He may also authorize attendance at courses given in such school or schools of other governmental personnel, and personnel of foreign governments, or personnel of the aeronautics industry: *Provided*, That in the event the attendance of such persons shall increase the cost of operation of such school or schools, the Administrator may require the payment or transfer of sufficient funds or other appropriate consideration to offset the additional costs. In providing any training to employees of the Agency or of other agencies of the Federal Government, the Administrator shall be subject to the provisions of the Government Employees Training Act (72 Stat. 327). #### DELEGATION OF POWERS AND DUTIES TO PRIVATE PERSONS

##### DELEGATION BY ADMINISTRATOR

SEC. 314. ### TITLE IV—AIR CARRIER ECONOMIC REGULATION

#### CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

##### CERTIFICATE REQUIRED

SEC. 401. (a) No air carrier shall engage in any air transportation unless there is in force a certificate issued by the Board authorizing such air carrier to engage in such transportation.

##### APPLICATION FOR CERTIFICATE

(b) Application for a certificate shall be made in writing to the Board and shall be so verified, shall be in such form and contain such information, and shall be accompanied by such proof of service upon such interested persons, as the Board shall by regulation require.

##### NOTICE OF APPLICATION

(c) Upon the filing of any such application, the Board shall give due notice thereof to the public by posting a notice of such application in the office of the secretary of the Board and to such other persons as the Board may by regulation determine. Any interested person may file with the Board a protest or memorandum of opposi-

tion to or in support of the issuance of a certificate. Such application shall be set for public hearing, and the Board shall dispose of such application as speedily as possible.

#### ISSUANCE OF CERTIFICATE

(d) (1) The Board shall issue a certificate authorizing the whole or any part of the transportation covered by the application, if it finds that the applicant is fit, willing, and able to perform such transportation properly, and to conform to the provisions of this Act and the rules, regulations, and requirements of the Board hereunder, and that such transportation is required by the public convenience and necessity; otherwise such application shall be denied.

(2) In the case of an application for a certificate to engage in temporary air transportation, the Board may issue a certificate authorizing the whole or any part thereof for such limited periods as may be required by the public convenience and necessity, if it finds that the applicant is fit, willing, and able properly to perform such transportation and to conform to the provisions of this Act and the rules, regulations, and requirements of the Board hereunder.

#### TERMS AND CONDITIONS OF CERTIFICATE

(e) Each certificate issued under this section shall specify the terminal points and intermediate points, if any, between which the air carrier is authorized to engage in air transportation and the service to be rendered; and there shall be attached to the exercise of the privileges granted by the certificate, or amendment thereto, such reasonable terms, conditions, and limitations as the public interest may require. A certificate issued under this section to engage in foreign air transportation shall, insofar as the operation is to take place without the United States, designate the terminal and intermediate points only insofar as the Board shall deem practicable, and otherwise shall designate only the general route or routes to be followed. Any air carrier holding a certificate for foreign air transportation shall be authorized to handle and transport mail of countries other than the United States. No term, condition, or limitation of a certificate shall restrict the right of an air carrier to add to or change schedules, equipment, accommodations, and facilities for performing the authorized transportation and service as the development of the business and the demands of the public shall require. No air carrier shall be deemed to have violated any term, condition, or limitation of its certificate by landing or taking off during an emergency at a point not named in its certificate or by operating in an emergency under regulations which may be prescribed by the Board, between terminal and intermediate points other than those specified in its certificate. Any air carrier may make charter trips or perform any other special service, without regard to the points named in its certificate, under regulations prescribed by the Board.

#### EFFECTIVE DATE AND DURATION OF CERTIFICATE

(f) Each certificate shall be effective from the date specified therein, and shall continue in effect until suspended or revoked as hereinafter provided, or until the Board shall certify that operation thereunder has ceased, or, if issued for a limited period of time under subsection (d) (2) of this section, shall continue in effect until the expiration thereof, unless, prior to the date of expiration, such certificate shall be suspended or revoked as provided herein, or the Board shall certify that operations thereunder have ceased: *Provided*, That

if any service authorized by a certificate is not inaugurated within such period, not less than ninety days, after the date of the authorization as shall be fixed by the Board, or if, for a period of ninety days or such other period as may be designated by the Board any such service is not operated, the Board may by order, entered after notice and hearing, direct that such certificate shall thereupon cease to be effective to the extent of such service.

#### AUTHORITY TO MODIFY, SUSPEND, OR REVOKE

(g) The Board upon petition or complaint or upon its own initiative, after notice and hearings, may alter, amend, modify, or suspend any such certificate, in whole or in part, if the public convenience and necessity so require, or may revoke any such certificate, in whole or in part, for intentional failure to comply with any provision of this title or any order, rule, or regulation issued hereunder or any term, condition, or limitation of such certificate: *Provided*, That no such certificate shall be revoked unless the holder thereof fails to comply, within a reasonable time to be fixed by the Board, with an order of the Board commanding obedience to the provision, or to the order (other than an order issued in accordance with this proviso), rule, regulation, term, condition, or limitation found by the Board to have been violated. Any interested person may file with the Board a protest or memorandum in support of or in opposition to the alteration, amendment, modification, suspension, or revocation of the certificate.

#### TRANSFER OF CERTIFICATE

(h) No certificate may be transferred unless such transfer is approved by the Board as being consistent with the public interest.

#### CERTAIN RIGHTS NOT CONFERRED BY CERTIFICATE

(i) No certificate shall confer any proprietary, property, or exclusive right in the use of any airspace, Federal airway, landing area, or air-navigation facility.

#### APPLICATION FOR ABANDONMENT

(j) No air carrier shall abandon any route, or part thereof, for which a certificate has been issued by the Board, unless, upon the application of such air carrier, after notice and hearing, the Board shall find such abandonment to be in the public interest. Any interested person may file with the Board a protest or memorandum of opposition to or in support of any such abandonment. The Board may, by regulations or otherwise, authorize such temporary suspension of service as may be in the public interest.

#### COMPLIANCE WITH LABOR LEGISLATION

(k) (1) Every air carrier shall maintain rates of compensation, maximum hours, and other working conditions and relations of all of its pilots and copilots who are engaged in interstate air transportation within the continental United States (not including Alaska) so as to conform with decision numbered 83 made by the National Labor Board on May 10, 1934, notwithstanding any limitation therein as to the period of its effectiveness.

(2) Every air carrier shall maintain rates of compensation for all of its pilots and copilots who are engaged in overseas or foreign air transportation or air transportation wholly within a Territory or

possession of the United States, the minimum of which shall be not less, upon an annual basis, than the compensation required to be paid under said decision 83 for comparable service to pilots and copilots engaged in interstate air transportation within the continental United States (not including Alaska).

(3) Nothing herein contained shall be construed as restricting the right of any such pilots or copilots, or other employees, of any such air carrier to obtain by collective bargaining higher rates of compensation or more favorable working conditions or relations.

(4) It shall be a condition upon the holding of a certificate by any air carrier that such carrier shall comply with title II of the Railway Labor Act, as amended.

(5) The term "pilot" as used in this subsection shall mean an employee who is responsible for the manipulation of or who manipulates the flight controls of an aircraft while under way including take-off and landing of such aircraft, and the term "copilot" as used in this subsection shall mean an employee any part of whose duty is to assist or relieve the pilot in such manipulation, and who is properly qualified to serve as, and holds a currently effective airman certificate authorizing him to serve as, such pilot or copilot.

#### REQUIREMENT AS TO CARRIAGE OF MAIL

(1) Whenever so authorized by its certificate, any air carrier shall provide necessary and adequate facilities and service for the transportation of mail, and shall transport mail whenever required by the Postmaster General. Such air carrier shall be entitled to receive reasonable compensation therefor as hereinafter provided.

#### APPLICATION FOR NEW MAIL SERVICE

(m) Whenever, from time to time, the Postmaster General shall find that the needs of the Postal Service require the transportation of mail by aircraft between any points within the United States or between the United States and foreign countries, in addition to the transportation of mail authorized in certificates then currently effective, the Postmaster General shall certify such finding to the Board and file therewith a statement showing such additional service and the facilities necessary in connection therewith, and a copy of such certification and statement shall be posted for at least twenty days in the office of the secretary of the Board. The Board shall, after notice and hearing, and if found by it to be required by the public convenience and necessity, make provision for such additional service, and the facilities necessary in connection therewith, by issuing a new certificate or certificates or by amending an existing certificate or certificates in accordance with the provisions of this section.

#### PERMITS TO FOREIGN AIR CARRIERS

##### PERMIT REQUIRED

SEC. 402. (a) No foreign air carrier shall engage in foreign air transportation unless there is in force a permit issued by the Board authorizing such carrier so to engage.

## ISSUANCE OF PERMIT

(b) The Board is empowered to issue such a permit if it finds that such carrier is fit, willing, and able properly to perform such air transportation and to conform to the provisions of this Act and the rules, regulations, and requirements of the Board hereunder, and that such transportation will be in the public interest.

## APPLICATION FOR PERMIT

(c) Application for a permit shall be made in writing to the Board, shall be so verified, shall be in such form and contain such information, and shall be accompanied by such proof of service upon such interested persons, as the Board shall by regulation require.

## NOTICE OF APPLICATION

(d) Upon the filing of an application for a permit the Board shall give due notice thereof to the public by posting a notice of such application in the office of the secretary of the Board and to such other persons as the Board may by regulation determine. Any interested person may file with the Board a protest or memorandum of opposition to or in support of the issuance of a permit. Such application shall be set for public hearing and the Board shall dispose of such application as speedily as possible.

## TERMS AND CONDITIONS OF PERMIT

(e) The Board may prescribe the duration of any permit and may attach to such permit such reasonable terms, conditions, or limitations as, in its judgment, the public interest may require.

## AUTHORITY TO MODIFY, SUSPEND, OR REVOKE

(f) Any permit issued under the provisions of this section may, after notice and hearing, be altered, modified, amended, suspended, canceled, or revoked by the Board whenever it finds such action to be in the public interest. Any interested person may file with the Board a protest or memorandum in support of or in opposition to the alteration, modification, amendment, suspension, cancellation, or revocation of a permit.

## TRANSFER OF PERMIT

(g) No permit may be transferred unless such transfer is approved by the Board as being in the public interest.

## TARIFFS OF AIR CARRIERS

## FILING OF TARIFFS REQUIRED

SEC. 403. (a) Every air carrier and every foreign air carrier shall file with the Board, and print, and keep open to public inspection, tariffs showing all rates, fares, and charges for air transportation between points served by it, and between points served by it and points served by any other air carrier or foreign air carrier when through service and through rates shall have been established, and showing to the extent required by regulations of the Board, all classifications, rules, regulations, practices, and services in connection with such air transportation. Tariffs shall be filed, posted, and published in such form and manner, and shall contain such information, as the Board shall by regulation prescribe; and the Board is empowered to reject

any tariff so filed which is not consistent with this section and such regulations. Any tariff so rejected shall be void. The rates, fares, and charges shown in any tariff shall be stated in terms of lawful money of the United States, but such tariffs may also state rates, fares, and charges in terms of currencies other than lawful money of the United States, and may, in the case of foreign air transportation, contain such information as may be required under the laws of any country in or to which an air carrier or foreign air carrier is authorized to operate.

#### OBSERVANCE OF TARIFFS; REBATING PROHIBITED

(b) No air carrier or foreign air carrier shall charge or demand or collect or receive a greater or less or different compensation for air transportation, or for any service in connection therewith, than the rates, fares, and charges specified in its currently effective tariffs; and no air carrier or foreign air carrier shall, in any manner or by any device, directly or indirectly, or through any agent or broker, or otherwise, refund or remit any portion of the rates, fares, or charges so specified, or extend to any person any privileges or facilities, with respect to matters required by the Board to be specified in such tariffs, except those specified therein. Nothing in this Act shall prohibit such air carriers or foreign air carriers, under such terms and conditions as the Board may prescribe, from issuing or interchanging tickets or passes for free or reduced-rate transportation to their directors, officers, and employees and their immediate families; witnesses and attorneys attending any legal investigation in which any such air carrier is interested; persons injured in aircraft accidents and physicians and nurses attending such persons; and any person or property with the object of providing relief in cases of general epidemic, pestilence, or other calamitous visitation; and, in the case of overseas or foreign air transportation, to such other persons and under such other circumstances as the Board may by regulations prescribe. Any air carrier or foreign air carrier, under such terms and conditions as the Board may prescribe, may grant reduced-rate transportation to ministers of religion on a space-available basis.

#### NOTICE OF TARIFF CHANGE

(c) No change shall be made in any rate, fare, or charge, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, specified in any effective tariff of any air carrier or foreign air carrier, except after thirty days' notice of the proposed change filed, posted, and published in accordance with subsection (a) of this section. Such notice shall plainly state the change proposed to be made and the time such change will take effect. The Board may in the public interest, by regulation or otherwise, allow such change upon notice less than that herein specified, or modify the requirements of this section with respect to filing and posting of tariffs, either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

#### FILING OF DIVISIONS OF RATES AND CHARGES REQUIRED

(d) Every air carrier or foreign air carrier shall keep currently on file with the Board, if the Board so requires, the established divisions of all joint rates, fares, and charges for air transportation in which such air carrier or foreign air carrier participates.

## RATES FOR CARRIAGE OF PERSONS AND PROPERTY

## \* CARRIER'S DUTY TO PROVIDE SERVICE, RATES, AND DIVISIONS

SEC. 404. (a) It shall be the duty of every air carrier to provide and furnish interstate and overseas air transportation, as authorized by its certificate, upon reasonable request therefor and to provide reasonable through service in such air transportation in connection with other air carriers; to provide safe and adequate service, equipment, and facilities in connection with such transportation; to establish, observe, and enforce just and reasonable individual and joint rates, fares, and charges, and just and reasonable classifications, rules, regulations, and practices relating to such air transportation; and, in case of such joint rates, fares, and charges, to establish just, reasonable, and equitable divisions thereof as between air carriers participating therein which shall not unduly prefer or prejudice any of such participating air carriers.

## DISCRIMINATION

(b) No air carrier or foreign air carrier shall make, give, or cause any undue or unreasonable preference or advantage to any particular person, port, locality, or description of traffic in air transportation in any respect whatsoever or subject any particular person, port, locality, or description of traffic in air transportation to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever.

## TRANSPORTATION OF MAIL

## POSTAL RULES AND REGULATIONS

SEC. 405. (a) The Postmaster General is authorized to make such rules and regulations, not inconsistent with the provisions of this Act, or any order, rule, or regulation made by the Board thereunder, as may be necessary for the safe and expeditious carriage of mail by aircraft.

## MAIL SCHEDULES

(b) Each air carrier shall, from time to time, file with the Board and the Postmaster General a statement showing the points between which such air carrier is authorized to engage in air transportation, and all schedules, and all changes therein, of aircraft regularly operated by the carrier between such points, setting forth in respect of each such schedule the points served thereby and the time of arrival and departure at each such point. The Postmaster General may designate any such schedule for the transportation of mail between the points between which the air carrier is authorized by its certificate to transport mail, and may, by order, require the air carrier to establish additional schedules for the transportation of mail between such points. No change shall be made in any schedules designated or ordered to be established by the Postmaster General except upon ten days' notice thereof filed as herein provided. The Postmaster General may by order disapprove any such change or alter, amend, or modify any such schedule or change. No order of the Postmaster General under this subsection shall become effective until ten days after its issuance. Any person who would be aggrieved by any such order of the Postmaster General under this subsection may, before the expiration of such ten-day period, apply to the Board, under such regulations as it may prescribe, for a review of such order. The Board may review, and, if the public convenience and necessity so require, amend,

revise, suspend, or cancel such order; and, pending such review and the determination thereof, may postpone the effective date of such order. The Board shall give preference to proceedings under this subsection over all proceedings pending before it. No air carrier shall transport mail in accordance with any schedule other than a schedule designated or ordered to be established under this subsection for the transportation of mail.

#### MAXIMUM MAIL LOAD

(c) The Board may fix the maximum mail load for any schedule or for any aircraft or any type of aircraft; but, in the event that mail in excess of the maximum load is tendered by the Postmaster General for transportation by any air carrier in accordance with any schedule designated or ordered to be established by the Postmaster General under subsection (b) of this section for the transportation of mail, such air carrier shall, to the extent such air carrier is reasonably able as determined by the Board, furnish facilities sufficient to transport, and shall transport, such mail as nearly in accordance with such schedule as the Board shall determine to be possible.

#### TENDER OF MAIL

(d) From and after the issuance of any certificate authorizing the transportation of mail by aircraft, the Postmaster General shall tender mail to the holder thereof, to the extent required by the Postal Service, for transportation between the points named in such certificate for the transportation of mail, and such mail shall be transported by the air carrier holding such certificate in accordance with such rules, regulations, and requirements as may be promulgated by the Postmaster General under this section.

#### FOREIGN POSTAL ARRANGEMENT

(e) (1) Nothing in this Act shall be deemed to abrogate or affect any arrangement made by the United States with the postal administration of any foreign country with respect to transportation of mail by aircraft, or to impair the authority of the Postmaster General to enter into any such arrangement with the postal administration of any foreign country.

(2) The Postmaster General may, in any case where service may be necessary by a person not a citizen of the United States who may not be obligated to transport the mail for a foreign country, make arrangements, without advertising, with such person for transporting mail by aircraft to or within any foreign country.

#### TRANSPORTATION OF FOREIGN MAIL

(f) (1) Any air carrier holding a certificate to engage in foreign air transportation and transporting mails of foreign countries shall transport such mails subject to control and regulation by the United States. The Postmaster General shall from time to time fix the rates of compensation that shall be charged the respective foreign countries for the transportation of their mails by such air carriers, and such rates shall be put into effect by the Postmaster General in accordance with the provisions of the postal convention regulating the postal relations between the United States and the respective foreign countries, or as provided hereinafter in this subsection. In any case where the Postmaster General deems such action to be in the public interest, he may approve rates provided in arrangements

between any such air carrier and any foreign country covering the transportation of mails of such country, under which mails of such country have been carried on scheduled operations prior to January 1, 1938, or in extensions or modifications of such arrangements, and may permit any such air carrier to enter into arrangements with any foreign country for the transportation of its mails at rates fixed by the Postmaster General in advance of the making of any such arrangement. The Postmaster General may authorize any such air carrier, under such limitations as the Postmaster General may prescribe, to change the rates to be charged any foreign country for the transportation of its mails by such air carrier within that country or between that country and another foreign country.

(2) In any case where such air carrier has an arrangement with any foreign country for transporting its mails, made or approved in accordance with the provisions of paragraph (1) of this subsection, it shall collect its compensation from the foreign country under its arrangement, and in case of the absence of any arrangement between the air carrier and the foreign country consistent with this subsection, the collections made from the foreign country by the United States shall be for the account of such air carrier: *Provided*, That no such air carrier shall be entitled to receive compensation both from such foreign country and from the United States in respect of the transportation of the same mail or the same mails of foreign countries.

#### EVIDENCE OF PERFORMANCE OF MAIL SERVICE

(g) Air carriers transporting or handling United States mail shall submit, under signature of a duly authorized official, when and in such form as may be required by the Postmaster General, evidence of the performance of mail service; and air carriers transporting or handling mails of foreign countries shall submit, under signature of a duly authorized official, when and in such form as may be required by the Postmaster General, evidence of the amount of such mails transported or handled, and the compensation payable and received therefor.

#### EMERGENCY MAIL SERVICE

(h) In the event of emergency caused by flood, fire, or other calamitous visitation, the Postmaster General is authorized to contract, without advertising, for the transportation by aircraft of any or all classes of mail to or from localities affected by such calamity, where available facilities of persons authorized to transport mail to or from such localities are inadequate to meet the requirements of the Postal Service during such emergency. Such contracts may be only for such periods as may be necessitated, for the maintenance of mail service, by the inadequacy of such other facilities. No operation pursuant to any such contract, for such period, shall be air transportation within the purview of this Act. Payment of compensation for service performed under such contracts shall be made, at rates provided in such contracts, from appropriations for the transportation of mail by the means normally used for transporting the mail transported under such contracts.

#### EXPERIMENTAL AIRMAIL SERVICE

(i) Nothing contained in this Act shall be construed to repeal in whole or in part the provisions of section 6 of the Act entitled "An Act to provide for experimental airmail service, to further develop safety, efficiency, economy, and for other purposes", approved April 15, 1938, as amended. The transportation of mail under contracts entered into under such section shall not, except for sections 401 (k) and

416 (b), be deemed to be "air transportation" as used in this Act, and the rates of compensation for such transportation of mail shall not be fixed under this Act.

#### FREE TRAVEL FOR POSTAL EMPLOYEES

(j) Every air carrier carrying the mails shall carry on any plane that it operates and without charge therefor, the persons in charge of the mails when on duty, and such duly accredited agents and officers of the Post Office Department, and post office inspectors, while traveling on official business relating to the transportation of mail by aircraft, as the Board may by regulation prescribe, upon the exhibition of their credentials.

#### RATES FOR TRANSPORTATION OF MAIL

##### AUTHORITY TO FIX RATES

SEC. 406. (a) The Board is empowered and directed, upon its own initiative or upon petition of the Postmaster General or an air carrier, (1) to fix and determine from time to time, after notice and hearing, the fair and reasonable rates of compensation for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith (including the transportation of mail by an air carrier by other means than aircraft whenever such transportation is incidental to the transportation of mail by aircraft or is made necessary by conditions of emergency arising from aircraft operation), by each holder of a certificate authorizing the transportation of mail by aircraft, and to make such rates effective from such date as it shall determine to be proper; (2) to prescribe the method or methods, by aircraft-mile, pound-mile, weight, space, or any combination thereof, or otherwise, for ascertaining such rates of compensation for each air carrier or class of air carriers; and (3) to publish the same.

##### RATE-MAKING ELEMENTS

(b) In fixing and determining fair and reasonable rates of compensation under this section, the Board, considering the conditions peculiar to transportation by aircraft and to the particular air carrier or class of air carriers, may fix different rates for different air carriers or classes of air carriers, and different classes of service. In determining the rate in each case, the Board shall take into consideration, among other factors, (1) the condition that such air carriers may hold and operate under certificates authorizing the carriage of mail only by providing necessary and adequate facilities and service for the transportation of mail; (2) such standards respecting the character and quality of service to be rendered by air carriers as may be prescribed by or pursuant to law; and (3) the need of each such air carrier for compensation for the transportation of mail sufficient to insure the performance of such service, and, together with all other revenue of the air carrier, to enable such air carrier under honest, economical, and efficient management, to maintain and continue the development of air transportation to the extent and of the character and quality required for the commerce of the United States, the Postal Service, and the national defense.

## PAYMENT

(c) The Postmaster General shall make payments out of appropriations for the transportation of mail by aircraft of so much of the total compensation as is fixed and determined by the Board under this section without regard to clause (3) of subsection (b) of this section. The Board shall make payments of the remainder of the total compensation payable under this section out of appropriations made to the Board for that purpose.

## TREATMENT OF PROCEEDS OF DISPOSITION OF CERTAIN PROPERTY

(d) In determining the need of an air carrier for compensation for the transportation of mail, and such carrier's "other revenue" for the purpose of this section, the Board shall not take into account—

(1) gains derived from the sale or other disposition of flight equipment if (A) the carrier notifies the Board in writing that it has invested or intends to reinvest the gains (less applicable expenses and taxes) derived from such sale or other disposition in flight equipment, and (B) submits evidence in the manner prescribed by the Board that an amount equal to such gains (less applicable expenses and taxes) has been expended for purchase of flight equipment or has been deposited in a special reequipment fund, or

(2) losses sustained from the sale or other disposition of flight equipment.

Any amounts so deposited in a reequipment fund as above provided shall be used solely for investment in flight equipment either through payments on account of the purchase price or construction of flight equipment or in retirement of debt contracted for the purchase or construction of flight equipment, and unless so reinvested within such reasonable time as the Board may prescribe, the carrier shall not have the benefit of this paragraph. Amounts so deposited in the reequipment fund shall not be included as part of the carrier's used and useful investment for purposes of section 406 until expended as provided above: *Provided*, That the flight equipment in which said gains may be invested shall not include equipment delivered to the carrier prior to April 6, 1956: *Provided further*, That the provisions of this subsection shall be effective as to all capital gains or losses realized on and after April 6, 1956, with respect to the sale or other disposition of flight equipment whether or not the Board shall have entered a final order taking account thereof in determining all other revenue of the air carrier.

## STATEMENT OF POSTMASTER GENERAL AND CARRIER

(e) Any petition for the fixing of fair and reasonable rates of compensation under this section shall include a statement of the rate the petitioner believes to be fair and reasonable. The Postmaster General shall introduce as part of the record in all proceedings under this section a comprehensive statement of all service to be required of the air carrier and such other information in his possession as may be deemed by the Board to be material to the inquiry.

## WEIGHING OF MAIL

(f) The Postmaster General may weigh the mail transported by aircraft and make such computations for statistical and administrative purposes as may be required in the interest of the mail service. The Postmaster General is authorized to employ such clerical and

other assistance as may be required in connection with proceedings under this Act. If the Board shall determine that it is necessary or advisable, in order to carry out the provisions of this Act, to have additional and more frequent weighing of the mails, the Postmaster General, upon request of the Board shall provide therefor in like manner, but such weighing need not be for continuous periods of more than thirty days.

#### AVAILABILITY OF APPROPRIATIONS

(g) Except as otherwise provided in section 405 (h), the unexpended balances of all appropriations for the transportation of mail by aircraft pursuant to contracts entered into under the Air Mail Act of 1934, as amended, and the unexpended balances of all appropriations available for the transportation of mail by aircraft in Alaska, shall be available, in addition to the purposes stated in such appropriations, for the payment of compensation by the Postmaster General, as provided in this Act, for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between points in the continental United States or between points in Hawaii or in Alaska or between points in the continental United States and points in Canada within one hundred and fifty miles of the international boundary line. Except as otherwise provided in section 405 (h), the unexpended balances of all appropriations for the transportation of mail by aircraft pursuant to contracts entered into under the Act of March 8, 1928, as amended, shall be available, in addition to the purposes stated in such appropriations, for payment to be made by the Postmaster General, as provided by this Act, in respect of the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between points in the United States and points outside thereof, or between points in the continental United States and Territories or possessions of the United States, or between Territories or possessions of the United States.

48 Stat. 508.

45 Stat. 248.

#### PAYMENTS TO FOREIGN AIR CARRIERS

(h) In any case where air transportation is performed between the United States and any foreign country, both by aircraft owned or operated by one or more air carriers holding a certificate under this title and by aircraft owned or operated by one or more foreign air carriers, the Postmaster General shall not pay to or for the account of any such foreign air carrier a rate of compensation for transporting mail by aircraft between the United States and such foreign country, which, in his opinion, will result (over such reasonable period as the Postmaster General may determine, taking account of exchange fluctuations and other factors) in such foreign air carrier receiving a higher rate of compensation for transporting such mail than such foreign country pays to air carriers for transporting its mail by aircraft between such foreign country and the United States, or receiving a higher rate of compensation for transporting such mail than a rate determined by the Postmaster General to be comparable to the rate such foreign country pays to air carriers for transporting its mail by aircraft between such foreign country and intermediate country on the route of such air carrier between such foreign country and the United States.

## ACCOUNTS, RECORDS, AND REPORTS

## FILING OF REPORTS

SEC. 407. (a) The Board is empowered to require annual, monthly, periodical, and special reports from any air carrier; to prescribe the manner and form in which such reports shall be made; and to require from any air carrier specific answers to all questions upon which the Board may deem information to be necessary. Such reports shall be under oath whenever the Board so requires. The Board may also require any air carrier to file with it a true copy of each or any contract, agreement, understanding, or arrangement, between such air carrier and any other carrier or person, in relation to any traffic affected by the provisions of this Act.

## DISCLOSURE OF STOCK OWNERSHIP

## DISCLOSURE OF STOCK OWNERSHIP BY OFFICER OR DIRECTOR

(c) Each officer and director of an air carrier shall annually and at such other times as the Board shall require transmit to the Board a report describing the shares of stock or other interests held by him in any air carrier, any person engaged in any phase of aeronautics, or any common carrier, and in any person whose principal business, in purpose or in fact, is the holding of stock in, or control of, air carriers, other persons engaged in any phase of aeronautics, or common carriers.

## FORM OF ACCOUNTS

(d) The Board shall prescribe the forms of any and all accounts, records, and memoranda to be kept by air carriers, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of money, and the length of time such accounts, records, and memoranda shall be preserved; and it shall be unlawful for air carriers to keep any accounts, records, or memoranda other than those prescribed or approved by the Board: *Provided*, That any air carrier may keep additional accounts, records, or memoranda if they do not impair the integrity of the accounts, records, or memoranda prescribed or approved by the Board and do not constitute an undue financial burden on such air carrier.

## INSPECTION OF ACCOUNTS AND PROPERTY

(e) The Board shall at all times have access to all lands, buildings, and equipment of any carrier and to all accounts, records, and memoranda, including all documents, papers, and correspondence, now or hereafter existing, and kept or required to be kept by air carriers; and it may employ special agents or auditors, who shall have authority under the orders of the Board to inspect and examine any and all such lands, buildings, equipment, accounts, records, and memoranda. #### ACTS PROHIBITED

SEC. 408. (a) It shall be unlawful unless approved by order of the Board as provided in this section—

(1) For two or more air carriers, or for any air carrier and any other common carrier or any person engaged in any other phase of aeronautics, to consolidate or merge their properties, or any part thereof, into one person for the ownership, management, or operation of the properties theretofore in separate ownerships;

(2) For any air carrier, any person controlling an air carrier, any other common carrier, or any person engaged in any other phase of aeronautics, to purchase, lease, or contract to operate the properties, or any substantial part thereof, of any air carrier;

(3) For any air carrier or person controlling an air carrier to purchase, lease, or contract to operate the properties, or any substantial part thereof, of any person engaged in any phase of aeronautics otherwise than as an air carrier;

(4) For any foreign air carrier or person controlling a foreign air carrier to acquire control, in any manner whatsoever, of any citizen of the United States engaged in any phase of aeronautics;

(5) For any air carrier or person controlling an air carrier, any other common carrier, or any person engaged in any other phase of aeronautics, to acquire control of any air carrier in any manner whatsoever;

(6) For any air carrier or person controlling an air carrier to acquire control, in any manner whatsoever, of any person engaged in any phase of aeronautics otherwise than as an air carrier; or

(7) For any person to continue to maintain any relationship established in violation of any of the foregoing subdivisions of this subsection.

#### POWER OF BOARD

(b) Any person seeking approval of a consolidation, merger, purchase, lease, operating contract, or acquisition of control, specified in subsection (a) of this section, shall present an application to the Board, and thereupon the Board shall notify the persons involved in the consolidation, merger, purchase, lease, operating contract, or acquisition of control, and other persons known to have a substantial interest in the proceeding, of the time and place of a public hearing. Unless, after such hearing, the Board finds that the consolidation, merger, purchase, lease, operating contract, or acquisition of control will not be consistent with the public interest or that the conditions of this section will not be fulfilled, it shall by order approve such consolidation, merger, purchase, lease, operating contract, or acquisition of control, upon such terms and conditions as it shall find to be just and reasonable and with such modifications as it may prescribe: *Provided*, That the Board shall not approve any consolidation, merger, purchase, lease, operating contract, or acquisition of control which would result in creating a monopoly or monopolies and thereby restrain competition or jeopardize another air carrier not a party to the consolidation, merger, purchase, lease, operating contract, or acquisition of control: *Provided further*, That if the applicant is a carrier other than an air carrier, or a person controlled by a carrier other than an air carrier or affiliated therewith within the meaning of section

54 Stat. 908.  
49 USC 5.

5 (8) of the Interstate Commerce Act, as amended, such applicant shall for the purposes of this section be considered an air carrier and the Board shall not enter such an order of approval unless it finds that the transaction proposed will promote the public interest by enabling such carrier other than an air carrier to use aircraft to public advantage in its operation and will not restrain competition.

#### INTERESTS IN GROUND FACILITIES

(c) The provisions of this section and section 409 shall not apply with respect to the acquisition or holding by any air carrier, or any officer or director thereof, of (1) any interest in any ticket office, landing area, hangar, or other ground facility reasonably incidental to the performance by such air carrier of any of its services, or (2) any stock or other interest or any office or directorship in any person whose principal business is the maintenance or operation of any such ticket office, landing area, hangar, or other ground facility.

#### JURISDICTION OF ACCOUNTS OF NONCARRIERS

(d) Whenever, after the effective date of this section, a person, not an air carrier, is authorized, pursuant to this section, to acquire control of an air carrier, such person thereafter shall, to the extent found by the Board to be reasonably necessary for the administration of this Act, be subject, in the same manner as if such person were an air carrier, to the provisions of this Act relating to accounts, records, and reports, and the inspection of facilities and records, including the penalties applicable in the case of violations thereof.

#### INVESTIGATION OF VIOLATIONS

(e) The Board is empowered, upon complaint or upon its own initiative, to investigate and, after notice and hearing, to determine whether any person is violating any provision of subsection (a) of this section. If the Board finds after such hearing that such person is violating any provision of such subsection, it shall by order require such person to take such action, consistent with the provisions of this Act, as may be necessary, in the opinion of the Board, to prevent further violation of such provision.

#### PROHIBITED INTERESTS

##### INTERLOCKING RELATIONSHIPS

SEC. 409. (a) It shall be unlawful, unless such relationship shall have been approved by order of the Board upon due showing, in the form and manner prescribed by the Board, that the public interest will not be adversely affected thereby—

(2) For any air carrier, knowingly and willfully, to have and retain an officer or director who has a representative or nominee who represents such officer or director as an officer, director, or member, or as a stockholder holding a controlling interest, in any other person who is a common carrier or is engaged in any phase of aeronautics.

(3) For any person who is an officer or director of an air carrier to hold the position of officer, director, or member, or to

be a stockholder holding a controlling interest, or to have a representative or nominee who represents such person as an officer, director, or member, or as a stockholder holding a controlling interest, in any other person who is a common carrier or is engaged in any phase of aeronautics.

(4) For any air carrier to have and retain an officer or director who is an officer, director, or member, or who as a stockholder holds a controlling interest, in any person whose principal business, in purpose or in fact, is the holding of stock in, or control of, any other person engaged in any phase of aeronautics.

No such loan or financial aid shall be made or given without such approval, and the terms and conditions upon which such loan or financial aid is provided shall be prescribed by the Board.

#### METHODS OF COMPETITION

SEC. 411. The Board may, upon its own initiative or upon complaint by any air carrier, foreign air carrier, or ticket agent, if it considers that such action by it would be in the interest of the public, investigate and determine whether any air carrier, foreign air carrier, or ticket agent has been or is engaged in unfair or deceptive practices or unfair methods of competition in air transportation or the sale thereof. If the Board shall find, after notice and hearing, that such air carrier, foreign air carrier, or ticket agent is engaged in such unfair or deceptive practices or unfair methods of competition, it shall order such air carrier, foreign air carrier, or ticket agent to cease and desist from such practices or methods of competition.

## POOLING AND OTHER AGREEMENTS

### FILING OF AGREEMENTS REQUIRED

SEC. 412. (a) Every air carrier shall file with the Board a true copy, or, if oral, a true and complete memorandum, of every contract or agreement (whether enforceable by provisions for liquidated damages, penalties, bonds, or otherwise) affecting air transportation and in force on the effective date of this section or hereafter entered into, or any modification or cancellation thereof, between such air carrier and any other air carrier, foreign air carrier, or other carrier for pooling or apportioning earnings, losses, traffic, service, or equipment, or relating to the establishment of transportation rates, fares, charges, or classifications, or for preserving and improving safety, economy, and efficiency of operation, or for controlling, regulating, preventing, or otherwise eliminating destructive, oppressive, or wasteful competition, or for regulating stops, schedules, and character of service, or for other cooperative working arrangements.

### APPROVAL BY BOARD

(b) The Board shall by order disapprove any such contract or agreement, whether or not previously approved by it, that it finds to be adverse to the public interest, or in violation of this Act, and shall by order approve any such contract or agreement, or any modification or cancellation thereof, that it does not find to be adverse to the public interest, or in violation of this Act; except that the Board may not approve any contract or agreement between an air carrier not directly engaged in the operation of aircraft in air transportation and a common carrier subject to the Interstate Commerce Act, as amended, governing the compensation to be received by such common carrier for transportation services performed by it.

54 Stat. 899.  
49 U.S.C. 1001  
note.

### FORM OF CONTROL

SEC. 413. For the purposes of this title, whenever reference is made to control, it is immaterial whether such control is direct or indirect.

### LEGAL RESTRAINTS

SEC. 414. Any person affected by any order made under sections 408, 409, or 412 of this Act shall be, and is hereby, relieved from the operations of the "antitrust laws", as designated in section 1 of the Act entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914, and of all other restraints or prohibitions made by, or imposed under, authority of law, insofar as may be necessary to enable such person to do anything authorized, approved, or required by such order.

38 Stat. 730.  
15 USC 12, 44.

### INQUIRY INTO AIR CARRIER MANAGEMENT

SEC. 415. For the purpose of exercising and performing its powers and duties under this Act, the Board is empowered to inquire into the management of the business of any air carrier and, to the extent reasonably necessary for any such inquiry, to obtain from such carrier, and from any person controlling or controlled by, or under common control with, such air carrier, full and complete reports and other information.

## CLASSIFICATION AND EXEMPTION OF CARRIERS

## CLASSIFICATION

SEC. 416. (a) The Board may from time to time establish such just and reasonable classifications or groups of air carriers for the purposes of this title as the nature of the services performed by such air carriers shall require; and such just and reasonable rules and regulations, pursuant to and consistent with the provisions of this title, to be observed by each such class or group, as the Board finds necessary in the public interest.

## EXEMPTIONS

(b) (1) The Board, from time to time and to the extent necessary, may (except as provided in paragraph (2) of this subsection) exempt from the requirements of this title or any provision thereof, or any rule, regulation, term, condition, or limitation prescribed thereunder, any air carrier or class of air carriers, if it finds that the enforcement of this title or such provision, or such rule, regulation, term, condition, or limitation is or would be an undue burden on such air carrier or class of air carriers by reason of the limited extent of, or unusual circumstances affecting, the operations of such air carrier or class of air carriers and is not in the public interest.

(2) The Board shall not exempt any air carrier from any provision of subsection (k) of section 401 of this title, except that (A) any air carrier not engaged in scheduled air transportation, and (B), to the extent that the operations of such air carrier are conducted during daylight hours, any air carrier engaged in scheduled air transportation, may be exempted from the provisions of paragraphs (1) and (2) of such subsection if the Board finds, after notice and hearing, that, by reason of the limited extent of, or unusual circumstances affecting, the operations of any such air carrier, the enforcement of such paragraphs is or would be such an undue burden on such air carrier as to obstruct its development and prevent it from beginning or continuing operations, and that the exemption of such air carrier from such paragraphs would not adversely affect the public interest: *Provided*, That nothing in this subsection shall be deemed to authorize the Board to exempt any air carrier from any requirement of this title, or any provision thereof, or any rule, regulation, term, condition, or limitation prescribed thereunder which provides for maximum flying hours for pilots or copilots.

## TITLE V—NATIONALITY AND OWNERSHIP OF AIRCRAFT

## REGISTRATION OF AIRCRAFT NATIONALITY

## REGISTRATION REQUIRED

SEC. 501. (a) It shall be unlawful for any person to operate or navigate any aircraft eligible for registration if such aircraft is not registered by its owner as provided in this section, or (except as provided in section 1108 of this Act) to operate or navigate within the United States any aircraft not eligible for registration: *Provided*, That aircraft of the national-defense forces of the United States may be operated and navigated without being so registered if such aircraft are identified, by the agency having jurisdiction over them, in a manner satisfactory to the Administrator. The Administrator may, by regulation, permit the operation and navigation of aircraft without registration by the owner for such reasonable periods after transfer of ownership thereof as the Administrator may prescribe.

## ELIGIBILITY FOR REGISTRATION

- (b) An aircraft shall be eligible for registration if, but only if—
- (1) It is owned by a citizen of the United States and it is not registered under the laws of any foreign country; or

## ISSUANCE OF CERTIFICATE

(c) Upon request of the owner of any aircraft eligible for registration, such aircraft shall be registered by the Administrator and the Administrator shall issue to the owner thereof a certificate of registration.

## APPLICATIONS

(d) Applications for such certificates shall be in such form, be filed in such manner, and contain such information as the Administrator may require.

## SUSPENSION OR REVOCATION

(e) Any such certificate may be suspended or revoked by the Administrator for any cause which renders the aircraft ineligible for registration.

## EFFECT OF REGISTRATION

(f) Such certificate shall be conclusive evidence of nationality for international purposes, but not in any proceeding under the laws of the United States. Registration shall not be evidence of ownership of aircraft in any proceeding in which such ownership by a particular person is, or may be, in issue.

## REGISTRATION OF ENGINES, PROPELLERS, AND APPLIANCES

SEC. 502. The Administrator may establish reasonable rules and regulations for registration and identification of aircraft engines, propellers, and appliances, in the interest of safety, and no aircraft engine, propeller, or appliance shall be used in violation of any such rule or regulation.

## RECORDATION OF AIRCRAFT OWNERSHIP

## ESTABLISHMENT OF RECORDING SYSTEM

SEC. 503. (a) The Administrator shall establish and maintain a system for the recording of each and all of the following:

- (1) Any conveyance which affects the title to, or any interest in, any civil aircraft of the United States;
- (2) Any lease, and any mortgage, equipment trust, contract of conditional sale, or other instrument executed for security purposes, which lease or other instrument affects the title to, or any interest in, any specifically identified aircraft engine or engines of seven hundred and fifty or more rated take-off horsepower for each such engine or the equivalent of such horsepower, and also any assignment or amendment thereof or supplement thereto;
- (3) Any lease, and any mortgage, equipment trust, contract of conditional sale, or other instrument executed for security purposes, which lease or other instrument affects the title to, or any interest in, any aircraft engines, propellers, or appliances maintained by or on behalf of an air carrier certificated under section 604 (b) of this Act for installation or use in aircraft, aircraft

engines, or propellers, or any spare parts maintained by or on behalf of such an air carrier, which instrument need only describe generally by types the engines, propellers, appliances, and spare parts covered thereby and designate the location or locations thereof; and also any assignment or amendment thereof or supplement thereto.

#### RECORDING OF RELEASES

(b) The Administrator shall also record under the system provided for in subsection (a) of this section any release, cancellation, discharge, or satisfaction relating to any conveyance or other instrument recorded under said system.

#### CONVEYANCES TO BE RECORDED

(c) No conveyance or instrument the recording of which is provided for by section 503 (a) shall be valid in respect of such aircraft, aircraft engine or engines, propellers, appliances, or spare parts against any person other than the person by whom the conveyance or other instrument is made or given, his heir or devisee, or any person having actual notice thereof, until such conveyance or other instrument is filed for recordation in the office of the Administrator: *Provided*, That previous recording of any conveyance or instrument with the Administrator of the Civil Aeronautics Administration under the provisions of the Civil Aeronautics Act of 1938 shall have the same force and effect as though recorded as provided herein; and conveyances, the recording of which is provided for by section 503 (a) (1) made on or before August 21, 1938, and instruments, the recording of which is provided for by sections 503 (a) (2) and 503 (a) (3) made on or before June 19, 1948, shall not be subject to the provisions of this subsection.

52 Stat. 973.  
49 USC 681.

#### EFFECT OF RECORDING

(d) Each conveyance or other instrument recorded by means of or under the system provided for in subsection (a) or (b) of this section shall from the time of its filing for recordation be valid as to all persons without further or other recordation, except that an instrument recorded pursuant to section 503 (a) (3) shall be effective only with respect to those of such items which may from time to time be situated at the designated location or locations and only while so situated: *Provided*, That an instrument recorded under section 503 (a) (2) shall not be affected as to the engine or engines specifically identified therein, by any instrument theretofore or thereafter recorded pursuant to section 503 (a) (3).

#### FORM OF CONVEYANCES

(e) No conveyance or other instrument shall be recorded unless it shall have been acknowledged before a notary public or other officer authorized by the law of the United States, or of a State, Territory, or possession thereof, or the District of Columbia, to take acknowledgment of deeds.

#### INDEX OF CONVEYANCES

(f) The Administrator shall keep a record of the time and date of the filing of conveyances and other instruments with him and of the time and date of recordation thereof. He shall record conveyances

and other instruments filed with him in the order of their reception, in files to be kept for that purpose, and indexed according to—

(1) the identifying description of the aircraft or aircraft engine, or in the case of an instrument referred to in section 503 (a) (3), the location or locations specified therein; and

(2) the names of the parties to the conveyance or other instrument.

#### REGULATIONS

(g) The Administrator is authorized to provide by regulation for the endorsement upon certificates of registration, or aircraft certificates, of information with respect to the ownership of the aircraft for which each certificate is issued, the recording of discharges and satisfactions of recorded instruments, and other transactions affecting title to or interest in aircraft, aircraft engines, propellers, appliances, or parts, and for such other records, proceedings, and details as may be necessary to facilitate the determination of the rights of parties dealing with civil aircraft of the United States, aircraft engines, propellers, appliances, or parts.

#### PREVIOUSLY UNRECORDED OWNERSHIP

(h) The person applying for the issuance or renewal of an airworthiness certificate for an aircraft with respect to which there has been no recordation of ownership as provided in this section shall present with his application such information with respect to the ownership of the aircraft as the Administrator shall deem necessary to show the persons who are holders of property interests in such aircraft and the nature and extent of such interests.

#### LIMITATION OF SECURITY OWNERS LIABILITY

SEC. 504. No person having a security interest in, or security title to, any civil aircraft under a contract of conditional sale, equipment trust, chattel or corporate mortgage, or other instrument of similar nature, and no lessor of any such aircraft under a bona fide lease of thirty days or more, shall be liable by reason of such interest or title, or by reason of his interest as lessor or owner of the aircraft so leased, for any injury to or death of persons, or damage to or loss of property, on the surface of the earth (whether on land or water) caused by such aircraft, or by the ascent, descent, or flight of such aircraft or by the dropping or falling of an object therefrom, unless such aircraft is in the actual possession or control of such person at the time of such injury, death, damage, or loss.

#### DEALERS' AIRCRAFT REGISTRATION CERTIFICATES

SEC. 505. The Administrator may, by such reasonable regulations as he may find to be in the public interest, provide for the issuance, and for the suspension or revocation, of dealers' aircraft registration certificates, and for their use in connection with aircraft eligible for registration under this Act by persons engaged in the business of manufacturing, distributing, or selling aircraft. Aircraft owned by holders of dealers' aircraft registration certificates shall be deemed registered under this Act to the extent that the Administrator may, by regulation, provide. It shall be unlawful for any person to violate any regulation, or any term, condition, or limitation contained in any certificate, issued under this section.

TITLE VI—SAFETY REGULATION OF CIVIL  
AERONAUTICS

## GENERAL SAFETY POWERS AND DUTIES

## MINIMUM STANDARDS; RULES AND REGULATIONS

SEC. 601. (a) The Administrator is empowered and it shall be his duty to promote safety of flight of civil aircraft in air commerce by prescribing and revising from time to time:

(1) Such minimum standards governing the design, materials, workmanship, construction, and performance of aircraft, aircraft engines, and propellers as may be required in the interest of safety;

(2) Such minimum standards governing appliances as may be required in the interest of safety;

(3) Reasonable rules and regulations and minimum standards governing, in the interest of safety, (A) the inspection, servicing, and overhaul of aircraft, aircraft engines, propellers, and appliances; (B) the equipment and facilities for such inspection, servicing, and overhaul; and (C) in the discretion of the Administrator, the periods for, and the manner in, which such inspection, servicing, and overhaul shall be made, including provision for examinations and reports by properly qualified private persons whose examinations or reports the Administrator may accept in lieu of those made by its officers and employees;

(4) Reasonable rules and regulations governing the reserve supply of aircraft, aircraft engines, propellers, appliances, and aircraft fuel and oil, required in the interest of safety, including the reserve supply of aircraft fuel and oil which shall be carried in flight;

(5) Reasonable rules and regulations governing, in the interest of safety, the maximum hours or periods of service of airmen, and other employees, of air carriers; and

(6) Such reasonable rules and regulations, or minimum standards, governing other practices, methods, and procedure, as the Administrator may find necessary to provide adequately for national security and safety in air commerce.

## NEEDS OF SERVICE TO BE CONSIDERED; CLASSIFICATION OF STANDARDS, ETC.

(b) In prescribing standards, rules, and regulations, and in issuing certificates under this title, the Administrator shall give full consideration to the duty resting upon air carriers to perform their services with the highest possible degree of safety in the public interest and to any differences between air transportation and other air commerce; and he shall make classifications of such standards, rules, regulations, and certificates appropriate to the differences between air transportation and other air commerce. The Administrator may authorize any aircraft, aircraft engine, propeller, or appliance, for which an aircraft certificate authorizing use thereof in air transportation has been issued, to be used in other air commerce without the issuance of a further certificate. The Administrator shall exercise and perform his powers and duties under this Act in such manner as will best tend to reduce or eliminate the possibility of, or recurrence of, accidents in air transportation, but shall not deem himself required to give preference to either air transportation or other air commerce in the administration and enforcement of this title.

## EXEMPTIONS

(c) The Administrator from time to time may grant exemptions from the requirements of any rule or regulation prescribed under this title if he finds that such action would be in the public interest.

## AIRMAN CERTIFICATES

## POWER TO ISSUE CERTIFICATE

SEC. 602. (a) The Administrator is empowered to issue airman certificates specifying the capacity in which the holders thereof are authorized to serve as airmen in connection with aircraft.

## ISSUANCE OF CERTIFICATE

(b) Any person may file with the Administrator an application for an airman certificate. If the Administrator finds, after investigation, that such person possesses proper qualifications for, and is physically able to perform the duties pertaining to, the position for which the airman certificate is sought, he shall issue such certificate, containing such terms, conditions, and limitations as to duration thereof, periodic or special examinations, tests of physical fitness, and other matters as the Administrator may determine to be necessary to assure safety in air commerce. Except in the case of persons whose certificates are, at the time of denial, under order of suspension or whose certificates have been revoked within one year of the date of such denial, any person whose application for the issuance or renewal of an airman certificate is denied may file with the Board a petition for review of the Administrator's action. The Board shall thereupon assign such petition for hearing at a place convenient to the applicant's place of residence or employment. In the conduct of such hearing and in determining whether the airman meets the pertinent rules, regulations, or standards, the Board shall not be bound by findings of fact of the Administrator. At the conclusion of such hearing, the Board shall issue its decision as to whether the airman meets the pertinent rules, regulations, and standards and the Administrator shall be bound by such decision: *Provided*, That the Administrator may, in his discretion, prohibit or restrict the issuance of airman certificates to aliens, or may make such issuance dependent on the terms of reciprocal agreements entered into with foreign governments.

## FORM AND RECORDING OF CERTIFICATE

(c) Each certificate shall be numbered and recorded by the Administrator; shall state the name and address of, and contain a description of, the person to whom the certificate is issued; and shall be entitled with the designation of the class covered thereby. Certificates issued to all pilots serving in scheduled air transportation shall be designated "airline transport pilot" of the proper class.

## AIRCRAFT CERTIFICATES

## TYPE CERTIFICATES

SEC. 603. (a) (1) The Administrator is empowered to issue type certificates for aircraft, aircraft engines, and propellers; to specify in regulations the appliances for which the issuance of type certificates is reasonably required in the interest of safety; and to issue such certificates for appliances so specified.

(2) Any interested person may file with the Administrator an application for a type certificate for an aircraft, aircraft engine, propeller, or appliance specified in regulations under paragraph (1) of this subsection. Upon receipt of an application, the Administrator shall make an investigation thereof and may hold hearings thereon. The Administrator shall make, or require the applicant to make, such tests during manufacture and upon completion as the Administrator deems reasonably necessary in the interest of safety, including flight tests and tests of raw materials or any part or appurtenance of such aircraft, aircraft engine, propeller, or appliance. If the Administrator finds that such aircraft, aircraft engine, propeller, or appliance is of proper design, material, specification, construction, and performance for safe operation, and meets the minimum standards, rules, and regulations prescribed by the Administrator, he shall issue a type certificate therefor. The Administrator may prescribe in any such certificate the duration thereof and such other terms, conditions, and limitations as are required in the interest of safety. The Administrator may record upon any certificate issued for aircraft, aircraft engines, or propellers, a numerical determination of all of the essential factors relative to the performance of the aircraft, aircraft engine, or propeller for which the certificate is issued.

#### PRODUCTION CERTIFICATE

(b) Upon application, and if it satisfactorily appears to the Administrator that duplicates of any aircraft, aircraft engine, propeller, or appliance for which a type certificate has been issued will conform to such certificate, the Administrator shall issue a production certificate authorizing the production of duplicates of such aircraft, aircraft engines, propellers, or appliances. The Administrator shall make such inspection and may require such tests of any aircraft, aircraft engine, propeller, or appliance manufactured under a production certificate as may be necessary to assure manufacture of each unit in conformity with the type certificate or any amendment or modification thereof. The Administrator may prescribe in any such production certificate the duration thereof and such other terms, conditions, and limitations as are required in the interest of safety.

#### AIRWORTHINESS CERTIFICATE

(c) The registered owner of any aircraft may file with the Administrator an application for an airworthiness certificate for such aircraft. If the Administrator finds that the aircraft conforms to the type certificate therefor, and, after inspection, that the aircraft is in condition for safe operation, he shall issue an airworthiness certificate. The Administrator may prescribe in such certificate the duration of such certificate, the type of service for which the aircraft may be used, and such other terms, conditions, and limitations as are required in the interest of safety. Each such certificate shall be registered by the Administrator and shall set forth such information as the Administrator may deem advisable. The certificate number, or such other individual designation as may be required by the Administrator, shall be displayed upon each aircraft in accordance with regulations prescribed by the Administrator.

## AIR CARRIER OPERATING CERTIFICATES

## POWER TO ISSUE

SEC. 604. (a) The Administrator is empowered to issue air carrier operating certificates and to establish minimum safety standards for the operation of the air carrier to whom any such certificate is issued.

## ISSUANCE

(b) Any person desiring to operate as an air carrier may file with the Administrator an application for an air carrier operating certificate. If the Administrator finds, after investigation, that such person is properly and adequately equipped and able to conduct a safe operation in accordance with the requirements of this Act and the rules, regulations, and standards prescribed thereunder, he shall issue an air carrier operating certificate to such person. Each air carrier operating certificate shall prescribe such terms, conditions, and limitations as are reasonably necessary to assure safety in air transportation, and shall specify the points to and from which, and the Federal airways over which, such person is authorized to operate as an air carrier under an air carrier operating certificate.

## MAINTENANCE OF EQUIPMENT IN AIR TRANSPORTATION

## DUTY OF CARRIERS AND AIRMEN

SEC. 605. (a) It shall be the duty of each air carrier to make, or cause to be made, such inspection, maintenance, overhaul, and repair of all equipment used in air transportation as may be required by this Act, or the orders, rules, and regulations of the Administrator issued thereunder. And it shall be the duty of every person engaged in operating, inspecting, maintaining, or overhauling equipment to observe and comply with the requirements of this Act relating thereto, and the orders, rules, and regulations issued thereunder.

## INSPECTION

(b) The Administrator shall employ inspectors who shall be charged with the duty (1) of making such inspections of aircraft, aircraft engines, propellers, and appliances designed for use in air transportation, during manufacture, and while used by an air carrier in air transportation, as may be necessary to enable the Administrator to determine that such aircraft, aircraft engines, propellers, and appliances are in safe condition and are properly maintained for operation in air transportation; and (2) of advising and cooperating with each air carrier in the inspection and maintenance thereof by the air carrier. Whenever any inspector shall, in the performance of his duty, find that any aircraft, aircraft engine, propeller, or appliance, used or intended to be used by any air carrier in air transportation, is not in condition for safe operation, he shall so notify the carrier, in such form and manner as the Administrator may prescribe; and, for a period of five days thereafter, such aircraft, aircraft engine, propeller, or appliance shall not be used in air transportation, or in such manner as to endanger air transportation, unless found by the Administrator or his inspector to be in condition for safe operation.

## AIR NAVIGATION FACILITY RATING

SEC. 606. The Administrator is empowered to inspect, classify, and rate any air navigation facility available for the use of civil aircraft, as to its suitability for such use. The Administrator is empowered to issue a certificate for any such air navigation facility.

## AIR AGENCY RATING

SEC. 607. The Administrator is empowered to provide for the examination and rating of (1) civilian schools giving instruction in flying or in the repair, alteration, maintenance, and overhaul of aircraft, aircraft engines, propellers, and appliances, as to the adequacy of the course of instruction, the suitability and airworthiness of the equipment, and the competency of the instructors; (2) repair stations or shops for the repair, alteration, maintenance, and overhaul of aircraft, aircraft engines, propellers, or appliances, as to the adequacy and suitability of the equipment, facilities, and materials for, and methods of, repair, alteration, maintenance, and overhaul of aircraft, aircraft engines, propellers, and appliances, and the competency of those engaged in the work or giving any instruction therein; and (3) such other air agencies as may, in his opinion, be necessary in the interest of the public. The Administrator is empowered to issue certificates for such schools, repair stations, and other agencies.

## FORM OF APPLICATIONS

SEC. 608. Applications for certificates under this title shall be in such form, contain such information, and be filed and served in such manner as the Administrator may prescribe, and shall be under oath whenever the Administrator so requires.

## AMENDMENT, SUSPENSION, AND REVOCATION OF CERTIFICATES

SEC. 609. The Administrator may, from time to time, reinspect any civil aircraft, aircraft, engine, propeller, appliance, air navigation facility, or air agency, or may reexamine any civil airman. If, as a result of any such reinspection or reexamination, or if, as a result of any other investigation made by the Administrator, he determines that safety in air commerce or air transportation and the public interest requires, the Administrator may issue an order amending, modifying, suspending, or revoking, in whole or in part, any type certificate, production certificate, airworthiness certificate, airman certificate, air carrier operating certificate, air navigation facility certificate, or air agency certificate. Prior to amending, modifying, suspending, or revoking any of the foregoing certificates, the Administrator shall advise the holder thereof as to any charges or other reasons relied upon by the Administrator for his proposed action and, except in cases of emergency, shall provide the holder of such a certificate an opportunity to answer any charges and be heard as to why such certificate should not be amended, modified, suspended, or revoked. Any person whose certificate is affected by such an order of the Administrator under this section may appeal the Administrator's order to the Board and the Board may, after notice and hearing, amend, modify, or reverse the Administrator's order if it finds that safety in air commerce or air transportation and the public interest do not require affirmation of the Administrator's order. In the conduct of its hearings the Board shall not be bound by findings of fact of the Administrator. The filing of an appeal with the Board shall stay the effectiveness of the Administrator's order unless the Administrator advises

the Board that an emergency exists and safety in air commerce or air transportation requires the immediate effectiveness of his order, in which event the order shall remain effective and the Board shall finally dispose of the appeal within sixty days after being so advised by the Administrator. The person substantially affected by the Board's order may obtain judicial review of said order under the provisions of section 1006, and the Administrator shall be made a party to such proceedings.

#### PROCEDURE IN RESPECT OF CIVIL PENALTIES

(b) (1) Any civil penalty imposed under this Act may be collected by proceedings in personam against the person subject to the penalty and, in case the penalty is a lien, by proceedings in rem against the aircraft, or by either method alone. Such proceedings shall conform as nearly as may be to civil suits in admiralty, except that either party may demand trial by jury of any issue of fact, if the value in controversy exceeds \$20, and the facts so tried shall not be reexamined other than in accordance with the rules of the common law. The fact that in a libel in rem the seizure is made at a place not upon the high seas or navigable waters of the United States shall not be held in any way to limit the requirement of the conformity of the proceedings to civil suits in rem in admiralty.

(2) Any aircraft subject to such lien may be summarily seized by and placed in the custody of such persons as the Board or Administrator may by regulation prescribe, and a report of the cause shall thereupon be transmitted to the United States attorney for the judicial district in which the seizure is made. The United States attorney shall promptly institute proceedings for the enforcement of the lien or notify the Board or Administrator of his failure to so act.

(3) The aircraft shall be released from such custody upon payment of the penalty or the amount agreed upon in compromise; or seizure in pursuance of process of any court in proceedings in rem for enforcement of the lien, or notification by the United States attorney of

failure to institute such proceedings; or deposit of a bond in such amount and with such sureties as the Board or Administrator may prescribe, conditioned upon the payment of the penalty or the amount agreed upon in compromise.

(4) The Supreme Court of the United States, and under its direction other courts of the United States, may prescribe rules regulating such proceedings in any particular not provided by law.

#### VIOLATIONS OF SECTION 1109

Any person violating any customs regulation made under section 1109 (b) of this Act, or any provision of the customs or public-health laws or regulations thereunder made applicable to aircraft by regulation under such section shall be subject to a civil penalty of \$500, and any aircraft used in connection with any such violation shall be subject to seizure and forfeiture as provided for in such customs laws, which penalty and forfeiture may be remitted or mitigated by the Secretary of the Treasury. In case the violation is by the owner or person in command of the aircraft, the penalty shall be a lien against the aircraft. Any person violating any provision of the laws and regulations relating to animal and plant quarantine made applicable to civil air navigation by regulation in accordance with section 1109 (d) of this Act shall be subject to the same penalties as those provided by the said laws for violations thereof. Any civil penalty imposed under this section may be collected by proceedings in personam against the person subject to the penalty and/or in case the penalty is a lien, by proceedings in rem against the aircraft. Such proceedings shall conform as nearly as may be to civil suits in admiralty; except that either party may demand trial by jury of any issue of fact, if the value in controversy exceeds \$20, and facts so tried shall not be reexamined other than in accordance with the rules of the common law. The fact that in a libel in rem the seizure is made at a place not upon the high seas or navigable waters of the United States, shall not be held in any way to limit the requirement of the conformity of the proceedings to civil suits in rem in admiralty. The Supreme Court of the United States, and under its direction other courts of the United States, are authorized to prescribe rules regulating such proceedings in any particular not provided by law. The determination under this section as to the remission or mitigation of a civil penalty imposed under this section shall be final. In case libel proceedings are pending at any time during the pendency of remission or mitigation proceedings, the Secretary or Attorney General shall give notice thereof to the United States attorney prosecuting the libel proceedings.

(b) Any aircraft subject to a lien for any civil penalty imposed under this section may be summarily seized by and placed in the custody of such persons as the appropriate Secretary or Attorney General may by regulation prescribe and a report of the case thereupon transmitted to the United States attorney for the judicial district in which the seizure is made. The United States attorney shall promptly institute proceedings for the enforcement of the lien or notify the Secretary of his failure so to act. The aircraft shall be released from such custody upon (1) payment of the penalty or so much thereof as is not remitted or mitigated, (2) seizure in pursuance of process of any court in proceedings in rem for enforcement of the lien, or no-

tification by the United States attorney of failure to institute such proceedings, or (3) deposit of a bond in such amount and with such sureties as the Secretary or Attorney General may prescribe, conditioned upon the payment of the penalty or so much thereof as is not remitted or mitigated.

## TITLE X—PROCEDURE

### CONDUCT OF PROCEEDINGS

SEC. 1001. The Board and the Administrator, subject to the provisions of this Act and the Administrative Procedure Act, may conduct their proceedings in such manner as will be conducive to the proper dispatch of business and to the ends of justice. No member of the Board or Agency shall participate in any hearing or proceeding in which he has a pecuniary interest. Any person may appear before the Board or Agency and be heard in person or by attorney. The Board, in its discretion, may enter its appearance and participate as an interested party in any proceeding conducted by the Administrator under title III of this Act, and in any proceeding conducted by the Administrator under title VI of this Act from which no appeal is provided to the Board. Every vote and official act of the Board and the Agency shall be entered of record, and the proceedings thereof shall be open to the public upon request of any interested party, unless the Board or the Administrator determines that secrecy is requisite on grounds of national defense.

### COMPLAINTS TO AND INVESTIGATIONS BY THE ADMINISTRATOR AND THE BOARD

#### FILING OF COMPLAINTS AUTHORIZED

SEC. 1002. (a) Any person may file with the Administrator or the Board, as to matters within their respective jurisdictions, a complaint in writing with respect to anything done or omitted to be done by any person in contravention of any provisions of this Act, or of any requirement established pursuant thereto. If the person complained against shall not satisfy the complaint and there shall appear to be any reasonable ground for investigating the complaint, it shall be the duty of the Administrator or the Board to investigate the matters complained of. Whenever the Administrator or the Board is of the opinion that any complaint does not state facts which warrant an investigation or action, such complaint may be dismissed without hearing. In the case of complaints against a member of the Armed Forces of the United States acting in the performance of his official duties, the Administrator or the Board, as the case may be, shall refer the complaint to the Secretary of the department concerned for action. The Secretary shall, within ninety days after receiving such a complaint, inform the Administrator or the Board of his disposition of the complaint, including a report as to any corrective or disciplinary actions taken.

#### INVESTIGATIONS ON INITIATIVE OF ADMINISTRATOR OR BOARD

(b) The Administrator or Board, with respect to matters within their respective jurisdictions, is empowered at any time to institute an investigation, on their own initiative, in any case and as to any matter or thing within their respective jurisdictions, concerning which complaint is authorized to be made to or before the Administrator or Board by any provision of this Act, or concerning which any question may arise under any of the provisions of this Act, or relating to

the enforcement of any of the provisions of this Act. The Administrator or the Board shall have the same power to proceed with any investigation instituted on their own motion as though it had been appealed to by complaint.

#### ENTRY OF ORDERS FOR COMPLIANCE WITH ACT

(c) If the Administrator or the Board finds, after notice and hearing, in any investigation instituted upon complaint or upon their own initiative, with respect to matters within their jurisdiction, that any person has failed to comply with any provision of this Act or any requirement established pursuant thereto, the Administrator or the Board shall issue an appropriate order to compel such person to comply therewith.

#### POWER TO PRESCRIBE RATES AND PRACTICES OF AIR CARRIERS

(d) Whenever, after notice and hearing, upon complaint, or upon its own initiative, the Board shall be of the opinion that any individual or joint rate, fare, or charge demanded, charged, collected or received by any air carrier for interstate or overseas air transportation, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, is or will be unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, the Board shall determine and prescribe the lawful rate, fare, or charge (or the maximum or minimum, or the maximum and minimum thereof) thereafter to be demanded, charged, collected, or received, or the lawful classification, rule, regulation, or practice thereafter to be made effective: *Provided*, That as to rates, fares, and charges for overseas air transportation, the Board shall determine and prescribe only a just and reasonable maximum or minimum, or maximum and minimum rate, fare, or charge.

#### RULE OF RATE MAKING

(e) In exercising and performing its powers and duties with respect to the determination of rates for the carriage of persons or property, the Board shall take into consideration, among other factors—

- (1) The effect of such rates upon the movement of traffic;
- (2) The need in the public interest of adequate and efficient transportation of persons and property by air carriers at the lowest cost consistent with the furnishing of such service;
- (3) Such standards respecting the character and quality of service to be rendered by air carriers as may be prescribed by or pursuant to law;
- (4) The inherent advantages of transportation by aircraft; and
- (5) The need of each air carrier for revenue sufficient to enable such air carrier, under honest, economical, and efficient management, to provide adequate and efficient air carrier service.

#### REMOVAL OF DISCRIMINATION IN FOREIGN AIR TRANSPORTATION

(f) Whenever, after notice and hearing, upon complaint, or upon its own initiative, the Board shall be of the opinion that any individual or joint rate, fare, or charge demanded, charged, collected, or received by any air carrier or foreign air carrier for foreign air transportation, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, is or will be unjustly discriminatory, or unduly preferential, or unduly

prejudicial, the Board may alter the same to the extent necessary to correct such discrimination, preference, or prejudice and make an order that the air carrier or foreign air carrier shall discontinue demanding, charging, collecting, or receiving any such discriminatory, preferential, or prejudicial rate, fare, or charge or enforcing any such discriminatory, preferential, or prejudicial classification, rule, regulation, or practice.

#### SUSPENSION OF RATES

(g) Whenever any air carrier shall file with the Board a tariff stating a new individual or joint (between air carriers) rate, fare, or charge for interstate or overseas air transportation or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the Board is empowered, upon complaint or upon its own initiative, at once, and, if it so orders, without answer or other formal pleading by the air carrier, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, or charge, or such classification, rule, regulation, or practice; and pending such hearing and the decision thereon, the Board, by filing with such tariff, and delivering to the air carrier affected thereby, a statement in writing of its reasons for such suspension, may suspend the operation of such tariff and defer the use of such rate, fare, or charge, or such classification, rule, regulation, or practice, for a period of ninety days, and, if the proceeding has not been concluded and a final order made within such period, the Board may, from time to time, extend the period of suspension, but not for a longer period in the aggregate than one hundred and eighty days beyond the time when such tariff would otherwise go into effect; and, after hearing, whether completed before or after the rate, fare, charge, classification, rule, regulation, or practice goes into effect, the Board may make such order with reference thereto as would be proper in a proceeding instituted after such rate, fare, charge, classification, rule, regulation, or practice had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed rate, fare, charge, classification, rule, regulation, or practice shall go into effect at the end of such period: *Provided*, That this subsection shall not apply to any initial tariff filed by any air carrier.

#### POWER TO PRESCRIBE DIVISIONS OF RATES

(h) Whenever, after notice and hearing, upon complaint or upon its own initiative, the Board is of the opinion that the divisions of joint rates, fares, or charges for air transportation are or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the air carriers or foreign air carriers parties thereto, the Board shall prescribe the just, reasonable, and equitable divisions thereof to be received by the several air carriers. Any air carrier, and any common carrier subject to the Interstate Commerce Act, which is participating in such through service and joint rates, fares, or charges, shall include in its tariffs, filed with the Civil Aeronautics Board or the Interstate Commerce Commission, as the case may be, a statement showing such through service and joint rates, fares, or charges.

between the carriers parties thereto, it is authorized and directed to take the same action with respect thereto as the Board is empowered to take with respect to any joint rate, fare, or charge, between air carriers, or any divisions thereof, or any classification, rule, regulation, or practice affecting such joint rate, fare, or charge or the value of the service thereunder.

#### JUDICIAL ENFORCEMENT AND REVIEW

(e) Orders of the joint boards shall be enforceable and reviewable as provided in this Act with respect to orders of the Board.

##### DEPOSITION

(e) The Board may order testimony to be taken by deposition in any proceeding or investigation pending before it, at any stage of such proceeding or investigation. Such depositions may be taken before any person designated by the Board and having power to administer oaths. Reasonable notice must first be given in writing by the party or his attorney proposing to take such deposition to the opposite party or his attorney of record, which notice shall state

In the case of any aircraft which is insured under the provisions of this title, (1) the policy shall specify a stated amount to be paid in the event of total loss, and such stated amount shall not exceed an amount determined by the Secretary, after consultation with the Civil Aeronautics Board, to represent the fair and reasonable value of the aircraft, and (2) the amount of any claim which is compromised, settled, adjusted, or paid shall in no event exceed such stated amount.

#### FORMS, POLICIES, AMOUNTS INSURED, AND RATES

(b) The Secretary may prescribe and change forms and policies, and fix, adjust, and change the amounts insured and rates of premium provided for in this title: *Provided*, That with respect to policies in effect at the time any such change is made, such change shall apply only with the consent of the insured.

#### EMPLOYMENT OF AVIATION INSURANCE COMPANIES AND AGENTS

(d) The Secretary may, and whenever he finds it practical to do so shall, employ companies or groups of companies authorized to do an aviation insurance business in any State of the United States, to act as his underwriting agent. The Secretary may allow such companies or groups of companies fair and reasonable compensation for servicing insurance written by such companies or groups of companies as underwriting agent for the Secretary. The services of such underwriting agents may be utilized in the adjustment of claims under insurance provided by this title, but no claim shall be paid unless and until it has been approved by the Secretary. Such compensation may include an allowance for expenses reasonably incurred by such agent, but such allowance shall not include any payment by such agent on account of solicitation for or stimulation of insurance business.

SEC. 1310. Upon disagreement as to a loss insured under this title, suit may be maintained against the United States in the United States District Court for the District of Columbia or in the United States district court in and for the district in which the claimant or his agent resides, notwithstanding the amount of the claim and any provision of existing law as to the jurisdiction of United States district courts, and this remedy shall be exclusive of any other action by reason of the same subject matter against any agent or employee of the United States employed or retained under this title. If the claimant has no residence in the United States, suit may be brought in the United States District Court for the District of Columbia or in any other United States district court in which the Attorney General of the United States agrees to accept service. The procedure in such suits shall otherwise be the same as that provided for suits in the district courts by title 28, United States Code, section 1346 (a) (2), so far as applicable. In such actions any party, if not a resident of or found within the district, may be brought in by order of court served in such reasonable manner as the court directs.
