

Lands, disposition.  
78 Stat. 156.

SEC. 5. (a) Lands available for disposition on the Riverton unit, including property acquired pursuant to the Act of March 10, 1964, shall be sold at public or private sale at not less than appraised fair market value at the time of sale. The Secretary may dispose of such lands in tracts of any size, so long as no such disposition will result in a total ownership within the unit by any one owner in excess of the limitation prescribed in section 4 above.

(b) In the disposition of lands on the Riverton unit, resident landowners on the unit who have not obtained relief under the Act of March 10, 1964, as amended, shall have a prior right to purchase tracts in order to supplement their existing farms.

SEC. 6. (a) The provision of lands, facilities, and project modifications which furnish fish and wildlife benefits in connection with the Riverton extension unit shall be in accordance with the Federal Water Project Recreation Act (79 Stat. 213).

(b) The interest rate used for purposes of computing interest during construction and interest on the unpaid balance of the capital cost allocated to interest-bearing features of the project shall be determined by the Secretary of the Treasury as of the beginning of the fiscal year in which construction of said interest-bearing features is initiated, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations, which are neither due nor callable for redemption for fifteen years from date of issue.

SEC. 7. Appropriations heretofore or hereafter made for carrying on the functions of the Bureau of Reclamation shall be available for credits, expenses, charges, and cost provided by or incurred under this Act. The Secretary is authorized to make such rules and regulations as are necessary to carry out the provisions of this Act.

SEC. 8. There is hereby authorized to be appropriated for rehabilitation and betterment of the facilities of the first and second divisions of the Riverton unit, for completion of drainage works for said first and second divisions, and for fish and wildlife measures as authorized by this Act, the sum of \$12,116,000 (based on July 1969 prices), plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction cost indexes applicable to the types of construction involved herein. There are also authorized to be appropriated such additional sums as may be required for operation and maintenance of the Riverton unit.

Approved September 25, 1970.
