Conservation.

(a) **FINDINGS.**—The Congress finds that—

- (2) the Congress has made its own review and examination of National Forest System roadless area in Johnson, Carter, Sullivan, Unicoi, Washington, Greene, Cocks, and McMinn Counties, Tennessee, and of the environmental impacts associated with alternative allocations of such areas.

(b) **REVIEW AND RELEASE.**—On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the question of the legal and factual sufficiency of the RARE II final environmental statement (dated January 1979) with respect to the National Forest System lands other than in Johnson, Carter, Sullivan, Unicoi, Washington, Greene, Cocks, and McMinn Counties, Tennessee, such statement shall not be subject to judicial review with respect to National Forest lands in Johnson, Carter, Sullivan, Unicoi, Washington, Greene, Monroe, Polk, McMinn, and Cocks Counties, Tennessee;

(2) with respect to the National Forest System lands in Johnson, Carter, Sullivan, Unicoi, Washington, Greene, Cocks, and McMinn Counties, Tennessee, which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II) and those lands referred to in subsection (d), except those lands designated for wilderness study upon enactment of this Act, that review and evaluation or reference shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revisions of the plans, but shall review the wilderness option when the plans are revised, which revisions will ordinarily occur on a ten-year cycle, or at least every fifteen years, unless, prior to such time, the Secretary of Agriculture finds that conditions in a unit have significantly changed;

(3) areas in Johnson, Carter, Sullivan, Unicoi, Washington, Greene, Monroe, Polk, McMinn, and Cocks Counties, Tennessee,

16 USC 1604.

(4) in the event that revised land management plans in Johnson, Carter, Sullivan, Unicoi, Washington, Greene, Monroe, Polk, McMinn, and Cocke Counties, Tennessee, are implemented pursuant to section 6 of the Forest and Rangelands Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purpose of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law.

(c) REVISION.—As used in this section, and as provided in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, the term “revision” shall not include an “amendment” to a plan.
