and equipment to small-business concerns to effectuate the defense program or for essential civilian purposes;

“(10) to consult and cooperate with all Government agencies for the purpose of insuring that small-business concerns shall receive fair and reasonable treatment from said agencies; and

“(11) to establish such advisory boards and committees wholly representative of small business as may be found necessary to achieve the purposes of this section.

Capacity and credit requirement.

“(f) (1) In any case in which a small-business concern or group of such concerns has been certified by or under the authority of the Administration to be a competent Government contractor with respect to capacity and credit as to a specific Government procurement contract, the officers of the Government having procurement powers are directed to accept such certification as conclusive, and are authorized to let such Government procurement contract to such concern or

group of concerns without requiring it to meet any other requirement with respect to capacity and credit.

“(2) The Congress has as its policy that a fair proportion of the total purchases and contracts for supplies and services for the Government shall be placed with small-business concerns. To effectuate such policy, small-business concerns within the meaning of this section shall receive any award or contract or any part thereof as to which it is determined by the Administration and the contracting procurement agencies (A) to be in the interest of mobilizing the Nation’s full productive capacity, or (B) to be in the interest of the national defense program, to make such award or let such contract to a small-business concern.

“(3) Whenever materials or supplies are allocated by law, a fair and equitable percentage thereof shall be allocated to small plants unable to obtain the necessary materials or supplies from usual sources. Such percentage shall be determined by the head of the lawful allocating authority after giving full consideration to the claims presented by the Administration.

“(4) Whenever the President invokes the powers given him in this Act to allocate, or approve agreements allocating, any material, to an extent which the President finds will result in a significant dislocation of the normal distribution in the civilian market, he shall do so in such a manner as to make available, so far as practicable, for business and various segments thereof in the normal channel of distribution of such material, a fair share of the available civilian supply based, so far as practicable, on the share received by such business under normal conditions during a representative period preceding June 24, 1950: *Provided*, That the limitations and restrictions imposed on the production of specific items should give due consideration to the needs of new concerns.

“(g) The Administration shall make a report every ninety days of operations under this title to the President, the President of the Senate, and the Speaker of the House of Representatives. Such report shall include the names of the business concerns to whom contracts are let, and for whom financing is arranged, by the Administration, together with the amounts involved, and such report shall include such other information, and such comments and recommendations, with respect to the relation of small-business concerns to the defense effort, as the Administration may deem appropriate.

“(h) The Administration is hereby empowered to make studies of the effect of price, credit, and other controls imposed under the defense program and whenever it finds that these controls discriminate against or impose undue hardship upon small business, to make recommendations to the appropriate Federal agency for the adjustment of controls to the needs of small business.

“(i) The Reconstruction Finance Corporation is authorized to make loans and advances upon the recommendation of the Small Defense Plants Administration as provided in (b) (1) (A) of this section not to exceed an aggregate of \$100,000,000 outstanding at any one time, on such terms and conditions and with such maturities as Reconstruction Finance Corporation may determine.

“(j) The President may transfer to the Administration any functions, powers, and duties of any department or agency which relates primarily to small-business problems.

“(k) No loan shall be recommended or equipment, facilities, or services furnished by the Administration under this section to any business enterprise unless the owners, partners or officers of such business enterprise (1) certify to the Administration the names of any attorneys, agents, or other persons engaged by or on behalf of such

SEC. 203. Section 204 of the Housing and Rent Act of 1947, as amended, is amended by adding at the end thereof the following:

"(k) The President shall by regulation or order establish such maximum rent or maximum rents as in his judgment will be fair and equitable for controlled housing accommodations (as defined in section 202 (c) (1) in any State which by law declares that there exists such a shortage in rental housing accommodations as to require Federal rent control in such State, or (2) in any incorporated city, town, village, or in the unincorporated area of any county (other than a city, town, village, or unincorporated area of any county within a State which is controlling rents) upon receipt of a resolution of its governing body adopted for that purpose in accordance with applicable local law and based upon a finding by such governing body, reached as a result of a public hearing held after ten days' notice, that there exists such a shortage in rental housing accommodations as to require Federal rent control in such city, town, village, or unincorporated area in such county. In establishing any maximum rent for any housing accommodations under this subsection the President shall give due consideration to the rents prevailing for such housing accommodations or comparable housing accommodations during the period from May 24, 1950, to June 24, 1950, and he shall make adjustment for such relevant factors as he shall deem to be of general applicability in respect to such accommodations, including increases or decreases in property taxes and other costs within such State, incorporated city, town, or village, or unincorporated area.

"(l) Whenever the Secretary of Defense and the Director of Defense Mobilization, acting jointly, shall determine and certify to the President that any area (whether then or ever controlled or decontrolled under this Act) is a critical defense housing area, the President shall by regulation or order establish such maximum rent or maximum rents for any housing accommodations, not then subject to rent control, in such area or portion thereof as in his judgment will be fair and equitable. Notwithstanding the provisions of section 202 (c) the term 'controlled housing accommodations' as applied to any such critical defense housing area shall include all housing accommodations in the area, without exception. In establishing any maximum rent for any housing accommodations under this subsection, the President shall give due consideration to the rents prevailing for such housing accommodations or comparable housing accommodations during the period from May 24, 1950, to June 24, 1950, and he shall make adjustment for such relevant factors as he shall determine and deem to be of general applicability in respect to such accommodations, including increases or decreases in property taxes and other costs within such area. Maximum rents in any critical defense housing area shall be terminated at such time as the Secretary of Defense and the Director of Defense Mobilization, acting jointly, shall determine and certify to the President that such area is no longer a critical defense housing area, or as provided in subsection (e) or (j) of this section: *Provided, however,* That in any area where maximum rents are removed under the procedures provided in subsection (e) or (j) of this section, maximum rents may be reestablished after the expiration of thirty days on the determination and certification of the Secretary of Defense and the

Director of Defense Mobilization, acting jointly. No area shall be certified as a critical defense housing area under the authority granted in this subsection unless all the following conditions exist in such area:

“(1) a new defense plant or installation has been or is to be provided, or an existing defense plant or installation has been or is to be reactivated or its operation substantially expanded;

“(2) substantial in-migration of defense workers or military personnel is required to carry out activities at such plant or installation; and

“(3) a substantial shortage of housing required for such defense workers or military personnel exists or impends which has resulted or threatens to result in excessive rent increases and which impedes or threatens to impede activities of such defense plant or installation.

Real-estate construction.
Credit controls.
50 U. S. C. app.
§§ 2131-2135.

“(m) Whenever an area has been certified under subsection (1) to be a critical defense housing area, real-estate construction credit controls imposed under title VI of the Defense Production Act of 1950 shall be relaxed to the extent necessary to encourage construction of housing for defense workers and military personnel: *Provided*, That the certification, pursuant to subsection (1), that an area is a critical defense housing area shall not be effective in such area for any of the purposes of this section until such real-estate construction credit controls have been relaxed as provided in this subsection to the extent necessary in the determination of the President. The fact that any area has been certified as a critical defense housing area under subsection (1) shall not make such area ineligible for the location of additional defense plants, facilities, or installations, or as a source of additional military procurement of any sort.

State and local rent control.

“(n) No maximum rents shall be established under subsection (1) for housing accommodations in any State where rent control is in effect or in any locality where local rent control is in effect, unless the rent component of the Consumers' Index of the Bureau of Labor Statistics for such State or locality has increased more than the United States average of the rent component of such index during the last six months for which such index is available immediately preceding the establishment of such maximum rents. The rent component of the Consumers' Index of the Bureau of Labor Statistics for any State shall be the average, weighted by population as determined by the Bureau of Labor Statistics, for all reported cities in the State, except that, where only one city is reported, the rent component for the State shall be the rent component for that city. Upon the establishment of maximum rents pursuant to subsection (1) for housing accommodations in a State in which State rent control is in effect, State rent control shall thereupon terminate. Upon the establishment of maximum rents pursuant to subsection (1) for housing accommodations in a locality in which local rent control is in effect, local rent control shall thereupon terminate. The rent component for any locality subject to local rent control shall be the rent component as established by the Bureau of Labor Statistics for that locality. Where data concerning rents have not been heretofore collected for a city in a State having State rent control or for a particular locality which has local rent control, the President may cause a survey to be made by the Bureau of Labor Statistics for the purpose of establishing a rent component for that State or locality. For the purposes of this subsection, State rent control shall be deemed in effect in any State in which maximum rents are controlled pursuant to State law throughout the State, regardless of whether maximum rents are actually in effect in every locality of the State.

Rent increase.

“(o) In order to compensate for increases which have occurred in costs and prices, the maximum rent in effect on the date of enact-

ment of this subsection for any housing accommodation shall, upon sworn application, be increased to 120 per centum of the following: The maximum rent for the housing accommodation in effect on June 30, 1947 (or if no maximum rent was then in effect for the housing accommodation, the maximum rent then in effect for comparable housing accommodations), plus the amount of any increase allowed or allowable under this Act for major capital improvements or for increases in living space, services, furniture, furnishings, or equipment, and minus any decrease required or requirable under this Act for decreases in living space, services, furniture, furnishings, or equipment, or for substantial deterioration or failure to perform ordinary repair, replacement, or maintenance. Any increase in a maximum rent applied for under this subsection which is based upon the maximum rent in effect on June 30, 1947, for the particular housing accommodation and upon increases and decreases actually allowed under this Act shall be effective upon the filing of the application. Nothing in this subsection shall require the reduction of any maximum rent, nor prevent such additional adjustment for increases in costs and prices as the President may deem appropriate."

SEC. 204. Section 205 of the Housing and Rent Act of 1947, as amended, is amended to read as follows:

"SEC. 205. (a) Any person who demands, accepts, receives, or retains any payment of rent in excess of the maximum rent prescribed under the provisions of this Act, or any regulation, order, or requirement thereunder, shall be liable to the person from whom such payment is demanded, accepted, received, or retained (or shall be liable to the United States as hereinafter provided) for reasonable attorney's fees and costs as determined by the court, plus liquidated damages in the amounts of (1) \$50, or (2) not more than three times the amount by which the payment or payments demanded, accepted, received, or retained exceed the maximum rent which could lawfully be demanded, accepted, received, or retained, as the court in its discretion may determine, whichever in either case may be the greater amount: *Provided*, That the amount of such liquidated damages shall be the amount of the overcharge or overcharges if the defendant proves that the violation was neither willful nor the result of failure to take practicable precautions against the occurrence of the violation.

"(b) Any person who unlawfully evicts a tenant shall be liable to the person so evicted (or shall be liable to the United States as hereinafter provided) for reasonable attorney's fees and costs as determined by the court, plus liquidated damages in the amounts of (1) one month's rent or \$50, whichever is greater, or (2) not more than three times such monthly rent, or \$150, whichever is greater: *Provided*, That the amount of such liquidated damages shall be the amount of one month's rent or \$50, whichever is greater, if the defendant proves that the violation was neither willful nor the result of failure to take practicable precautions against the occurrence of the violation.

"(c) Suit to recover liquidated damages as provided in this section may be brought in any Federal court of competent jurisdiction regardless of the amount involved, or in any State or Territorial court of competent jurisdiction, within one year after the date of violation: *Provided*, That if the person from whom such payment is demanded, accepted, received, or retained, or the person wrongfully evicted, either fails to institute an action under this section within thirty days from the date of the occurrence of the violation or is not entitled for any reason to bring the action, the United States may settle the claim arising out of the violation or within one year after the date of violation may institute such action. For the purpose of determining the amount of liquidated damages to be awarded to the plaintiff in an action brought under subsection (a) of this section, all violations alleged in an action under said subsection (a) which were committed by the defendant with respect to the plaintiff prior to the bringing of such an action shall be deemed to constitute one violation and, in such action under subsection (a) of this section, the amount demanded, accepted, received, or retained in connection with such one violation shall be deemed to be the aggregate amount demanded, accepted, received, or retained in connection with all such violations. A judgment for damages or on the merits in any action under either subsection (a) or (b) of this section shall be a bar to any recovery under the same subsection of this section in any other action against the same defendant on account of any violation with respect to the same person prior to the institution of the action in which such judgment was rendered."
